NERVOUS DEBILITY

OUR NEW METHOD TREATMENT will cure you and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers heal up; the nerves become strong as steel, so that nervousness, bashfulness and despondency disappear; the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and mental systems are invigorated; all drains cease—no more vital waste from the system. You feel yourself a man and know marriage cannot be a failure. Don't let quacks and fakirs rob you of your hard earned dollars.

NO NAMES USED WITHOUT WRITTEN CONSENT

THREATENED WITH PARALYSIS

BEFORE TREATMENT

Peter E. Summers relates his experience: "I was troubled with Nervous Debility for many years. I lay it to indiscretion and excesses in youth. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me guessed my secret. Imaginative dreams at night weakened me—my back ached, had pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair gone, memory poor, etc. Numbness in the fingers set in and the doctor told me he feared paralysis. I took all kinds of medicines and tried many first-class physicians, wore an electric belt for three months, but received little benefit. I was induced to consult Drs. Kennedy & Kennedy, though I had lost all faith in doctors. Like a drowning man I commenced the New Method Treatment and it saved my life. The improvement was like magic—I could feel the vigor going through the nerves. I was cured mentally and physically. I have sent them many patients and continue to do so.

AFTER TREATMENT

CURES GUARANTEED OR NO PAY

We treat and cure VARICOSE VEINS, NERVOUS DEBILITY, BLOOD AND URINARY COMPLAINTS, KIDNEY AND BLADDER DISEASES and all Diseases peculiar to Men.

CONSULTATION FREE. BOOKS FREE. If unable to call write for a Question Blank for Home Treatment.

HORSE ROUTES.

The pure-bred Clydesdale stallion, "Golden Solway Chief," will make the season of 1911 as follows:—Monday, he will leave his own stable at Laurel and proceed to Jos. Trimble's, lot 22, 5th line, Amaranth, for noon, and then by way of the 7th line to John Prior's, Jessopville, for night; Tuesday, to John Laing's, lot 21, 10th line, Amaranth, for noon, and to William Potter's, lot 14, 8th line, for night; Wednesday, to Hugh Bryan's, lot 2, 6th line, Amaranth, for noon and to his own stable at Laurel for night; Thursday, to William Brown's, The Maples, for noon, and The Commercial Hotel stables, Orangeville, for night; Friday, to Jas. Hand's, Camilla, for noon, and to John Staveley's, Whittington, for night; Saturday to his own stable, where he will remain until the following Monday morning.

The standard bred Trotting Stallion, The Bison, will make the season of 1911 at the stables of his owner, Dr. W. H. Riddell, Mill St., Orangeville. The Bison is an extremely handsome horse, stands 15-2 hands, weighs 1050 lbs. and has a trotting record of 2.21¼. He is a half brother of Minor Heir, who holds a record of 1.58¼. The Bison is a royally bred horse, sound and free from vice and has proved himself a very superior sire. His colts are of a good size, tractable dispositions and are without exception good gaited. Owners of light mares should see The Bison before breeding.

The handsome imported Clydesdale stallion, "Durbar," the property of the Orangeville Horse Breeders Association, will make the season of 1911 as follows:—Monday afternoon from his own stable at David Armstrong's, lot 25, 1st line, east, Caledon, to George Baxter's, lot 9, 3rd line, east, for night; Tuesday to Henry Speers', lot 21, 3rd line, east, for noon, and Young's Hotel, Mono Mills, for night; Wednesday to Jas. Woodland's, 2nd line, east, Mono, for noon, and John Armstrong's, lot 7, 2nd line, Amaranth, for night; Thursday, the Commercial Hotel, Orangeville, for night; Friday, Samuel Corbett's, lot 26, 2nd line, west, Caledon, for noon, and The Globe Hotel, Erin, for night; Saturday, to Fred. Giles,' lot 15, 3rd line, west, Caledon, for noon, thence to his own stable, where he will remain until noon the following Monday. J. A. Morris, Manager.

"Prince Melbourne," a pure-bred Clydesdale stallion, owned by S. Barber and R. J. McCutcheon, of Mono Centre, will travel the following route this season:—Tuesday afternoon, he will leave his own stable, lot 21, 5th line, east, Mono, and proceed to S. G. Shaw's, lot 31, 2nd line, east, for night; Wednesday, to George Litt's, Elba, for noon, and James Hind's, Camilla, for night; Thursday, to Mono Centre for noon, and thence to his own stable for night; Friday afternoon, by way of 3rd line, to Thos. Moffitt's, Hockley Road, for night; Saturday, by way of the 6th line, to his own stable, where he will remain until the following Tuesday at noon. Ira Allen, Manager.

The purebred imported Clydesdale Stallion "Border Sentinel," Can Reg. 3641, Am. Reg. 16544, B. C. S. B. 10990, will make the season of 1911 as follows:—Tuesday, he will leave his own stable, lot 8, Centre Road, Mono, and proceed to J. A. Marshall's, lot 15, 1st line, east, for noon, and Wm. Lundy's, lot 20, 1st line, east, for night; Wednesday, to Camilla for noon, and Andrew Ewing's, lot 8, 2nd line, west, for night; Thursday, to S. Cruikshank's, lot 2, 2nd line, west, for noon, and "Tiny" Montgomery's, East Garafraxa, for night; Friday, to Allen Maxwell's, lot 25, 2nd line, west, Caledon, for noon, and S. Delaney's, lot 25, Centre Road, Caledon, for night; Saturday, to the Hotel Alexandra, for noon, and then to his own stable, where he will remain until the following Tuesday morning. John S. Graham, Owner and Manager.

The Canadian Bred Clydesdale Stallion, "Prince Charming," owned by W. J. Trathen, of Caledon, will make the following route this year:—Thursday, May 11th, he will leave his own stable at The Sutton House, Charleston, and proceed to Mr. Fred. Giles,' Cataract, for noon, and then to L. Willis's, Belfountain, for night; Friday, by way of John Gibson's, 2nd line, west, Caledon, to his own stable at The Sutton House, where he will remain until the following Thursday. Prince Charming is a well proportioned and compactly built horse, 8 years old, and weighs 1820 lbs. He has proved himself an excellent foal-getter, his colts being unusually strong and hardy. Wm. McCort, Manager.

The imported Clydesdale Stallion, "Better Times" will be kept for service this season at the stables of his owner, Mr. W. J. Trathen, lot 17, Centre Road, Caledon. Better Times was foaled on June 13th, 1901, bred by Arch. Brown, Balcraig, Fort William, Wigtonshire, Scotland, and imported in 1907. He is a handsome bay horse, heavily built and low set, with splendid neck and massive bone and muscle. He has excellent feet and superior action and when in condition will weigh over 2000 lbs. Farmers, who own heavy mares, should make it a point to see this fine horse before breeding. W. J. Trathen, Owner and Manager.

A pane of glass stops a draft of air, and a draught of Merrill's Wizard Lightning stops any pain inside or out in five minutes. Price 25c.

Sold and recommended by Thos. Stevenson, Druggist.

For Watches, Clocks Jewellery and Spectacle repairing go to E. C. DANIELS. He will do it neat and cheap. West Broadway, Orangeville.

WARM WEATHER ZONE IS MOVING NORTHWARD.

No More Danger of Summer Frosts in Few Years Declare Climatological Experts—Reciprocity in Weather Despite Politicians—Census Enumerators Have Troubles Tagging Holiday Absentees—No Bread Trust if Housewives Say So.

(From Our Own Correspondent.)

Montreal, June 26th, 1911. — That summer frosts, the bane of the farmer and orchardist, would soon become a thing of the past if the trees of the Dominion continue to disappear as rapidly as they have of late, and that Canada in not many years from now will be as renowned for her semi-tropical products as she is today for her timber, are two rather startling and interesting announcements made by climatological experts who have been comparing notes on the weather during the annual convention of the American Climatological Association held here.

This does not mean that the juicy "fameuse" apple, known to all as being just about the most succulent edible the Province of Quebec produces, will be supplanted by Jamaican yams, nor that Montreal melons will be superseded in their glory by Florida oranges, but it does mean that there is a change coming over Canada's climate. One of the reasons given is that the thinning out of our forests makes the air less stagnant, that the snow melts more rapidly and that the thermometer rises earlier than in the old days when piles of snow might have been seen in the woods while the fields were bare and dry. On the other hand, it was pointed out, deforestation tends to drought, as the snow then all melts quickly causing a flood with no reserve of moisture.

The fact that there is a climatic reciprocity between Canada and the United States, by virtue of which the latter export their heat waves to us, Canada providing them with cold feet in winter in return, was also alluded to despite the fact that the organization is non-political, and there was nobody present to urge legislation for or against the exchange. Dr. A. D. Blackader, of Montreal, was elected president of the Association, the first Canadian to receive such an honor. The organization is composed mostly of Government weather prophets and soothsayers stationed in all parts of the continent, the gentlemen from whom the newspapers receive the forecasts of the days' doings amongst the stars.

If a man has gone swimming is he still food for the census man? Many people in Montreal have already started off on their summer vacation, their houses are closed and there is no way of the census enumerator obtaining the information he requires. But that does not matter. If a man is wandering where the surf beats or whipping a stream for trout, or even attending the Coronation he is still a Canadian, and his head is to be counted with his less lucky stay-at-home neighbor. How to count them? That is the question. Census enumerators here have written for instructions. If they cannot find out from the neighbors a special report is to be made out and an attempt made to tag the delinquent when he returns. Most of the enumerators report swift progress with their work, although one poor fellow had the misfortune to be taken for a rent collector. A tumble down a long pair of tenement stairs and a bucket of water on hisprostrate form as he lay on the sidewalk was all the answer he received to his list of questions.

The proposed bread merger has bumped up against good live opposition in these parts. It comes direct from Mother and when Mother votes along the cooking and eating lines usually carries. Mother says that if there is any bread trust in Montreal she'll just turn to and bake a batch or so of those homemade ones we have all heard so much about. A meeting of housewives has been called to draw up a strongly worded resolution against any proposition which would tend to corner the staff of life.

But there is not much danger of a bread merger enhancing the price of the product. The housewife cannot make sugar, or kerosene oil, or a number of other things that make for "sweetness and light" in the home, but she can make bread, or at least can learn the art, for an art it certainly is, and it would not be an unmixed evil should more of our young women be induced, even by the processes of commercial overreaching, to cultivate it. Two young college women in a neighboring city years ago started in the business, having first acquired an expert knowledge of it. They charged twice the prices of the regular baker's loaves, and got it. What would they care about a baking trust so long as there was no "gentlemen's agreement with the flour kings? As long as we can have homemade bread there will be nothing more than the nightmare of the bread combine.

The phrase "Let George do it" is likely to be succeeded in this city at least by the phrase, "Let Mary do it," since as a result of the approaching coronation Mary has proven herself much the more capable of the two at a ratio of about five thousand to one. Movements have been under way both abroad and in this country to secure contributions from all women named Mary to purchase a gift for the queen and from all men named George to buy something for the king. As a result Queen Mary has been presented with a check for $62,500, as a result of the industrious efforts of her legion of namesakes. Part of this will be used by her in the purchase of gems and part will be devoted to charity. But to the shame of the local Georges must be told the fact that contributions from them in this city so far amount to only thirteen dollars, coming from ten contributors. Just why the Georges have made such a poor showing is a mystery, some authorities holding that in view of the present equal suffrage movement it is up to Mary to do things. The fund of $13 will however be duly forwarded, though there is considerable doubt as to what sort of a coronation present will be purchased with it. One of the local Georges has suggested a special $13 coronation cigar as the most appropriate gift. The thousands of Georges who did not contribute will be happy if the incident results in retiring the current slang phrase associated with their name.

CRIPPLE FROM RHEUMATISM

NOW IN PERFECT HEALTH THANKS TO "FRUIT-A-TIVES"

VANCOUVER, B.C., Feb. 1st, 1910.

"I am well acquainted with a man, known to thousands in Vancouver, Victoria and New Westminster, who for nearly a year was practically a cripple from Rheumatism. He was so troubled with the disease that he found it difficult to even turn over in bed. His heart appeared so weak that he could hardly walk up stairs.

Last June, he received a sample of "Fruit-a-tives". He used them and dates his recovery from that time. To-day, there is no man in Vancouver enjoying better health.

He was building a house this fall and shingled a good part of the roof in a driving rain, without suffering any bad effects". JOHN B. LACY.

Mr. E. E. Mills, (assistant postmaster at Knowlton, Que.,) also writes:

"I honestly believe that "Fruit-a-tives" is the greatest Rheumatism cure in the world". Try it yourself.

50c. a box, 6 for $2.50, trial size, 25c. At dealers, or from Fruit-a-tives Limited, Ottawa.

Cod Liver Oil With the Oil Taken Out.

A Triumph for Chemical Science and Pharmaceutical Skill

Oil from the liver of the cod-fish has been used as a preventative of disease and a restorative for ages.

For a long time it has been the general opinion that the medicinal value of Cod Liver Oil was the greasy, oily part itself—its only drawback being the unpalatable fishy taste of the oil.

From the first experts have been trying to find means to make it more palatable. They used to "cut" it with whiskey—take it in wine—flavor it with lemon juice—anything to get away from that abominable fishy taste and smell.

Lots of people still take it in Emulsion form, which is nothing more than "churned" oil—broken up—but still greasy, oily and a strain on the digestion.

Doctors used to think it was the oil itself that built up the system—they were slow to find out that the oil was a distinct drawback to the medicinal principles contained in it.

Crude oil is quite indigestible, and will, in time, put the strongest stomach out of order.

A way has now been discovered to do away with the grease and the smell, and yet retain all the medicinal properties of the liver. This is done by removing the fresh oil from the new livers. The liver pulp is then reduced to the form of an extract like beef extract.

Nyal's Cod Liver Compound is simply this liver extract combined with an extract of malt and healing wild cherry. It also contains the true hypophosphites.

This combination makes Nyal's Cod Liver Compound a delicious tonic—builds up the system, and makes you strong.

Take it when you feel yourself losing your grip. It's a pleasure to take—even the children like it.

Get a bottle to-day and ward off disease. $1.00 for a large bottle. Your druggist will cheerfully recommend it because he knows all about it.

Sold and guaranteed by Dr. A. J. Hunter & Co., A. T. Howard, Orangeville.

Nyal's FAMILY REMEDIES
One for each everyday ailment

CORDED A CROCODILE.

Turning a Greedy Water Devil Into a Trussed Up Mummy.

It is known that a crocodile will sometimes leave a river stocked with food, explore for miles an unsuitable tributary, then wander inland until it finds a pool.

In this way three crocodiles once found their way to Talping lake, in the Malay peninsula. So long as they confined their attention to the fish and an occasional duck no one objected to their presence, but when one of them began to take sheep off the bank as they came down to drink it was felt that the saurians ought to be exterminated, and an Englishman and his servant made the attempt.

Obtaining a dugout, they paddled into deep water. The servant was already barefoot, and the Englishman himself took off shoes and stockings, so that his bare feet might have as good a hold as possible on the smooth bottom of the canoe. A bait was attached to a heavy rattan, and soon a tug and a plunge indicated that the crocodile was fast to one end. Immediately the canoe began to move through the water. After a protracted struggle the Englishman managed to get the crocodile within a few yards of the canoe. At one moment the open jaws would surge out of the broken water and snap together in unpleasant proximity to the man's legs; the next moment the heavy tail would swing free of the water and with the weight of a falling pole would hit the side of the canoe a blow that made it shiver.

As the crocodile surged close to the canoe and the open mouth appeared above the water the servant slipped a noose of stout cord over the upper jaw and pulled it tight some six inches behind the point of its nostrils. Then, with a quick turn of his wrist, he slipped the slack of the cord round under the lower jaw. He drew the cord tight, and the teeth of each jaw pressed home into the sockets of the other. The servant now grasped the point of the long, narrow head with one hand and with the other rapidly wound the cord round the clinched mouth.

Another noose was slipped over a fore leg. It pulled the leg up to the animal's side. The servant slipped the line over the creature's back and caught up the other fore leg. Then he noosed and tied together the hind legs.

The effect he had achieved was wonderful. In a few minutes he had transformed a ravening water devil into a trussed up mummy, and his only weapon had been three pieces of box cord.

The beast was afterward dispatched, and the servant received the government reward.—Harper's Weekly.

EYE OF THE CAMERA.

Washed Out Blood Stains Cannot Escape the Ultra Violet Rays.

Even before it had been adapted exclusively, by means of special lens construction and combination, to the reception of the invisible ultra violet rays, the camera eye, owing to its peculiar sensitiveness to this light, has played a strikingly dramatic role on various occasions. One of these occurred a few years ago in Lausanne, Switzerland.

It appears that a handkerchief formed an exhibit at a murder trial and was regarded as a crucial bit of evidence. The closest inspection failed to reveal a stain on the immaculately white cloth even with the aid of a powerful microscope. But it occurred to a professor of Lausanne university to photograph the handkerchief, when the image obtained clearly disclosed the presence of great splotches, or, rather, of what had been such, showing ghostlike in the carefully washed fabric. The photograph proved the turning point of the trial, and the result was conviction.

Blood, as was scientifically explained at the time, happens to be one of the substances that absorb ultra violet rays, and when any of these substances have found their way to a receptive surface no amount of erasing or cleansing can hide its presence from the camera eye. When the latter is equipped to utilize only this invisible light the result is much more marked. Should the neatest erasure be made in writing done with substances specially absorbent of the rays the ultra violet photograph would show the traces of the erasure as plainly as the writing itself.—New York Tribune.

BAD COLD IN THE CHEST

"I am happy to tell you that I used Dr. Chase's Syrup of Linseed and Turpentine, and was promptly cured of a very bad cold in the chest," writes Miss Josephine Gauthier, Dover South, Ont. You can depend on Dr. Chase's Syrup of Linseed and Turpentine to relieve and cure all inflammations and irritations of the throat and bronchial tubes.

Mr. Peter Ferguson, Sr., of Ballinafad, met with a serious accident last Tuesday, June 20th, while doing his statute labor. The gravel pit caved in on him and bruised his leg so that he will probably have little use of it for some time.

Two Great Things In One.

In Merrill's Syrian Tonic one finds a strong tonic, and also a powerful blood purifier. Pleased to take because in tablet form. It is this feature that makes it a never failing cure for Chronic Catarrh, Chronic Rheumatism, Impure blood and general weakness. If you are discouraged with medicine, don't give up. There's health and strength in Merrill's System Tonic for you. Price 50c per box, 6 boxes $2.50. At all Druggists or direct by mail from The Merrill Medical Co., Merrill Building, Toronto.

Sold and recommended by Thos. Stevenson, Druggist.

Follows Instructions.

The father of a small family tells us this one:

"My wife instructed our little boy when he was invited out to lunch the other day that when he was asked to have a second helping of cake he should refuse. 'You must say, "No, I thank you, I've had enough," said she. 'And don't you forget it.'

"He didn't. When asked if he'd have some more cake he said, 'No, I thank you, I've had enough, and don't you forget it!'"—Toledo Blade.

Men Are So Uncertain.

"Why did you jilt that man who wanted to marry you?"

"Because," replied the prima donna, "I couldn't decide whether he was in love with me or merely wanted to hear me sing for nothing."—Exchange.

He Got It.

Teacher—Willie, give me a sentence in which the term hook and eye is used. Willie—Me an' pa went fishin'. Pa told me t' bait me hook an' I did.—Baltimore American.

A Fine Voice.

Smith—Your wife has a fine voice. Jones—Yes, one of the best in the world; otherwise it would have been worn out several years ago.

THE FIRST ORANGE LODGE.

Oldest Lodge In Ontario Was Organized in Brockville in 1830.

Banner Readers will find the following brief history of the founding of the Orange Order in Ontario interesting reading:—

Two men, Arthur McClean and Ogle R. Gowan, both living in Brockville, and both very great friends and enthusiastic Orangemen and warm-hearted Irishmen, were undoubtedly the founders of the noble Order in Canada. About the year 1829 application was made to the Grand Lodge in Ireland for an Imperial warrant to organize a Grand Lodge in what was then known as British North America. Some say that Arthur McClean applied for and procured this Imperial warrant, while others say that Ogle R. Gowan went home to Ireland and brought it to Canada with him, being clothed with all the necessary powers. Be that as it may, the first Grand Lodge was opened in the old Court House in Brockville with great ceremony on Jan. 1, 1830, as will fully appear from the following resolution taken from the minute book of L. O. L. No. 1, passed at a meeting of the lodge held at Brockville, on Oct. 18, 1852, with Ogle R. Gowan in the chair, and which reads, "It was unanimously resolved to reorganize the Loyal Orange Lodge, No. 1, which was opened in this town on the first day of January, 1830, and that Brother Ogle R. Gowan be requested to forward the warrant for said lodge, in his possession, to his son, Harcourt, for the purpose of carrying this resolution into effect."

Shortly after came the troublous time of Papineau and the rebellion of 1837 drew near. The brethren in Upper Canada deemed it a most opportune time to band themselves as loyal Orangemen under the British flag for the protection of their blood-bought liberties, their homes and families, and having announced themselves to the world, stand ever ready to serve should a call be made and occasion require it, and history proves that they did serve their country in times of need.

Accordingly they gathered at the old Court House at Brockville on the 1st of January, 1830, where, with unique ceremony, "in due and ancient form," the first Grand Orange Lodge in Canada was organized and founded, of which Grand Institution the late Worshipful Bro. Ogle R. Gowan was elected the first Deputy Grand Master of British North America. Promptly the brethren present made application for warrants to institute primary lodges in their different sections.

The first primary lodge warrant was granted to No. 1, about August 13, 1830.

The following were the first officers and members:—Bros. Arthur McClean W.M.; John Gilmour, D.M.; Henry Bennett, Treasurer; Thos. Rory Tompkins, Secretary; Phillips Mussen, 1st Committeeman; William Woods, 2nd Committeeman; John Price, 3rd Committeeman; George Upton, 4th Committeeman; Gibson Gilmour, 5th Committeeman.

Members—Bros. Wm. Boon, Henry Thurston, Walter Ryan, John Taylor, James Pepper, Dr. Robert Edmondson, Anthony Thackaberry, Wm. Wier, William Goss, Henry Orr, William Davis, Jacob Smith, and E. H. Whitmarsh.

The warrant for L. O. L. No. 2, having been granted, it was convened on July 4, 1831, by the following officers and members:—Bros. Arthur McClean, W. M.; Henry Bennett, Treas.; Thos. Rory Tompkins, Sec.; John Price, Wm. Boon, Henry Thornhill, Gibson Gilmour and properly instituted by these brethren.

The first celebration of No. 1 was held by the brethren on July 12th, 1831, and the minutes say that "no business transacted, but met numerously and celebrated the day."

The brethren from the commencement were scrupulously careful and particular in their dress and personal appearance upon parade at each annual celebration of the Battle of the Boyne. By a motion of the members of No. 1, held on July 1, 1853, it was resolved that every brother should appear in the procession on the coming 12th of July dressed in "white pantaloons, black coat, black hat, and white gloves, each one having, of course, his regalia."

Rev. J. E. Montgomery has been appointed to take charge of the mission field at Utterson, Ont., in the Muskoka District.

AFTER DOCTORS FAILED

Lydia E. Pinkham's Vegetable Compound Cured Her.

Midgie Station, N. B.—One can hardly believe this as it is not natural, but it was my case. For ten months I suffered from suppression. I had different doctors, tried different medicines, but none helped me. My friends told me I would go into a decline. One day a lady friend told me what your medicine had done for her, so I wrote you for advice and received your reply with pleasure.

I started taking Lydia E. Pinkham's Vegetable Compound, and at the second bottle showed improvement. Now I am regular and never was so well in my life, thanks to Mrs. Pinkham's medicine.

Please publish my letter for the benefit of others.—MRS. JOSIAH W. HICKS, Midgie Station, N. B.

Indian Head, Sask.—Lydia E. Pinkham's Vegetable Compound is indeed a boon to women who suffer from female ills. My health is better now than it has been in my five years of married life and I thank you for the good your advice and medicine have done me. I had spent hundreds of dollars on doctors without receiving any benefit.—MRS. FRANK COOPER, Box 448, Indian Head, Saskatchewan.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound.

You cannot expect good work from a furnace unless it is properly installed.

You cannot buy a Furnace like you do a Stove—send it home and have the "Handy-Man" put it up—not if you expect to get all the heat out of your coal.

¶ Your heating system must be planned. The registers must be properly placed. The warm and cold air ducts must be a certain diameter. The furnace must be located in just the right spot—and it must be just the right size. ¶ We supply plans to you absolutely free and you do not need to buy a furnace to get them either.

¶ If you have a heating problem to solve—new building or old—send us a rough diagram of your building, showing the location of doors and windows. ¶ We will prepare for you complete plans and specifications for heating that building, give you an estimate of the cost of the heating system, and also the advice of our experts on every detail.

"Hecla" Furnace

The plan is essential, but it is also essential to have a furnace that will give you ample heat—one that will supply pure, fresh air without a taint of gas, and, for the lady of the house, heat that will be free from dust and smoke.

The "Hecla" is such a furnace.

GET THIS BOOKLET.

"Comfort & Health" tells how you can get heat without gas. It tells how to get the same heat from six tons of coal as you ever got from seven. Write for it to-day. And at the same time ask for any information you may require regarding the heating of your home. 147

FALLIS BURNEY DROWNED WHILE IN BATHING.

Fallis Burney, a young man 25 years old, in the employ of Welch & Son, Toronto, was drowned Sunday morning while in bathing at Port Sidney, Muskoka.

He had been spending the holiday at the summer residence of George Alexander, 1 Manning avenue, Toronto, and had gone up to Muskoka on Saturday with Miss Lillian Alexander, Mr. Alexander's daughter.

Mr. Burney had jumped into a canoe after bathing. Suddenly he was affected by a sunstroke, and fell out of the canoe. He made one or two ineffectual attempts to reach shore and then sank. It was an hour later before his body was recovered. The party on the shore had been unable to render assistance.

Mr. Burney was the son of Geo. Burney, Caledon East. He boarded at 171 Montrose avenue. His body was sent to Caledon East, where the funeral took place on Wednesday.

MONTREALERS FACE BATHING PROBLEM.

Water Famine and Proposal to Instal Meters Starts Discussion of Usefulness of the Daily Dip — Plumbers Reap Rich Harvest as Result of Orders to Stop Leaks — Sir Thomas Shaughnessey Kills Good Story — Taxation Would Strangle Trade Declares President of Harbor Board.

(From Our Own Correspondent.)

Montreal, June 30th.—To bathe, or not to bathe, promises to become an important municipal question in this city as a result of the threatened water shortage and the proposal to instal meters in all Montreal buildings and to impose a tax for all water consumed above a certain fixed amount. Mayor Guerin who has a supply of original opinions on all questions that arise to vex the popular mind, has gone on record against the proposal to measure the water supply. His view is that the thought of the water meter busily clicking off each gallon consumed would cause the heads of families to become peevish whenever their wives or children took a bath. Apparently His Honor holds to the opinion that the daily bath is a habit confined chiefly to the feminine and juvenile elements of the population. On the other hand a distinguished editor has made the assertion that one bath a week should be sufficient to satisfy the most fastidious, and medical authorities have arisen to point out that excessive bathing is injurious to the body because it removes the protective covering of the skin and gives readier access to the dangerous microbes that are blown about with the dust of city streets. In support of this position statistics are adduced to show that cases of extreme longevity are almost invariably found among non-bathers. Meanwhile with a daily consumption of water far greater in proportion to its population than that of any other city in the world the ordinary citizen is wondering whether civic patriotism compels him to forego his desire for cleanliness. One prolific cause of waste is being ended by orders requiring the repair of all plumbing leaks and the plumbers' wives are planning lavish summer vacations in consequence. The question is not so pressing as it might be otherwise in view of the fact that the severe rainstorms which have surprised the metropolis on twelve of the past fourteen days have given most of its inhabitants involuntary and unwelcome baths.

What looked like the ushering in of the Golden Age was contained in an announcement from Winnipeg regarding a practical scheme of co-operation which is said to have been entered into between the Canadian Northern and the Canadian Pacific Railways.

It was stated that the Canadian Northern, instead of building a single track railway on a route of its own through the wilds of Northern Ontario between Sudbury and Port Arthur — to link up its western lines with the eastern ones, and make the Company a transcontinental system—would build a single track all the way alongside the present single track of the Canadian Pacific through the rocky country on the north shore of Lake Superior.

This, it was pointed out, would make with the C.P.R. a double track railway, and both tracks, it was added, would then be used jointly by the two companies. The announcement of such a practical demonstration of brotherly love and mutual helpfulness between the two railways was very skeptically received by local railway officials, and Sir Thos. Shaughnessey, when questioned on the subject, promptly gave denial to the supposed project. "No such arrangement is contemplated," he said.

"Montreal should hesitate before attempting to strangle the commerce of our port by such a backward step," declared Major G. W. Stephens, president of the Harbor Commission, talking about the city's proposal to impose taxes of $200,000 a year on harbor property.

Major Stephens, who has just returned from Europe, declares that if this civic tax is imposed it will necessitate the re-imposition of tonnage dues on all vessels, the raising of wharfages to more than double their present level, and an increase in rentals charged for spaces and privileges on the water front.

This, he says, would destroy Montreal's competitive position and would drive our trade to New York, Portland and Boston. Major Stephens declares that Montreal will first of all have to show what right it has to tax property, which the Commissioners held to be Federal property.

The Major has just returned from Europe where he has been negotiating with Lloyd's for better insurance rates for vessels on the St. Lawrence route.

A reader of Dr. Johnston has stumbled on this bit of wisdom, which he thinks applicable to the suffrage question: "Nature has given women so much power that the law very wisely gives them little."

This is interesting and timely now as it has just been learned that suffrage societies throughout Canada are preparing a reorganization scheme with a view to perfecting and strengthening their several clubs and starting a hot campaign for women's votes next winter.

HARRISON—STEPHENSON.

A pretty event took place at the home of Mr. and Mrs. Thos. Stephenson, of Coleridge, Amaranth township, on Tuesday, June 27th, when their daughter, Lottie Christina, was united in marriage to Frederick Mark Harrison. The ceremony was performed by the Rev. W. A. Potter, B.A., pastor of the Shelburne Methodist church. The groom is a son of Richard Harrison of the 2nd line, Melanethon. The bride, who is highly thought of by her friends, received a number of valuable presents. The young couple will take up their residence in Toronto.

DOHERTY—KERR.

The beautiful home of Mr. and Mrs. David R. Kerr, Rosewood Farm, Milverton, Ont., was the scene of a very pretty event on Wednesday, June 21st, 1911, it being the marriage of their second daughter, Margaret A., to Mr. J. A. Livingston Doherty, of Alton, Ontario.

Precisely at 12 o'clock noon to the strains of Mendelssohn's wedding march played by Miss Eileen Scott, of Seaforth, the bride entered the parlor, leaning on the arm of her father, and took her place under an arch of maiden hair fern, studded with roses, where the groom awaited her. The nuptial knot was tied by Rev. T. J. Robinson, M.A., of Milverton.

After the ceremony the guests, who numbered about sixty, proceeded to the dining-room, which was decorated in white and pink for the occasion, where a dainty wedding dinner was served.

The bride looked charming in an ivory colored liberty satin dress, trimmed with Irish point lace and pearls, wearing the customary bridal veil, which was hand-embroidered in true lovers' knots and horse shoes, caught up with a corral of orange blossoms, and carrying an immense bouquet of white carnations and lily-of-the-valley.

Miss Maybel, sister of the bride, and Miss Jean Doherty, sister of the groom, made two very pretty ribbon girls, which formed the isle of the bridal party. Little Barbara Suitter, of Millbank, dressed in cream silk, made a very pretty flower girl carrying the ring in a basket of white and pink roses.

The bride's going-away dress was of natural colored pongee silk, with long silk coat and hat to match.

The presents were numerous and costly, among them being a cheque from the groom to the bride, an engraved locket and chain to the flower girl and to Miss Scott a fleur de lois pearl stick pin.

Guests were present from Toronto, Stratford, Rochester, Haileybury, Listowel, Baden, Seaforth, Clinton, Monkton, Millbank and Milverton.

The bridal party left by auto to Stratford, thence by train to Toronto, Buffalo, Rochester and New York. On their return they will reside in Alton, Ont.—Milverton Sun.

BLISTERS AND SUNBURN? TRY ZAM-BUK.

Blisters from canoeing, ball-playing, or any other cause, painful sunburn patches, stings of insects, and chafed places, are all eased instantly by Zam-Buk. Don't have your vacation spoiled by pain from any sore, which Zam-Buk could cure in quick time!

This wonderful balm is made from herbal juices and is highly antiseptic. Poison from insect sting, barbed wire scratch, or thorn prick, is immediately rendered harmless as soon as Zam-Buk touches it. Zam-Buk is so pure, too, that the most delicate skin is able to absorb it, and is benefited by it. Mothers with young babies should use it for chafing sores, etc. Also cures piles, ulcers, and festering sores. All druggists and stores sell at 50c. box. Use also Zam-Buk Soap! 25c. tablet.

Don't Forget Gillespie, Rogers & Co's. special 10 Day Sale.

MONO MILLS.

Mr. and Mrs. Black of Warkworth, who have been visiting the former's father, Rev. J. A. Black, returned home on Tuesday.

Mrs. Perry of Lloydtown, spent Dominion Day at the rectory.

Miss Harper of Farewell, Ont., is visiting her sister, Mrs. Rev. R. J. W. Perry.

Bishop Reeve, of Toronto, conducted Confirmation Services in the English Church, Sunday night.

Miss Margaret Dunn and friend of Owen Sound, who have been spending a month with friends here returned home on Monday.

Mrs. Wm. Snell of Toronto, Mr. and Mrs. Luman of Hamilton and Miss Duke of Vancouver are guests at the home of Mr. and Mrs. Wilson Duke.

Mrs. Hill of Durham is visiting her daughter, Mrs. Speers.

The annual meeting of the Upper Canada Bible Society will be held in the Methodist Church here on Friday evening, July 21st. Mr. Ford of Toronto, will give an illustrated address.

The ladies of Mono Mills Methodist Church are making arrangements for a Garden Party to be held on the grounds of Mr. Peter Rowan on August 9th. Full particulars later.

DOMINION DAY.

Large Crowd Witnessed Sports on Idylwyld Park.

Markdale Defeated Orangeville at Lacrosse by One-Sided Score of 15-3.

The Dominion Day celebration held on Idylwyld Park on Saturday under the auspices of the Dufferin Lacrosse Club attracted quite a large gathering of holiday makers. The disruption of the Citizens' Band disarranged the programme rather badly, making it necessary to abandon the proposed morning parade. The chief afternoon attractions were the baseball match between Shelburne and Orangeville, and the O. L. A. championship lacrosse game between Markdale and Orangeville teams.

The baseball match was very evenly contested, the teams alternating in the lead throughout the game. When the game was called at the end of the seventh innings, the score stood a tie, each team having seven runs. Sloane pitched gilt-edged ball for the visitors and it kept the local batters busy trying to solve his offerings. McGhee caught well but was very slow throwing to bases. McBride, the Orangeville catcher, had the same failing, but otherwise performed well. Lester Green was in the box for the locals and despite lack of practice pitched a masterly game. The line-up was :—

Shelburne—Cameron, 1b; Richardson, cf; McGhee, c; Gallaugher, 3b; Keyes, lf; Sloane, p; Backus, 2b; Marshall, ss; Carefoot, rf.

Orangeville—Green, p; Hayes, 3b; Warren, 1b; Scott, ss; McBride, c; Gulley, 2b; Dawson, rf; J. Green, cf; W. Holmes, lf.

Dr. Norman Wright made a capable umpire.

Markdale put it all over the local intermediates in the lacrosse match, winning by the one-sided score of 15 to 3. The red-shirted visitors were in fine condition and the way they romped about the field in the broiling heat showed that they had been doing faithful practice. Most of the Orangeville players showed lack of condition. Some of them, indeed, went into the game without any practice at all. They were alright for the first quarter, but after that they slowed up visibly. Most of the home players were also young and lacked the experience and headiness of their opponents. The game was marked by some unnecessary roughness. Warren was badly cut across the chin and had to be driven up town, where several stitches were put in the wound. He returned to the field and insisted upon going on the field again. He put up a plucky game, but an unfortunate tendency to attempt to get back at the Markdale men brought him a couple of heavy penalties. Notwithstanding the one-sided score the game was interesting from the spectators' standpoint. The locals had the ball quite as much as their opponents, but their home was altogether too light for the strong, hard-checking Markdale defence. Kilpatrick started off brilliantly, but a hard check early in the first quarter put a knee that has been troubling him to the bad again and interfered seriously with his effectiveness for the remainder of the game. Wright and Holmes did a lot of useful fielding, but were weak on passing. Smith also played a strong game, but was closely watched. Dr. Campbell and Will Kearns, two oldtime senior players, were on the defence end and did good service, although plainly in no condition to stand a hard game. Jack Harmon had a busy afternoon and handled all kinds of difficult shots. Most of the scoring was done from close in, when he hadn't a chance. The other men worked like beavers, but the locals were up against a stronger and better-conditioned team and there could only be the one result. The players were :—

Markdale—Goal, J. H. G. Wallace; point, J. G. Kelly; coverpoint, W. D. Burnside; defence, W. Mercer, R. S. Cummings, J. J. Kelly; centre, Russell Hare; home, S. Alton, W. E. Kelly, Joe. Cavell; outside home, Wm. Hill; inside home, R. C. Mercer. Field Captain, Dr. L. G. Campbell.

Orangeville—Goal, Jack Harmon; point, W. Kearns; coverpoint, Dr. G. H. Campbell; defence, E. A. Warren, F. S. Pickering; Elmer Gallaugher; centre, W. Holmes; home field, Fred. Wright, C. Jeffers, A. A. Smith; outside home, H. Kilpatrick; inside home, H. Keith.

Arthur Skelton, of Shelburne, gave general satisfaction as referee.

MULMUR.

Hot sun and want of rain makes the crops look blue.

Miss McDowell, our school teacher has sent four pupils up for Entrance. We wish them every success.

Our flags were all hoisted on Coronation Day and everybody enjoyed the holiday.

On Wednesday evening when word reached our Burg of Mr. John Best's victory at the Conservative Convention in Shelburne, every person was pleased to see him returned with such a large majority. He seems to be very popular around here.

Garden Parties and Lawn Socials seem to be the order of the day.

Rev. Mr. Blodgette will preach to the Orangemen in St. Luke's church at 11 a. m. Sunday. Rev. Mr. Partridge preaches to the Orangemen in Thompson's church at 11 a. m. Everybody welcome.

Mr. Wilfrid and Miss Gertie Peacock are home for their holidays.

On looking over the items from around here last week, the thought struck me that Dr. Frederick Cook, the discoverer of the North Pole, had been around here writing some items judging from the way they were written.

Dr. Blair seems to be more than busy these days on account of the heat.

Dr. Warren and Mrs. McNabb and little son, of Detroit, are visiting at his parents, Mr. and Mrs. J. P. McNabb.

See Gillespie, Rogers & Co's special colored Hose for Ladies and Children at 2 for 25c.

"Yes, this tea is nice, Amy. But I pay five whole "cents a pound less!"

"No, honey! You only think you do. Just order some Red Rose and notice how much further it goes!"

RED ROSE TEA is good tea

NEVER SOLD IN BULK

SOLDIERS IN CAMP.

Orangeville's soldiers returned from their annual camp on Friday night, looking brown as berries and happy. All report having a good time but a few complaints about the food, the meals were not cooked as daintily as they might have been. However all are in good health. The 36th Regiment was not up to its strength numerically, two or three of the companies being short in numbers. Dufferin companies, however, were strong and proficient, Orangeville's parade showing 39 of all ranks.

The first days in camp were spent in squad drill, company drill, and skirmishing exercises. The men were at liberty from 4.30 until 9.50 p.m. Coronation Day was celebrated in camp by a review, some 4,000 taking part. Royal salutes, march past, and three cheers for his Royal Highness, King George V. In the evening a bon fire and sing-song were held at headquarters.

On Saturday the companies received musketry instructions at the ranges and on Monday shot for efficiency pay, only a few failing to make 2nd or 3rd year pay. There was a drizzling rain during the shooting.

Sunday morning church services were held on the commons, the regimental chaplains conducting the services. Special excursions to Niagara Falls carried the whole of the camp off for Sunday. The Niagara Gorge route commencing at Youngstown, carries the passengers through splendid fruit farms to Lewiston, thence along the river up to the falls. While sightseeing at the falls many witnessed the flight of Capt. Beachy in his aeroplane.

The Y. M. C. A. have a great large tent on Niagara commons for the recreation of the soldiers. Every evening sports of all kinds take place in front of the tent. Many of "H" Company's members taking part in the races, etc. Baseball and football matches between the different regiments were held every evening. The only lacrosse match was played Tuesday night between the 23rd Regt. and the 36th, the former won, 3 to 1. Twelve prizes and a banner went to the winning team. Sergt. Holmes and others made good showing in jumping, running, etc.

The International celebration at Niagara Falls on Tuesday had a representation from camp. Sergt. Holmes, L. Cavers, W. King and H. King were sent from "H" Company.

Sergt. W. Holmes, Sert. W. Stinson, Capt. Jack Green and Capt. Arnold Jackson passed examinations, qualifiying them as N. C. O's.

Wednesday afternoon, the 19th Brigade, 23rd, 35th and 36th Regiments marched off to be the attacking force in the sham fight. They walked towards Queenston, thence north to Lake Ontario, a march of 15 miles. The 36th Regiment was the reserve, and did not get an opportunity to go into the fight, which took place in the evening. The whole army bivouacked in the open over night and marched into camp early Thursday morning.

Thursday night was tatto night. All the bands took part, and the massed band music was delightful. The Dragoons furnished musical rides and exercises by the signallers, and songs by the men, the procession of the 500 torch bearers and the great display of fireworks at the end made up a most successful tatto. Thousands of people witnessed the tattoo.

Early Friday morning the Regiments started getting out. The 36th got away on the noon boat for Toronto, and the local Company reached home on the evening train.

The following are the names of the Orangeville Company:—

Captain—A. J. McCausland.

Lieutenants—Harry B. McGuire and E. Foy.

Col.-Sergt.—W. G. Snook.

Sergts.—W. Holmes, W. Stinson, F. Oxley.

Corpls.—Jack Green, Arnold Jackson, W. C. Dawson, E. Noble.

Privates.—H. Irwin, G. L. Cavers, W. Martin, F. Shirley, E. G. Ennawein, T. H. Harshaw, C. Nichol, Robt. Porterfield, D. Black, J. Fuller, R. H. Curry, H. G. Powers, F. Robinson, H. E. Stevenson, S. F. Marshall, H. R. King, C. W. King, C. H. King, W. Davidson, J. Dane, E. Hurlock, N. Storey, T. Keys, J. O'Neil, T. Curry, F. Elkins, W. Bailey.

Bugler—J. P. Leighton.

ORANGE SERMONS.

Rev. Chas. Langford, of Alton, will preach to the Orangemen on Sunday next, July 9th, as follows: In Charleston Methodist Church at 11 a. m.; in Melville Methodist Church at 2.30 p. m.; in Alton Methodist Church at 7 p. m. All Orangemen are specially invited to attend these services.

RHEUMATISM AND COMMON SENSE

Father Morriscy's No. 7 Eliminates the Uric Acid.

Many treatments will relieve the aches and pains of rheumatism, but there is only one way to cure that dread disease. The common sense method is to remove the cause, and the effects will soon disappear.

Rheumatism is caused, as is well known, by the failure of the kidneys to perform their intended work of filtering the uric acid out of the blood and eliminating it from the body through the bladder. When the kidneys go on strike, the uric acid is carried to the joints and tissues, where it causes stiffening of the muscles, and the excrutiating pains of rheumatism.

Father Morriscy, the learned priest-physician, after much research devised a prescription which would act directly on the kidneys, and by toning them up to vigorous action, cause them to clear the system of the uric acid. This remedy, known as No. 7, has been used successfully in thousands of cases.

Father Morriscy's Liniment will bring relief from the effects of rheumatism, while his No. 7 Tablets will get to work on the cause and in due time cure the disease.

Why suffer from this painful and troublesome affliction, when by using the common sense methods, originated by Father Morriscy and successfully followed for years, it is possible to aid Nature to restore you to health?

If you are not yourself rheumatic, you doubtless know of some one who is, and who would be glad to learn of a treatment which has such a consistent record of cures. It is easy to take and sure to benefit and ultimately cure rheumatism. 50c. a box, at your dealer's, or from Father Morriscy Medicine Co., Ltd., Montreal, Que. 99

$3,600 in Cash Prizes for Farmers

WHEN you enter the Canada Cement Prize Contest, your dealer will assist you. Consult him in reference to conditions of the contest. Refer all questions of doubt to him to decide. Confer with him when his experience and advice and his knowledge of our plan would seem helpful.

Don't hesitate about doing this. We have requested him to assist to the best of his ability any farmer in his locality competing in this contest—whether it's a matter involving the application of cement, or how to go about winning one of the prizes offered in this contest. Do you realize that you have as good a chance as the next man to win one of these prizes? There are four for each Province, as follows:

PRIZE "A"—$100.00 to be given to the farmer in each Province who will use during 1911, the greatest number of bags of "CANADA" Cement. PRIZE "B"—$100.00 to be given to the farmer in each Province who in 1911 uses "CANADA" Cement on his farm for the greatest number of purposes. PRIZE "C"—$100.00 to be given to the farmer in each Province who furnishes us with photograph showing the best of any particular kind of work done on his farm during 1911 with "CANADA" Cement. PRIZE "D"—$100.00 to be given to the farmer in each Province who submits the best and most complete description of how any particular piece of work shown by accompanying photograph, was done.

Contest will close on November 15th, 1911, and as soon as possible thereafter, prizes will be awarded.

Be sure and get a copy of our Contest Circular, telling all about the contest. Ask your dealer for one or use the attached coupon, if you find it more convenient.

In writing us, mention whether you have received your copy of "What the Farmer Can Do With Concrete," a profusely-illustrated 100-page book, which tells you how to build with concrete, so that you can do much of the work yourself. It's a mighty handy and useful book, and should save you many a dollar. Farmers who have received it, say it is splendid. Write to-night and it will go back to you with Prize Contest Folder, by return mail.

Please send the folder and Book.

RHEUMATISM AND COMMON SENSE

Father Morriscy's No. 7 Eliminates the Uric Acid.

Many treatments will relieve the aches and pains of rheumatism, but there is only one way to cure that dread disease. The common sense method is to remove the cause, and the effects will soon disappear.

Rheumatism is caused, as is well known, by the failure of the kidneys to perform their intended work of filtering the uric acid out of the blood and eliminating it from the body through the bladder. When the kidneys go on strike, the uric acid is carried to the joints and tissues, where it causes stiffening of the muscles, and the excrutiating pains of rheumatism.

Father Morriscy, the learned priest-physician, after much research devised a prescription which would act directly on the kidneys, and by toning them up to vigorous action, cause them to clear the system of the uric acid. This remedy, known as No. 7, has been used successfully in thousands of cases.

Father Morriscy's Liniment will bring relief from the effects of rheumatism, while his No. 7 Tablets will get to work on the cause and in due time cure the disease.

Why suffer from this painful and troublesome affliction, when by using the common sense methods originated by Father Morriscy and successfully followed for years, it is possible to aid Nature to restore you to health?

If you are not yourself rheumatic, you doubtless know of some one who is, and who would be glad to learn of a treatment which has such a consistent record of cures. It is easy to take and sure to benefit and ultimately cure rheumatism. 50c a box, at your dealer's, or from Father Morriscy Medicine Co., Ltd., Montreal, Que. 99

LOCAL NEWS.

—Mr. Dalton Patterson, of the staff of Hill & Co., is confined to the house from sickness.

—Credit Auction Sale of Furniture and other Household Effects at Mr. Andrew Hill's, York St., on Tuesday, July 11th, at one o'clock.

—Mr. Williams, of Walkerton, who succeeded Mr. John Howard as C. P. R. agent here, has moved into Mrs. Cohean's house on Mill St.

—Homemade bread, homemade cakes, homemade everything will be looked after by Mrs. Hogg, Mrs. Bowles, Mrs. Rooney and Mrs. Paul at the Coronation Festival, July 7th.

—Mr. Andrew Hill, York St., will dispose of his household furniture by public auction on Tuesday, July 11th. Sale will begin at one o'clock.

Big Bargains in Millinery at Ritchie's.

—Mr. "Orry" Johnston, son of Mr. James Johnston, Caledon, is under the doctor's care from the effects of a severe sunstroke on Tuesday.

—Have you tried Klean-O, the unexcelled Glove Cleaner, also fur extracting grease, oil, paint, etc. from silk, satin, woollens and all kinds of clothing, at T. Stevenson's.

—36 candidates received confirmation in St. Mark's Church on Friday night. The service was conducted by Bishop Reeve, the assistant Bishop of Toronto.

—A feature of the Coronation Festival, well worthy of a call, will be the tent of the Gypsy fortune teller. This enterprise will be in charge of Mrs. McIntyre, Mrs. Lewis and Mrs. Tuck. July 7th is the date.

Wash Suits in White, Blue, and Linen at Ritchie's.

—Orangeville Rifle Association will meet next Monday evening, July 10, in the Auditorium of the Public Library, at 8.30 o'clock, for the purpose of fixing dates for shooting for the Dominion of Canada Trophy.

—Afternoon tea will be served by Mrs. Adamson, Mrs. Cowie and Mrs. J. E. Smith. Come in and have a good cup of Red Rose Tea, July 7th.

—Miss Maggie Ritchie, of Black's Corners, has succeeded in passing her first year piano examinations at the Toronto College of Music with first-class honors. Miss Ritchie was a former pupil of the late Miss Hicks, of Shelburne, since whose death she has been a pupil of Miss Henrietta Wallace, of this town.

It pays to trade with Ritchie Bros.

—Strawberries and Ice Cream will be a special delicacy. This booth will be in charge of Mrs. Hulse, Mrs. Anderson, Mrs. Wright and Mrs. Appleby, and Mrs. Lugsdin, Miss Clark, Miss Irvine and Miss Endacott will have a booth of homemade candies at Coronation Festival on July 7th next.

—Quite a little stir was created around town yesterday, owing to a report from the Caledon Lakes, Orangeville's local summer resort, that bush fires were raging adjacent to the summer cottages. The Orangeville Fire Brigade were called into action and hastened to the lake immediately after dinner. The fire was put under control and the Brigade returned to town, reporting everything safe.

—A beautiful assortment of Fancy Work will be open for inspection and purchase on July 7th next, when the Daughters of the Empire hold their Coronation Festival. This booth will be looked after by Miss Hewat, Mrs. Marsden, Miss Walsh and Mrs. Johnston.

Men! See Gillespie, Rogers & Co's. Work Shirts, regular 75c. at 2 for $1.00.

SALE REGISTER

Mr. Andrew Hill, York St., will hold a clearing auction sale of his Furniture and other household effects on Tuesday, July 11th, commencing at one o'clock. Everything will be sold. Jas. A. Patterson, Auctioneer.

ORANGEMEN'S SERVICE.

Members of the local Orange lodges will attend divine service in St. Andrew's Church, on Sunday morning and will be addressed by the pastor, Rev. W. M. Morris. Members are asked to meet at L. O. L. No. 635 Hall at ten o'clock. Brethren connected with neighboring lodges are cordially invited to join in the parade and service.

$5,000 ADDED MONEY.

Inducements That Should Make C. N. E. Horse Shoe Greatest Ever.

With $5,000.00 added to the prize money for horses, the display of aristocratic horseflesh at the Canadian National Exhibition this year promises to eclipse anything in its history. Every class, from the pony to the draft animals, promises to fill exceptionally well, and the result can only be the greatest display of horses ever seen in Canada.

Gillespie, Rogers & Co. are holding a big 10 days sale of all Summer Goods.

OUR HOLIDAY WEEK.

Next week The Banner will take its annual midsummer holiday and consequently there will not be another issue of the paper until Thursday, July 20th. The office will be open as usual for general business and orders for jobwork will receive the customary prompt attention.

You, Who Have Not Yet supplied your Complete Clothes Needs for this Summer should do so before the First.

The Best Values For the Least Money

We Stake Our Reputation on the Quality of Our Goods.

We know what to buy and we know what to sell. We know that no where you can get more real value for your money. Everything that leaves this store bears with it our broad, "Money-Back-if-You-Want-It," guarantee of satisfaction and if it doesn't prove to be all that we claim for it, we refund your money or make an exchange for something that is right.

If we can make you feel that it is simply impossible to surpass our values, we are driving home the truth, and driving to our store the trade we deserve, because of our clean, farsighted merchandising.

Cool Clothes for Warm Days!

The kind that are thin enough to keep you cool, yet substantial enough to give gone wear and hold their shape, are now being shown here in this season's smartest styles, at..... $10.00, $12.00, $15.00

UNDERWEAR—The Underwear that satisfies best. Union Suits 50c. to 1.50

OUTING SHIRTS—In a variety of brand new patterns and shades. You'll like them..... $1.00

BELTS—That are uncommon, distinctive—black, tan, gray or brown in many different leathers..... 25c. and 50c.

STRAW HATS—In every shape and style that is O.K. We show some decidedly novel shapes..... 50c., $1.00, $1.50

CLOTHING FOR ALL MANKIND.

McMILLAN & TORRIE

THE BIG CLOTHING STORE

BROADWAY — — ORANGEVILLE

CAMILLA.

Miss Lucy Rayfield of Toronto, is spending some time at her home here.

Mr. and Mrs. Harry Doney of Toronto visited at Mr. and Mrs. Hilliard Anderson's over the holiday.

Mr. Robert Hume of Toronto i visiting at the home of his daughter, Mrs. Alex. Lundy.

Misses Ethel and Elva Langtree and their sister, Mrs. Greaves of Orangeville, spent the holiday at their home, Centre Road.

Mrs. Harston, Woodstock, visited her cousins, Mr. and Mrs. John Scott last week.

Dr. and Mrs. A. E. Kyles, of Buffalo, are renewing acquaintances here. They intend to remain on this side of the border for some time.

Mr. Jack Kenney of Elora, visited friends here over the holiday.

Mr. and Mrs. Hamilton McKim visited the formers' sister, Mrs. Tom Reaburn of Bruce County, last week.

Messrs Earl and Wilbert South spent the holiday at their home here.

Mr. Arnott Bailey of Toronto, visited friends here last week.

Miss Mary Hunter, our highly esteemed teacher has gone to her home near Hillsburg for the holidays.

Last Friday, Messrs Alex. and Walter Scott motored from Toronto in their fine automobile to their home where they remained until Monday afternoon.

The picnic held in Mr. Hilliard Anderson's Grove under the auspices of St. Andrew's church here on the 1st. of July, was an unqualified success in every partiular. The crowd was so large provisions became scarce. The proceeds amounted to about $85.

Thin Hair on Top.

If Parisian Sage, the hair grower that T. Stevenson guarantees, will not cause hair to grow where the hair is thinning out, nothing on this earth will.

And we say to everybody, you can have your money back if Parisian Sage isn't the best hair grower, hair saver, hair beautifier and dandruff cure on the market to-day.

It stops itching scalp and falling hair and makes hair grow thick and abundantly, or money back. 50 cents for a large bottle. Parisian Sage makes the hair soft and brilliant and promotes growth.

Local option campaigns will likely be waged in Merritton, Port Dalhousie, Niagara, Louth, Grantham and possibly St. Catharines next year.

The Paint That Is Easiest To Apply

is surely the paint you ought to buy when there's anything you want to paint. M-L Pure Paint spreads so evenly and easily that it satisfactorily covers more surface than most other paints.

M-L PURE PAINT

Best You Can Buy

also leaves the smoothest, glossiest surface—and takes the least paint to do a good job. Wears longest, too. Any surface it covers will not need re-painting for the longest possible time. That's why M-L Pure Paint is by far the most economical paint you can buy. Try it. Note the clear, clean colors and the beautiful gloss it gives. Only purest materials and skilful mixing can make paint like that!

THE exceptional durability of M-L Pure Paint is due to a special ingredient which we alone have learned how to mix with other pure materials to make a paint that is not easily affected by extremes of wear or weather. You get the biggest money's worth in M-L Pure Paints.

Made in 47 colors for all paint uses by Imperial Varnish & Color Co., Limited, Toronto.

USE M-L FLAT WALL COLORS to obtain pleasing and artistic treatment of walls and ceilings. Best for up-to-date stencil decoration—sanitary, washable, durable, very economical. 16 shades. Easily applied. Full directions with can.

WATCH OUT FOR THIS MAN.

An old German organ cleaner, who hails from Clifford, has been "doing" up some of the people on the 1st and 2nd concessions recently. He carries his working tools in a cigar box, and is quite a smooth talker, so he found customers in plenty. At one house where he took a job cleaning the inside of an organ he suddenly saw that one reed in the instrument was broken and proceeded, with the owner's permission, to repair the break. When the work was done he presented a bill for $5. He followed this scheme all along the line, leaving a long list of victims who felt that they had been badly stung. The rural phone, however, was instrumental in exposing the fakir, for the subscribers on that line sometimes tell their troubles to their neighbors, and they discovered that they had all been duped on the same game. It was a coincidence that every organ on that line had a broken reed. The old Dutchman hasn't been seen in that neighborhood since.—Mildmay Gazette.

—Afternoon tea will be served by Mrs. Adamson, Mrs. Cowie and Mrs. J. E. Smith. Come in and have a good cup of Red Rose tea, July 7th.

—The Ladies' Aid of Mono Mills Methodist Church will hold a garden party on August 9th.

AID TO THOROUGHBRED STALLIONS.

During recent years many appeals have been made to the Honourable Sydney Fisher, Minister of Agriculture, by horsemen anxious to bring about an improvement in the quality of our light horse stock and who are of opinion that for this purpose an infusion of thoroughbred blood is essential. Recognizing the force of these appeals as well as the importance of the subject. Mr. Fisher has decided to grant assistance under certain specified conditions to persons maintaining thoroughbred stallions for service in the various provinces.

In deciding upon this step the Minister has been largely influenced by the fact that while stallions of other recognized breeds, when in capable hands, are as a rule fairly profitable, this is seldom the case with regard to the thoroughbred, the advantages of breeding to horses of this class being unfortunately not fully realized by the present generation of Canadian farmers.

The lack in our light horses of the quality derivable only from the infusion of thoroughbred blood is the subject of adverse comment by all European horsemen who visit the Dominion with a view of investigating its possibilities as a field for the purchase of horses whether for military purposes or for ordinary saddle or harness use. In this connection it should be remembered that while horses for the last named, or in fact, for any of these purposes, may well be bred from sires other than thoroughbred, it is of importance that on the side of the dam there should, in order to produce the best results, be, in such cases, a strong admixture of thoroughbred blood.

The conditions under which assistance will be given are as follows:—

(1) All horses on account of which aid is given by the Department must be registered in the Thoroughbred Stud Book of the Canadian National Live Stock Records.

(2) Horses shall be of good size, quality and conformation and shall be free from all hereditary unsoundness; these conditions to be ensured by submission annually to a thorough, careful examination either at the hands of the Veterinary Director General or such other members of the veterinary staff of the Department, or other persons, as the Minister may from time to time appoint for this purpose.

(3) Horses so approved shall be duly and properly advertised to stand for service of mares, under the ordinary and general conditions usual in the districts in which they are to be kept, at an annual service fee (except in the case of thoroughbred mares) of not more than $10 to insure, such service fee to become due and payable only when mares prove to be in foal.

Any person, firm or corporation owning or controlling any thoroughbred stallion in regard to which all of the conditions above set forth shall have been duly and properly fulfilled, shall, on production of satisfactory evidence thereof and of the fact that a reasonable number of mares, other than thoroughbred mares, have been served during the season, be entitled to receive at the close of each such season the sum of $250.00 from the funds of the Live Stock Branch. If, in the event of a horse dying or becoming incapacitated for service during the season, an approved substitute is immediately placed in the same district, the Minister may, after due consideration of the circumstances, authorize the payment of the subsidy above mentioned.

The necessary forms will be furnished on application to the Veterinary Director General and Live Stock Commissioner, Department of Agriculture, Ottawa.

—Bargains in Room Mouldings. 600 ft. at half price at T. Stevenson's.

Five blind men have taken the degree of B. A. in Toronto University during the past few years. The latest to take his degree is Chas. Carruthers, B.A. The others are, the late E. F. Robinson, B.A., of Markham, who was well known in Ontario journalism. Rev. A. F. Barnard, M. A., B.D., at present pastor of the Burk's Falls Presbyterian Church. Sherman Swift, M. A., of Toronto, and Rixon Rafter, B.A., editor of the Arthur Enterprise. Trooper Mulloy took the degree of B.A. at Queen's University, Kingston, in 1906.

NEARLY DIED OF STONE IN THE BLADDER

GIN PILLS SAVED HIM

513 JAMES ST., HAMILTON, ONT.

"Five years ago, I was taken down with what the doctors called Inflammation of The Bladder—intense pains in back and loins, and difficulty in urinating, and the attacks, which became more frequent, amounted to unbearable agony. I became so weak that I could not walk across the floor.

My wife read in the papers about GIN PILLS and sent for a box. From the very first, I felt that GIN PILLS were doing me good. The pain was relieved at once and the attacks were less frequent.

In six weeks, the Stone in the Bladder came away. When I recall how I suffered and how now I am healthy and able to work, I cannot express myself strongly enough when I speak of what GIN PILLS have done for me." JOHN HERMAN, 48

GIN PILLS are sold at 50c a box—6 for $2.50. Sent on receipt of price if your dealer does not handle them. Sample box free if you write us, mentioning this paper. Money back, if GIN PILLS do not give full satisfaction. National Drug and Chemical Co., Dept. A. Toronto.

The original Gin Pills made by National Drug and Chemical Co. of Canada Limited, Toronto, are sold only in this box.

FIXING THE BOUNDARIES.

Preliminary to Organization of Rocky Mountain Reserve.

The forests of the eastern slope of the Rocky Mountains, set aside a few months ago by the Dominion Government as the Rocky Mountain Forest Reserve, have a tremendous influence on the life of the provinces of Alberta and Saskatchewan. Not only are they valuable for the timber they supply, but their preservation and proper management means much in the way of regulating the flow of the streams which issue from them. For use in irrigation and the generation of power it is desirable to have a steady flow of water—not a torrent in spring, which becomes a dried-up stream-bed in summer. In thus equalizing the flow of water the value of forests at the headwaters of streams is universally acknowledged. Of great importance to the agriculture of the prairies, too, is the regulation of the flow of the rivers so as to maintain the level of the moisture in the soil.

The first work undertaken in connection with the reserve was the locating of the boundaries. Two parties of the Dominion Forest Service were engaged all last summer (1910) in making out the boundaries of the reserve. One of these, under Mr. G. H. Edgecombe, B.Sc., B.Sc.F., worked south from Calgary to the international boundary; the other, under Mr. P. S. Caverhill, B.Sc., started at Calgary and worked northward to a point almost due west of Lacombe. It is expected that during the coming summer the rest of the eastern boundary of the reserve will be located as far as its northern boundary (some fifty miles north of the latitude of Edmonton). A full report of the work done during the summer of 1910 has just been published.

Land Included in the Reserve.

The boundary as fixed by Order in Council was found to a large extent unsuitable, and the recommended boundary is in almost all cases to the east of it. The main principle followed in fixing the eastern limit was to exclude from the reserve all land suited for farming. The altitude, or height above the sea-level, was another important consideration in fixing the line. Many valleys are included in the reserve which are quite suitable for grazing.

What Fires Have Done.

Immense damage has been done to the reserve by forest fires. Probably seventy-five per cent. of the area has been burned over. In the north, Mr. Caverhill estimates, eighty per cent. of the country has been burned within the last fifty years—sixty per cent. of this area within the past twenty-five years.

The abundance of lodgepole pine (a near relative of the eastern jack, or Banksian, pine) and poplar on many tracts in the reserve is a sign of fire having passed over them. These trees are the first to spring up on burned-over land, and by their rapid growth they distance other trees and form the first forest. In the northern part of the region about seventy-five per cent. of the country is covered with a forest of lodgepole pine, unmixed with any other species.

Of an area of eight hundred square miles covered by the "southern" party the distribution of the land was as follows: Timber, 1 per cent.; spruce and pine "poles" (a tree of "pole" size is one from four to eight inches in diameter), 31 per cent.; pine and poplar, 26 per cent.; poplar, 10 per cent; open grazing land, 14 per cent.; bare rock, 10 per cent.

Game and Mineral Resources.

Game was plentiful in all the region traversed. Bull, cut-throat and grey trout abound in the rivers, and, in their respective districts, duck, grouse and prairie chickens, moose, elk, sheep and many kinds of fur-bearing animals are found.

Among the mineral resources of the country are the coal-beds, oil-fields (in the south) and quarries of building stone.

John Leachman, of Acton, had a narrow escape from instant death at Guelph a week ago Friday afternoon. He was playing pool in the poolroom on Carden and Wyndham streets and just back of him was an open window. He backed up after making a shot on the table, stumbled and fell out of the window, a distance of about twenty feet to the pavement below. He was picked up in an unconscious condition and taken to the Queen's hotel, when it was found he was internally injured and grave fears are entertained for his recovery. He was taken to his home in Acton on a stretcher on the following evening.

When You Feel Cross

And are worried and irritated you can get the liver right by using Dr. Chase's Kidney-Liver Pills.

Life is too short to be cross and grouchy. You not only make yourself miserable, but also those about you. Don't blame others. Blame yourself for not keeping the liver right.

There is nothing in the world which will more promptly afford you relief than Dr. Chase's Kidney and Liver Pills. This statement is true. A trial will convince you.

Mr. Theo. Bedard, Lac aux Sables, Portneuf County, Que., writes,—"I have found Dr. Chase's Kidney-Liver Pills the best treatment obtainable for indigestion and impure blood. They cured me of indigestion, from which I suffered for four years.

"This certificate is given without solicitation, so that others may not waste their money buying medicines of no value when they can get Dr. Chase's Kidney-Liver Pills, which I am convinced are the best."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents, at all dealers, or Edmanson, Bates & Co., Toronto.

Take Hall's Family Pills for constipation.

Mr. Robert Carter has sold the Carter homestead on the first line near Brampton, comprising 140 acres, to his brother, Mr. John T. Carter, for $14,000.

Thomas Hanson, a young chap about 15 years of age, fell off a load of hay at Joseph Carroll's, West Luther, a week ago Monday morning, and broke his right arm just above the wrist.

Miss Lottie Lena Taggart, daughter of Mr. and Mrs. Wm. James Taggart, of Melancthon, was married on July 6th, 1911, to Walter Murray Marshall, son of Mrs. Walter Marshall, of Redickville.

While Miss Velma, the 15 year old daughter of Mr. Robt. Hammond, of Riverview, was driving a hay rake, the horse became frightened and ran away, throwing her off and breaking her arm at the wrist.

Miss Miller, the little 17 months' old son of Mr. and Mrs. Benj. Miller, of Jessopville, became unconscious in his mother's arms from sunstroke, in Shelburne, a week ago, and it took Drs. White and Murray about two hours to restore him to consciousness.

The tower of Victoria College, Toronto, was struck by lightning a week ago Monday afternoon, and damaged to the extent of $3,000. The fire was put out before it gained much headway. Chief Thomson and eight men had a narrow escape when the timbers of the tower fell.

John Mills of the 1st con. of Tosorontio, lost heavily by a recent storm. His barn was set on fire by lightning and burned to the ground with all its contents, which consisted of implements, hay and poultry, on which he had very little insurance.

Alexander J. Livingstone, of Priceville, a lineman, employed by the C. P. R. at Coldwater, Ont., was run over by a train there, and both his legs were severed from his body. He died from loss of blood and shock while being taken to Toronto to receive hospital treatment.

The following is the equalized assessment for Halton for 1911:—Trafalgar, $3,514,000; Esquesing, $3,237,588; Nelson, $2,304,100; Nassagaweya, $1,515,210; Milton, $5[illegible]; Oakville, $950,978; Georgetown, $459,740; Acton, $429,770; Burlington, $659,699—Total $13,562,691.

J. C. Shook has beaten the record at the Conover cheese factory this season. In the first three weeks he delivered 8564 lbs. of milk for which he received $62.51. In the next two weeks he delivered 5605 lbs. for which he was paid $43.71, or a total of $105.25 for milk in five weeks.

A Puslinch farmer had a hen setting on eggs and, as often happens, her ladyship grew weary before the chicks appeared and left the nest, but the intense heat, both day and night during the recent hot spell, caused the incubating process to continue, and in four days the chickens were quite ready for battling with the world.

F. F. White, for some years past manager of the Davies Packing House at Harriston, was presented with an address and silver tea service by the Harriston Board of Trade in recognition of his services as Secretary. He is removing to Toronto, where he becomes assistant manager.

Justice Sutherland has ratified a settlement whereby the Canadian Pacific Railway pays the widow of the late Hugh Corbett, of North Bay, $1,500, of which she gets $500, and the balance is divided among three infant children. Mr. Corbett, who was an employee of the railway company, was killed at Cartier, on March 28, 1911.

Monday morning, Miss Elizabeth Wright, of the Central school staff, was united in marriage to Mr. Samuel Woolner, one of our prominent builders and contractors. The ceremony was performed by the Rev. T. J. Thompson, in the presence of the immediate relatives. After a dainty wedding breakfast Mr. and Mrs. Woolner left for a trip up the lakes.—Collingwood Enterprise.

At a meeting of the Halton County Council it was unanimously decided to build a high level cement bridge over the 16 mile creek on the boundary between Oakville and Trafalgar. The bridge will be 450 feet long and 40 feet high, with approaches from 400 to 600 feet. The government will pay one third of the cost and the balance will be borne by the county for which 30 year debentures will be issued. The cost of the bridge will exceed $20,000.

From an official source it is understood that the Dominion census enumeration for South Wellington municipalities will be about as follows:—Guelph city, 15,400; Fergus village, 1,543; Elora, 1,197; Erin, 515; Nichol township, 1,522; Pilkington, 1,263; Puslinch, 2,737; Erin township, 3,157; Eramosa, 2,488; Guelph township, 2,646. Total 32,459. The figures for Guelph city do not include College Heights, the O. A. C., nor the prison farm, which, exclusive of prisoners at the latter, would bring the total population well up to 17,000.

The many friends of Mr. Sam Charters, M.P.P., will regret to learn the illness, that has visited him for brief periods on several occasions during the past few months, has assumed a very serious character. He is afflicted with gall stones and in the opinion of his physician and Dr. Dwyer, of Toronto, who was out this morning, an operation will be necessary as soon as the patient's condition warrants it. Mr. Charters has been confined to his home since last week.—Peel Banner.

STUDY at HOME

And qualify for a good situation in business life. It will cost little to do this. Get our plans. Write The Shaw Correspondence School, 391 Yonge St., Toronto.

The Tudhope-Anderson Company, a merger of the Tudhope-Knox Commerger of the Tudhope-Knox Company, of Smith's Falls, and the West Lorne Wagon Company, with a capital of $3,000,000, will locate in Orillia if the ratepayers pass a by-law granting them certain privileges.

At the meeting of Toronto Presbytery last Tuesday it was decided to divide the six congregations in King into two separate charges, western and eastern, each with three congregations. The first will have those on the eleventh, tenth and ninth concession lines, and the second the congregations of St. Andrew's (King) Laskay and Eversley. Rev. Dr. Craw, of Bolton, is the Moderator of the western, and Rev. E. C. Currie, of Richmond Hill, of the eastern charge.

Jones had passed a weary night. He was English, and travelling abroad. The strange hotel bed, the passing trains, the mid-night cats, and morning cocks had all contributed to his restlessness, and it was not until 7.30 that he fell into his first really comfortable doze. Bang! Bang! He thought that the Germans were upon him. But he awoke to find that it was only the "boots" rapping at his door. "Well, what is it?" he grumbled. "A telegram, sir," replied the boots, in breathless tones. "Will you open the door, sir?" "Certainly not!" exclaimed Jones crossly. He was by no means anxious to leave his sheltering sheets. "Slip it under the door, my boy." "I can't do that, sir," replied the boots, anxiously. "It's on a tray!"

Lt.-Col. J. H. Scott, who succeeded Dr. Sproule as the head of the L. O. L. Grand Lodge of British America, is a barrister, in his 53rd year. Born and educated at Simcoe, he was called to the bar in 1880. He entered the militia in 1883 as lieutenant in the 32nd (Bruce) Regiment, of which he attained the command in 1891, being the youngest lieutenant-colonel ever appointed. He was reeve of Kincardine for many years, and also Warden of Bruce, and twice contested West Bruce for the Commons. The Colonel practises law in Walkerton, and is also town solicitor, and town clerk. He has long been connected with the Orange Order, and held high office in the Grand Lodge and Grand Black Chapter. He is also highly connected with the Masonic and other societies.

IT is a wise man who protects his property. If you are not already insured against loss by fire, storm or hail, do not delay any longer. M. Wilkins & Son, Orangeville, represent the best Fire and Lightning and Windstorm and Hail Insurance Companies. Call or write them and obtain their rates and other particulars. 460

THE BANNER

THE BANNER, JULY 20, 1911.

THE TOWN COUNCIL.

The Town Council held an uneventful session on Monday night. Payment of the following accounts was authorized :—Jos. R. Lathwell, $1.90; Jos. Corneilius, 60c.; Jos. Snowden, $6; Isaac Hughson, $10.50; S. A. McCartney, $62.41; Josias McIlroy, $10.05; William Forbes, $4.50; John Gough, $17.25; George King, $21.60; Thos. Campbell, $15.87; Joseph Ogston, $28; John Hammond, $112.

Communications were read from W. J. L. McKay, complaining of the condition of the sewage from the town and private drains that empty into the old Mill Race, and from the Ontario Municipal Association giving notice of its thirteenth annual meeting in the City Hall in Toronto, on Aug. 31st and Sept. 1st.

DISGRACEFUL CONDUCT.

Residents of John and Margaret Sts. are incensed over the actions of the inmates of a certain household on the latter street. Drunken orgies and unseemly brawling are said to be of frequent occurrence. A couple of women play a prominent part in the disgraceful scenes that have become an offence to every respectable family in the vicinity. The authorities should see that the place is broken up. Orangeville has no room for citizens of this ilk.

We understand that P. M. Pattullo has issued a warrant for the arrest of one of the women and that the lady, who apparently got word of Chief Ewing's intended visit, has taken a rather hurried departure from town.

A SERIOUS CHARGE.

A well known married man, a resident of the 5th con. of Mulmur, has got himself into trouble. For some time he has been acting as an immigration agent in supplying his neighbors with female help from the Barnardo and other homes. On Thursday last two officials, whose duty it is to look after those girls, came to Shelburne and drove out to Mulmur. The lady interviewed all the girls and the result was two charges were made against the Mulmur man, who appeared the same evening before Police Magistrate Rutherford. On the first charge of indecent assault the man was convicted but allowed out on suspended sentence for one year. The other charge was a more serious one and he was committed for trial but bail was accepted for his appearance when wanted. — Free Press.

MORE LITIGATION.

John W. Rounding, of Grand Valley, has issued a writ against The Ontario Farmers' Weather Insurance Mutual Company, for the purpose of recovering $468.48, which he claims the defendant company owes him. The principal items of the claim are overpaid agents balances, $149.50 and unpaid wages $300. Mr. Rounding was formerly Manager of the Company's business, but was succeeded by Mr M. G. Varcoe early in the present year. Mr. A. A. Hughson has been instructed by the Company to take the necessary steps to defend the case

THIS YEAR'S WHEAT CROP WILL BE THE LARGEST IN THE HISTORY OF CANADA — FIFTY THOUSAND MEN REQUIRED FOR THE HARVEST.

The wheat crop of 1911 is the largest ever known in the history of the country—a low estimate of the crop of Manitoba, Saskatchewan and Alberta being at least two hundred million bushels, and the Government of the respective provinces state that fifty thousand men will be required for the harvest this year. These will have to be principally recruited from Ontario, and the prosperity of Canada depends on securing them promptly. The Canadian Pacific, on whom will practically fall the entire task of transporting the men to the West, is already making special arrangements for this year. Excursions from Ontario points to Manitoba, Saskatchewan and Alberta will be run at the same rates and conditions as last year and special trains from Toronto and Ontario points through to Winnipeg and West will be run, making the trip in practically thirty six hours, avoiding any change of cars or transfers—this will be a day shorter than any other route. Dates of the excursions will be announced as soon as possible, and all C. P. R. Agents can supply full information concerning this year's excursions.

100 Children's Straw Hats at Ritchie Bros. at reduced prices.

A TALENTED SINGER.

Miss Minyon Duke, who for the past five years has been devoting her whole time and attention to voice culture under the tuition of the great masters of Germany and Italy, with the view of entering into grand opera work, recently paid a short visit to her relations at Mono Mills and sang at the morning service in the Anglican Church, showing that her marvelous talent of song has continued to develope until now she ranks as one of the most brilliant vocalists claiming Canada as her birthplace. The opportunity of hearing so talented a young lady was greatly appreciated by the people of the vicinity Miss Duke, who is the eldest daughter of Mr. Thos. Duke, of Vancouver, B. C., formerly of Mono Mills, left on Tuesday for her home at the Coast.

DR. ROBERT MEEK DEAD.

Orangeville Loses Prominent Citizen After a Short Illness.

Orangeville sustained a severe loss last week through the death of one of its leading citizens in the person of Dr. Robert Meek. Dr. Meek was first taken ill on Friday, July 7th, and was compelled to take to his bed on the following day. It was thought at first that he was merely suffering from heat prostration, but as his malady progressed his physician, Dr. Carson, and his brother, Dr. Edward Meek, who had been summoned from Port Rowan, began to suspect that the trouble was cerebral meningitis. Time confirmed their diagnosis, and it was then recognized that there was a very slight chance of recovery. The end came peacefully about 10.30 o'clock on Thursday night. Up to the time of his last illness the stricken man was hale and vigorous and apparently in the enjoyment of the best of health. He was in the prime of life and his unexpected sickness and death cast a deep gloom over the entire town. Through his death Orangeville loses a citizen who can be ill-spared. Dr. Meek had achieved success in his chosen profession and had he been so inclined could have won honorable distinction in the wider sphere of public life. Naturally modest and retiring, he was averse to offering himself for public service. A couple of years ago, however, he was prevailed upon to stand for the Public School Board as one of the representatives of the West Ward. Taking a keen interest in educational matters, he proved a singularly useful member of that body, and had won alike the esteem and good opinion of his colleagues. The late Dr. Meek took an active interest in the Masonic fraternity, and was a Past Master of Harris Lodge No. 216. He stood high in his profession, and at the time of his death was President of the Northwestern Ontario Dental Society. He was an active member of the Lawn Bowling Club. His death is the first in the membership of the Club since its organization seven years ago. Dr. Meek was born and spent his boyhood in the village of Alton. He attended High School in Orangeville, afterwards taking a course in the Ontario College of Dentistry, from which he graduated in the early '90's. After graduating he began the practice of his profession in Orangeville, where he speedily built up a large and profitable business. He is survived by a widow and one daughter, Lola, and three brothers and two sisters. The brothers are Dr. Edward and Mr. Will Meek, of Port Rowan, and Mr. J. L. Meek, Clerk of Caledon Township, and the sisters, Mrs. A. Steele, Orangeville, and Mrs. C. O. McKeown, Toronto. The sorrow of the community was shown by the large concourse of people, who were present at the funeral, which was held from the family home on West Broadway to the Forest Lawn cemetery on Sunday afternoon. Citizens of all classes and walks of life were represented in the large gathering. Many sorrowing friends and acquaintances from outside points were also present to pay their last mark of respect. The floral offerings were beautiful and included the following :—Compass and square from Harris Lodge, A. F. & A. M.; wreath, Canadian Order of Foresters; spray, Orangeville Public School Board; large floral bowl, Orangeville Lawn Bowling Club; wreath, the Orangeville dentists; pillow, the family; spray, Mr. and Mrs. W. H. Meek, Port Rowan; wreath, Dr. E. N. and Chas. Baker, Toronto; spray, Mr. and Mrs. R. E. Sinclair, Toronto; spray, Mr. and Mrs. W. S. Walker, Toronto; spray, Lola's little school mates, Orangeville; spray, Mr. and Mrs. C. R. McKeown, Orangeville; spray, Mr. and Mrs. Ralph Cresswell, Orangeville.

The services at the house and grave were conducted by Rev. W. M. Morris pastor of St. Andrew's Church, assisted by Rev. G. A. Rix. The remains were interred with full Masonic honors. The members of the fraternity made an imposing turnout, visiting craftsmen being present from Shelburne, Grand Valley, Alton, Erin and Hillsburg. The brethren marched in procession over one hundred strong at the head of the funeral cortege. The beautiful service of the Order was read over the open grave by Rev. G. A. Rix. The pallbearers, chosen from Harris Lodge, were Messrs. A. Hill, Dr. T. A. Carson, J. E. Smith, W. M. Green, C. R. McKeown and Dr. W. H. Bowles. Profound sympathy is felt for Mrs. Meek and her little daughter in the great sorrow that has so unexpectedly overtaken them.

MR. JAMES GRANT.

Mr. James Grant, woollen manufacturer, and a leading citizen of Chesley, died very suddenly about eight o'clock Wednesday evening, July 12th. Mr. Grant motored to Paisley on Wednesday and shortly after his arrival was stricken with apoplexy, surviving only a few hours. He was Reeve of Chesley and took a very active part in the affairs of the town. Mr. Grant was 62 years of age and was born in Scotland. He had resided in Chesley for 25 years. He is survived by a widow and a family of two sons and two daughters. One of the daughters is Mrs. Hyland, wife of Mr. W. G. Hyland, manager of the Bank of Hamilton in Orangeville.

—Oil was sprinkled on Mill St., from Broadway to the grist mill, a short time ago for the purpose of laying the dust. Two applications were made. So far the experiment is proving quite satisfactory.

—Mono Mills Methodist Church will hold its annual garden party on the grounds of Mr. Peter Rawn, Albion, on the evening of August 9th. A varied programme of music, speeches and other entertainment will be provided. Full particulars later.

MR. JOS. HADDOCK.

Orangeville has lost a well-known and highly respected citizen in the person of Mr. Jos. Haddock, whose death took place at his home on First Avenue about two o'clock on Monday morning. While bad last for only two weeks prior to his demise, Mr. Haddock had been in failing health for a year or longer. Death was caused by a general breakdown of the system. Deceased, who was 73 years of age, was born in Ireland, but came to Canada when a boy with his parents, Mr. and Mrs. Henry Haddock, who were among the early settlers in Mono. He farmed on lot 23, con. 7, for many years, moving to Orangeville about 22 years ago. He was widely known in the farming community in his capacity as grainbuyer, first for Endicott Bros., afterwards for the late Jas. McQuarrie, and of late years for J. Lindsay. He was an honest, straightforward man, quiet and unassuming in manner and was well liked by everybody who knew him. He was a member of the Anglican Church, a Conservative in politics and a staunch Orangeman, being a member for many years of L.O.L. No. 1083, Relessey, and latterly of L.O.L. 427, Orangeville. He leaves a widow and an adopted daughter, Mrs. Jos. Hilts, of Orangeville. One brother, John Haddock, of Relessey, and a sister, Mrs. Thomas Barber, Orangeville, also survive. The funeral, which was largely attended, was held from his late home to St. John's Church cemetery, 7th line, Mono, on Tuesday afternoon. The services at the house and grave were conducted by Rev. G. A. Rix, rector of St. Mark's Church, and Rev. A. C. Watt, of Bondhead. Deceased was buried with Orange honors, a number of the members of Aaron L.O.L. and Relessey lodge attending in a body. The burial service of the Order was read over the open grave by W. Bros. A. D. McKitrick, W.M. of L.O.L. 427, and J. A. McFadden, W.M. of L.O.L. 1083. The pallbearers, who were selected from the Order, were Bros. Wm. Fiddes, J. C. Reid and J. Bailey, of Orangeville, and J. A. McFadden, Robt. Holmes and R. J. Wilson, of Relessey.

MR. WM. LITTLE.

Mr. William Little, a widely known resident of Mono, died at his home on lot 16, 5th line, east, on Wednesday, July 12th, after a long and wasting illness. Mr. Little, who was 65 years of age, was a lifelong resident of the township. He was unmarried and is survived by two brothers—John in Minnesota, and James, of Mono—and two sisters — Mrs. James Hackett, Orangeville, and Miss Rebecca in Mono. He was a quiet, inoffensive man, an excellent neighbor and of a very kindly, hospitable nature. His home was always open to the stranger, and it was seldom indeed that the hungry wayfarer was allowed to leave without a meal. He bore his long illness with patience and exemplary fortitude. The remains were laid at rest in Relessey Church burying ground, on Saturday afternoon, July 15th, Messrs. Cooper and Green, students in charge of Mono West parish, conducting the services. The funeral was largely attended. The pallbearers—all neighbors—were Messrs. John Allen, Wm. J. Stinson, Geo. Moffatt, Robt. Anderson, W. J. Coleman and Geo. Dermott.

MRS. THOS. ROWAN.

Mrs. Anne Rowan, widow of the late Thomas Rowan, one of the early residents of North Erin, passed away at the home of her son, Mr. Robert Rowan, lot 31, con. 11, Erin township, on Sunday, July 9th, at the ripe age of 77 years. Deceased lady had lived more than half a century in Erin, where she was exceedingly well known. She was a woman who had a wide circle of friends and who enjoyed the respect of everybody who knew her. She was born in Trafalgar township, Halton County, but came to Erin about the time of her marriage. The union was blessed by a family of twelve, of whom eleven are left to mourn the loss and cherish the memory of a devoted and saintly mother. The surviving sons and daughters are: Jno. M., Thos. and Miss Margaret Rowan, Orangeville; Andrew, East Garafraxa; W. H., Mimosa; Mrs. Richard Thomas, Alton; Dr. Samuel, Hillsboro, N. D; A. E., druggist, Thompson, N. D.; Robert and Misses Minnie and Lizzie on the homestead. Mrs. Rowan survived her husband, who died about five years ago. There was a large attendance at the funeral, which was held to Greenwood Cemetery on Tuesday of last week. Rev. Dr. Armstrong, of Alton, conducted the services at the house and grave.

SCHOOL REPORT.

For Table Linen and Table Napkins, go to Ritchie Bros.

CALEDON EAST.

Profound sympathy is felt for our esteemed citizens, Mr. and Mrs. Geo. W. Berney, in the overwhelming bereavement they sustained a short time ago through the death by drowning of their oldest son, Follis Allison. The deceased, who was in his 25th year, had been employed in Toronto for several years as a sheet metal worker. On Dominion Day the unfortunate young man went to Port Sydney with some companions to spend the holiday. Members of the party went bathing in the early afternoon. After swimming awhile Berney entered a canoe, and while paddling about he was seized with a severe sun stroke, and being unable to keep control of himself he fell over into the water. His companions at once went to his assistance and got him out but he was dead. His body was brought to Caledon East by train on Monday morning, the funeral taking place on Tuesday afternoon to the new cemetery. Service was held at the house, conducted by Rev. Hugh Matheson, assisted by Revs. Petch and Gandier. The funeral cortege was a large one. The pallbearers were six young men companions of deceased from Toronto and Hamilton. The funeral was under the direction of Peel Lodge 468, A. F. and A. M., of which deceased was a member.

BOY UNRELIABLE.

The following communication, which has been forwarded to The Banner for publication, is self-explanatory :

Parliament Buildings,
Toronto, July 5th, 1911.

Isaac Sproul, Esq.,
Shelburne, Ont.

Dear Sir :—

In view of the fact of the boy I placed in your care having run away two or three times and spread stories of cruel treatment, I wish to say that I have every confidence in you, and have found the boy's statements to be quite unreliable. The agent whom I sent up to investigate the complaint reports that a great injustice was done you, as the boy told quite a number of absolute falsehoods as to his treatment, and that any punishment he received was merited by his bad conduct. I trust that neighbors and friends will not do you the injustice to believe any rumours that may be afloat.

Yours sincerely,
J. J. KELSO.

DOCTORING A DIAMOND.

Trick That Makes a Yellow Stone Appear Clear Blue White.

Let me show you a little trick that I would advise you not to put into practice, said a jewel fancier to a number of friends the other day.

The conversation had turned to diamonds during the midday luncheon, and the expert had been holding forth on his favorite subject. The little group of St. Louisans were interested still more when the speaker drew a big solitaire from his finger and beckoned a waiter across the cafe.

"Bring me a glass of water and an indelible pencil," said he when the servitor came over to the table.

"This is a trick that is essentially crooked," said the jewel fancier, "and will get by nine times out of ten even when the examiner is an expert at judging precious stones and detecting trickery. It will make a yellow 'off color' diamond look like a stone of the very first water. Pawnbrokers innumerable have been fooled by this same trick, as it is extremely difficult to detect even with a powerful glass."

The expert took the pencil and allowed the indelible lead to dissolve in the glass of water. In a couple of minutes the water was as blue as indigo water.

"Now watch," said the man who knew the lore of jewels.

He took the ring and dropped it into the glass. Its brilliancy was dimmed by the hazy, bluish water until it looked like a dead stone.

"Now, you noted," said the demonstrator, "that the diamond I placed in there was a bit yellow. It will be a clear bluish white when it comes out of its bath."

At the end of a minute the stone was taken out. The top of the gem was dried with a soft handkerchief and then the ring was waved to and fro for a few moments. It was held up for inspection. Not a gleam of yellow was to be seen. The stone was apparently a magnificent blue white gem that any one would be proud to own and loathe to pledge.

"It is the blue pigment deposited on the back of the stone that has made the difference," said the jewel expert. "The deposit is so filmy that a strong glass cannot detect it. You cannot see it from the rear of the mounting and only a bath of alcohol will remove it. It will stay on the gem for weeks if it is not removed in that way. It used to be a favorite trick of many folks who now and again had to put a diamond into the hands of a pawnbroker.

"The trick is called 'doctoring a stone,' but, as I said in the beginning, I would not advise you to try it. I don't know what the law on such matters is in Missouri, but there are states where a person convicted of such an offense would serve a long penitentiary term for his cleverness."—St. Louis Republic.

Remember that [illegible] and any [illegible] quickly [illegible] Lightning. Price [illegible]

Sold and recommended by Thos. Stevenson, Druggist.

GOES TO SASKATCHEWAN.

Dr. J. L. Hogg, who has held the professorship of physics in McMaster University for the past five years, has accepted the appointment as professor of physics in the new University of Saskatchewan.

Dr. Hogg was one of the strongest members of the staff of McMaster, and very popular as a lecturer in his department. He was graduated from the University of Toronto in 1899, and took post-graduate work at Harvard, where he took his degree of doctor of philosophy in 1902. Before coming to McMaster he was instructor in physics in Harvard University for two years. He has done original work in his department of study which has given him a reputation as a scientist, not only on this continent, but in Europe. Dr. Hogg, who is a brother-in-law of Mr. G. H. McLean, was formerly Science Master in Orangeville High School.

Joiners, Cabinet Makers, Interior Finishers and Painters wanted at once. Highest wages, steady work. Apply Collingwood Shipbuilding Company, Limited, Collingwood, Ont.

200 Acre Farm For Sale.

The undersigned offers for sale the 200 acre farm, one mile from Orangeville, known as the Thompson homestead, and being lot 1, con. 3, East Garafraxa, in the County of Dufferin. Good brick house and bank barn. Never failing spring creek. The land is said to be a good clay loam, easily worked and the farm is situated on the Townline, which is level and easily travelled. Orangeville has a good High School and is adding a special Teacher of Agriculture to the staff. There is a Public School on the property. Possession given 15th March, 1912, with the privilege of fall plowing in 1911.

Price $7000. Easy terms of payment will be arranged. For further particulars apply to
MISS ALMA THOMPSON, Box 99, Gananoque
9-3 mos.

CARPENTER WORK.

All kinds of Carpenter Work done either by day work or contract. Parquet flooring a specialty. Estimates furnished.
W. G. CRANSTON, 1st Ave., Orangeville
tf.

Farm For Sale Cheap

This farm is composed of the east half of lot 26, con. 4, Caledon. 100 acres all cleared and in good state of cultivation. Good brick house and bank barn, also a good orchard and first class water. This property is near the thriving village of Alton, and will be sold on reasonable terms, or we will take a house in Orangeville as part payment. For particulars apply to T. G. Legate, Box 211, Orangeville, or Mrs. L. Morrison, Alton P. O.

CAMILLA.

At the close of the school term, the pupils of the Camilla school presented their teacher, Miss Hunter, with a beautiful ebony toilet set and the following address :—

Dear Miss Hunter,—

We, the pupils of Camilla Public School, having learned with regret of your resignation as our teacher, could not allow you to leave without showing in some manner the esteem in which you are held by us and our appreciation of the kindness and instruction received from you during the time we have spent together. Our associations have always been of a most happy character and we feel that in the performing of your duties as teacher you endeavored to promote the success and interests of us all. As a proof of this we ask you to accept this small token as a memento of our esteem and good wishes and we trust that wherever your lot may be cast in the future you may have every prosperity and happiness.

Signed on behalf of the school.
Ella Campbell,
Minnie Harshaw.

Camilla, June 30th, 1911.

The address was read by Ella Campbell and the presentation made by Minnie Harshaw.

Miss Florence Banks and Mr. Jack Bell, of Shelburne, were the guests of Miss Hazel Banks a week ago Sunday.

Rev. Mr. Fowlie addressed the members of Prince of Wales L.O.L. 320 in the Presbyterian Church here a week ago Sunday. The brethren of the Lodge attended the service in a body.

The Misses Moore have been visiting friends in Corbetton.

Mrs. James Parks is visiting Erin friends.

MELANCTHON.

(Intended for last week.)

This is the hot week.

All the Orange lodges in this part are preparing for the big celebration in Shelburne on the 12th.

The crops are growing well, but rain is much needed.

The Bulgarians who live in the box car over at the station keep our citizens awake during the nocturnal hours by singing, that sounds like the bawling of a newly born calf.

We notice that a gang of loggers are at work on the Steve Sawden estate just north of the village, where once stood the old Fenian hotel. They may be Canadians, but they appear black enough for Africans.

Statute labor is in progress this week on both beats, with M. J. McCue and James Sawden as pathmasters at the north and south ends respectively.

See Ritchie Bros'. Embroidered Silk in Gray, Sky, Pink, Cream, Navy, & Black, regular 75c., on sale for 50c.

MELANCTHON STATION.

The rain on Saturday night and Sunday did untold good in this section.

Shelburne had the largest celebration on the 12th ever known in the village—43 lodges and upwards of 6000 people.

Our merchant, Mr. W. J. Campbell, spent a few days with his parents at Hanover last week.

A number of our young men—and some old ones—secured a keg the other night and drank the contents in a neighboring field and then left the empty keg in our storekeeper's shed. It is said that one poor old fellow was chased up a tree at the point of a knife in the hand of one of the younger men. This sounds like old times when swamp whiskey flowed so freely that hotels did a brisk business every mile along the Toronto and Sydenham Road, and the scene was witnessed of 14 fights in 15 minutes.

Quite a number of our citizens attend the Pentecostal meetings held in Shelburne grove every night by Toronto evangelists. The singing is said to be excellent.

LAUREL.

(Another Correspondent.)

We are pleased to note the success of Miss Bertha Hamilton's pupils, Miss E. Nelson and Miss Vera Ranton at the Toronto Conservatory of Music exams held in Orangeville recently. Miss Ranton passed with honors. Miss Hamilton, who is a former pupil of the Toronto Conservatory of Music, is a teacher of high standing and experience, and is very painstaking in her method of teaching. The success is all the more appreciated considering the high standard of the Conservatory of Music.

The Laurel Methodist Sunday School are holding their annual garden party July 31st. This promises to be the event of the season. The services of the Shelburne band have been secured, also talent from Grand Valley and Orangeville.

Laurel Orange Lodge secured the prize at Shelburne July 12th, for the lodge with largest membership.

We are pleased to welcome to our midst the new pastors, Rev. Mr. Stevenson and Mr. Hoan of the Methodist Church. Their introductory sermons were very much appreciated by the large congregations in attendance.

The farmers' smile has broadened considerably since the recent heavy rains. The prospect of good crops has brightened them up.

BLOUNT.

The Woman's Institute held its last meeting at the home of Mrs. John Henry. The President was in the chair. The meeting was opened by singing the Maple Leaf. The minutes of last meeting were read and discussed. The members also talked of having a bazaar in the near future. The Secretary then gave the report of the County Convention. Miss Moffatt gave a paper, "The Country House," showing how it was possible to have our homes planned to save footsteps, and also the conveniences we have compared with what our grandmothers had. Miss Jean Donaldson sang a solo, "The Old Home Songs," and Miss Laura Henry gave a violin solo. The programme was very much appreciated by the members. A very dainty lunch was then served, after which the Institute adjourned to meet at the home of Mrs. W. J. Woods on August 3rd.

HALL'S CORNERS.

Everyone celebrated the glorious Twelfth in Shelburne.

Haying is in full swing and the crop is much better than expected.

Miss Eula Scott, of Kimberley, is visiting with friends here and also at Granger.

Mr. Wm. Calvert has erected a new driving shed which greatly improves his premises.

Mrs. G. F. Gabriel had a serious runaway from the station last week, the buggy being completely demolished. By good luck she escaped with a bad shaking up.

Miss Esther Harrison, of Toronto, is visiting at her home.

The Melancthon Council are erecting a large concrete bridge on the 2nd line.

Miss Maggie and Percy Armstrong, of Rosemont, visited at Harry Gozzard's last week.

Mr. Thos. Lloyd spent Sunday with Mr. Elmer Lightheart.

Mr. J. J. McKibben, of Toronto, renewed acquaintances here last week.

Berry pickers are too numerous to mention, but we haven't heard any bear stories yet. Probably the recent beautiful rains will hasten them.

Mr. T. F. Blair, of West Toronto, visited with his sister, Mrs. R. H. Galbraith, last week.

Robert Jackson, of the Eaton Store, Shelburne, made his usual rounds in this vicinity this week.

CONNOR.

The Picnic held in Varey's orchard on July 12th under the auspices of Connor L. O. L., No. 125, was a great success. Mono Mills, Hockley, Orangeville, Palgrave and other adjoining places were well represented. A football match was played between the Lucille and Hockley teams, Lucille carrying off the silver cup. A baseball match was also played between Sheldon and Hockley teams, Hockley winning the prize of $3. An excellent dinner and an appetizing tea were served by the ladies. Everybody spent a very pleasant time. The Picnic was a credit to Connor L. O. L., a number of whose members worked very hard to make it the success it was.

Miss Ruby Tyndall and Miss Elkins, of Toronto, are spending their holidays at Mr. R. Lee's.

Mr. Goldie McCulloch spent Sunday evening with Mr. R. Lee.

Connor Band went to Bolton on July 12th and report a good time.

Misses Mamie and Mildred Guest and Mr. Fred Guest spent Sunday at Mr. Wm. Atkinson's.

Mr. M. Leggatt spent Sunday evening at Connor.

Mr. C. Chapman spent the 12th at Barrie.

Messrs Robert and George McCulloch spent Sunday evening at Mono Mills.

Mr. Hugh Lee made a sad mistake at St. John's church on Sunday evening. Say, where were your boots, Bobbie.

LAUREL.

After the long spell of dry and warm weather the farming community are just having what they desired—a good steady rain, which penetrated to the roots of the potatoes, transforming the small to larger ones and helping the grain crops to fill and reviving the grass for the cows, which supply the milk for the cheese factory. Milk is coming into the factory in good shape and abundant. The whole community appears to rejoice in the blessing which God has sent in the refreshing showers. I verily believe that the shower of rain did the preachers good. We glean this from the earnestness and zeal manifest by the pastors of both Presbyterian and Methodist Churches. If they preach as they did last Sunday, I am sure both churches will have crowded congregations. That is what we like to see. We bid the pastors Godspeed. We have also heard that the Rev. A. Hone, junior pastor of the Methodist Church, preached very able sermons at Salem and Bowling Green Churches on Sunday last.

We are glad to say that the profanity and foul talk that was heard upon our street corner a few weeks ago has completely ceased, and our atmosphere is again pure, and we trust will never again be polluted in the same way.

The people of Laurel are anticipating a splendid time at their annual garden party in connection with the Methodist Sunday School, to be held on the evening of July 31st. A good programme is being provided, and we are looking for a good time.

Millinery at your own price at Ritchie Bros.

CHARLESTON.

The annual Garden Party held on Mr. Thos. Smith's beautiful grounds under the auspices of Knox Presbyterian church, was a decided success in every particular. The crowd from all neighboring points, by far, surpassed former years. The ladies provided a fine tea, which was followed by the programme, furnished by the Alton Band, under the leadership of Mr. Amos Mason. It included full Band selections, singing by the Alton Male Quartette and drills by the Alton Boy Scouts in uniform. Rev. J. H. Cochrane, M. A., of Toronto, delivered a short address. Mr. Wm. Algie occupied the chair. Proceeds amounted to upwards of $200.

Miss Lizzie Wilson died on Wednesday morning, July 12th, at the home of Mr. John Nesbitt, after a short illness of but three days. She had apparently been in good health, prior to her last illness, but was finally stricken down by the oppressive heat, from which she never revived. A short funeral service, conducted by Rev. C. Langford, was held at the house, after which the remains were borne to Caledon Station and from thence to her last resting place in Shelburne cemetery.

Miss Lina Rutledge is visiting Mrs. S. R. Robinson at the latter's home in Markham.

Miss Olive McCartney and little cousin, Griffith McKerracher, are visiting friends in Chatham and Melbourne.

We are pleased to note that Miss Mamie Nesbitt, who has been under the doctor's care, is convalescing.

Harvesting is now the order of the day, but owing to the scarcity of rain this season, the crops are exceedingly light in this vicinity.

Mrs. Thomas and her daughter, Mrs. Doherty, are spending a few weeks with the former's sister, Miss Tillie Arkell.

Rev. C. Langford addressed the Orangemen in the Methodist Church on Sunday afternoon, July 9th.

Mr. Gillespie, of Guelph, is visiting his uncle, Mr. Wm. Stubbs.

On Tuesday evening, July 4th, the congregation of the Charleston Methodist Church held their annual Garden Party on the grounds of Mr. W. T. Harris, which are particularly well suited to an event of this kind. An enjoyable and delicious supper was served by the ladies of the congregation, who also dispensed ice cream and cool drinks during the evening. The chair was occupied by the Rev. C. Langford, who, in a felicitous address, welcomed the people. A splendid programme was furnished by the Alton Band, Messrs Lindsay, Harrison, Bark, and Norman Miles, the latter, although only a mere lad, rendering a number of Scotch songs in a manner that greatly delighted all present. Solos were also given by Miss Kirk, of Campbell's Cross, who also was heard with great pleasure. Addresses were delivered by Richard Blain, M. P., and Samuel Charters, M. P. P.

MONO MILLS.

Mr. Samuel Richardson and Mr. George Patterson, both of Toronto, visited friends here last week.

Miss Smith, of Winnipeg, and Mr. Arthur Perdue, of Campbell's Cross, spent Sunday at the home of Mr. Jackson Potter.

Mrs. (Rev.) F. Davey and Miss Kate Davey, of Cedarville, are visiting friends here.

Mr. Samuel Patterson, who has been so seriously ill, is much better.

Mr. and Mrs. Stephen and children, of Erin, spent Sunday with Mr. and Mrs. A. R. Mills.

Misses May and Ethel Stanley, of Toronto, are guests of Miss Jennie Speers.

Miss Margaret Speers has accepted a situation as teacher at Reading, Ontario.

One of our oldest residents passed away on Tuesday last in the person of Mr. Thos. Potter. Until recently, Mr. Potter lived on the sixth line south of the village where he succeeded in acquiring a fine property and a comfortable home. About two years ago he went to live at the home of his son-in-law, Mr. George Jackson, at Caledon East, where his death occurred. Mr. Potter was one of the old settlers of the country, having reached the advanced age of 90 years. He was a life-long member of the Presbyterian church and was highly esteemed by all who knew him. He leaves to mourn his loss, five daughters; Mrs. R. J. McNichol, Toronto; Mrs. Wm. Morris, Caledon; Mrs. Stewart Mason and Mrs. Geo. McManus, Mono Mills and Mrs. Geo. Jackson, Caledon East, and three sons, Samuel and Hugh of Caledon, and Oswald, on the old homestead. He was predeceased by his wife, one daughter, Mrs. O. E. Tench and one son, Thos. N. The funeral was held on Thursday afternoon to Mono East cemetery, Rev. J. A. Black, assisted by Rev. Hugh Matheson, conducting the services.

MELVILLE CROSS.

Mr. David Knight will use his high-class phonograph on Friday evening, July 21st, to furnish an entertainment in the Methodist Church here. Proceeds for the benefit of the Sabbath School.

WALDEMAR.

The farmers of this neighborhood, who have been rather long-faced of late, are wearing broad smiles since the delightful rains on Saturday and Sunday nights. No doubt the prospect did not look very promising and there was good reason for the evident discouragement. The hay season is now almost a thing of the past with very many of the farmers. The crop is fair, but hardly up to the average of former years.

Mrs. Hastings, of Station St., has returned home after spending a fortnight with her son, Thomas, and family at West Toronto.

Mrs. Chester Kennedy, of Moose Jaw, and her family are on an extended visit amongst their many friends in and around Waldemar. Mrs. Kennedy is the youngest daughter of the late John Mann, of East Garafraxa, and a sister of Mrs. John McFadzean, of Waldemar.

Mrs. John Edgar, of Hespeler, formerly of this section, has been renewing old acquaintanceships in this vicinity for the past month.

Miss Charlotte Lovell is spending a few days with her parents on Station st., before returning to Brampton.

Mr. Joseph Little, of Teeswater, made a brief call on one of our lady residents one evening last week. Joe appears to have a warm corner in his heart for Waldemar's fair damsels.

Mr. T. H. McDowell and Mr. Garfield Tolton were the quality at the home of Mr. and Mrs. John K. Warnock, 12th line, Garafraxa.

Mr. John Groskurth is thinking seriously these days of making the purchase of a two-seated family touring car. We hope the deal will soon be closed.

Miss Margaret Young, of Fergus, is visiting her uncle and aunt, Mr. and Mrs. James Tate, and her cousins, Mr. and Mrs. George Gamble, 9th line, Amaranth.

Miss Jean McFadzean left here on Monday evening for a fortnight visit with friends in Fergus, Galt and Preston.

Rev. J. R. Bell, of Laurel, is to be congratulated on the delightful sermon delivered to the Orangemen of L. O. L. 566 on Sunday, July 9th. We trust that all who heard the discourse will take it to heart and be benefited thereby.

Mr. Wm. Lovell is rushed with orders for fresh lime, which he will have ready for transportation on Friday next.

W. P. Tolton and Son are doing considerable repair work to the sawmill and dam. When completed the work will undoubtedly be a first-class job.

LEE—MacLEAN.

Miss Alice MacLean, of Winnipeg, Manitoba, and S. Carson Lee, of Portage La Prairie, Man., were the first young couple who plighted their troth in July. Their marriage took place last evening at the home of the bride's brother-in-law and sister, Mr. and Mrs. M. L. Helgerson, 2437 Colfax Avenue S., and it was solemnized at a beautifully appointed ceremony. Mr. Helgerson gave his sister-in-law in marriage at 6 o'clock.

Rev. Edgar C. Haupt officiated before an improvised altar of smilax, and cream roses outlined by tall palms. The color note of the decorations was in pink, cream and green, and these colors showed in the living room and in the reception hall, but in the dining room yellow prevailed, suggested by artistic arrangements of yellow daisies.

Miss MacLean wore an empire gown of imperial satin crepe made with a full train; the bodice was fashioned of Duchess lace with pearl ornaments. Her bridal veil was of Brussels net fastened with lilies of the valley and she held a white leather prayer book. She wore as a jewel a pearl pendant, the gift of the bridegroom. The only attendant was little Violet Murray, who in a pretty white frock, preceded the bride as flower girl.

Miss Dorcas Emmel presided at the piano and played the "Lohengrin" wedding march as the processional and during the ceremony she softly played "Waldesrauschen." Before the service, Mrs. Helgerson sang, "O Promise Me" and after the vows had been spoken she sang, "A Song of Thanksgiving." Miss Emmel played her accompaniment.

A wedding dinner was served after an informal reception and later in the evening Mr. and Mrs. Lee left for Montreal from which port they will sail on a two months' tour of the British Isles.

The out of town guests were Miss Elizabeth MacLean and Professor C. H. Lee, both of Winnipeg, Man.—The Winnipeg Journal, Sunday, July 2nd, 1911.

Mr. Lee, who is Principal of Schools in Portage la Prairie, is a son of Mr. Chas. Lee, York St. The Banner joins his many local friends in extending congratulations.

DR. A. W. CHASE'S CATARRH POWDER 25c.

is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. 25c. blower, free. Accept no substitutes. All dealers or Edmanson, Bates & Co., Toronto.

Are Your Kidneys Working Properly?

It Will Pay You Well to Make Sure

There's been a lot of "guessing" about rheumatism and rheumatic pains generally, but you can be dead sure that little pain across your back came from deranged kidney action.

The kidney's duty is to filter the blood—take out the impurities collected by the returning blood stream—do it just like absorbent cotton in a funnel filters the impurities from polluted water.

When the kidneys are not working you are bound for one of two courses—Diabetes and Bright's Disease or Rheumatism, Lumbago and Sciatica. The former course is usually fatal, and the latter always painful, but you need not have either, as they both can be easily prevented.

The very best prescription for all kidney troubles is Nyal's Stone Root Compound. It is no "patent" medicine, but a scientific prescription composed of Stoneroot, Buchu, Juniper and other remedies of proved value. More than that, it has been proved by thousands who have had glad relief from its use.

There's nothing quite so miserable as the dragging results of sick kidneys. You are trifling with your own future when you neglect so simple a precaution, as a pleasant home treatment with Nyal's Stone Root Compound when results are so certain.

It soothes bladder irritation, gives you rest and comfort at night, and makes life once more enjoyable.

The kidneys, liver and bladder are all dependent upon one another, and Nyal's Stone Root Compound is particularly designed to help them all.

Sold and guaranteed by Dr. A. J. Hunter & Co., A. T. Howard, Orangeville.

Nyal's FAMILY REMEDIES

THE DRUMMERS' SNACK.

Commercial Travellers Hold Successful Annual Outing at Georgetown

The annual picnic of the Drummers' Snack Club of Commercial Travellers, held at Georgetown, Friday and Saturday, the 14th and 15th of July, was a huge success. Proceedings commenced a little earlier in the the week this year than is customary owing to the fact of the Georgetown bowlers having issued a challenge to the Club for a game on Thursday evening. A very pleasant evening's sport was enjoyed by about thirty drummers.

On Friday evening everything was ready for the big opening concert. The band struck up and all went nicely to an audience of over a thousand people in the opera house when the rain commenced to fall. Everybody picked up his or her chair and ran for the hall. Here the balance of the programme was given in spite of the talent as had escaped the drenching. After the concert, the sheets having dispersed, the great fireworks display was held, and was a grand spectacle. This over and it was after midnight the merrymakers sought the arms of Morpheus to gather strength for further pleasures on the morrow.

Saturday morning at 9 the annual meeting was held, when officers and committees were elected for the ensuing year. Mr. Geo. Singe, of Hamilton, representing H. E. Bond & Co., was elected President; Mr. W. Meen, Toronto, "Melagama Tea," Vice-President, and Mr. Philias McIntosh, of Toronto, Secretary-Treasurer. Toronto and Hamilton had six representatives each elected to the executive committee; London, two; Guelph, two; Berlin, two; Orangeville, two (Messrs. O. Wilder and B. Groskurth), and Owen Sound, one.

The baseball match between Toronto and Hamilton resulted in the Ellis cup going to Toronto for the first time in two years, the score being 16 to 8 in Toronto's favor. The indoor match for the Wildfong cup was won by the Vice-President's team.

Saturday afternoon saw some fine sports. In the open races, some very fast running was seen, and even the travellers sprang some surprises. The prizes were numerous and costly. The calithumpian parade was declared by all to be the best yet. It was nearly a mile long, and almost every nationality was represented in costume. The silver cornet band was a decided novelty.

Altogether the snack was decidedly the best yet held, over 550 drummers being in attendance, most of them with their families. The citizens of Georgetown and vicinity accorded loyal support. In fact history will date from the Great Drummers' Snack of 1911.

New Radium, Silk Foulards in navy and white, rose and white, tan and white, and Black and white, satin finish, regular 50c, special price per yard, 25 cents.

PARISH OF EAST MONO.

Rev. Bishop Reeve, Assistant Bishop of Toronto, visited this parish on Sunday, July 9th, for the purpose of administering the rite of confirmation. Sixty-seven candidates were presented by the rector, the Rev. R. J. W. Perry. Ten of these were members of St. Paul's, Mono; thirteen were from St. John's Church, Mono; thirteen from St. James', Hockley, and thirty-one from St. John's, Mono Mills. The addresses of the Bishop at the respective places were very much appreciated by the large congregations and were very helpful to the newly confirmed, giving them much food for spiritual thought. It is to be hoped that this is but the beginning of a season of deep spiritual blessing.

Semi-Ready

Clothing

DEEP SEA DIVERS.

Death Always Hovers Round Them While They Toil.

PERILS THEY HAVE TO FACE.

The Awful Pressure of Water and Air That May Bury or Burst Them—The Helmet Telephone a Wonderful Aid In Work and in Times of Danger.

It is surprising to learn how many uses there are for divers. The navy, of course, employs many to set submarine mines and torpedoes and to attend to investigations of the condition of ships' bottoms. Bridge construction companies use them, as do those who build dams, waterworks and reservoirs. Waterworks in large cities keep a diver on their staff constantly. Wrecking companies need their services, and the profession of underriver tunneling makes many demands on the time and skill of the man in armor.

Since Smeaton in 1779 designed a pump to supply air to the diving bell little real improvement in the art has been made, save in detail of helmet and clothes, until the invention of the telephone. The greatest advance ever made in the art, divers will tell you, is the combination of the telephone with the diving suit. Before its advent divers had to depend entirely upon pulls on the life line for communication with the surface and upon signs to each other when under water if two wished to communicate. Today the modern diving helmet is equipped with a telephone, and the diver can not only hear what is said to him from the surface, advise those in charge of his pump as to whether the air is "coming right" or not, but he can communicate to a brother diver and hear the instructions sent to him from the surface, all of which facilities are of great assistance in the work.

At first thought it may not seem so difficult a thing, this going down under water and breathing air sent in from a pump by a tube. But the physical drawbacks to the work are enormous. For every ten feet a diver descends he sustains an additional pressure of four and a half pounds over every square inch of his body. What this means may be better understood when considering the greatest depth ever made by a diver—204 feet. His body at that depth sustained a pressure of eighty-eight and a half pounds to the square inch over and above the fifteen pounds always sustained when in the air.

Divers must descend very slowly, swallowing as they go; otherwise they may bleed at the nose and ears and even lose consciousness. And they must ascend even more slowly than they descend, particularly when coming from great depths; otherwise they may literally burst from internal air pressure. At the least, too sudden a rise may cause an attack of that terrible disease known to tunnel workers called caisson disease, or the bends, in which air gets into the tissues under pressure and causes the most extreme torture.

The diver, getting ready to descend, clothes himself in very heavy underwear of guernsey or flannel, the drawers well secured to prevent slipping, and adds a pair of heavy woolen socks.

If the water be cold two such suits may be worn. If the depth to be negotiated is great cotton soaked with oil is put in the ears or a heavy woolen cap pulled down over them. Shoulder pads, if worn to take the weight off the helmet, are next tied on, after which the diver wriggles into his heavy suit of rubber and canvas. Next come the inner collar and the breastplate, which are secured with clamps to the rubber dress, the utmost care being taken in this operation not to tear or pinch the rubber. Finally the shoes are fitted on and the rubber gloves clamped to rings in the sleeves.

The helmet is the last to go on, and never before the valves and telephone have been tested. The attendants start to pump as the helmet is clamped home. The helmet is attached to the pump with a rubber tube, which is canvas and wire protected. No diver descends, after the helmet is put on, until he has tested the outfit and found that his air supply is sufficient and the pump working properly.

He is supplied with a life line, with which he can signal should his telephone get out of order and by which he may be drawn to the surface should he become helpless for any reason. He must take great care when walking about on the bottom not to foul his life line or his air tube and for this reason must always retrace his steps exactly to his starting point if he has gone into a wreck or about any obstructions. For the same reason two divers working together must be careful not to cross each other's path.

Sometimes the life line may become so entangled in wreckage that it must be cut, and then there is danger of the diver not finding his way back to his boat or float, especially if the bottom is muddy and fouls the "seeing." But the greatest danger of all, of course, is that the tube be cut or the diver faint. In either case he is in desperate straits. If the man handling the life line "feels" anything wrong he will haul the diver up willy nilly and regardless of the severe bleeding at nose and ears which will result from too rapid a rise to the surface. But if the diver be inside a wreck or if his life line gets tangled in wreckage such hauling would do no good. It is in situations like these that the slender connecting link of telephone wire means so much to the men who risk their lives far beneath the surface of the water.—Scientific American.

Salt Rheum On the Hand

Yielded only to the soothing, healing influence of DR. CHASE'S OINTMENT.

In addition to the suffering and annoyance caused by eczema and salt rheum there is always danger of the trouble spreading and becoming chronic. For this reason the use of Dr. Chase's Ointment should be regular and persistent until the cure is thorough and complete.

Mrs. John J. Delory, Linwood, Antigonish county, N.S., writes:—"I want to say that Dr. Chase's Ointment has proven a great blessing to me. I had salt rheum on one hand, and could not get it healed up. The itching was most distressing at times. Two boxes of Dr. Chase's Ointment has cured me completely, and I gladly recommend it to every sufferer."

In every home there is a demand for Dr. Chase's Ointment. It is particularly useful where there are children. Chafing and skin irritation are relieved at once and eczema is cured by this soothing, healing ointment. 60 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

MONO COUNCIL.

Council met at Mono Centre on June 16th. Members all present. Reeve in chair. Minutes of last meeting read and adopted.

Parks-Henry—That the Reeve is hereby empowered to act in the capacity of Treasurer until the Treasurer is convalescent and able to perform the duties of the position.

The following wire fence accounts were ordered to be paid :— Mark Varey, 120 rods, $36.00; Joseph Howard, 30 rods, $9; Carter Boyle, 51 rods, $15.30; Robt. Snell, 60 rds. $18.

The following accounts were ordered to be paid :—D. Scott, oil and oil can for grader, 50c.; John Wilson, moving grader, $3; John Pierson, repairing bridge, $4.50; O. Banks, repairs to grader, $5; T. Brown, medicine supplied R. Buchanan, $1; T. E. Hanna, 2 road scrapers, $17; John Moore, painting steel bridges, $3.00.

Henry-Parks—That in regard to petition of Samuel Liddy and 33 others asking for a deviation through lot 32, con. 3, no action be taken.

Council adjourned to meet again on Friday, August 4th.

A special meeting was held at Mono Centre on June 30th. Members all present. Reeve in the chair. Minutes of former meeting read and adopted.

A by-law was introduced, read the required number of times and passed appointing James Colwell treasurer of the township.

Moffit-Henry — That the sincere sympathy of this council, as well as the township generally be extended to Mrs. Woodland and family in the grievous affliction they have sustained in the loss of a kind and affectionate husband and father and that the clerk forward a copy of this resolution to Mrs. Woodland.

A by-law was introduced, read the required number of times and passed, appointing Geo. Crozier and Frank Island, auditors, to audit the books of the late treasurer.

The following wire fence accounts were ordered to be paid :—George P. McNabb, 167 rods, $50.10; J. W. Armstrong, 108 rods, $32.40; Percy Armstrong, 64 rods, $19.20; Rich. McFadden, 40 rods, $12.

The following accounts were ordered to be paid :—T. E. Hanna, two road scrapers, $17; J. E. Smith, grader blade and express, $10.65; J. A. McFadden, watering can, 60c.

Council adjourned to meet again on August 4th.

COFFEE AND TEA.

The Bean Improves With Age, While the Leaf Deteriorates.

Coffee beans improve with age. Five year old coffee is better than the new crop and fetches a higher price in the market. In two years coffee will lose 10 per cent in weight, but it will increase more than 10 per cent in price. Coffee should be used quickly after roasting. If the brown beans appear oily the oil should be dried off in a quick, hot oven; otherwise it will undergo a chemical change which will affect the flavor.

While coffee beans dry with age, teas absorb moisture even when in zinc lined chests. Tea likewise deteriorates with age. It doesn't lose strength so much as it does its drawing quality, which is another name for flavor or bouquet. So careful are the tea packers to insure an entire absence of moisture from the tea when being placed in the zinc or lead lined chests that they have the tea leaves sun dried and then heated before packing. The tea goes into the chests too hot to handle with bare hands and is sealed up in air tight packages before it has time to cool and before the slightest suggestion of moisture reaches it.—New York World.

The First In the World.

The combining of the reconstructive with the tonic treatment in the cure of diseases was first embodied in that wonderful medicine, Merrill's System Tonic. The blood is purified, new blood is made. The nerves, muscles and tissues of the heart, stomach, liver and kidneys are toned and strengthened and nature is then enabled to throw off the disease which has been ravishing the body. The thousands of cases of constipation, catarrh, chronic rheumatism and general weakness already cured proves System Tonic a wonderful medicine. All Druggists, 50c or postpaid from The Merrill Medicine Co., Merrill Building, Toronto.

Sold and recommended by Thos. Stevenson, Druggist.

TOMBS OF SAND.

Cape Cod's Treacherous Shoals and the Prey They Grip.

Secrets of the sands of Cape Cod are constantly being disclosed by the sea. In the many storm tides that flood the desolate beaches the hulks of stanch ships lost along the coast on the half hundred miles of beaches between Monomoy at Chatham and Wood End at Provincetown are frequently exhumed from tombs of sand.

Sometimes a wreck appears that has been buried a century or more, as in the case a few years ago of the bones of the British frigate Somerset, whose timbers of oak were disclosed to view back of Provincetown, near the life saving station in Dead Men's Hollow. The Somerset was lost on Peaked Hill bars Nov. 2 or 3, 1778.

Once a vessel is gripped by the sands the process of entombing her goes on with great rapidity, the craft appearing to sink steadily in the yielding beach. All around the doomed vessel the sand piles up in great drifts, like snow. Every crevice of the hull is quickly filled. The sand rises in a solid barrier outside it and flows about it as the tides flood the shelving beaches. Finally it sweeps over the wreck, and the process of entombing goes on until the entombed craft is covered many feet deep.—Boston Globe.

SURE TO BE MISSED.

A Famous Cook's Lament on the Death of His Royal Master.

The most successful book that was published by William Harrison Ainsworth during his first year of business, says Mr. S. M. Ellis in his biography of the English author and publisher, was a cookbook. It was "The French Cook," by Louis Eustache Ude, "the Gil Blas of the kitchen."

This unique study of the culinary art brought in a handsome sum to the astute young publisher who had purchased the copyright, and the book was in the hands of every gourmet in London.

Ude had been chef of Louis XVI., of Mme. Letizia Bonaparte and then of the Earl of Sefton, at a salary of 300 guineas a year. At another time he presided over the culinary department of the Crockfords, but his favorite master was Frederick, duke of York. When the royal gormand died his bereaved chef pathetically ejaculated: "Ah, mon pauvre duc, how much you will miss me, wherever you are gone to!"

Odd Word Survivals.

Far away back in the days when the English language was in its infancy there were poets who wrote of the blossoms on the trees in the spring. They didn't write "blossom," however, but used the word "blow" and made it rhyme with snow and flow. When they wished to sing of the beautiful mass of apple or hawthorn flowers they called it the "blowth." This word is found in the dictionaries, which assert that it is obsolete, but it is very much alive in Rockingham county, N. H., and York county, Me. The orchardist thereabout speaks of a "full blowth" or "light blowth" on his trees in May and predicts a good or poor "set" of the fruit in consequence.

"Orts" are supposed to be refuse of some kind, but in the valley where the Piscataqua river mingles with the sea "orts" is the name for "swill."—Exchange.

Tricking the Bobby.

A Dublin eccentric a short time ago entered a purveyor's shop and bought a ham. Having paid for his purchase, he requested that it should be hung outside the shop door, saying that he would call back for it. The customer then paced up and down outside the shop till a policeman came in sight, and just as the man in blue caught his eye he grabbed the ham and bolted. The constable, however, soon collared the thief, as he thought, and hauled him back to the shop. Having explained the nature of the alleged crime to the shop assistant, he asked the latter to charge the offender.

"But," said the assistant as he realized the joke, "it's his own ham. He was quite at liberty to take it in any circumstances he chose."—London Answers.

Weatherwise Birds and Fish.

The seagull makes a splendid living barometer. If a covey of seagulls fly seaward early in the morning sailors and fishermen know that the day will be fine and the wind fair, but if the birds keep inland, though there be no haze hanging out toward the sea to denote unpleasant weather, interested folk know that the elements will be unfavorable. Of all weatherwise fish the dolphin is the most remarkable. During a fierce gale or a storm at sea the mariner knows that the end of it is near if he can see a dolphin or a number of that fish sporting on the high sea waves.

Faith Destroyed.

"I'll never believe in phrenology again."

"Why?"

"We had a phrenologist in our house the other night and got him to feel the cook's head. He said her bump of destruction was small."—Chicago Record Herald.

Easy.

"Women," remarked the grocer, "are not hard to please."

"So?" interrogated the bachelor.

"Yes," continued the grocer. "All you have to do is to let them have their own way."—Chicago News.

That which comes after ever confirms to that which has gone before.—Marcus Aurelius.

DRS. KENNEDY & KENNEDY

CURE DISEASES OF MEN

PATIENTS TREATED THROUGHOUT CANADA FOR 20 YEARS

DR. KENNEDY, MEDICAL DIRECTOR OF DRS. K. & K.

Drs. K. & K. are favorably known throughout Canada where they have done business for over 20 years. Thousands of patients have been treated and cured by their great skill and through the virtue of their New Method Treatment. When you treat with them you know you are dealing with responsible physicians as they own and occupy their own office building in Detroit, valued at $100,000. When they decide your case is curable, all your worry is removed for you know they will not deceive you. They guarantee to cure all curable cases. No matter how many doctors have failed to benefit you; no matter how much money you have spent in vain; no matter how discouraged you may be, don't give up in despair until you get a free opinion from these master specialists. If you are at present within the clutches of any secret habit which is sapping your life by degrees; if you are suffering from the results of past indiscretions; if your blood has been tainted from any private disease and you dare not marry; if you are married and live in dread of symptoms breaking out and exposing your past; if you are suffering as the result of a misspent life—Drs. K. & K. are your Refuge. Lay your case before them confidentially and they will tell you honestly if you are curable.

THE GLORIOUS TWELFTH.

53 Lodges Take Part in Celebration in Shelburne.

Laurel Lodge Won Prize for Largest Turnout of Members.

(Shelburne Economist.)

The celebration of the 221st anniversary of the Battle of the Boyne held in Shelburne yesterday (Wednesday) was by long odds the biggest celebration the town has ever seen. There were 43 lodges in the procession, the greatest previous record being 30, in 1901. The weather was ideal, the change to cooler after the long spell of extreme heat being most enjoyable. The crowd began to arrive early, the first lodge to drive in being on hand at 8.30 o'clock. The 8.34 train from the north brought another. Then they drove in steadily from all directions till there were about 20 lodges on hand at 11.15, when the crowded special of 16 coaches from Dunham and Owen Sound pulled in with 18 lodges more on board. Still more came on the regular morning train from the south, due at 10.37, which was an hour late. As the lodges arrived they were met by Marshals T. H. Reburn and J. Reburn and East Grey Director of Ceremonies Robinson, of Dundalk, and escorted to the town hall where the colors were deposited. At 1.30 the procession was formed on the Agricultural Society grounds and proceeded to the E. Berwick park, where the addresses were delivered. On the return from the park the fife and drum contest took place at the town Ghall. At the conclusion of this contest the crowd began to disperse, and once begun the process of dispersal was a rapid one. At 6 o'clock the big special for the north pulled out. By 7 only a remnant of the record crowd was left.

The Committees in charge of the arrangements were as follows:—General Committee—H. Falconer, H. Galbraith, R. L. Mortimer, T. Murray, D. McCurdy, H. Reburn, D. J. Reburn, T. H. Reburn, L. Reburn, H. White. Priming, H. Falconer, R. L. Mortimer. Railway—H. White, H. Falconer. Decoration—D. McCurdy, T. Murray, L. Reburn. Reception—H. Reburn, D. J. Reburn, T. Murray. Music—T. H. Reburn. Entertainment—D. J. Reburn, H. Reburn, H. Galbraith.

Although 43 lodges were counted in the procession, only 38 of them registered in the crush at the town hall in the forenoon. Those registered were as follows:—

L. O.L. No. 1201, Masonville, 30 members on parade, W. Fleming, W. M.
No. 1246, Black Bank, 35, H. Crawley.
No. 1082, Ruskview 39, J. Moody.
No. 1125, Horning's Mills, 40, T. Emerick.
No. 345, Violet Hill, 45, J. J. Hand.
No. 1083, Relessey, 50, J. A. McFadden.
No. 946, Monticello, 50, W. J. Watt.
No. 508, Melancthon, 40, Wm. Grey.
No. 1745, Kingscote, 30, Hugh Nelson.
No. 355, Perm, 30, T. Gallaugher.
No. 353, Corbetton, 30, N. G. Byers.
No. 1202, Proton, 30, J. C. McMillan.
No. 252, True Blues, Dundalk, 30, W. J. Armstrong.
No. 801, Chatsworth, 23, H. N. Norton.
No. 509, Orange Valley, 35, J. Gibson.
No. 992, Walter's Falls, 25, T. Basker.
No. 1261, Holland Centre, 26, D. Telford.
No. 861, Dromore, 20, A. Hooper.
No. 566, Waldemar, 60, J. H. Groskurth.
No. 330, Laurel, 145, J. Bryan.
No. 851, Bowling Green, 40, I. Walker.
No. 433, Campania, 60, G. Davis.
No. 1277, Primrose, 40, S. Buchanan.
No. 9, Rosemont, 25, Rev. J. M. Blodgett.
No. 1099, Rich Hill, 40, W. J. Hamilton.
No. 366, Whitfield, 35, M. Bailey.
No. 909, Melancthon Station, 40, Jos. Duke.
No. 176, Berkeley, 50, W. Crawford
No. 1045, Markdale, 60, George Walker.
No. 1321, Shelburne, 40, R. J. White.
No. 1136, Swinton Park, 50, N. G. Wilson.
No. 632, Durham, 25, B. H. Mills.
No. 737, Inistioge, 20, N. Nicholls.
No. 883, Waterville, 30, Wm. Swanton.
No. 797, Dundalk, 40, J. Carson.
No. 1192, Glenelg, 30, J. Brown.
No. 689, Varna, 25, Jas. Petty.

The procession, which was timed to move off at 1.30 was formed in the Agricultural Society Grounds, William St. The lodges were divided into three divisions.

Division No. 1, which formed on the north of the grounds, consisted of the Durham District lodges and other lodges from the north not in jurisdiction of East Grey County Lodge. Markdale Citizens' Band accompanied this Division.

Division No. 2, which formed on the south of the grounds, consisted of all the visiting lodges from Dufferin not in the jurisdiction of East Grey County Lodge. Dundalk Citizens' Silver Band accompanied this Division.

Division No. 3, which formed in the centre of the grounds, consisted of the lodges in the jurisdiction of the East Grey County Lodge. The 36th Regt. Band, of Shelburne, accompanied this Division.

The route of march was from the Agricultural Society Grounds on Owen Sound St. to Second Avenue; Second Avenue to Gordon St.; Gordon St., to Main St., west; Main St., to the Berwick park, Main St., East.

Mr. G. M. Vance, K. C., presided over the speech-making proceedings in the E. Berwick park. Addresses were delivered by J. Best, M.P., C. R. McKeown, M.P.P.; Mr. R. J. Woods, Rev. J. N. Blodgett (Rosemont), Mr. Murphy (County Master of Simcoe), Rev. Mr. Campbell (Eugenia), Rev. J. R. Bell (Laurel), Rev. E. W. Hartley (Durham). Resolutions were passed condemning bilingual schools and the ne temere decree.

The five dollar prize to the lodge coming the longest distance was divided between Chatsworth and Massie lodges.

The five dollar prize to the lodge with the largest number of its own members in the procession was awarded to L. O. L. No. 330, Laurel, with 145 members on parade.

The five dollar prize for the best fife and drum band (one fifer and one drummer) was awarded to L.O.L. No. 861, Dromore, Mr. J. W. Blakely being the fifer and Mr. J. Long the drummer.

A large crowd attended the lacrosse match between Markdale and Orangeville teams, on the Agricultural Society grounds, in the afternoon. Markdale won it by 9 goals to 6.

After the lacrosse match a football match was played on the Agricultural Society grounds between Orangeville and Primrose teams, which resulted in a tie, each team scoring one goal.

The feeding of so large a crowd was a problem but the three hotels, the U. B., Presbyterian and Methodist churches, and the restaurants managed it quite well, everything considered.

The oldest Orangeman in the parade was Mr. S. Brown, 90 years of age, and 72 years an Orangeman, who marched with No. 508 Riverview.

In 1884, the demonstration in Shelburne was taken part in by 26 lodges; 1887, 26 lodges; 1889, 21 lodges; 1891, 14 lodges; 1892, 13 lodges; 1894, 11 lodges; 1896, 22 lodges; 1898, 14 lodges; 1899, 11 lodges; 1901, 30 lodges; 1903, 18 lodges; in 1904 the celebration was on so small a scale The Economist did not report the number of lodges; 1907, 27 lodges; 1910, 13 lodges; 1911, 43 lodges.

The extremely interesting four-act comedy drama, "Tennessee's Partner," was given in the town hall at night, by local amateurs, under the auspices of L.O.L. No. 1321, Shelburne. This play proved highly popular on its presentation by local amateurs three years ago and its popularity did not suffer by last night's performance. Several of the parts last night were taken by the same persons who figured in the original presentation here. The cast of characters was as follows:—Asa Bice, a miner, W. M. Berwick; Caleb Swan, a gambler, Dr. T. Babe; Barlow, a miner, D. McCartee; Ge-Willigher Hay, a drunk, J. R. Berwick; Spike, a coroner, Geo. Robinson; Tom Romain, H. F. McNichol; Nettie Bice, Elsie McKitterick; Mrs. Hay, Jessie Galbraith; Tenessee Kent, Ena Babe.

THE CURSE OF THE NATION IS CONSTIPATION

"Fruit-a-tives" Alone Cures This Disease

A famous scientist states that Constipation, or non-action of the bowels, causes more deaths than all other diseases combined. Constipation inflames the Kidneys, ruins digestion, is the foundation of Rheumatism, poisons the blood, causes Headaches, Neuralgia, Nervousness and Insomnia.

Constipation is caused by a weak or sluggish liver. Bile, the only purgative of the body, is secreted by the liver, which in turn should pour out into the intestines sufficient bile to move the bowels. Unless the liver is active, there cannot be enough bile to move the bowels regularly, and Constipation is the result.

"Fruit-a-tives", the famous fruit medicine, will always cure Constipation because it acts directly on the liver—relieves the congestion—increases the quantity of bile—and strengthens the bowel muscles.

50c. a box, 6 for $2.50, or trial size, 25c. At all dealers, or from Fruit-a-tives Limited, Ottawa.

NATURE STOPS

When the Kidneys Give Out.

Do you feel that you simply can't go any farther—that you must have rest for that lame and aching back—relief from that constant dead-tired feeling—freedom from those stabbing darting pains?

It is nature's warning that the kidneys are giving out and you need the help of Booth's Kidney Pills, the guaranteed kidney remedy. In every machine there is one part that works the hardest and gives out first. The kidneys work night and day, and naturally a life of unusual activity doubles the duties of the kidneys and in time the strain tells. The kidneys give out and nature cries "stop." Booth's Kidney Pills are sold by all dealers, 50c., postpaid from The R. T. Booth Co., Ltd., Fort Erie, Ont. There is no pill just as good. Send for a free box. The test will prove the truth of our statement. For sale by T. Stevenson, Orangeville.

Joseph Corby, a former well-known resident of Honeywood, and later of Horning's Mills, died at his residence at Silver Park, Manitoba, on June 1st, 1911, at the age of 71 years.

A Drama of The Camorra

Actual Occurrence of Today Told in Story Form

By ARTHUR A. TAYLOR

Copyright by American Press Association, 1911.

Occasionally certain events in which there is what we call romance need only to be put in story form to make them twin brothers to fiction. The following is an example:

Two men, apparently of the lower grade of Italians, sat chatting in a wine shop in Naples. The face and hands of one were begrimed with coal dust, for by the carrying of that fuel he earned his living; the other was not at the time following any especial calling.

"Gennaro," said the coal heaver, "tell me how to proceed to become a member of the Camorra."

"What do you mean by the Camorra?"

"Nonsense. I know that it exists and that you are a member of it."

"Well, Luigi, since you and I are close friends I will admit to you that I am a member of the Camorra. As to your getting into the society, you must prove yourself in full sympathy with its objects, which are to enable

"LUIGI, I AM IN LOVE."

its members to commit crime and evade the law. Why do you wish to join it?"

"That I may live without work. Look at these hands and my face covered with dust. Do you suppose I like such occupation? But what can I do? If I steal a few lira and am caught I go to jail. But suppose I belong to your society. I steal a thousand lira. I am arrested. The police suspect or know that I am a member of the Camorra. He from whom I stole the money knows me and that I stole it. But he learns that if he testifies against me he will incur the displeasure of the society. When he is called upon to identify me he cannot remember that he ever saw me before. He pockets his loss, and I spend his money.

"Suppose I desire to remove some one who stands in my way. If I attempt it alone I suffer death; if supported by your society I am not convicted—I go free.

"By the bye, Gennaro, they say the police have got on to the truth as to the Cuocolo murder."

Gennaro smiled contemptuously. "The police know nothing about that matter. I know everything."

"Well, what do you know?" asked the other indifferently.

"Do you suppose I, who have taken an oath not to reveal the secrets of the Camorra, would tell you, an outsider, what I know about this affair? When you are a member of the society you will know such things for yourself."

"Oh, I care nothing about that matter. What I wish is to be able to live without work. I have a few soldi left. Let us have another liter of wine."

A month later Gennaro Abbatemaggio was arrested for some small theft, and Luigi Bucini went to see him in jail.

"How is it, Gennaro," said the latter, "that you are in jail? Is your society powerless to protect you?"

Gennaro smiled. "Do you suppose the Camorra risks interfering in petty affairs like this? But wait till I am tried. Then you shall see me walk out of court a greatly wronged man."

"Well, you see that I don't forget you, Gennaro. I have brought you some fruit, some bread and a liter of wine. I managed to get my hands on quite a large sum of money recently, and I promise you that I will keep you supplied with comforts as long as it lasts."

"You are a true friend to do that."

"What else can I do for you?"

"There is something I wish you could do for me, but that is impossible."

"What is it?"

"Luigi, I am in love."

"Now, my dear friend, you are showing that you have some affection for me. Tell me all about it. It may be that I can help you. Does she live here in Naples?"

"No; in Capua."

"What is her name?"

"Bianca."

"And what is that you would have me do for you that I cannot do?"

"Enable me to marry."

Luigi was silent for a time, then said:

"I have a surprise for you, Gennaro. I am able to place you in a position to marry your love. You have given me your confidence; I will give you mine. Know, then, my dear Gennaro, that this sum I spoke of as covered my on is very large, and even sustracks so well that I am not myself in pected. But I am placing my hands by telling you of it. You can denounce me to the police and shall spend my time in jail instead of my money in ease and comfort."

"Go on," said Gennaro impatiently.

"Very well. As soon as you get out of here I will divide my good luck with you. I will enable you to marry this Capuan girl you love so well."

"Ah, my dear Luigi, what a man you are," said Gennaro, grasping his friend's hand, "and how much I shall owe you! Neither Bianca nor I have a soldi to marry on, but if you can lend me enough to set up a shop I will live a life like other people and not feel in constant dread. This will make the girl I love as well as me happy."

"I will lend you what you need for a shop and enough to start you in housekeeping. Goodby. I hope soon to see you happy and comfortable."

The next time these two men met Gennaro was out of jail and they were sitting in the wine shop where they first conversed. Luigi was speaking.

"I have the money ready for you, my friend, to enable you to marry your Bianca."

"And what am I to do in return for this favor?"

"Nothing of any importance. You know I have long wished to become a member of the Camorra. I cannot do that without a leverage. But fortunately you can supply that."

"How?"

"Tell me what you know about the Cuocolo murder."

Gennaro winced. "That is impossible."

"Then I must remain outside the society, and when I am caught defying the law I must spend the best part of my life, as you have lately been spending a few weeks, in prison, or perhaps if I put an enemy out of the way I shall suffer death."

"But I can't understand why a knowledge of this murder is so necessary to your attaining an entrance to the Camorra."

"I will tell you. There are men in it who would oppose my admission. With a knowledge of the circumstances connected with this murder the society would not dare to reject me."

"I see. But what you ask for the favor you propose doing me is not the unimportant return you consider it. Suppose you should"—

"Betray you? Do you think so little of my friendship as that?"

"No, no, but I have sworn."

"What is an oath to such men as we? It is fear that holds us, and so long as you have nothing to fear from me what matters it?"

"I will think it over."

Luigi paid for the wine they had been drinking and in doing so pulled out a great roll of bills. Gennaro saw them and fell under the temptation.

"Come with me," he said, "down to the sea wall. We will get a boat, go out into the bay, where we shall not be heard, and I will tell you all."

* * * * * * *

In a small street in Capua preparations are being made for a wedding. The groom is our old friend Gennaro; the bride is his Bianca. Both are better dressed than they have ever been before, and a feast more savory than either has ever partaken of is set before them and their guests. Bianca's father, who would not permit her to marry Gennaro so long as he had no visible means of support, is now going about in a new suit of clothes purchased with money borrowed from Luigi Bucini, with a broad grin on his face. The last of the wedding supplies, a barrel of wine, is being removed from a cart to the house.

And now the wedding party have returned from the church and are sitting around the festal board. Every one is happy, except that the groom keeps looking out of the window expectantly. Luigi has promised to attend the wedding, but has not yet put in an appearance. Presently a man in the uniform of the national police turns into the street where he could be seen by Gennaro, approaches the house in which sat the wedding party, opens the door and walks in.

Had he been a specter he could not have created more consternation. The groom looked at him, and every vestige of color left his face.

"Luigi!" he faltered.

"Do not trouble yourself about this change in my costume," said the sergeant of carabineers. "You and I are under the protection of the government. This wedding outfit and the capital with which you are to open your shop are advanced by his majesty the king. But more of this hereafter. For the present let us proceed with these wedding festivities."

Taking up a glass, he filled it with wine, held it aloft and said:

"To the health of our sovereign and the little bride."

The carabineer from that time passed under his real name, Capezzuti. Acting under the special orders of the king of Italy, he had undertaken to secure evidence in the Cuocolo murder case, with which the government proposed to attempt the breaking up of the celebrated Bella Suggieta Reformata (the Beautiful Reformed society), headed by Enrico Alfano. After the wedding festivities he took Gennaro into a private room, where they conversed for a long while. When they came out the groom was enlisted in the service of the government as a spy.

Probably no detective ever took greater risks during the period he was securing this important evidence than Sergeant Capezzuti.

AMARANTH COUNCIL.

Twp. Hall, Laurel, July 3rd, 1911.

The Council met at one o'clock p. m. on Monday, the 3rd, at the call of the Reeve, to open tenders for the construction of two steel bridges and to pass a by-law to provide funds for construction of said bridges. Minutes of previous meeting were read and confirmed.

Menary-West—That a by-law be introduced and read a first and second time to borrow money to build two steel bridges in the Township of Amaranth.—Carried.

Williams-Leader—That Council go into Committee of the Whole, the Reeve in the chair.—Carried.

Menary-Leader—That the Committee rise and report progress with blanks filled.—Carried.

Menary-Williams—That the following accounts be paid:—James Johnston, 6 days operating road grader, $12; William Ewing, grant on 8th line, $36; Wm. Wilson, repairing bridge on south town line, con. 5, $2; A. Myers, grant on 6th line from 25 to 30, $36; Thos. Whitten, commutation of statute labor, 1910, $2; W. P. Tolton, commutation of statute labor, 1910, $3; John J. Braiden, grant on 3rd line, opposite lot 27, $35; John Hambleton, grant on 25 side line, con. 6, $35.—Carried.

Leader-West—That the Clerk be instructed to notify the drain inspector to go on drains Nos. 9 and 10, and have them cleaned out as soon as possible.—Carried.

Menary-West—That a grant of $36 be given to 9th line between 20 and 25 side lines, $20 be granted to 10th line between 15 and 20 sidelines, also a grant be given to 25 sideline, con. 9 of $15.—Carried.

West-Williams—That the Reeve, Deputy-Reeve and Clerk be a Committee to open tenders and award the contract of concrete abutments for the steel bridges, said Committee to meet at 7.30 p.m.—Carried.

Leader-West—That the Engineer be authorized to furnish a competent inspector to oversee the bridges while in course of erection.—Carried.

Menary-Williams—That Council adjourn to meet on the 7th day of August at the hour of 10 o'clock a.m.—Cd.

JOHN BRYAN, Reeve. E. HAMILTON, Clerk.

HUNDREDS OF YACHTS.

L. Y. R. A. Regatta at C. N. E. a Wonderful Sight.

Between three and four hundred yachts on Lake Ontario in front of the Canadian National Exhibition Grounds will make one of the prettiest sights ever afforded the patrons of the Fair. All the finest yachts from the lake ports on both sides of the line will be gathered there to take part in the regatta of the Lake Yacht Racing Association, August 28th to Sept. 5th. International races for the historic George and Fisher Cups will be sailed during the Regatta.

Mr. John Verner, of Bolton, met with a severe accident a week ago Thursday. While plastering the inside of a silo the scaffolding gave way and he fell a distance of 16 feet.

Electric Lighting

If you are thinking of having your house wired for electric light, I will do your work properly and at a moderate price. Have you ever thought how important it is to have wires properly insulated? I have given this matter special study and if I do your work you need not have the slightest fear of danger from defective wiring.

Repair work attended to promptly.

I also make a specialty of Bath Work and all kinds of Plumbing.

JOS. HILTS,

MY DAUGHTER WAS CURED

By Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"I send you herewith the picture of my fifteen year old daughter Alice, who was restored to health by Lydia E. Pinkham's Vegetable Compound. She was pale, with dark circles under her eyes, weak and irritable. Two different doctors treated her and called it Green Sickness, but she grew worse all the time. Lydia E. Pinkham's Vegetable Compound was recommended, and after taking three bottles she has regained her health, thanks to your medicine. I can recommend it for all female troubles."—Mrs. L. A. CORKRAN, 1108 Rutland Street, Baltimore, Md.

Hundreds of such letters from mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them have been received by the Lydia E. Pinkham Medicine Company, Lynn, Mass.

Young Girls, Heed This Advice.

Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should take immediate action and be restored to health by Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by its use.

Write to Mrs. Pinkham, Lynn, Mass., for advice, free.

PRESENTED AGENT WITH PURSE.

C. P. R. Employees Honor Mr. John Howard.

On Friday evening, June 30th, a number of railwaymen assembled in the C. P. R. station in Orangeville, and surprised the retiring C. P. R. agent, Mr. John Howard, by presenting him with a purse and the following address :—

Dear Mr. Howard,—Your friends, having learned that you are about to sever the official connection, which for a third of a century has bound you to the Canadian Pacific Railway, beg to tender you some testimonial of the high appreciation and good-will entertained towards you, not only by the employees of the road but by all classes of the community with whom you have come in contact in matters of business and otherwise. As the trusted representative in our midst of one of Canada's greatest enterprizes, we have long noted and admired the loyalty and devotion with which you exerted your talents and energies to the weal of your employers. As a public spirited and enlightened citizen your voice has ever been heard in support of justice and integrity in the administration of our public affairs, while your social and private virtues have made you one of whom it may be truly said, "A man he is to all the country dear."

We rejoice to know that you will continue to reside among us, that you are simply retiring from the storm and stress of active life to enjoy a well earned rest after duty done.

We now ask you to accept this purse as a slight token of our esteem and to wish you health and happiness in the seclusion of private life in which it is your pleasure to retire.

Signed on behalf of the committee appointed to draft this address.

A. E. McCullough, Secretary. W. H. Stephens, Chairman.

Mr. Howard, who was taken completely by surprise, made a feeling reply and thanked his fellow-employees for the kindness and loyalty they had always shown him.

Mr. Howard, who has been C.P.R. agent in Orangeville for fifteen years, retired from the Company's service on June 30th. He had reached the age limit two years ago, but he was such a satisfactory employee that his services were retained.

SKIN SOFT AS A CHILD'S

"I was a great sufferer from eczema and salt rheum for years," writes Mr. John W. Naas, Lunenburg, N.S. "Five years ago three boxes of Dr. Chase's Ointment cured me and the old troubles never returned. My skin is soft as a child's now, and I shall always say a good word for this Ointment."

LOSSES BY LIGHTNING.

At their meeting on July 3rd, the Directors of the Dufferin Farmers' Mutual Fire Insurance Company authorized the payment of the following claims for losses by lightning: H. Bell, Amaranth, sheep killed, $9.60; Andrew Jamieson, Melancthon, two cows killed, $96; Wm. McGhee, Melancthon, steer killed, $16; John A. Russell, Melancthon, sheep, $5; R. J. Noble, Mulmur, house damaged, $2; Thos. Garbutt, Amaranth, damage to barn, $3; W. H. Reid, Mono, damage to barn, $15; R. H. Porter, Mulmur, three horses and one pig killed, $310; Wm. Gallaugher, Mulmur, horse killed, $100; Wm. Fawcett, Melancthon, damage to barn, $15.92; Thos. Dudgeon, Mulmur, damage to barn, $4.70; Isaac Jordan, Melancthon, barn burned, $1050.—Total losses paid $1627.22.

Ritchie Bros.' special Corset, extra long length, all sizes, from 18 to 28, special price, 98 cents.

Imperfect Kidney Action Causes Rheumatism

Rheumatism with its kindred ailments—Lumbago, Wry Neck, Neuralgia, etc., usually results from lodgments of uric acid in the joints and muscles.

Now the chief function of the kidneys is to properly filter this poison from the blood.

Only when they fail to do this is Rheumatism probable.

Kidney weakness starts in various ways. A sudden chill, after perspiring freely, sometimes settles in the kidneys—or an unusual strain may cause it.

Poisons which should be filtered out of the system are pumped back into the blood, causing Uric Acid, the real cause of Rheumatism, Lumbago, Wry Neck, Neuralgia, etc.

In the early stages Nyal's Stone Root Compound will stop it.

Will start your kidneys working properly so that the Uric Acid is reabsorbed and eliminated.

Away goes your Rheumatism with it.

Perhaps these early warning twinges have passed unheeded, and your Rheumatism has become deep seated.

Muscles all snarled up in knots as it were.

Then you'll need Nyal's Rheumatic Cure.

Ask your own druggist about these remedies.

His opinion is worth while.

Sold and guaranteed by Dr. A. J. Hunter & Co., A. T. Howard, Orangeville.

CENSUS OMISSIONS MANY BUT RECOUNT POSSIBLE.

Field Enumerators of Canada's Population Will Have to Return to Count the Heads Skipped on First Visit to Some Sections — Bandits Get Small Pickings From Mail Train Hold-Ups — "Human Cat" Has Fallen a Mile in Two Hundred Separate Accidents—Up to Date Crooks Because They Are Victims of Dishonesty.

(From Our Own Correspondent.)

Montreal, July 17th, 1911.— There have been a disquieting number of complaints concerning the taking of the census. Individuals, if there are enough of them, make a commmity, and there have been enough queries and complaints from citizens who wish to6be counted in Montreal's total but whom the enumerators have apparently overlooked to form quite a respectable village. The last addition to the evidence that Montreal, unless some special attention is paid to the matter immediately, will be recorded as having a population much smaller than is really the case, comes through the discovery that a whole section of St. Denis Ward, numbering some four hundred inhabitants, was omitted from the allocations made by the enumerators and, for census purposes, does not exist. This particular oversight can be corrected because it has been brought to the attention of the proper authorities, but how many similar blunders have there been discovered, and will not be rectified? The day appointed for the formal enumeration was, in itself, likely to lead to confusion, and, from all indications the results have justified the early criticisms. The exodus from the cities had fairly set in by the first of June and the number of Canadians who will not be counted as residents of Canada because of early vacations, must be considerable. And to it the population of a few sections like the unfortunate part of St. Denis Ward previously referred to, and the total may easily be large enough to be well worth consideration.

The recent hold-up of a mail train in which the robbers escaped with the registered mail is cited by postal authorities here as emphasizing the rarity of losses of this kind. While hundreds of millions of dollars are transported by mail, the total indemnity paid by the Post Office during the past year on account of train robberies was only $789. Much of the disinclination on the part of the professional highwaymen to interfere with mail in transit undoubtedly is due to the repatation which the Dominion and Mounted Police have gained of never letting up on the trail of a peculator and of eventually "landing" the man who tries to prey upon the mails. Another reason for the comparative infrequency of train robberies undoubtedly is that by far the greater part of the mail is now transported by the railroads and it a much more difficult matter to hold up a fast train than a stage coach or star route carrier. By the increase in the use of the railways as mail carriers the government gains in two ways for not only is railway transportation far safer but it is also cheaper. In fact the railways claim that the rates paid by the government for carrying the mails are so low that they lose millions of dollars a year on this end of their business, and as the postmaster-general, after investigating nearly 400 lines, has just reported that more than a quarter of them are underpaid, the loss which they suffer in this connection is vastly greater than that which arises from the depredations of would-be imitators of Jesse James. That this occupation offers small chance of profit is shown by the fact that in the past two years, according to Post Office records, there have been in the entire country only nine train robberies involving the mails and it is said that even in this latest hold-up the mail train was attacked through mistake by bandits who were really after a heavy gold shipment travelling by express on another train.

Falling more than a mile without injury is the record which has just been set here by a man known to his fellow workers as "Nine Lives Tim" and "the human cat" who is neither an aeroplanist nor balloonist, but a painter who has done his falling without the aid of any artificial means of support. He rounded out his two hundredth fall of 25 feet or over this week by tumbling 60 feet from a building in which he was at work, landing on his feet and escaping without any more serious injury than damage to his trousers although had it not been for the intervention of telegraph wires which broke his fall it is likely that this would have been his last tumble. Only three weeks ago he fell fifty feet from another building and his record includes twenty falls from barns, thirty-eight from trees, and more than a 100 from the roofs of residences. Falls from bicycles, fences and downstairs have been so numerous that their total has not been kept since the human cat regards them as entirely too trivial to remember. But in spite of his peculiar proclivity for taking unexpected drops, he lands on his feet, and has not a sore to show for his mile of falling.

That crooks are honest men as compared to many local merchants is the novel complaint made here by two self-confessed thieves this week who have been looting many retail jewelry stores by what is known in the slang of the underworld as the "penny weight game." The method of operation is simple, necessitating merely the services of two men and a watch. Having selected a store to be robbed the first man enters and asks to look at diamond rings. While thus engaged his partner enters apparently in a great hurry, shoves a watch under the jeweller's nose and asks to have it repaired, giving his partner an opportunity to substitute imitation gems for real ones and to depart with his booty. The grievance of these thieves has just been voiced in an ingenious letter written to a local jeweller's trade paper in which they accuse the retail jewellers of being "an enterprising band of up-to-date bandits," continuing, "as an instance of their keen-sighted thievery we call your attention to the fact that our famous watch which you say we always wished "fixed right away" has never been out of repair since we stole it, but nevertheless every store we visited, and we visited 138 of them, has succeeded in finding something the matter with this watch of ours, and has found some excuse to charge us anywhere from 25c. to $3.50 for doing everything from opening the cover to winding it up for us.

TWO SERIOUS WEED PESTS.

Of the many weeds causing great injury on the farms of this county, two, that are giving more trouble than any others, are the bladder campion, known also as the cancer root, sow bell or bell weed, and the perennial sow thistle. Both of these weeds have proven themselves very difficult of eradication, and herewith we present descriptions and some suggestions for eradication.

The bladder campion is a very deep rooted, freely branching perennial growing from six inches to two feet high. The flowers are white, nearly an inch in diameter and have an inflated calyx from which characteristic it derives its name. The weed flowers from June to August, and matures its seeds from July to September. This weed is spread chiefly as an impurity in clover seed and since it is a very free seeder and difficult to eradicate, care should be taken to avoid sowing it in the seed and when stray plants are noticed they should be dug up by the roots and burned, thus preventing difficulty later on. In methods of control and eradication of this weed means should be employed to break up the root system. Fields badly infested with this weed should be ploughed deeply after harvest and then cultivated and cross cultivated with a broad share cultivator. This cultivation should be given several times during the fall and the land may be either ridged up or left smooth during the winter. In the spring continue the deep cultivation, and work up until time to put in a hoed crop or a crop like rape or buckwheat. Where hoed crops are used, the field must be kept perfectly clean to be most effective. This may be followed by a grain crop and seeded down, using about 12 lbs. timothy and 10 lbs. red clover per. acre, but it must be noted here, that the land must not be seeded down very long since this allows the weed to become well established. In dealing with this pest the most satisfactory method is to use some short rotation such as above, which introduces crops of such a nature as allow of considerable cultivation, yet do not allow the plant to mature its seed to any great extent.

The other pest mentioned, the perrenial sow thistle, is one that is becoming altogether too common in our district and, as its name indicates, is a perennial weed. This weed spreads by means of its seeds which are carried about by the wind, and by its creeping root stocks, thus making it doubly difficult to eradicate. Many methods for the eradication and control of this weed have been offered, some of which are presented below with the hope that they or some modifications of the methods will prove of assistance in controlling the weed. The point in any method of fighting this weed is to practice some system of cultivation that will prevent it from appearing above ground, that is, it must be cultivated so frequently that any growth that appears will be promptly cut off.

Method 1. Cultivate the land frequently in such a manner as to keep the plant from sending up its green leaves and thus weaken the roots, until about time to sow rape. At this time apply a good coating of manure and work the manure into the land, then ridge in drills about 26 inches apart and sow rape at the rate of 1½ lbs. per acre. It is essential to have the proper amount of rape in order to allow a proper stand of plants thick enough to smother the weeds, and not too thick to crowd themselves out. Try to sow the rape at a time when the ground is moist in order to start a vigorous growth before the weeds get well established. Cultivate the rape every week until it gets so large as to render cultivation impossible. If when the rape is taken off any of the weed appears, the land should be ridged up and the following year put in a hoed crop. This method of eradication has been used with slight modifications by farmers in this district who report excellent results. The above method has been used very successfully in the eradication of cinch grass.

Method 2. This is a method of intensive cultivation. As soon as a grain crop is harvested, plow the land and give frequent cultivation to one first or middle of September then sow winter rye at the rate of two bushels per acre. The following spring this may be pastured or cut for hay or grain and as soon as it is taken off put in turnips, rape or buckwheat and then repeat this procedure.

Besides these methods there is the very popular one of "summer fallowing." When this is practised, the land should be ploughed lightly the preceding fall and receive cultivation as late in the season as possible. The following spring gang plough lightly and follow until time to put in wheat. In order for this to be effective there must be a "bare" fallow. Frequent cultivation should be given to keep the tops down and destroying as many of the roots as possible.

The above methods when carefully practised have given excellent results, and if they, or some modifications, are practised much should be done to control these two very serious weed pests.

SPORTS.

The Dufferin and Markdale lacrosse teams played an exciting exhibition game in Shelburne on the 12th of July. The game was fast and keen and was marked by close checking and some excellent combination work. Markdale did most of the scoring in the early stages, the tally standing 9 to 2 in their favor at half time. The Dufferins had the better of the argument in the second half, scoring no less than 5 goals and making the final score read 9 to 7. The locals had a good line-up, but not the best available as the team can still be strengthened considerably. A couple more changes will probably be made for the remaining championship games and the green shirted Orangeville team have good hopes of still being able to make a good showing in their district. Gallaugher and McKibben played splendid lacrosse for the Dufferins and were prominent at all stages. The local line-up was:—Goal, McBride; point, Gallaugher; coverpoint, Smith; defence, McPherson, Densmore, McGuire; centre, Wright; home field, Holmes, Lackey, Keith; outside home, Jeffers; inside home, McKibben.

Skelton, of Shelburne, made a capable referee.

Half a dozen of the lacrosse boys remained in Shelburne on the night of the 12th for the drama, "Tennessee's Partner," presented by Shelburne amateurs, driving home afterwards. They speak highly of the performance and the theatrical ability of the actors.

Orangeville's juvenile lacrosse team played their first scheduled O. L. A. game in Dundalk on Friday. The locals were too young and small to make headway against the husky and over-sized band of juveniles that the northern Club played on the field. As a result they were walloped by the one-sided score of 9 to 1. The local line-up was:— Goal, Riley; point, McPherson; coverpoint, Green; defence, Densmore, Dedrick; centre, Brawley; home field, Sanderson, Robinson; outside, Keith; inside, Haslem.

WON MacKAY CUP.

R. H. Robinson's rink of lawn bowlers got into the limelight at the Owen Sound Tourrament by winning the Trophy Competition, and with it the MacKay Cup, a beautiful trophy generously donated by Hon. A. G. MacKay. The Cup remains in the possession of the Orangeville Club until next year's Tournament, but must be won three times before becoming the property of any Club. Besides the Cup, each of the four players won a beautiful solid leather club bag. The members of the victorious Rink were Messrs. J. D. McMillan, E. C. Clark, Geo. E. Brown, and R. H. Robinson.

ROSEMONT.

Harvesting seems to be the order of the day. The rain came too late to save the barley.

Many of our people took in the celebration at Shelburne on the 12th.

Miss Vera Pearson, of Toronto, spent Sunday at T. E. Hanna's.

Mr. Fred Downey and sister, Miss Ethel, spent Sunday at Mr. Alex McDowell's.

Mr. Ben Knight, who has the contract of painting Cliff Hand's house at Stanton, started this week.

Mr. and Mrs. Wilbert Avison, of Toronto, spent a few days last week with friends here.

(Intended for last week)

Some of the crops around here are almost too far gone for rain to help them now.

Haying and cutting wheat seems to be the farmers' work now. Both are reported a light crop.

Mr. Wilfrid Peacock and sister, Miss Hazel, are visiting Toronto friends.

Rev. J. N. Blodgett preached a very able sermon to the Orangemen in St. Luke's church on Sunday morning.

Many of our young people intend going to Shelburne on the 12th and, I suppose, will take their best girls.

We are glad to state that Mrs. Geo. Armstrong is improving after a severe illness.

Rev. Mr. Partridge preached an Orange sermon to the members of L.O.L., No. 86 on Sunday morning in Thompson's church.

We wonder who the little boy was who got his ears cuffed in Rosemont one night last week. Don't blame Buster for that.

Mr. E. Moore, Miss Edith Smith and Mr. Wilfrid Avison, of Toronto, spent Sunday with Essa friends.

Misses Blanch and Amy Moore of Collingwood, are visiting at Mr. Wm. Irwin's.

Mr. Jack Fletcher has returned home after having spent the past few weeks in the West. Jack gives the West a good name and we believe he intends going there in the Spring.

ALMA Ladies COLLEGE St. Thomas Ont. ILLUSTRATED CATALOGUE FREE ON REQUEST

ERIN CELEBRATION.

21 Lodges Take Part in Imposing Demonstration on 12th.

Local Brethren Provide Interesting Programme of Speechmaking, Sports and Music.

The good people of Erin have every reason to feel pleased over the magnitude and orderly character of the Celebration held in their pretty village last Wednesday in honor of the 221st anniversary of the historic Battle of the Boyne. Especially have the members of Erin L. O. L. No. 112, under whose auspices the Demonstration was held, every reason for gratification at its success. The day was an ideal one, the shower of the preceding day having laid the dust and tempered the excessive heat of the previous week or longer.

The six lodges of the Orangeville district spent the day with their Erin brethren and were accompanied by Mono Mills, Alton and Charleston lodges from the Caledon district, Prince of Wales L. O. L. 320 from the Farmington district, and Grand Valley L. O. L. No. 256 from the Eldon district, making altogether eleven Dufferin County lodges that celebrated in Erin. The lodges from this side left here shortly after nine o'clock by the regular train. Orangeville lodges were headed by the re-organized Citizens' Band and the Cadets Bugle Band and the Alton brethren by Alton Brass Band. L.O.L. 320 had its fife and drum band and each of the other lodges was headed by its fifer and drummer. There was a rather tedious wait at Cataract for the northbound train, which brought a number of lodges from Streetsville, Cooksville, Huttonville and other points down the line. When the train left Cataract the ten passenger coaches were crowded to the doors.

Upon arriving at Erin the visitors were met at the depot by the local lodge and the boys' brigade, and escorted to the Town Hall, where the lodges registered and stored their banners before dispersing for dinner.

Shortly after 1.30 o'clock the procession was formed and marched to Stanley Park by way of Main St. The route led under half a dozen evergreen arches erected by the Erin brethren. Many of the business places were decorated with bunting, flags, etc., giving the village a real holiday appearance. The procession was an imposing one and did no little credit to the Order. The lodges marched in the following order :—

An immense concourse of people assembled in the Park to listen to the speaking and witness the sports. It is estimated that there were 6,000 or 7,000 present. Stanley Park, with its pretty lake, sheltering trees and spacious pleasure grounds, is an ideal spot for such a gathering and everybody was able to spend the afternoon in comfort and comparative coolness.

Cal. Preston, of Orangeville, occupied the chair, and after a brief introductory address, called upon Mr. J. J. Carroll, Reeve, of Erin, who read the following civic address of welcome :—

The following is the order of procession :—

MOUNTED MARSHALS
C. Campbell, Ballinafad.
H. A. Duke, Orangeville.
J. A. Patterson, Orangeville.
Fred. J. Mitchell, Huttonville.

DERRY WEST DISTRICT.

Erin, No. 112,
J. Irwin, W. M.

Ladies and Gentlemen, — Another Glorious 12th of July is with us, and to the Brethren of the Districts of Dufferin and Derry West, County of Peel and visiting brethren, we the brethren of Lodge No. 112, and citizens of the village and township of Erin extend a hearty welcome and the freedom of our village. And you will permit me to say, that it is our wish that everything may be done that will add to your pleasure and comfort and may we, while together to-day, feel that we are citizens of no mean country, but citizens of that great Empire, which has always been in the front of civilization and good government. Ladies and gentlemen, on behalf of Lodge No. 112, and citizens of Erin and the immediate vicinity, we welcome you to our village.

Short and appropriate addresses were given by Revs. C. Langford, Alton; A. Ketterson, New Toronto; G. M. Thompson, R. Fowlie anh Dr. McArthur, Erin; Messrs. C. J. Wilson, Toronto; J. L. Island, Orangeville, Past County Master Dufferin County; and A. D. McKitrick, Editor of the Banner, Orangeville. The programme was pleasantly varied by music by the Pipers Band.

The speeches were along Orange lines and touched on bilingualism in Ontario, the Ne Temere decree and loyalty to the British Empire.

Before closing the following resolutions were unanimously carried :—

Moved by W. Bro. McKitrick, seconded by W. Bro. J. L. Island, that this gathering representing the Orange Order and the English speaking people of Peel, Halton, Dufferin and Wellington desires to place itself upon record as being unalterably opposed to any further extension of the system of bi-lingual schools in the Province of Ontario, and to respectfully urge the Legislature to take such means as may be found necessary to prevent any further encroachments upon the Public School system, or any further interference with the use of the English language in the schools.

Moved by Rev. C. Langford, seconded by Dr. A. J. Hunter, that this united County Celebration desires to place itself on record as heartily in favor of a federal marriage law for the Dominion, with criminal penalties for those who use their influence to separate legally married persons.

The speechmaking was brought to a close with the singing of God Save the King.

ORANGE LILLIES.

21 lodges.

It was one great celebration.

Erin Boys' Brigade was much admired.

The Cadets Bugle Band attracted much favorable comment.

County Treasurer Robt. Crawford, of Brampton, was prominent among the visitors.

The re-organized Citizens' Band made a good showing under the leadership of Mr. E. H. Smith.

While the speaking was in progress, a programme of sports was run off in the open field across the bridge.

The local lodges reached home about 8 o'clock, the members tired, but well satisfied with the day's outing.

Huttonville, Port Credit, Streetsville, Orangeville, Alton and Acton Brass Bands and a Pipers' Band figured in the procession.

Orangeism has not flourished in Erin township in the past, but there is indication of a marked change. Indeed, the 12th Celebration bids fair to outrival Erin Fair as the popular attraction of the year.

"832 WESTMINSTER."

King George's Home Has Lots of 'Phones.

Although His Majesty's telephone number, "832 Westminster," can be duly rung up by any of his subjects, it does not follow that they will be able to speak to King George direct. As a matter of fact, the arrangements in the palace make it impossible for anyone to casually call up His Majesty for a friendly chat. As the writer of an interesting article on the telephone at Buckingham Palace, published in The Morning Leader, however, remarks, all the high functionaries, from Lord Knollys upwards, to say nothing of minor officials and servants, are in touch with His Majesty, who can speak to them in their own apartments or private residences.

Every lady and gentleman of the Royal Household, every functionary, can be reached in a twinkling. Then there are, of course, private lines to Marlborough House, St. James' Palace, and York House. Even the school-room of Buckingham Palace is "on the wire."

There are three fifty-line switchboards in Buckingham Palace. Two are used for the day service and one for night purposes, and during the twenty-four hours the staff works in sections. The transfer of the lines from the day to the night service is accomplished by means of a change-over switch, either in the palace post-office or the palace itself.

The King possesses an extension from the switchboard to his private apartments, and, in addition, His Majesty has a private exchange line to his own apartments. This is used for special communications of a private nature in connection with state affairs.

Queen Mary has a private line and also an exchange line. The latter facility Princess Mary also enjoys; she can converse with her parents or with the occupants of the schoolroom. Miss Knollys has a telephone in her sitting-room, from which she can converse with Queen Mary or Queen Alexandra.

Canadian National Exhibition

August 26th - TORONTO - September 11th

are used as directed. All Druggists, Grocers and General Dealers sell them.

HAVE YOU EVER TRIED LILY

QUEEN PASTRY FLOUR?

Has a distinctive quality that has won it popularity wherever it is used.

Give it a trial and be convinced. It has no superior and few equals.

FIVE ROSES FLOUR

Is one of the best brands on the Canadian market. Ask me about it if you are not already using it.

Bran, Shorts, Oats, chopped or rolled, for feed.

Wheat and Oats taken in exchange for flour.

JOHN JOHNSTON,

BROADWAY - - - - - ORANGEVILLE.

—The little seven year old son of [illegible] Bruce, Melancthon, while trying to cut a rope with a jack knife, pierced his eyeball with the point of the knife which slipped out of the loop. Dr. Martin at first feared that the sight would be impaired but we are glad to state this will likely be avoided although there will likely be disfigurement. The lad was taken to Owen Sound Hospital where Dr. Bu[illegible] gave special treatment. The patient is getting along favorably.

Ritchie Bros. Have Lawn Blouses, regular up to $3.50 on sale for $1.48. See them

—On June 17th a swallow flew in the house of Geo. Johnson, 10th con. Proton. Both Mr. and Mrs. Johnston noticed that the bird had a strip of paper tied to its leg and attempted catching it, which they did. On the paper was written "North Bay, June 14th, 1911." The bird was released and the paper kept. The strange visitor went straight up a height and disappeared. North Bay is over 200 miles from here and it seems strange that the bird should cover the distance as it appears to have done.

ANOTHER MATINEE.

The great success that marked the first matinee of the Orangeville Driving Club has induced the members to announce another matinee, which will be held on Wednesday, July 26. Larger cash prizes are being offered and there will be a good afternoon's racing. Horses are coming from neighboring towns and this Meet should be even better than the first. The Club has struck a very popular chord in giving free admission to all ladies and children and they are fast becoming great admirers of the sport. Don't forget the date, Wednesday, July 26th, and be sure to come and enjoy yourself.

WOMEN'S INSTITUTE.

The regular monthly meeting of the Orangeville Women's Institute will be held at the home of the President, Mrs. Wilder, Zina St., on Tuesday, July 25th, at 3 o'clock. A number of interesting papers will be presented by the ladies.

Summer Session!

Students may enter any day. Open entire year. Now is a good time to enter. Large trainers in Canada. Graduates get best positions. Thousands studying at home. Exclusive right of the "Famous Bliss Book-Keeping System" for Ontario. "Actual Business from Start to Finish." Write for particulars.

LOCAL NEWS.

—Mrs. Thomas Smith, of East Garafraxa, was taken to Guelph hospital last week to undergo an operation.

—Rev. Dr. Ross, of Toronto, will conduct the services in St. Andrew's Church, Mono Centre, for the next three Sabbaths.

—Found on 6th line, Amaranth, an upper set of false teeth. Owner may obtain same at Banner Office.

Children's Straw Hats in great variety at Ritchie's.

—Fourteen lodges participated in the Celebration in Bolton on the Twelfth. Six of them were from the Albion district.

—Orangeville lawn bowlers sent five rinks to Grand Valley on July 12th. They defeated the home Club by something like 36 shots.

See Ritchie Bros'. silk mulle Dresses in sky pink and white, Kimona sleeve, at popular prices.

—Miss Clark, teacher in Union S. S. No. 20, Mono and Caledon, has resigned, and is taking a position on the Toronto public schools staff.

—Mr. Lou Johnston, of the firm of McPherson & Johnston, has been under the Dr's. care for the past week, but is making a speedy recovery.

—Mr. H. L. Pickering, Manager of Dr. A. J. Hunter & Co's. drug store, is confined to his room with an attack of pleurisy. His many friends hope for a speedy recovery.

—Mr. George Allen, who recently purchased Mr. B. McGuire's house on York St., is remodelling the building and adding a verandah which will add greatly to its appearance.

4 Yard Wide Linoleum at Ritchie Bros., special price for July, 50 cents per sq. yd.

—Dr. Bowles took a rink of lawn bowlers to the Mount Forest Tournament on Tuesday to defend the trophy won by Orangeville a year ago. The players are Dr. Bowles, R. H. Robinson, G. E. Brown and J. D. McMillan.

Ritchie Bros. have print Blouses in all sizes and colors at 75 cents.

—Mr. Samuel Lackey, C. P. R. section foreman at Orangeville for a number of years, has been appointed roadmaster of the Credit Valley division. Mr. Lackey succeeds Mr. F.W. Nicholls, who has been transferred to Western Ontario, with headquarters at Woodstock.

—Members of the two local Orange lodges and a number of visiting brethren attended divine service in St. Andrew's Church on Sunday, July 9th. The pastor, Rev. W. M. Morris, delivered an impressive address from the text, "What Mean Ye By These Stones."—Joshua 4 : 6.

—Some of our citizens complain that boys are making a practice of visiting their gardens and doing considerable damage. Chief Ewing will probably have a bunch of the offenders in the police court one of these days. Parents should warn their boys against indulging in this form of petty annoyance.

A nice lot of Embroideries and Lace at Ritchie Bros. at 5c. per yard.

—John E. Spence, son of John S. Spence, of Whittington, arrived in Shelburne on July 12th, in time to take part in the procession with the Rich Hill lodge. Mr. Spence just arrived home from the Coronation ceremony in England and wore a medal, which was pinned on his coat by King George V.

—Mr. Francis Firth, who appeared in Orangeville last May with his Concert Company, has moved from New York City to Detroit, where he has purchased a home. He intends to make another tour of the Canadian towns and will visit Orangeville sometime during the season with his Concert Company.

A good assortment of Rugs, Mattings, Floor Oil Cloths and Lace Curtains at Ritchie Bros.

PRESENTED WITH SUNBURST.

A number of the members of St. Andrew's Women's Missionary Society surprised Mrs. W. G. Worts at the home of her sister, Mrs. T. T. Paul, on Monday night by presenting her with a pretty sunburst of pearls. The presentation, which was made by Mrs. B. McGuire, was preceded by an informal address by Miss Lamont. Mrs. Worts has been a faithful and zealous worker in St. Andrew's for many years and will be much missed, particularly in the ladies' societies. A pleasant hour was afterwards spent in music and conversation, Mrs. Paul providing light refreshments. Mr. and Mrs. Worts left here for their new home in Dauphin, Man., on Tuesday morning. They carry with them the hearty good wishes of a host of friends in and about Orangeville.

PERSONAL MENTION.

Mr. Robt. D. Reid, of Winnipeg, better known to his Orangeville friends as "Dalt." has been spending a few days visiting relatives in Orangeville and neighborhood. Mr. Reid is Manitoba representative of W. R. Webster & Co., a Sherbrooke manufacturing house.

Miss Grace Gier, of Grand Valley, passed the primary piano examination at the College of Music, with honors, and Miss Bys Gray, of Laurel, passed the same examination with first-class honors. Both young ladies are pupils of Miss Bertha Grosskurth, of Amaranth Station.

Mr. W. G. Hyland, Manager of the Orangeville Branch of the Bank of Hamilton, arrived home a week ago Monday after a five weeks' holiday and prospecting trip. Mr. Hyland's objective point was the Peace River country, which he traversed as far north as Athabaska Landing. He also visited Vancouver, Victoria and most of the larger towns and cities between Winnipeg and the Rockies. Our genial townsman reports a splendid trip.

Mr. Gerald Preston, who was a member of the contingent that represented Canada's militia at the Coronation ceremonies, arrived home on Friday. Mr. Preston reports a delightful trip, and describes much of the Coronation pageantry as simply wonderful. The members of the contingent were royally treated while in England and will long cherish happy recollections of their trip. Mr. Preston is the gratified possessor of a Coronation medal, which was pinned on his breast by King George V.

Mr. Wm. King, a wealthy Winnipeg real estate man, Mr. W. G. Yule, Inspector of the Northern Crown Bank, formerly accountant in the Bank of Hamilton here, Mr. Patterson, of Winnipeg, and Mr. McEachren, of Vancouver, B.C., spent a few hours in town on Monday on their way through to Mount Forest. The quartette are on a month's automobile tour and made the long journey from Winnipeg by auto, travelling by way of Minneapolis and Chicago. They were the guests of Mr. and Mrs. G. McIntyre while in Orangeville.

Mr. J. N. Fish, of the firm of Fish & Anderson, barristers, Regina, Sask., arrived in town on Saturday, and is spending a couple of weeks visiting here and at his old home near Port Hope. Mr. Fish has developed into an optimistic westerner. He is particularly enthusiastic over the future of Regina, which, in his opinion, is bound to become a great city. Our former townsman is looking well and has grown considerably fleshier since he moved West. In his opinion the people of the three prairie provinces, and particularly of Saskatchewan are strongly in favor of reciprocity.

ST. MARK'S S. S. EXCURSION

The Sabbath School of St. Mark's Church will hold its annual excursion to Stanley Park, Erin, on Wednesday afternoon, July 26th. A special train will leave Orangeville at 1.30 p.m. Fare for the round trip, adults 45c.; children 25c. All citizens are heartily invited to join the excursion.

SUCCESSFUL PUPILS.

Miss Edith Anderson, daughter of Mr. and Mrs. J. H. Anderson, Zina St., has passed her first year examination at the Toronto College of Music, securing first-class honors. Miss Lillian Harkness, daughter of Mr. and Mrs. A. M. Harkness, West Broadway, has passed her primary exam. with honors. The young ladies are pupils of Miss Lottie McMaster.

CONSERVATORY OF MUSIC EXAMS.

The following pupils of Miss Henrietta Wallace were successful at the Conservatory of Music Examinations held by Dr. Fisher in Orangeville a couple of weeks ago:—Miss Margaret White, Whittington, 1st year piano; Miss Hazel Patterson, Orangeville, primary (honors); Miss Helen McManus, Mono Mills, primary.

A Positive Cure For Indigestion and Dyspepsia.

Rev. Father Morriscy

Have you ever felt a leaden weight in the pit of the stomach—a feeling of fulness, with belching of wind and perhaps severe pain? Then you know how indigestion feels. It makes a person sarcastic and cranky—it causes misery after every meal—it saps the strength.

FATHER MORRISCY'S "No. 11" TABLETS

—one of the best of the late priest-physician's remarkable prescriptions—positively cure Indigestion, Dyspepsia, Sick or Sour Stomach, Heartburn, and all the suffering that comes from a "bad stomach."

Each tablet will digest 1¼ pounds of food—a good meal.

Take "No. 11" Tablets regularly, avoid articles of food that you have found disagree with you, and you will be benefitted from the start and soon cured.

COUNTY SCHOOL GRANTS.

Present Method Unjust To Orangeville High School.

Banner readers will find the following letter from Col. Preston, a member of the High School Board, worthy of careful perusal. The letter, which appeared in a recent issue of the Grand Valley Star & Vidette, shows very plainly that the High School is not getting a fair deal in the matter of county grants. Col. Preston's communication reads :—

Editor Star & Vidette :

Dear Sir,—In your report of last week of the proceedings of the County Council, you say, "Orangeville High School Board also made a determined effort to gobble up the big end of the grants to schools, etc."

You would not, I am sure, intentionally be unfair to anyone, but the above scarcely does justice to the Orangeville High School and I trust you will permit me to make a brief statement of the facts.

The law requires the County Council to contribute to every High and Continuation School at least the equivalent of the government grants. This our County has always done. And it is much to the credit of the Council that it has not confined itself to thelegal requirements, but has also made a substantial supplementary grant to each such institution in the County. It has been the custom of the Orangeville High School Board to wait on the County Council at the June session each year and ask for the annual grant, as well as give some account of their stewardship. This year the Board requested an increased grant to help to meet the great increase of last year in the cost of high school maintenance, which is not, as in case of rural schools, made up to any appreciable extent by increased government aid. There was no suggestion that the grants of any other schools should be cut down, nor did any one think of such a thing; but to show that they were not unreasonable in their request the Board pointed out that they were asking nothing more than has for years been given to the Continuation Schools at Grand Valley and Shelburne. Among other things it was shown that last year Grand Valley, with 37 pupils, received from the County, over and above the equivalent of the government grant, $285. (and the figures for Shelburne were similar) while Orangeville with 121 pupils resident in the County, received only $334.25 in addition to the legal requirement. In other words, the County of Dufferin, of its bounty, gave Grand Valley $7.79 for each high school pupil in attendance, while Orangeville only received $2.76 per pupil, and had Orangeville been treated as liberally as Grand Valley and Shelburne the grant to the High School last year would have been several hundred dollars more than it was.

The Orangeville High School is doing the work of a County institution, three members of its Board are appointed by the County Council, its standing is unquestioned, its pupils from year to year come from every part of the County, it does all the work that the Continuation Schools do, besides the higher and more expensive work which they do not undertake, and it has every claim on the County that they can possibly have. Orangeville is just as much a part of the County as any other municipality, and surely its ratepayers are not unreasonable in asking for the High School something like the same generous treatment the Continuation Schools receive.

Yours Truly,
J. A. V. PRESTON.

Orangeville, July 3rd, 1911.

NO MORE DANDRUFF.

T. Stevenson Knows What is Making Clean Scalps.

In order to rid your scalp of filthy dandruff you must kill the germ. There is a hair dressing called Parisian Sage which is now sold in every town in Canada. It is guaranteed by T. Stevenson to eradicate dandruff, stop falling hair, splitting hair, and scalp itch in two weeks or money back.

If you have dandruff get a large 50 cent. bottle to-day and rid yourself of it. Remember that if dandruff germs are not destroyed in time, the hair will surely fall out and baldness will follow.

HEAT HASTENED DEATH.

On Monday of July 3rd, the death occurred in Toronto of Miss Charlotte Cresswell, sister of Mrs. Baine and the Misses Cresswell, of Brampton, and R. Cresswell, of this town. Miss Cresswell had been in delicate health for some time, but the excessive heat of Saturday and Sunday completely prostrated her and she passed peacefully away at the family residence, 30 St. Mary St., Toronto, at an early hour on Monday. She was the fourth daughter of the late Frederick Cresswell, of Plymouth, England, and at one time resided in Brampton where she was known for her kindly, charitable disposition. The funeral took place on Wednesday, the body being taken to Hamilton for interment.

Three Things You Can't Do.

You can't make a cork sink. You can't keep oil from floating on water. Neither can you keep Four T's from curing a cough in one day or the worst cold in 48 hours. Thousands have been cured and say Four T's, I. T. T. T., is the best cough cure in the world. Large bottles 25c at all drug stores, or by mail direct to you from The Merrill Medical Co., Merrill Building, Toronto.

Sold and recommended by Thos. Stevenson, Druggist.

HOW TO OBTAIN A GOOD COLOR

A Treatment to Restore the Blood Supply That Has Been Most Successful.

There is only this to tell people who are pale, weak and bloodless. You are pale and weak because you haven't enough blood and you won't be better until your blood supply is increased. You should not lose any time in increasing your blood supply, for people who neglect anaemia, often slip into a deadly decline. When you have increased your blood supply you can reasonably expect to have a good color, to have lost that tired, breathless feeling, to have a good appetite and get good nourishment from your food. Now the only quick and always effective way to get a supply of new, rich, red blood is to take Dr. Williams' Pink Pills. Every dose helps to make new blood, and this new blood coursing through the veins, brings health and strength to every organ and every part of the body, making weak, ailing people, bright, active and strong. This has been proved in thousands of cases of which the case of Mrs. George Clark, Abbottsford, B.C., is a fair sample. Mrs. Clark says: "After spending two years and six months in a hospital training for a nurse, I began to fail in health, was very pale and the least exertion would leave me out of breath. After graduating I came to British Columbia to take up my profession as a private nurse. The first case I took I found I was not able to go on with my work. Doctors' tonics failed me and acting on my own judgment I purchased a supply of Dr. Williams' Pink Pills. Before I had finished them I was really surprised at the result. The color came back to my face. I gained in strength and by the time I had used nine boxes I was back at my work as a nurse. I have since married, but still have my friendly feeling for Dr. Williams' Pink Pills."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

DIED AT BERLIN.

Mother of Mrs. S. Foster, of Mono, Passes Away After Protracted Illness.

The shadow of death, double fold, darkened the home of Mr. and Mrs. L. H. Collins, 120 College St., during the past three days, leaving the family to mourn the loss of a son and grandmother. On Friday evening the five year old son, a bright little boy, passed away as a result of suffering from spinal meningitis since Tuesday, brought on by the excessive heat. The lad was an exceedingly popular youth with his comrades, with whom his demise is a source of deep sorrow. The funeral was held on Sunday at two o'clock from the residence to the Mount Hope cemetery.

While the preparations were being made for the lad's funeral, his grandmother, Sarah Stewart, wife of the late William Seymour, passed away at 12.30 o'clock, unconscious of the death of her grandson. Her death was the result of the infirmities of old age together with paralysis. Her age was 75.

Deceased had resided with her daughter, Mrs. Collins, since the death of her husband, having made Berlin her home for twenty years. She was a native of Ireland. Three sons and five daughters survive, viz., Samuel, Stratford; William, Dundalk; Stewart, Detroit; Mrs. Jeffries and Mrs. Puddock, St. Louis; Mrs. Samuel Foster, Orangeville; Mrs. W. Kress, Queen St., south, and Mrs. Collins, of College St. Mr. George Stewart, of Manitoba, is an only brother.

The funeral was held this afternoon at four o'clock. Services were conducted at the residence by the Rev. J. W. J. Andrew. Interment took place in Mt. Hope Cemetery.—Berlin News Record.

Mrs. Foster and children attended the funeral.

THE ISLAND SMELTING DEAL.

(Toronto Saturday Night.)

Having presumably attached too much importance to newspaper articles which stated that Sir Donald Mann would pay $7,000,000 cash to secure the sole rights to the Island Smelting System, shareholders of the latter Company were rather disgruntled when at the meeting held recently in Toronto, they were made aware of the true situation. The capital of the Island Smelting Company is $3,000,000, of which some $2,000,000 has been issued. It appears that Sir Donald is ready to form a $10,000,000 Company and to pay over the sum of $1,000,000 within five years, at the rate of $1,000,000,000 per year and in addition to hand over $250,000 worth of stock in the new company for the rights, provided the Island system of smelting low-grade ores is proven to be a commercial success. Sir Donald insists that a car of low-grade lead and zinc ores be treated by the system before he makes the purchase, and he has five months in which to decide whether to complete the deal or to turn it down. If the $5,000,000 to be paid by Sir Donald were turned over in a lump sum, each holder of the one dollar shares would be entitled to some $2.50. As it is the payment is spread over five years. The shares to be given the company would amount to $1.25 more on each dollar share now issued. Meanwhile shares have been changing hands on the Toronto curb at the rate of about twenty-eight cents, with odd lots bringing less.

By-Law No. .....

A By-Law to raise the sum of $3,500.00 for the purpose of erecting two bridges within the Township of Amaranth.

WHEREAS it is necessary to erect certain bridges within the Township of Amaranth to replace bridges which have been unsafe for public travel.

AND WHEREAS it will cost to build the said bridges the sum of $3500.00, and in order to raise the said sum it will be necessary to issue debentures of the Corporation of the Township of Amaranth, payable as hereinafter provided.

AND WHEREAS it will be necessary to raise annually for ten years the sum of $3500.00, and interest, and to repay the said sum of $350.00 and the interest on the principal remaining unpaid.

AND WHEREAS the amount of the whole of the rateable property of the Township, according to the last revised assessment roll, is the sum of $1,877,692.00.

AND WHEREAS the existing debenture debt of the said Township is the sum of $16,970.00, and no principal or interest is in arrears.

THEREFORE the Corporation of the Township of Amaranth by the Municipal Council thereof enacts as follows :—

(1) It shall be lawful for the Reeve of the said Township for the purpose aforesaid to borrow the said sum of $3500.00, and issue debentures of the said Township to the amount of $3500.00 in sums of not less than $350.00, each payable in instalments as hereinafter mentioned in each year of the term of ten years from the date on which this by-law takes effect, and to bear interest at the rate of five per cent. per annum, payable yearly on the 28th day of December in each year during which the said debentures have to run.

(2) The said debentures as to principal and interest shall be payable at the Bank of Hamilton in the Town of Orangeville.

(3) It shall be lawful for the Reeve of the said Township, and he is hereby authorized and instructed, to sign and issue the said debentures hereby authorized to be issued and to cause the same and the interest coupons attached thereto to be signed by the Treasurer of the said Township, and the Clerk of the said Township is hereby authorized and instructed to attach the seal of the said Corporation to the said debentures.

(4) There shall be levied and raised by a special rate on all the rateable property in the said Township in each year of said term of ten years to discharge the several instalments of principal and interest accruing due on the said debt as they respectively become payable the following sums that is to say :—

	Year.	Int.	Prin'l.	Total
No. 1,	1911	$51.63	$350.00	$401.63
No. 2,	1912	103.25	350.00	453.25
No. 3,	1913	103.25	350.00	453.25
No. 4,	1914	103.25	350.00	453.25
No. 5,	1915	103.25	350.00	453.25
No. 6,	1916	103.25	350.00	453.25
No. 7,	1917	103.25	350.00	453.25
No. 8,	1918	103.25	350.00	453.25
No. 9,	1919	103.25	350.00	453.25
No. 10,	1920	103.25	350.00	453.25

(5) The said instalments of principal and interest shall become due and be made payable on the 28th day of December in each year of said term.

(6) This by-law shall take effect on and after the final passing thereof.

(7) The vote of the electors of the said Township will be taken on this by-law on Saturday, the 5th day of August, 1911, commencing at the hour of nine o'clock in the forenoon, and continuing until the hour of five o'clock in the afternoon, at the following places, namely :—

Pulling Sub-Division No. 1— John Mills' house; W. H. Trimble, D.R.O.; Marshall Curry, Poll Clerk.

Polling Sub-Division No. 2.—Township Hall, Laurel; Robert Fife, D.R.O.; Wilmer Walker, Poll Clerk.

Polling Sub-Division No. 3—Orange Hall, Waldemar; Geo. Gier, D.R.O.; Wm. Tate, Poll Clerk.

Polling Sub-Division No. 4—School House, lot 26, con. 3; Samuel Patterson, D.R.O.; Wm. Watts, Poll Clerk.

Polling Sub-Division No. 5 — Wm. Pacy's house; Newton Myers, D.R.O.; Crawford Looby, Poll Clerk.

Polling Sub-Division No. 6—Samuel Burns' house; Wm. Jelly, D. R. O.; Wm. Bates, Poll Clerk.

(8) The Reeve of the said Township shall attend at the Township Hall, Laurel, on Monday, the 31st day of July, at the hour of nine o'clock, in the forenoon, for the appointment of persons to attend the various polling places, and at the final summing up of the votes by the Clerk, respectively on behalf of the persons interested in, and promoting or opposing the passing of this by-law respectively.

(9) The Clerk of the Council of the said Township shall attend at the Township Hall, Laurel, on Monday, August 7th, at the hour of six o'clock p.m. to sum up the number of votes given for and against this by-law.

ship Hall, Laurel, on Monday, August 7th at the hour of six o'clock p. m., to sum up the number of votes given for and against this by-law.

By-law read a first and second time on Monday, July 3rd, 1911.

Reeve.

Clerk

PUBLIC NOTICE.

The above is a true copy of a proposed by-law which has been taken into consideration by the Municipal Council of the Corporation of the Township of Amaranth, and which will be finally passed by the said Council in the event of the assent of the electors being obtained thereto after one month from the 20th day of July, 1911, being the date of the first publication thereof in The Banner newspaper, and that at the hour, day, and places therein fixed, the votes of the electors of the said municipality will be taken on said By-law.

E. HAMILTON, Clerk

Laurel, July 4th, 1911.

AMARANTH COUNCIL.

Twp. Hall, Laurel, June 26, 1911.

The Council met pursuant to adjournment, the members all present. On resolution minutes of last meeting were read and confirmed.

Menary-West—That the Court of Revision on the assessment be closed, and the assessment roll, as corrected, be the assessment roll for 1911.—Cd.

West-Menary—That the Assessor be paid his salary of $90.00, and $2.00 for attending Court of Revision.—Cd.

Williams-Menary—That we grant $35.00 towards cutting down the hill opposite lot 27 on 3rd line, as petitioned for by J. J. Braiden and 20 others.—Carried.

Menary-Williams—That $36.00 be granted on 6th line between 25 and 30 side lines, and W. T. Leader be commissioner to expend the same.—Carried.

Menary-Williams—That a grant of $36.00 be given on 8th line between 20 and 25 side lines, and A. E. Williams be Commissioner, to oversee the work.—Carried.

Menary-West—That a by-law be introduced to appoint an Engineer, and that it be read the necessary number of times and passed.—Carried.

West-Menary—That this Council send on the Engineer on drain No.18, under section 77 of the Municipal Drainage Act, and instruct him to report on the same at the earliest possible time regarding the complaint of Mr. Wm. Pacy through his solicitor.—Carried.

Menary-Leader—That the following accounts be paid :—John Maltby, second payment on drain No. 47, $225; William Sime, repairing bridge on 15 side line, con. 6, $87; Alf. Menary, supplement to County grant, $50.00; Reuben West, one day on bridge on 15 side line and one day on 9th line bridge, $4.00; Alf. Menary, half day examining bridge on 9th line, half day examining bridge on 15 side line, con. 6, ½ day with Engineer on 9th line bridge, also half day letting contract bridge on 15 side line, con. 6, $4.00; Alf. Menary, for expending County grants, $3.00; W. T. Leader, half day on 9th line bridge, also half day on 15 side line, con. 6, bridge, $2.00; John Bryan, one day at Miller's bridge, also examining bridge on 6th and 7th lines, and examining Alex. McDonald drain, one day; one day on 9th line bridge, and with Engineer on Miller's bridge, $9.00; A. E. Williams, inspecting Miller's bridge and drains on 6th and 7th lines, $2.—Carried.

Menary-West—That Council do now adjourn to meet again on Monday, August 7th, 1911.—Carried.

JOHN BRYAN, E. HAMILTON,
Reeve. Clerk.

YOU TAKE NO RISK.

Our Reputation and Money is Back of This Offer.

We pay for all the medicine used during the trial, if our remedy fails to completely relieve you of constipation. You are not obligated to us in any way whatever, if you accept our offer. Could anything be more fair for you? Is there any reason why you should hesitate to put our claims to a practical test?

The most scientific, common-sense treatment is Rexall Orderlies, which are eaten like candy. They are very pronounced, gentle and pleasant in action, and particularly agreeable in every way. They do not cause diarrhoea, flatulence, griping or any inconvenience whatever. Rexall Orderlies are particularly good for children, aged and delicate persons.

We urge you to try Rexall Orderlies at our risk. Two sizes, 10c. and 25c. Remember, you can get Rexall Remedies in this community only at our store—The Rexall Store. T. F. & T. J. Brown, Orangeville.

IT'S CORONATION YEAR.

Fireworks at the C. N. E. Will Be In Keeping.

It is going to be Coronation Year at the Canadian National Exhibition, Toronto, in more than name. In addition to the Festival of Empire, which will picture the glories of the Coronation ceremonies, the fireworks will be along patriotic and Coronation lines. A gigantic set piece, showing the crown encircled with maple leaves, will be conspicuous, while Prince of Wales Feathers, Columns of Empire, and the Crown Jewels, are also worthy of notice among the half-hundred numbers which go to make up the programme of Coronation fireworks.

The Road & Bridge Committee of Dufferin County Council has awarded the contract for a new steel bridge over the Grand River between East Garafraxa and Amaranth to the Ontario Bridge Co., Limited, of Toronto, for the steel work at $3,975, and to John Langdon, of Kenilworth, for the concrete abutments at approximately $1,800. The bridge will be a very substantial structure, capable of sustaining a weight of 15 tons, and will be 15 feet wide and 115 feet long and will be of the high truss style, with concrete floor, and will be finished in the first week in October. The cost is estimated at $6,000.

Zam-Buk

is the best remedy known for sunburn, heat, rashes, eczema, sore feet, stings and blisters. A skin food!

At All Druggists and Stores.—25c.

The Stomach Needs Help

The liver, kidneys and bowels must be kept active with DR. CHASE'S KIDNEY-LIVER PILLS.

The liver and kidneys are overworked in their efforts to remove the poisonous waste matter from the system. They fail and become torpid and clogged. The bowels become constipated and stomach derangements follow.

There is one medicine which will overcome this condition more certainly and more quickly than any other, and this is Dr. Chase's Kidney-Liver Pills.

This medicine gets the bowels in action at once and by awakening the liver and kidneys ensures the thorough cleansing of the filtering and excretory systems.

With the poisonous obstructions removed, the digestive system resumes its healthful condition, appetite improves, pains and aches disappear as well as irritability and depression.

You cannot imagine a more satisfactory treatment. One pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

CORONATION FESTIVAL.

Daughters of the Empire Provide Delightful Evening's Entertainment.

The Coronation Festival given by the local Chapter of the Daughters of the Empire on Alexandra Park on Friday evening, July 7th, attracted a large gathering and was a decided success in every respect. Our townspeople turned out in large numbers and the surrounding country was also well represented. Alton Brass Band was in attendance under the leadership of Mr. Amos Mason, and discoursed sweet music at frequent intervals. The playing of the Alton musicians was greatly appreciated and their presence added greatly to the pleasure of the evening. The different booths did a rushing business, and several of them were sold out long before the crowd thought of dispersing.

The Baby Show proved a popular attraction. There were numerous entries and the judges, Messrs. Vance, Shelburne, Mason, Alton, and Chase, Grand Valley, had no easy task picking the winners. In the junior class they finally awarded premier honors to Baby Abbott, The Maples, and second prize to Baby McMillan, Orangeville. In the senior class first prize went to Mr. and Mrs. Willis Hughson's baby, and second to Mr. and Mrs. Arthur Chapman's child.

The results of the children's races were :—

100 yards (Boys under 12)— Clarence McConnell, Herbert Laverty. 50 yds. (girls under 9)—Helen Lagadin, Jennie Acheson. 100 yard Shoe Race (boys under 15)—Cecil Drummond, Lloyd Patterson. 50 yards (girls under 12)—L. Meek, B. Barnell, 50 yards (girls under 15)—Florence Wild, Mary St. Croix. 50 yards Sack Race (boys under 15)—Armour Robinson, Douglas Torrie. 50 yards (girls over 15)—Olive Bansley, Emma Giles.

A SPLENDID EXAMPLE.

A father has commenced the purchase of a Canadian Government Annuity for his son of 20 under an arrangement with the son that he is to bear a portion of the expense until he, the son, is able to assume the whole payment of $50 a year, which is the amount required to be paid from 20 to 60 for 40 years to secure for the son at sixty an Annuity of $507.69. It will be seen that the total payments will amount to $2,000, and that the return each year will be over one-fourth of this amount so long as the son lives after he attains the age of 60. If he dies before the Annuity is due, all his payments with 3 per cent. compound interest up to the time of his death will be refunded to his legal representatives.

If he died at 30 they would receive $ 590.00
If he died at 35 they would receive 957.85
If he died at 40 they would receive 1,383.80
If he died at 45 they would receive 1,877.65
If he died at 50 they would receive 2,450.00
If he died at 55 they would receive 3,113.80
If he died at 60 they would receive 3,883.15

Full particulars of this excellent scheme may be had on application to the Superintendent of Canadian Government Annuities, Ottawa, to whom letters go free of postage.

CORONATION PORTRAITS.

King George V. and Queen Mary.

The Banner has made arrangements by which our readers can secure most beautiful Coronation portraits of Their Majesties King George and Queen Mary. They are by the celebrated "Langfier," of London, and copyrighted. The Family Herald and Weekly Star of Montreal has secured the Canadian rights, and is now offering these portraits free of charge to all who subscribe to that great weekly for the balance of 1911 at Fifty Cents. We will include The Banner with The Family Herald and Weekly Star for the same period for only 75 cents, and each subscriber will receive the Coronation pictures. The two portraits are on the one sheet, size about 18 x 15 inches, most convenient size for framing. They are acknowledged by competent judges to be the best portraits of Their Majesties in existence and will become historical, growing in value year after year.

The small sum of 75 cents will bring you both papers until January 1st, 1912, and the Coronation portraits. The latter alone could not be bought for the price.

Dundalk Public Library, which has been out of commission for two years, has been re-opened.

W. T. Rich, of Horning's Mills, has issued a writ against the Melancthon township Board of Health.

John Oliver, of Leamington, swallowed strychnine and died after being sentenced to jail for drunkenness. He was 72.

Brampton Council has voted the Fire Brigade $400 to assist in their Demonstration and for the purchase of 300 feet of hose.

Mr. and Mrs. T. S. Harris, of Shelburne, have gone on an extended trip to Western and Pacific Coast points. They will not likely return until October.

Hospital Tag Day on July 12th in Goderich added $610 to the funds of Alexandra hospital. In Kincardine on the same day, the Tags brought in $222.

Margaret Farley, who was registered on the Hamilton House of Refuge books as being 115 years of age, died at the institution last week. She was a remarkable old woman, in possession of her faculties until the end.

Edward Hartnett, proprietor of the City Hotel, St. Catharines, dropped dead on the street there a week ago Friday morning. He had been down to a book store for his morning paper, and while returning home suddenly fell and expired almost immediately.

The Arthur High School Board has engaged Miss Mary E. Lynch, of Orillia, to succeed Miss Donalda McKeracher, B.A., on the staff. Miss Lynch holds a first-class provincial certificate, has had four years experience, and will receive a salary of $800.

Mr. T. A. Watson, of the Back Line, Melancthon, accidentally stepped on a lantern on the stairs of his barn on the 12th of July, and his feet flew from under him, and he fell to the bottom of the stairs, bruising himself badly. The Dr. who was called, found that one rib had been cracked.

Slade, a young traveller for lightning rods, was fined $100 by Police Magistrate Jackson, of Lindsay, last week, for firing out of a Grand Trunk car while passing through Hastings, and wounding a section hand in the leg. Slade was also fined $14 for carrying concealed firearms. He was liable to three years' imprisonment on the first offence.

A mare belonging to Wm. Ludlow, Proton Station, near Dundalk, gave birth recently to twin colts, one of the ordinary size and the other very small. The larger one died, but the smaller one, which is something of a freak, is alive, and it stands 11 inches high, measuring 25 inches long, 18½ inches girth, 5¼ inches arm girth, and weighs 22 pounds.

The Dominion Government is advertising for tenders for the installation of a wireless station at Tobermory, as well as the construction of a fine residence in connection for the accommodation of the operator. Four acres of land is being cleared preparatory to the erection of the wires. This will prove an immense boon to the navigators of the great lakes.

It is not often that an animal commits suicide and then buries itself, but a cow belonging to Herb. Smith, of Cedar Springs, did that trick. Smith's farm runs back to the lake, and the animal tumbled over an embankment head first into a ravine. It fell into quicksand, and was almost completely buried, only its tail and legs being left exposed.

The Secretary and Registrar for the Province of Ontario has issued a report for 1910. There were 4,130 permits issued for Ontario for 1,977 autos owned within the province, and 2,253 owned outside the province. Therewere 2,162 renewals granted this year against 1,127 last year. There are practically double the number of autos in Ontario compared with 1909.

During a thunderstorm Charles Baumgarden, a mason at Preston, had a very strange experiance. He was working on a building when suddenly a flash of lightning nearly blinded him, knocking the trowel that he was working with out of his hand. Outside of a slight shock he was not badly hurt. The injuries he received were to his left hand, which was slightly burned, causing it to swell.

The population of the town of Collingwood in 1871 numbered 2828; during the next ten years it rose very rapidly, reaching 4445 in 1881; for the succeeding ten years it remained almost stationary being only 4939 in 1891; the next decade showed greater growth and in 1901 the number was 5755. The report of the census enumerators for 1911 is not yet made public, but there is reason to believe that it will show a population of between 7100 and 7200.

The Chesley Enterprise has the following:—Paul Fritsch, of Sullivan Twp., is the owner of as valuable a goose as the one that laid the golden egg. This particular goose laid 15 eggs this spring and hatched 11 goslings. A week after the goslings cracked their shells the reliable old goose got busy again and laid 11 more, of which only one was bad. This is a great record for a goose, and if any of our readers have their doubts about the accuracy of Paul's figures, drive out to his farm and see the prolific old goose.

STUDY at HOME

And qualify for a good situation in business life. It will cost little to do this. Get our plans. Write The Shaw Correspondence School, 391 Yonge St., Toronto.

Mr. Daniel Currie, of Black's Corners, met with a nasty accident recently while bringing a pig in a crate on a wagon from a neighbor's. Mr. Currie was driving with one hand and hanging onto the crate with the other, when the horses started forward suddenly and threw him out. He struck the ground with such force that his collarbone was broken and several ribs cracked.

While Mrs. Reuben Bauman, of Corbetton, was on a loaded wagon holding the reins a few days ago, the horses ran away, throwing her out in such a way that the wheels of the wagon passed diagonally across the upper part of her body from her shoulders. She miraculously escaped with some bruises and a dislocated collarbone. Had the wheels struck her head she would undoubtedly have been killed.

THE BANNER

THE BANNER, JULY 27, 1911.

AN EARLY ELECTION

At time of writing the signs all point to an early dissolution of the House of Commons, and an appeal to the Canadian electorate by the Laurier Administration. The present House has still more than a year to run, but the Opposition has apparently determined not to allow the reciprocity agreement to pass without first securing the verdict of the people. Having taken this position Mr. Borden and his following will naturally be forced to bear the onus of the responsibility for bringing on an election before the Government has had an opportunity of putting through its redistribution bill and giving the West the increased representation, to which the census taken a few weeks ago will undoubtedly show it is entitled. Just what effect this will have in the West is difficult to forecast, although one can readily see the advantage it will give campaigners on the Government side. The election, let it come when it may, will undoubtedly be fought out on the reciprocity question. It will moreover be marked by an important breaking up of existing party lines.

There are thousands of Conservatives, particularly in the rural constituencies, who are strongly inclined to vote for reciprocity. There are on the other hand a great many Liberals, largely in the urban and manufacturing centres, who are strongly opposed to any freer trade arrangement with the United States. The election will be unique in this respect, that it will be the first general election since 1896, in which the electorate will be face to face with a great national issue.

Specials in Embroideries, Flouncings and Whitewear at Gillespie, Rogers & Co's.

IMPORTANT BUSINESS CHANGE.

An important business change took place on Broadway the latter part of last week. Mr. J. D. Torrie, one of the members of the well-known firm of McMillan & Torrie, clothiers and gents' furnishers, disposed of his interest in the business to his partner, Mr. W. C. McMillan, and a few hours later closed a deal for the purchase of the business and stock-in-trade of Mr. Andrew Hill, tailor and dealer in gents' furnishings. McMillan & Torrie's business will be continued by Mr. McMillan under the firm name of The McMillan Clothing Company. The firm will confine itself exclusively to ready-to-wear clothing and furnishings. We understand that Mr. Hill, who has been in business in Orangeville for the last twenty years, has decided to leave town, and will probably locate in one of the growing towns in the Canadian West. He is a useful and public-spirited citizen and Orangeville will lose through his departure.

Ritchie Bros. have print Blouses in all sizes and colors at 75 cents.

DUKE—SOUTH.

The marriage of Mr. George Duke, a well-known young Mono farmer, and Miss Geneve Agatha South, was quietly solemnized at the home of the bride's parents, Mr. and Mrs. Ira South, Centre Road, Mono at 3.30 o'clock on Wednesday afternoon, July 19th. The ceremony was performed by Rev. G. A. Rix, rector of St. Mark's Church, in the presence of the families and a small number of the close friends of the young couple. The bride wore a becoming gown of cream tamaline silk and carried a bouquet of white roses. Her sister, Miss Lula, played the wedding march. After the service the newly wedded couple led the way to the dining room where a dainty wedding breakfast was served. The popular young bride was the recipient of a large number of choice gifts, the groom's being a beautiful sunburst of pearls. Mr. and Mrs. Duke left on the evening train for a short honeymoon trip to Toronto, Niagara and other points. They will take up their residence in the groom's fine home "Golden Flow Farm," on the Prince of Wales Road. The Banner joins their many friends in extending its hearty good wishes and congratulations.

Total number examined—50.
Number passed—29.

Special Prices in Parasols at Gillespie, Rogers & Co's.

CHARTERS IS IMPROVING.

The condition of Mr. Samuel Charters is steadily improving. An operation was performed on Saturday morning last by Dr. Bruce and his assistant, Dr. Johnston, of Toronto, administering the anaesthetic. The operation was entirely successful and under the care of Dr. J. A. Lawson, his attending physician, Mr. Charters is gradually gaining strength, there being a noticeable improvement from day to day. It is Mr. Charters' own wish that his sincere thanks be extended to the many kind friends in the town, county and province who have made enquiries as to his condition during the past week.—Brampton Conservator.

For Fancy Belts, Dutch Collars, Jabots, Long Lisle Gloves and Silk Gloves, go to Ritchie Bros.

Suggestive Questions

On the Sunday School Lesson by Rev. Dr. Linscott for the International Press Bible Question Club.

JULY 30th, 1911.

The Finding of the Book of the Law.

Golden Text—Thy word have I hid in mine heart, that I might not sin against thee. Ps. cxix:11.

(1) Verses 14-17...What book was it they found; what did it consist of, and who was its author?

(2) What were they doing when they found this book of Moses?

(3) What are we generally doing when we find our richest treasures of spiritual knowledge?

(4) How could so important a book have been lost, or mislaid?

(5) Was this probably the only copy of the book in existence?

(6) Verses 18-19—What effect did the reading of this book of the law have upon the king?

(7) What part of the book would be likely to produce such grief on the part of the king? (See Deut. xxviii et seq.)

(8) What part of this book of the law which pertains to morals, is considered operative and binding to-day?

(9) You will observe that there are many death penalties for breaches of the moral law. Why have these been abolished by Christian people?

(10) Did Jesus abolish any of the laws of Moses and if so which? (See Matt. v:38-44, et seq.)

(11) Why are some laws just and equal under certain circumstances while cruel and unjust under others?

(12) What has been the effect of reading the Bible upon national and individual character?

(13) Verses 20-21—If these people did not have the book of the law how did they know their duty, or how to worship?

(14) Why was it necessary for the king to inquire further of the Lord when he now had the "law" in his hands?

(15) If more light were needed why could not the king or Hilkiah, the priest, inquire of God direct?

(16) How did the saints of God, who lived before Moses, find out the mind of God?

(17) Why are the penalties of moral law as unyielding and certain as are the penalties of physical law?

(18) Verses 22-25-Why is it that there are and always have been those who are sensitive to the voice of God, when the masses of even spiritual people are dull and unconscious of it?

(19) What is the reason for believing that all Christian people may cultivate the inward ear to discern the voice of God?

(20) How many women of the Bible are there which excelled in spiritual power and influence?

(21) When were these punishments inflicted upon Judah? (See 2 Chron. xxxvi:17-20.)

(22) Verses 26-28—When a man repents of his sin does God always forgive him, and remit the penalty, or are there exceptions?

(23) Verses 29-33—The entire nation seems to have repented at this time; did that keep them from being destroyed, and would it have prevented the final overthrow of the nation if they had not backslidden again?

(24) This incident shows how much influence one man has who is thoroughly aroused. What practical lesson may we learn from it? (This is one of the questions which may be answered in writing by members of the club.)

Lesson for Sunday, Aug. 6th, 1911 —Jeremiah Tried and Acquitted. Jer. xxvi.

BOY STOLE MONEY.

Clifford Jenkins, a 13 year old lad, appeared before Police Magistrate Pattullo on Monday to answer to a charge of stealing money. Two $5 bills were taken from the cash register in S. A. McCartney's hardware store on Tuesday, July 18th. Suspicion attached itself to young Jenkins, who had been noticed hanging around the store shortly before the money was missed. Two days later he was seen standing about the store front shortly before the noon hour. When Mr. McCartney left to go to dinner, Mr. Fred. Falconer, who was in charge of the place, saw the lad slip in and go to the cash register. Waiting until he was on the point of walking out, Falconer stopped the boy and made him disgorge a $5 bill that he had just abstracted from the till. The youthful culprit confessed his guilt when he was brought before the Magistrate. Owing to the absence of his parents, Mr. Pattullo deferred passing sentence until Saturday. The lad will likely be sent to the Industrial Home for Boys.

WHEN SUMMEA COMES GUARD YOUR BABY.

The summer months are the most dangerous of the year for the little one. The complaints of this season come so quickly that often a precious little life is beyond aid before the mother realizes baby is ill. Colic, diarrhoea and cholera infantum are all rife at this time. The mother must guard her baby's health every minute. She must be careful of his food and careful that his stomach is kept sweet and his bowels move regularly and freely. To do this nothing can equal Baby's Own Tablets —they are mother's best friend at all times of the year, but more especially in the summer, when, if given occasionally, they act as a preventive of those dreaded summer troubles, or if they do come on suddenly the Tablets will just as quickly remove the cause and baby will soon be well again. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

BRONCHITIS COMPLETELY CURED.

St. Jean, P.Q., Jan. 5th, 1910.
Father Morrissy Med. Co. Ltd.,

I can gratefully testify in favor of Father Morrissy's Remedy for Bronchial trouble. I had suffered for some time from Bronchitis, and could get nothing to give me ease, until I tried Father Morrissy's Prescription (No. 10). To my great surprise, after I had taken this remedy I commenced to grow better, and soon after I was completely cured.

Mde. GEORGE DESMARAIS.

Everybody knows that many common roots, barks and herbs contain Nature's own provision for the relief of coughs and colds. It remained for Father Morrissy, with his wonderful medical skill, to combine extracts from these in such a way as to make the most effective cure for all forms of throat and lung troubles.

His prescription, known as "Father Morrissy's No. 10" or "Lung Tonic", stops a cough by curing the inflamed condition of throat or lungs which causes it. It goes a step further, too, and earns its name of "Lung Tonic" by strengthening the weakened parts.

Trial size 25c. Regular size 50c. At your dealer's or from Father Morrissy Medicine Co., Ltd., Montreal, Que. 83

Goods for Sale and Guaranteed by Thos. Stevenson, T. F. & T. J. Brown, Orangeville, Ont.

WILLIAM HEATHERINGTON.

Mr. William Heatherington, for many years a well-known resident of Sheldon village, died at his home in Alliston on Saturday after a protracted illness from pernicious anaemia. Mr. Heatherington ran the village smithy at Sheldon for a number of years. He gave up his trade some years ago to go farming at Mono Road, moving from there to Alliston early last year. He was 57 years of age and leaves the following family :—Mrs. Eli Clarke, Palgrave; Mrs. Robt. Watson, Ballycroy; Misses Maggie and Hazel and Harry at home. The funeral, which was largely attended, was held on Monday afternoon, interment taking place in the Presbyterian burying ground at Rosemont. Rev. M. Wilkinson, a former pastor, conducted the services. Deceased was buried with Orange honors, the members of Alliston, Rosemont and Relessey lodges attending in a body. The burial service of the Order was read by W. Bro Lockhart, of Alliston, Past Grand Secretary of the Grand Lodge of Ontario West.

MRS. WM. PARSONS.

Mrs. Parsons, wife of Major William Parsons, at one time a prominent Orangeville business man, died at her home in Georgetown on Thursday after a lengthy illness. Deceased lady was a sister of ex-Mayor Lindsey and Mrs. Edward Clark, of this town. She is survived by her husband and a family of two sons and two daughters. The sons are Messrs. J. L. R. and W. R. W. Parsons, of Regina, and the daughters, Mrs. Burton Harris, Montreal, and Mrs. R. R. Barber, Georgetown. Interment took place in Georgetown on Sunday afternoon.

HAIL AND WIND.

PROMPT SETTLEMENT

The following parties met with loss from the recent storms of hail and wind in this locality :—Mrs. J. Dudgeon, Thos. A. White, A. Curtis, Ernest Curtis, James Curtis, Hiram Trimble, J. and A. Little and Thos. Lyons, all being insured with Canada Weather Insurance Co., of Toronto, their claims have all been promptly paid. H. Endacott is agent for the Company at Orangeville.

ACTION FOR SLANDER.

The latest local political tid-bit is to the effect that Warden Greer, the unsuccessful candidate at the recent Conservative Convention, is about to bring an action for slander against Mr. Paul Gallaugher, an ex-Warden of the County and a past President of the Dufferin Conservative Association. Greer charges Gallaugher with circulating a statement prior to the Convention that he worked and voted against the late Dr. F. W. Lewis in the memorable Lewis-Wansbrough campaign a few years ago. This, Greer alleges, prejudiced the minds of a number of the delegates and injured his chances of carrying the Convention.

100 Children's Straw Hats at Ritchie Bros. at reduced prices.

MAKE THIS TEST.

How to Tell If Your Hair is Diseased

Even if you have a luxuriant head of hair, you may want to know whether it is in a healthy condition or not. 98 per cent. of the people need a hair tonic.

Pull a hair out of your head. If the bulb at the end of the root is white and shrunken, it proves that the hair is diseased, and requires prompt treatment if its loss would be avoided. If the bulb is pink and full, the hair is healthy.

We want everyone whose hair requires tretament to try Rexall "93" Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the head, grow hair and cure baldness.

It is because of what Rexall "93" Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two sizes, 50c. and $1.00. Sold only at our store—The Rexall Store. T. F. & T. J. Brown, Orangeville.

STORES AT ORANGEVILLE, MARKDALE, TARA, LEAMINGTON.

CAMILLA

Miss Mamie Buchanan, of Tara, is spending her holidays at her home here.

Misses Hazel Banks and Bina Thompson spent last week with Shelburne friends.

Miss Mina Timney has been the guest of Miss Berdita Thompson for some time.

Masters Douglas and Bruce Kyles, of Toronto, are spending the holidays at the home of their grandmother, Mrs. James Kyles.

Mr. James Dunnett, of Toronto, spent Sunday with his sister, Mrs. A. Bremner.

Misses Treet and Campbell, of Detroit, Mich., are at present visiting their friend, Mrs. John Buchanan.

Mr. Charles Anderson, of Orangeville, has been renewing acquaintances here.

Mrs. John Torrance, of Cleveland, Ohio, is visiting her sister, Mrs. Will Henry.

Miss Annie Rintoul, of Gladstone, Manitoba, is visiting her parents, Mr. and Mrs. Dave Rintoul, Whittington.

Mr. Walter Scott, of Toronto, spent Sunday at his home here.

Miss Daisy McKinnon, who is spending her holidays in Orangeville, spent Sunday at Camilla.

Miss Nina Bremner spent last week with friends at Black's Corners.

Rev. Dr. Ross, Miss Lizzie MacNaughton and Miss Rhoda Phoenix are visitors at Mr. John MacNaughton's.

Rev. Dr. Ross, of London, conducted the service Sunday to a large congregation. He preached also at Mono Centre and Glencross. These congregations, which were delighted with Dr. Ross, will have the privilege of hearing him for the next two Sabbaths.

An exciting event occurred in our hamlet on Friday evening when what was adjudged to be Satan on wheels, accompanied by a small portion of his hadean abode, came rapidly from the west. Excitement and consternation prevailed in the hearts of all, and families quickly got together evidently fearing that they would be called for. Just why they were thus alarmed has been the subject of much discussion as all residents here live so that they have nothing to fear from his satanic majesty. However as this fiery apparatus rushed to and stopped quickly at the village pump, it was seen to be nothing more than a burning touring car whose gasoline tank had burst, the contents having in some unexplained way been ignited. Fortunately none of the liquid was thrown on the occupants and they all escaped with nothing more than a bad scare. The fire was rapidly extinguished by a liberal supply of water and the rear of the car was seen to be considerably damaged. The running gear was not much the worse and after getting a temporary gasoline reservoir fitted up, and a gallon or two of unadulterated fluid, the passengers resumed their journey to the County Town.

At Harriston, Ont., a common house rat is said to do a daily stunt of walking 75 yards along a telephone wire, and the populace is deeply interested.

DR. CHASE'S OINTMENT.

ROSEMONT.

Still the weather is unsettled—roasting hot one day, chilly the next and windy at present. Perhaps there is an election contest or an earthquake where it hails from. Anyhow, the boys all came home sober but very dry from celebrating the twelfth in Shelburne, but Josh says the weather was drier than the town as he and Sam had talked the matter over, and that was the conclusion they came to. Well, one evening last week Kenneth drove along and took me up to baseball practice, where we found quite a number already there. After a good night's practice the boys dispersed for their homes, but not all of them. Willie George had to go over to Sam Patterson's to help him over the haying, while Kenneth went on to Shelburne to do some shopping. Just then Fred Wake came along and gave me a lift to the Post Office. He said he was going on to John Clokey's, and that he had been making good use of his time lately. Arriving at the store I found Davie doing a brisk trade, and when Jim Calvert came along looking for remnants, directed him over to have a look at the Captain's buggy. Stopping with Davie over night, I had a chat with Jim Dean the next morning about things in general, when he told me Bob McDonald was looking for a Mann for the harvest. Just then a large bunch of gypsies came in sight on their way to town, where they said they always had a deal or two with Harry Gozzard or Jim Jelly, and intended putting it over them this time, as turn about was fair play.

Ritchie Bros. Have Lawn Blouses, regular up to $3.50, on sale for $1.48. See them.

CHARLESTON.

Quite a number of our young people joined in with some Alton young folks in a picnic to Stanley Park on Friday night and report a good time.

Next! Mr. Collingridge, formerly of Arthur, has opened a barber shop on East Hurontario Street and is doing a rushing business. He is prepared to attend to the needs of the most fastidious.

Mr. Duncan Wanless, of Toronto, spent Sunday with Caledon friends.

The recent rains have improved the pastures and root crops in this neighborhood and the farmers are beginning to smile again.

The C. P. R. have resumed work in their gravel pit near here and are sending large quantities of ballast up the line. Pete McEnaney is operating the shovel, which is one of the largest owned by the Company and is described as a triumph of man's genius. It's certainly worth seeing.

The Consolidated Telephone Co. are arranging their wires so as to connect with the Bolton System, thus giving their subscribers access to nine hundred more 'phones. We understand the arrangements are about complete and the connection will be in operation by August 1st.

Miss Bertha Moffatt, of Blount, is visiting at the home of her uncle, Mr. Wm. Moffatt.

Men's Tweed Pants on Sale for a dollar a pair and you'll wonder how they're made for the price.—McMillan Clothing Co.

MONO MILLS.

Miss Ethel Mason visited friends in Toronto last week.

Miss Jennie and Mr. W. J. Jackson spent Sunday with friends in Beeton.

Mr. and Mrs. Levi Ellesley, of Nassagaweya, are guests at the home of Mr. and Mrs. Stork.

Mr. and Mrs. Charles Young, of Toronto, are holidaying with friends here.

Mr. R. J. Potter arrived home from the West on Saturday.

Mrs. Fred Stubbe and her little son, of Seven Persons, Alberta, are visiting the former's parents, Mr and Mrs. John Fagan.

The new cement bridge north of the village is now completed and the new road open for traffic.

Ritchie Bros.' special Corset, extra long length, all sizes, from 18 to 28, special price, 98 cents.

MELANCTHON.

The cold showery weather of the past few days has retarded progress in the haying. Quite a number are about half through.

Mr. George Shoaff, who has been working with what is known as the Bridge gang for the C. P. R. this summer, has taken a while off, and is taking off his hay.

The raspberry season is now in full blast and pickers are numerous but the crop is rather light, owing to so much dry, hot weather during the past month.

The stone masons have the stone work pretty well completed for Mr. Frank Campbell's new barn. Messrs Reburn and McComb have the contract.

At last report, there was not much change in the condition of Mr. Jas. Watson, who is critically ill.

Gillespie, Rogers & Co. are offering Special Prices on Children's and Misses' Ready-to-Wear Dresses.

WALDEMAR.

Mr. and Mrs. George Gamble left Tuesday morning on a three week's trip to the West.

Miss Irvine, of Winnipeg, has been visiting her sister at "Twin Creek" Farm. The two ladies are at present enjoying a short sojourn at their parental home in Markdale.

Miss McDonald, of Toronto, and a young lady friend are visiting the former's parents, Mr. and Mrs. Jas. McDonald, Bunker Hill.

Mr. Cook, jr., of Fraxa Jct., was the guest of Miss Eva Baker, Willow Brook, over Sunday.

It is said that Hiram Evans, one of our young men, has had a good deal of trouble getting suitable board with the neighbors during the temporary absence of his master and mistress. Dame Gossip has it that one lady asked him $3.50 a week, which he considered somewhat high even after her husband had explained that he must expect to pay a little more to cover the cost of the coal oil he would burn sitting up at nights.

Some of the neighbors are anxious to know if Carl Groskurth is aspiring to the role of hero of Bunker Hill

Mrs. William Lovell is visiting friends in Hespeler, Preston and Galt.

Mrs. John Jenkins has returned home after a four month's visit with her daughter, Mrs. T. V. Armstrong, of Ottawa.

The village coachman has been having a busy time lately endeavoring to find boarding places for aristocratic city visitors.

Contractor John Langdon has commenced work on the new county bridge on the townline south of here.

Mr. T. H. McDowell is showing pronounced symptons of a bad attack of the Western fever.

Mr. and Mrs. Thos. Tyner and family, of East Luther, were visitors at Mr. John McFadzean's over Sunday.

Harvesting operations will commence in this neighborhood shortly. The recent rains have made a great improvement in the outlook for the late grain crops. Oats in particular have picked up wonderfully and will now be a fairly good crop in most instances. The rains have also worked wonders with the root crops, which were languishing during the protracted dry spell.

Garfield Tolton and his camera have transferred their activities to the west end of the town, thereby furnishing another example of the general tendency to follow Horace Greeley's advice, "Go west, young man, go west."

Jim Talbot is still busy wielding the paint brush. Jim is an artist in colors and the brilliant lines that he imparts to some of the products of his workshop are assuredly the emanation of a fertile brain and a vivid imagination.

Mr. Will Tate, our horseman, is still busily engaged in his favorite avocation. Mr. Tate is a shrewd dealer and a good judge of horseflesh.

4 Yard Wide Linoleum at Ritchie Bros., special price for July, 50 cents per sq. yd.

ALTON.

Police Magistrate Crawford, of Brampton, held court in Science Hall here on Monday for the purpose of smoothing out the difficulties in which certain of our citizens had become entangled. Mrs Alex. Crawford appeared as plaintiff and Albert McFaul as defendant in a charge of using grossly insulting language. Several witnesses were called, but in most instances they were not very sure that they had heard just what remarks McFaul had addressed to the plaintiff. The lady herself was clear and emphatic on this point, but even admitting that she had been addressed in the manner she asserted the Magistrate professed inability to see that the terms used were necessarily of a nature that could be described as insulting. The defendant was therefore acquitted of the charge. Plaintiff was unrepresented by counsel, but A. A. Hughson, of Orangeville, was present to look after the interests of the accused.

Geo. Hall and William Hall charged Miss Sarah McCann with using profane and abusive language in the course of a wordy argument that occurred between the parties one day a short time ago. It was the old story of quarrelling neighbors. Plaintiffs proved their case and the magistrate imposed a fine of $1.00 and costs. A. A. Hughson appeared for plaintiffs and C. R. McKeown for the defendant.

MONTREAL HOPES TO ABOLISH SUMMER

Artificial Cooling May Eliminate Sweltering Heat Which Now Costs City $50-000 a Day and Make Montreal World's First City to Regulate Climate—Novel Cooking School for Men—Quebec Catching up to Ontario in Water Power Development.

(From Our Own Correspondent.)

Montreal, July 24.—That Montreal will be the first city in the world to be cooled artificially during the summer months as soon as an efficient system for accomplishing this result is completed is the most striking result of the recent hot wave which in five days caused more than 160 deaths and nearly 1,000 prostrations and kept the ambulances tearing through the streets to such an extent that the city thoroughfares resembled an enormous racetrack. The possibility of providing a municipal cooling system has been discussed before, but never has anything been done because of the fact that it has been thought that the expense of its installation would be too great. Now, however, the realization has come that it would work tremendous economies. Experts who have looked into the matter figure that every stifling summer day causes a loss of at least fifty thousand dollars to the city's business interests through the decreased efficiency of labor of all kinds under the existing conditions. Every day when the thermometer shows ninety degrees or over means a decrease in working efficiency of about forty per cent it is figured. Moreover, practically every kind of business feels the effect through slackened public interest. Cool air would be supplied to the city during the summer along exactly the same lines, though on a larger scale, as those by which heat is supplied to the great office buildings in winter. The solution of the problem has of course not yet been worked out, but its actual value in dollars and cents makes its ultimate arrival seem inevitable.

An invasion of women's rights on the part of the male sex is now imminent here as a result of the establishment of a novel cooking school exclusively for men, the first of its kind in the city. In it they will be initiated into all sorts of culinary mysteries which heretofore have been taught only to women and within six weeks it is expected that the sixteen pupils who have entered up to date will be able to make biscuits which will far excel the best that father ever made and rival the famous mother product. Incidentally they will learn to cook meats, make pastry, manufacture a pie or prepare any other dish which may be desired. The establishment of this unique school is not, however, an effort to educate husbands for suffragettes who can care for the household while the wife is engaged in politics or business. The idea is merely to undermine the sovereign independence of the cook who at present comes close to being the ruler of many households. The founders of the school believe that as soon as a realization is achieved of the fact that a threat to leave on the part of the cook does not mean that the family will be left in dire straits, a fairer relation will be established all around. Incidentally a course in the new school will be valuable to the husband left desolate in the city during the time his family is at the seashore or in the mountains. If the idea develops as it is hoped it is expected that summer cases of dyspepsia will be minimized and the so-called servant problem solved, at least in part.

The following table shows the extent to which the development of water power has proceeded so far in Canada:

Province	Investment	H. P.
Alberta	$ 9,425,000	61,7[illegible]
British Columbia	18,391,000	131,31[illegible]
Manitoba	14,470,000	58,[illegible]
New Brunswick	836,000	36,7[illegible]
Nova Scotia	370,500	2,1[illegible]
Ontario	84,265,100	891,5[illegible]
Pr. Edward Island	1,000	56[illegible]
Quebec	70,872,200	[illegible]
Saskatchewan		345,0[illegible]

According to the above [illegible] Quebec by about 250,000 [illegible] duction, but it will not [illegible] these figures [illegible] present plans [illegible] Montreal, [illegible] day on seven[illegible] which, wh[illegible] erable to Q[illegible]

At a spe[illegible] ers of the [illegible] Company h[illegible] Clarence M[illegible] purchase o[illegible] tric Comp[illegible] Company [illegible] of these c[illegible] to the Sher[illegible] obtains co[illegible] electric lig[illegible] populated and the U[illegible]

The Ea[illegible] furnishes [illegible] North Ha[illegible] towns, an[illegible] controls th[illegible] Island, Beebe Plain and Derby Line, Beebe and Derby Centre, Vt. It was stated at the meeting that by the purchase of these concerns the company would be able to sell a much larger proportion of its power twice over than was originally anticipated.

Although the Province of Quebec has no Hydro Electric Commission it seems that it will not be long before most of the towns in the province, in the eastern townships particularly, will be provided with ample, efficient and cheap electric energy.

If you have a heating problem to solve, Get this Booklet

IT TELLS ABOUT THE SANE HEATING OF HOMES

"Comfort & Health" tells about a heating system.

It goes into the question of healthful heating and shows how important a part the furnace plays in the health of your family.

It explains the principle of warm air heating; how the furnace draws in fresh air, warms it and circulates it moist and pure to every room in the house.

Then it tells about the perfect warm air furnace—the "Hecla." The furnace that cannot leak gas. The furnace that gives heat without dust. The furnace that is easy to run, and what is more important, how that furnace—The "Hecla"—saves you one ton of coal in seven.

"Hecla" Furnace

Cannot Leak Gas

Gas in the house is disagreeable. Often it proves dangerous to the health. The "Hecla" is so constructed that gas cannot get into the living rooms. The places where gas leaks occur in the ordinary furnace are fused in the "Hecla" so that gas cannot possibly find an outlet.

Saves 1 Ton in 7

The "Hecla" uses only six tons of coal where others use seven. It is the steel ribbed fire pot that makes this saving. New Ranges are of steel plate placed close together and welded into the fire pot get more heat from your coal is told in "Comfort & Health."

Investigate The "Hecla"

Get the booklet "Comfort & Health." It is yours for the asking.

ONE-WAY SECOND-CLASS TICKETS WILL BE SOLD TO WINNIPEG ONLY

Representative farmers, appointed by Manitoba, Saskatchewan and Alberta Governments will meet and engage laborers on arrival at Winnipeg.

Free transportation will be furnished at Winnipeg to points on Canadian Pacific where laborers are needed, east of Moose Jaw and Saskatoon, including branches, and at one cent a mile each way west, thereof in Saskatchewan and Alberta.

A certificate is furnished with each ticket, and this certificate, when executed by farmer showing that laborer has worked thirty days or more, will be honored from that point for a second class ticket back to starting points in Ontario, at $15.00, prior to Nov. 30th, 1911.

Tickets are good only on special Farm Laborers trains, which will be run from Toronto and Ontario points to Winnipeg without change, making trip in about 36 hours, and will be issued to women as well as to men, but will not be issued at half fare to children.

For full particulars see nearest C.P.R. Agent, or write—

R. L. THOMPSON, D.P.A., C.P.R., Toronto

C. V. JEFFERS, Up Town Agent, Orangeville.

A Good Defence Against the White Plague.

No one can afford to lessen their working power to-day, and to have power you must have good machinery.

The human body is the greatest machine ever produced—the most wonderful mechanism in the world.

It is sheer economic waste not to keep your body in the best condition.

There is no valid excuse for allowing the tissues to become attacked by the white plague. You need your health and Canada needs you.

Insure against it by building up your reserve forces and bodily defences.

The best defence you can get is Nyal's Cod Liver Compound. It builds up the tissues and prevents disease.

A delicious tonic and a splendid vitalizer; puts on good, solid flesh, and makes you feel fit for any task.

For the puny and backward child there is nothing better. Nyal's Cod Liver Compound will soon bring the roses back to the cheek and give vigor and vitality.

Your own Druggist cheerfully guarantees Nyal's Cod Liver Compound.

Dr. A. J. F. Howard,

WOMAN AND WOE.

Old Age in India Invariably Blends the Two Into One.

"I have seen women under a burning midday sun reaping in the fields," says a writer on India; "I have seen them at roadmaking in the streets of cities; I have seen them loading engines with coal at railway stations; I have seen them in long procession on the white roads of the plains carrying great burdens on their heads like a string of camels. And I have seen also in the eyes of every old woman whom I have encountered, every one of them, such misery, adversity and angry bitterness as seemed to curse the very air of heaven. I have not seen one happy old woman in the whole country.

"Women follow through the village like a dog at the husband's heel. Maternity is no excuse for the task in the field and the duties of the house. They are servants without wages and without liberty to select another master. Before them is perpetual servitude, and if they are so abandoned by the gods as to reach old age their certain destiny is misery, dejection, friendlessness and black despair. I never knew all the meaning of the word woe until I looked into the face of an old woman under an Asian sky.

"The women folk of the upper classes in India, speaking generally, are more the prisoners of their husbands than the women of the helot castes. They do not labor except in cooking and serving the meals of their husbands, but they are cut off from the world as completely as a nun: they do not even know, in many cases, the male relations of their husbands. They are little more than caged animals taught to do a few household tricks."—Chicago News.

COOKING A HEDGEHOG.

Bake It in Clay Into a Solid Mass and Carve It With an Ax.

When a Maine Indian has the choice of a hedgehog, a skunk, a woodchuck and a muskrat for dinner he will select the first named invariably and take the skunk as second choice, leaving the woodchuck, which is the only one of the lot a Maine white man will taste, to the last. Unlike the skunk and the woodchuck, which are lean and unsavory except for a few months in the fall, or the muskrat, which is never fat and which has a strong flavor in spite of parboiling, the hedgehog is always in edible condition and has meat that is as tender and white as that of a spring chicken.

The method of cooking a hedgehog is so simple that a novice can learn in one short lesson. When the epicure is permitted to make a choice he should shun the large old males, which at times weigh thirty or forty pounds. The preparation consists in removing the viscera, washing out the interior and filling the cavity with slices of fat pork, peeled raw potatoes, sprigs of spearmint and wild celery from the brook.

Then, without removing the quills or skinning, the body is plastered thickly with wet clay from the nearest bank. The muddy, bulky mass is thrust into live coals and covered with blazing fagots to be roasted for two hours.

On removal from the coals, the clay is found to have been baked into a hard and solid mass, which must be broken open with an ax or a heavy stone, whereupon the skin and quills of the animal cling to the clay wrapping and fall away, leaving the clean white meat ready to be eaten.—New York Herald.

A Bridge of Ants.

A species of ants which spin silk is common in hot countries. The ants nest in trees, binding the leaves together to make their nests. The silk used for this purpose is not secreted by the adult ants, but by the larvae. In order to attach the silken threads and draw the leaves together the ants must carry the larvae about from leaf to leaf. When two distant leaves are to be drawn together a remarkable method is employed. Five or six ants form a chain bridging the gap between the leaves, each gripping the waist of another in its mandibles. A number of such chains will co-operate in bringing two leaves together.

A Legend of Lace.

According to Melchior de Vogue, the legend of lace is as follows: A Venetian sailor gave his ladylove a frond of spreading seaweed to keep him in memory while at sea. But the girl found that the seaweed was rapidly drying up and disappearing. So she caught the fine branches and leaves of the plant with thread against a piece of linen and, working on, with her thoughts following her lover, invented lace.

Force of Habit.

He was an old merchant who had built up a big business by advertising.

"John," said his wife, "what do you want on your tombstone?"

"Oh," he answered, "it isn't very important what the text is so long as it gets good space and is well displayed."—London Telegraph.

Keeps It Well.

Nell—Don't you think Miss Antique keeps her age remarkably well? Belle—Sure. She never gives it away.—Philadelphia Record.

Tragic.

What is more tragic than to forget on "the morning after" that convincing excuse you gave the night before?—Lippincott's.

So much is a man worth as he esteems himself.—Rabelais.

HOW TO LIVE LONG

With healthy kidneys, one has a good chance to live long, but weak kidneys afflict old age with great discomforts. The back becomes bent and lame, rheumatism is chronic, eyesight fails and too frequent or involuntary passages of the urine cause embarrassment by day and loss of sleep at night.

Booth's Kidney Pills bring new strength to old backs and quick relief to weakened kidneys. They banish backache and rheumatic pain, regulate the bladder and urine.

Booth's Kidney Pills are for sick kidneys in old or young and are guaranteed by the proprietors, The R. T. Booth Co., Ltd., Fort Erie, Ont. Sold everywhere 50c. box. Free trial sent on request. Sold and guaranteed by T. Stevenson, Orangeville.

BRITAIN'S FAMOUS BAND.

Coldstream Guards to Cross the Ocean for the C.N.E. this Year.

The Coldstream Guards Band and its equally famous leader, Lieut.-D. J. McKenzie Rogan, M.V.O., Mus. Doc., Hon. R. A. M., need no introduction to the Canadian or American public. They toured Canada and the United States in 1903 and their reputation still lives. On that occasion they were secured for a forenoon and afternoon engagement at the Canadian National Exhibition, and so great an attraction did they prove, that the Management determined to exhaust every possibility to secure them for an engagement for an entire Exhibition. The time has at last arrived when this great musical treat can be given the patrons of the Great Fair.

The Coldstream Guards are England's most famous band. They have just finished a season's engagement at the Festival of Empire, London's greatest tribute to Coronation year. They are the musicians of the Royal Household and come to the Canadian National Exhibition by special permission of His Majesty, King George, and the Secretary of the Imperial War Office.

Cod Liver Oil With the Oil Taken Out

A Triumph for Chemical Science and Pharmaceutical Skill

Oil from the liver of the cod-fish has been used as a preventative of disease and a restorative for ages.

For a long time it has been the general opinion that the medicinal value of Cod Liver Oil was the greasy, oily part itself—its only drawback being the unpalatable, fishy taste of the oil.

From the first experts have been trying to find means to make it more palatable. They used to "cut" it with whiskey—take it in wine—flavor it with lemon juice—anything to get away from that abominable fishy taste and smell.

Lots of people still take it in Emulsion form, which is nothing more than "churned" oil—broken up—but still greasy, oily and a strain on the digestion.

Doctors used to think it was the oil itself that built up the system—they were slow to find out that the oil was a distinct drawback to the medicinal principles contained in it.

Crude oil is quite indigestible, and will, in time, put the strongest stomach out of order.

A way has now been discovered to do away with the grease and the smell, and yet retain all the medicinal properties of the liver. This is done by removing the fresh oil from the new livers. The liver pulp is then reduced to the form of an extract like beef extract.

Nyal's Cod Liver Compound is simply this liver extract combined with an extract of malt and healing wild cherry. It also contains the true hypophosphites.

This combination makes Nyal's Cod Liver Compound a delicious tonic—builds up the system, and makes you strong.

Take it when you feel yourself losing your grip. It's a pleasure to take—even the children like it.

Get a bottle to-day and ward off disease. $1.00 for a large bottle. Your druggist will cheerfully recommend it because he knows all about it.

Sold and guaranteed by Dr. A. J. Hunter & Co., A. T. Howard, Orangeville.

Nyal's FAMILY REMEDIES

HE IS OUT TO SUCCEED

THE SCOT FINDS HIS WAY TO THE HIGH PLACES.

Writer in Ottawa Free Press Discusses the Method by Which the Canny Products of the Northern Race Manage to Get Into the Good Jobs—The Failures Are Kept Out of Sight.

An amusing article, said to be "by an Englishman," appears in The Ottawa Free Press. We quote these interesting extracts:

Not so very long ago I accepted the legend that the Scots were a superior race, with constitutions like iron, the product of standard porridge, and with brains made keen by an educational system unparalleled in the world.

I laugh at myself now. I could count upon the fingers of one hand the Scotsmen I know who take porridge in the morning—though the Scots are at the present day doing a roaring trade in selling porridge-making stuff to their neighbors.

As to their educational system, what success it has appears to be due to their greed. No one in Scotland will pay for the education of his children if he can get it off the rates. This is the true reason why the "Provost's loon" and the "scavenger's loon" sit side by side in the rate-supported schools, catch the measles from each other, and imbibe the Scotchman's axiom of life that it is man's first duty to get the better of some one else.

Let us briefly examine the result of all this. We see Lord Strathcona and Lord Mount Stephen, those eminent cousins, starting life as cow-tenders, and ending by appropriating Canada. Sir John Houston Reid, the son of a Scottish parson, dropped down in Australia, became its Prime Minister, and is now its High Commissioner.

There is no English Church left. The Archbishop of Canterbury is a Scotsman, and so is the Archbishop of York, who was brought up a psalm-singing Calvinist, while Archdeacon Sinclair, of London, is president of the Caithness Society.

Turn to British politics. The Prime Minister only holds his position because he married a Scottish lady and was captured by a Scotch constituency. His predecessor, Sir Henry Campbell-Bannerman, was a Scotsman; and Mr. Balfour, who was Sir Henry Campbell-Bannerman's predecessor, is a Scotsman. So is Lord Rosebery, another ex-Prime Minister. So also, by descent, was Mr. Gladstone. The Lord Chancellor is a Scotsman, and so is his probable successor, Mr. Haldane, now Secretary of War. Mr. John Burns is a Scotsman. The Chief Liberal Whip is a Scotsman.

Sir Edward Hamilton, Permanent Secretary to the Treasury, is Scotch. Sir Robert Hamilton Lang has for years controlled the finances of Turkey, while Mr. John Lavery, the artist, has got himself into almost every painters' society on the continent. Sir Alex. Mackenzie, another tramp of the Caledonian road, is principal of the Royal College of Music, while Sir William McGregor, after annexing New Guinea to Great Britain, earned many other guineas as governor of various colonies. Sir Henry Babington Smith, Secretary to the postoffice, is, of course, a Scotsman, as is also Mr. Robert Henderson, secretary of the Board of Customs.

An Edinburgh man once visited London for the first time. On returning, he was asked what he thought of the English. "I did na' see them," he replied. "I only interviewed the heads of the departments."

What I have chiefly to complain of is the vast organization of Scots which exists in London, and has for its object what might be vulgarly called "downing the Englishman."

To the English nation the Scot is three times as deadly as the Jew. The Jew works alone; every Scot in London has one hundred and ninety-nine thousand, nine hundred and ninety-nine other Scots at his back.

Let one Scot get a footing in a firm, and his countrymen flock to him. Let a Scot be chief of a department, and in effect a notice is posted on its door: "No Englishman need apply."

Where, it may be asked, are broken-down Scotsmen to be found in London? It suits the Scots' purpose to make people believe that they all succeed. Of course, they do not. Up one of the alleys off Fleet street there is a gloomy building where are locked up the secrets of the army of Scotsmen who have not sufficient brains, or are too great tipplers, to get on, however hard they may be pushed. Up this alley go the unemployable Scots, and their fellow-countrymen in the metropolis pay their fares home to Scotland, or in some other fashion get them out of the way. Failure is the only devil that Scotsmen dread. They hide away his victims.

When Coffee Was Unpopular.

Coffee was introduced into England in 1652 and within the next ten years became the fashionable drink of London. A few years later, however, in 1663, there was a great uprising against the "oriental beverage of hades." It was satirized on every hand, the bitterest invectives coming from the pulpit. One leading minister characterized it as "the sirup of soot mixed with the essence of old shoes," and another declared that it was "a poison which God had made black that it might bear the devil's own color." The bitter crusade soon wore itself out, and by the time of Charles II. coffee houses were known in every village in the land.

Carlyle and His Pipe.

Carlyle smoked often and complained much of dyspepsia. A friend once ventured to suggest that his smoking might perhaps injure and depress him. "Yes," Carlyle said, "and the doctors told me the same thing. I left off smoking and was very meeserable, so I took to it again and was very meeserable still, but I thought it better to smoke and be meeserable than to go without."

NERVOUS, LIFELESS

DEBILITATED MEN

YOUNG MEN AND MIDDLE-AGED MEN, the victims of early indiscretions and later excesses, who are failures in life—you are the ones we can restore to manhood and revive the spark of energy and vitality. Don't give up in despair because you have treated with other doctors, used electric belts and tried various drug store nostrums.

Our New Method Treatment has snatched hundreds from the brink of despair, has restored happiness to hundreds of homes and has made successful men of those who were "down and out." We prescribe specific remedies for each individual case according to the symptoms and complications—we have no patent medicines. This is one of the secrets of our wonderful success as our treatment cannot fail, for we prescribe remedies adapted to each individual case. Only curable cases accepted. We have done business throughout Canada for over 20 Years.

CURABLE CASES GUARANTEED OR NO PAY

READER Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you any weakness? Our New Method Treatment will cure you. What it has done for others it will do for you. Consultation Free. No matter who has treated you, write for an honest opinion Free of Charge. Books Free—"Boyhood, Manhood, Fatherhood." A ballot box invented by Mr. Joseph B. Walkem, K.C., of Kingston, has been brought to the attention of Hon. Charles Murphy, Secretary of State, and it is said that it may be adopted by the Government. The box has been approved by the Ontario Government. It is a very simple device, and does away with the lid, which opens on the top, and which has been the source of crooked work.

Eczema Not a Blood Disease

For this reason internal treatments fail to cure—Success of Dr. Chase's Ointment.

Experience with the use of Dr. Chase's Ointment will soon convince anyone that Eczema is a disease of the skin and not of the blood.

Mr. A. D. Macauley, Stornoway, Que., writes,—"I had itching eczema on my leg for over five years and tried many remedies and several doctors without benefit. Dr. Chase's Ointment cured me completely."

Mrs. Chas. Gilbert, Haystack, Placentia Bay, Nfld., writes,—"I was a sufferer from Salt Rheum for ten years and was cured by eight boxes of Dr. Chase's Ointment. I am heartily thankful for this cure and want to recommend Dr. Chase's Ointment to other sufferers."

Why not get the cure started to-day. If you are a sufferer from eczema or any form of itching skin disease you will thank the day you heard of Dr. Chase's Ointment. 60 cts. a box, all dealers, or Edmanson, Bates & Co., Toronto.

RAGING HEADACHE STOPPED AT ONCE

When He Took "Fruit-a-tives"

SHANLY, ONT., Sept. 23rd, 1910.

"You certainly have the Greatest discovered Headache Cure in the world. Before "Fruit-a-tives" came before the public, I suffered tortures from Headaches caused by Stomach Disorders.

"One of your travellers called on me when I had one of my raging headaches and had my head almost raw from external applications.

"I hated to see any person coming into the store (much less a commercial traveller) and I told him very curtly that I had a headache but he insisted on my trying "Fruit-a-tives".

"I did so, with what I would call amazing results. They completely cured me and since then (nearly six years ago) it is only necessary for me to take one occasionally to preserve me in my present good health. I was 65 years old yesterday and have been a general store keeper at the above address for twenty-five years".

WM. PITT

As Mr. Pitt says "Fruit-a-tives" is the greatest headache cure in the world.

Dealers everywhere have "Fruit-a-tives" at 50c. a box, 6 for $2.50 or trial size, 25c. or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

A young man named Ernest Mudge, was sentenced a week ago Friday by Magistrate Woodman, of Drayton, to 30 days in gaol for theft. Mudge was in the employ of Mr. Arthur Whale, of Peel township, and stole $10 from the trousers pocket of his employer. He left the neighborhood and was located in Brantford, and brought to Drayton for trial. He pleaded guilty to the charge and asked that the sentence be made as light as possible. There was $60 in bills in the pocket, but $10 was all that was taken.

In a miniature cyclone during a recent storm, Dr. McFayden, veterinary of Fergus, had an unique and uncomfortable experience, which, furtunately for him, did not result in anything more serious than the breaking of a small bone in his foot. He was going in from Guelph and about 2½ miles from town when the storm overtook him. He had the top of his buggy up to protect him from rain and the wind overturned both horse and rig into the ditch. The rig was badly damaged and Dr. McFayden sustained the injuries already stated.

A Washington policeman found a negro at two o'clock one morning acting rather suspiciously in the neighborhood of some of the big houses on Massachusetts avenue.

"Here, you!" shouted the policeman. "What are you doing here?"

"Nothin'."

"Well, I think you are. Explain, now, or I'll put you in."

"Boss," said the negro, "I ain't doin' nothin'. You see, I sings tenor in our church choir."

"Well, what's that got to do with your being here?"

"A heap, boss—a heap. I sings tenor in our church choir, an' th' man what sings bass is sick."

"Come along," said the policeman.

"Hol' on, boss—hol' on! Th' man what sings bass is sick, an' I'se gotter take his place in the choir; so, singin' tenor as I dose I'se out here catchin' cold so I kin sing bass."

THIS YEAR'S WHEAT CROP WILL BE THE LARGEST IN THE HISTORY OF CANADA—FIFTY THOUSAND MEN REQUIRED FOR THE HARVEST.

The wheat crop of 1911 is the largest ever known in the history of the country—a low estimate of the crop of Manitoba, Saskatchewan and Alberta being at least two hundred million bushels, and the Government of the respective provinces state that fifty thousand men will be required for the harvest this year. These will have to be principally recruited from Ontario, and the prosperity of Canada depends on securing them promptly. The Canadian Pacific, on whom will practically fall the entire task of transporting the man to the West, is already making special arrangements for this year. Excursions from Ontario points to Manitoba, Saskatchewan and Alberta will be run at the same rates and conditions as last year and special trains from Toronto and Ontario points through to Winnipeg and West will be run, making the trip in practically thirty six hours, avoiding any change of cars or transfers—this will be a day shorter than any other route. Dates of the excursions will be announced as soon as possible, and all C. P. R. Agents can supply full information concerning this year's excursions.

Electric Lighting

If you are thinking of having your house wired for electric light, I will do your work properly and at a moderate price. Have you ever thought how important it is to have wires properly insulated? I have given this matter special study and if I do your work you need not have the slightest fear of danger from defective wiring.

Repair work attended to promptly.

I also make a specialty of Bath Work and all kinds of Plumbing.

WOMEN MAY AVOID OPERATIONS

By taking Lydia E. Pinkham's Vegetable Compound

The following letter from Mrs. Orville Rock will prove how unwise it is for women to submit to the dangers of a surgical operation when it may be avoided by taking Lydia E. Pinkham's Vegetable Compound. She was four weeks in the hospital and came home suffering worse than before.

Here is her own statement.

Paw Paw, Mich.—"Two years ago I suffered very severely with a displacement. I could not be on my feet for a long time. My physician treated me for seven months without much relief and at last sent me to Ann Arbor for an operation. I was there four weeks and came home suffering worse than before. My mother advised me to try Lydia E. Pinkham's Vegetable Compound and I did. Today I am well and strong and do all my own housework. I owe my health to Lydia E. Pinkham's Vegetable Compound and advise my friends who are afflicted with any female complaint to try it."—Mrs. ORVILLE ROCK, R. R. No. 5, Paw Paw, Michigan.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

For thirty years it has been the standard remedy for women's ills, and has positively restored the health of thousands of women. Why don't you try it?

SPORTS.

Hanover and Orangeville intermediate O. L. A. teams clashed on the former's grounds on Wednesday afternoon of last week. The result was a rather easy victory for the homesters, who scored no less than 16 goals while the green-shirted Dufferin men only managed to place 4 tallies to their credit. Orangeville played well in spots, but the team as a whole lacked experience and the ability to take advantage of opportunities. The Dufferins took a brace in the second period and managed to hold their strong opponents down to a tie—4 to 4. The Hanover Post gives the following entertaining report of the game :—

Orangeville in years gone by has produced some of the best material in the business, in fact recruits from the once famous Dufferins grace some of the stellar lacrosse teams in the world to-day. But the old gladiators have drifted from the scene, and the game is now being played by a younger bunch of boys for the most part. "Doc" Campbell, the hero of many a field is still with them, and plays a mighty good defence game too. Campbell was one of the players who made the long-to-be-remembered world tour a few years ago. While the teams were not in the same class yesterday, Orangeville had some very good men and played the game with considerable skill. Probably had our team wanted to they could have shut them out—but that would have been a shame. While Orangeville boys were defeated by a big score, still they took it like good sports and gentlemen, and will be given all kinds of feather beds on their next visit here. A thunder storm blew up shortly before the game, and no doubt kept many away but still a very fair sized crowd were on hand. The color distinction between the red shirts and the green shirts was fine. The game was refereed by Henry, of Brampton, once an official in the C. L. A. He is strict and no doubt could handle a game well. He had it easy yesterday. Mr. Blaney McGuire, a newspaper man from Orangeville, and President of the O. L. A., was on the grounds.

The big scoring was done in the first half, Hanover tallying 12 straights in that period. Our team certainly showed class, as the Orangeville men freely admitted. The team was well balanced. The home played a beautiful game, the centre was strong, and the defence did what was necessary in a capable manner. The enthusiasts were all glad to see George Wingham at his old place at point. He is the same cool customer.

The teams were as follows :—

Orangeville—Harmon, Dr. Campbell, Gallaugher, McGibbon, Jeffers, Smith, Conley, Vanwyck, Farrell, MacPherson, Holmes, Dinsmore. Field Captain—President of O.L.A. Blaney McGuire.

Hanover—Henning, Wingham, Harman, H. Wendorf, Girodat, Ries, S. Wendorf, Ruhl, Lewis, Hauert, Heimbecker and Zinn. Field Captain George Booth.

TALENT FOR GENERALSHIP.

Herein Lies Secret of Successful Lacrosse Career of Ernie Menary

Monday's Telegram had the following interesting article on Ernie Menary, the famous ex-Dufferin player and present manager of the Toronto lacrosse team :—

There are several things which contribute to the making of a good lacrosse player. One essential is that he select the right locality for his nativity, and Ernie Menary, the manager and brilliant defence player of the Torontos, did so, for the stork deposited him in Orangeville, within a stone's throw of the grounds where played the team which won the first intermediate C. L. A. championship in 1887. That team not only supplied Ottawa with a bunch of players who helped the Capitals score a series of triumphs, but gave to the national game in Orangeville an impetus which kept it for many years in the forefront as a lacrosse town.

Menary, like most of the youth in those parts, could handle a stick almost as soon as he could walk. He lived at the lacrosse field. His fondness for the game amounted to a passion which could not be suppressed. It is not surprising, therefore, that this career should have been such a shining success.

Another essential for a lacrosse player seems to be that he should come of a family of boys. Menary had brothers who could also play the game. Lacrosse players appear to come into this world in bunches. In Orangeville the Carsons, the Henrys, the Irvines and the Menarys gave evidence of this fact and it has been shown to be the case in many other places in Ontario. With the Dufferins Menary helped to win the C. L. A. intermediate championship in 1897 and the senior in 1900 and 1901.

The deciding game for the latter was played against St. Catharines at Hanlan's Point and Menary occupied the same position then as he does today—in front of the flags—and in that game he displayed a talent for generalship which is the secret of his success. No man can handle a defence better than he. The game against the Nationals on Saturday provided one of the greatest exhibitions of defence work that has ever been witnessed on any lacrosse field. Never did a home have more difficulty in eluding their checks than the nimble Frenchmen. Menary played the game that he has always played—ever steady and sure. He seems to be able to anticipate every move and be just in the right place at the right time.

He doesn't lose his head. Possessing the stoicism of the redman, he conducts himself in the most trying situations with an admirable serenity. Consequently he is seldom penalized. He can stop a man from "getting by" him as they say in lacrosse, without resorting to the grosser impediments sometimes adopted.

After a player has been in the game a great number of years the wise ones begin to say that his time for retirement has come. They have been saying it about Menary, but Saturday's exhibition didn't show that Menary's day was done. On the contrary, it proved, if anything, that the sun which rose in Orangeville is not yet near its setting.

Orangeville lawn bowlers are busy getting ready for their second annual Tournament, which will commence on Tuesday afternoon, August 1st. Outside interest is much keener than last year, and with favorable weather a large entry list is assured. Owen Sound, Brampton, Beeton, Grand Valley, Bolton, Arthur, Mount Forest, Erin, Elora and Fergus are among the outside rinks that will be represented. There will also be at least two rinks from Toronto.

—St. Mark's S. S. held its annual excursion to Stanley Park yesterday afternoon. The event was well attended and an excellent time is reported despite the rather chilly afternoon.

Twenty-six rinks took part in a successful bowling tournament in Mount Forest last week. Orangeville Club, which won the Trophy at this tournament last year, was represented by a rink skipped by Dr. Bowles, the other players being Geo. E. Brown, R. H. Robinson and J. D. McMillan. The rink did not succeed in retaining the trophy, but had the distinction of being runners-up. In the final game they were up against Tom Thauburn's strong rink from Brampton. The Brampton bunch won by 18 to 11. In the preliminary round Bowles defeated Ireland of Mount Forest by 16 to 9, in the first round Jones, of Mount Forest, by 18 to 15, and in the second round, Wright, of Owen Sound, by 24 to 20. The semi-final game was against Theobald, of Mount Forest, Bowles again winning by 20 to 14.

O. L. A. LACROSSE MATCH.

Orangeville and Dundalk juvenile O. L. A. teams will play a championship game on Idylwyld Park on Wednesday afternoon, August 2nd. The game will be called at 3 o'clock sharp.

SKIN SOFT AS A CHILD'S

"I was a great sufferer from eczema and salt rheum for years," writes Mr. John W. Naas, Lunenburg, N.S. "Five years ago three boxes of Dr. Chase's Ointment cured me and the old troubles never returned. My skin is soft as a child's now, and I shall always say a good word for this Ointment."

What do you think of a good Waterproof Coat for a boy for 98 cents. We have them. — McMillan Clothing Co.

CALEDON COUNCIL.

Council Chamber, July 18th, 1911.

Council met, Reeve presiding, members all present, excepting Mr. Cameron. Minutes of previous meeting reah and adopted.

The following communications were received and read, viz.,—

From A. A. Hughson, Solicitor for A. M. Speers, stating that a wire fence erected at the jog on 20 sideroad, con. 5, east, interferes with his client's access to his property, and requesting its removal.

From H. C. Russell, objecting to the proposed closing of Charles St. in the village of Alton.

From Geo. Robb, Solicitor for Mrs. James Cameron, stating that the taking of gravel from the highway, opposite her property on the 4th line west, had undermined the fence and that his client looked to the township for damage already done and that may occur hereafter by reason of the cutting away of the bank.

From Peter Blair, requesting payment of $40.00 for loss of a cow in the pond at lot 24, con. 4, west.

Mr. Armstrong presented the petition of 23 ratepayers, praying the Council to re-erect the storm fence at lot 14, on east town line, on the proper line.

The Reeve reported having had a cement superstructure placed on the abutments for a bridge on King street in the village of Belfountain at a total cost of $231.97. The work being completed, payment was recommended. Report adopted.

Messrs. Giles and Quinn reported having let a job of grading and placing two culverts on 5 side road, con. 1, east, to Thomas Petch for the sum of$47.00. The work being done to their satisfaction, payment was recommended. Report adopted in Council.

A by-law to borrow money to meet the current expenditure until the taxes are collected was introduced and regularly passed.

The following wire fence petitions were received, viz.,—

Frank McDevitt, 90 rods; Alex. C. Speers, 73 rods; W. J. Morris, 50; D 'Patterson, 97; F. Groves, 40 rods; George Giles, 80 rods; Frank Johnston, 40 rods; T. J. Robinson, 60 rods; A. M. Speers, 70 rods; J. Longstreet, 70 rods; D. Ferguson, 80 rods; A. Sawden, 48 rods; J. T. Watson; 120 rods; E. Ward, 115 rods; Alex. Huston, 65 rods; S. A. Nunn, 100 rods; J. P. Graham, 100 rods; T. Chambers, 61 rods; Geo. Baxter, 47 rods; R. M. Speers, 107 rods; E. J. Ellis, 52 40ds; Jno. Ellis, 84 rods; John Patterson, 14 rods; Jno. McBride, 40 rods; John Warnock, 53 rods; William Smeaton, 40 rods.

Moved by Mr. Quinn, seconded by Mr. McBride, that in reference to the communication from Mr. Hughson re. wire fence obstruction on 20 sideroad, con. 5, east, Mr. Giles be commissioner to investigate the matter and effect a settlement.—Carried.

Moved by Mr. Quinn, seconded by Mr. Giles, that in reference to the claim of Peter Blair for loss of cow, caused by her jumping into the pond at lot 24 on 4th line, west, the Reeve and Mr. Armstrong be a committee to investigate the same and report at next meeting of Council.—Carried.

Moved by Mr. McBride, seconded by Mr. Armstrong, that in reference to the claim of Joseph Watson for a broken baggy, caused by an obstruction on the road at lot 4 on 1st line, west, Messrs. Quinn and Giles investigate the same and report at next meeting of Council.—Carried.

Moved by Mr. Quinn, seconded by Mr. Giles, that Joseph Rayburn be permitted to dig a ditch across the Centre Road at lot 22 for the purpose of laying a water pipe from barn to house, he to leave the road in as good a condition as at present.—Carried.

The following accounts w re examined and passed, and the Reeve's order issued for their paymert, viz.,—

T. Petch, for work on a side road, con. 1, east	$47 00
T. Glassford, for gravel and shovelling	9 25
James Pinkney, R. O., for work on his division	15 75
D. Smith, for 5 days' shovelling gravel	9 00
J. M. Deagle, for 2 sticks of timber, 52 feet each	20 00
D. Reid, for gravel supplied, and repairing washout	11 60
W. J. Smith, placing 50 yds. of gravel, 4th line, west	20 00
J. L. Meek, disbursements to date	9 30
Wm. Henderson, for gravel and damage to crop	4 00
P. Garrity, repairing washouts	3 50
S. McDonald, Caledon share of grant on town line	15 00
George Adair, operating road machine	6 00
Chester Glassford, operating road machine	15 00
R. J. Hillock, gravel and gravelling, 1st line west, lots 7 and 9	232 85
J. L. Meek, on salary	125 00
A. Bacon, commutation due his division	4 00
T. Martin, commutation due his division	6 00
T. Smith, operating road machine	54 00
T. Smith, repairs and express	5 90
Hamilton Machinery Co., repairs for machine	8 70
J. Matthews, for lumber supplied	3 50
The Metallic Roofing Co., galvanized iron for bridge	17 74
Jno. A. McBride, for freight on beams	5 25
Jno. Willis, teaming	3 00
A. Spratt & Son, for gas pipe railing	23 50

D. McFaul, repairing bridge, 20 side road, con. 3, west	15 00
John H. Watson, ½ cost of work on south town line	14 75
R. M. Speers, underbrushing and cutting ice lot 21, con. 3, east	5 00
Wm. Duke, for work on 3rd line, east	11 00
Frank McDevitt, bonus on 90 rods of wire fence	22 50
W. J. Morris, bonus on 50 rods of wire fence	12 50
D. Patterson, bonus on 97 rods of w're fence	24 25
F. Groves, bonus on 40 rods of wire fence	10 00
Geo. Giles, bonus on 80 rods of wire fence	20 00
Frank Johnston, bonus on 40 rods ofwire fence	10 00
T. J. Robinson, bonus on 60 rods of wire fence	15 00
A. M. Speers, bonus on 70 rods of wire fence	17 50
J. Longstreet, bonus on 70 rods of wire fence	17 50
Jno. Warnock, bonus on 53 rods of wire fence	13 25
Jno. Patterson, bonus on 14 rods of wire fence	3 50
Jno. Ellis, bonus on 84 rods of wire fence	21 00
E. J. Ellis, bonus on 52 rods of wire fence	13 00
R. M. Speers, bonus on 107 rods of wire fence	26 75
Geo. Baxter, bonus on 47 rods of wire fence	11 75
Thos. Chambers, bonus on 61 rods of wire fence	15 25
J. P. Graham, bonus on 100 rods of wire fence	25 00
Jno. McBride, bonus on 40 rods of wire fence	10 00
S. A. Nunn, bonus on 100 rods of wire fence	25 00
Alex. Huston, bonus on 65 rods of wire fence	16 25
E. Ward, bonus on 115 rods of wire fence	28 75
A. Sawden, bonus on 48 rods of wire fence	12 00
John T. Watson, bonus on 120 rods of wire fence	30 00
D. Ferguson, bonus on 80 rods of wire fence	20 00
Wm. Smeaton, bonus on 40 rods of wire fence	10 00

Moved by Mr. Giles, seconded by Mr. Armstrong, that when this Council adjourns it stands adjourned until. Tuesday, Aug. 15th, next.—Cd.

Mr. Quinn gave notice that he will, at next meeting of Council, ask leave to introduce a bill levying rates for County, Township and School purposes also for paying bonus on wire fences.

On motion Council adjourned.

J. L. MEEK, Clerk. J. A. McBRIDE, Reeve.

Change . . . .

In Business

Having severed my connection with the Firm of McMillan & Torrie and bought out the

TAILORING AND FURNISHING BUSINESS

of Andrew Hill at A RATE ON THE $, and also taken over the entire Stock and Good-will of the old Firm in the Ordered Tailoring Department, I feel that I am in a better position than ever to serve the many friends of Mr. Hill and myself in making to Order

STYLISH GARMENTS FOR MEN . . . . . .

On account of taking over all the

WOOLLENS

from both Stores, I find myself too heavily stocked in these Lines. I have decided on a very simple method of reducing my Stock, that is

SIMPLY TO CUT THE PRICES

Here is a chance to get an Ordered Suit at a Price that will appeal to the Closest Buyer, with

FIT AND WORKMANSHIP GUARANTEED.

I also have a large Stock of Furnishings that must be cleaned out to make room for NEW FALL GOODS. They will be sold at prices that will make them go.

As space will not permit me to tell you all about the Bargains I have in store for you, a call will be the best means of convincing you that I mean what I say.

REMEMBER THE STAND!

A. Hill's Old Store. Next Door to Banner Office.

J. D. TORRIE

Merchant Tailor and Gents' Furnisher.

SEARCHLIGHT RAYS.

The Effect When the Beams Penetrate a Foggy Atmosphere.

Nearly everybody is familiar with the beam of a searchlight and knows why the beam is visible, while light itself cannot be seen unless it strikes the eye, its visibility being due to particles in the air which really do reflect the light to the eye. On a foggy night, if one will notice, the beam seems to come abruptly to an end if the light is pointed upward. It does this instead of gradually fading away into nothing, as it does pointed horizontally on a uniformly foggy night.

The thing is rather puzzling to one first seeing it, but the reason is not far to seek. Where the end of the beam seems to be there is the place the fog ends, for the beam cannot be visible to us unless there are small particles in its path. This is of great help to sailors in judging of the state of the weather, for they can tell exactly how thick the frog is, or, rather, how deep it is. They can also tell by throwing the light horizontally whether the fog is universal or occurring only in patches, for if extending to a great distance the beam gradually gets dimmer and dimmer, but if in patches the beam is lighter in patches, and if it goes through a place with no fog at all that part of the beam is black or invisible. —New York Tribune.

A one-ring circus was tornadoed down in Georgia. The main top was blown down, the menagerie tent was destroyed, all the cages were upset, and the animals escaped. The management huddled about a stove in a crossroads store and peered pessimistically into a dismal future. The chances were they would never get the animals back. The chances were better that some one would be injured by the savage and ferocious beasts, which were exhibited at one price of admission. By and by a negro approached. "Did you all lose a Gi-raffe?" he asked. Type fails to convey the peculiar darkey tenor. "We lost everything," said the manager shortly. "But we'll pay you if you get the giraffe back." "It oughter to be worf two dollah to git dat Gi-raffe back," said the darkey. "'Pear lake he a powahful bad-tempehed Gi-raffe. If Ah hadn' walloped him wif a club, dat Gi-raffe would done bit me." "Giraffes don't bite, you fool," said the manager, head in hand. "Giraffes kick. But you bring him back and we'll give you two dollars." "Dis Gi-raffe bites," insisted the colored man. In a few moments he reappeared, leading by a rope around his neck, Nero, the most ferocious man-eating lion in captivity. "W-oa," said he, jerking at the rope. Nero stopped obediently in the rain. "Gimmie mah two dollahs, w'ite man," said he "Heah's youah Gi-raffe. An' he do bite."

New Radium, Silk Foulards in navy and white, rose and white, tan and white, and Black and white, satin finish, regular 50c, special price per yard, 25 cents.

The ladies of the Methodist churches of the Mono Mills circuit are arranging to hold a grand garden party on Mr. Peter Rawn's grounds in Albion on Wednesday evening, August 9th. A varied literary and musical programme is being arranged for the evening. Watch for posters.

PERSONAL MENTION.

Mr. Wm. Noble, of Toronto, is visiting friends in town this week.

Mr. J. S. Haley, of Toronto, was a visitor in town over Sunday.

Misses Ruby White and Eve Black are visiting friends in the city.

Mr. Roy Fleming, of Orton, spent Sunday with friends in Shelburne.

Mr. and Mrs. Sydney Murch, of Chicago, and children are visiting in town.

Mrs. Lena Youmans and daughter, Mildred, First Ave., are visiting friends in Markdale.

Mr. Will Patterson, of Petrolea, is visiting his parents, Mr. and Mrs. John Patterson, York St.

Mr. and Mrs. J. B. Adamson and family spent the former part of this week with Alliston friends.

Mr. and Mrs. A. W. Gower and children, of Batavia, N.Y., are visiting Mr. and Mrs. D. McPherson.

Mr. M. McPherson and family, West Broadway, are spending a couple of weeks holidaying at Georgian Bay points.

Mr. and Mrs. Geo. M. Endacott, of Vancouver, B.C., are visiting the former's parents, Mr. and Mrs. H. Endacott.

Mr. and Mrs. J. E. Smith and Mr. and Mrs. J. B. Adamson drove to Alliston on Sunday and spent a couple of days with friends in that town.

Mr. D. Nairn, Principal of the Dickson School, Galt, and Mrs. Nairn, were guests of Postmaster and Mrs. Park last week. Principal Nairn is a brother of Mrs. Park.

Miss Dale and Mrs. A. E. Des Islets, of Montreal, accompanied by the latter's little daughter, are visiting their parents, Mr. and Mrs. Robert Dale, West Broadway.

Mr. J. Lindsay, Mr. and Mrs. Edward Clark, Miss Clark and Mr. E. C. Clark attended the funeral of the late Mrs. Wm. Parsons in Georgetown on Sunday.

Miss Alice B. Simpson, of Buffalo hospital, is visiting her parents, Mr. and Mrs. A. J. Simpson, The Maples, and her sister, Mrs. Nelson N. Maxwell, 2nd line, west, Caledon.

Misses Ella and Maud McMaster, daughters of Mr. P. McMaster, Principal of Windsor Public School, were visiting their aunt, Mrs. N. Sproul, Second St., last week.

Mrs. W. H. Hunter, The Maples, and her sons, Gordon and Bryson, returned home on Tuesday after a pleasant visit with Mrs. Hunter's parents, Mr. and Mrs. David Scott, of Leith.

Mr. A. E. Rowan, of Drayton, N. D., who was called east a few weeks ago on account of the illness and death of his mother, the late Mrs. Thos. Rowan, returned to the West to-day.

Miss Margaret Mann is visiting friends in Galt.

Mrs. Nelson Travers, of Guelph, is visiting Mr. and Mrs. J. C. Reid.

Mr. R. McNichol, of Regina, was in town for a few days this week.

The Misses Gray, of Toronto, visited their cousins, the Misses Hulse, the first of this week.

Miss S. Osborne, of Guelph, was the guest of the Misses Park for a couple of days last week.

Miss Henrietta Wallace is visiting her cousins, Dr. and Mrs. Stewart, and other friends in Chicago.

Mr. Jack Aitcheson, of the Adamson Hardware Co., is spending his vacation at his home in Elora.

Miss Edna Bowles, of Mono Road, is visiting her aunt, Mrs. W. M. Green, and other relatives in town.

Mr. Edward Darby, of Imlay City, Mich., is visiting his sister, Mrs. S. Kenney at the home of Mrs. R. W. Ritchie.

—Mr. and Mrs. Finlay Lane visited the former's mother in Hillsburg last Thursday, the occasion being Mrs. Lane's 93rd birthday.

Mr. and Mrs. J. Rogerson, of Bradford, Pa., arrived in town yesterday in Mr. Rogerson's touring car, and will remain a few days as the guests of Mr. and Mrs. Francis Irwin. Mrs. Rogerson, was formerly Miss Irwin, of East Garafraxa.

Miss May Wilson, daughter of Mr. and Mrs. Wm. Wilson, of Relessey, has passed her primary examination in piano at the Toronto Conservatory of Music with first-class honors. The young lady is to be heartily congratulated upon her excellent showing.

Mr. R. C. Walls, one of the firm of Walls Bros., publishers of the Barrie Saturday Morning, was in town Friday and Saturday. Mr. Walls is interested in a Western Land Agency that is arranging to take a party of prospective land buyers to the West the end of this month.

Rev. Mr. McKerroll, pastor of Victoria Presbyterian Church, West Toronto, delivered eloquent sermons in St. Andrew's Church on Sunday. Mr. McKerroll is a gifted and scholarly speaker and his discourses were much enjoyed by all who heard him. He will occupy the pulpit again next Sabbath.

Mr. H. G. Bell, a former Orangeville boy, who has occupied the position of Professor of Agronomy in the University of Maine, has been appointed Agronomist of the National Fertilizer Association with headquarters at Chicago. This organization is composed of the largest fertilizer manufacturing concerns in America. Prof. Bell, who is the youngest son of Mr. Emanuel Bell, is holidaying intown at present.

Don't forget Gillespie, Rogers & Co.'s Special Sale on Saturday. See small bills.

DRIVING CLUB MATINEE.

Orangeville Driving Club held its second matinee on Exhibition Park yesterday afternoon. There was an attendance of about 250 spectators. The events were all well contested and the crowd had a good afternoon's sport. The results were :—

Class A.

Billy B., A. Esson, Belwood...	1	1	1
Direct Mac., J. J. Carroll, Erin	3	2	2
Hugh Mac, N. McQuarrie, O'ville	2	3	3

Time 2.27; 2.28; 2.29.

Class B.

Lou L. Grattan, J. Finerty, Orangeville	1	2	2	1 1
Joe, Miller, J. Lamont, Caledon	2	1	1	2 2
Eddie T., Thos. Turnbull, Camilla	3	3	3	3 3

Time 2.35; 2.32¼; 2.31½, 2.31, 2.31½.

Class C.

Arthur L., A. Esson, Belwood	2	1	1	1
Rex., D. McArthur, Caledon	1	2	2	2
Doctor K., F. Morton, Glencross	3	3	3	
Jack Canuck, J. McMillan, Hillsburg	4	4	4	

Time 2.40; 2.33; 2.33; 2.33¼.

When Prof. Charles Zueblin, of Harvard, was last in Kansas City he immediately sought out L. H. Fiery, assistant manager of the Coates House, who was his boyhood friend. They had played on the same college baseball team and were chums at school. One afternoon Mr. Fiery and Prof. Zeublin went to Evanston to play golf. The professor is almost an expert at the game. He was constantly addressed as "professor." Finally Mr. Fiery's caddie whispered to him :

"Is he a professor of golf?"

"Oh, no, my boy," Mr. Fiery answered, "he's a professor in a university."

The caddie studied a moment, and then said, with a decided show of disappointment :

"Shucks, is that all?"

"Yes, sir," the Kentuckian said, as they sat by the stove, "you can tell a man's rank in this State thusly : If you see a man with his feet on top of the stove, he's a general; if his feet are on that rail half way up, he's a colonel, and if he keeps them on the floor, he's a major."

"Ah, yes," his companion said; "that's good as far as it goes; but how are you going to distinguish a captain or a lieutenant?"

"Stranger, we don't go no lower than major in Kentucky."

STUDY at HOME

And qualify for a good situation in business life. It will cost little to do this. Get our plans. Write The Shaw Correspondence School, 391 Yonge St., Toronto.

GARDEN PARTY AT LAUREL.

Laurel Methodist Sabbath School will hold its annual garden party at Laurel on Monday evening next, July 31st. The 36th Regiment Band has been engaged for the evening and will furnish a choice musical programme. There will also be singing by Grand Valley and Laurel quartettes, and recitations by Miss Edna Campbell, of Orangeville. Short addresses will be delivered by C. R. McKeown, M. P.P., R. J. Woods, of Corbetton, Rev. J. R. Bell, of Laurel, and the local clergymen. Tea will be served from 6 to 8.30 o'clock. Refreshments will also be served on the grounds. Admission, including supper, adults, 25c.; children under 12, 15c.

NORTH ERIN GARDEN PARTY

Knox Church Presbyterians, North Erin, will hold their annual garden party on Mr. J. R. Carroll's grounds, Erin and Caledon townline, on Tuesday evening, August 1st. Mr. Robt. Wilson, the celebrated Toronto humorist and comic singer, has been engaged for the evening and will furnish the programme, apart from the speaking, with the assistance of Mr. Percy Harding, Orangeville, tenor soloist and banjoist, Miss Edna Campbell, Orangeville, recitations, and Dalton Carroll, Erin, fife soloist. Short addresses are expected from Rev. R. S. Scott, Hillsburg, Rev. W. M. Morris, Orangeville, C. R. McKeown, M.P.P. and other speakers. The pastor, Rev. Dr. Armstrong, will occupy the chair. Supper served from 6 to 8.30 o'clock. Admission, 25c.; children under 12, 15c.

A SEVERE LOSS.

Archie Cowen, of Alton, and Thos. Richardson, of Taber, Alta., formerly of Grand Valley, suffered a loss of about $2000 a week ago Sunday evening, when their sweepstakes prize-winning Hackney stallion, British Yeoman, died quite suddenly in the Dominion Hotel stables in Grand Valley. Mr. Joseph R. Carroll had started from Grand Valley with the stallion for his home in East Luther. When he had gone some distance he noticed that the horse was ill. It required considerable persuasion to get the stallion back to his stable, and in about ten minutes time he dropped dead. The rupturing of a blood vessel in the abdomen was the cause of death. The horse was insured for $1000.

BAD COLD IN THE CHEST

"I am happy to tell you that I used Dr. Chase's Syrup of Linseed and Turpentine, and was promptly cured of a very bad cold in the chest," writes Miss Josephine Gauthier, Dover South, Ont. You can depend on Dr. Chase's Syrup of Linseed and Turpentine to relieve and cure all inflammations and irritations of the throat and bronchial tubes.

BORN.

YOUNG—In Brampton, on Tuesday, July 18th, 1911, to Mr. and Mrs. James I. Young, twin daughters.

MARRIED.

COLLIER—MORRISH — At Wycliffe College Chapel, on July 19, 1911, by Rev. Principal O'Meara, L.L.D., Rev. Alfred Clinton Collier, M.A., rector of St. John's Church, Winona, to Celia Winifred Morrish, B.A., of Toronto.

Our 25c. Fancy Sox at 18 cents or 3 pair for 50 cents, during the Sale—McMillan Clothing Co.

A good assortment of Rugs, Mattings, Floor Oil Cloths and Lace Curtains at Ritchie Bros.

PRINCIPAL FIRTH REMAINS.

Principal Firth, of the Orangeville Public School, received the tempting offer last week of a Principalship in Fort William at a salary of $1200, which is about $300 better than he has been getting here. The Orangeville Board held an emergency meeting to deal with the situation, and decided to increase Mr. Firth's salary to $1050. Citizens generally will be glad to learn that the Principal has turned down the Fort William offer and will remain in Orangeville.

Here's Your Paint!

Whatever your job of painting—whether you do it yourself, or have a painter do it—be sure of a GOOD job, soonest done, best looking, longest service, by getting

M-L MAPLE LEAF **PURE PAINTS**

All ready for use. Simply choose the right color from the forty-seven shades in which M-L paints are made—take off the cover, stir a bit and start to work. You'll find M-L Pure Paints spread easier, cover more surface, give a smoother, glossier finish than any other paint you could buy.

Use M-L Paint and You Won't Have to Paint so Often

Other paints soon fade, blister and flake off because other makers haven't yet found out, as we have, how to mix a special ingredient with other pure materials to make an elastic, durable paint that stands extremes of wear and weather, and keeps its lustre for the longest time.

Decorate the walls and ceiling with M-L FLAT WALL COLORS. More economical, more artistic, more sanitary than wall-paper. Easily applied and very durable. Washable, too. 16 shades. Try them.

Made in 47 colors for every painting purpose by Imperial Varnish & Color Co., Limited, Toronto

HARDWARE AND FURNITURE.

'Phone 4. Orangeville.

On Sunday, July 16th, Mr. Thomas Foster died at his home in Cheltenham, after a short illness. Mr. Foster, who was about 75 years of age, had resided in Cheltenham, and the vicinity for many years and was one of the best known citizens of that portion of the county. A few years ago he had the misfortune to lose his leg by an accident and never fully recovered from the shock. He was married about six weeks ago, and is survived by the widow, three sons and six daughters.

Arthur will hold a Re-Union on August 3rd.

Wm. Walker, of Port Burwell, has a strawberry patch of two and three-quarter acres near the village. During the recent season he gathered over 30,000 boxes, which were shipped to London, St. Thomas, and nearby towns. Mr. Walker made an average of four and a half cents per box, which means $1350.00.

The livery stable of Brohman and Peavoy, Elora, was burned recently. Ten horses, and all the conveyances and harness, as well as a number of agricultural implements belonging to the McCormick Co., were consumed. The latter included ten manure spreaders. The building belonged to Mr. Peavoy, and was probably worth $1,000.

Why Rheumatism Is Like Catarrh.

Both are inflammations. The former of the muscle tissues, the latter of the mucous membranes. Both are caused by uric acid in the blood, and both are permanently and economically cured by Merrill's System Tonic. This wonderful medicine, discovered by Merrill, the great Canadian chemist, has never yet failed to cure any case of these diseases where it has been tried. It is a most powerful blood purifier and tonic for the stomach, liver and kidneys, and has brought health and happiness to hundreds of homes during the last ten years. Merrill's System Tonic is an honest, harmless remedy and is worthy of your highest confidence and esteem. Get it to-day from your druggist. Three weeks' treatment in tablet form. Price 50c., 6 boxes at $2.50. Or sent postpaid by The Merrill Medical Co., Merrill Building, Toronto, Ont.

Sold and recommended by Thos. Stevenson, Druggist.

$3,600 in Cash Prizes for Farmers

ARE you going to build that new horseblock, sidewalk or dairy house of cement? Then insist on your dealer supplying you with the "CANADA" Cement. Not only will this ensure your getting a pure, uniform and strictly high-grade cement, that will guarantee the lifelong permanency of the thing you build, but it will also entitle you to enter our Prize Contest. And in this contest you stand a good chance of winning a prize that will perhaps more than pay you for the cost of the work. Every farmer in Canada who uses "CANADA" Cement is eligible to compete. Four prizes will be awarded in each Province and these prizes will be divided as follows:

PRIZE "A"—$100.00 to be given to the farmer in each Province who will use during 1911 the greatest number of barrels of "CANADA" Cement.

PRIZE "B"—$100.00 to be given to the farmer in each Province who uses "CANADA" Cement on his farm in 1911 for the greatest number of purposes.

PRIZE "C"—$100.00 to be given to the farmer in each Province who furnishes us with the photograph showing the best of any particular kind of work done on his farm during 1911 with "CANADA" Cement.

PRIZE "D"—$100.00 to be given to the farmer in each Province who submits the best and most complete description, of how any particular piece of work shown by photograph sent in, was done.

Notice how we have purposely planned and imposed certain necessary conditions in order to give large and small users of cement an equal opportunity.

As an illustration of this: In prizes "C" and "D," the quantity of cement used has no bearing whatever on the result. The farmer who sends us the best photograph of as small a thing as a watering trough or a gate post, has as much chance for prize "C" as a man who sends a photograph of a house—and the same applies to prize "D."

Don't hold back from entering because you think you don't know anything about concrete work. It's very simple. Besides, we have a 150-page book that we will send you free on request, which tells you all about concrete and how to make and use it. In this book, you'll find complete instructions for the making of almost everything you can think of in the way of farm utilities, floors, vats, troughs, stairs, posts, etc.

This free book—entitled "What the Farmer Can Do With Concrete"—will not only inform you—it will also greatly interest you. So send for it anyway, whether you intend to try for one of the prizes or not.

The Canada Cement Company, Limited, Montreal, Que.

Please send particulars and book.

An Intended Celibate

His Course Was Turned Awry by a Cunning Scheme

By F. A. MITCHEL

Copyright by American Press Association, 1911.

Mrs. Rutherford was getting ready to go out when a card was handed to her bearing the name of Mr. John Mainwaring. Mr. Mainwaring was a very old friend of Mrs. Rutherford.

"How do you do, John?" said the lady as she entered the drawing room, offering her hand. "Where have you kept yourself so long?"

"I have come, my dear Martha, to make you a very important proposition."

"Dear me!" exclaimed the lady facetiously. "How sudden!"

"A proposition for your daughter."

"What? An old fellow like you!"

"For my son. You know that I have a million to leave Arthur, and I wish to transmit it through him to my descendants. Now, what do you suppose the simpleton intends to do with it? He has just been admitted to orders; he is so high church that I fear he will fall off the apex of the steeple; he intends never to marry and proposes to give my hard earned million to the church."

"What nonsense!"

"Now, I propose that you propose"—

"That's very funny."

"I mean I would like you to find some way by which the boy may be entrapped into matrimony with your daughter."

"My daughter?"

"Yes. I'm very fond of Constance. I have observed that she has a good head on her. She will not turn out one of those women who butt against stone

SEATED HERSELF AS FAR AWAY FROM HIM AS SHE CONVENIENTLY COULD.

walls; she will make a manager, and that's what my son needs. There is not a practical hair on his head."

"Why, Constance is nothing but a child."

"Youth is the time for love. It comes then much easier and much quicker than in later years."

"Well, John, I feel very much complimented that you should have so high an opinion of my daughter. I'll talk with her and see what I can do. Of course you know she has no fortune to match what will come to Arthur."

"He has the fortune. I wish him to marry one who has the brains to take care of it."

"Well, if I can hit on a plan that will bring the matter about I'll let you know."

A few days later Mrs. Rutherford submitted her plan. It was this:

"Tell your son that you would like him to marry Constance—that is, if she will accept him. If she refuses he shall be free to do with his inheritance, when he gets it, what he likes and to remain a celibate. Throw out a fear that he will attempt to influence Constance to make a sacrifice by declining him that the church may be benefited."

Mr. Mainwaring was especially adapted to carry out his part of the plan. He had a talk with his son, in which he made known his wishes and very skillfully threw out the hint that Mrs. Rutherford had suggested. He then left the young man to pursue the matter in accordance with his own methods.

It is remarkable how many young men and women are brought up together who never think of marrying. And is it not that they either grow to be old maids and old bachelors side by side or take partners from other places because of the very fact that marriage does not occur to them? The curate found himself face to face with the converse of this proposition. Marriage had been suggested. He must either get out of marrying a certain girl or give up a pet scheme. He was in love with the scheme, not with the girl.

Constance was very young—too young one would say to play the principal part in this little comedy. Her mother chose her daughter's costume for the occasion, but did not hamper her with instructions. The girl was not displeased at the idea of becoming the curate's wife and was very much pleased at the prospect of having a wife's interest in a million. When she entered the room where young Mainwaring was waiting for her, blushing and avoiding his gaze, she certainly looked very attractive. Though her mother had robed her in the gown saving the longest skirt in her wardrobe it reached but little below the tops of her boots. Her figure was of the willowy kind, though she was neither very tall nor very slender. The curves of both her figure and her face were those of youth. She seemed so embarrassed that she scarcely knew what to do. Advancing shyly to the curate, she put out her hand, all the while with averted gaze. The little member nestled soft and warm in the man's larger palm, and a delicious thrill ran up his arm.

When she had withdrawn from him she went to the other part of the room and seated herself as far away from him as she conveniently could.

Mr. Mainwaring felt the difficulty of addressing a young girl barely seventeen on such a subject. It was his purpose to dissuade her from marrying him. What a situation! Had he been on the other side he would have found his task very easy. Had she been older he could have appealed to her higher spiritual sense with more chance of success. As it was he feared to put himself in a very ungallant if not unmanly position. He remained silently turning the matter over in his mind till the silence was becoming painful, then, clearing his throat, he began:

"A certain proposition has been made to me in which you are involved. My father has done you the honor to wish you for his daughter-in-law. I know you to be worthy of the compliment. I am sure there is in you a nobility of soul far beyond the average. If you decline a proposition from me, father will not insist on my marrying any one else. In that case I shall be enabled to confer a great benefit on the church and through the church on millions of beings. No one knows"—warming to his subject, he arose and took a seat beside her—"how many immortal souls by a decision of yours may be saved and translated at last to glory. I think I hear a chorus of voices of those whom you have saved exultingly chanting your praises before the heavenly throne."

He paused for breath. Constance seemed very much affected. She did not look up at him, but rested her bowed head on her hand, the elbow resting on the arm of her seat—a sofa—and Mr. Mainwaring moved nearer to her and bent forward that he might see the effect of his exordium. Her hand nearest to him lay limp. That he might make the rest of his appeal more successful he clasped it softly in his own.

"If you choose selfishly in this matter," he continued, "what do you gain? First, an unworthy servant of the Lord; second, that which is dross. 'Lay not up for yourself treasure on earth, where moth and rust doth corrupt.' Choose rather that spiritual part which will"—

The speaker stopped short. Mrs. Rutherford, who was listening on the landing above, exclaimed:

"Goodness gracious! What is the child bowling about?"

Sobs, sobs, more sobs, came up from the drawing room. Mrs. Rutherford waited for words. She waited during what seemed a long while, though it was only a matter of half a minute; then she heard the curate say:

"There, there; don't cry."

This was succeeded by a fresh burst of sobs.

"Come, come; dry your tears, dear little girl."

But the more the curate strove to calm his proposed convert the more she wept.

"That's right," muttered Mrs. Rutherford to herself. "Keep it up and all will be well."

"Constance, dearest," came again the curate's voice, "perhaps it can be all arranged another way. Together we will dispense this blessing which Providence intends for those who need it. You may be my assistant. Dry your tears, sweetheart. There, there; put your head down on my shoulder. We shall be very happy together. Now give me just one teeny, weeny little kiss."

Mrs. Rutherford waited to hear no more. Going to a room where telephone apparatus was kept, she closed the door and called up Mr. Mainwaring, Sr.

"Is that you, John?"

"Yes."

"I'm Martha. The matter between Arthur and Constance is settled."

"Settled! What do you mean?"

"She's got him."

"Good! How did she manage it? What in the world did she say to him?"

"Didn't say a word."

"Well, what did she do?"

"Bawled."

"Bawled? Explain."

"The minx listened to his argument until he had come to the point, then began to cry."

"How do you know it's all settled?"

"I just heard him ask for one teeny, weeny little kiss."

"I told you she would manage him. And she'll keep it up too."

The curate had called to convert a girl to the cause of his being a celibate, and instead she had converted him to matrimony. When he had come to her way of thinking her tongue was somewhat loosened. But she said nothing about how they were to spend her expected fortune upon the church. Later, when they were married and had inherited his million, as his wife she took it under her own wing, and the clergyman's intentions for the church resulted in nothing more than air castles. He is an indifferent preacher, but maintains his position at the head of one of the richest churches in a large city. If any one expresses surprise at a man of such small caliber occupying so important a position the reply is:

"It's Mrs. Mainwaring."

By-Law No. .....

A By-Law to raise the sum of $3,500.00 for the purpose of erecting two bridges within the Township of Amaranth.

WHEREAS it is necessary to erect certain bridges within the Township of Amaranth to replace bridges which have been unsafe for public travel.

AND WHEREAS it will cost to build the said bridges the sum of $3500.00, and in order to raise the said sum it will be necessary to issue debentures of the Corporation of the Township of Amaranth, payable as hereinafter provided.

AND WHEREAS it will be necessary to raise annually for ten years the sum of $3500.00, and interest, and to repay the said sum of $350.00 and the interest on the principal remaining unpaid.

AND WHEREAS the amount of the whole of the rateable property of the Township, according to the last revised assessment roll, is the sum of $1,877,692.00.

AND WHEREAS the existing debenture debt of the said Township is the sum of $16,970.00, and no principal or interest is in arrears.

THEREFORE the Corporation of the Township of Amaranth by the Municipal Council thereof enacts as follows:—

(1) It shall be lawful for the Reeve of the said Township for the purpose aforesaid to borrow the said sum of $3500.00, and issue debentures of the said Township to the amount of $3500.00 in sums of not less than $350.00, each payable in instalments as hereinafter mentioned in each year of the term of ten years from the date on which this by-law takes effect, and to bear interest at the rate of five per cent. per annum, payable yearly on the 28th day of December in each year during which the said debentures have to run.

(2) The said debentures as to principal and interest shall be payable at the Bank of Hamilton in the Town of Orangeville.

(3) It shall be lawful for the Reeve of the said Township, and he is hereby authorized and instructed, to sign and issue the said debentures hereby authorized to be issued and to cause the same and the interest coupons attached thereto to be signed by the Treasurer of the said Township, and the Clerk of the said Township is hereby authorized and instructed to attach the seal of the said Corporation to the said debentures.

(4) There shall be levied and raised by a special rate on all the rateable property in the said Township in each year of said term of ten years to discharge the several instalments of principal and interest accruing due on the said debt as they respectively become payable the following sums that is to say:—

	Year.	Int.	Prin'l.	Total
No. 1,	1911	$51.63	$350.00	$401.6
No. 2,	1912	103.25	350.00	453.25
No. 3,	1913	103.25	350.00	453.25
No. 4,	1914	103.25	350.00	453.25
No. 5,	1915	103.25	350.00	453.25
No. 6,	1916	103.25	350.00	453.25
No. 7,	1917	103.25	350.00	453.25
No. 8,	1918	103.25	350.00	453.25
No. 9,	1919	103.25	350.00	453.25
No. 10,	1920	103.25	350.00	453.25

(5) The said instalments of principal and interest shall become due and be made payable on the 28th day of December in each year of said term.

(6) This by-law shall take effect on and after the final passing thereof.

(7) The vote of the electors of the said Township will be taken on this by-law on Saturday, the 5th day of August, 1911, commencing at the hour of nine o'clock in the forenoon, and continuing until the hour of five o'clock in the afternoon, at the following places, namely:—

Polling Sub-Division No. 1—John Mills' house; W. H. Trimble, D.R.O.; Marshall Curry, Poll Clerk.

Polling Sub-Division No. 2.—Township Hall, Laurel; Robert Fife, D.R.O.; Wilmer Walker, Poll Clerk.

Polling Sub-Division No. 3—Orange Hall, Waldemar; Geo. Gier, D.R.O.; Wm. Tate, Poll Clerk.

Polling Sub-Division No. 4—School House, lot 26, con. 3; Samuel Patterson, D.R.O.; Wm. Watts, Poll Clerk.

Polling Sub-Division No. 5—Wm. Pacy's house; Newton Myers, D.R.O.; Crawford Looby, Poll Clerk.

Polling Sub-Division No. 6—Samuel Burns' house; Wm. Jelly, D. R. O.; Wm. Bates, Poll Clerk.

(8) The Reeve of the said Township shall attend at the Township Hall, Laurel, on Monday, the 31st day of July, at the hour of nine o'clock, in the forenoon, for the appointment of persons to attend the various polling places, and at the final summing up of the votes by the Clerk, respectively on behalf of the persons interested in, and promoting or opposing the passing of this by-law respectively.

(9) The Clerk of the Council of the said Township shall attend at the Township Hall, Laurel, on Monday, August 7th, at the hour of six o'clock p.m. to sum up the number of votes given for and against this by-law.

ship Hall, Laurel, on Monday, August 7th at the hour of six o'clock p. m., to sum up the number of votes given for and against this by-law.

By-law read a first and second time on Monday, July 3rd, 1911.

Reeve.

Clerk

PUBLIC NOTICE.

The above is a true copy of a proposed by-law which has been taken into consideration by the Municipal Council of the Corporation of the Township of Amaranth, and which will be finally passed by the said Council in the event of the assent of the electors being obtained thereto after one month from the 20th day of July, 1911, being the date of the first publication thereof in The Banner newspaper, and that at the hour, day, and places therein fixed, the votes of the electors of the said municipality will be taken on said By-law.

E. HAMILTON,
Clerk

Laurel, July 4th, 1911.

THOS. BOLEN DEAD.

Was Formerly Deputy-Reeve of Melancthon Township.

After an illness of over a year, Thomas Bolen, of Corbetton, passed to his reward on Saturday at the age of 58 years and nine months. The deceased was born in Tecumseth township, later residing in Garafraxa then coming to Melancthon lived near Jessopville for a number of years, moving to Corbetton fourteen years ago. On account of failing health he was forced to give up farming last fall, and with his son, Alexander, purchased the general store business of S. M. Carey. The hoped for improvement in health did not come, and a few weeks ago it was seen that the end was not far distant. Aenemia was the cause of death. The deceased was a man of high character, and greatly esteemed in the neighborhood, took an active part in public affairs, being reeve and councillor for a number of years. He was a consistent member of the Methodist church, also an active member of the Orange Order. His widow, two sons and five daughters are left to mourn his loss. The children are:—Mrs. David McCosh, Mrs. Bert Henderson, of Melancthon; Alexander, Roy, Della, Maud and Olive at home.

The funeral took place on Monday under the auspices of the Orange Society and was very largely attended by members and sympathetic friends and neighbors. Service was held at the house and at the Methodist Church, the Rev. W. Williamson officiating. Interment was made in Shelburne cemetery.—Dundalk Herald.

James Hartford, of Owen Sound, has been appointed junior Mathematical Master in Guelph Collegiate Institute at a salary of $1100.

There was an aged Scotchman who by native shrewdness made a fortune, and he did it without the slightest bit of education. One day he and an acquaintance were talking when the latter said to old Duncan—"Say, Duncan, you don't know enough to go in when it rains. Why, you can't even spell bird." "B-u-r-d," said Duncan. "I tell you you don't know anything. Why, if you had to spell to make a living you'd have been dead years ago. I'll bet you a hundred you can't spell bird." "I'll tak' ye," quickly replied Duncan. After the money was put up Duncan said: "B-i-r-d." "That ain't the way you spelled it the first time." "I wisna bettin' then."

THE PATIENT BRAIN

A tireless worker so long as supplied with rich, red blood.

The brain is one of the most patient and industrious organs of the body. It can be induced, by good treatment, to perform prodigies of work. But it is sensitive and will not brook abuse. It responds to the lash at first, but if the lash is laid on too hard it balks.

Nervous trouble is generally brain trouble, and no suffering is to be compared to mental suffering, with the accompanying dread, suspicion and melancholy.

One-fifth of the blood in the human body is consumed by the brain, so make the blood rich and red by using Dr. Chase's Nerve Food, and you will overcome diseases of the nerves. Headaches will disappear, irritability will go, digestion will improve, and weakness and despondency will give place to new hope and courage, new vigor and energy.

Dr. A. W. Chase's Nerve Food will enable you to avoid such extreme nervous trouble as prostration and paralysis. 50 cents a box, 6 boxes for $2.50; at all dealers, or Edmanson, Bates & Co., Toronto.

CORONATION PORTRAITS.

King George V. and Queen Mary.

The Banner has made arrangements by which our readers can secure most beautiful Coronation portraits of Their Majesties King George and Queen Mary. They are by the celebrated "Langfier," of London, and copyrighted. The Family Herald and Weekly Star of Montreal has secured the Canadian rights, and is now offering these portraits free of charge to all who subscribe to that great weekly for the balance of 1911 at Fifty Cents. We will include The Banner with The Family Herald and Weekly Star for the same period for only 75 cents, and each subscriber will receive the Coronation pictures. The two portraits are on the one sheet, size about 18 x 15 inches, a most convenient size for framing. They are acknowledged by competent judges to be the best portraits of Their Majesties in existence and will become historical, growing in value year after year.

The small sum of 75 cents will bring you both papers until January 1st, 1912, and the Coronation portraits. The latter alone could not be bought for the price.

HAIR BEAUTIFIER.

Refined Women the World Over Use It

Every woman knows that there is nothing so good for hair and scalp trouble as Parisian Sage. If Parisian Sage is used two or three times a week it will keep the scalp nice and clean and remove dandruff. It makes the hair lustrous and fluffy, and keeps it from falling out.

We urge every women who loves radiant and fascinating hair to go to T. Stevenson to-day and get a large 50 cent bottle of Parisian Sage. He guarantees it to cure dandruff, falling hair and itching scalp, or money back.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Mr. Thos. Carberry, of Tullamore, has purchased the 100 acre farm, situated near Castlemore, at lot 10, 4th line, Toronto Gore, from Mr. Robert Taylor, of Brampton. The price paid was $6,500.

Mr. B. A. Upshall, B.A., of Strathroy, has been engaged as classical master in the Collingwood Collegiate Institute at a salary of $1500 per annum. He is a young man, a graduate and specialist in classics.

Rev. W. G. Wilson, M.A., the popular pastor of St. Andrew's Church, this city, has received a unanimous call to the pastorate of St. Andrew's church, Moose Jaw, at a salary of $3,000 a year, free manse and six weeks' vacation.

At a recent meeting of the Directors of the North Dumfries and South Waterloo Mutual Fire Insurance Co., Mr. Wm. Fleming, of Alenmorris, was appointed to succeed the late Wm. Deans as Secretary-Treasurer of the Company.

The death occurred a few days ago of Robert Spooner, 8th con. of Mersa township, at the remarkable age of 112 years. Mr. Spooner was born in England in 1798, and came to Canada when about ten years of age, thus having lived over a century in this Province.

Alvin Fletcher, of Alliston, who went West a few years ago and located near Saskatoon, has sold 134 acres of his farm for $80,000 to a syndicate of capitalists who will lay out the property in town lots. Mr. Fletcher bought the property for a few dollars per acre.

Reports indicate that a gang of pickpockets reaped a rich harvest in the crowd at Woodstock on July 12th. Nearly one hundred reported to the police that they had lost money, and altogether over $1000 seems to have changed hands in that way. In one place next morning fourteen empty pocket-books were found.

URIC ACID SUFFERING.

Uric acid is an accumulation of poison which finds lodgment in the system when the kidneys fail to remove it from the blood. In the kidneys and bladder it forms stones, in the joints and muscles it causes rheumatism. In any case the pain and suffering is almost beyond human endurance. Uric acid is promptly removed from the system when the kidneys are kept healthy and active by using Dr. Chase's Kidney-Liver Pills.

The representatives of Peel and Halton counties have let the contract for the construction of a new bridge over the Credit River at Terra Cotta. It will be a steel bridge with concrete abutments, concrete flooring and having a span of 75 feet. W. Smeaton was awarded the contract for $8 below the water line and $6.25 a yard above. The Ontario Bridge Co., Toronto, secured the steel work for $2,230. The bridge will probably come under $3,500 when completed.

James Jelly, of Shelburne, met with a nasty experience at Eugenia a short time ago. He came up from Shelburne with his large auto on Sunday and stopped at Eugenia. When ready to move on something was not just right about the machine and he crawled under it to make an examination, when the machine started off and dragged Mr. Jelly seven or eight rods before it was stopped. He had unwittingly left the power partially on. The result was the relegation of a good suit of clothes to the rag bag and a few bruises and sore muscles.

A nasty accident happened a week ago Sunday to a pony belonging to Mr. William Toase, of Caledon East. He let the animal out to exercise itself a bit, when it lay down on the road to roll in the sand, after which it went to perform the same process among some long grass on a by street. Among the grass were pieces of several broken bottles which had been smashed and left there, and the pony in enjoying its roll came in contact with the broken glass, with the result that it received quite a gash in the side. Dr. Alexander, of Mono Road, came up and closed the wound which required several stitches to fix it up.

☞ The Central Business College at Toronto invites you to write for a copy of its curriculum if you are in any way interested in a training which will lead you into a good business appointment at a good salary. The Fall Term opens on August 28th. Address W. H. Shaw, President, Yonge and Gerrard Sts., and mention this paper.

On Saturday, July 15th, Mr. Arch. Giffen, of Woodhill, was at work shingling the roof of his barn. His foot slipped and he fell to the ground, lighting on his feet. Both feet were broken and he was severely shaken up.

Mr. W. A. F. Campbell, of Georgetown, has been undergoing treatment in a Guelph Hospital for the injury to his sight sustained a couple of weeks ago. A swaying branch struck Mr. Campbell's eye, doing serious mischief. It is hoped that the sight will be fully restored.

Roy Rivers, aged 20, of Walkerton, flagged Grand Trunk Express, No. 4 from Chicago to Toronto, and a mile and a half west of Rockwood one morning last week. Rivers wanted to go to Hespeler, which was in the other direction. He walked on to Guelph, where he was arrested and was fined twenty dollars and costs, and will stay in jail until he pays.

It is reported that Sir William Mackenzie has secured possession of the Toronto Suburban Railway and will lose no time in pushing forward the enterprise. An advertisement in the London Observer invites subscriptions for £540,000 new stock, and incidentally telling some interesting things about the future of the road. From Lambton Mills it is to be extended to Islington, Summerville, Dixie, Cooksville, Churchville, Huttonville, Norval, Georgetown, Glenwilliams, Acton, Milton, Brampton and Guelph.

WHY OWN WEBSTER'S NEW INTERNATIONAL DICTIONARY

THE MERRIAM WEBSTER?

Because it is a NEW CREATION, covering every field of the world's thought, action and culture. *The only new unabridged dictionary in many years.*

Because it defines over 400,000 *Words;* more than ever before appeared between two covers. *2700 Pages. 6000 Illustrations.*

Because it is the *only* dictionary with the new divided page. A "Stroke of Genius."

Because it is an encyclopedia in a single volume.

Because it is accepted by the Courts, Schools and Press as the *one supreme authority.*

Because he who knows *Wins Success.* Let us tell you about this new work.

All these farms are in a high state of cultivation with good buildings on each of the parcels, and good water. There is a railway siding on section 10, which holds six cars. This is about the centre of the property and makes the farms very convenient for the delivery of the grain. Churches and Schools are very convenient. I will sell any of the above parcels on very reasonable terms. There is a large portion of this land ploughed and summer-fallowed and ready to sow. For price and terms on any of the above properties, apply to

THE BANNER

THE BANNER, AUGUST 3, 1911.

THE WORK OF THE DISTRICT BRANCH OF THE ONTARIO DEPARTMENT OF AGRICULTURE.

Since the establishment in the county of Dufferin of a District Branch of the Provincial Department of Agriculture there seems to be a considerable amount of doubt as to the exact nature of the meaning and purpose of this office. In a short space we will try to outline as nearly as possible the work that is usually carried on by these offices, and the men in charge of them, and herein we quote from the Bulletin, "Teaching the Farmers How to Farm."

"The ideal organization of the Department will be to have a specialist, an agent, a trained agriculturist, located in every county or district of a Province, paid by the Department and whose entire services will be at the disposal of the Department for the benefit of that county or district. His local representative would be the moving or directing spirit of every agricultural organization, assisting the farmers, directing special movements for improvement, inspecting, instructing, advising, reporting the appearance of any near pest or disease, procuring information in regard to all questions that farmers would ask, keeping the Department informed as to all agricultural conditions and be the direct link between the farmers, the Agricultural College and the Department. In a dairy section this man should be a specialist in dairying, in a fruit growing district he would be a specialist in horticulture, and so on for all sections.

He should have an office where he could be found for consultation at stated times, and at other times he would be out among the farmers. He would be the directing man in the Agricultural Society, the Farmers' Institute, the Horticultural Society, the Farmers' Club. While he could not be expected to know all things, yet he would be able to procure information for them as might be desired. Set down in a County a live, energetic young man, trained in the best practice of farming, and having an Agricultural College education, and tell him to study the farmers' conditions, assist them in their work to find out their needs, and direct them along the best lines and in a few years the effect should be most satisfactory."

The above is the plan in the mind of those who began the movement some years ago, and the work of the various representatives has been very varied according to the condition of the districts where they have been located.

The local office has been fitted up with a supply of bulletins containing the latest information on agricultural lines, all of which are for free distribution and in addition any that are not there will if at all possible, be procured for those desiring them. Besides these the leading agricultural journals are at hand for the use of any desiring the same. Also the representative is at the service of the farmers in the matter of assistance in farm underdrainage, identification of weeds, and in short, he is willing to assist in so far as lies in his power in solving the various problems of present day agriculture. In order to get all the benefit possible the farmers should make as much use as possible of the office, and the representative. When in town call at the office, and ask about the matter that interests you, or if you wish the Representative to look over your proposition, do not hesitate to write or ask him to, his services are free and that is his work.

REPRESENTATIVES TAKE A TRIP.

The district representatives of the Ontario Department of Agriculture, situated in various parts of the Province, are enjoying a trip through Northern Ontario this week. The party consists of nineteen representatives, accompanied by Mr. Geo. Putnam, Superintendent of Farmers' Institutes, and Mr. W. R. Reek, Secretary to the Deputy-Minister. They left Toronto on Monday, July 21st, the first stop being made at New Liskeard. Trips will be taken into the surrounding country on the T. & N. O. Railway. Representative farmers in the various districts will be visited, the Government farm at Monteith will be inspected, and information will be gathered from all available sources. The object of the tour is for the purpose of acquainting the representatives with the possibilities of Northern Ontario, so that they may have first hand information on this wonderful country.

Mr. H. A. Dorrance, Dufferin County representative at Orangeville, is a member of the party, and on his return will endeavor to give readers of The Banner some of the experiences and impressions of his trip through Ontario's great hinterland.

HAIL AND WIND.

PROMPT SETTLEMENT

The following parties met with loss from the recent storms of hail and wind in this locality:—Mrs. J. Dudgeon, Thos. A. White, A. Curtis, Ernest Curtis, James Curtis, Hiram Trimble, J. and A. Little and Thos. Lyons, all being insured with Canada Weather Insurance Co., of Toronto, their claims have all been promptly paid. H. Endacott is agent for the Company at Orangeville.

YOU CAN TEACH THE BLIND TO READ.

When a grown person loses his sight, through accident or disease, he should be taught at once to read with his fingers. Sitting in darkness and idleness is enough to make any one despondent, but with the ability to read a book one can pass the time very comfortably. The task of learning to read occupies the mind and prevents the blind person from brooding over his misfortune. Having overcome the difficulty of learning to read without sight, the blind man gains faith in himself; he believes that he can do various kinds of work, and with patience and determination he finds that his belief is justified. Earning money by his labor, he has the satisfaction of knowing himself to be a useful, independent member of society. At the Convention of the American Association of Workers for the Blind in Philadelphia in June, one of the delegates read a paper on Home Teaching of the Adult Blind. Mr. Gardiner, Principal of the Ontario Institution for the Education of the Blind, Brantford, in discussing the paper, pointed out that in a country of magnificent distances like Canada or the United States, it was not always practicable to send a special teacher to the home of the blind adult. He described a device of his own, by which any sighted reader or ordinary type can, without study or preparation, teach a blind person to read the raised characters known as New York Point; and on his return home he mailed to such of the delegates as had asked for them sets of the point cards and ink-type keys. He will be pleased to supply the same, free of charge, to anyone in Canada who may require them. In the case of blind children, or youths of either sex under twenty-one years of age, residents of Ontario, it is better that the teaching should be done at the school maintained by the Government at Brantford. There an ordinary Public School education can be obtained, with the addition of knitting, sewing, domestic science, basket and hammock making, the use of carpenter's tools, music and piano-tuning for those qualified to succeed in any of these lines. The test for admission is such defective sight as renders the applicant unable to read ordinary type, and there is no charge for board, tuition or books. Any reader of The Banner who knows of a child whose sight is thus defective will confer a favor by sending the name of the child and the name and address of its parent to H. F. Gardiner, Principal O. I. B., Brantford, Ontario.

PLOWMEN'S ASSOCIATION.

The Banner has been forwarded a copy of the constitution of the Ontario Plowmen's Association, an organization formed recently for the purpose of advancing the interests of agriculture. The Association will endeavor to establish branch Associations throughout the Province and will encourage the holding of Provincial, County and Township Plowing matches annually. It will also advocate greater attention to thorough cultivation of the soil and disseminate useful information with regard to soil fertilization and cultivation. The Association will hold an annual convention which will be open to all members of the branches. The Association has undoubtedly a splendid field for useful work. If any of the farmer readers of The Banner are sufficiently interested to wish further information they may obtain full particulars upon application to the Secretary, Mr. J. Lockie Wilson, Toronto.

NEW HOME FOR STERLING BANK.

Contracts Awarded For Construction of Nine Storey Building on Portage Ave., Winnipeg.

Winnipeg, July 26th.—Special.

Mr. G. T. Somers, the President of the Sterling Bank of Canada, who has been in the City from Toronto, has concluded arrangements for the erection in Winnipeg by the bank of a nine storey bank and office building. The new building, which will be one of the most attractive in the city, will be located at the corner of Portage Avenue and Smith Street. The contracts for the erection have been made with the builders to push it forward as rapidly as possible, with a view of having it ready for occupation by May next.

President Somers, discussing the plans of the Sterling Bank in Winnipeg, when seen to-day, said:— "The erection of a very large building is part of an aggressive policy which the Sterling Bank has mapped out, and is mainly due to the suggestion and urging of Mr. J. T. Gordon, our Western director, who has brought to the business of the bank the same energy and enterprise that has made his own business such a conspicuous success. It will be the policy of the bank to establish branches in all the larger Western cities."

ELECTRIC YEAR.

Wonderful Display of Electrical Devices at C. N. E.

Are you interested in electricity? If you are, you will find at the Canadian National Exhibition every device of which the great white power has been made the servant of man. The Hydro-Electric will have a special display and independent concerns are clamoring for space to show the public the value of their inventions. It is the electrical age.

The Provincial Firemen's Demonstration will be held in Brampton on the 7th, 8th and 9th of August.

GOLDEN WEDDING.

Mr. and Mrs. E. Bell Hold Happy Family Reunion.

Mr. and Mrs. Emanuel Bell, respected citizens of Orangeville for the last thirty-five years, celebrated their golden wedding at their home in the East Ward yesterday. The occasion was fittingly marked by a very happy family re-union. Among those present were Mr. Walter N. Bell, Principal of Paris High School, and two sons and daughter; Mr. Albert J. Bell in business in Erie, Pa., and wife; Mr. Edwin E. Bell, in business in Guelph, and wife; Mr. Harry G. Bell, Professor of Agronomy, University of Maine, Mrs. Bell and two sons; Mr. and Mrs. Nathaniel Collins and son and Miss Lottie Bell, Orangeville; Mr. Harry Bell and son, of Marine City, Mich., the former a brother of Mr. Bell, were also present.

Mr. Bell settled in Orangeville in 1876, bringing his wife and family of seven children from Somersetshire, Eng., where he was a dairy farmer. Of the family who came to Toronto, all survive, except the oldest son, John, who died in 1883, after being in business in Orangeville for one year. Harry G. is the only member of the family who claims Orangeville as his birthplace.

Mr. Bell was in business here for a number of years and subsequently bought a pasture farm south of the town, and went back to dairy farming. He has been a resident of the East Ward continuously since 1877, and represented the Ward in the town council for two years. He is a Liberal in politics and a member of the Methodist Church. He has served on the Quarterly Board for several years, and was Superintendent of the Sunday School for four years.

The anniversary gift from the family was a well-filled purse of gold. The Banner joins in offering its hearty congratulations, and wishing Mr. and Mrs. Bell many more happy years together.

DOMINION ELECTIONS.

Nominations September 14, Polling September 21.

Saturday evening papers announced the dissolution of Parliament and the fixing of the election date. Nominations take place Sept. 14th; elections Sept. 21st.

The reciprocity has brought matters to a head.

The Laurier Government has now a majority of about fifty. The hope of the Conservatives of reversing this will make the contest a very keen one. Many of the members of Parliament did not want a contest at the present time. If Parliament had run its full course there would have been another session with its accompanying indemnity of $2500 which would be to many, preferable to the expense of another election. However, the Opposition would not submit to the Government's programme and under our parliamentary rules there was nothing to do but let the people decide.

Any Straw Hat in the store for half price. — McMillan Clothing Co.

MacDONALD—LAPP.

The Winnipeg Free Press of July 18th gives the following account of the marriage of Mr. Bert Macdonald, son of Mr. and Mrs. A. Macdonald, of Shelburne:—"A quiet home wedding took place at the residence of Dr. J. F. Taylor, 155 Chestnut street, yesterday, when Miss Lila May Lapp, of Winnipeg, was united in marriage to Mr. George E. MacDonald, B.A., of Ninette, Man. The ceremony was performed by Rev. Dr. Cooke, in the presence of the intimate friends and relatives of the bride and groom. The bride was attired in a navy blue tailored suit, opening over Irish crocheted waist. She wore a navy blue Wilan straw hat with German carved buckle and shaded silk scarf. The groom's gift to the bride was a whole pearl necklace. She also carried a beautiful bouquet of white roses. Luncheon was served at a table tastefully decorated with cut flowers and palms. Mr. and Mrs. MacDonald left yesterday afternoon on a trip to the coast." On their return they will reside at Ninette, Man.

A SURE ROAD TO A HAPPY OLD AGE.

This describes in a few words the Canadian Government Annuities Scheme. That this "sure road" is available to all residents of Canada who are over 5 years of age irrespective of sex, health, age or worldly position, is worthy of consideration. Parents may begin the purchase of Annuities for their children, or children, who have prospered, may find in this scheme a safe way to provide an income for fathers and mothers who have not been so fortunate in life as they. On the other hand, people who have a limited income can increase that sum substantially by the transfer of their capital to the Government for the purchase of an Annuity.

Full particulars may be obtained concerning this Scheme by addressing the Superintendent of Canadian Government Annuities, Ottawa. Postage free.

Suggestive Questions

On the Sunday School Lesson by Rev. Dr. Lincott for the International Press Bible Question Club.

AUGUST 6th, 1911.

Jeremiah Tried and Acquitted—Jer. xxvi.

Golden Text—The Lord is my light and my salvation; whom shall I fear? Ps. xxvii:1.

(1) Verses 1-6.—What was the character of Jehoiakim, also of Josiah, his father?

(2) To whom did the word of the Lord come?

(3) How did God probably speak to Jeremiah?

(4) May all persons to-day, with the goodness and ability of Jeremiah hear the voice of the Lord as distinctly as he did?

(5) What was the message which the Lord gave Jeremiah to deliver?

(6) If the people had repented at the command of the Lord, would the kingdom of Judah have been preserved?

(7) Why can there be no escape for sinners, from the just punishment of their sins, unless they repent?

(8) Verses 7-10—How do you account for it that the priests and the prophets wanted to kill Jeremiah, for delivering the message that God had given him?

(9) If a professional priest, or preacher, is backslidden and living in sin, why is he apt to be more cruel to a faithful preacher of righteousness than an ordinary sinner?

(10) From the days of Jesus until now, by whom have the martyrs been put to death, or, admittedly men of God, expelled from the churches?

(11) Which are the more cruel, those who rebuke them, men who under cover of religion are doing wrong, or outstanding sinners such for example, as gamblers?

(12) Verses 11-12 — Did these priests and prophets, who wanted to put Jeremiah to death for preaching the truth, believe that he was wrong and they right; or knowing he was right, want to get rid of him for exposing their sins?

(13) What qualities did Jeremiah possess which are essential to all who obey God in rebuking sin?

(14) Must a good man always rebuke what he knows to be wrong, no matter how much danger it may involve to himself? Give your reasons.

(15) Is it the lack of knowledge that they are wrong, or something else, which causes people to remain in sin?

(16) Verses 13-15—Do you know of any Bible threat against sinners, that is not associated with a promise of forgiveness on repentance?

(17) Is it possible for a good man to die, or be put to death, before his work is done? Why?

(18) Verses 16-26.—The priests and the prophets are the accusers of Jeremiah and want to put him to death, and the princes and people appear to be the judge and jury; what was their verdict and upon what was it based?

(19) Is it safe in these days to trust the prople to decide moral issues? (This is one of the questions which may be answered in writing by members of the club.)

(20) What were the two historic incidents mentioned as precedents, for the acquittal of Jeremiah?

(21) What has been the fate in the past of true and courageous prophets, and how are they treated to-day?

(22) Which is better to faithfully do the will of God at the expense of our lives, or to dodge His will and save our lives?

Lesson for Sunday, Aug. 13th, 1911. Jehoiakim Burns the Prophet's Book. Jer. xxxvi.

FOR SKIN DISEASES.

A Treatment that Costs Nothing Unless It Provides Satisfactory Relief

We have a grayish-white ointment with a pleasant odor that is clean to use, which we believe is the best known remedy for the relief of skin diseases. It is especially efficacious for overcoming eczema in all its various forms, ringworm, acne, pimples, blotches, insect bites, tetter, certain forms of ulcers, sores and wounds. It is strongly antiseptic, cleansing, soothing and healing. It stops all itching and burning caused by skin eruptions.

We are so positive this ointment is unequalled that we offer it with the distinct understanding that if after having given it a reasonable trial, you are not satisfied with the results, you have only got to tell us and we will, without quibbling, return every cent paid us for it. We expect no promises or obligations whatever.

We want you to try Rexall Eczema Ointment. The first application gives a refreshing sense of relief, and because of its germ destroying power, it eradicates the germ or parasite which causes eczema and many other eruptions. It quickly allays the inflammation, gives protection to the inflamed surfaces, and helps restore healthy tissue. It is particularly active in relieving skin ailments peculiar to children. You certainly cannot lose anything by trying it. We would not dare make this offer except we are positive Rexall Eczema Ointment will satisfactorily benefit you. Two sizes, 50c. and $1.00. Remember, you can only obtain it at our store—The Rexall Store. T. F. & T. J. Brown, Orangeville.

Orillia asylum is overcrowded. Though its normal capacity is 732, yet it had a daily capacity of 770 during the year 1910.

For Fancy Belts, Dutch Collars, Jabots, Long Lisle Gloves and Silk Gloves, go to Ritchie Bros.

TRIED TWO DOCTORS WITH NT BENEFIT.

Then Dr. Williams' Pink Pills Wrought a Lasting Cure.

Dr. Williams' Pink Pills have made so many remarkable cures in serious cases that people are liable to overlook their value as a tonic for the blood and nerves in debility and general run-down conditions. That such conditions are the cause of much misery and unhappiness is fully known to those who suffer from them and the need of curing them is as vital as is relief from diseases with higher sounding names. We commend the following statement to any one suffering from weak, thin blood, or shattered nerves. Mrs. Mae Macabe, Gleichen, Alta., says: "A few years ago I became run down, not seriously ill, but just tired and weak all the time. I consulted our family doctor, who gave me tonic after tonic with no effect. I gradually got weaker and weaker until I could not do my work. Then I went to another doctor, who pronounced my case one of decline, and recommended a warmer climate with complete rest. This I could not afford and I began to worry and fret, until I became a complete nervous wreck. One day while visiting a neighbor an old gentleman who was taking Dr. Williams' Pink Pills for partial paralysis recommended them to me. I sent out and got three boxes, but without much faith that they would help me, but before they were gone I noticed an improvement and I continued taking the Pills, constantly growing stronger, until I had taken seven or eight boxes, when I was completely cured. I could do my work as easily as ever I had done in my life, and the doctor told me that he could scarcely believe the change in me, as he had not had the least hope that I would be strong again. Now I always keep the Pills on hand and if I feel fatigued or weary take them for three or four days so as not to get run down."

Sold by all medicine dealers or by mail at 50 cents a box of six boxes for $1.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

LAUREL.

The warm weather of the last few days is bringing in the harvest very quickly; much quicker than the farmers desire. Some fear that the grain will be very light, but I suppose reciprocity will repay the failure, what does the Best Man say? We suppose that he ought to know. We anticipate a lively time from this until the middle of September. We will then know who the lucky man will be our representative at Ottawa We trust the Best Man will be the lucky one; what do you think boys?

Haying is a thing of the past and harvest operations have already commenced. We can hear the sound of the binders in every direction. Farm labor is scarce in our vicinity, owing to the rush to the Northwest. We hope that our boys that are going will all do well, and return home satisfied. You know there is a good deal of truth in the saying that "Far off hills look green."

We had quite a successful garden party in connection with the Methodist Sabbath School in this place last Monday evening, held in the grounds of the Methodist Parsonage, which was beautifully fitted out in grand shape by the young people of the School, Rev. Mr. Stevenson and his good lady freely opening their house and the free use of their splendid piano for the occasion. The speaking took place from the verandah of the Parsonage, and the lawn was well seated by chairs and seats out of the basement. The basement of the church was used to prepare the tables which were served in abundance on the lawn at the north side. A very large and respectable crowd was present from Shelburne, Orangeville and Grand Valley, and the surrounding country. The Shelburne band, Miss Campbell, of Orangeville and the Grand Valley Quartette rendered very acceptable numbers. In fact the programme was complete in every respect, the gate receipts amounting to $104, and the receipts of the booth was almost $70—total $180.

We are sorry to have to report that Mr. John Wesley, Gordon, of this place, is at present lying in a very critical condition with pneumonia. He is under the care of Dr. Thompson, of Shelburne, also Mr. A. Groskurth, of this village, is confined to his room. Dr. Campbell, of Grand Valley, is attending the old gentleman.

Mr. John Johnston, who had a very narrow escape of his life by the team which he was driving, running away with the mower in the hay field two weeks ago last Tuesday. Mr. Johnston had no bones broken, but was very badly bruised by the mower running over him. He was confined to his room for about a week. He was under the care of Dr. Kyle, of Orangeville. We are pleased to see that he is able to be out again.

DR. A. W. CHASE'S CATARRH POWDER 25c.

is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. 25c. blower free. Accept no substitutes. All dealers or Edmanson, Bates & Co., Toronto.

E. McCoy of Wingham has invented a corn harvester that will cut two rows and leave it standing in shocks also a manure spreader and loader, and is applying for patents.

Tenders for the painting and papering of Markdale Public School have been opened. Mr. J. B. Patton, of Flesherton, secured the contract for $195.00, which sum does not include the cost of the paper.

AN UNEASY SKELETON.

It Had a Lively Time Until Its Final Burial Ceremony.

"Speaking of final resting places," said Ike Purcell the other day, "an Indian buried at Wakeeney has earned his. He was the first Indian killed in the last Indian raid in Kansas. The raid was pulled off by 150 Sioux Indians, and a good many settlers were killed, considerable property was burned and hundreds of horses and cattle were stampeded. The Indians came within a few miles of Wakeeney, when a part of a cavalry regiment from old Fort Hayes met them. The Indians fled, but were forced to a stand over in the edge of Rush county.

"The history of the chase is interesting. Every Indian in the band was killed. The subject of this item tumbled off his pony near Wakeeney and rolled into a ditch. His body was not found for several months, and by that time nothing was left but a skeleton. The men who found the skeleton wired the bones together and tied it to a post on the public road, with a label telling that it was the first Indian killed in the last raid, etc. Complaint was made about the grewsome spectacle, so the county board ordered the skeleton buried in the cemetery. To celebrate the fact that civilization had come to stay speeches were made at the grave of this the first Indian killed in the last raid, etc.

"Later some 'fellers' got full, dug up the skeleton, dressed it in store clothes and had fun with it. They hired a liveryman to take their 'friend' home, and when the driver found what he had in the seat with him he yelled mightily and jumped out of the buggy. The team ran away, spilling the Indian in a park where an ice cream festival was in progress. The skeleton was again buried with ceremony, being the first Indian killed in the last raid, etc. He was permitted to repose about a year, when another bunch of roisters disinterred the skeleton, redressed it and shocked sensitive citizens with a moonlight lynching, shooting at the dangling figure and all that sort of thing. Officers cut the 'corpse' down, and then the gang that was wise to the joke indulged in a merry ha-ha. For the third time the skeleton was buried with more speechifying. After that the skeleton was not disturbed, and the good people of Wakeeney hope that it has found its final resting place."—Kansas City Journal.

Stage Steeds.

The steed is always a difficulty in staging "Don Quixote." At the Theatre de la Gaite, in Paris, the Rosinante in Massenet's opera grew so fat under the light work and good food that it was found necessary to "paint protruding ribs on his round sides every night."

Irving's difficulty in London was in the other direction. He had engaged a peculiarly decrepit animal, the property of a baker, for the part, but on the morning of the rehearsal he found that it had been taken by an officer of the S. P. C. A. to Bow street, where the magistrate ordered it to be killed.

Wild Onion Place.

In a bulletin issued by the United States geological survey service giving derivations of local names in the United States is this entry: "Chicago, city and river in Illinois; the Ojibwa Indian form, 'She-Kag-Ong,' signifies 'wild onion place,' from a root form implying 'bad smell.'" Several derivations were dug up, but the definition of the word Chicago was generally admitted to be the most unpleasantly outspoken of them all, according to the Chicago Tribune.

Two Fatal Mistakes.

Marie Antoinette, escaping from the Tuileries, turned to the right instead of to the left after passing the inner arch. She lost her way, lost time and by this means lost her own head and the head of Louis XIV. So the story of Carlyle runs.

Queen Draga of Servia meant to leave Belgrade, but waited for a going away gown, being anxious that as a fugitive she should appear in becoming attire. It was a fatal delay.

An Inexpensive Amusement.

"Did you ever," said Belinda, "try standing cents on edge? It can be done if the cents are not worn. They can most easily be made to stand on blotting paper, but they will stand on a smooth, polished table. Try it some time when other amusements flag."—New York Sun.

Economy.

Wife—Dearie, I started today to economize on our household expenses. Hubby—Good! How did you do it? Wife—I went to all the bakeries for blocks around, and then I bought a dozen doughnuts at the bakery that puts the smallest holes in them.—Judge.

What Would Happen.

"What would your father do if I told him I loved you?"

"He'd refer the matter to me."

"And what would you do?"

"I'd refer you to the young man who proposed and was accepted by me while you were trying to make up your mind."

His Mean Comment.

Mrs. Doty (reprovingly)—Mrs. Especk told me today that her husband always keeps her photograph on his office desk. Mr. Doty—I guess that explains why he's always late getting home to dinner.—Puck.

Truth often suffers more from the heat of its defenders than from the arguments of its opposers.—Penn.

THE ADMIRAL FLED

An Incident of the Great Naval Battle Off Santiago.

SCARED BY THE FIRST SHOT

The Thundering Boom of the Gruyer's Big Gun in Opening the Attack on Cervera's Fleet Proved Too Much For the Nerves of the Old Veteran.

"It's a remarkable thing," said the captain, "that almost always in any great event of exciting experience, even one in which human lives are involved, there is likely to be some little minor feature with a humorous side to it that will call forth a smile, if not a sudden burst of laughter. It seems as if in such trying moments one's feelings seek a quick vent and seize upon any little incident as a safety valve."

This particular piece of philosophy was expressed by the grim old captain of our steamer as we were lazily churning along the lower coast of Florida.

"I never get down on these southern seas," continued the captain, "without thinking of that 3d of July, 1898, when our fellows pushed the Spanish fleet up on the shore after their attempt to steal out of Santiago harbor.

"I was first officer of the Dasher, one of the auxiliary steamers that the government had chartered and rushed into service. We had been engaged in carrying provisions from Tampa down to the ships of the fleet, and it was tickling business, too, because no one really knew up to the last few days just where the Spanish fleet actually was and we expected to be overhauled and captured almost any time.

"This particular trip had been an eventful one, and after rounding Cape Maisi, on the eastern end of Cuba, we soon sighted our splendid fleet of fighters ranged in that fatal semicircle round the entrance of Santiago like a pack of hounds watching for a fox to come out of his hole. It was a grand sight, I tell you! The smoke was lazily curling up out of each stack, showing that steam was up and everything ready for the spring from the leash the moment the fox showed his head.

"We had our orders and in a short time were close alongside the big old Oregon, which, you remember, had just made that wonderful trip round the Horn to take part in the fracas. I don't believe there ever was a hotter day even in the tropics than that Sunday, the 3d of July. Things were simply sizzling everywhere, and the ocean itself seemed to be steaming.

"After we had warped alongside and the crew had begun carrying aboard the consignment of bread, potatoes, onions and other stuff I stepped into the captain's room to see if I could get any comfort out of the electric fan which was working overtime. I had just spoken to old Admiral, the captain's pet tomcat—and a huge fellow he was—who was lying on the floor stretched out as wide as possible, faintly gasping for air, when, holy mackerel, there were a concussion and a deafening roar which sent me sprawling and nearly knocked my head off. All I remember seeing that instant was a big cat going almost to the ceiling, with a tail as big around as a grapefruit and every leg, claw and hair standing straight out. The Oregon had let go one of its big forward turret guns right alongside of us, for the Spanish fox had started out of its hole.

"In just one instant everything on earth in the way of activity seemed to be doing. I rushed to the door, and the thing that caught my eye was the old tomcat going aft on the upper deck like a streak of greased lightning, with every sail set to catch the wind and fairly clawing at the deck in his efforts to make time.

"In almost less time than it has taken to tell you that one shot had grown into a deafening roar from almost every gun in the fleet that could bear on the fox. Our lashings had been cut loose, and away went the fleet in the dramatic rush to victory for us and death to the Spaniards.

"As my captain and I stood on the bridge and watched the sight he turned to me and said: 'Knight, I'm an old man and haven't but a few years more to live at best. I'll give the rest of my years to see this fight to the finish and, by the gods, I'm going to follow 'em!' And he gave the signal for full speed ahead.

"Say, but that was a sight! No man who saw it will ever forget it. The race was all in front of us, the Spaniards running for cover and putting up the best fight they could in their half baked condition and our fellows pitching them fast and furiously.

"We followed until the fight was over and then came about to return to Santiago. The captain gave orders to serve supper in the officers' mess, and neither of us in the excitement of the day had thought a thing about eating. As we sat down to our meal he turned to me and said: 'Knight, have you seen my old tomcat Admiral? I've hunted for him all over the ship.'

"'Well,' I replied, pulling out my watch and looking at it, 'if he has kept up the pace he was making when I saw him last going aft on the upper deck he's due in about six minutes now for his third lap around the world.'

"We never did see old Admiral again and the captain mourned him till the dying day."—Frank Presbrey in Chicago Record-Herald.

To fret and fume is unlightened, unkindly foolish and theologically ungardonable.—Robert Louis Stevenson.

MONO CENTRE.

Most of the farmers around here have finished the wheat and barley harvest. It is a much better crop than was expected. The oat crop is a little better than the average for this year. We feel sure we will have feed enough to bring our stock through another long winter.

The berry season is almost finished, but the crop was fairly good. Our merchant, J. A. McFadden, supplied berries to a great many, but could not fill nearly all the orders which he received.

Mr. Harry Baker has completed the cellar for a new house, east of the mill. We don't expect it will be long before the building will be erected.

Miss Maggie Barclay has gone West on an extended visit.

Mrs. Thos. Wilson is visiting friends in Hamilton.

Miss Ethel McCutcheon, of Alton, who spent a week with her aunt, Mrs. Jas. Wilson, has returned home.

Mrs. Geo. I. Wilson, of Regina, Sask., who spent the last six weeks with her uncle and aunt, Mr. and Mrs. Jas. Ewing, left on Wednesday to visit her sister, Mrs. J. E. Morrison, of Madoc, Ont.

McPherson Bros. of Orangeville, are spending a few days with their cousin, Mr. Ernest Avison.

Master Willie and Milton Baker, of Fergus, are spending their holidays with their grandfather, Mrs. George Baker.

Mr. and Mrs. Alvin Simpson, of Toronto, visited friends around here last week.

Mr. Harry Simpson will soon be moving into his new house.

We see the old fence around our school is being removed. This looks like a new fence which will greatly add to the appearance of our school.

Miss Elizabeth Brown, of Toronto, has been engaged as teacher for S. S. No. 10, for the ensuing year.

W. K. says he don't see why an extended certificate is not equally as good as a Normal certificate.

H. Ewing says holidays don't make much difference to him now.

G. Halbert has been heard asking if teacher's holidays are extended to two months instead of seven weeks.

Even it is harvest time, I must go to the races.—J. Henry.

What would I do if my horse would happen to get down on some of those fourth line hills?—J. J. A.

I have been thinking seriously of taking a trip up north in the near future.—H. P.

Jimmy said that the road was good on Sunday night, but the hills are still there.

Mr. Archie McQuilken intends to start for the West next week.

ITCHING SCALP.

Got Rid of in a Few Hours.

There is nothing made that will so quickly rid the scalp of distressing itchiness as PARISIAN SAGE the hair dresser and beautifier.

T. Stevenson guarantees Parisian Sage to cure dandruff, stop itching scalp and falling hair or money back and sells it for only 50 cents a large bottle. It puts vitality into the hair and gives it a radiant luster.

It is the favorite hair dressing of refined women because it so quickly refreshes the scalp and not being sticky or greasy is delightful to use.

WALDEMAR.

Barley harvert operations has begun in this section. Mr. Will Tate was amongst the first to open the contest on Thursday of last week when the first binder was heard. He cut a large field, which will be up to the average.

Mr. David Black and Mr. and Mrs. John Black and family, of Luther, spent Sabbath at the residence of Mr. and Mrs. John McLeod, of this place.

Mr. William Camell, of Luther, is visiting his sister, Mrs. J. McLeod for the past week.

Miss Gladys Groskurth is gone on three month's trip to Parry Sound, Cobalt and the dissolated towns of Porcupine.

Miss Dinah Smith, of Toronto, is spending a few holidays with her sister, Mrs. James Hunter in this section.

Miss Miller Hewatt, of Arthur, is spending a few days with her grandmother, Mrs. P. Wardon.

Mr. Will McFadzean, of Fergus, is holidaying at his home here.

The Rev. Mr. McCallum and the Rev. J. R. Bell, of Laurel, had an exchange of pulpits on Sabbath last. Mr. Bell preached here at eleven in the morning and at The Maples of three in the afternoon and Mr. McCallum at Black's Corners at 11 a. m. and Laurel at three in the afternoon.

What do you think of a good Waterproof Coat for a boy for 98 cents. We have them. — McMillan Clothing Co.

ROSEMONT.

At time of writing our farmers are busy harvesting. Next week will almost wind it up in this part.

William Thompson has started his new threshing machine. We believe she does good work.

Comer Bros. have everything in shape to start their outfit again.

Mr. and Mrs. Robert McDowell, of Primrose, spent Sunday in our midst.

Miss Wilson, of Toronto, is visiting her sister, Mrs. J. N. Blodgett, at the rectory.

Miss Wilkins of Detroit, Michigan, is visiting at Mr. G. P. McNabb's.

The members of St. Luke's choir presented Mr. Cyral Blight with a leather suit case on Monday evening at the home of Mr. and Mrs. G. B. McNabb. Mr. Blight leaves on Monday evening for Wyndott, Michigan. We wish Cyral every success.

Mrs. M. Ferns, of Caledon, spent last week with her sister, Mrs. G. Moore.

Miss Ella Moore is visiting Sheldon friends.

Mr. Russell and Miss Aggie McDowell visited Alliston friends on Sunday.

MELANCTHON.

Ex-teacher Gray, of Shelburne, but formerly of this place, passed through our burg the other day, and as our former pedagogue would say, "speaking from anology," things look like they did in days of yore.

Mr. J. Prior, of Pleasant View, preached in the Grand Road church last Sabbath.

We notice berry pickers in throngs wending their way to the various corners of the neighborhood wherever the delicious fruit grows.

Mr. and Mrs. J. Limpart, of the Queen City, is spending a few days with Mr. and Mrs. Wm. Barrett.

It is reported that a case of whiskey arrived at this station from the north the other day, addressed to an innocent party who says he knows nothing about it. This looks likes forgery.

MELVILLE CROSS.

Farmers are in the midst of Fall Wheat and Barley harvest. It is hard to beat the Caledon Hills for Fall Wheat.

A number of campers from different parts are sojourning on the picturesque shores of Melville River and pond and appear to be enjoying life as it passes.

Mr. Roy Sawden, of Shelburne, spent Sunday with his uncle, Mr. Alber Sawden, of this place.

Rev. Chas. Langford delivered an interesting and instructive discourse in Melville Church last Sunday.

Raspberry picking is about over in this part and on account of the dry weather, the season was a poor one.

MONO MILLS

Miss Lila Dredge, of Lassagaweya, is visiting her sister, Mrs. Ira Stork.

Miss Minnie Stinson, Toronto, is holidaying with her many friends here. Miss Stinson is now teacher at Tyrone, Ont.

Miss McCutcheon, Alton, is visiting friends here.

Misses May and Ethel Stanley have returned to Toronto after spending a pleasant holiday with Miss Jennie Speers.

Miss Maggie Wellwood, Miss Jennie Speers, Mr. Cecil Wellwood and Mr. Alex. Speers attended Mr. Wm. T. Wellwood's barn-raising at Bolton on Monday last.

Charles Mills and Edgar Moffat, pupils of Miss McGregor at Shannon school, were successful at the entrance exams.

The meeting of the local branch of the Women's Institute will be held on Wednesday afternoon, August 9th.

Rev. and Mrs. McCarrol, of West Toronto, visited Rev. and Mrs. Black on Monday.

Clearing Boys' Wash Suits at McMillan Clothing Co's Sale.

Don't forget Gillespie, Rogers & Co.'s Special Sale on Saturday. See small bills.

A BAD BRCK

Is a Warning that the Kidneys are Sick.

A bad back turns every twenty-four hours into one dull round of pain and misery—you are lame in the morning, nagged all day by a dull throbbing backache, can't rest in the evening or sleep well at night. It hurts to bend over, straighten up, get up from a chair, or lift even a light weight. Any sudden twist, turn or awkward movement sends a tearing twinge of pain through the weak spot.

Booth's Kidney Pills

Booth's Kidney Pills reach the weak spot, the kidneys and quickly restore kidney health and comfort. They are guaranteed. All dealers and druggists, 50c., or postpaid from The R. T. Booth Co., Ltd., Fort Erie, Ont. Send for Free Box which will be gladly sent on application.

LIGHTNING MEMORIES.

Some Phenomenal Feats by Well-Known English Actors.

To be what is called a "quick study" is a very useful accomplishment in the theatrical profession; but whilst the average actor and actress are rarely quick in committing their parts to memory, there are certain Thespians who have achieved wonders in that direction.

For instance, Miss Dorothy Grimston, the talented daughter of Mr. and Mrs. Kendal, "went on" for Lady Isabel in "East Lynne" some three years ago at forty-eight hours' notice. Most people who have seen the evergreen play will remember that the part of the tearful heroine is enormous, for she is rarely off the stage for any length of time. In spite of the hugeness of the task, Miss Grimston accomplished it with ease, and was practically "perfect" at night.

A well-known provincial actor, Mr. Arthur Dennis, who for many years has played Mr. James Welch's parts on tour, is the possessor of a lightning memory. He owns the distinction of having studied the part of Dick Whortles in "The Lady of Ostend" in the space of something like seven hours. Of course, this was not "straight off the reel," the study extending over two or three days; but the length of time devoted to the task was virtually little more than 420 minutes. The part in question covers ninety closely-typewritten pages, and is the longest part in modern farcical comedy. Reduced to printed columns, it would take up a very large section of a newspaper.

Mr. Ashley Page, well known to drama audiences throughout London and the suburbs, is a remarkable "study." Mr. Page doubtless owes much of his talent in this direction to the fact that for many years he has played in "stock" companies where a fresh piece is produced weekly. His best record for rapid study is a classic one, viz., Hamlet, a part known to be the longest in the whole area of Shakespearean repertoire. Mr. Ashley Page made himself master of the role in less than a week, and when it is remembered that poetic diction is a very different sort of material from ordinary melodrama dialogue, the feat appears all the more extraordinary.

Mr. Ollie Seymour, now well-known as a comedian throughout the provinces, once achieved a wonderful feat. He was enacting a small role in "The Silver King" some years ago, and four hours before the rising of the curtain the gentleman who enacted The Spider (the gentlemanly villain role) was taken ill. Mr. Seymour was called upon to take his place. The "scrip" of forty-five typewritten pages was placed in his hands, and he sat down to study it at 5 p.m. At 7.30 the curtain rose, and when the time arrived for his entrance Mr. Seymour walked in the stage and went through the long and heavy part with scarcely a single appeal to the prompter.

Sir Edward Helped Him.

Mr. Duke, K.C., who, after an exciting recount in the law courts, becomes M.P. for Exeter once more, owes a great deal of his success at the Bar to the advice and encouragement of Sir Edward Clarke. It was the latter who, when Mr. Duke was representing a Plymouth paper in the Gallery of the House of Commons, encouraged the future K.C. to read for the Bar. And Mr. Duke is one of the very few journalist who read for the Bar while continuing his Gallery work. He was called in 1885, and soon built up a large common law practice. His first venture into politics was when he stood for Plymouth in 1900, being returned by the largest number of votes ever given up to that time for a member for Plymouth. Mr. Duke is an ardent protectionist, and was, in the early days of the movement, one of the first of Mr. Chamberlain's "whole hoggers."

Coronation Goodies.

During the coronation festivities there promises to be a veritable rain of toys and sweets for lucky children, according to Messrs. Joseph Wells & Sons, the oldest-established firework makers in the country. It appears that there is already an enormous demand for daylight fireworks—shells filled with all sorts of novelties in the way of toys and delicious sweets. Toy guns, Teddy bears, surprise-packets, mouth-organs, fishing-lines, tolls, picture postcards, etc., etc., will shower down when these shells are fired—an innovation which is bound to bring the keenest delight to the children who witness the display. These shells are sold at prices to suit all pockets, and the same remark applies to other wonderful pyrotechnic novelties which Messrs. Wells are selling.

West Indian Hobble Skirts.

The women of the West Indies have been wearing the hobble skirt for years and are apt to wear it for years to come. The hobble may have originated with these women of the tropics, but they probably care little for the credit, as their hobble is more of a necessity than a fashion decree. They wear a belt anywhere between the shoulders and the hips, and the tight hobble cords is placed just below the knees. They are often forced to walk through long, wet grass and ford streams, and when occasion demands it the skirts are pulled up and the hobble cord holds them in place. Every native woman wears a hobble, but she calls it a "grazitto."

A Cruel Reminder.

His Wife—John, do you remember what took place just three years ago to-day?

Her Husband—What, is this our wedding anniversary?

His Wife—N-no. Three years ago to-day you bought me a new hat.

Miscroscopic.

"You'll not find a steak like that in a hurry," boasted the tall waiter.

And the guest looked up with an icy smile.

"I should say not. It is so securely hidden under these few chips of potatoes it is doubtful if I find it at all."

PLEURO-PNEUMONIA AND BRONCHITIS

Brought Mrs. Baker to Death's Door. Father Morrisey's No. 10 Saved Her.

Of the many hundreds of cures wrought by Father Morrisey's No. 10 (Lung Tonic) few are more remarkable than the saving of the life of Mrs. John S. Baker, of 164 Rockland Road (North End), St. John, N.B. She wrote on Oct. 16, 1908:

"I wish to express my gratitude that I am living to-day, saved from the grave by Father Morrisey's No. 10 (Lung Tonic). This time last year I had pleuro-pneumonia and bronchitis, and had been given up to die, and had my lungs tapped in the City Hospital, and never expected to walk again; I was continually getting worse every day. I came home from the hospital, and everyone was watching to see me die. I tried everything but there seemed to be no cure for me.

"I began taking Father Morrisey's No. 10, and the second day I could eat without pain. I used 22 bottles of No. 10, as I was run down right into consumption, and for six months was just a shadow until I began to use it, and now I am in good health, and surprised most of my neighbors by gaining so quickly. I feel it my duty to publish it everywhere I can, as with all I can say I cannot recommend it too highly—it was a life saver to me, and I am very thankful to recommend it, as it is worth all it is said."

Father Morrisey's No. 10 is very different from the many preparations that simply relieve a cough. No. 10 relieves the cause of the cough, restores the membranes of throat and lungs to a healthy condition, and tones up the whole system, giving strength to resist future attacks.

Trial bottle 25c.—regular size 50c. At your dealer's or from Father Morrisey Medicine Co., Ltd., Montreal, Que.

CIRCUIT GARDEN PARTY.

The ladies of the Methodist churches of the Mono Mills circuit are arranging to hold a grand garden party on Mr. Peter Rawn's grounds in Albion on Wednesday evening, August 9th. A varied literary and musical programme is being arranged for the evening. Watch for posters.

Mr. Wm. Duffy, of Grand Valley, has a "gobler" sitting on 4 duck eggs and 8 hen eggs, and has been on them for nearly two weeks, and has no notion of getting off.

Mrs. W. Sparrow, 80 years old, an old pioneer of Chinguacousy Township, died at the home of her son-in-law, Samuel Cobean, Mono Road, a week ago Tuesday morning.

Don't go to sleep if you are out driving in a buggy alone. Roy Allen did, not far from Chatham recently. The horse went quietly on till it came to a C. P. R. crossing, when the train struck it. The horse was instantly killed, but Allen, although carried a considerable distance on the cowcatcher, suffered only a broken collarbone and some bruises.

Imperfect Kidney Action Causes Rheumatism

Rheumatism with its kindred ailments—Lumbago, Wry Neck, Neuralgia, etc., usually results from lodgments of uric acid in the joints and muscles.

Now the chief function of the kidneys is to properly filter this poison from the blood.

Only when they fail to do this is Rheumatism probable.

Kidney weakness starts in various ways. A sudden chill, after perspiring freely, sometimes settles in the kidneys—or an unusual strain may cause it.

Poisons which should be filtered out of the system are pumped back into the blood, causing Uric Acid, the real cause of Rheumatism, Lumbago, Wry Neck, Neuralgia, etc.

In the early stages Nyal's Stone Root Compound will stop it.

Will start your Kidneys working properly so that the Uric Acid is reabsorbed and eliminated.

Away goes your Rheumatism with it.

Perhaps these early warning twinges have passed unheeded, and your Rheumatism has become deep seated.

Muscles all snarled up in knots as it were.

Then you'll need Nyal's Rheumatic Cure.

Ask your own druggist about these remedies.

His opinion is worth while.

Sold and guaranteed by Dr. A. J. Hunter & Co., A. T. Howard, Orangeville.

Nyal's FAMILY REMEDIES

UNDESIRABLE TOURISTS.

When a Little British Army Goes on (Drum) Long Way.

When a recruiting sergeant is addressed as "sergeant-major" by a would-be recruit, who is scrupulously clean-shaven and studiously slouching in gait, and careful to advertise his abysmal ignorance of army matters, that recruiting-sergeant is forthwith on the alert. For these are merely some of the disguises of the rogues who make a profession of sampling British regiments, and, accordingly, the recruiting-sergeant sets his wits to work.

Perhaps a sudden shout from behind of "Attention!" will give the game away, or, as the recruit departs from the recruiting-office with his first day's pay, probably intending never to return, a piano near at hand may crash out a brisk march. He automatically changes his step, or marches in time, and in a trice the recruiting-sergeant's hand is on his collar. That piano-playing has been arranged!

Yet another device is to get a bugler to sound the "Fire-alarm!" outside the room where the recruits are being tested. The man who has once served in the army could hardly fail to give a start of apprehension on hearing that.

Despite these and other ingenious precautions, however, there are still numerous rogues who make a good thing out of the ease with which one may enlist in England.

"Why did that new recruit purposely salute me with the wrong hand?" a depot captain recently asked himself. The man was charged with fraudulent enlistment, and subsequently confessed that he had sampled no fewer than eleven regular regiment and four militia ones! It was estimated by the pay department that he had during his career defrauded the public of approximately $280.

Sometimes degenerate doctors, actors, and artists drift aimlessly from one regiment to another. One ex-barrister, captured whilst serving in a Scotch regiment, claimed to have sampled four foreign armies and seven British regiments in the space of four years; and these, as a rule, have no criminal intent. Then there is the man who, being only engaged with a traveling circus in the summer, or singing at a seaside resort, needs a haven for the winter, and enlists—only to desert when spring arrives year after year.

Gorgeous Mantles.

It is possible that Knights of the Garter, the Thistle, St. Patrick, the Bath, Star of India, St. Michael and St. George, and the Indian Empire will be allowed to wear the mantles which indicate their respective orders at the coronation. If this idea is followed out additional splendor will be added to the scene in the Abbey, for the mantles are of a very gorgeous description. The mantle of the Garter, for instance, is of dark-blue velvet, lined with taffetas. With this there is a surcoat of crimson velvet lined like the mantle and adorned like it, on the left breast, with an eight-pointed silver-embroidered star, within which is the red cross of St. George, the whole encircled by a miniature blue garter.

The mantle of the Thistle is of green velvet, and that of St. Patrick is of sky-blue tabbinet, lined with white silk. The mantle of the Bath is red, and on very high state occasions the knights are entitled to wear crimson surcoats, vest and breeches of white satin, white stockings and shoes, golden spurs, and a high-crowned hat with a plume of white feathers. The mantle of the Star of India is of light-blue satin, lined with white, and adorned with blue and silver tassels with a representation of the Star. The mantle and chapeau of St. Michael and St. George are of blue satin, lined with scarlet silk, the hat surmounted with black feathers.

Quite a contrast is afforded by the mantle of the Indian Empire, which is of purple satin, lined with white silk, and fastened with purple silk and gold tassels, and on its left a representation of the Star.

A Captain of Industry.

"To travel hopefully is better than to arrive, and the true success is labor." These words, once written by Robert Louis Stevenson, hang above the desk of Mr. H. Gordon Selfridge, the head of the enormous store in Oxford street, London, who was recently the victim in a motor smash. They provide the keynote of the character of the man who, starting life as a shop-sweeper, made such good use of his opportunities that, by the time he was thirty, he was a partner in the Marshall Field store in Chicago—a store which has earned joint fortunes for its owners amounting to over $500,000,000. Mr. Selfridge had retired from business, when, growing tired of a life of idleness, he turned his eyes towards London and ultimately foundid the huge business in Oxford street.

Doyen Ruler of Europe.

The oldest ruler in Europe is the Prince Regent of Bavaria, upon whom, on the occasion of his ninetieth birthday recently, King George conferred the Order of the Garter. He has had the unique experience of acting as regent of that country during the insanity of two kings. Twenty-five years ago the Prince Regent's nephew, King Louis II. of Bavaria, was declared insane, and the prince was proclaimed regent. Three days later the king committed suicide, and was succeeded by King Otto, who is now sixty-three years of age, and who has been insane since 1875. The prince is extremely popular in Bavaria on account of his sporting proclivities.

A Ticket Machine.

The Lancashire and Yorkshire Railway Co. have installed a remarkable automatic machine at Sandhills Station, Liverpool, by which, on dropping a penny in a slot, a ticket is printed, dated, and cut. The machine is worked electrically, the power being supplied from the live rail. When the supply of cardboard is running short the clerks in the office are warned by the ringing of a bell.

MEN-WE CAN CURE YOU

FINEST MEDICAL INSTITUTE IN AMERICA

OWNED AND OCCUPIED BY DRS. K. & K.

"YOUNG OR MIDDLE-AGED MEN

who need the services of expert specialists why waste your money in treating with doctors you know nothing of, why waste your money with worthless electric belts or drug store nostrums, when you can get guaranteed, reliable, successful treatment from these Master Specialists. Drs. K. & K. have treated patients throughout Canada for over 20 years and are responsible financially. They accept only curable cases and should your case prove incurable it need not cost you a cent. If you are unable to call at our office for a personal examination we will send a Question List for you to fill up from which we can diagnose your case and tell you whether you are curable or not. Then we will prescribe specific remedies for your individual case which you can take at home. We have no cure-all remedy that we send to everybody alike as most specialists do, but we prescribe the remedies required for each individual case to complete a cure. That's one of the secrets of our wonderful success when others fail. Send for our Free Booklet on Diseases of Men (illustrated.)

CURES GUARANTEED OR NO PAY

We Guarantee to Cure

Nervous Debility, Blood Diseases, Varicose Veins, Kidney, Bladder and Urinary Diseases

CONSULTATION FREE

If unable to call, write for a Question Blank for Home Treatment

CRIPPLE FROM RHEUMATISM

NOW IN PERFECT HEALTH THANKS TO "FRUIT-A-TIVES"

VANCOUVER, B.C., Feb. 16, 1910.

"I am well acquainted with a man, known to thousands in Vancouver, Victoria and New Westminster, who for nearly a year was practically a cripple from Rheumatism. He was so troubled with the disease that he found it difficult to even turn over in bed. His heart appeared so weak that he could hardly walk up stairs.

Last June, he received a sample of "Fruit-a-tives". He used them and dates his recovery from that time. To-day, there is no man in Vancouver enjoying better health.

He was building a house this fall and shingled a good part of the roof in a driving rain, without suffering any bad effects". JOHN B. LACY.

Mr. E. R. Mills, (assistant postmaster at Knowlton, Que.,) also writes:

"I honestly believe that "Fruit-a-tives" is the greatest Rheumatism cure in the world". Try it yourself.

50c. a box, 6 for $2.50, trial size, 25c. At dealers, or from Fruit-a-tives Limited, Ottawa.

The Shadchan.

East of Aldgate, in London's Ghetto, where the descendants of Pharaoh's brickmakers dwell, is where the Shadchan — the Jewish matrimonial agent — is to be found.

The name denotes a "bringing together," and it is the Shadchan who initiates the whole affair. He says to a young man, "You ought to marry. Now, I know the very girl. Her beauty—ah!—and her dowry—h'm!" The Shadchan's fee, you see, is generally calculated upon the dowry.

This strange, decaying occupation is an ancient one. In Jewish literature of the thirteenth and fourteenth century refers to the Shadchan and his legal claim to remuneration, which was always higher when the couple lived more than ten miles apart. Perhaps the extra fee was for shoe-leather.

Amongst old-fashioned Jews, the world over, marriages are still brought about by the Shadchan, who has figured as a witness in a breach of promise case before now, when the charms or the dowry, or both, have proved illusory, or exaggerated.

Durham's latest hope is that the Government will establish a fish hatchery in some of the streams near there. The Review says an Inspector from the Department of Marine and Fisheries visited Durham last week with that end in view.

Why Not be Well and Strong

When weak and run down DR. CHASE'S NERVE FOOD will help you back to health.

This letter tells of two women who have proven this.

Mrs. D. Stott, Cobourg, Ont., writes: "After recovering from typhoid fever I was left in a very low state of health. I was weak, nervous and not fit to do any work. A friend of mine, Mrs. G. M. Brown, had used DR. CHASE'S NERVE FOOD and told me that it benefitted her wonderfully. I took courage and began the use of the medicine. After taking the first box I began to feel an improvement in health and now after using four boxes I am completely cured. I now feel like myself once more and believe that I can attribute the cure to Dr. Chase's Nerve Food."

Life is too short to spend weeks or months dragging out a miserable existence of weakness and suffering. Dr. Chase's Nerve Food cures by forming new rich blood and building up the system. You can depend on it to benefit you. 50 cents a box, 6 for $2.50, at all dealers or Edmanson, Bates & Co., Toronto.

Elizabeth Withers, 42 years of age, committed suicide at Orillia last week by taking an overdose of laudanum.

Wilkie Evans, of Toronto, well known in Bolton, had a narrow escape in the Porcupine fire. Mr. Evans was prospecting in the district, but fortunately left the woods the day before the fire and stood in the waters of a lake for four hours during the conflagration. His face was badly blistered with the heat and his eyes were injured so that it will be some time before he is able to write a letter. He lost nearly all his personal belongings.

The Zoo's Food Bill.

It costs nearly $25,000 a year to feed the animals at the London Zoo.

And how varied is the menu is seen when it is stated that it includes such trifles as horses, goats, monkey-nuts, bananas, grapes, oranges, apples, turnips, potatoes, bread, fowls' heads, sugar, mice, and sparrows.

In addition, the denizens of the Zoo get through in a year 161 loads of hay, 206 loads of straw, 15,000 bundles of tares, 360 bushels of maize, over a ton of rice, 150 bushels of canary seed, nearly 2,000 points of shrimps, and about 30 tons of fish.

The Zoo is one of London's most favored institutions. Nearly 900,000 people visited it last year.

Expects to Grow.

Apparently the church people in Saskatoon, Sask., feel pretty certain that that city won't lag behind in the race of western Canada cities. A committee on union and location of churches in Saskatoon has been considering how many church buildings will be needed there ten years from now, and it was estimated that at the end of that period the city will have a population of at least sixty-five thousand. The present population of Saskatoon is about fifteen thousand.

A Costly Pauper.

After being an inmate of the workhouse seventy-four years, a man who died recently at Steyning at the age of seventy-six had cost the guardians $5,500.

FREE ADVICE TO WOMEN

Women suffering from any form of illness are invited to promptly correspond with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women. A woman can freely talk of her private illness to a woman; thus has been established this confidence between Mrs. Pinkham and the women of America which has never been broken. Never has she published a testimonial or used a letter without the written consent of the writer, and never has the Company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which Mrs. Pinkham has to draw from, it is more than possible that she has gained the very knowledge needed in your case. She asks nothing in return except your good will, and her advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Mrs. Pinkham, care of Lydia E. Pinkham Medicine Co., Lynn, Mass.

Every woman ought to have Lydia E. Pinkham's 80-page Text Book. It is not a book for general distribution, as it is too expensive. It is free and only obtainable by mail. Write for it today.

W. J. W. Orr, of Creemore, bought the store and bakery he occupies from J. Brown for $2,200.

—Orangeville Fall Fair Prize Lists are out. Copies may be obtained upon application to the Secretary, Mr. H. Endacott.

JOS. HILTS,

Plumber and Steamfitter.

'Phone 62.

Do You Want Money?

The undersigned has made arrangements with a large Monetary Institution to secure funds for farmers who can offer undoubted security.

At 4½ and 5 Per Cent.

AND NO LAWYERS' FEES.

If you want to repay in equal periodical instalments, just note the following scale :—

A loan of $100 can be repaid in five annual payments of $24.15 each, or in ten half-yearly payments of $11.88 each. Or a total of $118 repays $100 in five years.

Those wishing to secure money on these unusually favorable terms, should apply at once to

Thos. Parsons

Fire and Life Insurance Agent, James Street, Orangeville.

ARCHIVES OF ONTARIO
TORONTO

AT REST ON HIS 83rd BIRTHDAY

John Matthews, for many years an esteemed resident of Acton, died at his home, 66 Fermanagh Ave., Toronto, on Monday, his 83rd birthday, after a comparatively brief illness. Although he never enjoyed very rugged health he was seldom unable to be about and he always enjoyed life very much. He was the eldest son of the late Abram Matthews, who died in Acton, about twenty-five years ago, and was born in Pilkington township, near Elora. The family came to Acton in 1843 and settled on the farm now occupied by Mr. James Brown. On the 27th December, 1855, he married Jane, daughter of the late Squire Alex. Brown, one of the pioneer settlers of the vicinity, who cleared the farm now owned by Mr. N. F. Lindsay. They lived in Acton for many years, and then removed to West Lorne for a time, returning to Acton about 1881. Ten years ago the family removed to Toronto, where they have since resided. Mrs. Matthews and their son and three daughters, Alexander, Mrs. J. M. Fernley, and Miss Maggie, of Toronto, and Mrs. William Brown, of Acton, survive. Postmaster Matthews, Acton, and Mr. Ed. Matthews, of Berlin, are surviving brothers. Mr. Matthews was a most consistent Christian character, a man of kindly disposition and everywhere esteemed. He was a member of the Methodist Church from his early boyhood. He loved Acton above all places and was always ready to spend a few weeks here. The funeral was held yesterday afternoon, the remains reaching Acton by the 2.30 train. A service was held in the Methodist Church, which was conducted by Rev. R. J. Treleaven, Toronto, a nephew, and Rev. C. D. Draper, the pastor. The interment was made in the family plot at Fairview cemetery.

MRS. WM. PARSONS.

The Georgetown Herald published the following obituary of the late Mrs. Wm. Parsons, whose death was noted in last week's issue of The Banner :—

Death visited the home of Major Wm. Parsons on Thursday morning last when the beloved wife and mother of the home was called to her eternal reward. Mrs. Parsons had been in poor health for the past four years but had been able to go about until recently when she began to fail very rapidly until death came on Thursday morning. Deceased's maiden name was Annie Lindsey and she was born in Albion, Peel County. About 38 years ago she became the wife of Major Wm. Parsons, and a family of two sons and two daughters blessed the home. They are :— Mrs. Bertram Harris, Montreal; Mrs. Rene R. Barber, Georgetown; Wellington Parsons and Rowlett Parsons, Regina. Deceased was a life long member of the Methodist church, a Christian woman, devoted wife and loving mother and will be much missed in the home by those she loved. The funeral took place on Sunday afternoon to Greenwood cemetery, the service being conducted by the Rev. Mr. Roadhouse. The pallbearers were the two sons-in-laws, Mr. Bertram Harris and Mr. Rene R. Barber; two brothers, Mr. John Lindsey, Shelburne; and Mr. Johnston Lindsey, Orangeville.

There were many beautiful floral tributes, some of which were :—Pillow from the family, wreath from Mr. John R. Barber, anchor from Mrs. Clark, (sister) Orangeville; wreath from John and Johnston Lindsey, (brothers) Orangeville; sheaf from Mr. John Reid, of Danbury, Conn.; anchor from Mr. and Mrs. W. N. McKay; sheaf from Methodist choir; sheaf from Mr. and Mrs. Reid, Montreal; wreath from Mr. and Mrs. Colbert.

Among those from a distance who attended the funeral were :—Mr. and Mrs. Housser and son Harry, Toronto; Mrs. Neelands and two sons; Mrs. Robson, Mrs. Lindsey, Hornby; Mr. and Mrs. Clark and son, Orangeville; Mr. and Mrs. Carberry, Brampton.

ROBERT ARMSTRONG.

In the death of Mr. Robert Armstrong which occurred at his residence, Main St., south, on Tuesday, night Brampton, and the County of Peel, has lost one of its most highly respected residents. Mr. Armstrong, who was born in England, came to Canada forty years ago, and has spent that period of time on different farms near Orangeville and in this county until his removal to Brampton a few years ago. Last spring he was seriously injured by a fall on his way home from church one evening and never recovered from the effects. He was a man who possessed many friends and who was held in high regard during his long residence in this vicinity. His wife died about two years ago. A family of ten children survive, seven daughters and three sons. The funeral took place this afternoon to Brampton cemetery, Rev. W. N. Chantler having charge of the services at the home and the grave. —Brampton Conservator.

SHE GAINED 36 LBS.

Mrs. George Bradshaw, Harlowe, Ont., writes : "I was troubled for many years with weak, watery blood and dropsy. I had nervous headaches, dizziness and sinking spells, and was, in fact, a semi-invalid. Doctors told me my heart and kidneys were diseased and gave me up. By using 10 boxes of Dr. Chase's Nerve Food I have been cured of many of my old complaints and gained 36 pounds in weight."

Men's Tweed Pants on Sale for a dollar a pair and you'll wonder how they're made for the price.—McMillan Clothing Co.

Miss Myrtle Hayes, who taught at Monticello for the past two years, was presented with a chain and pendant, before leaving. She is attending the classes for teachers at the O. A. C., Guelph, and will teach in Toronto after vacation.

BOWLERS FOREGATHER.

42 Rinks Take Part in Orangeville Club's Big Tournament.

The second annual Tournament of the Orangeville Lawn Bowling Club commenced on the fine greens on John St., at 1.30 o'clock Tuesday afternoon, with the record entry list of 42 rinks. The clubs represented were :—

Owen Sound	5 Rinks
Shelburne	1 "
Southampton	2 "
Paisley	1 "
Harrieton	1 "
Mt. Forest	1 "
Arthur	1 "
Grand Valley	4 "
Elora	3 "
Fergus	1 "
Erin	1 "
Brampton	3 "
Bolton	2 "
Weston	1 "
Beeton	2 "
Kew Beach (Toronto)	1 "
Queen City (Toronto)	1 "
Orangeville	11 "

Before play started Mayor Riddell spoke briefly, extending the visiting bowlers a hearty welcome to Orangeville and promising them the freedom of the town during their stay. Three sets of games were run off Tuesday afternoon, and with the exception of a short interruption owing to the heavy rain about the noon hour the Tournament was in full swing from nine o'clock yesterday morning until the same hour or later at night. By that time the trophy contest had narrowed down to the semi-finals. The rinks that still figure in the premier event are Pow, Grand Valley, McKeown, Orangeville, Brown, Orangeville, and Richardson, Owen Sound. The semi-finals will be played at 9 o'clock this morning and the final game early in the afternoon. The Association and Consolation events are pretty well advanced and with favorable weather the Tournament will probably be brought to a close to-day. The eleven greens were in excellent condition, although one or two of the outside ones were a trifle tricky. The visiting bowlers are a fine lot and everybody is delighted with the spirit of sociability and good-fellowship that pervades the meet. The ladies have charge of a large marquee on the grounds, where coffee, lemonade and refreshments may be obtained at any hour. This is one of the appreciated features of the tourney and the ladies are proving themselves an important factor in making it the success it undoubtedly is. The results of Tuesday's and yesterday's games are :—

Wednesday

TROPHY.

LACROSSE.

The first Juvenile O. L. A. game of the season was played here on Idylwyld Park on Wednesday afternoon, the contestants being Orangeville and Dundalk. The visitors came in on the morning train, accompanied by the Dundalk Band, and a large number of supporters. The game was fast and clean, both teams being in good condition. Referee Ernie Knott, Secretary of the O. L. A., blew the whistle about 3.15, and in a few moments Dundalk got the first goal, Levi doing the trick. The Orangeville youngsters could not be satisfied with the visitors leading them, and it was not long before Percy Harding got a nice pass and No. 1 was talied for them. Wendell Holmes, Orangeville's star defence man received a severe gash on the face, which compelled him to retire from the game. In the second quarter Dundalk made several attempts at the Orangeville goal, finally succeeding in landing another one in this quarter, leaving the score 2 to 1 in favor of the visitors. In the third quarter the town boys notched three goals, Vanwyck getting the ball in twice and "Hutch" Keith one. Dundalk could not find the nets leaving the score 5 to 3 in favor of Orangeville. The final quarter was the fastest of the game, and in quick succession after it started Dundalk scored two goals leaving the game a tie. With seven minutes to play Keith notched another one for Orangeville, which made the final score 6 to 5 in favor of the locals. For Orangeville "Iky" Winterton, McGuire and "Freddie" Wright starred.

Ernie Knott made an impartial referee and penalized heavy, thereby keeping the game one of the cleanest witnessed by Orangeville enthusiasts this year.

Field Captain "Bob" Harshaw handled the boys to the satisfaction of everyone, the players acting under his just judgment at all stages of the game.

The line-up was as follows :—

Dundalk—Goal, Bellemay; point, Champ; cover, Russel; 1st defence, Speer; 2nd defence, Wright; centre, Edgerton; 2nd home, McAuley; 3rd home, McArthur; inside home, Levi; outside home, Seawright.

Orangeville—Goal, McBride; point, H. McGuire; cover, D. Densmore; 1st defence, E. Durkin; 2nd defence, I. Winterton; centre, F. Wright; 2nd home, W. Vanwyck; 3rd home, W. Holmes; inside home, P. Harding; outside, H. Keith.

Hanover intermediate lacrosse teams play the return game with the Dufferins on Idylwyld Park here next Wednesday, August 9th. The game will be fast and clean, and ought to result in a victory for the local team. The boys are practising hard and will be in good shape for Wednesday. The Dufferins have two games to play—first with Hanover here Wednesday, and the second with Markdale in Markdale the following Wednesday. If the Dufferins win these two the three clubs will be tied and necessitate play-offs. Wednesday's game will be called sharp at 3 o'clock, and being a half holiday every enthusiast should come and cheer the boys to victory.

A. E. Warren while at lacrosse practice on Monday met with a nasty accident to his knee. In some manner he twisted his knee injuring the ligaments. The accident will likely keep him out of the game this season. Harold Kilpatrick met with a much similar accident the first of the season, and the injury is still giving him trouble. These two players are greatly missed on the Dufferin line-up.

MUST BE A MILLION.

The attendance at the Canadian National Exhibition is jumping at the rate of 100,000 a year. In 1909 it was 750,000, in 1910 despite the unfavorable weather it was 837,000. This year only continued wet weather can keep it from reaching the million mark.

Change . . . . In Business

Having severed my connection with the Firm of McMillan & Co. and bought out the

TAILORING AND FURNISHING BUSINESS

of Andrew Hill at A RATE OF THE $, and also taken over the entire Stock and Good-will of the old Firm in the Ordered Tailoring Department, I feel that I am in a better position than ever to serve the many friends of Mr. Hill and myself in making to order

STYLISH GARMENTS FOR MEN . . . . . .

On account of taking over the

WOOLLENS

from both Stores, I find myself too heavily stocked in these Lines. I have decided on a simple method of reducing Stock, that is

SIMPLY TO CUT THE PRICES

Here is a chance to get an Ordered Suit at a Price that will appeal to the Closest Buyer, with

FIT AND WORKMANSHIP GUARANTEED.

I also have a large Stock of Furnishings that must be cleaned out to make room for NEW FALL GOODS. They will be sold at prices that will make them go.

As space will not permit me to tell you all about the Bargains I have in store for you, a call will be the best means of convincing you that I mean what I say.

HALF SPEED AHEAD FOR INLAND STEAMERS.

Warning Gongs Sound Frequently in Engine Rooms and Pilots Pray Despairingly for More Water — Chanel not so low in Years—Dangerous and Almost Impossible to Shoot Rapids—Englishman Contributes Novel Plan for Keeping Cool —Boomerang Economy at City Hall.

(From Our Own Correspondent.)

Montreal, July 31 — Despite the fact that the Dominion Government has been spending millions in money and years in in the bettering of the navigable channel of the St. Lawrence from the Great Lakes to the sea it is many moons since the inland shipping fleets have had such rough sledding as they have had this season. For sledding instead of sailing it has been on many an eventful occasion. The water is so low that vessels have to scrape along in spots, and experienced pilots assert that it is nothing short of dangerous to attempt to run a boat through the Cedars, the Split Rock or the Long Sault. Freight boats are making their runs anywhere from eight to twenty-four hours late on account of the caution necessary and the time lost entering and leaving the canals, and the Richelieu and Ontario Navigation Company's far-famed craft which are scheduled to give a daily thrill to throngs of tourists by shooting the rapids from Prescott to Montreal have been forced to tie up at the former place and give their passengers another sort of thrill by train for the remainder of the journey. Engineers are pointing out, and the pilots agree, that the only apparent feasible way of being assured of a deep free channel during the whole shipping season year in and year out dry or wet will be to push ahead with the construction of the dam at the Long Sault, a work which would materially deepen the channel in the part which is shoalest at present and which pilots and captains fear most. Until lately the greatest opposition to the Long Sault project has been developed because it would be a menace to navigation. Those who understand the river, however, now say that navigation could not be benifitted better in any other way than by the completion of this project.

A plan for keeping cool which has at least the attraction of novelty has just been received here by Chief Detective Carpenter in a letter from an altruist in Liverpool, and although the Commissioner has been so busy that he has not had the time as yet to test it, he has passed it along for what it may be worth. According to the inventor of this scheme, all that is necessary for a cool night's rest, paradoxical as it may sound, is to cover one's self sufficiently. It is the method of covering, however, which counts. For a single bed the first requisite is a stick or heavy cord sufficient in length to reach from the head to the foot of the bed. This is put in position over the centre of the bed about eighteen inches above its surface. From this are suspended newspapers sewn or pasted together falling over the edges of the bed to the floor, forming a sort of tent-like structure. It is of course open at each end and should extend to within about eighteen inches of the head. Over the newspapers next spread a blanket or sheet and the cooling plant is ready. Its inventor claims that any one sleeping under the cover will be kept cool by the continuous breeze moving from end to end caused by the difference in temperature inside and outside. On the face of it the scheme seems a little fanciful. But there are plenty of people who do not know that water can be cooled in a dry climate by putting in a porous jar and placing it in the sun. Evaporation does the rest.

When it comes to attempting economies of every and any kind, Montreal is second to none. Unfortunately, however, that sound finely in theory fail to pan out in practice. Just now critics are chuckling over attempted economies in the disposal of waste paper. A few months suppiy, amounting to about [illegible] tons, of neatly compressed and baled paper was auctioned off the other day for $24. This auctioning off of the waste paper is said to be a part of the policy of economy but just in what manner is difficult to discover. In the first place the patent reversible paper press, which does the compressing cost, $200, and it takes about six men to run it. To advertise the sales and hire an auctioneer further swells the expense. In fact, those who have figured it out say that it will take twenty years to pay for the paper press alone out of the proceeds of the paper which it compresses so neatly. From a far sighted economy this will break local records provided the press lasts the necessary number of years.

The vagaries of a defunct municipality are occupying the courts at present, action having beentaken against the city by three proprietors of Notre Dame de Grace Ward to secure indemnity for land which was annexed by the municipality for the widening of Sherbrooke Street.

The municipality did not take the ordinary expropriation proceedings, but went right ahead with the construction of the sidewalk. Protests were ignored, and now Montreal is being called upon to pay sums ranging from $200 to $400 damages to the proprietors whose land was taken in this manner. The actions at present entered are regarded in the nature of test cases, as there are in all some [illegible] proprietors affected.

Coin Profiles.

Where a face is used on a piece of money it is always in profile because the cameo is more readily struck by the die in that manner and if a full three-quarter face were represented the nose of the gentleman or lady would get damaged in circulation and produce a ridiculous effect.

Stayed That Way

"Hello, Stubbs! Haven't seen you for months. The last time we met, I remember, you were trying to get into literature. Did you succeed?"

"Yes, and I've been broke ever since."—Boston Transcript.

Prosperity is a great teacher; adversity is a greater. Possession puts the mind; privation trains [illegible] strengthens it.

—Belfountain Baptist Church is holding its annual garden party on the grounds of Mr. J. A. McBride, Warden of Peel, on Monday evening next, Aug 7th. An excellent literary and musical programme will be provided.

—Found on 6th line, Amaranth, an upper set of false teeth. Owner may obtain same at Banner Office.

Your choice of any 50 cent Tie for 35 cents during the Sale of McMillan Clothing Co.

PRIVATE SALE OF HOUSEHOLD FURNITURE.

A private sale of household furniture will be held at the residence of Mr. R. Stout, Wellington St., Orangeville, beginning Tuesday, August 1st, and continuing until Monday night, August 7th. As Mr. Stout is giving up housekeeping, everything will be sold without reserve. Terms, Cash. Interested persons are invited to call at any time, afternoon or evening.

WILL VOTE ON BY-LAW.

On Saturday the ratepayers of Amaranth will vote on a by-law to authorize the Municipal Councils to issue debentures for $3500 to cover the cost of building two new steel and cement bridges. The vote comes in a busy season, but the electors should make it a point to turn out and mark their ballots for or against. We understand the bridges are both badly needed.

Gillespie, Rogers & Co. are offering Special Prices on Children's and Misses' Ready-to-Wear Dresses.

CIRCUIT GARDEN PARTY.

The Methodist Church of the Mono Mills Circuit will hold a monster garden party on the lawn of Mr. Peter Rawn, Albion township, on Wednesday evening next, August 9th. High tea will be served from 6 to 8 o'clock, and will be followed by a varied and entertaining programme of speeches, music, elocution, etc. The speakers billed for the evening are Rich. Blain, M.P., S. Charters, M.P.P., and Revs. J. A. Black and R. J. W. Perry, Mono Mills, and Rev A. E. Lunau, Palgrave. Rev. Dr. Harper, Chairman of the Orangeville District, will occupy the chair. Refreshments will be provided on the grounds. Admission, 25 cents; children, 15 cents.

See Gillespie, Rogers & Co.'s Special Mull Dresses, all colors, Embroidery trimmed, for $2.95.

EIGHT INMATES BURNED IN ASYLUM FIRE.

Eight inmates burned to death is the result of a fire which broke out in the east wing of the Main building of the Hamilton Asylum for the Insane at one o'clock Tuesday morning.

The building is on the mountain at the head of Queen street, and the fire brigade had difficulty in reaching it quickly. The flames were in the fourth storey and burned fiercely. In a short time after discovery in hall D, nightwatchman Bassett turned in an alarm to the city fire brigade, while Charles Piper fought the flames with the hose till overcome.

A full list of the dead:—
Charles Billiard, Dunnville.
Albert Bowler, Dundalk.
Thomas Evans, Elora.
John Hefferman, Arthur.
John Holdway, Lindenwood.
Alfred Nay, St. Catharines.
Edward Sodkte, Welland.
George Storey, Hockley.

Cause—Fire at Hamilton Asylum, started by defective wiring.

PERSONAL MENTION.

Mr. Art. Irwin, of Toronto, was in town over Sunday.

Jack Harmon, of Owen Sound, was home the first of the week.

Mr. E. H. Smith made a business trip to the city on Friday.

Miss Kathleen Green, of Toronto, is spending her vacation at her home here.

Miss Clara Annis, West Broadway, is visiting Miss Evelyn Blair, of Arthur.

Major and Mrs. Gabriel, of Shelburne, were at J. C. Reid's over Sunday.

Mrs. Robt. Fleming and children, of Toronto, are visiting Mr. and Mrs. Art White.

Miss Rogers, of London, is spending a month at the home of Mrs. Ritchie, 1st St.

Miss Edith Fanning, of Newdale, Man., is visiting the Misses Edith and Blanche Cameron.

The Misses Roberts, of Brantford, were guests of Mr. and Mrs. O. Wilder, Zina St., last week.

Messrs. W. Vanwyck, E. Densmore, and I. Winterton, of Elora, are home for a few days this week.

Miss Bessie Harding is spending a few weeks with her brother, Mr. Harry Harding, of Wroxeter.

Mr. and Mrs. Wallace, and Miss M. Wilson, of Laurel, spent Sunday with Mr. Chas. Lee, York St.

Mr. and Mrs. Art Weir, of Toronto, were the guests of Mr. and Mrs. Bert Groskurth, Zina St., over Sunday.

Mrs. John White, Second Ave., attended the funeral of the late Mrs. Sparrow at Mono Road on Thursday.

Mr. and Mrs. Bert Baulch, of Toronto, spent Sunday with the former's mother, Mrs. Henry Savage, 2nd Ave.

Mrs. A. Henderson returned from Newmarket last Saturday after spending a month visiting at her parental home there.

Miss Fanny Morrison, of Shelburne, and Miss Polley, of Horning's Mills, were the guests of friends in town on Wednesday.

Messrs. Harry and Ward McKitrick, of Toronto, attended the funeral of their sister, the late Miss Ettie McKitrick, on Friday.

Mrs. Jas. Fennell and daughters, the Misses Marjorie and Nellie, of Bradford, visited Mr. Chas. Lee, York St., this last week.

Mrs. E. A. Menary and little daughter, motored up from Toronto last week and are spending a few days at the home of Mr. and Mrs. Wm. Menary.

Mr. Wilson Patterson, of Toronto; Mr. and Mrs. Geo. Watson, of Winnipeg and Mrs. T. H. Hamilton, of Grand Valley, were the guests of Mr. and Mrs. T. G. Legate on Tuesday.

Mr. and Mrs. Fred. Wright have returned home from their trip to Michigan.

Miss Thompson, of Regina, is visiting at the home of Mr. M. Robinson, Zina St.

Messrs. Jack Norris and Frank Coy, of St. Catharines, are visiting Mr. John Norris.

Mr. J. A. Leighton is visiting friends in Rochester and other points across the line.

Miss Kate Farnell, of Toronto, is visiting her parents, Mr. and Mrs. Wm. Farnell, The Maples.

Mr. A. W. Dunkley, of Toronto, is visiting in town, and taking part in the Bowling Tournament.

Mr. and Mrs. Ross V. McGuire, of St. Thomas, are the guests of Mr. and Mrs. D. A. Hogg, Mill St.

Mr. and Mrs. W. W. Lundy and two little sons, Bryan and Harvey, of Toronto, are on a two weeks' visit to their many friends in this vicinity.

Mr. W. McGuire, postmaster of Tillsonburg, motored over to Orangeville on Monday. He was accompanied by his sons Wilfrid, and Ross V. and wife and baby, of St. Thomas. They had a splendid trip and found the roads in fine condition. Mrs. and Miss McGuire, who are holidaying at Toronto and Forthaven Island, Muskoka, are expected here at the end of the week, and will be the guests of Mr. and Mrs. B. McGuire for a week. It is thirty-four years this month since Mr. McGuire left Orangeville for Tillsonburg, where he has lived ever since, and we are pleased to say that he has been quite successful in business.

FARM LABORERS' EXCURNIONS.

50,000 Men Wanted for Harvesting in Manitoba, Saskatchewan and Alberta.

This year's wheat crop, according to a conservative estimate, will be two hundred million bushels, and the Manitoba, Saskatchewan and Alberta governments advise that fifty thousand men will be required. The majority of these will have to be recruited from Ontario, and the Canadian Pacific Railway are running excursions to Winnipeg and west at $10. Free tickets will be supplied at Winnipeg to destinations in Western Canada east of Moose Jaw, Saskatoon and branches. Special through trains to Winnipeg will be run by the C. P. R. the only through line, on the following dates:

Aug. 12, from all points in Ontario north of the G.T.R. main line Toronto to Sarnia, which includes all branches and the Toronto-Sudbury line.

Aug. 16, from points in Eastern Ontario.

Aug. 23, from all points West of Toronto in Ontario.

Aug. 25 from all points East of Toronto in Ontario and Quebec.

Through trains will be run from Ontario points on the above dates to Winnipeg, avoiding all transfer or customs troubles en route. Ask any C. P. R. agent for Circular giving rates, conditions, special train service, etc., from Toronto and points in Ontario or write to R. L. Thompson, D.P.A., C.P.R., Toronto.

ST. PAUL'S GARDEN PARTY.

A garden party will be held on the grounds of Mr. Wm. Wooder, lot 20, 7th line, east, Mono, on Tuesday evening, August 8th, under the auspices of St. Paul's Anglican Church. The programme will consist of addresses, music, sports, etc. Among the speakers expected are Revs. J. N. Blodgett, H. L. Partridge, G. A. Rix, O. J. Nurse, J. A. Black and N. G. Marshall, Alex. Ferguson, M.P.P., South Simcoe, and S. R. McKeown, M.P.P., Dufferin. Beeton Brass Band has been engaged. The sports will include baseball and football matches for prizes of $5 and $4 respectively. Ice cream, lemonade, fruit and other refreshments will be provided. Tea will be served from 5.30 to 8 o'clock. The admission has been fixed at 25c. and 15c. for children.

ANOTHER MATINEE.

The Orangeville Driving Club will give another of those pleasant and exciting racing matinees at the driving park on fair day, Thursday, August 10th. An extra effort is being made to make this one the very best yet, as it is expected a record-breaking crowd will be present. The purses are sufficiently large to induce a number of outside horses to compete and already the number of entries guarantees the success of the event. It will be a solid afternoon's racing, no tedious waits between heats, and from past experience the finishes will be of the neck-and-neck variety. The management this season has very generously decided to admit free of charge all ladies and children who desire to come. Don't forget the date, Thursday, August 10. Come and enjoy yourself.

LUCRATIVE POSITIONS.

It is generally conceded that owing to the Charm of Seven Colleges, with which the Orangeville College is connected, that its graduates get the choice positions. Many young men who graduated two years ago are now receiving from $1000 to $3000 per year, young women from $60 to $110 per month. The Orangeville Business College is one of the largest schools in the Province, and the demand for its graduates is many times its supply. Mr. Spotton has solved the life proble for thousands and placed them on the "High Road to Success," and oe is in a better position than ever to do the same for you. You will be welcomed at any of his town or city schools. We understand that he trained Twelve Hundred students last year, and anticipates a large increase during the incoming year. It would be well for young people to get his advice; if he thinks you are not adapted for Commercial pursuits he will frankly tell you.

DIED.

SIMPSON—In Grand Valley, on August 1st, Catharine Hanna, wife of Mr. John Simpson, aged 74 years, 5 months and 23 days.

Funeral to-day (Thursday) at 2 o'clock from the home of her son, Thomas, to the Union Cemetery.

STINSON—In Mount Forest, on Wednesday, Aug. 2nd, 1911, William Stinson, aged 75 years.

The funeral took place from the C. P. R. station, Orangeville, to Snell's cemetery, 8th line, Mono, to-day, (Thursday).

DICK—In Vermillion, Alta., on Monday, July 31st, 1911, James A. Dick, son of Mr. Alex. Dick, Alton, aged 38 years.

Funeral from his father's residence, Alton, to the Alton cemetery, on Friday afternoon, August 4th, at 2.30 o'clock.

BORN.

SMITH—At Shelburne, on July 24th, to Dr. J. A. and Mrs. Smith, a son.

FREEMAN—At Mono Road, on Sunday, July 23rd, 1911, to Mr. and Mrs. Allan Freeman, a daughter.

Guelph's assessment has increased the past year by $275,240.

A RISING FINANCIER.

He Has the Right Idea and the Nerve If He Can Only Work Them

The old man was perched upon a high stool, figuring up the day's sales of dry goods, groceries and hardware, when his son came in with a rush.

"Say, pop," exclaimed the young man, "if I can buy a $300 horse for $250, will you take a chattel mortgage on him and help me out with the wash?"

"What kind of a hoss, my son?" inquired the father cautiously.

"Bay, four years old, sixteen hands high, weighs a thousand pounds and is sound in wind, limb and bottom."

"That sounds good to me, my son, and I want to do all I can to help you along in the world." And he reached down into the safe for his roll. "How much do you want?"

"A hundred and forty-nine fifty."

The old man gasped and caught hold of the desk.

"What?" he exclaimed.

"A hundred and forty-nine fifty. I've got half a dollar."

Slowly the old man shoved the roll back into the safe.

"My son," he said softly, "you are wasting time trading hosses. What you ought to do is to go into the loan and trust business."—W. J. Lampton in Lippincott's.

GRAND TRUNK RAILWAY SYSTEM

FARM LABORERS' EXCURSIONS

$10.00 To Winnipeg

and certain points in Western Canada via Chicago, Duluth and Fort Frances. $18.00 additional returning.

HER QUIET MAJESTY.

A Reporter Learns Something of the Queen's Taste.

"Dressing like a queen" is a phrase usually suggesting an extravagantly gorgeous wardrobe. But in the case of Queen Mary the idea does not hold good.

Indeed, the lady whose income will not admit of rich and gorgeous clothing, and who therefore is neatly but unobtrusively dressed, may feel gratified with the knowledge that she and the Queen have a taste in common.

A woman journalist recently had an interesting chat with a member of the firm of Lucile, Ltd., and learned some interesting information about Queen Mary's taste in dress.

"In the matter of all four styles of dress — morning, afternoon, evening, and walking costume for country wear —Her Majesty's taste lies in the direction of quiet simplicity," said the informant. "For morning wear her dresses are usually tight-fitting tailor-made in style, and the material is generally tweed or cloth, in either case of fairly fine texture. The Queen prefers tight-fitting clothes of not too soft material, and her favorite color is certainly blue. Her morning costumes are sometimes of sapphire-blue, but all shades of that color are both becoming to, and favored by, Her Majesty.

"No, Queen Mary is not an admirer of the Peter Pan style of neckwear, and invariably wears a high collar.

"In the afternoon you will more often see Queen Mary dressed in pale mauve, or perhaps in white or pale blue. The material varies in accordance with the season of the year.

"For instance, in the summer she will wear crepe-de-Chine, fine voile, or a material composed of silk and cotton, with perhaps a lace jacket of clinging design.

"By the way, Her Majesty shows a distinct partiality for embroidery, and will often favor brocade worked in graceful patterns.

"She dislikes the 'doppy' style, and even in full evening attire inclines towards a simplicity which is almost severe. This style of dress sets off Her Majesty's figure to advantage, for, as many of her loyal subjects will have noticed, she is built on ideal lines—a slender waist, a full bust, low and gracefully-curved hips, and, above all, a perfectly-formed neck.

"For evening wear Her Majesty is fond of satin, and in colors her choice is frequently a combination of black and white. The chief characteristics as regards the actual adornment of the Queen's evening costume are a few good diamonds or pearls, and a touch of blue somewhere about the dress. This may take the form of a bow of ribbon, possibly a sash or insertion.

"The Queen's hats are usually small; frequently they are toques, usually in dark colors, being of different shades of brown and grey. Sometimes a feather serves as sufficient trimming, or perhaps a small buckle.

"If the Queen wears a large hat, it is generally turned sharply up at one side, the Henri II. style of hat being very popular with her. On this style of hat feathers are usually worn.

"Quiet smartness is the keynote of the Queen's blouses. She is fond of chiffon material. Her belts are usually plain, and always match the costume. Her Majesty's gloves are generally white kid. Black is her favorite color in shoes and stockings.

"In private life, especially in the country, the quietness of Her Majesty's dress is even intensified.

"It is a pleasure to make dresses for Her Majesty," wound up the informant, "for she is always so thoughtful and considerate."

The White-Eyed Kaffir.

That popular music-hall artiste, Mr. Chirgwin, the "Father of the Profession," who recently celebrated his jubilee, says that it was really owing to an accident that his black face with the white patch over one eye became famous. "I was playing at a garden fete in Gloucestershire," he says, "and while giving my 'turn' some dust blew right into my eyes. On the spur of the moment I rubbed the spot, and in so doing the black paint off my face. When I looked up again the yokels gathered round the stage roared with merriment. 'Ah, look at the nigger with the white eye!' they shouted in chorus. I had fortuitously and instantly achieved a triumphant success. Here you have the authentic story of the White-Eyed Kaffir. I may truly say that the grit in my eye brought the grit in my pocket.

Coffee Drinking.

Commenting on a recent report of cases of poisoning ascribed to drinking coffee, the London Lancet offers some soothing views to lovers of the breakfast cut. "Coffee," says this medical authority, "in common with most articles of food, may disagree with some people, who soon find that fact out and take care to exclude it from their dietary. But it is innocent of poison and to a great number of people is an undoubted boon. Such persons may continue to enjoy their favorite beverage without the slightest fear that for some mysterious reason nature makes some of the beans poisonous. The widespread publication of the fallacy has been most unfair to the public, besides constituting an obvious injustice to the coffee trade."

Hugo and Dumas.

During Victor Hugo's exile Dumas went to Guernsey, where Hugo received him kindly and took him to breakfast on a veranda overlooking the ocean. It did not take Dumas long to discover that Hugo was already posing as the proscribed prophet, and the poet said, with an Olympian wave of his hand, "You see me, my dear Dumas, on my rock of exile like the proscribed one of antiquity."

"Never mind," said Dumas, with his mouth full. "The butter is far better here than in Paris. There is no disputing that."

Mormons in Britain.

In the United Kingdom there were last year according to official returns, 18,[illegible] Mormons

ASK YOURSELF THESE QUESTIONS

And find out if you have kidney disorders—Also make this test.

Have you pains in the back over the kidneys?

Have you urinary disorders?

Do you suffer from severe headaches, dizziness or defective eyesight?

Is the skin dry and harsh?

Are you failing in health and strength and suffering from rheumatic pains or swelling of the limbs?

These are a few of the symptoms of kidney disease, and here is the test.

If the urine after standing for twenty-four hours is cloudy, milky or has particles floating about in it, or if there is a sediment in the bottom of the vessel, your kidneys are diseased.

There is no time to lose in beginning the use of Dr. Chase's Kidney-Liver Pills. They will help you more quickly than any treatment you can obtain, and that is one reason why they are so successful and popular.

Dr. A. W. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

How Artificial Furs Are Made.

The raw pieces of pelt are frozen and the skin carefully shaved off, thawed and sent to the tanneries to be made into leather. The frozen fur which remains is allowed to thaw slightly at the bottom, so that a small part of the hair is freed from ice. This thawed portion is then covered with a solution of rubber, which is allowed to set.

The result is that large seamless pieces of fur are obtained much cheaper than those which come with the natural skin. These same artificial furs are said to be more lasting than the real, because they are immune from the attacks of moths.—Paris Nature.

Values.

We have just got the market price of wives doped out, not to a penny, but close enough. The research work came to an end when we put the subject of marriage up to a prominent bachelor.

"I wouldn't give 50 cents for a wife," he asserted.

"But," we asked, "you'd give a counterfeit half dollar for a better half, wouldn't you?"

He acknowledged that he would. So, you see, were getting right down to cases.—New York Journal.

The Point of View.

"I suppose your clerks are all Republicans?"

"No," said the merchant. "I hire the best men, irrespective of their politics."

"What a queer way to run a business!" commented the politician.—Louisville Courier-Journal.

Only a Decoy.

"I think she will make a very domestic wife. I have been calling on her for several months now and always find her darning one of her father's socks."

"But have you noticed that it is always the same old sock?"—Louisville Courier-Journal.

High Finance.

"Why do you keep asking people for change for a dollar and then asking other people to give you a dollar for your change?"

"Well, somebody may make a mistake in change some time. And, believe me, it won't be me!"—New York Journal.

Wonderful Kindness.

Hatteras—Is Ghivers good pay? Sanchett—Good pay? Why, once, when his assets were twice as much as his liabilities, he went into bankruptcy so his creditors would get 200 cents on the dollar.—Puck.

The feeble howl with the wolves, bray with the asses and bleat with the sheep.—Roland.

No More Mustard Plasters.

Their day is past, for nowadays people soak a cloth with Merrill's Wizard Lightning and get all the effects of a mustard or belladonna plaster in five minutes. Cures any pain inside or out almost as quick as lightning. The best all round family liniment and pain killer in the world. All druggists 25c.

Sold and recommended by Thos. Stevenson, Druggist.

Meaford's tax rate has been reduced from 25 to 23 mills this year.

What might have proved a serious accident occurred at the mill at Palgrave a week ago Monday evening. Allan, the eight-year-old son of Mr. Jno. McLean, was standing on a plank over the mill race watching his father and some workmen repairing the water wheel below, when he overbalanced and fell into about ten feet of water. Hearing the splash above one of the workmen rushed up the ladder and pulled the drowning child safely to shore.

SUNBURN. BLISTERS. SORE FEET.

THE MAY QUEEN.

Towns Which Still Hold Revel In the Merry Month.

People are beginning to understand that many of our ancient customs and festivals possessed virtues which were denied to them a few years ago, when things of no apparent practical utility were regarded as useless. And so there has been a revival in England of the old custom of crowning the May Queen.

One of the most famous of these May Day festivals is that which takes place at Knutsford in Cheshire. The first blow to many of our customs of making merry occurred during the stern days of Puritanism, when most of them were suppressed, and Knutsford's May celebrations suffered with the rest.

However, more tolerant days saw the revival of the Cheshire festival, and for forty years it has been celebrated in an elaborate manner. The houses are gaily decorated, and thousands of people from Cheshire and Lancashire pour into the town to see the procession.

This is timed to start at two o'clock, and forms up outside the Town Hall. In front go jacks-in-the-green, morris-dancers, jesters, Robin Hood and his men, monks, and other old-time characters, the Queen herself having the place of honor towards the rear.

She is immediately preceded by her courtiers and officials, among whom are the royal falconer, the beefeaters, and the standard-bearers. Attendants carry the crown, sceptre, and sword, while maids-of-honor surround the Queen herself.

The procession makes for the heath, round which it parades once; and then the Queen is escorted to her throne, so that she may preside over the revels that follow. These include a Maypole dance, and morris-dances, which are immensely enjoyed by the children taking part in them. Then comes the great event—the crowning of the Queen.

Another place which celebrates May Day by crowning its Queen is Flore, near Weedon, in Northamptonshire. Flore rejoices in democratic institutions, and chooses its monarch by vote. The village girls elect one of their number on account of her pleasing manners, good conduct, and kindness to the younger children.

Among other places which usually elect and crown a May Queen is Llandudno, where the monarch for one day only is usually chosen from among the best families of Llandudno, Conway, and the district generally, the revels being carried out in a right royal manner.

Not many years ago the Duchess of Westminster crowned the May Queen. After a procession round the ancient town of Denbigh, the company made for the old castle, within the walls of which the young Queen was enthroned.

Everyone has heard of the great doings at Whitlands College, Chelsea, where the girls elect a Queen every year with great ceremony. This custom was started by Ruskin, about thirty years ago, and for some time he made a practice of presenting the girl who was chosen with a gold neck-chain and cross.

Twice Refused Knighthood.

A remarkable man in many respects was Mr. Passmore Edwards, who has just died. He was born of poor Cornish parents, and had what he called "a rough time" in his early days. He came to London and commenced writing articles for newspapers and periodicals. He then started a magazine, renting a room in Paternoster Row at 4s. a week, where he acted as editor, publisher, and advertisement canvasser during the day and slept on a mattress spread on the little counter at night. And this was the man who was ultimately offered a knighthood by both Queen Victoria and King Edward, which was declined, and who founded seventy public institutions, twenty-five libraries, and gave 80,000 volumes to public reading-rooms.

Of the money he acquired through journalistic and other enterprises he once said, "It is mine. It is yours. It is ours. I am only the steward having the command of a few sovereigns, and in going through the world I endeavor to utilize those sovereigns to the best of my ability so as to get the maximum value out of them." Such was the conviction on which Mr. Edwards founded his philanthropy, and, quite apart from his generosity, the world is much poorer for the loss of a man who has been rightly described as "one of England's noblest sons."

A Tiny Bottle.

What is regarded by skilled artisans as the smallest perfect glass bottle ever blown has just been turned out by Robert Gillespie, one of the blowers of the great Whitall-Tatem glass works in Milleville, New Jersey. The tiny bit of glass is not much larger than a kernel of corn, but is in every way perfect, including a ground stopper. Gillespie was at infinite pains to produce the curiosity, which, compared with a 110-gallon carboy, such as is turned out at the same works, could be about like a fly against an elephant. Indeed, a common house-fly could barely crowd into the Gillespie bottle.

Stopped the Pleasure Jaunts.

"Everybody travels nowadays who can spare a little time and money. Most people provide for a vacation season, and plans are laid months in advance around the queries when, where and how to spend the time," says a writer in the Vienna Neue Freie Presse. To show that this was not always so he relates that Emperor Franz in September, 1806, issued an edict in which "travel for pleasure, inasmuch as it was the cause of much money going out of the realm," was strictly prohibited."

The Head.

"Now, my boy, you say you do not know what the head of a regiment is called? Your papa is a soldier, isn't he?"

"Yes, ma'am."

"Well, who makes him mind?"

"Mamma."

By-Law No. .....

A By-Law to raise the sum of $3,500.00 for the purpose of erecting two bridges within the Township of Amaranth.

WHEREAS it is necessary to erect certain bridges within the Township of Amaranth to replace bridges which have been unsafe for public travel.

AND WHEREAS it will cost to build the said bridges the sum of $3500.00, and in order to raise the said sum it will be necessary to issue debentures of the Corporation of the Township of Amaranth, payable as hereinafter provided.

AND WHEREAS it will be necessary to raise annually for ten years the sum of $350.00, and interest, and to repay the said sum of $350.00 and the interest on the principal remaining unpaid.

AND WHEREAS the amount of the whole of the rateable property of the Township, according to the last revised assessment roll, is the sum of $1,877,692.00.

AND WHEREAS the existing debenture debt of the said Township is the sum of $16,970.00, and no principal or interest is in arrears.

THEREFORE the Corporation of the Township of Amaranth by the Municipal Council thereof enacts as follows :—

(1) It shall be lawful for the Reeve of the said Township for the purpose aforesaid to borrow the said sum of $3500.00, and issue debentures of the said Township to the amount of $3500.00 in sums of not less than $350.00, each payable in instalments as hereinafter mentioned in each year of the term of ten years from the date on which this by-law takes effect, and to bear interest at the rate of five per cent. per annum, payable yearly on the 28th day of December in each year during which the said debentures have to run.

(2) The said debentures as to principal and interest shall be payable at the Bank of Hamilton in the Town of Orangeville.

(3) It shall be lawful for the Reeve of the said Township, and he is hereby authorized and instructed, to sign and issue the said debentures hereby authorized to be issued and to cause the same and the interest coupons attached thereto to be signed by the Treasurer of the said Township, and the Clerk of the said Township is hereby authorized and instructed to attach the seal of the said Corporation to the said debentures.

(4) There shall be levied and raised by a special rate on all the rateable property in the said Township in each year of said term of ten years to discharge the several instalments of principal and interest accruing due on the said debt as they respectively become payable the following sums than is to say :—

	Year.	Int.	Prin'l.	Total
No. 1,	1911	$51.63	$350.00	$401.6
No. 2,	1912	103.25	350.00	453.25
No. 3,	1913	103.25	350.00	453.25
No. 4,	1914	103.25	350.00	453.25
No. 5,	1915	103.25	350.00	453.25
No. 6,	1916	103.25	350.00	453.25
No. 7,	1917	103.25	350.00	453.25
No. 8,	1918	103.25	350.00	453.25
No. 9,	1919	103.25	350.00	453.25
No.10,	1920	103.25	350.00	453.25

(5) The said instalments of principal and interest shall become due and be made payable on the 28th day of December in each year of said term.

(6) This by-law shall take effect on and after the final passing thereof.

(7) The vote of the electors of the said Township will be taken on this by-law on Saturday, the 5th day of August, 1911, commencing at the hour of nine o'clock in the forenoon, and continuing until the hour of five o'clock in the afternoon, at the following places, namely :—

Polling Sub-Division No. 1 — John Mills' house; W. H. Trimble, D.R.O.; Marshall Curry, Poll Clerk.

Polling Sub-Division No. 2.—Township Hall, Laurel; Robert Fife, D.R.O.; Wilmer Walker, Poll Clerk.

Polling Sub-Division No. 3—Orange Hall, Waldemar; Geo. Gier, D.R.O.; Wm. Tate, Poll Clerk.

Polling Sub-Division No. 4—School House, lot 26, con. 3; Samuel Patterson, D.R.O.; Wm. Watts, Poll Clerk.

Polling Sub-Division No. 5 — Wm. Pacy's house; Newton Myers, D.R.O.; Crawford Looby, Poll Clerk.

Polling Sub-Division No. 6—Samuel Burns' house; Wm. Jelly, D. R. O.; Wm. Bates, Poll Clerk.

(8) The Reeve of the said Township shall attend at the Township Hall, Laurel, on Monday, the 31st day of July, at the hour of nine o'clock, in the forenoon, for the appointment of persons to attend the various polling places, and at the final summing up of the votes by the Clerk, respectively on behalf of the persons interested in, and promoting or opposing the passing of this by-law respectively.

by-law,

the said Township shall attend at the Township Hall, Laurel, on Monday, August 7th, at the hour of six o'clock p.m. to sum up the number of votes given for and against this by-law.

By-law read a first and second time on Monday, July 3rd, 1911.

Reeve.

Clerk

PUBLIC NOTICE.

The above is a true copy of a proposed by-law which has been taken into consideration by the Municipal Council of the Corporation of the Township of Amaranth, and which will be finally passed by the said Council in the event of the assent of the electors being obtained thereto after one month from the 20th day of July, 1911, being the date of the first publication thereof in The Banner newspaper, and that at the hour, day, and places therein fixed, the votes of the electors of the said municipality will be taken on said By-law.

E. HAMILTON, Clerk

Laurel, July 4th, 1911.

Are Your Kidneys Working Properly?

It Will Pay You Well to Make Sure.

There's here a lot of "guessing" about rheumatism and rheumatic pains generally, but you can be dead sure that the pain across your back came from disordered kidney action.

The kidney's duty is to filter the blood—take out the impurities collected by the returning blood stream—do it just like absorbent cotton in a funnel filters the impurities from polluted water.

When the kidneys are not working you are bound for one of two courses—Diabetes and Bright's Disease or Rheumatism, Lumbago and Sciatica. The former course is usually fatal, and the latter always painful, but you need not have either, as they both can be easily prevented.

The very best prescription for all kidney troubles is Nyal's Stone Root Compound. It is no "patent" medicine, but a scientific prescription composed of Stoneroot, Buchu, Juniper and other remedies of proved value. More than that, it has been proved by thousands who have had glad relief from its use.

There's nothing quite so miserable as the dragging results of sick kidneys. You are trifling with your own health when you neglect so simple a precaution as a pleasant home treatment with Nyal's Stone Root Compound when results are so certain.

It soothes bladder irritation, gives you rest and comfort at night, and makes life once more enjoyable.

The kidneys, liver and bladder are dependent upon one another, and Nyal's Stone Root Compound is particularly designed to help them all.

Sold and guaranteed by Dr. A. J. Hunter & Co., A. T. Howard, Orangeville.

Nyal's FAMILY REMEDIES

Coronation Carpet.

Scotland is having the honor of making the carpets which will cover the floor of Westminster Abbey for the coronation, and the looms of a great carpet factory at Glasgow are busily engaged upon the important task. The floor covering has from earliest times been a specific feature in the preparations for the stately ceremony, and in the Liber Realis prepared for Richard II. a copy of which is in the safe keeping of the Deans of Westminster there is a definite order as to the "Raye cloth or Burrel" to be placed under the King's feet as he goeth." At all the later coronations the carpet has been of a rich and beautiful character, with as lustrous a surface as possible, and from the quantities needed in the more recent times it is one of the first requirements to be set in hand. The new carpet will follow very closely upon the lines of that ordered for King Edward's crowning. There as now the color was a singularly soft, rich blue. The design was symbolical and embodied the badge and motto of the Order of the Garter and the Tudor rose, with the thistle, shamrock, and lotus connected with festoons of bay leaves and ribbons. These were effectively shown in a rather lighter shade of color and the whole formed an admirable background to the magnificence of the state robes, the ecclesiastical vestments, the crimson of the peeresses' dresses, and the military and diplomatic uniforms.

Would Have to Move.

"John, the janitor's son whipped Jimmy today."

"Well, that's no great calamity. Suppose Jimmy had whipped the janitor's son?"—Pittsburg Post.

CORONATION PORTRAITS.

King George V. and Queen Mary.

The Banner has made arrangements by which our readers can secure most beautiful Coronation portraits of Their Majesties King George and Queen Mary. They are by the celebrated "Langfier," of London, and copyrighted. The Family Herald and Weekly Star of Montreal has secured the Canadian rights, and is now offering these portraits free of charge to all who subscribe to that great weekly for the balance of 1911 at Fifty Cents. We will include The Banner with The Family Herald and Weekly Star for the same period for only 75 cents, and each subscriber will receive the Coronation pictures. The two portraits are on the one sheet, size about 18 x 15 inches, a most convenient size for framing. They are acknowledged by competent judges to be the best portraits of Their Majesties in existence and will become historical, growing in value year after year.

The small sum of 75 cents will bring you both papers until January 1st, 1912, and the Coronation portraits. The latter alone could not be bought for the price.

David Harum Said of Fleas

on a dog that a few were necessary to keep the dog from getting lonesome. Some people think that an occasional sick headache, or a slight attack of indigestion or constipation don't matter much for it makes them appreciate their good health in the intervals. But experience proves that to neglect the stomach, the bowels, or the kidneys, is to invite disease and disaster. Be wise. Take that wonderful medicine, Merrill's System Tonic, and get a healthy stomach, regular bowel and kidney action, then you'll have buoyant health, strong vitality and you can command success in life. Don't go about half sick. Get the genuine Merrill's System Tonic, 50 tablets in a box. Price 50c., 3 boxes $2.50, from your druggist, or postpaid from The Merrill Medical Co., Merrill Building, Toronto.

Sold and recommended by Thos. Stevenson, Druggist.

While visiting with his uncle, Mr. Peter Hill, of the 4th con., of West Luther, Johnnie Malone, of Toronto, had the misfortune to fall from a load of hay, badly fracturing his left arm.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

At the meeting of the Masonic Grand Lodge at St. Catharines, Mr. George Menzies, of Owen Sound, was elected District Deputy Grand Master for the Georgian District.

Through the breaking of the trip rope while unloading hay, William Nesbitt, of Leith, fell from the load to the barn floor and received injuries that has caused paralysis of the lower limbs.

Geo. Jackson and son, of Mount Charles, were successful in winning second prize in the County of Peel standing field oat crop competition, which was contested keenly by thirteen entries.

Rev. J. H. Edminson, who was appointed General Secretary of Presbyterian Home Missions by the General Assembly at Ottawa, has just reached Toronto and begun his new duties. He was previously pastor of Knox Church, Kincardine.

URIC ACID SUFFERING.

Uric acid is an accumulation of poison which finds lodgment in the system when the kidneys fail to remove it from the blood. In the kidneys and bladder it forms stones, in the joints and muscles it causes rheumatism. In any case the pain and suffering is almost beyond human endurance. Uric acid is promptly removed from the system when the kidneys are kept healthy and active by using Dr. Chase's Kidney-Liver Pills.

Mr. James Woodburn, a respected old resident of Eugenia, passed away a week ago Monday, at the ripe age of 88 years. Mr. Woodburn was a native of Ireland. For a number of years he resided in Philadelphia and met with financial success.

A very tragic death occurred recently in Elma, when John Bigging, of the 6th con., not far from Listowel, was killed by an infuriated bull. He was found by his sister who was keeping house for him, quite dead, with his clothes practically all torn off and his chest battered in. A broken club close by indicated that there had been a fierce combat.

While Messrs. Norval Huechan and George Smith were engaged in roofing the new barn which Mr. J. Johnson is erecting on his farm, 9th line, Tecumseth, the scaffolding gave way precipitating the young men to the ground, a distance of 20 feet. Smith lit on his feet, but Huechan struck on his head. Both were severely shaken up, but fortunately no bones were broken and their injuries are not thought to be serious.

Mrs. Peter Worden, of Hillsburg, met with an accident recently which has kept her to her bed ever since. She was descending the stairs and when nearing the bottom mistook the third last step for the bottom and fell heavily to the floor. A few years ago she fell on the ice breaking her hip and it was first thought it was refractured, but such was not the case, and she will likely be around again shortly.

An unusual surgical operation was performed on Ralph Mercer, of Owen Sound. Mercer, who is a young man of about twenty, has for some time been afflicted with a tubercular affection and on the advice of his physician went to the General and Marine Hospital to have an operation performed. Portions of several ribs were removed from his breast and side. It is hoped that without the ribs compressing the affected parts the lungs will grow strong again, and that the young man's life may be saved.

☞ The Central Business College at Toronto invites you to write for a copy of its curriculum if you are in any way interested in a training which will lead you into a good business appointment at a good salary. The Fall Term opens on August 28th. Address W. H. Shaw, President, Yonge and Gerrard Sts., and mention this paper.

A NEW GOULD STORY.

George Gould was making one of his last trips as President of the Missouri Pacific. His private car was laid on a siding for some reason or other, and he got out to stretch his legs. An old Irishman was tapping the wheels. Gould went up to him.

"Morning. How do you like the wheels?"

"Not worth a darn," said the Irishman.

"Well, how do you like the car?"

"It's good enough for the wheels."

"What do you think of the road?"

"It matches the car."

Gould looked at the old chap for a minute.

"Maybe you don't know who I am."

"Yes, I do," retorted the Irishman "You're George Gould, and I knew your father when he was president of the road. And, by gob, he's going to be president again!"

"Why, my father is dead," said Mr. Gould.

"I know that," replied the Irish man, "and the road is going to hell."

Georgian Bay Milling and Power Co. asked Meaford Council for a loan of $16,500 for elevator improvement. A by-law will be submitted to property owners.

Mr. James Greer, of Edmonton, Alberta, formerly of Violet Hill, a brother of Miss M. Greer, of Shelburne, departed this life on Saturday, July 29th, in his 50th year.

COWAN'S PERFECTION COCOA

Is good for Growing Girls and Boys—and they like it. It nourishes their little bodies and makes them healthy and strong.

Cowan's Cocoa, as you get it from your grocer, is absolutely pure. Its delicious flavor is obtained by the use of the highest grade of Cocoa beans, skilfully blended. Nothing is added to impair the health-building properties of the Cocoa. 170

All Section 33, Township 2, Range 28, West 1, 640 acres.
West half Section 23, Township 2, Range 29, West 1, 320 acres.

All these farms are in a high state of cultivation with good buildings on each of the parcels, and good water. There is a railway siding on section 10, which holds six cars. This is about the centre of the property and makes the farms very convenient for the delivery of the grain. Churches and Schools are very convenient. I will sell any of the above parcels on very reasonable terms. There is a large portion of this land ploughed and summer-fallowed and ready to sow. For price and terms on any of the above properties, apply to

THE BANNER

BANNER, AUGUST 10, 1911.

MAY BE 28 MILLS.

n Fathers Will Hardly be Able to Hold Taxes Down to Last Year's Rate.

Increase in Uncontrollable Expenditure.

e town fathers had an arduous at Tuesday night's session going the Treasurer's estimates and try to figure how they could finance affairs of the municipality for the ent year on a tax rate of 26 s. It was a difficult problem in of the fact that the estimates the added levies for County, and Public School purposes eared to require a rate of nearly mills, which is 2 mills higher last year's. The only way of ling the rate down to last year's re is by paring down the conlable town expenditure. As the mates only provide for a little $3300 under this head, there is any too much latitude for ing. However, the matter be finally dealt with at a spec meeting on Friday night, when rate will probably be fixed at 27 s. The difficulty the Council s itself confronted with is due gether to the increase in unconllable expenditure. Last year the nty rate was 1.25 mills. This r it will take a rate of 1.86 mills raise Orangeville's share of the nty levy. Similarly the High ool rate has increased from 2.13 4.22 mills and the Public School from 5.98 to 6.88 mills. The owing figures show the amounts ed to meet the various expendi- es and the rates that will have struck :—

	Amount	Rate
Debenture Interest	$2415.28	2.57
Debenture Principal	1448.44	1.54
W. Debenture Interest	1335.12	1.42
W. Debenture Principal	1427.50	1.51
S. Debenture Interest	33.28	.04
S. Debenture Principal	235.78	.25
ment Works Debenture Interest	58.78	.06
ment Works Debenture Principal	88.38	.09
S. Debenture Interest	58.36	.06
S. Debenture Principal	68.49	.07
rniture Co. Debenture Interest	456.86	.48
rniture Co. Debenture Principal	939.85	1.00
nking Fund	711.31	.76
ublic Library Maintenance	956.90	1.02
S. Imp. Debenture Interest	337.50	.36
S. Imp. Debenture Principal	122.94	.13
ounty Rate	1750.25	1.86
own Purposes	3310.40	3.54
	$15755.42	16.76
S. Maintenance	6600.00	6.88
S. Maintenance	4050.00	4.22
		27.86

The total assessment is $958,920.24 f which $18,250 is exempt except om school taxes.

The High and Public School estimates, submitted by the Treasurers f the two Boards, are as follows :—

All taxes will be due and payable at the Sterling Bank on October 18th, 1911. On taxes paid on or before October 17th, a discount of 2½ per cent will be allowed, and 2½ per cent will be added to taxes not paid on or before Dec. 12th. Jos. J. Kelly was re-appointed tax collector at a salary of $100.

The levy for street watering purposes is $329.52, which will be raised by a rate of 7-10 mills on an assessment of $470,750. To pay for a nightwatchman $350.25 will be raised by a rate of 1¼ mills on an assessment of $233,500.

Payment of the following accounts was authorized :— Jos. Lathwell & Son, $6.70; E. C. Daniels, $1.00; C. R. Wheelock, $15.50; M. H. Denton, $22.50; Adamson Hardware Co., $16.32; Gillespie Bros., $29.70; Jos. Snowden, $8.85; John Matson, $14.25; George King, $32.04; Josias McIlroy, $20.10; Thos. Campbell, $26.75; John Gough, $27; Jos. Ogston, $65.20; John Hammond, $70; R. F. West, $40; Jas. Graham, $60; S. Ewing, $1.95; S. Ewing, $1.50.

A communication was read from Provincial Medical Health Inspector Dr. J. W. McCullough respecting an alleged drain nuisance on 1st Avenue. Dr. James Henry and Mr. Thos. Stevenson also addressed the Council on the same subject. The Board of Health is taking steps looking to the abatement of the nuisance.

FACULTY OF EDUCATION.

Among the successful candidates who passed the Entrance into the Faculty of Education this year we notice the names of Donald S. McPherson, son of Librarian McPherson, Part II. and R. W. McFadden, Part I., among the Dufferin County students. We congratulate the young men upon their success.

Those who passed in Peel County were :—M. T. Blain, Part II.; H. D. Brown, Part II.; R. J. Chisholm, Part I.; C. H. Ingoldsby, Part II.; M. O. Long, Part II.; E. L. Stewart, Part II.

WHAT WILL THEY DO?

Editor of The Banner :

Dear Sir,—The electors up in this part of the county would like to know what the Independent Conservatives are going to do in the approaching Dominion election. Some say they would like to see a Convention called at once to find out the feeling of the people towards placing a candidate in the field.

RATEPAYER.

Redickville, Aug. 7th, 1911.

Ladies' Mull Dresses in Sky Pink and White, reduced to clear at a low price at Ritchie's.

A SOBER TWELFTH.

Mr. A. W. Hone writes to the New Liskeard Speaker from Laurel giving his experience of the working of Local Option in Shelburne, where he spent the 12th of July. He says :—

Never before did I see so many trim farms, large bank barns, comfortable homes, mostly brick. I have yet to see a farm showing traces of neglect. Before I knew there was Local Option, I asked if it were not in force, my question being prompted by the general air of prosperity.

"However, there were many doubting Thomas's in the district, particularly in the towns, who said, 'You just wait until the Twelfth. There will be no crowds this year. People won't come to a Local Option town.' Others, 'You wait and see if there isn't just as much drinking on the Twelfth as ever there was before Local Option.'

"Well, the Twelfth dawned clear and fine, and thousands of Orangemen, over forty lodges, poured into Shelburne, a Local Option town. The authorities say it was the largest crowd in the history of the town, and the biggest Orange celebration in this part of the county of Dufferin. Did they stay away? Not much. One officer of an Orange Lodge told me his lodge came to Shelburne because it was a dry town. On the books was a standing resolution to celebrate in a dry town, or stay home.

"The whole day, with that immense crowd of people, there was not a fight and not an arrest made. I purposely searched for a man the worse of liquor and could not find one. In fact, liquor was not to be had. When asked how things were going one hotel man said, 'I'm making a harvest.' But it was in meals, soft drinks and stabling.

"Everyone was delighted with the first Twelfth under Local Option. Scores who were opposed went away firm converts to that method of prohibition.

"When I think of some of the celebrations I have attended, the fights, arrests, sickening sights and smells around the drink factories, the celebration of yesterday, minus the above, stands out all the more desirable. Thanking you for your space."

Children's Hats and Ladies' Millinery, half price at Ritchie's.

RURAL MAIL DELIVERY.

Farmers living east of Orangeville are beginning to agitate for a free rural mail delivery route from Orangeville to Mono Mills by way of Blount and Lucille. At present mail posted at Orangeville in the morning for Mono Mills does not reach its destination until the afternoon of the following day. When we state that the two places are only six miles apart our readers will readily see that the existing service is anything but satisfactory. The organization of a free delivery route would remedy this and at the same time give the farmers along the route the advantage of a daily mail right at their door. The Banner would respectfully suggest that those interested in the proposed route could best attain their object by preparing and forwarding a petition to the Post Office Department.

150 Pair more of those heavy wool sox at 10c, just in for McMillan Clothing Co's Big Sale.

CHEMICAL FOGS MAY ABOLISH WAR.

Novel Plan Projected Here Which May Outstrip the Hague Tribunal in Bringing about Universal Peace—Investigators Say Golfers are Greater Liars than Fishermen and Recommend Tennis, Canoeing and Shooting to Make Truthful Children—Discovery of Ingenious Method of Living for Nothing Without Violating the Law—Wierd Crop of Hot Weather Stories.

(From Our Own Correspondent)

Montreal, August 7th. — That mechanically and chemically produced fogs, to be turned loose at will, may become a more important factor than the Hague Peace Tribunal in the elimination of war is the most significant feature of the offer of a local inventor to sell to the government a secret process by which it is claimed fogs can be produced whenever wanted. The idea originated along agricultural lines as the result of an effort to protect growing crops from the sun during dry periods, and to supply them with moisture. It developed, however, that while the fogs might be used to blot out the sunlight the moisture which they contained would be of little or no value as a substitute for rain. It was then that the value in case of war of fogs which could be produced at will became apparent. The squadron of an enemy once developed by one of these artificial fogs would be practically helpless and at the mercy of the torpedo boats, while even on land a fog-bound army would be greatly hampered. While the process by which the fogs are produced has not yet been proven on a large scale, the possibilities are apparent and it may be that the idea at first considered as a purely defensive war measure may yet result in making both land and naval battles impossible.

A unique controversy is raging here as the result of the attempt of local investigators to classify outdoor summer sports in the order of the number of prevarications which each induces, to the end that growing children may be protected from those calculated to ruin a reputation for veracity. Unfortunately the investigators have been unable to agree as to which sport or pastime causes the most lies and hence the controversy. The opinion is unanimous that tennis causes the least. Next in order the investigators have created shooting for primal place followed by sailing and walking of which it is obvious that none offer an attractive field for the man with an elastic imagination. From this point in, however, the investigators have stirred up trouble, since they end the list with golfing, camping and fishing. As a result campers and anglers are up in arms and loud in their assertion that the golf liar is not only the greatest in the world but the most stupid, even excelling the automobile liar who boasts of what his car can do and how many miles he can run on a gallon of gasolene. It does not seem probable that the discussion will be easily decided even if the Mayor does appoint a committee to investigate the matter for the benefit of the public playgrounds. But the majority of the investigators agree that if the love of truth is to be cultivated in the growing child his sports should be limited to tennis, canoeing and shooting.

That it is impossible to live for nothing, even in Montreal, and in spite of the increased cost of living without violating the letter of the law, has just been demonstrated here in a most ingenious manner by a visitor to whom local bunco men are figuratively taking off their hats. For more than two weeks this man has been living on the fat of the city without a single cent of expense to himself. Like most effective plans his was so simple that the regular residents of this city who live by their wits are still wondering how they overlooked it. The clever visitor simply went to wholesale manufacturers of clothing and placed large orders to be shipped to a certain out of town house. In every case, however, he was careful to stipulate that shipment was not to be made for a month, or until such time as the house, which he claimed to represent had sent a check to cover the bill, thereby protecting himself against a charge of attempted fraud. His orders were large, and naturally at each place where he gave them the sales chief took him out for dinners, theatres, and the like, gladly furnishing all the summer luxuries. As a result the originator of the plan lived like a prince without a penny of expense. His deception was ultimately discovered but since none of the goods he ordered had been delivered and nothing had been lost except the money voluntarily spent on his entertainment, the most serious charge which could be made against him was that of being a "suspicious character." As there are several thousand such people here the charge is not troubling the ingenious visitor.

This summer bids fair to go down in history as the greatest producer of Munchausen like tales on record. Already with the summer only half over returning vacationists have strained the credulity of the public to the breaking point with accounts of wierd happenings. Undoubtedly the prize fish story comes from a nearby angler, who without either hook or line, has been making wonderful catches. His chief piscatorial aid consists of a number of mirrors together with some worms and a net. The mirrors are placed on the bottom of any clear lake or stream and on their surface is scattered the bait, while the angler sits above in his boat, net in hand. The hungry fish coming to grab an easy meal sees his reflection in the mirror and immediately attacks it in a fight for the bait. Generally his impact on the glass is so hard to stun or kill him after which it is an easy matter for the looking-glass fisherman to dip him up in his net. Bees apparently are vying with fish as producers of remarkable stories since from the country comes a wail because of a vice to which the bees have become addicted. It has been discovered that they have been gorging themselves on the matter of tobacco blossoms. When one of the apiarists sampled the honey made by a colony of these bees he found that the honey was dark, ill-tasting and unfit for sale. A conference of apiarists will be held within a few days to decide whether it will be advisable to put the honey on the market as chewing tobacco. Altogether summer fiction this year is of a particularly high quality.

Summer Months Fatal to Small Children.

The summer months are the hardest of the year on small children. Cholera infantum, diarrhoea, dysentry and stomach troubles are all common at this time and many a precious life is snuffed out after only a few hours illness. As a safeguard mothers should keep Baby's Own Tablets in the house. An occasional dose of the Tablets will prevent stomach and bowel troubles, or if the trouble comes on suddenly will bring the little one through safely. Mrs. Larry DeGrace, Mizonette, N. B., writes : "Last summer my baby suffered greatly from her stomach and bowels and nothing helped her till I began giving her Baby's Own Tablets. They regulated her bowels, sweetened her stomach, and now she is a big, healthy, happy child. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Gillespie, Rogers & Co. for special prices in underwear and whitewear.

FIELD CROP COMPETITION.

The following are the names of the prize winners in the Standing Field Crop Competition held under the auspices of the Dufferin Agricultural Society :—

1. J. F. McNaughton, Mono ... $15.00
2. V. Armstrong, Adjala ... 12.00
2. Jos. Gillespie, Amaranth ... 10.00
4. John Patterson, Amaranth ... 8.00
5. Jos. Jackson, Mono ... 5.00

There were 24 entries in the competition and a great deal of interest was taken in the outcome. Next year it is expected that there will be a large increase in the number of competitors. The judging was done by Mr. Walter Baldock, of Mount Charles, government inspector.

In the matter of the estate of ROBERT MEEK, late of the Town of Orangeville, Dentist, Deceased.

NOTICE is hereby given pursuant to the Statutes in that behalf, that all creditors and other persons having claims against the estate of the above named, Robert Meek, who died on or about the 13th day of July, A. D., 1911, are required to send by post, prepaid, or deliver to the undersigned, the executors of the last will and testament of the said deceased, on or before the 14th day of September, A. D., 1911, their names, addresses and full particulars of their claims, duly verified, and the nature of the securities, if any, held by them, and that after the 14th day of September, A.D., 1911, the said executors will proceed to distribute the assets of the said deceased among the persons entitled thereto, having regard only to the claims of which they then shall have had notice, and the said executors will not be liable for the said assets or any part thereof to any person or persons of whose claims they shall not then have had notice.

Dated the 7th day of August, A. D., 1911.

THE TORONTO GENERAL TRUSTS CORPORATION,
58 Yonge Street, Toronto,
Executors of the Estate of Robert Meek.
MALONE, MALONE & LONG,
Toronto.
4t. Solicitors for Executors.

LIME FOR SALE.

The undersigned has a large quantity of fresh lime for sale on lot 29, con. 2, west, Mono.
R. J. LITTLE,
Shelburne.

THIRTY YEARS

Our Seven Colleges have been established during the past 30 years. The largest trainers in Canada. Owing to our connection all over Ontario, we do better for our graduates than any other School. You may study all at home or partly at home and finish at the College. Affiliated with The Commercial Educators' Association of Canada. It would be well for you to investigate before choosing. Exclusive right for Ontario of the world-famous Bliss Book-keeping System, which is unequalled. It is actual business from Start to Finish, and the student keeps same books as Chartered Banks and Wholesale Houses. Enter any time.
Individual instruction.

Fall Term from Aug. 28.

Write, call or phone for particular.

ORANGEVILLE BUSINESS COLLEGE

GEO. SPOTTON, President.

Henry Clay Ward, Principal.

R&O LOW RATES

TORONTO TO
1000 Islands and return $12.50
Montreal and return, $24.50
Quebec & return, $33.50
Saguenay & return, $46.50

Including meals and berth.

MELANCTHON.

A few that are somewhat late in their haying were caught in the recent heavy rains. Barley and fall wheat harvest has commenced and if the present hot weather continues, harvesting in general will be finished before the 1st of September.

A large gang of about seven loads of gypsies passed through Melancthon the other day heading for the Georgian Bay. They were, as usual, open for a horse trade, and had some fine looking horses, as well as a number of hard looking "plugs" in their outfit.

The frame barn of Mr. John Manning was destroyed by lightning on the 2nd inst., just as a number of people were returning from the huckleberry march. The building, which was only built a short time ago, was 45 x 62 ft., with stone stabling. Most of the implements and this year's hay were lost. There was insurance to the amount of $1000 on the barn, and $800 on the contents.

Mrs. John Mills, of the Western States, is visiting at the residence of Mr. and Mrs. Wm. Mills, of Melancthon.

Report says that a large black bear was seen prowling about through George Shoaff's berry patch.

In many of the schools around here the teachers have resigned and teachers must be secured somewhere before long.

We noticed the Reeve of Melancthon and two Councillors removing the fence along Curphey's sideroad opposite Adam McKibbon's farm the other day, and from what Adam says the township fathers might have a lively time in the near future. It is a pity that this matter was not looked into long ago before the fence was built, or at the time the Curphy sideroad was being opened for traffic. It is a similar obstacle to that which the Toronto City Council are up against in their efforts to widen Yonge Street.

IT GROWS HAIR.

But Not After The Hair Root is Dead.

T. Stevenson will tell you that he sells a great many bottles of Parisian Sage because it gives satisfaction.

He guarantees it to eradicate dandruff, stop falling hair and splitting hair and itching scalp, or money back.

Parisian Sage will make hair grow if the hair root is not dead; it puts life and luster into dull and faded hair, and is the most delightful hair dressing in the world. Only 50 cents a large bottle.

Parisian Sage is the best hair grower and beautifier, dandruff cure and scalp cleaner known. Try it on our money back plan.

COLERIDGE.

Lightning struck and burned the barn of Mr. Jas. Kannawin, just north of here, on the 4th line of Amaranth, on Sunday afternoon. Some twenty pigs and about sixty tons of hay were also burned. We have not heard whether the building was insured or not. Mr. Kannawin was away in Caledon at the time.

CAMILLA.

Miss Greig and Miss Sarah Howard, aunt and sister of Mr. Joseph Howard, returned to Ottawa on Tuesday after spending two weeks with Mr. Howard and family.

Mr. Chas. Wilson, of Whittington, spent Sunday with his sister, Mrs. Allchin.

E. G. Tennant, the Camilla cheesemaker, took dinner with the family of Mr. Joseph Howard on Sunday.

The two Misses Wilson returned to Oshawa on Wednesday, after spending their holidays with friends in Orangeville and Mono. Their cousin, Miss Phoebe Wilson, accompanied them. She will return in eight or ten days. We wish her a pleasant time and a safe return home.

The farmers of this section have finished haying and are busy harvesting their grain.

Mr. Thos. J. Parks had the misfortune to lose one of his best bred cows one day last week.

Miss Ida Anderson, of Orangeville, is visiting her brother, Mr. H. T. Anderson, and family.

Miss Bernice Langford left on Monday for Hamilton, where she will visit friends for a short time.

Messrs. George Walton and John Gray, of Mono Centre, Sundayed with Mr. John Moore and family.

Judging from present appearances we will soon hear the wedding bells ringing in this neighborhood. Well, David, it is alright! The Good Book says it is not right for man to be alone. If it is a little late in your case, we will quote another adage, which tells us that it is better late than never. We wish you both a long happy and prosperous life and hope that if we do not get a bid to the wedding we will at least get a piece of the wedding cake.

Mr. Alex. Lundy, who is working with Mr. John McNaughton, spent Sunday with friends in this neighborhood.

The Camilla Cheese Factory, which is being managed this season by Mr. Tennant, is doing a fairly good business notwithstanding the long spell of dry, and hot weather. The recent showers will have a tendency to improve the pasture and increase the flow of milk. The factory sold its make for the first half of June for 11⅞c. per lb. and for the last half for 11⅝c. and the management have been offered 12c. per lb. by two firms for the July make. They are holding, however, for a better figure, as the prospects at the present time are for higher prices. The make this year is smaller than in former seasons and besides the fall make, being a better quality of cheese, usually sells higher than the summer make of cheese.

ALTON.

Miss Smiley, of Toronto, and Mr. Copeland, of Brampton, are visiting at Mr. J. M. Dods.

Miss M. Lemon, of Toronto, was home over civic holiday.

Miss Cora Dowswell will leave for the millinery openings in Toronto on Thursday.

Mr. R. W. Henry has resigned the managership of the Sterling Bank and has gone to his home in Goderich before leaving for the West, where he intends to engage in the real estate business. Mr. W. S. Jackson succeeds Mr. Henry as Manager.

Mr. Connybeare, of Haliburton, has taken a position on the staff of the Sterling Bank.

Alton Band filled an engagement Monday night at a garden party on Reeve McBride's grounds near Belfountain.

Mr. Percy Harding, of Orangeville, sang a much appreciated solo in the Presbyterian Church on Sunday night.

Miss Nellie Clark, of Toronto, is visiting her aunt, Mrs. Neeley.

Miss Edna Clark, of Toronto, was a visitor at Mr. Robt. Clark's over Sunday.

A load of the town girls had a delightful day's outing at Stanley Park on Monday.

Mrs. J. K. McClelland and daughter, Miss Lillie, of Winnipeg, are visiting at Mr. Henry McClelland's.

The Misses McCool, of Toronto, visited Miss Laura Young over Sunday.

Mr. Stanley Davis, of the Union Bank staff, Toronto, was home over Toronto civic holiday.

Miss Gunther and Miss McClelland, of Listowel, are visiting at the home of the latter's uncle, Mr. Henry McClelland.

Miss Coyne, of Toronto, spent the holiday with Miss Ethel Barber.

The Misses McDougall, of Toronto, visited friends here last week.

Mr. Andrew Jones, of Toronto, was a visitor at the home of Mr. Wm. Algie over Sunday.

Mrs. McIntyre, of Montreal, is spending the summer at the home of her father, Mr. Wm. Algie.

Mrs. John A. Lovell is visiting friends in Toronto.

Mr. Bert McClellan is leaving for the West on Saturday.

A bunch of Orangeville juveniles played baseball with a team of village youngsters on Saturday afternoon. The score was 12 to 8 in favor of the homesters.

Mr. Keith McKeown, of Toronto, was the guest of his grandmother, Mrs. Meek, last week.

The ladies of the Presbyterian Church purpose holding a lawn social and bazaar on the Manse lawn on the evening of August 14th.

Mr. James A. Dick, a well-known and popular resident of Alton, died at Vermillion, Alta., on Sunday, July 30th, after a severe illness caused by rheumatism of the heart. Mr. Dick, who was in his 38th year, had been homesteading in Alberta since March. He was taken ill about a month ago and received every care and attention at the home of Mr. and Mrs. Norman McClellan, formerly of this place. A physician and trained nurse were in constant attendance, but their services proved unavailing. His father, Mr. Alex. Dick, and a brother-in-law, Mr. J. G. Smart, of Brampton, left for the West immediately upon receipt of the news of his serious illness, and reached him the day before his death. The remains were brought to his old home for burial, reaching here on Thursday, accompanied by his father and brother-in-law. The funeral, which was very largely attended, was held from his father's home to the Alton cemetery on Friday afternoon. Impressive services were conducted by Rev. Dr. Armstrong, pastor of Alton Presbyterian Church, assisted by Rev. Chas. Langford of the Methodist Church. Deceased was an active Oddfellow and over one hundred of the members of the Order were present from Orangeville, Alton and Erin. The pallbearers, who were members of the fraternity, were Dr. McKinnon, W. Storey, D. Campbell, Joe. Davis, A. Lovell and Geo. Alexander. Numerous beautiful floral offerings bore mute testimony to the love and sympathy of his friends. Among these were:—A floral "three links" design from the Alton brethren of the I. O. O. F.; a pillow of roses, the family; a wreath, Dr. McKinnon and Mr. D. C. Worts, a spray, Mrs. Pujolas; pillow of roses, Beaver Hill; sheafs of flowers, the McCutcheon family, Toronto, and Mr. Amos Mason; a spray, Mr. and Mrs. E. J. Kibblewhite, of Vermillion, Alta. Among the friends from a distance noticed at the funeral, were Mr. and Mrs. Smart, of Brampton, Mr. and Mrs. Witherspoon, of Hamilton; Wm., Samuel and Miss McCutcheon and Mrs. Harper, of Toronto; S. H. Mitchell, Wm. Lowrey, S. McClure and A. Foster, of Brampton; also a number of friends and relatives from Bolton. The late Mr. Dick, who was unmarried, is survived by his father, stepmother, three sisters, Mrs. Smart, of Brampton, Mrs. E. D. Barber, and Miss Ola Dick, Alton, and one brother, Mr. W. R. Dick, Alton. Deceased was one of the popular young men of the village and had been a standbye of the Alton Baseball Club for many years. His untimely demise has caused general sorrow and created a feeling of profound sympathy for the stricken family.

ALTON.

The Alton Ladies' Aid held their monthly meeting at the home of Mrs David Patterson, on Thursday afternoon, Aug. 6th. A delightful afternoon was spent.

See Gillespie, Rogers & Co.'s specials in Wash Ribbons at 10c. per belt.

MONO MILLS

Mrs. (Rev.) J. A. Black and children visited friends in Sydenham this week.

Miss Edith Sherwin, of Toronto, spent the civic holiday at the Manse.

Mr. and Mrs. W. W. Lundy, of Toronto, are holidaying with friends in this vicinity.

Miss Hattie Murray is spending a few days with her parents here, Mr. and Mrs. Alex. Murray.

Mrs. Arlow and Miss Arlow, of Toronto, are visiting friends in this village.

Mr. Geo. Hurst, of Rockwood, made a business trip to Mono Mills last week.

Mr. Calvin Lewis, who is taking a course at the Central Business College, Toronto, is home here.

Mr. and Mrs. Harry Shaw, of Toronto, are visiting Mr. and Mrs. Robt. Young.

Mrs. Moore, of Collingwood, is a guest at the home of Mr. and Mrs. W. J. Mills.

Mrs. (Rev) C. W. Holdsworth, of Havelock, is visiting her parents, Mr. and Mrs. Wm. Jackson.

HALL'S CORNERS

Everyone is busy at the harvest but the recent heavy rains are hindering operations somewhat.

Mr. and Mrs. Thos. Lyons, of Camilla, visited with the latter's mother here on Sunday.

Mr. and Mrs. R. J. Small, of West Toronto, are visiting at their parental homes here.

Messrs. Frank and Nelson Snyder, of Whitfield spent Sunday south of the Corner's.

Mrs. Dixon, of Markdale, spent a few days visiting with Mrs. Wm. Shields.

Miss Stamps and the Misses Leech, of Toronto, are visiting Mr. and Mrs. A. H. Gozzard.

Mr. and Mrs. James Horner, of Primrose, visited with the latter's mother, Mrs. Jeffers.

Mr. W. Hamilton, of Toronto, is holidaying at his home here.

Mrs. R. H. and R. J. Galbraith attended the silver wedding of Mr. and Mrs. W. H. Blair, of Arthur, on Thursday last.

CHARLESTON.

The death of Mr. Jas. Quinn occurred at the home of his brother, Mr. Thos. Quinn, Centre Road, on August 1st. The funeral was held on Thursday morning, quite a large procession following the remains to their last resting place at Silvercreek cemetery. Rev. Father Kelly, of Ottawa, conducted the funeral service.

Last Thursday afternoon during the heavy rainstorm, Mr. Frank Johnston's barn was struck by lightning and in a very short time was a mass of flames. So rapid was the progress of the fire that none of the contents could be saved and before Mr. Johnston, who was in Orangeville at the time, returned home the building was entirely destroyed. Mr. Johnston has the sincere sympathy of the community in his severe loss.

Mrs. S. R. Robinson and little daughter, Ruthie, have returned home after an extended visit at Markham and Sutton West.

We are pleased to report that Miss Maud Scarland passed her Junior Leaving examinations with honors. Congratulations.

After a long spell of dry and warm weather the farming community had what they desired—a good heavy rain. Although too late to benefit the crops, it will do the roots and pasture much good.

Miss Edna Dodds visited her sister, Mrs. Will Armstrong, of Erin, last week.

Miss Mabel Hillyard, of Toronto, is spending a few days with her parents, Mr. and Mrs. Geo. Hillyard.

Quite a number of our young men purpose going out West this month.

Mrs. Robert Chambers is making great progress with his new house on John St.

Mrs. Fred Faulkner is spending the summer with her mother, Mrs. J. J. Dodds, while her husband is taking a trip through the Western Provinces.

(Another correspondent.)

Owing to the light crops in this vicinity a great number of our young men are going West on the harvest excursions.

During the severe electrical storm on Saturday night, Mr. John Baxter had a valuable cow killed and Mr. Frank Johnston again suffered a loss by having two of his sheep killed.

What we would like to know:

If F. B. has taken the lantern home yet?

How C. L. likes waiting till the storm is over?

What makes N. N. wear the broad smile these last few days?

SHE GAINED 36 LBS.

Mrs. George Bradshaw, Harlowe, Ont., writes: "I was troubled for many years with weak, watery blood and dropsy. I had nervous headaches, dizziness and sinking spells, and was, in fact, a semi-invalid. Doctors told me my heart and kidneys were diseased and gave me up. By using 10 boxes of Dr. Chase's Nerve Food I have been cured of many of my old complaints and gained 36 pounds in weight."

CAMILLA.

Miss Marjorie Ross is at present visiting at her uncle's, Mr. J. McNaughton.

Misses Alice, Annie, Lily and Master James Curtis are holidaying at the home of their grandparents, Mr. and Mrs. James Curtis.

Mr. James Little spent Sunday evening with his parents in Orangeville.

Misses Mina Timney and Bertha Johnston, of Shelburne, were the guests of Miss Berdita Thompson last week.

Mr. and Mrs. Peter Dunnet, of Toronto, visited the former's sister Mrs. A. Bremner, over Sunday.

Miss Robina Thompson is visiting friends in Toronto.

Mrs. John Buchanan gave a delightful party to her friends last Thursday evening. Although the weather prevented a number from attending, nevertheless it was a credit to the hostess and guests of honor, Misses Treat and Campbell, of Detroit. The young ladies left for home on Friday evening.

(Another correspondent)

The market at present remains firm and speculative. Buying has not been much in evidence during the past few days. The recently advertised and much boomed village lots took a sudden rise towards the end of the week and at the same time the city debentures were readily disposed of. These sudden and somewhat unexpected advances in financial circles at this season of the year is rumored to be due to the application of the E. Normore Doolyttle Co. for permission and concessions to establish a railroad manufacturing industry here. This company has asked for $1,200,000 and exemption from taxation for a period of 12 years. The Council and Committee appointed to look into the matter have not as yet accepted the offer, but it is an assured fact that acceptance will be forthcoming at any hour. As far as can be learned at present it is the intention of the said Company to purchase the historic Canning's Falls and utilize that water power to develop the electric current wherewith to run their machinery, thus avoiding the smoke nuisance question, not to mention the smoke trouble itself. Thus at present we can only conjecture the enormous strides our village will make in the near future, and already the advisability of "holding" the next Coronation in Camilla is being discussed. Long live the King!

(Too late for last week.)

Miss Sarah Howard and her aunt, of Ottawa, are visiting at the home of the former's brother, Mr. Joe. Howard.

Mr. Dave McKim, of Cass City, Michigan, has been renewing acquaintances here this week.

Rev. Mr. Fowlie, Mrs. Fowlie and son, Rouald, have been visiting friends in Erin and Hillsburg.

Miss Birdie McCarty, of Toronto, is holidaying at her home here.

Quite a number of our young folks attended Laurel Garden Party on Monday night.

Miss Alice Patterson, of Orangeville, is the guest of her friend, Miss Nina Bremner.

LAUREL.

A very heavy electric storm passed over our little burg on Sunday accompanied by a little hail. North of here the hail and lighting were very severe and we hear of several barns being struck and two or three destroyed with their contents. We understand that Mr. Kannawin, of the 4th line, is one of the losers and is without insurance.

The masons are working on Mr. Geo. Gordon's new dwelling house and expect to have it ready for roofing this week.

The Laurel Cheese Company has just made its fourth sale of cheese at 12¼c. per lb. All cheese made up to Aug. 5th is included in the sale.

The farmers are busy at present with their harvest.

We are pleased to learn that Mr. John W. Gordon, who has been critically ill with pneumonia, has had a change for the better.

Mr. Elgin, who was seriously injured in a runaway going home from the Methodist garden party a week ago Monday night, is able to be about again.

Rev. and Mrs. J. R. Bell left for the West on Tuesday. They expect to be away a month or longer.

BLOUNT.

Despite the wet afternoon, a large number of the members of Blount Women's Institute and their friends attended the monthly meeting of the Institute, which was held at the beautiful home of Mrs. W. J. Dodds on Thursday afternoon, Aug. 3rd. The meeting was opened by singing "The Maple Leaf." The minutes of last meeting were then read and adopted. Mrs. J. Henry and Mrs. S. Moffatt read very able and instructive papers on "Canning and Pickling," which were much appreciated by the closely attentive audience. Miss Myrtle Dodds gave an instrumental solo, "In the Lead," and as an encore the number, "Rainbow" Miss Viola Crombie gave a reading entitled, "A Stirring Scene," and Mrs. H. Endacott, Orangeville, delighted the ladies with two well-rendered solos, "Put Your Arms Around Me, Honey," and "In a Village by the Sea," Mrs. D. Potter, of Mono Mills, then told an interesting story. The ladies were afterwards treated to an enjoyable recherche luncheon. The meeting was brought to a close with the singing of "Auld Lang Syne."

SIMPLE REMEDY

For Backache and Kidney Trouble.

The simplest and most effective remedy for sick kidneys is Booth's Kidney Pills. If there is weakness, congestion, inflammation or soreness, Booth's Kidney Pills quickly relieve it. They gently stimulate tone and strengthen sick kidneys, drive away backache, rheumatic pain and dizziness, clear up and regulate the urine and restore a perfect filtering of the blood. Best of all, this relief is permanent.

Booth's Kidney Pills

All druggists sell and guarantee Booth's Kidney Pills, 50c. box. Money back if they fail to relieve. Write to The R. T. Booth Co., Ltd., Fort Erie, Ont., for a free trial.

CURED OF CONSTIPATON

Mr. Andrews praises Dr. Morse's Indian Root Pills.

Mr. George Andrews of Halifax, N.S., writes:

"For many years I have been troubled with chronic Constipation. This ailment never comes single-handed, and I have been a victim to the many illnesses that constipation brings in its train. Medicine after medicine I have taken in order to find relief, but one and all left me in the same hopeless condition. It seemed that nothing would expel from me the one ailment that caused so much trouble, yet at last I read about these Indian Root Pills.

That was indeed a lucky day for me, for I was so impressed with the statements made that I determined to give them a fair trial.

They have regulated my stomach and bowels. I am cured of constipation, and I claim they have no equal as a medicine."

For over half a century Dr. Morse's Indian Root Pills have been curing constipation and clogged, inactive kidneys, with all the ailments which result from them. They cleanse the whole system and purify the blood. Sold everywhere at 25c. a box. 8

TAXES AND TORTURE.

The Duke of Alva's "Tenth Penny" That Caused Riots in Spain.

One of the most absurd and tyrannical measures of taxation that were ever imposed upon a people was that ordered by the despotic Duke of Alva, prominent in the history of Spain up to 1582, when he died.

For six years he was governor general of the Netherlands and levied a tax called the "tenth penny," or 10 per cent. upon every article of merchandise, to be paid as often as it should be sold. He assessed real and personal property 1 per cent. to be paid instantly and collected once, and on every transfer of realty he exacted 5 per cent.

Every one in the land, excepting Alva himself, perceived how utterly ridiculous a scheme it would prove, but he persisted in enforcing the rule. The towns rebelled, and examples by dozens were made of refractory subjects, who were tortured to death, but to no purpose.

Finally Philip II., the Spanish king, was petitioned, and a temporary compromise was effected by which the towns were to pay $2,000,000 annually for the two succeeding years, until August, 1571.

Ice in Persia.

The fact that ice is plentiful and cheap makes living in Persia more pleasant than it would otherwise be, and the fact that it can be obtained at all is indicative of the ingenuity of the people of the country. The ground is so porous that water percolates through quickly. There are therefore few rivers or lakes from which ice can be obtained, and it is seldom so cold in any part of Persia that ice of a thickness suitable for packing would form under the direct rays of the sun. The Persian obtains his ice by making a shallow pool and building a high wall which will protect it from the sun. A thin layer of ice will form. This he floods at night with water, and so he goes on adding inch to inch until he can cut a block of considerable thickness.—Los Angeles Times.

Garfish Skin.

A woman looking over costly jewel cases in one of the most expensive of the uptown shops the other day was struck with the beautiful, ivory-like finish of a number of them. "What are they made of?" she asked admiringly. "Garfish skin, madam," answered the salesman. "Garfish leather, we find, is very little known about outside of the trade, and yet it has come to be of importance. It not only can be worked up to the polish, but it is wonderfully hard. They say certain tribes of Indians knew its secret and that among them it was used as armor, the tradition being that a breastplate of it would resist any tomahawk or arrow. It can be made now so that it will turn the edge of a knife or a spear."—New York Sun.

MADE MILLIONS HAPPY

LATE SIR WILLIAM S. GILBERT HAD A READY WIT.

Librettist of the Savoy Operas Is the Hero of Many a Funny Story and His Repartees Were Famous—He Was Quick With a Pun and Speedy to Laugh at Himself When Occasion Arose—Was Also a Farmer.

The Gilbert and Sullivan operas are famous all over the world, and stories concerning Sir W. S. Gilbert, who wrote the words and lyrics, are legion. Perhaps the best are those told by such old Savoyards as Mr. Rutland Barrington, one of Sir William's oldest friends, and Mr. Workman, who produced the famous librettist's last opera, "Fallen Fairies." The latter was once telling Lady Gilbert the old story about the trombone-player who shut up a fly in his music-book. Next night, when he got to the place, he ran down the scale, and then, "I don't know vot dot big note vos, but I blayed it." At this point Sir William remarked, dryly, "It might have been a bee flat, Workman."

Mr. Workman played the part of Jack Point in "The Yeomen of the Guard," it being part of his business to kiss both Elsie and Phoebe at the end of their trio. At the rehearsal for the recent revival, this was played in the usual way; but Gilbert, thinking there was too much kissing for a London audience, asked Mr. Workman if he played the part so realistically when on tour. The actor said he did, but at the same time asked Gilbert, "Would you cut the kiss?" "No," replied Gilbert, "I shouldn't; but you'll have to."

It is Mr. Barrington who relates how, when rehearsing "Pinafore," Sir William said, "Cross left on that speech, I think, Barrington, and sit on the skylight over the saloon, pensively." "I did so," says Mr. Barrington, "but the stage-carpenter had only sewn the thing together with pack-thread, and, when I sat on it, it collapsed entirely, whereupon he said like lightning, 'That's expensively.'"

Perhaps one of the most irresistibly comic retorts Gilbert ever made, however, is contained in the following story. Standing outside his club one afternoon, he was approached by a stranger with the inquiry, "I beg your pardon, sir, but do you happen to know a gentleman, a member of this club, a man with one eye called 'Matthews'?" "No, I don't think I do," replied Sir William. A pause, then quickly—"What's the name of his other eye?"

The famous dramatist had a jibe at the construction of present-day theatres when, a few weeks ago, he went to see Mr. Weedon Grossmith in "Baby Mine" at the Criterion. He had to put up with a bad box at the side, and went round afterwards to see Mr. Grossmith. "What do you think of it?" the latter asked. "The half I have seen is all right," the dramatist replied. "I must come again, sit in the box on the other side, and see the other half. I suppose these boxes are intended to make you see the play twice."

And Sir William could be satirical about himself. "Once, I think it was in the old Queen's Theatre, Long Acre," says Mr. Weedon Grossmith, "he dropped in to see a play and hissed. When they wanted to turn him out he said, 'Can't I hiss my own play? I thought it good once, but now—well, I must hiss.'"

When Sir William was appointed a justice of the peace the high sheriff said, "You have, I believe, studied the law as a barrister and have a sound knowledge of it?" "That is true," said Sir William, "but I hope you will not consider it an impediment."

Sir William was paid £30 for his first play, "Dulcamara," which he wrote in ten days. But he never accepted so little again, and in 1891 proceedings in the Chancery Court revealed the fact that up to that time, as profits out of the famous operas, over £180,000 had been divided between himself and Sir Arthur Sullivan.

At Grimsdyke, his country residence at Harrow Weald, Sir William led the life of a country farmer. He took the keenest interest in his fowls, pigs, pigeons, and thoroughbred Jerseys, and in addition was a great lover and hunter of curios. He also had a fondness for monkeys and lemurs, and kept quite a number of the latter animals. An interesting feature of the hall at Grimsdyke, by the way, is a model of a man-of-war, 16 feet in length. It was specially constructed as a model for "H.M.S. Pinafore."

Success In the Garden.

The success of a garden will depend principally on making the ground rich and keeping it in a high state of cultivation. Many amateurs have an idea that raking is only done to destroy the young weeds, but this is only one and rather a small reason for the constant use of the hand rake. The main object in cultivating between plants is to loosen the surface soil, so that it forms a mulch and preserves the moisture in the lower ground, where it is needed to feed the plants.

Consistency.

"I've just written a scathing letter denouncing that newspaper, calling it cowardly and spineless," said the indignant citizen.

"Did you sign your name to it?" asked the stranger.

"No; I signed it 'One Who Knows.' I didn't want the editor to know who wrote it," he replied.

His Begging Letter.

Poet—There goes a notorious and confirmed begging letter writer.

Friend—What! Why, I thought that chap was an editor.

Poet—Well, he has written me at least a dozen letters begging me not to send him any more of my stuff.

Cod-Liver Oil With the Oil Taken Out

A Triumph for Chemical Science and Pharmaceutical Skill

Oil from the liver of the cod-fish has been used as a preventative of disease and a restorative for ages.

For a long time it has been the general opinion that the medicinal value of Cod Liver Oil was the greasy, oily part itself—its only drawback being the unpalatable, fishy taste of the oil.

From the first experts have been trying to find means to make it more palatable. They used to "cut" it with whiskey—take it in wine—flavor it with lemon juice—anything to get away from that abominable fishy taste and smell.

Lots of people still take it in Emulsion form, which is nothing more than "churned" oil—broken up—but still greasy, oily and a strain on the digestion.

Doctors used to think it was the oil itself that built up the system—they were slow to find out that the oil was a distinct drawback to the medicinal principles contained in it.

Crude oil is quite indigestible, and will, in time, put the strongest stomach out of order.

A way has now been discovered to do away with the grease and the smell, and yet retain all the medicinal properties of the liver. This is done by removing the fresh oil from the new livers. The liver pulp is then reduced to the form of an extract like beef extract.

Nyal's Cod Liver Compound is simply this liver extract combined with an extract of malt and healing wild cherry. It also contains the true hypophosphites.

This combination makes Nyal's Cod Liver Compound a delicious tonic—builds up the system, and makes you strong.

Take it when you feel yourself losing your grip. It's a pleasure to take—even the children like it.

Get a bottle to-day and ward off disease. $1.00 for a large bottle. Any druggist will cheerfully recommend it because he knows all about it.

Sold and guaranteed by Dr. A. J. Hunter & Co., A. T. Howard, Orangeville.

Nyal's FAMILY REMEDIES

FARM LABORERS' EXCURNIONS.

50,000 Men Wanted for Harvesting in Manitoba, Saskatchewan and Alberta.

This year's wheat crop, according to a conservative estimate, will be two hundred million bushels, and the Manitoba, Saskatchewan and Alberta governments advise that fifty thousand men will be required. The majority of these will have to be recruited from Ontario, and the Canadian Pacific Railway are running excursions to Winnipeg and west at $10. Free tickets will be supplied at Winnipeg to destinations in Western Canada east of Moose Jaw, Saskatoon and branches. Special through trains to Winnipeg will be run by the C. P. R. the only through line, on the following dates:

Aug. 12, from all points in Ontario north of the G.T.R. main line Toronto to Sarnia, which includes all branches and the Toronto-Sudbury line.

Aug. 16, from points in Eastern Ontario.

Aug. 23, from all points West of Toronto in Ontario.

Aug. 25 from all points East of Toronto in Ontario and Quebec.

Through trains will be run from Ontario points on the above dates to Winnipeg, avoiding all transfer or customs troubles en route. Ask any C. P. R. agent for Circular giving rates, conditions, special train service, etc., from Toronto and points in Ontario or write to R. L. Thompson, D.P.A., C.P.R., Toronto.

FOR AGED PEOPLE.

Old Folks Should be Careful in Their Selection of Regulative Medicine.

We have a safe, dependable and altogether ideal remedy that is particularly adapted to the requirements of aged people and persons of weak constitutions who suffer from constipation or other bowel disorders. We are so certain that it will relieve these complaints and give absolute satisfaction in every particular that we offer it with our personal guarantee that it shall cost the user nothing if it fails to substantiate our claims. This remedy is called Rexall Orderlies.

Rexall Orderlies have a soothing, healing, strengthening, tonic and regulative action upon the bowels. They remove all irritation, dryness, soreness and weakness. They restore the bowels and associate organs to more vigorous and healthy activity. They are eaten like candy, may be taken at any time without inconvenience, do not cause any griping, nausea, diarrhoea, excessive looseness, flatulence or other disagreeable effect. Price 25c. and 10c. Sold only at our store—The Rexall Store. T. F. & T. J. Brown, Orangeville.

A peculiar incident occurred here last week which is worthy of record. Mr. P. Loucks of the flour mill has a flock of ducks and he has plenty of water wherein they can sport. The other morning this flock was added to by one. A stray mallard had found the place so charming that he decided to locate with his domesticated brethren and help them dig water worms and bugs. For three days he remained and became so tame that members of the family were allowed to get within a few feet of him. But the call of the wild became too pressing—it was too tame for him—so he took wing and has not since been seen. He will fly further and probably fare worse.—Flesherton Advance.

NOVELISTS' HOWLERS.

Wills Are a Frequent Pitfall for Fiction Writers.

Wills have often proved a stumbling-block to the novelist. One flagrant case may be mentioned. A popular writer causes an old aristocrat to have his "last will and testament" witnessed by his butler and his housekeeper, yet he makes them both benefit under it. By so doing he rendered the will invalid. But the author did not know it.

Another writer, in describing one of the Queen's Drawing Rooms, makes his hero speak to one of the debutantes through her carriage window while it is standing outside Buckingham Palace, and he represents the girl's father as being with her in full military pomp. Such an occurrence would be impossible, because the girl's father would not be there.

Daniel Defoe is generally thought to have been caught napping, although he is proverbially accurate as a rule, when he makes Robinson Crusoe fill his pockets full of biscuits before he swam to the wreck. Perhaps Crusoe liked his biscuits soft and salt, or perhaps they were dog-biscuits, and could withstand a large quantity of moisture. Sailors would perhaps insinuate that a short swim to shore from a wreck would have no detrimental effect, but rather the opposite, upon the dainty with which they are commonly regaled on ship board.

Poisons are often employed by novelists in the development of their plots, and their instantaneous, deadly effects are constantly insisted upon. Science recognizes only one poison, commonly called prussic acid, possessing anything like the immediate effect so dear to the romancer. The author of "Monte Cristo" constantly introduces into his romances these poisons unknown to science, and he makes old Nortier, who is completely paralysed and unable to speak or move, maintain unimpaired his intellectual faculties, and wink his eyes in agreed fashion to communicate his thoughts and desires to his family—a manifest impossibility.

The late Guy Boothby, in his novel "Bride of the Sea," makes a curious blunder. The period of the story is the year 1670, and the scene is laid in Devonshire. The novelist makes one of his characters grow quite lyrical about the splendid race of men which the famous western county has produced. He speaks very fittingly of Drake and Hawkins and Raleigh, and all the other worthies, but he comes a dreadful cropper when he makes his hero talk of Sir John Franklin, who did not appear on the globe until more than a century had elapsed, and even then it was in the fens of Lincolnshire.

Rider Haggard has a good deal of trouble with the moon. In one case he causes that satellite to be full at a time when it could not possibly have been more than a crescent, and in "King Solomon's Mines" he introduces an eclipse of the same luminary, very convenient for his plot and for the impression of awe which his heroes wish to produce upon the natives, but quite unknown to any astronomical text-book.

Censoring Shakespeare.

A masterpiece of censorship was once performed by the Turkish censor, Nischan Effendi, on the occasion of the production of Shakespeare's "Othello" at Constantinople. He "corrected" the drama so thoroughly as to leave hardly a trace of the original. Among other words, he expunged "Cyprus," giving ingenious reasons for this correction. "Cyprus," he said, "is a Turkish island. It would be politically unwise to send Othello to Cyprus, because the territorial integrity of Turkey is guaranteed by treaties. Why not put, instead of Cyprus, some Greek island, such as Corfu?" And thus it came to pass that from respect to the treaty of Paris Othello had to go to Corfu.

Sun Drunkenness.

To become sun drunk is a condition into which any one may fall in the tropics. Exposure to the sun's rays will reduce a man to a condition almost exactly resembling drunkenness. He staggers about and is usually compelled to lie down and "sleep it off." Sun drunkenness is sometimes accompanied by nausea. Another curious fact in connection with life in the tropics, where the sun rises at the same time all the year round, is that if you do not get up before sunrise you do not feel well all day. You feel heavy, out of sorts and sickish.

Bees at Work.

Bees work advantageously within a radius of three miles of the hive, but they will go eight miles to get honey from a field of buckwheat. They are very partial to the buckwheat bloom. Bees have a most delicately developed scent. When a bee leaves its hive it rises in the air and scents honey bearing flowers in the wind and follows the scent to the flowers.

Saving Father.

"You talked constantly through the opera," said one young woman.

"Yes," replied the other. "I disliked to do it, but it was the only way to keep father from going to sleep in full view of the audience."

Very Close.

"I was surprised to hear you speaking against Flynskyn. You told me some time ago he was your nearest friend."

"That's so. He couldn't be any nearer than he is, the stingy old beggar!"

Not to Be Blamed.

He—A self-made man is common enough, but we never hear of a self-made woman.

She—Considering the kind of article the men who are in the self-making business turn out, you can hardly blame the women for not taking it up.

High Finance.

"What has become of Johnny's toy engine?"

"The boy next door has it. He persuaded Johnny to merge their roads."

VARICOSE VEINS CURED

NO NAMES USED WITHOUT WRITTEN CONSENT.

Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought on Varicose Veins. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope—but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than rogues. One day my boss asked me why I was off work so much and I told him my condition. He advised me to consult Drs. Kennedy & Kennedy, as he had taken treatment from them himself and knew they were square and skillful. I wrote them and got THE NEW METHOD TREATMENT. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn $12 a week in a machine shop before treatment, now I am earning $21 and never loose a day. I wish all sufferers knew of your valuable treatment.
HENRY C. LOCUST.

HAS YOUR BLOOD BEEN DISEASED?

BLOOD POISONS are the most prevalent and most serious diseases. They sap the very life blood of the victim and unless entirely eradicated from the system will cause serious complications. Beware of Mercury. It may suppress the symptoms—our NEW METHOD cures all blood diseases.

YOUNG OR MIDDLE AGED MEN.—Imprudent acts or later excesses have broken down your system. You feel the symptoms stealing over you. Mentally, physically and vitally you are not the man you used to be or should be. Will you heed the danger signals?

READER Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you any weakness? Our NEW METHOD TREATMENT will cure you. What it has done for others it will do for you. Consultation Free. No matter who has treated you, write for an honest opinion Free of Charge. Books Free—"Boyhood, Manhood, Fatherhood." (Illustrated) on Diseases of Men.

NO NAMES USED WITHOUT WRITTEN CONSENT. PRIVATE. No names on boxes or envelopes. Everything Confidential. Question List and Cost of Treatment FREE FOR HOME TREATMENT.

Mr. W. D. Watson, of Bradford, has organized a company and intends devoting all his time to reclaiming the marsh lands in the vicinity of that village. The company is known as the Holland Marsh Land Syndicate with head offices in Bradford, and they have already secured 15,000 acres. At present the land is covered with a specie of sea weed, or marsh hay; but there is supposed to be peat, gas, oil and anthracite coal below the surface, and the company will develop all the resources, retaining the land, which will be divided into small holdings and placed on the market.

DON'T TAKE OLD-TIME PHYSIC

"Fruit-a-tives" Brings Natural Results In A Natural Way.

"I am a seventy-nine-year-old man and a great believer in, and user of, "Fruit-a-tives".

"Stricture of The Bowels was the complaint I suffered from and I found that "Fruit-a-tives" did me more good than any other remedy. My doctor advised me to stick to "Fruit-a-tives" and I have done so with best result.

"I have been in business here for a good many years and have been a resident of Otterville for over fifty years."

WM. PARSONS.

OTTERVILLE, ONT., July 8th, 1910.

Fruit is Nature's laxative. "Fruit-a-tives" is made of the juices of apples, oranges, figs and prunes. "Fruit-a-tives" acts on the human system like fresh fruit—easily and gently—yet just as effectively as the old-time pill.

"Fruit-a-tives" does not gripe or irritate the intestines. It regulates the bowels and cures Constipation because "Fruit-a-tives" acts directly on the liver.

Just try "Fruit-a-tives when you need a mild, gentle yet effective laxative and liver regulator.

50c. a box—6 for $2.50—trial size, 25c. At all dealers, or from Fruit-a-tives Limited, Ottawa.

Chafed and Aching Feet

Make walking a misery to many who do not know of Dr. Chase's Ointment.

How far can you walk without suffering in one way or another from discomfort to your feet?

Modern footwear is a prison house and the result is chafed, scalded, inflamed feet.

You can get a world of comfort by using Dr. A. W. Chase's Ointment when your feet give you trouble. This treatment is so delightfully soothing and healing that helps you at once.

Unlike unsanitary powders which clog the pores, Dr. Chase's Ointment makes the skin soft and smooth and prevents corns and bunions.

When the feet are chafed, scalded, itching and tired, it takes out the stinging and burning and its benefits are both quick and lasting.

This ointment also affords relief and cure for chilblains and frost bites.

Whenever there is itching of the skin or a sore that refuses to heal you can use Dr. Chase's Ointment with most satisfactory results. 60 cts. a box; at all dealers, or Edmanson, Bates & Co., Toronto.

Miss Stewart, of Whitby, has been engaged by the trustees of S.S. No. 17, Maryborough, for next year at a salary of $500 per annum.

Try This Specialist.

As a specialist is to an ordinary doctor so Merrill's System Tonic is to other medicines. It does only two things, but in restoring the blood to its natural power and assisting nature to throw off accumulated poisons it reaches and cures nearly 95 per cent. of the disease that are troublesome. Merrill's System Tonic has cured thousands of cases of dyspepsia, constipation, skin diseases, rheumatism, neuralgia, liver complaints, weak kidneys, and has never failed to cure habitual constipation when used according to directions. You are not doing yourself justice until you try it. Price 50c per box of 50 tablets. 6 boxes $2.50. All druggists, or postpaid from The Merrill Medical Co., Merrill Building, Toronto.

Sold and recommended by Thos. Stevenson, Druggist.

Facts About Motherhood

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at the time of child-birth, but many approach the experience with an organism unfitted for the trial of strength, and when the strain is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, women will persist in going blindly to the trial.

It isn't as though the experience came upon them unawares. They have ample time in which to prepare, but they, for the most part, trust to chance and pay the penalty.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy, and strong.

Any woman who would like special advice in regard to this matter is cordially invited to write to Mrs. Pinkham at Lynn, Mass. Her letter will be held in strict confidence.

A mild case of smallpox is reported at Clavering, four miles south of Wiarton, a young man by the name of Harvey Lisk, employed in W. G. Simmie's sawmill being the victim. The town officials have placarded his residence.

Medical Hall

ORANGEVILLE

Is the Place for All Kinds of Insecticides

All Paris Green is Tested and Guaranteed before it is offered for sale. You save hard labor by getting your Green at T. Stevenson's. 25c. per pound.

RITCHIE BROS.

UNFORTUNATE ACCIDENT.

ames Corbett, ex-Reeve of Proton, with an unfortunate accident on urday afternoon, July 29th, by ch he sustained a fracture of his between the knee and hip. His Herb. was driving a spirited n and in starting from the home e to the other farm for a load ay, the horses became fractious, Mr. Corbett, Sr., who was on wagon, thinking they might run y, jumped from the back of the to save himself. In the fall the was broken. The fracture was set Dr. McWilliam. The patient suffered considerable pain but at last ort is getting along quite favor-y.

HE MUSKOKA FREE HOSPITAL.

he Banner was favored with a on Wednesday morning from Rev. E. Sanderson, M.A., of Toronto, resentative of the Muskoka Free spital. Mr. Sanderson was here paring the way for the coming of Field Secretary, Mr. J. B. Watson, who will give a lecture in the hodist Church next Tuesday evening at 8 o'clock on the work of the skoka and Weston Sanitariums. Watson has been identified with e institutions for some years and address will be found to be exlingly instructive, with many ful suggestions as to the avoide and cure of consumption. The ure will be illustrated by about hundred stereopticon views thrown on a large canvas. It is expected that C. R. McKeown, M.P. P. will occupy the chair. Admission will be free and a collection will be taken in aid of the grand work the Free Hospital is doing.

PILES

Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of Itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. You can use it and get your money back if not satisfied. 60c, at all dealers or EDMANSON, BATES & Co., Toronto.

DR. CHASE'S OINTMENT.

Never Forget This!

When packing for the country cottage, don't forget your box of Zam-Buk and your Zam-Buk Soap!

Blisters, sunburn, scratches, insect stings, etc., if not immediately attended to, are likely to spoil your pleasure. Zam-Buk ensures you against trouble from these.

Zam-Buk is antiseptic; kills all poison in wounds, whether from barbed wire fence, or insect sting. Soothes aching feet and blistered hands; heals baby's chafed places; cools those sunburn patches, and prevents freckles. No mother should be without it. Purely herbal in its composition, Zam-Buk is superior to the ordinary ointments containing animal oils and fats, and mineral coloring matter. All druggists and stores 50c. box. Use also Zam-Buk Soap. Best for baby's bath and for tender skin. 25c. tablet.

Rev. Father Morriscy

A Combined Treatment That Really Cures Catarrh.

Canadian weather, with its extreme cold and sudden changes, gives almost every one Catarrh, and makes it hard to cure. Some recommend internal remedies—some external applications.

Father Morriscy used both—tablets to be taken three or four times a day to invigorate the system, purify the blood, and help it throw off the disease, and a soothing, healing, antiseptic salve to be applied inside the nostrils. This combined treatment known as

"Father Morriscy's No. 26"

attacking the disease from within and without, soon cures.

Mr. A. C. Thibodeau, General Merchant in Rogersville, N.B., writes on Jan. 23rd last:

"A few words as to the merits of your Catarrh Cure. For the last 20 years I have been troubled with Catarrh of the head and throat and during that time have tried all kinds of other Remedies with no results, until I tried your Catarrh Cure which I am glad to say has cured me. I highly recommend it to those who are suffering with this disease."

Don't trifle with Catarrh—cure it with Father Morriscy's No. 26.

50c for the combined treatment at your dealer's. 66

Father Morriscy Medicine Co. Ltd. - Montreal, Que.

BOWLING TOURNAMENT.

Mutrie, of Grand Valley, Wins Association Prize.

Owing to the rain on Thursday the Orangeville Bowling Tournament was not concluded until Friday afternoon. For the same reason the final trophy game between G. E. Brown, Orangeville, and A. Pow, Grand Valley, was postponed until Friday of this week. Dr. Frawley, Queen City, and W. H. Mutrie, Grand Valley, got into the Association finals, but the Toronto rink was unable to remain over and defaulted the final game. W. D. Henry, Orangeville, won the Consolation after a hard fight with Birss, of Brampton. The results of the games, not reported in last week's issue, were as follows:—

THURSDAY.

TROPHY MATCH.

Semi-Finals.

Grand Valley	Orangeville
A. Pow, sk. 17	C.R.McKeown, 14
Orangeville	Owen Sound
G. E. Brown, sk. 19	J.A.Richardson 6

ASSOCIATION MATCH.

Fourth Round.

Queen City	Brampton
Dr. Frawley, sp. 17	J. A. Birss, 14
Owen Sound	Southampton
R. J. Edgar, sk. 17	B. McAuley, sk. 16

MRS. ROBERT DONALDSON.

Mrs. Robert Donaldson, an old and widely known resident of East Garafraxa, passed away at the home of her son-in-law, Mr. John Golden, of Orangeville, on Wednesday morning of last week. The late Mrs. Donaldson had been an invalid and a patient sufferer for the last three years or longer. Her death was therefore not unexpected. Her maiden name was Mary Ann Connor and she became the wife of Mr. Donaldson over fifty years ago. The newly married couple took up their residence at Reading, where they became possessed of a fine home and property. Mrs. Donaldson was a woman of excellent qualities, a kindly disposition and was greatly esteemed by the people of the neighborhood in which she spent the greater part of her life. Besides her husband she leaves to mourn her loss a family of two sons and two daughters—William A. and Presley, both residing in East Garafraxa, Mrs. John Golden, Orangeville, and Mrs. J. J. Carroll, Erin. The funeral, which was private, was held to Price's Corners cemetery in East Garafraxa on Friday afternoon.

Dutiful For Once.

Boy—My tooth aches, and mamma said I should come here and let you look at it. Dentist—I see. It must come out. Won't take but a minute. Now be a brave little man, and I'll— Boy (hastily backing off)—Mamma didn't say I should let you pull it. She only said I should let you look at it.

Natural.

Mrs. Hatterson—The ladies of the parish got up a baby show for the benefit of the hospital.

Mrs. Chatterson—Was it a success? "Oh, a howling success!"

What I aspired to be and was not comforts me.—Browning.

HYDRO-ELECTRIC POWER.

Commission Willing to Ascertain Cost of Transmission to Owen Sound.

At a special meeting of the Owen Sound town council a couple of weeks ago, Mr. Holland, one of the engineers of the Hydro-Electric Commission, addressed the members at some length regarding the possible extension of the Commission's transmission line from Guelph, the most northerly point now served, through to Owen Sound. The Owen Sound Times reports Mr. Holland as follows:—

"Briefly, the gist of an interesting talk by Mr. Holland was that if the towns on the route proposed, including Owen Sound, were likely to consume sufficient power, the commission would take steps to ascertain whether or not it would be practicable to go ahead and make an effort to have the line installed. Unless the commission was perfectly satisfied that this could be done and power furnished at a substantial reduction over the price now being paid, no effort would be made to gain the town's acquiescence in the possible installation of a hydro line. When questioned as to the likelihood of the commission taking up the project when they were apprised of the fact that the town had a large and costly steam plant on its hands and a large issue of unpaid debentures, Mr. Holland stated that in several instances the hydro had put in their power in towns where a steam plant was being operated. He did not think, apparently, that judging from past experiences the fact that the town had a plant of its own that the obstacle was insurmountable."

Mr. Holland, according to the Times, visited Owen Sound with a view of ascertaining just what power could be taken by the various municipalities, Mount Forest, Fergus, Durham, Hanover and Chesley among others, on the line of a Guelph-Owen Sound connection.

Readers interested in power development will find the following article, also from the columns of the Times, worthy of their careful perusal:—

"It is quite possible, yes, I'll say probable that Owen Sound will have hydro-electric power supplied from Niagara." This was the opinion expressed to The Times by Mr. Holland, the hydro-electric engineer, on Monday morning. Mr. Holland after meeting the council on Friday night in company with Mayor Lemon was taken about town and visited several of the places and plants where electrical energy is utilized as a motive power. After a careful summary of the amount of power now consumed and the possibilities of hydro-power at a substantial reduction on the rates now prevailing locally, Mr. Holland concluded that Owen Sound should use twelve hundred to fifteen hundred horsepower, and in two years after the installation should consume two thousand horsepower. He expressed himself as being very well satisfied with the prospects of the town as a prospective customer for hydro energy, and was also surprised at the extent of the town's industrial development, and felt that the many natural advantages enjoyed, if enhanced by the boon of cheap power, such as he felt confident could be supplied, assured the town a substantial manufacturing future. Coming to the matter of hydro power he refused to say just what the cost might be, even approximately, but privately he felt confident that it would not be twice the rate in Guelph, where the commission was supplying power for twenty-four dollars per horsepower. The matter of cost, of course, he stated, depended altogether on the amount of power which would be taken by the prospective users on the line of the proposed Guelph-Owen Sound connecting link. No estimate of the amount to be used by these towns had yet been made but this work would be taken up at once. If the result was such as would warrant the commission in taking further steps this would be done on the towns making application for the power. This had been done already by several. The fact that the town has a steam plant on which it is still paying debentures, Mr. Holland thought might not prove an insurmountable obstacle to the advent of the hydro. In several other towns and cities there had been a similar condition, but the municipalities in question had concluded that they would eventually stand to save money when they could save hundreds and thousands of dollars annually in the difference between the cost of hydro power and the cost of the power they themselves generated. Particularly had the arguments for hydro been conclusive when it was remembered that in thirty years the installation reverted to the municipality and they paid only for the power actually used. In the meantime, however, the power rate covered interest, paying of sinking fund, payment of the fixed rate and contingent incidentals. Meantime nothing definite can be said of the situation locally until the full reports have been handed in to the hydro-electric commission and that body has passed upon them, and planned accordingly.

TEMPERANCE SERVICE.

A temperance service will be held in the Baptist Church next Sunday evening, when the pastor, Rev. B. Davies, will speak on the question, "Is it right for anyone to give liquor to another?" Special music. Free seats and a cordial welcome.

Shake the bottle and take as directed and in 48 hours Four T's will shake your cold. Look for the four red T's. Price 25c.

Sold and recommended by Thos. Stevenson, Druggist.

WM. B. JOHNSTON.

Mr. Wm. B. Johnston, a son of the late James Johnston, of East Garafraxa, died in the Home for Incurables in Toronto on Thursday last after a lingering illness due to tuberculosis of the spine. Prior to his illness Mr. Johnston lived in Winnipeg. He spent the winter of 1910 in Winnipeg General Hospital, and was then brought east and placed in Toronto General Hospital, where he remained until last March, when he was removed to the Home for Incurables. He was 44 years old and leaves a widow and one son. John Johnston, East Garafraxa, Jas. Johnston, Caledon, L. K. Johnston, Orangeville, Mrs. W. J. McCormick, Chicago, Mrs. Robt. Sproul, Caledon, and Mrs. A. McPherson, Orangeville, are the surviving brothers and sisters. The funeral was held from the home of his mother, Mrs. James Johnston, East Ward, to Greenwood cemetery on Friday, Rev. B. Davies conducting the services at the house and grave.

DEATH OF WM. STINSON.

William Stinson, who has been ill for the past year with cancer, was released yesterday morning by death from his suffering. He was born 75 years ago on his father's farm in Albion Twp., Peel County, of Irish parentage. He lived at home until 1856 when he married Miss Scott and commenced farming near his father's place, 3rd line, Albion. Fifteen years later, and after the death of his wife he bought a farm near Orangeville, upon which he moved. There he was married the second time to Miss Hutton, who survives him. Twenty years ago he moved from Orangeville to Mt. Forest, where he has resided ever since and won the esteem of the community as an exemplary-living man and good citizen. He served the town one year as Councillor, but generally speaking his life was a quiet one, devoted to church and home work. He was an official member of the Methodist church, an Orangeman and Conservative. Besides his widow he is survived by two daughters, Mrs. Carson, of Winnipeg; Mrs. Lilburn, of Toronto, and three sons, Dr. Geo. S., of Grafton, Dakota; Ed. J., of Toronto, and Abraham, of Winnipeg. The funeral took place to-day to Orangeville and Snell's cemetery, service having been held at the residence last evening, the body being conveyed to Orangeville on the morning train. —Mount Forest Rep.

MRS. ROBT. ARMSTRONG.

At the ripe old age of 92 years and 29 days, Mrs. Robt. Armstrong, one of the oldest residents of Tossorontio, passed away on Friday, July 28th, at the home of her son, Mr. Hugh Armstrong. Born in Ireland on June 29th, 1819, in the County of Sligo, the late Mrs. Armstrong spent her younger days in the land of her birth, coming to America in the summer of 1844, living with her brother-in-law, the late Squire Morrison, for one year. She then married Mr. Robert Armstrong, who passed away eighteen years ago. They then moved to the farm on which she died. The union was blessed by four sons and two daughters. Five of her children are left to mourn the loss of mother — Hugh, on the homestead; Geo. of 6th con., Mulmur; W. J. of 7th con., Mono; Mrs. Jas. Carson, of Everett, and Mrs. John Brett, of Primrose. Robt., the eldest son, passed away some years ago. The deceased lady had lived for sixty-five years on the farm where she died. She was a woman who had a wide circle of friends and enjoyed the respect of everybody who knew her. Until about five months before her death she was quite healthy and able to look after her housework as she always did, and enjoyed the full use of all her faculties to the hour of her death. The floral offerings were beautiful. Among them was a handsome pillow from her children, a wreath from the nineteen grandchildren, and spray from the seventeen great-grandchildren. The funeral was held to St. Luke's Church cemetery, Mulmur, on Sunday, July 30th, and was very largely attended. The pallbearers were:—Hugh Morrison, of Rosemont, grand nephew of the deceased, and the following five grandsons:—Rev. R. H. Brett, of Nanticoke, Ont., Rev. W. J. Carson, of Warminster, Ont.; Dr. R. J. Carson, of Orillia, Mr. Geo. E. Brett, of Rosemont; R. W. Brett, of Primrose, Ont. The services were conducted by the Rev. J. N. Blodgett. After the burial he delivered an eloquent sermon taking his text from Phillipians 4:5, where these words are written, "The Lord is at hand." The sympathies of a wide circle of friends and acquaintances are extended to those who mourn her loss.

Asleep in Jesus! blessed sleep,
From which none ever wake to weep
A calm and undisturbed repose,
Unbroken by the last of foes.

Asleep in Jesus! oh, how sweet!
To be for such a slumber meet;
With holy confidence to sing
That death has lost its cruel sting.

Asleep in Jesus! peaceful rest,
Whose waking is supremely blest;
No fear, no woe shall dim the hour,
That manifests the Saviour's power.

Suggestive Questions

On the Sunday School Lesson by Rev. Dr. Linscott for the International Press Bible Question Club.

AUGUST 13th, 1911.

Jehoiakim Burns the Prophet's Book. Jer. xxxvi.

Golden Text—The word of our God shall stand forever. Isa xl:8.

(1) Verses 1-3.—What was the character of Jehoiakim?

(2) Why is it that God bears so long and patiently with sinners, and takes such loving pains to save them?

(3) What advantage is it to us that men like Jeremiah wrote the history of God's dealing with his people, and that we have these records in the Bible?

(4) Who had been the kings of Judah since the death of Josiah, and what had been their characters?

(5) Verse 4—What was the chief purpose of the Lord in commanding Jeremiah to write a book, containing what God had revealed to him, concerning the sin and the coming punishment of Judah?

(6) Jeremiah had previously delivered these messages orally and had been tried for his life on account of it; why was it important that they should be written?

(7) Why is it necessary that such important messages should always be written?

(8) Verses 5-6—Why could Jeremiah not read the roll personally in the temple?

(9) If we cannot go personally as missionaries, what is our duty in the circumstances?

(10) Why is every Christian in duty bound to be a missionary, either in person or by proxy?

(11) Verse 7—God was then very anxious to save these sinners from the doom they were bringing on themselves; how does he show the same anxiety to-day?

(12) Verse 8—Which was the more meritorious in the sight of God, Jeremiah or Baruch; the man who writes a book at God's command, or the man who publishes it at his command?

(13) Verse 9—The king, the priests and people were rebels against God, yet they proclaimed a religious fast for they were likely in great national peril. Do the prayers and fasts of the impenitent wicked please or insult God? Why?

(14) Verse 10—The Salvation Army and some others take advantage of every public gathering to preach the gospel; is it or not the duty of all the Christian churches to do the same? Why?

(15) Verses 11-19—What was the first effect of Baruch publicly reading Jeremiah's book to the people?

(16) Which secures the more converts, the direct or the indirect results of preaching the gospel?

(17) Verses 20-25—What effect had the reading of the book upon the great men who stood around the king, and upon the king himself?

(18) Why did the king have the book burned?

(19) What has been the result in all the attempts that have been made to suppress the word of God?

(20) What is the effect of sin, long continued, upon the conscience and moral sense?

(21) Verse 26—How is it that sometimes God hides his servants from the vengeance of their enemies, and at other times allows them to suffer?

(22) Verses 27-32—What resulted from burning the roll?

(23) What is always the final result of sinning against God? (This is one of the questions that may be answered in writing by members of the club).

Lesson for Sunday, Aug. 20th, 1911.—Jeremiah Cast Into Prison. Jer. xxxvii.

White Wash Skirts and Lawn Blouses, cheap at Ritchie's.

Edward Cuff, 10 years of age, was drowned while fishing off the dock of the Turbinia at Hamilton.

Water in the Ottawa river has fallen 21 feet since May. It is now only 7 feet 11 inches in depth. Navigation on the Rideau is affected.

Miss Mabel Stevenson, of Kenilworth, is visiting at the home of Mr. and Mrs. O. Hayward, 1st Avenue.

Miss Gladys McLean, West Broadway, is spending her holidays visiting friends in Toronto, Hamilton and Detroit.

Mrs. A. Schram and Miss Katherine Nurse, of Detroit, Mich., are visiting Mr. and Mrs. J. B. Morrison, Third St.

Mrs. T. H. Spooner, of Hardwich, Mass., oldest daughter of Mr. and Mrs. E. Bell, is visiting her parents for a few weeks.

Mr. J. J. Acres, of Paris, is relieving Mr. W. H. Lugsdin, Manager of the Bank of Commerce, during the latter's vacation.

Governor Bowles is spending a two weeks' vacation taking a trip down the St. Lawrence. He will go as far east as Quebec.

Mr. W. H. Lugsdin, Manager of the Bank of Commerce, and his family are spending a month's vacation at Rondeau on Lake Erie.

Mrs. G. L. Webb and daughter, May, of Philadelphia, and Miss Katherine Stevenson, of Buffalo, are the guests of their sister, Mrs. O. Hayward, 1st Avenue.

Mr. and Mrs. John Bradley left for the West on Tuesday. They expect to be away a month or longer and intend to spend a good deal of their time with friends at Weyburn.

Mr. and Mrs. H. Endacott, Orangeville, announce the engagement of their daughter, Mary Florence, to Walter Curzon Hopkins, of Vonda, Sask. The marriage will take place the latter part of August.

Mr. J. D. McMillan spent Tuesday in the city.

Miss Margaret Vanwyck spent last week in the city.

Mr. and Mrs. T. G. Porter are visiting at Waubaushene.

Mrs. and Miss Lynch, of Toronto, are visiting friends in town.

Miss Annie Ramsay, of Toronto, spent Sunday at her home here.

Miss Mabel Robinson is in Toronto attending the millinery openings.

Messrs. Bert Tuck and Jack Aiken were home from the city for civic holiday.

Miss Minnie Stinson, of Toronto, is visiting friends in Orangeville and at Mono Mills.

Miss Alma Wylie, Toronto, was the guest of Miss Bessie Lewis Sunday and Monday.

Mr. Kenneth McKay of the editorial staff of the Toronto Telegram, is holidaying in town.

Mr. Wilfrid Bowles, of the Toronto Telegram staff, is spending the week holidaying at his home here.

Mr. and Mrs. Geo. E. Reid and family left for their new home at Nanaimo, B.C., on Saturday.

Mrs. A. Avison, of Toronto, and daughters, Edith and Myrtle, are guests of Mr. and Mrs. D. McPherson.

Mr. Stewart Hughes and Mr. Stewart Ferguson, of Toronto, visited the former's parents here over Monday.

The Misses McCauley, Toronto, are visiting Mrs. T. J. Harshaw and Miss Lottie McMaster, Prince of Wales Road.

Mr. J. J. Hulse, Toronto, and Mr. Frank Brereton, Bethany, were guests of Mr. and Mrs. J. H. Hulse over Sunday.

Miss Elsie Gallaugher, of Shelburne, was a spectator at the Hanover-Orangeville lacrosse match here on Wednesday.

Mrs. Acres, of Paris, wife of Mr. J. J. Acres, acting Manager of the Bank of Commerce, and her daughter, are spending a few days at the Queen's.

Messrs. Harold and Fred. Kilpatrick, Wendell Holmes and Fred. Atkinson took in the Toronto-Tecumseh lacrosse match on Saturday and remained in the city for a few days.

Rev. Dr. Harper, who has been spending a well-earned vacation at his summer cottage near Parry Sound, returned home on Saturday, and preached to his own congregation at both services on Sunday.

Mr. and Mrs. G. H. Peart, Miss Marjorie Peart, Mr. Hugh Carson and Miss Elva Carson, of Shelburne, are spending a month at "Nemo Lodge," Oliphant. Mr. Harold Carson will join them later.

Rev. J. J. Monds, B.A., of Carleton Place, preached excellent sermons in St. Andrew's Church on Sunday. Mr. Monds, who took his High School course in Orangeville, will preach for Rev. Mr. Marris again next Sabbath.

Mrs. J. H. Simpson, of Toronto, is visiting friends in town.

Miss Balfour, of Hamilton, is visiting Miss Elsie Campbell, 1st Ave.

Mr. Bert Groskurth left for Hamilton on Monday to resume his duties as traveller.

Mr. T. A. Richardson, of Toronto, spent yesterday renewing acquaintanceships in town.

Mr. and Mrs. R. H. Robinson and Mr. Will Kearns are holidaying in the Lake of Bays district.

Mrs. Arthur White, Mill St., left on Tuesday for Jamestown, N. D., where she will visit for two months.

Mrs. John Avison and daughters, Myrtle and Edith, of Toronto, are visiting friends in town and country.

Miss Daisy McKinnon is visiting friends in Guelph before leaving for Quebec to resume her former situation as milliner.

Mrs. Robert Fleming and daughters, Mabel and Mona, of Toronto, have been visiting friends in town for the past two weeks.

Mr. and Mrs. Wm. Fountain motored up from the city yesterday, and are spending a couple of days with friends here and in Dundalk.

Mr. W. J. Maguire and daughters, Mrs. Notman and Miss Maguire, motored up from the city on Saturday and spent Sunday as guests of Mr. and Mrs. J. W. Aiken at Caledon Lake.

Mr. and Mrs. James Stubbs, "Hillcrest Farm" Charleston, announce the engagement of their only daughter Miss Margaret Mae, to Mr. S. R. Dunham, Toronto. The marriage will take place in August.

Miss Edith and Master Charles Sawdon, of Brittannia, are spending their vacation visiting their aunt, Mrs. Ed. Hunter, The Maples. They will also spend a week with their uncle, Mr. Philip Coulson, of Orton, before returning home.

Mr. and Mrs. J. H. Baird and children, of Toronto, are spending a month's holidays with the Presley Bros., Purple Hill. His many local friends will be glad to learn that Mr. Baird, who is a popular member of the Toronto police force, has been made police sergeant.

Dr. J. S. Island motored up from the city on Monday and spent the day with his sister, Mrs. Thomas Holmes, and other friends hereabouts. He was accompanied by his nephew, Mr. Wendell Holmes, and Messrs. Perry, Smith and Hadden, of Toronto. The party returned to the city Monday evening.

Mr. R. A. McInnes, accountant in the Bank of Hamilton, arrived home on Tuesday after a two weeks' sojourn at Banff and other points in the Canadian West. Mr. Jack Gillespie was with Mr. MacInnes on the trip out, but is remaining a while longer before returning east. Mr. MacInnes was greatly impressed with the West and states that the crop prospects are excellent.

Mr. John Corbett, who has been located at Vegreville, Alta., for the last two years, is visiting his wife and family here. The West apparently agrees with John, who is looking hale and hearty.

Mr. Bartley Brown, son of Mr. D. B. Brown, arrived home from the West Monday evening, and will spend the remainder of the summer in town. Mr. Brown went West in May 1910, and has been living at Condie, Sask.

TEACHER RESIGNED.

G. M. Hutchinson, B.A., a University of Toronto graduate, has played the High School Board a trick that ill befits a man of his standing and education. As long ago as May 27th Hutchinson entered into an engagement with the Board to become a member of the teaching staff as science specialist. A few days ago he wrote the Secretary stating that he wished to cancel his engagement in order to accept a position in Ottawa, where he had the offer of a larger salary. The Board could, of course, hold Mr. Hutchinson to his contract, but it is doubtful if a gentleman who holds his engagements so lightly would be a desirable acquisition to the staff. The Education Department should be informed of his conduct and should be strongly urged to devise some method of punishing individuals who seemingly have little or no regard for the good name of an honorable profession.

Gillespie, Rogers & Co. are showing a new line of Fall mantles.

FINED $50 AND COSTS.

Thursday afternoon at 2 o'clock Mrs. Wm. Wall, of the Grand Central hotel of this place, was before Magistrates Rae, of Fergus, and McDonald, of Belwood, in the town hall here, charged with unlawfully selling intoxicating liquor. Nicholas Jeffery, of Guelph, appeared for Mrs. Wall, and J. J. Drew, of the same place, for Inspector Groves. After a consultation between the lawyers and the inspector, it was agreed to by the magistrates to amend the charge, and make it read for illegally keeping liquor for sale, instead of having sold liquor. To this charge Mrs. Wall pleaded guilty and was fined $50 and costs, amounting in all to $83.35. No witnesses were examined and the large crowd which had gathered to hear the case was somewhat disappointed at the ease with which a settlement was arranged when the lawyers got busy.—Hillsburg Beaver.

Sepcials in Women's and Boy's Wash Suits at Gillespie, Rogers & Co's.

NORMAL ENTRANCE.

Names of Successful Dufferin and Peel County Candidates.

The results of the examination for entrance into the Normal schools were announced in the Toronto dailies last Friday.

Along with the announcement the Department of Education issued the following statement:—The certificates of the successful candidates and the statements of marks of those who failed will be mailed to the principals or inspectors in the course of a few days.

The appeal examiners have already re-read the papers of each candidate whose marks would in former years have justified an appeal. Where such a candidate has still failed his statement of marks will be stamped as re-read, and no further appeal will be allowed. In all other cases of failure appeals will not be refused if made before September 1, and accompanied by the fee of $2. In view of all the precautions taken, however, it is most unlikely that such appeals would succeed.

Successful candidates who desire to attend the coming session of the Normal schools are notified that their applications for admission must be made to the Deputy Minister of Education not later than Tuesday, September 5th. The Normal schools will open on Tuesday, September 26th, at 9 a.m., at which time all candidates must present themselves. Applicants are required to be at least eighteen years of age before October 1. Further information regarding the conditions of admission may be obtained from sections 4 and 5 of the syllabus, copies of which may be obtained on application to the Deputy Minister of Education. No candidate will be admitted who does not comply fully with the conditions of these sections.

The possible effect of the hot weather on the candidates writing on this examination has been fully considered, and every allowance deemed necessary has been made. It is worthy of note that the percentage of successful candidates is much higher than in either 1909 or 1908.

The successful candidates in the Counties of Dufferin and Peel are:—

Dufferin—K. E. Brett, M. Cowan, E. McCullough (honors), A. E. McFarlane, R. R. MacKay, M. E. McManus, M. K. Mungovan (honors), I. Robson, H. R. Rowan, A. Sills, W. A. Spence.

Peel—G. L. Barrett, E. M. Bonham, F. Doherty, F. P. Ferguson, J. K. Groat, G. Ingolsby (honors), H. D. Leuty (honors), E. M. Leggett, R. McCallum (honors), M. E. Neely (honors), I. L. Roberts (honors), F. N. Walker.

Extra specials in Ladies' white dresses at Gillespie, Rogers & Co's.

ARCHIVES OF ONTARIO
TORONTO

The flies that are now in your kitchen and dining room were probably basting on some indescribable nastiness less than an hour ago, and as a single fly often carries many thousands of disease germs attached to its hairy body, it is the duty of every housekeeper to assist in exterminating this worst enemy of the human race.

THE CIVIC CANCER.

In a recent public address, Professor Ramsay Wright, of the University of Toronto, called attention to the great importance of giving serious attention to the moral, mental and physical condition of the immigrants who are flocking to our shores. He pointed out that the introduction of a bad strain into the national life was almost sure to be followed by its continuation, if not by its ultimate predominance. His remarks were intended to apply with greatest force to the city population. In the case of immigrants who settle on the land, their physical well-being, at least, is likely to take care of itself. But foreigners who come to our cities are apt to live in such a way as to injure their own health and that of their children, and at the same time, to create conditions which become a menace to the whole community. For this they are not altogether to blame. Most of them to begin with, are poor. Land is dear, rents are high. It is necessary that they should economize in space. Many of them also are ignorant. They have never learned the laws of hygiene. Some of them have been accustomed, at home, to live in the country where out-door life in the pure air compensated for much that was unwholesome indoors. They have not been taught the difference that city life makes. It is to such causes, then, as poverty and ignorance, combined, to a considerable extent, with indifference and vice, that we must attribute the growth of the city slum. It is fair to say that not the foreigner alone is responsible for the slum. Degenerate or unfortunate Englishmen, Scotchmen, Irishmen, Americans, Canadians, are to be found among the dwellers in these noisome districts of our larger cities. And the slum is self-propagating. It tends to breed those who are suited to its environment.

The slum has been called "a cancer of the modern civic organism." In the address of Professor Ramsay Wright, to which we have referred, he stated that decadence was most marked in slum populations. He stated also that in London probably twenty-five per cent. of the present generation inhabited the slums or were decadent, and that, owing to the habit of early marriage and the higher birth-rate this twenty-five per cent. would be responsible for not less than half of the succeeding generation. What all this tends to from the national point of view, is very clear. In view of the rapid growth of some of our cities, even in this new land, thoughtful and patriotic Canadians are beginning to ask what should be done to cope with the emergent evil of the slum ere it attains with us the unmanageable dimensions which it has reached elsewhere. It will be remembered that, at the late General Assembly, the Board of Social Service and Evangelism called the attention of the Church to the "Problem of the City," and, with other questions in regard to the cities of the near future, asked, "Will the people be guaranteed sanitary homes, a plentiful supply of light and air, abundant opportunity of safe recreation and clean amusement, and protection against grinding poverty? Will there be slums?"

These questions have not been asked too soon. Since the meeting of the General Assembly an investigation has been held in Toronto, under authority of the Medical Health Department, which disclosed conditions as bad in character, if not in extent, as those which exist in European and American cities. Out of 4,696 houses visited only 1,601 had baths. Not less than 2,207 were without proper sanitary conveniences. Two families or more were living in 2,137 of these houses. There were 198 one-roomed dwellings in which 472 persons lived. Among other conditions which were found occurring here and there were dark or sunless rooms, cellar dwellings, rear houses, overcrowded lodgings, and the like. The local Board of Health is impressed with the seriousness of the situation and proposes to take speedy action.

What is the cure for slum conditions? As has been suggested, there is a moral question involved, and this is one of the reasons why it is so desirable that the Church should take part in the solution of the problem, as our Church proposes to do. It will mean a great deal if the Church can establish herself in the very midst of the needy districts to carry on her mission of social service and evangelism. But there is a great deal that the Church cannot do, or that the people as a whole cannot do alone, and which must be done through their authorities. The methods used must be as various as the causes of the deplored conditions. Ignorance must be dispelled by education. Indifference and inertia must be disturbed by benevolent and judicious coercion. The greed of landlords must be tempered by governmental regulation. The general plan which commends itself to those of experience is that a permanent commission or trust should be formed, its members chosen perhaps by the Board of Health and Board of Control in conference with various organizations and public-spirited citizens, and that this trust or commission should be given large powers to deal with the whole matter so as to conserve the well-being not only of the slum-dwellers, but of the entire community of which they form part.—The Presbyterian.

Hotter Than Blazes

is that marvelous family liniment and pain-killer, Merrill's Wizard Lightning. Cures sore lungs, and throat, colic, cramps, gas on the stomach, earache, toothache, rheumatic and neuralgic pain and female monthly pain, almost instantly. Price 25c.

Sold and recommended by Thos. Stevenson, Druggist.

Easily applied, over wall-paper, or burlap, or on plaster. Washable, durable, economical. 15 shades. Made by Imperial Varnish & Color Co., Ltd., Toronto

RECOMMENDED AND SOLD BY S. A. McCARTNEY.

ELECTRICITY ON THE FARM

Hon. Adam Beck and Chief Engineer Sothman Return After Thorough Investigation of the Question in Europe.

Toronto, Aug. 1.—A highly interesting report of his European trip, undertaken in the interests of the Hydro-Electric Commission, and on which he was accompanied by Chief Engineer Sothman and Mr. W. Bert Roadhouse, Secretary of the Minister of Agriculture, was given by Hon. Adam Beck. Mr. Beck, who was en route to London, was met at the station by Secretary W. W. Pope, who briefly summarized for his chief the electrical situation in the Province.

Mr. Beck stated that throughout the continent they had found that electric power was being extensively used for farm purposes, and he hoped as the outcome of his investigations that the Commission would be materially aided in the proposed scheme of supplying farmers and small users of electricity in Ontario. The trip had been successful beyond the most sanguine expectations, and valuable information had been secured at the Electrical Exhibition in Munich, at which one of the most interesting features was a model farm fully equipped with electricity.

"In practically all the European countries electricity is largely and extensively used on farms of from 25 to 1,000 acres, for light and power purposes, such as threshing, cleaning of grain, chopping, root cutting, wood sawing, pumping water, milking, cream separating and butter making, warming and lighting houses, stables and barns," he said.

"At the municipal farm in Berlin, where over 400 horse-power is being used, the municipal representatives and the users of electricity were most courteous and willing to give us every information that we desired. The information secured will be of great assistance to the Commission in its proposed scheme of supplying farmers and small users of electricity.

"While we found that the cost of power and light for the farm was higher on the whole than it will be with us, the cost of distribution for delivery to the farmer was less, as they do not live on their farms, but are grouped in villages. Electricity from an economic standpoint should be of greater value to our farmers, as wages are from 50 to 100 per cent. higher here and farm laborers more difficult to secure."

The Minister further stated that the city of Berlin had adopted electricity as the motive power for their fire department, which had resulted in a saving of one-half the cost. Street watering carts with and without cleaning attachments, were also operated by electric motors and were extensively used in many German cities and towns.

Equipping the experimental farm of the Ontario Agricultural College at Guelph with electrical devices and giving the farmers practical demonstrations of what it will do, is his first idea.

"Let the farmers see what it will do for them and they will only be too anxious to avail themselves of its privileges, he said.

From an economic standpoint, electricity for the farm is, according to the Minister, unparallelled.

At the recent Entrance Exams, at Bowmanville, Master Alan Gale, not fourteen years old, son of Editor Jas. Gale, of The Erin Advocate, headed the list not only for that town but for the whole County of Durham, making 535 marks.

The town of Collingwood has the following debentures on the market:—fire hall, $14,000; consolidated debt, acct., 1899, $13,400; Board of Education, $30,000; public school, $15,000; sewers, $24,500. The above with the existing debenture debt of $468,088 will make a total debenture debt of $564,988.00.

A Tin Peddler's Love Story

He Found a Man Who Didn't Understand a Woman

By JOSEPH B. HUGHES

Copyright by American Press Association, 1911.

I was peddling tinware in the country, stopping at farmhouses to sell my goods to women. I was a successful tin peddler. The statement may seem superfluous to a story, but it is quite important in this one. Only one who understands the idiosyncrasies of women could sell them tin or any other kind of goods. Enough, I, being a successful tin peddler, must understand women. But the main reason why I think I understand them is because I know I don't.

On one of my tours I struck a young bachelor farmer and concluded to stop all night at his house. He had no woman to do anything for him, and he cooked and took care of the house himself. I asked him if he didn't need a helpmeet.

"Stranger," he said, firing up at once, "do you mean to insinuate that I might better take a woman into these premises?"

"What is the objection?"

"The objection is that they're the most rantankerous, deceitful, pryin', palaverin' creatures in the universe. I wouldn't trust one on 'em within forty miles of me."

"Perhaps you've been crossed in love?"

"I dunno what you mean by bein' crossed in love, but if it's fooled in love I've been that twict."

I had finished my supper, and my host had put away the dishes, which meant that he put them without washing into a big closet. He told me that he washed dishes once a week by carrying them in his farm wagon to the middle of the creek. There he did the work with a mop. I offered him a cigar, which he declined and brought out a cob pipe. Since I had an evening before me with nothing to do I encouraged him to talk.

"How have you been fooled in love?" I asked him.

"It was this a-way. I was born on this farm, and when I wasn't but sixteen a man bought the Owen farm, about two minutes down the road. He had a little gal about two or three years younger than me. She was the slickest thing you ever seen; mighty straight little figure, dresses not far below the knees and two pigtails behind tied up with ribbons. I never was a gal's boy and didn't care anything about her. When I met her on the road I used to go on the other side. Once when I passed her I noticed her lookin' sideways at me like a robin or a chipmunk. When she saw me lookin' at her she dropped her eyes on to the road and you'd 'a' thought butter wouldn't melt in her mouth.

"One day when I was fishin' in the creek I heard some one just below windin' in a reel and, lookin' through the trees, saw Mary Owen castin' in a line. I jist fished on, payin' no attention to her. First thing I knew I heard a cry. I left my fishin' pole layin' on the bank and went to see what was the matter. There was Mary holdin' out her thumb with a hook in it. The barb had gone into the flesh so far that it must be cut out. I tuk out my knife, opened a sharp blade and by doin' some slicin' into the thumb took out the hook. I must 'a' hurt pretty bad. She kep' up till the job was finished, then she fell into my arms with her head on my shoulder.

"I didn't think so then, but since I've been satisfied she just pertended to faint on purpose. That's the fust lesson in the deceitfulness o' wimmenkind I ever had. Even this little gal kid wasn't willin' to let a boy about her own age alone, he goin' his way and she hers.

"Waal, when she come to or pertended to come to herself she was lyin' in my arms lookin' up in my face. One faintin' wa'n't enough, so she had to faint ag'in. The reason for this was that my lips wa'n't more 'n a couple o' inches from hern, and I reckon she fainted the second time so's to give me a chance to kiss her.

"Waal, I done it, like a fool, and it tasted so good I done it ag'in and ag'in. I reckon if I'd a kep' on she'd stayed unconscious all summer. When she opened her eyes ag'in she pertended she didn't know I'd been kissin' her. I tied up her thumb with her handkerchief and told her to go home. But she didn't. She said she felt weak and sat on the grass with her back up agin a tree.

"We sat there till supper time. Then she went home, and I came back home too. That was the beginnin' of it. The next day I went fishin' again. I didn't care for the fish. I wanted to taste the little gal's lips ag'in. She didn't care for the fish in the creek. She was fishin' for a boy about my size. We done a heap of fishin' after that till I found the kisses didn't taste so good as the first ones I took, and about that time we younkers organized a baseball team, and I didn't go fishin' so much as I had been doin'; consequently I didn't see so much of Mary Owen.

"Fact of it was that I wanted to see how much Mary would hanker after me when she didn't see me. And there's where I first learned about her cussedness. Do you know, stranger, she didn't miss me a bit?"

"No, I don't know," I replied.

"What do you mean?"

"How can I know anything about it? Go on with your story."

"When she met me on the road she said good mornin' and went by without another word. If she had missed me she'd 'a' said, 'Why don't you go fishin' any more?' or somep'n like that. Instead she tuk up with a miserable galoot of a boy that went to the same school as her. He was knock-kneed, slabsided, freckled, and his teeth was black as coals. It made me mad to see him a-carryin' her books for her, she a-lookin' sideways at him. And the meanest part of it was her takin' particular pains to look pleasant at him just when I met 'em, to show me she didn't care nothin' about me and hadn't all along. If that wasn't cussedness I don't know what cussedness is."

"There wasn't anything cussed about you, was there?" I suggested.

"Not a bit. I was as innocent as a dove; got roped in just to be made a guy of. I was a stupid lunkhead then. Now I know better'n to trust one of the vipers. I tell you, I know all about 'em now; can't any on 'em fool me."

"Didn't you fall into any other traps?"

"Yes, once," he replied haltingly.

"Tell me about that one."

"It was the same gal, Mary Owen. She went away to boardin' school, and when she came back she was kind a cityfied. But she was purty. I tell you she was purty as a new painted mowin' machine. When she met me she talked about when we was boy and gal and our fishin' together, and all that, not sayin' anything about that slabsided boy she was leadin' on as she did me. She asked me to go with her to see the place where she got the fishhook into her finger. Like a fool, I fell into the trap again. I went with her to the bank of the creek, and we stood lookin' down on the water. There had been a turrable lot of rain, and the creek was high. Mary was laughin' and gigglin' as though she was mighty pleased about somep'n. She walked right up to the edge of the bank. The current had washed it away underneath, the piece she was standin' on broke off, and down she went with a splash into the water.

"Of course I jumped in, too; got her arm around my neck, swam with her to a place below where the bank sloped and put her, drippin', on the grass. What did she do but just what she'd done when she rammed the fishhook into her hand so she could make me cut it out. She pertended to faint."

"What did you do?"

"Oh, I made a fool of myself just as I done before. I kissed her."

He looked very much ashamed at having been obliged to confess that this imp of darkness had entrapped him a second time.

"What happened then?" I asked.

"What happened then? Why, I talked no end of soft stuff to her, and she shed some crockodile tears and all that, and when we parted we was engaged to be married. But when I got home and got to thinkin' how many times I'd been fooled and I was gittin' deeper and deeper into the pit she was diggin' for me I jist sot down and swore. Then I went to see her again and told her that what I'd been talkin' to her was all rot.

"She jist looked at me kind a cur'us for awhile, and then she up and confessed she'd been foolin' me all along."

The farmer paused, evidently having finished his story, the conclusion of which he seemed to consider bore him out in all his assumptions as to the wickedness of Mary Owen.

"How long ago did this last parting take place?" I asked.

"Oh, that was only three months ago."

"Mary hasn't married," I said, "and, what's more, she won't marry unless she marries you. Please excuse me for telling you the truth; but, though I've seen many big fools, I never before saw so big a one as you."

"Why, stranger, what do you mean?"

"I mean that from the first the girl fancied you, and since you wouldn't show any interest in her she practiced a feminine plan to make you do so. Then you dropped her, expecting her to show how she took the slight as you thought she should show it. She wouldn't have been a real girl if she had. Since then she has been giving you chances to stop making a fool of yourself, which you have been too stupid to take advantage of. It's quite possible that you've made such a blunder of the whole thing that you'll never be able to straighten it out with her. You have probably committed the unpardonable"—

By this time he was looking at me wildly out of his eyes, his color all gone from his face, apparently conscience stricken at what he had done. At the mention of the unpardonable sin he collapsed.

"Go right off and humble yourself before her for the jackanapes you are, and, ten to one, she will forgive you."

"Do you really mean it?"

"Yes, I do."

He left me alone in the house and went away to learn his fate. I went to bed and to sleep. At midnight he woke me up with a whoop and shouted into my ear:

"It's all right. I've fixed it up with her. We're goin' to be married right off."

"I'll give you a tin colander for a wedding present," I replied. "That's more than you deserve."

I made a visit to the couple after they were married. I never saw such a subservient husband in all my life. Not that his wife dominated him, at least not intentionally. His action during his long courtship seemed to have taken away all his self confidence and left him like a child. He never recovered it, remaining always a self constituted slave.

The Kidneys Wear Out

But in advanced years you can keep these organs healthy by using Dr. Chase's Kidney-Liver Pills.

As old age comes on many people suffer more or less from disarrangements of the kidneys. With some there are years of pains and aches, with others Brights's disease sets in and the end comes quickly.

Fortunately many have learned about Dr. Chase's Kidney-Liver Pills and are enabled by their use to keep the kidneys healthy and active.

Mr. Richard Preston, Osborne, Lambton County, Ont., says: "Seventeen years ago I began the use of Dr. Chase's Kidney-Liver Pills when my back was so bad that to stoop or rise was torture to me. The kidneys were in bad condition, but these pills entirely freed me of back pains. I have used them ever since, whenever the kidneys would get out of order, and now, at eighty years, am well and hearty, thanks to this grand medicine."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

FARMERS IN PARLIAMENT.

The issue upon which the pending Dominion elections will be fought at the polls is reciprocity, not reciprocity in manufactured goods, but reciprocity in natural products or those produced largely on farms. This being so, the farmer is the person most interested. He is the one who will gain or lose by the coming into force of the trade agreement and who should be most competent to judge of its merits when it comes to legislative enactment in regard to it in the House of Commons. It, therefore, seems opportune to have as many farmers elected to Parliament as possible at this juncture. No person is better qualified to deal with the question before the country than the well-read, intelligent farmer. He has something at stake in regard to it. It will affect his business more than that of any other citizen, and farmers should see to it that they have a say in deciding who should represent them in Parliament on this occasion. Then, aside from the reciprocity issue, there are good and strong reasons why there should be more farmers in Parliament. In the first place agriculture is not as fully represented as it ought to be, and we are not advocating anything in the way of class representation in saying so. For the proportion of farmers as compared with other classes is woefully small and there is need for a little leavening of our legislative material by electing more level-headed, intelligent farmers to Parliament. The farmer knows his needs in the way of legislation better than anyone else and should have more say than he has had in securing such legislation and in moulding it to best meet the needs of those interested. —Canadian Farm.

A rural mail delivery route has been established between Alliston and Rosemont.

A Good Defence Against the White Plague

No one can afford to lessen their power to-day, and to have power they must have good machinery.

The human body is the greatest machine ever produced—the most wonderful mechanism in the world.

It is sheer economic waste not to keep your body in the best condition.

There is no valid excuse for allowing the tissues to become attacked by the white plague. You need your health and Canada needs you.

Insure against it by building up your reserve forces and bodily defences.

The best defence you can get is Nyal's Cod Liver Compound. It builds up the tissues and prevents disease.

A delicious tonic and a splendid vitalizer; puts on good, solid flesh, and makes you feel fit for any task.

For the puny and backward child there is nothing better. Nyal's Cod Liver Compound will soon bring the rosy health to the cheek and give vigor and vitality.

Your own Druggist cheerfully guarantees Nyal's Cod Liver Compound.

Sold and guaranteed by Dr. A. J. Hunter & Co., A. T. Howard, Orangeville.

Nyal's FAMILY REMEDIES

CORONATION PORTRAITS.

King George V. and Queen Mary.

The Banner has made arrangements by which our readers can secure most beautiful Coronation portraits of Their Majesties King George and Queen Mary. They are by the celebrated "Langfier," of London, and copyrighted. The Family Herald and Weekly Star of Montreal has secured the Canadian rights, and is now offering these portraits free of charge to all who subscribe to that great weekly for the balance of 1911 at Fifty Cents. We will include The Banner with The Family Herald and Weekly Star for the same period for only 75 cents, and each subscriber will receive the Coronation pictures. The two portraits are on the one sheet, size about 18 x 15 inches a most convenient size for framing. They are acknowledged by competent judges to be the best portraits of Their Majesties in existence and will become historical, growing in value year after year.

The small sum of 75 cents will bring you both papers until January 1st, 1912, and the Coronation portraits. The latter alone could not be bought for the price.

Hail did some damage in Albion a week ago Sunday.

Dr. G. I. Campbell, Grand Valley, will take a trip West about Sept. 15th.

Chatham's City Council has inaugurated a vigorous crusade against the house fly.

Mrs. Mark Langdon died at her home in Kemilworth recently in her 77th year.

Renfrew has a population of 3851, an increase of 698 since last Dominion census.

Judge Denton has been appointed chairman of the Manhood Suffrage Board for Toronto.

Noble Greenaway, West Garafraxa, had three horses killed by lightning during a recent storm.

Dr. John A. Scott, of Collingwood, died at his home there recently, at the early age of 53 years.

Robt. Saunders, teamster, of Hamilton, was thrown from a loaded lorry, and run over, both legs being broken.

In Leeds County there is much dissatisfaction over the results of the entrance exams. Only 49.5 per cent. passed.

Ayton is this summer erecting a new public school building. The corner stone was formally laid on Friday, August 4th.

Rev. J. Munro, retiring pastor of Grand Valley Disciple Church, preached farewell sermons to large congregations on Sunday.

The Chatsworth-Durham stage has again changed hands. Mr. J. D. Brandon having sold out to Mr. Fallaise, of Durham.

Quick as a lightning flash pain disappears when you take Merrill's Wizard Lightning. Clean to use externally, hot but pleasant internally. Price 25c.
Sold and recommended by Thos. Stevenson, Druggist.

Fireman Fitzgerald, the hero of the fire at Hamilton Asylum, will be promoted to a lieutenancy and placed in charge of the auto-truck.

The Artemesia School Board have engaged Miss L. M. Philp, B.A., of Dundas county, to take the position vacated by Miss McKenzie.

Emerson Esch, 24 years, married, was electrocuted when he touched a live wire while working at the top of a pole at Berlin, Ont.

Peel Liberals are likely to nominate W. H. Lowe, a Chinguacousy farmer, as their candidate against Rich. Blain, the present member.

The jolting of an engine over a switch threw Brakeman Frank Newby off the footboard of the tender at Niagara Falls, and he was instantly killed.

Thos. Mercer and James Brady, of Markdale, have left for Glasgow, Scotland. They will bring home with them a consignment of stallions and fillies.

Jack, the five year old son of A. E. Colgan, of Dundalk, while at play a week ago Saturday fell off an out building and broke the large bone in his wrist.

While working in the Markdale Furniture factory, Harold Mercer had three fingers of his left hand badly crushed and mangled in the machine called the sander.

Conn and Woodland Presbyterians have extended a call to Rev. S. H. Moyer, of St. Helens, offering a stipend of $950 with free manse and three weeks' vacation.

An old resident of Mount Forest passed away Tuesday in the person of James Elliott. Deceased was one of the veterans of 1866 and was awarded a medal for that service.

While paddling in the water in front of their father's summer cottage at Beaumaris, Muskoka, Samuel and Elizabeth Willock, age seven and five years respectively, got beyond their depth and were drowned.

The returns of the Guelph Junction Railway Company for the quarter ending the 30th June last show the earnings of the road for the three months to be $8,897.37, as against $8,066.00 for the same period of 1910.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

Belleville Board of Education has awarded contracts for two new schools costing $90,550, to G. W. Bennett.

Mr. J. M. Clarke, of Fergus, sold his 100 acre farm on the 16th of Peel to Mr. John A. McKee, of Fergus. The price paid was $5000.

G. P. Keye, principal of the Horning's Mills public school, was married recently to Miss Lizzie Allen, daughter of Mrs. John Allen, of the same place.

So cruelly did Fred. Henderson and Wm. McFadden beat a livery horse, in London, that Magistrate Judd, in fining them, regretted he could not order the lash.

Mrs. Chatters, Sr., an elderly lady, living in Grand Valley, went to the bush the other day to gather some berries. She slipped off a log and broke an arm below the elbow.

The Alliston Herald and Creemore Star will not be published next week. On Saturday, July 28th, Thomas Lauder, Sr., completed 40 years service as Registrar in S. Grey.

Mr. and Mrs. Wm. Stewart, of Fergus, announce the engagement of their daughter, Miss Irene Matilda Stewart, to Mr. W. A. Poole, of Palmerston, son of Mr. and Mrs. Oliver Poole, of Stratford.

The Artemesia Rural High School receives a government grant this year of $1231.87. Only one other continuation school in the county receives as much, and that is Durham, which employs three teachers.

George Nichols, aged 35, a baker of New Dundee, was thrown into the ditch near that village while driving a wagon laden with flour. The wagon collapsed. Nichols' neck was broken, and he was dead when found.

The Mt. Forest Business College has changed hands, Mr. Clancy having sold out the institution to Mr. D. A. McLachlan, of the Stratford Business College, who will continue on the college and be its manager.

The London Free Press of August 5th contained a despatch from Highgate which stated that Clifford Love, of the Highgate school, was the youngest candidate in Ontario to pass the entrance to the Normal school. He is fourteen years of age.

Mr. H. W. Dawson, of Toronto, has sold Mr. James Currie's 180 acre farm in Toronto Township to Messrs. George Bellamy and W. C. Sanderson, Canadians who have been residing in Washington territory, U. S., but who were anxious to return to Canada.

A quiet wedding took place in the Baptist Church, in Brampton, on Tuesday evening, August 8th, when Miss Susan Irene Fleming, elder daughter of Mr. Peter Fleming, was united in marriage with Dr. C. L. Davis, of South Dayton, New York, Rev. A. Ward, B.A., officiating.

Miss Parks, of Banks, met with a serious accident a week ago Saturday by being thrown from a bicycle. The young lady was coasting down the hill on the mountain when she lost control of her wheel, and was thrown violently to the ground. A fractured skull and numerous bruises left her in a very precarious condition.

URIC ACID SUFFERING.

Uric acid is an accumulation of poison which finds lodgment in the system when the kidneys fail to remove it from the blood. In the kidneys and bladder it forms stones, in the joints and muscles it causes rheumatism. In any case the pain and suffering is almost beyond human endurance. Uric acid is promptly removed from the system when the kidneys are kept healthy and active by using Dr. Chase's Kidney-Liver Pills.

By the will of his uncle who died recently in Port Rea Isle of Sky, Scotland, Alexander Clarke, a farm laborer on the farm of Mr. J. H. Gilmore, near Salem, has become heir to a small fortune—$10,000. He has replied to the solicitor's letter informing him of his luck, and in the meantime is going about his work as usual.

In the standing field crop competition of the members in connection with the Dufferin Central Fair, the following are the prize winners:— Wm. Hudd, Horning's Mills, 1st; R. M. Mortimer & Son, Honeywood, 2nd; Lemuel Ostrander, Redickville, 3rd; Geo. E. Foster, Honeywood, 4th; Wm. H. Hall, Whitfield, 5th; Archy Greer, Perm, highly recommended; Geo. F. Gabriel, Hall's Corners, recommended.

Mr. James Farrell, of Streetsville, through his solicitor, Mr. Roswell, has filed a writ against the C. P. R. claiming $600 damages. Some years ago the story goes, James conveyed to the C.P.R. a piece of land for $1 and an agreement to keep water supplied to the fountain in front of his hotel. The C.P.R. has made changes in its waterworks system and cut the fountain off. James wants the fountain going, or damages.

A heavy rainstorm passed over portions of Albion, King and Tecumseth townships a week ago Thursday last doing a large amount of damage. It caused many washouts and many culverts and bridges were swept away. The Lloydtown district suffered very severely. In Bolton Walshaw's dam went out about midnight, the timbers, stumps, etc., wrecking Dick's dam, and lodging against McFall's dam. The overflowing of the banks at the foot of Mill street flooded gardens and yards, and did considerable damage to the race bank. Walshaw's mill has been shut down while repairs are being made to the dam.

Cheaper to Clean or Dye than Buy

Your "best" dresses and tailored suits—your soiled curtains and draperies—all will look as fresh and bright as new after we clean or dye them.

The cost is small, you run no risk of having expensive things ruined, and we pay express charges one way on out-of-town orders. Write for our Booklet telling all about our processes and prices.

FOUNTAIN MY VALLEY
30 Adelaide W. Toronto 10

It is reported that Warden McKnight, of Grey County will oppose Dr. T. S. Sproule at the approaching Dominion election.

Miss Edith Beattie, of Colbeck, was operated on in Grand Valley a week ago Monday for appendicitis, and is progressing favorably. She is the third member of the same family to be operated on in the same room, by the same doctor for the same disease.

A quiet wedding took place early a week ago Tuesday morning at the residence of Jonathan Sleightholm, Main St., east, Shelburne, when his niece, Miss Alice Maud Sleightholm, daughter of Frank Sleightholm, of Filmore, Sask., was married to R. Elwood Duffy, son of Mr. and Mrs. Joseph Duffy, of Grand Valley. The Rev. J. S. Stevenson, B.D., of Laurel, performed the ceremony in the presence of the near relatives of the bride and groom.

A peculiar accident happened at the Presbyterian Church here on Saturday night. The lightning ran in on an electric light wire, igniting the escaping gas from a leaking jet in the vestibule. The imperfect combustion of the gas continued for about four hours so that when the caretaker arrived about 6.30 he found the interior of the church covered with a fine layer of soot or carbon. This carbon is of an oily nature and very hard to remove, and it will be difficulcult to fix the extent of the damage until the insurance is adjusted and a clean-up takes place. Services will be held in the school room until repairs are made. The occurrence is particularly unfortunate as the interior of the church had just been repainted and furnished.—Bolton Enterprise.

WHY OWN WEBSTER'S NEW INTERNATIONAL DICTIONARY

THE MERRIAM WEBSTER?

Because it is a NEW CREATION, covering every field of the world's thought, action and culture. The only new unabridged dictionary in many years.

Because it defines over 400,000 Words; more than ever before appeared between two covers. 2700 Pages. 6000 Illustrations.

Because it is the only dictionary with the new divided page. A "Stroke of Genius."

Because it is an encyclopedia in a single volume.

Because it is accepted by the Courts, Schools and Press as the one supreme authority.

Because he who knows Wins Success. Let us tell you about this new work.

WRITE for specimen of new divided page. G. & C. MERRIAM CO., Publishers, Springfield, Mass. Mention this paper, receive FREE a set of pocket maps.

THE BANNER

THE BANNER, AUGUST 17, 1911.

THE AMERICAN VIEW.

The American view of the reciprocity treaty is concisely set forth by President Taft in an article in a recent issue of Leslie's Weekly.

After pointing out that reciprocity has vastly increased the volume of trade between the United States and Cuba, Port Rico and Phillipine Islands, the President proceeds to state that one of the great objects of the treaty is the conservation of the natural resources of the United States. The general lumber supply and the supply of spruce wood for paper making are both being rapidly exhausted. An adequate supply of rough lumber at reasonable prices is essential to the welfare of the people and it is also of the utmost importance to consumers and manufacturers of print paper that they secure their raw material at reasonable prices. Reciprocity will enlarge the sources from which this raw material may be obtained by giving freer access to Canada's immense forest and pulpwood resources. Coming to farm products, the President points out that Canada is a great importer of fruits from the United States, and imports largely of cottonseed, oil, horses, potatoes and other farm products. In a word the United States exports to Canada about fifteen times as much of meat and dairy products as Canada exports to the United States. "The only real importation of agricultural products," continues the President, "that we may expect from Canada of any considerable amount will consist of wheat, barley, rye and oats. The world price of these four cereals is fixed abroad, where the surplus from the producing countries is disposed of and is little affected by the place from which the supply is derived. Canadian wheat nets perhaps ten cents a bushel to the producer than wheat grown in the Dakotas or in Minnesota, due to the fact that the cost of exporting that wheat and warehousing it and transporting it to Liverpool is considerably greater than the cost to the Dakota farmer of disposing of his wheat to the millers of Minneapolis, or sending it abroad."

If the duty is taken off wheat, argues Mr. Taft, Canadian wheat will find its way into the hands of the American millers, because the capacity of the American mills is thirty-three per cent. greater than is needed to mill the wheat of the United States. Canadian wheat can be imported and converted into flour with materially reducing the demand for or price of American wheat. On the other hand the price of wheat to the Canadian farmer will be slightly increased by reason of gaining free access to nearby markets. Generally speaking reciprocity will increase the sale of agricultural products across the border, both ways to nearer markets than they now reach in many instances. The trade ought to be beneficial to both buyer and seller.

The concluding portion of the President's article is so pertinent that we quote it in full. He says:—

"We have a people numbering 90,000,000, occupying the best part of the North American continent, with the widest variety of products and with an unexcelled fertility of soil. To the north of us are a people just like ourselves, in descent, in wealth per capita, in education, in traditions, in ambitions and aspirations. They have a country nearly equal to ours in area, not so fertile generally and certainly not so rich in the wide variety of agricultural products. Ther are 7,000,000 people. With them we have a trade of $325,000,000 a year. We export to them $225,000,000 a year. If we deduct from our exports to Germany, which is nearly nine times as populous as Canada, the value of cotton and the copper that we send there, it will be found that we export more of our manufactures and agricultural products to Canada than we do to Germany, and that England is the only foreign customer we have that takes more of our goods than this comparatively small population of Canada. If Canada continues to grow, what may we expect to sell her if we reduce the tariff wall, introduce as near as we can free trade and she increases her population from 7,000,000 to 30,000,000? Shall we not be flying in the face of Providence to maintain a wall between us and such a profitable market as she will furnish us?"

Mr. Taft's article makes it very plain that he expects the people of the United States to reap very important benefits from the reciprocity arrangement. It does not necessarily follow from this that the Canadian people will be the losers by the treaty. It may be that the benefits will prove mutual and that Canadians will reap equal or even greater benefits from the enjoyment of freer access to the markets of the United States. That is a point, however, upon which the Canadian electorate should endeavor to satisfy itself. We are not particularly concerned in Canada as to whether or not reciprocity proves a boon to the people across the border, but we do want to be reasonably certain that it will bring Canadians an increased measure of prosperity.

MILLINERY Apprentices wanted at Ritchie's.

PEEL LIBERALS NOMINATE A CANDIDATE.

Mr. W. H. Lowe, of Snelgrove, Their Choice—Hon. Mr. King Speaks.

The convention of the Peel Reform Association held Saturday, August 12th, in the Town Hall in Brampton, was largely attended from all parts of the County. The unanimous choice of the convention was Mr. W. H. Lowe, a well-known farmer and cattle dealer, of Snelgrove, Chinguacousy township. Four other candidates stood for the honor, but when Mr. Lowe was seen to have a majority of the votes cast the other contestants immediately made the choice unanimous and pledged their individual support. These were Messrs. H. W. Dawson, Toronto; James Pearson, Toronto, Wm. Algie, Alton, and Robert Smith, Bolton.

The former Liberal standard-bearer, Mr. E. G. Graham, told the meeting that he could not enter the arena on this occasion owing to the pressure of professional duties. Mr. J. M. Godfrey, of Toronto, and Mr. John McBride also declined the nomination.

Mr. Lowe is well and favorably known throughout the riding. He is a young man of energy and business ability.

Hon. W. L. Mackenzie King, Minister of Labor, was the chief speaker, and his address, delivered with force and eloquence, was roundly applauded, and made a visible impression upon the large number of representative farmers present.

In introducing the speaker, the Chairman, Mr. John H. Watson, President of the Peel Reform Association, eulogized the work accomplished by Mr. King.

"This reciprocity agreement proceeds on a basis of what is the first principle of business," Mr. King declared during the course of his remarks, "and that is to get the most customers possible. Those opposed to the proposal say we have two markets now—England and Canada. What more do you want? I would say in reply, if I were a farmer: "I want what you want, to better myself." The farmer in this country wants another great market—namely, the United States, with its ninety millions of people, but the duty prevents him from selling there. When reciprocity becomes law, as I believe it will, then our farmers will have a great and profitable market opened to them."

"Do the farmers want only, say, nine millions of buyers at home, together with the market of Britain, or do they want in addition a free market of ninety millions of people in the United States?" This was one of the questions put to the audience.

The Minister caused a good deal of merriment when he told of an incident reported from a Borden meeting in the West. Mr. Borden, with a grand flourish, quoted Sir John Macdonald's words—"A British subject I was born, a British subject will I die"—when an aged farmer arose and said: "There are nearly nine millions of Canadians who will die British subjects, but the question is, now are we going to live as British subjects?"

Imperialists said that we are going to become disloyal by voting for reciprocity. We were prepaiting to become annexationists, they thought. It was a great pity, said the speaker, that this clap-trap should be raised now. The Tory party was falling back on the old chord of patriotism, which they had played so frequently the reason was plain. They had no argument on hand to meet the situation.

Last election the Conservatives had said: "It is time for a change." Now the slogan ran: "Leave well enough alone." "That is what the people will say when the Liberals once more come back," observed the speaker, amidst an outburst of applause.

The agricultural industry was the greatest in this country—all wealth comes from the land in the last analysis. If a great nation was to be developed here a great agricultural community must be developed. Canada had the land and she had the climate. Her natural products were of the finest quality, so she need fear nothing from American competition under a reciprocal trade agreement.

In conclusion Mr. King sounded a note of warning. The "food monopolists," as he termed them, were becomining more and more in evidence in this country, and under our present exclusion from American markets were fattening upon the masses.

Children's Hats and Ladies' Millinery, half price at Ritchie's.

$1,000,000 ADDITIONAL CAPITAL.

Toronto, Aug. 14th (Special) — In order to meet the demands of their steadily growing business the Sterling Bank of Canada announce an issue o 0$1,000,000 of additional capital, which will be offered to shareholders of record August 7th in the proportion af one share of new stock for every share of old held on that date.

The Sterling Bank, owing largely to its conservative management, has made very steady and substantial progress during the past few years, and it has been evident for some little time past that if it were to keep pace with the development of business it would find it advisable to secure additional capital. The Sterling is the third bank to announce an increase of capital during the past week. The Bank of Montreal and Bank of Toronto have already given similar notice to their shareholders.

MODERN DENTAL APPLIANCES.

Electrical Machines and New Gold-Filling Process Mean Better Work and Less Suffering for Patients

Electricity Plays an Important Part in Work of an Orangeville Office.

There probably is no branch of surgery, which has made such advances in recent years as dentistry. To the average human being a visit to a dental office has always been looked forward to as a dreaded necessity to be postponed as long as possible. But in recent years science has done much to eliminate many of the more painful operations connected with this profession.

Recently we had the pleasure of examining several modern appliances, which Dr. Campbell, a leading dentist of this town, has had installed in his office. Prominent among these is an electric engine, the steady action of which is in marked contrast to the painful vibrations of the old foot-power machine, and also makes possible a rapidity of operation in the excavation of decayed tissue, that minimizes the pain to a marked extent. In connection with this there is also an electric water warmer, which maintains water used during the operation at exactly blood temperature, with the result that the frequent shocks from a douche of hot or cold water in a sensitive cavity is entirely done away with.

For many years a great many of the leaders in dental surgery have been endeavoring to find some method of inserting gold — probably the most important filling material used —in some manner that would do away with the much dreaded and disagreeable rubber dam and ligatures and the nerve wrecking pounding of the automatic mallet. This has recently been accomplished in the perfection of the vacuum casting process, by which method the filling may be inserted in one solid piece, with almost absolutely no pain whatever. The process was demonstrated to the writer, Dr. Campbell using a machine, which by creating a vacuum permit of the molten gold being cast the exact shape and size of a wax model of the cavety without any shrinkage. Like most wonderful discoveries the new process is quite simple, but it nevertheless ranks as probably the most important achievement in modern dentistry.

While adding these modern appliances to this office equipment, Dr. Campbell has not slighted his laboratory, which is a very important part of every dental office. To get away from the oldtime laborious and imperfect method of polishing and finishing gold and plate work, an electric buffer has been brought into requisition. With the aid of this appliance, a finish can be imparted to this class of work that was hitherto unattainable. It is a source of satisfaction to note these evidences of Dr. Campbell's progressiveness and his determination to give the people of Orangeville and vicinity the advantage of having within their reach one of the best equipped dental offices in Western Ontario.

RATE 27 MILLS.

Town Council Does Not Think Present Time Favorable for Submitting Bonus Laws.

The Town Council held a special meeting on Friday night to finally consider the by-law fixing the tax rate for the current year. As intimated in last week's Banner the rate was struck at 27 mills, which is 1 mill higher than last year's rate. The increase is due entirely to the higher County, High School and Public School rates.

Some time was spent considering the propositions to grant loans of $30,000 and $7,500 respectively to J. M. Dods, of Alton, and the Hamilton & Lewito Knitting Co., of Glencoe. Both concerns are willing to start knitting mills in Orangeville, provided they are granted financial assistance. The Clerk was finally instructed to write the two companies stating that the Council was favorably impressed with their propositions, but thought it unwise to submit the necessary money by-laws until the town had received the insurance money on the Hurndall furniture factory. This factory, our readers will remember, was burned to the ground about two months ago. The town held a mortgage on the building as security for a loan of $15,000, of which only $2500 has been repaid. The loan was further secured by the fire insurance. The interested companies have not yet paid over the insurance.

A. A. Hughson's account of $2 was passed. The Bell Telephone Co's. account of $5.86 was referred to the Property Committee with power to adjust and T. J. Robinson's account of $3 went to the F. & W. Committee.

Before adjourning for a month, the Council authorized the Clerk to issue for laborers' wages upon the written order of the Mayor. Council will not meet again until Sept. 18th.

HARVESTERS' EXCURSION

The first C. P. R. harvesters' excursion from this section was run on Saturday, commencing from Teeswater. The excursion train pulled out of Orangeville with eighteen coaches, most of which were fairly well filled. Among those who bought tickets through Carson V. Jeffers, up town C. P. R. agent were:— Mr. and Mrs. Robert Patterson' Miss Jessie Phoenix, Arch. McQuilkin, Thos. D. Smith, W. E. McFadden and Cecil and John Bloomer, all from Mono Centre and vicinity; Archie Campbell and A. Hannahson, Mono; Will Spence, Whittington: Grant Park, Albert Clark and Gordon Lackie, Orangeville; Jas. G. Ward, Ed. Manley and John Green, East Garafraxa.

JUNIOR MATRICULATION.

Department Announces Names of Successful Candidates.

The results of the junior matriculation examinations were announced by the Department of Education on Friday, accompanied by the following explanatory statement:—

The list contains the names of three classes of candidates, arranged in three separate groups—A. B. and C.—under each county.

In group A are given the names of all candidates who have obtained complete junior matriculation by passing on the eleven required examination papers, which are as follows: English composition, English literature, history (ancient and British and Canadian), algebra, geometry, Latin authors, Latin composition, together with the four pages in two of the following subjects: Experimental science (physics and chemistry), French (authors and composition), German (authors and composition), Greek (authors and composition).

In group B are given the names of those who have passed in at least eight of the papers required for complete imatriculation, and have obtained the minimum required on the whole examination. They have, therefore, failed in not more than three of the required papers. The papers in which these candidates have failed will be shown on their certificates. They may complete matriculation by passing in all the remaining papers at one subsequent examination. In this list will be found the names of successful candidates who have written only on those papers required for matriculation into the faculty of applied science.

In group C are given the names of those who have written upon any number of matriculation papers less than the eleven required for complete matriculation, and who have passed on all papers upon which they have written, but who have not obtained partial matriculation as in the case of those in group B. In this list will be found the names of successful candidates who have written only on those papers required for matriculation into the Ontario College of Pharmacy.

Normal entrance candidates, who were also candidates for matriculation, have been considered in the above results. The names of such candidates, if successful in obtaining complete matriculation, are included in group A, and, if partial, in group B.

The certificates of the successful candidates and the statements of marks of those who failed will be sent to the Principals of the high schools and collegiate institutes, or to the public school inspectors in a few days. Candidates will apply to these officials, not to the department, for the reports in detail.

Dufferin and Peel County students who passed the examination are:—

DUFFERIN—A—R. R. McKay, R. C. Wood.

B—J. J. Babe, E. Keith, A. M. Kink, R. McGillivray, H. R. Rowan, C. I. Scott, W. A. Spence, A. Silk, A. A. Waller.

C.—W. T. Holmes, I. P. Porter.

PEEL—A—F. P. Ferguson, J. K. Groal, R. McCollum, G. Y. Nobel, I. L. Roberts, F. N. Walker.

B—J. Ballinger, W. P. Dale. G. Ingoldsby, N. H. Russell.

C—A. Frank E. M. I. McKenzie.

WHITTINGTON.

The Whittington Branch of the Women's Institute met at the home of Mrs. William Phillips on Tuesday afternoon. The following subjects were discussed:—"How to Make the Institute a Success" and "Child's Rights"

Mr. and Mrs. G. Moore spent Sunday at Relessey.

PRIMROSE.

In due time we arrived at the camping grounds having decided to come along to get some pointers on horse trading. The last time we had a trade it was with Ab. Madill, and of course we were wiser after than before. Anyhow almost before the tents were pitched there were a number of old hands on the scene and among the number we noticed Tom Gillespie and Adam McKibben. Well, just here the fun began. The dwellers in tents exchanged a shiny bay for a black, getting some boot to be sure, but before many more deals were made the black had grown a beautiful cream coat and once more got a new owner. Just then Bob Campbell arrived, bubbling over with excitement, with the news that a deer was in his berry patch and wanting assistance to capture it. Going up the Second Line we met Lige, who, upon learning the news, explained that as he was an old hand at the business and would soon make a capture. We journeyed on and in a short time met Jimmy Brown with his new driver giving Eddie Ferris a lift to the gate. We also ran across Eddie Cove, who said King had gone on strike taking Pete and the scraper with him and had left the diggins apparently for all time. Henry also informed us that Jack Wallace had taken a flying trip on a binder and that everything was O. K. after a flight of two concessions. Well, on Wednesday morning our friends started for Dundalk, so we decided to go east by ten sideroad, stopping at Masonville to inspect Henry Phillips' new separator. We couldn't decide, however, whether it was for milk or wheat. Anyhow Henry sent us over to Charlie's to get some honey and we found him busy hauling in alsike, so we helped him to draw in, and he helped us to the honey. We soon had all the honey we wanted for that time, so started for Rice Hill's to see if there was any mail there for us. On the way we gave Will Reburn a lift to his place. He told us to be very quiet going by the next house as there was a Wake in there, and he thought it was always a solemn occasion. We therefore passed by as quietly as mice and shortly afterwards came upon Johnnie McQuarrie, who invited us over to Geo. Reburn's, exclaiming that they had some fine berries over there.

Brutus.

MONO CENTRE

I wish to inform the readers of this paper that the report which had spread a broad concerning the taking of a load of chops to Markle's mill is absolutely false. There was certainly no dishonest act or dishonest intention on the part of the honourable young man of our neighbourhood. WM. DERMOTT, Mono Centre, Ont.

See Gillespie, Rogers & Co.'s specials in Wash Ribbons at 10c. per belt.

CHARLESTON

On Saturday last when the harvesters' excursion train left this station the following eight of our young men were on board, Messrs. Chester, William George, and James Glassford (three brothers), Kenneth Kearns, Ambrose McCormack, Earnest Killeen, Wm. Gibson and Fred. Malyon. We wish them a successful sojourn.

Mrs. John Atkinson, wife of our genial and obliging station agent, left on Tuesday evening last for a visit to the West. Mrs. Atkinson will spend most of her time with her son in Winnipeg, but intends going on to Vancouver where she has two nieces.

Mr. J. A. Willoughby motored from Georgetown one day last week with a couple of would-be purchasers for the Bull property near here, for which Mr. Willoughby is agent.

Miss Ana May Vanwyck has returned home after spending a month with friends in Detroit.

Mr. and Mrs. Wm. McCartney spent Sunday with friends in Brampton.

Mr. Thos. Smith represented this ward at the Liberal convention held in Brampton on Saturday last. We hear that the name of our esteemed townsman, Mr. Henry Dodds came before the convention as a probable candidate but feel sure that this is a huge blunder as Mr. Dodds always kicks with the other foot.

Local Conservatives will journey to Brampton next Saturday to attend their convention when they hope to select a man in whom Mr. Wm. Lowe will find an opponent worthy of his steel.

Subscribers to the Consolidated Telephone Company who are fortunate enough to live above Lot 14, have now free exchange with the Bell system in Orangeville.

Wedding bells will ring next Wednesday for one of Caledon's popular young ladies.

Mr. W. J. Dodds, of West Toronto, formerly one of our local merchants, is renewing old acquaintances in the burg.

Mr. T. Vanwyck, also of West Toronto, is holidaying with friends here.

Mr. R. T. McGillvray will leave on Tuesday for a three months' trip to the Great West. He will spend the time at his disposal in Winnipeg, Yorkton, Saskatoon, Calgary, Edmonton, Los Angeles, and Red Bluff, Cal. Mrs. McGillvray will have charge of the business during his absence.

ALTON.

The Winnipeg Free Press, of August 9th, says :— "The Winnipeg City band, under S. F. Barrowclough, gave an excellent concert in the city park yesterday afternoon, and although there was a drizzling rain most of the time, the crowd stayed until the finish of the national anthem. Every piece was played in a musicianly style, the selections, Maritana, Masanella, Faust and Morning, Noon and Night being well rendered and showing careful training. Miss Ada Frances Lemon, a contralto from Toronto, sang Killarney with band accompaniment, and received a rousing encore. Miss Lemon possesses a voice of remarkable compass, powerful and under admirable control. It is understood that the concerts are to be kept up throughout the season.—Miss Lemon is a daughter of Mr. P. V. Lemon of this place.

Rev. Donald McKay, of Cawall, a former pastor of the Presbyterian congregations of Alton and North Erin, will pay his old charge a visit next Sunday, Aug. 20th, and conduct the morning and evening services in Alton, and afternoon service at North Erin.

The lawn social given by the Ladies' Aid of the Presbyterian Church at the manse the other evening, was a magnificent success. The receipts of the evening amounted to $67.

Mr. A. Bates, of the firm of Bates & Dodds, undertakers, Toronto, spent a few days in Alton this week, and was the guest of Mr. Robt. Clark.

Rev. Dr. and Mrs. Armstrong, are spending a couple of weeks' holidays at Dunchurch.

Almost a dozen of our young men left for the West on the Saturday and Tuesday excursions.

MONO MILLS.

Rev. R. J. W. Perry and Mrs. Perry visited friends in Lloydtown this week.

Miss Estella McManus' many friends here will be pleased to learn of her success in passing her normal entrance exam, being one of nine out of thirty-three who succeeded. We understand Miss McManus will take up her model course in September.

The sad and startling intelligence of the death of Mr. R. H. Duke, of Vancouver, B.C., was received by his friends here last week. Mr. Duke had been quite well up to the Saturday previous to his death, but on being taken ill an operation for appendicitis was found necessary, which was performed on Monday, August 7th, but was followed by fatal results, his death occurring on Wednesday. The funeral was held on Friday afternoon the body being interred in Vancouver cemetery. Mr. Duke was well known here, being the fourth son of the late Wm. Duke, 6th line, Mono. Since taking up his residence in the West about eight years ago he has been very successful as the manager of the British Columbia Permanent Loan & Savings Co., and had extensive business interests in Vancouver. He was about 40 years of age, a prominent member of the English Church, and leaves to mourn his loss his wife, formerly Miss Barbara Snell, and four children.

Dr. M. Dunning is taking a two weeks' holiday in the vicinity of Porcupine. He was on the Cobalt special that was partly derailed near Utterson, but as the train was going very slowly at the time the accident occurred.

The Garden Party given by the ladies of the Methodist Circuit at Mr. Peter Rawn's last week, was certainly a very successful affair. The weather was all that could be desired and everyone was there. Miss Holtby delighted the large audience, gathered on the spacious lawn, with some well-rendered selections, while between Miss Kee, of Brampton, and Miss Edna Campbell, of Orangeville in their selections in elocution, it was difficult to make a choice. Miss Hulse, of Orangeville, in her high class selections on the violin, was superb and the speeches delivered by Rev. J. A. Black, Rev. R. J. W. Perry, Richard Blain and others, were masterpieces in the art of oratory. Bandmaster Carey with his able assistants, furnished good music throughout the evening. The chair was occupied by Rev. H. Harper. We understand the proceeds amounted to about $165.00.

MR. HENRY GRAY.

His many friends in Orangeville and elsewhere will learn with sorrow of the demise of Mr. Henry Gray, formerly of Amaranth, which took place at his home on West Broadway about one o'clock on Friday morning after a lengthy illness. Mr. Gray had been a sufferer from stomach trouble for the last two years or longer. About two weeks prior to his demise he was stricken with partial paralysis, which was the immediate cause of his death. The late Mr. Gray was born in Yorkshire, Eng., but came to Canada early in life. Shortly after his marriage to Miss Jane Wilson, a Chinguacousy young woman, he moved to Amaranth, where he farmed for many years. Having decided to give up farming he moved to Orangeville, but after residing here for a few years he left about twenty-one years ago for Sandhill, where he lived until after the death of Mrs. Gray in August, in 1908. Two years ago he moved back to this town taking up his residence on West Broadway. Mr. Gray was a man who cherished high ideals and held strong opinions on moral and religious questions. Right thinking and honorable in all his dealings he was a man who enjoyed the respect and goodwill of the people amongst whom he lived. He was a member of the Methodist Church, and a Liberal in politics. He is survived by one son, Mr. Charles Gray, of Amaranth, and the following daughters :—Mrs. Edgar Trimble, Amaranth; Mrs. Francis, Woodstock; Mrs. J. C. McKeown, Sandhill; Mrs. (Rev.) J. J. Soulter, Bruce Mines; Mrs. Lewis Johnston, Laurel, and Miss Martha at home. A large number of sorrowing friends were present to pay their last mark of respect at the funeral, which was held from his late home on Sunday afternoon, the interment taking place in the Greenwood cemetery. Rev. Dr. Harper conducted the services at the house and grave. Messrs. John Johnston, Laurel, W. M. Green, Wm. Little, H. Endacott, F. H. Arkell and John Forsythe, Orangeville, were the pallbearers.

SARAH JANE JOHNSTON.

One of the oldest settlers of this vicinity died on Sunday last, the 13th inst., in the person of Mrs. Johnston, widow of the late James Johnston. Her death occurred at the home of her son-in-law, Mr. Adam McPherson, on Sarah St., after a short illness, caused by bronchial pneumonia. The funeral was held on Tuesday afternoon to Greenwood cemetery. Rev. Dr. H. Harper conducted the services at the house and grave. The body was borne to the last resting place by six nephews, Messrs. George and Orrie Johnston, Caledon; John Johnston, The Maples, and Wm., John and Russel Jenkins, Melville. The deceased lady, who had reached the advanced age of 81 years, was born in Caledon, being a daughter of the late Mr. Peter Baker. About the year 1850, she became the wife of Mr. James Johnston, and went to make their home near "The Maples," Garafraxa, moving later to Caledon. About thirteen years ago they moved into Orangeville, where the late Mr. Johnston died. Mrs. Johnston, whose many sterling qualities need not be referred to here, was one of the founders of Methodism in these parts, and often in the pioneer days the services of the church were held in her home before there was a church built. She is survived by three daughters, namely, Mrs. Adam McPherson, Orangeville; Mrs. Robert Sproule, Caledan, and Mrs. W. J. McCormack, of Chicago, and three sons, Mr. John Johnston, The Maples; Mr. James Johnston, Caledon, and Mr. L. K. Johnston, Orangeville, all being present at the funeral, but Mrs. McCormack, who is ill. She is also survived by twenty-six grandchildren, and four great-grandchildren.

MRS. NELSON LEFLAR.

From the Owen Sound Sun, of Tuesday, August 1st :—

A well known and highly esteemed pioneer resident of North Sydenham—Mrs. Nelson Leflar, of Balaclava, passed away yesterday at noon after an illness extending over six months. Last May Mrs. Leflar's illness took a serious turn and since that time complete recovery was not expected. Nevertheless it was a severe shock to the community when the news of her death spread yesterday. The deceased, in spite of her advanced years was very active up till her recent illness, always enjoying good health. Mrs. Leflar was born in Glasgow, Scotland, 72 years ago, and came to this country with her parents at the age of four settling at Caledon, Ont. She was married 53 years ago and the following year moved with her husband to Balaclava, where they have resided ever since, with the exception of a recent two years' stay in Owen Sound. She is survived by her husband, who is at present seriously ill, and three sons, W. F. Leflar, Mount Forest; John, at Balaclava, and Geo. at Annan. Two sisters, Mrs. Mary Robertson, of Annan, and Mrs. Pinkney, of Guelph, and the following brothers survive :—Thomas, David and William, of Caledon; Rev. Robt., of Minnesota, and James, of Yellowgrass. Mrs. Leflar was a member of the Baptist church, and bore a fine Christian character. She was a faithful wife and a loving mother and endeared herself to all her friends. The funeral takes place on Wednesday at 11 a.m., and the service an hour earlier. Interment will take place at Greenwood cemetery.

GOOD TIME AT JACK McBRIDE'S

That the people of Bellountain can successfully run a garden party was clearly demonstrated on Monday evening, Aug. 7th, when a record crowd assembled on the grounds of Mr. John A. McBride, Warden of Peel, to enjoy the good things provided for them by the people of the Baptist Church of that place. The weather was all that could be desired for the occasion, a good programme was provided and this coupled with the attractiveness of Warden McBride's grounds, proved an influence that drew nearly everyone in the neighborhood to the gathering. Jack wore the smile that will not come off as he was kept busily engaged greeting friends from Brampton, Orangeville, Erin and all points within the compass of that span. The grounds are about the best for a gathering of the kind that one could wish. The lawn is hedged by a hedge that is not only a barrier to the boys, but is so thick that a draught can scarcely penetrate it. The proceeds from gate and refreshment booth amounted to $200. Needless to say the people of the Baptist Church are well satisfied with their undertaking.

A BAD ACCIDENT.

Mrs. John Bailey, of the South Ward, had the misfortune to fall and fracture her left thigh while walking in the garden on Saturday forenoon. The mishap is a very serious one, particularly on account of her advancing years and fleshiness. The break was set by Drs. Kyles and Carson, and the patient was taken to the Royal Alexandra Hospital in Fergus on Saturday evening. Mr. and Mrs. Bailey will have the sympathy of all in their trying misfortune.

SEVEN YEARS PAIN FROM ACUTE NEURALGIA.

Cured Through the Use of Dr. Williams' Pink Pills.

Neuralgia is not a disease—it is only a symptom. It is the surest sign that your blood is weak, watery and impure, and that your nerves are literally starving. Bad blood is the one cause—good, rich, red blood its only cure. There you have the real reason why Dr. Williams' Pink Pills cure neuralgia. They are the only medicine that contains, in correct proportions, the very elements needed to make new, rich, red blood. This alone reaches the root of the trouble, soothes the jangled nerves, and drives away the nagging, stabbing pain, and brace up your health in other ways. Mr. M. Brennao, an ex-sergeant of the 2nd Cheshire Regiment, now a resident of Winnipeg, Man., says : "While serving with my regiment in India, on a hill station, I contracted a severe cold which brought on acute neuralgia, at times lasting for three weeks. I was constantly suffering almost every month in the year for over seven years; the pain being sometimes so severe that I wished I was dead. On my return to England I seemed to get no better, though I spent large sums of money for medical advice and medicine. Then I came to Canada, and about a year ago saw the advertisement of Dr. Williams' Pink Pills in a Winnipeg paper. Although I had begun to think my complaint was incurable I told my wife that I intended giving the Pills a fair trial. I was suffering from terrible pains when I began taking the Pills, but before the second box was finished the pain began to disappear, and under a further use of the Pills it disappeared entirely, and I have not had a twinge of it during the past year. Only those who have been afflicted with the terrible pains of neuralgia can tell what a blessing Dr. Williams' Pink Pills have been to me, and you may be sure I shall constantly recommend them to other sufferers."

These Pills are sold by all medicine dealers or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

LAWN SOCIAL.

A lawn social under the auspices of the Union Sunday School, Hockley, will be held at the residence of W. A. Ryall, "Maple Grove Farm," lot 19, con. 8, Mono, on Wednesday, Aug. 23rd, 1911. A baseball match, Hockley vs. Sheldon, for prize of $5. Free tea to both teams. Game to commence at 3.30 p.m. sharp. The following programme will be rendered : Solos by Mrs. N. Barton, Beeton, and Miss L. Sloan, Toronto; Selections by the Relessey String Band; Recitations by Miss Bagnell, Glencross; Mandolin Selections by Mr. W. J. Glenn, Beeton; Addresses will be delivered by the following :—Revs. R. J. W. Perry, and J. A. Black, Mono Mills; Rev. M. Coulter, Mulmur; J. A. Best, M.P.; A. Ferguson, M.P.P.; Haughton Lennox, M.P. and Messrs. D. B. Brown and A. D. McKitrick, of Orangeville. Connor Band will be in attendance. Tea will be served from 5.30 to 8 o'clock. Refreshments will be served on grounds. Admission, 25c.; Children, 15 cents. Rev. H. L. Partridge will occupy the chair.

STAFF IS COMPLETE.

The Public School Board has at last succeeded in completing the teaching staff for the coming term. Miss Brown, whose decision to resign we noted a couple of weeks ago, has been induced to reconsider the matter and will continue on the staff. The other vacancy, created by the resignation of Miss McCoy, has been filled by the appointment of Miss Ruby Wilcox, whose home is in Orangeville. There has been a considerable advance in the salaries. Principal Firth is now getting $1050 and the salaries of the lady teachers range from $450 to $525 each. The staff is admittedly a strong one and the school has seldom been so well equipped in this respect.

A Household Necessity

Father Morrisey's Liniment Should be in Every Home

How seldom a week passes without some member of the family suffering from a sore throat, chest or back, a burn or a cut, a sprain, strain or ache!

Such troubles will come, but there is no need of suffering much from them. Keep a bottle of Father Morrisey's Liniment in the house, use it freely, and the pain has little chance.

During his lifetime Father Morrisey prescribed this Liniment regularly, and it proved very effective in relieving all sorts of pains and aches. In Rheumatism it is valuable as a "rub", when "Father Morrisey's No. 7" Tablets are taken internally. Similarly, applied freely to throat and chest it helps "Father Morrisey's No. 10" (Lung Tonic) to quickly break up and drive away a sore throat, cold in the chest, or cough.

Taken all around it is one of the best family liniments in existence. Price 25c per bottle. At your dealer's, or from Father Morrisey Medicine Co., Ltd., Montreal, Que.

THE LEATHER SHOE STORE.

A QUICK TWIST.

Why the Watchful Owl Didn't Wring Its Own Head Off.

Boys who have tried to "put salt on a bird's tail" generally come to the conclusion that birds can "see behind them," and some may half believe that the heads of these little creatures are hung on pivots. How easily one could conceive such a notion is illustrated by the experience of a Maryland man who had read a story about an owl wringing its own neck by looking at a man who was walking around him. The Marylander decided to experiment along these lines and so procured a fine specimen of an owl and placed him on a post.

It was not difficult for the experimenter to secure the owl's attention, for the bird never diverted his gaze from the man while the latter was present. The man began walking rapidly around the post a few feet from it, keeping his eyes fixed upon the bird all the while.

The owl's body remained motionless, but his head turned exactly with the man's movements. When the man was halfway round the owl's head was directly behind. Three-quarters of a circle were completed, and still the same twist of the neck and the same stare followed the man.

One circle and no change. On the man went, twice around, and still that watchful stare and steady turn of the head. Three times the man went around, and he began to wonder why the owl's head did not drop off, when all at once the man discovered what he had failed to notice before.

When the man reached a distance halfway around from the front, which was as far as the owl could turn his head to follow the experimenter's movements with comfort, the owl whisked it back through the whole circle so instantaneously and brought it facing the man again with such precision that the latter failed to detect the movement, although he was looking intently all the while at the bird.

The Marylander repeated the experiment many times afterward on the same bird, and he had always to watch carefully to detect the movement of the readjustment of the owl's gaze.—Philadelphia Record.

SOBERED AND LABELED.

The Pre-Raphaelite Treatment For Drunken Geniuses.

Nothing in Mr. Ford Madox Hueffer's "Ancient Lights" is more amusing than the account of his illustrious grandfather's efforts to reclaim the many drunken geniuses of his acquaintance. It appears that he "was in the habit of providing several of them with labels, upon which were inscribed his own name and address. Thus when one of these geniuses was found incapable in the neighborhood he would be brought by cabmen and others to Fitzroy square. The poet, being thus recaptured, would be carried upstairs by Charlotte and laid in the bath and would be reduced to sobriety by cups of the strongest coffee that could be made (the bath was selected because he would not be able to roll out and injure himself). And, having been thus reduced to sobriety, he would be lectured, and he would be kept in the house, being given nothing but lemonade to drink until he found the regime intolerable. Then he would disappear, the label sewed inside his coat collar, to reappear once more in charge of a cabman."

Whistler was not among the winebibbers, but he had other peculiarities. "Upon one occasion," says Mr. Hueffer, "Madox Brown, going to a tea party at the Whistlers' at Chelsea, was met in the hall by Mrs. Whistler, who begged him to go to the poulterer's and purchase a pound of butter. The bread was cut, but there was nothing to put upon it. There was no money in the house, the poulterer had cut off his credit, and Mrs. Whistler said she dare not send her husband, for he would certainly punch that tradesman's head."

A Nice Sandwich For a Pink Tea.

Various counties in England have their especial brand of sandwiches. In some apple and meat are mingled together; in others the customary slices of bread are supplanted by slices of parkin. Devonshire perhaps can boast the most luscious sandwich of all English counties. To make a Devon sandwich a "split" or scone is cut in half, each side is buttered, then jam is spread upon the butter, upon that again a thick coating of marmalade. Finally clotted cream is added with equal liberality, and the split, thus swollen beyond recognition, is ready for consumption.—London Globe.

Cupid in Caledonia.

An ancient Scotswoman rallied her daughter.

"Meg, for why canna ye encounter Sandy boy but ye must go red as red?" she asked.

"Mither," the girl shyly confessed, "he glares at me that fiercely I maun deem he's in loo' wi' me!"—Woman's Home Companion.

Just Like His Dad.

"Biggins says he has one of the smartest and handsomest youngsters in the country."

"Yes," replied Mr. Growcher; "that's what comes of so many people thinking it necessary to tell a man that his children take after him."—Washington Star.

Fair Warning.

Gotrox—Can you support my daughter in the way she has been accustomed to live, young man? Hardupps—Well, it'll be your fault if I can't.—Philadelphia Record.

CRIPPLE FROM RHEUMATISM

HOW IN PERFECT HEALTH THANKS TO "FRUIT-A-TIVES"

VANCOUVER, B.C., Feb. 1st, 1910.

"I am well acquainted with a man, known to thousands in Vancouver, Victoria and New Westminster, who for nearly a year was practically a cripple from Rheumatism. He was so troubled with the disease that he found it difficult to even turn over in bed. His heart appeared so weak that he could hardly walk up stairs.

Last June, he received a sample of "Fruit-a-tives". He used them and dates his recovery from that time. To-day, there is no man in Vancouver enjoying better health.

He was building a house this fall and shingled a good part of the roof in a driving rain, without suffering any bad effects". JOHN B. LACY.

Mr. R. E. Mills, (assistant postmaster at Knowlton, Que.,) also writes:

"I honestly believe that "Fruit-a-tives" is the greatest Rheumatism cure in the world". Try it yourself.

50c. a box, 6 for $2.50, trial size, 25c. At dealers, or from Fruit-a-tives Limited, Ottawa.

THE LATE REV. DONALD STRACHAN.

(From the Guelph Mercury.)

The late Rev. Donald Strachan, who died at his home on Yarmouth St., Friday, was a native of Argyleshire, Scotland, having been born at Campbellton on May 29th, 1827, and was therefore, in his 85th year.

At a very early age he began to teach school in his own shire. He subsequently attended the Normal School in Edinburgh and had the high privilege in those years of hearing such men as Norman McLeod, Chalmers and Guthrie.

When he came to this country he settled in Middlesex County, taking up his residence in Glencoe and teaching school during the week and preaching to the few families settled there on Sundays. Through his labors the Glencoe congregation was organized. Desiring to give his whole time to the ministry, he went to Queen's College, Kingston, taking the full theological course, and on graduating was settled in Hillsburg, in Wellington County. His ministry extended through most of Erin and Garafraxa townships. After the union of 1875 he was called to Rockwood and remained there 21 years.

In 1897 he retired to Guelph and connected himself with St. Andrew's Church, where he entered into all the life and interest of the congregation, and was in the true sense a valued member.

He was twice married and leaves behind him his wife and four sons and four daughters.

The funeral will take place from the residence on Yarmouth St., Monday at 10.30 a.m.

SHE GAINED 36 LBS.

Mrs. George Bradshaw, Harlowe, Ont., writes: "I was troubled for many years with weak, watery blood and dropsy. I had nervous headaches, dizziness and sinking spells, and was, in fact, a semi-invalid. Doctors told me my heart and kidneys were diseased and gave me up. By using 10 boxes of Dr. Chase's Nerve Food I have been cured of many of my old complaints and gained 36 pounds in weight."

The claim of Mrs. Noble against the corporation of Bolton has been settled by the council for $150. Mrs. Noble was injured some weeks ago by falling on the sidewalk owing to a loose plank.

Are Your Kidneys Working Properly?

It Will Pay You Well to Make Sure

There's been a lot of "guessing" about rheumatism and rheumatic pains generally, but you can be dead sure that little pain across your back came from deranged kidney action.

The kidney's duty is to filter the blood—take out the impurities collected by the returning blood stream—do it just like absorbent cotton in a funnel filters the impurities from polluted water.

When the kidneys are not working you are bound for one of two courses—Diabetes and Bright's Disease or Rheumatism, Lumbago and Sciatica. The former course is usually fatal, and the latter always painful, but you need not have either, as they both can be easily prevented.

The very best prescription for all kidney troubles is Nyal's Stone Root Compound. It is no "patent" medicine, but a scientific prescription composed of Stoneroot, Buchu, Juniper and other remedies of proved value. More than that, it has been proved by thousands who have had glad relief from its use.

There's nothing quite so miserable as the dragging results of sick kidneys. You are trifling with your own future when you neglect so simple a precaution, as a pleasant home treatment with Nyal's Stone Root Compound when results are so certain.

It soothes bladder irritation, gives you rest and comfort at night, and makes life once more enjoyable.

The kidneys, liver and bladder are all dependent upon one another, and Nyal's Stone Root Compound is particularly designed to help them all.

Sold and guaranteed by Dr. A. J. Hunter & Co., A. T. Howard, Orangeville.

Nyal's FAMILY REMEDIES

BOY MUSICIANS.

Some of Them Are Earning More Than Cabinet Ministers.

This can certainly be termed the age of baby prodigies, for the number of boys and girls of tender years who perform on the stage at the present time runs well over a score. A few Sarasates and Paderewskis in sashes and pinafores gain royal recognition almost before the public has heard of them, and during the last week or two the inhabitants of a street in Maida Vale have been surprised, if not exactly pleased, by brilliant five-o'clock-in-the-morning performances on a grand piano of rhapsodies by Liszt and Chopin waltzes.

At first it was imagined that an old professor had taken up his abode in the neighborhood, but it has just come to light that the pianist is Master Erwin Nyiregyhazi, of Budapest, who is only five years of age. Erwin has apparently been practicing for a royal performance, for soon he will play before King George and Queen Mary.

Although the boy will not become a public artiste before he reaches the age of fifteen, it is understood that he will give a series of drawing-room concerts. On May 22nd he appeared at the Duchess of Rutland's house in Arlington Street, Piccadilly, and gave a wonderful exhibition of technique and memory. He played with perfect fluency works by Bach, Handel, Chopin, Rachmaninoff, Mozart, Greig, and Liszt.

After the unveiling of Queen Victoria's Memorial the German Emperor and Empress drove to St. Dunstan's Regent's Park, where they were present at a garden party given by Lord and Lady Londesborough. The Kaiser took a great deal of interest in David Paget, the "boy fiddler," who played a couple of selections, appearing before the royal party in the clothes which he wore during the latter days of his street peregrinations, for some time ago he was found playing to a theatre queue in a London thoroughfare. Paget, who is ten years old, was awarded first prize in a recent competition held for street players. He performed the Intermezzo from "Cavalleria Rusticana" before the German monarch with remarkable skill.

His Majesty of Potsdam quite recently instructed Hans von Garnier, a boy musician, to write him an opera. It was six years ago when the Kaiser first became interested in the boy, who is now sixteen years of age. Garnier had composed a Grenadier March, which His Majesty thought so well of that he ordered its inclusion in the list of the so-called German Army Marches for infantry and cavalry. A little while ago Garnier composed a Review March, to be played during the "Present," when the Emperor passes down the front of his troops, and this was played, by royal orders, at a banquet of the Territorial battalions.

Moritz Luisen, who commenced to play the piano when three years of age, has acquired considerable distinction as a composer of music. He has conducted an orchestra of 180 players in some of his own compositions before the German Emperor, and conducted the Garde Republicaine, the famous Parisian band, in a concert consisting exclusively of his own pieces. He also won prominence in this country by giving a concert of his compositions to his own conducting with Mr. Dan Godfrey's band at Bournemouth, on the outskirts of which city, by the way, he was born.—Tit-Bits.

The French Traveling Show.

The traveling showman is commoner in France than in England, particularly in country places. He has almost vanished as an individual from English country fairs. He exists only as the proprietor of galloping horses or boxing saloons or fat lady shows. But at the smaller country fairs in France you may still find the juggler, with his tinsel and tights, and the strong man and the sometimes quite charming dancer. The most ordinary French crowd has a curiosity about art of any kind unknown in England.—London Standard.

A Medical Decision in 1715.

In 1715, a cellar digger having been stifled at Jena, the medical faculty of the university decided that the cause was not the direct action of the devil, but a deadly gas. Thereupon Professor Loescher of the University of Wittenberg entered a solemn protest, declaring that the decision of the medical faculty was "only a proof of the lamentable license which has so taken possession of us and which if we are not earnestly on our guard will finally turn away from us the blessing of God."

Two Small a Steak.

"I'll match you," said the hungry man in the boarding-house dining-room, "to decide whether you take my share of beef or I take yours."

"No, thank you," replied the other hungry one. "I never play for small steaks."

But She Doesn't.

"Of all inappropriate names I ever heard our landlady takes the bun," said the fat boarder.

"You mean her first name?" asked the thin boarder.

"Sure! It's Phyllis."

Not to Be Expected.

"Pshaw!" exclaimed the professor to the student who was rehearsing his Latin oration. "You are too solemn. There's no life in your speaking."

"Of course not," responded the student, lively enough. "You don't expect it in a dead language, do you?"

A Good Talker.

Clara—Is Mrs. Flitter a good conversationalist?

Dorothy—Yes, indeed. She makes you think of lots of good things to say, but talks so much that you don't get a chance to say them.

Our Principal Excitement.

"You don't have any earthquakes or periodic upheavals in your country."

"No; a roller skating crane breaks out about every ten years."

WE REPAIR WEAK MEN

ONE SECRET OF OUR SUCCESS. Every case submitted to us receives the personal attention of our Medical Staff, who consider the symptoms, complications and chronicity, and then decide as to the disease and curability. Specific remedies are then prescribed for the case and are compounded by our own chemist in our own Laboratory. Such appropriate treatment cannot fail to cure, as specific medicines are selected to cure the symptoms that trouble you. We have no cure-all medicines like most specialists use who send the same medicines to all patients alike and cure none. We have treated patients throughout Canada for over twenty years and can refer to any bank as to our responsibility.

We Guarantee Cures or No Pay. We Treat all Diseases of Men and Women.

CHARGED WITH SERIOUS OFFENCE.

Elora Man Pleads Not Guilty to a Charge of Incendiarism.

Joseph Peavoy, an Elora man, is under arrest here charged with firing a barn which he owned and containing the property of his employer, A. Borhann. The fire took place at 2 a.m. July 11, and ten horses, buggy and harness, robes and blankets were destroyed, valued at about $1000. Evidence pointed to incendiarism, and Provincial Inspector Henry Reburn, who came up, feels that he has solved the mystery. Searching for evidence, the detective claims to have found in the possession of Peavoy articles which had passed through a fire. His arrest on the charge of theft followed, and further investigation led to the laying of the charge of arson. Peavoy had $400 insurance on the barn owned by him, and rented to Borhann, for whom the prisoner worked.

He was arraigned before Magistrate Saunders this morning, and pleaded not guilty, but as the Crown was not ready to proceed with the case, it was adjourned until a week from today. In the meantime Peavoy was liberated on $3,000 bail, in two sureties of $1500 each.—Guelph Herald.

Are You Poisoning Yourself.

Perhaps you are, and don't know it. If you are neglecting your bowels or kidneys you are slowly poisoning your system and loading the blood with uric acid, and rheumatism, catarrh, neuralgia, skin diseases, dyspepsia, congestion of the kidneys and liver troubles are sure to follow. Don't neglect your health. Take Merrill's System Tonic the one sure cure for habitual constipation, and safe regulator of the kidneys. Thousands have found health and strength in this strong blood purifier and tonic. In pleasant-to-take tablet form, 50 in each box. Price 50c, 6 boxes $2.50. Get it from your druggist, or post-paid from The Merrill Medical Co., Merrill Building, Toronto, Ont.

Sold and recommended by Thos. Stevenson, Druggist.

LATE MRS. JOHN SIMPSON.

The death of Mrs. John Simpson last week removed one of the connecting links of pioneer days in Amaranth with the present. Mrs. Simpson was born near Niagara, the child of an Irish emigrant, Wm. Hanna, and when a young girl came with her parents to East Garafraxa, where she lived for 12 years. Fifty-five years ago she was married to Mr. Simpson, beginning the life in the virgin bush on the 10th line of Amaranth, and where they lived up to eight years ago. She experienced all the trials of early settlement, of its loneliness, the want of near neighbors, the weary watches over sick children in the absence of medical attention, the discouragement of frozen grain and ruined hopes. But through it all a capable head and a stout heart lent confidence in the future, and they retired from a comfortable home to enjoy the evening of life in the village. Mrs. Simpson was sick but a week from pneumonia, and from the first but little hopes were entertained for her recovery. Besides her husband the following children survive: Wm. A. in Grand Valley; Mrs. Willis Potter in Amaranth; Mrs. J. W. Rounding, Thomas F. and Noble in town, and Mrs. J. R. Brown in Hamilton.—Star & Vidette.

IT IS FOR YOU.

To those who say that the Canadian Government Annuities Scheme is of benefit to those only who can take advantage of it while they are young, it may be pointed out that the benefit is equally as great for old people. The following example will illustrate this. A widow 75 years of age, who had been spending a portion of her capital each year (which was deposited in the Post Office Savings Bank) as well as the interest, found to her horror that she had but $1500 left. She was without relatives, and she suddenly realized what her fate would ultimately be if life were spared to her for a few years longer. But the cloud was darkest, the silver lining appeared. A friend told her of the Canadian Government Annuities Scheme, and her feelings may be imagined when she was informed that her $1500 would yield her for the remainder of her life no matter how long she might live, an income of $225.90 a year.

Full information concerning this great Scheme may be had on application to the Superintendent of Canadian Annuities, Ottawa. Postage free.

Reassuring.

Nervous Party—The train seems to be traveling at a fearful pace, ma'am.

Elderly Female—Yus, ain't it? My Bill's 'a-drivin' of the ingin, an' 'e can make 'er go when 'e's got a drop o' drink in 'im.—Tit-Bits.

How She Got Him.

"How did she ever get him, I wonder?"

"You see, another girl had just broken his heart, and she happened to be where she could render first aid to the injured."

Eczema on Face and Hands

Gave up work—Could not shave—Relief and cure obtained from DR. CHASE'S OINTMENT.

"I had eczema nearly all over the body," writes Mr. John Gordon Campbell, foreman Holland Grove Lumber Co., Sudbury, Ont., "head, neck and wrists were blistered and itching with it. I could find absolutely no cure until I obtained Dr. Chase's Ointment. After using this ointment I was almost instantly relieved and soon completely cured.

"So bad was the eczema that I had to give up work. Could not shave. I was so bad that they had to take me out of camp in a wagon and send for a new foreman. I cannot recommend this ointment too highly."

As a means of soothing raw, flaming, irritated skin no treatment can be compared to Dr. Chase's Ointment. It often heals in a single night. You can see for yourself each day the good it is doing. Sample box free. 60 cts. a box, at all dealers or Edmanson, Bates & Co., Toronto.

DOMINION GOVERNMENT SURVEY.

The Melancthon observation tower which was erected by the Government a couple of years ago on the farm of Frank Hibbert, about a mile and a half from Dundalk, has been the object of much curiosity as to its purpose. For the past three weeks the observatory has been occupied by a member of the Government Survey, Mr. G. H. M. Monk, of Ottawa, who has been in communication by heliograph and flash light with other observatories in the district, mainly those in Mono and Amaranth. The tower here, is a sixty-six foot wooden structure and occupies what is supposed to be the highest point of land in Ontario. Mr. Monk, who is a young University man, had quite a few visitors during his tenancy of the observatory and proved himself an obliging fellow in the matter of answering questions and very entertaining in conversation. Before leaving on Friday for the Amaranth observatory situated near Orangeville, he favored The Herald with the following report of Government Survey work which is being carried on by means of these observation towers:—"That surveying throughout this country is carried on to large extent is not new information. The commercial progress, alone, in so large a domain necessitates a great deal of scientific ingenuity.

Numerous survey parties are sent out by both the Provincial and Dominion Governments. Each party has its specified duties which may vary from obtaining the depths of our boundary waters to procuring the heights of our mountain peaks.

One of the most important branches of engineering under the supervision of the Dominion Government is known as the Geodetic Survey, the object of this engineering corps being to secure an exact map of Canada. During the winter months reconnaissance parties are sent to different parts of the country to obtain the most prominent points of land. Here wooden towers are erected for temporal use of lightkeepers. Throughout the summer and autumn, lightkeepers' parties occupy these wooden structures for indefinite periods.

A lightkeepers' party consists of an observer and his recorder and from three to six lightkeepers. Each lightkeeper directs a heliograph on sunny afternoons and a flash light at night from a given tower to where the observer is stationed. In this way distances and angles between different points are secured, enabling the observer to obtain a series of triangles. This is known as spherical triangulation. It is only a matter of mathematical calculation to get the area of these triangles; thus the method of obtaining the size of the country.

Throughout the Dominion there are no less than five parties at present occupied at this work, but it is estimated that it will take at least three quarters of a century for its completion. Just now one of these parties are working in this locality.

All European nations and the United States are far advanced in this work, it being in progress in Canada for only the last five years.

What is being explained on this gigantic undertaking by the Dominion Government is almost beyond imagination, but you may rest assured that when the Geodetic Survey has completed it's work we will have a perfect estimate of the breadth and width of our fair Dominion.—Dundalk Herald.

JAPANESE COMMANDMENTS

A National Code.

Are Slow Inductions of Many Millions of Experiences, and are Democratic and Amiable.

There can be no doubt that the majority of these Japanese rules are nearer scientific exactitude than the rules of Moses or than the ordinary practice of modern English life. Here are the Japanese commandments:

(1) Spend as much time as possible in the open air.

(2) Never eat more than once a day.

(3) Take a very hot bath daily.

(4) Wear rough, warm clothes.

(5) Early to bed and early to rise.

(6) Sleep at least six hours each night, and at most seven and a half in a dark room with open windows.

(7) Rest on the seventh day, and during that day do not read or write.

(8) Avoid every expression of anger; never exercise the brain too much or too long.

(9) Marry early; widows and widowers should re-marry as soon as possible.

(10) Drink coffee and tea in strictest moderation; do not smoke at all; and never touch alcohol in any form.

(11) Avoid hot rooms, and, indeed, all rooms heated artificially.

(12) In order to strengthen such organs as may be weakened by age or use, nourish yourself on the corresponding organs of animals.

Most of these precepts are excellent and of general, if not of universal acceptance. Nos. 1, 4, 5, 6, 7, 8, 9, 10, and even 11—that is, nine out of the twelve—can be regarded as counsels of perfection for everyday use. On the other hand No. 12 is manifestly childish; one does not strengthen the stomach by eating the stomach of a rabbit or a cow or hen, nor one's skin by eating the hide of bull or lamb. No. 12 may be rejected in toto or left to Dr. Brown-Seward and his benighted followers.

No. 3 comes under a different head. A few years ago it was the practice of doctors in England to recommend a cold tub daily. Prize-fighters and athletes were the first, I believe, to modify the unpleasant recommendation. They used massage and dry rubbing in preference to cold dips or douches. It may be laid down as an axiom that all persons with weak circulation or feeble heart-action or those inclined to rheumatism should eschew cold baths—and inordinately hot baths too, though these latter are less likely to be injurious. No. 3, then, can be accepted in a general form—"take a warm bath daily," or even more generally, "take care to keep the pores of the skin open either by friction or by bathing or by both."

No. 2 is also to be accorded with some modifications. In northern climates it may be advisable for those who are taking much bodily exercise to eat meat twice or even thrice a day, at any rate in youth and early manhood. But in temperate climates the Jap rule is an excellent one even for young people, and as soon as a man or woman reaches 40 the rule should be made more stringent. After 40 meat should only be eaten rarely, say, twice or thrice a week, fish being substituted for it, and after 50 it will probably be found salutary to eschew meat altogether in the vast majority of cases.

It will hardly be disputed that these Japanese precepts come much nearer the ideal code then the Hebraic Commandments. They are at once more reasonable, more salutary, and more natural, and because they are better suited to human nature they find more sanction in themselves and need less external, or shall we say, super-human, sanction?

They are not taken from the mouth of God by a great man and written on tablesof stone; they are the slow inductions of many millions of experiences, and are written perdurably in our human flesh. They are democratic and amiable, too; they do not frame themselves as orders coming from above, but as advice and admonition from counsellors well disposed to men who regard human frailties with kindly, tolerant eyes—Frank Harris, in "The English Review."

THIN HAIR ON TOP.

If Parisian Sage, the hair grower that T. Stevenson guarantees, will not cause hair to grow where the hair is thinning out, nothing on this earth will.

And we say to everybody, you can have your money back if Parisian Sage isn't the best hair grower, hair beautifier and dandruff cure on the market to-day.

It stops itching scalp and falling hair and makes hair grow thick and abundantly, or money back, 50 cents for a large bottle. Parisian Sage makes the hair soft and brilliant and promotes growth.

He Liked the Lie.

William —— was said to be the ugliest though the most lovable man in Louisiana. On returning to the plantation after a short absence his brother said:

"Willie, I met in New Orleans a Miss Forrester, who is a great admirer of yours. She said, though, that it wasn't so much the brilliancy of your mental attainments as your marvelous physical and facial beauty which charmed and delighted her."

"Edmund," cried William earnestly, "that is a wicked lie, but tell it to me again!"—Everybody's.

SEVEN YEARS OF MISERY

All Relieved by Lydia E. Pinkham's Vegetable Compound.

Sikeston, Mo. — "For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I cramped and had backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do my own housework, hoe my garden, and milk a cow. I can entertain company and enjoy them. I can visit when I choose, and walk as far as any ordinary woman, any day in the month. I wish I could talk to every suffering woman and girl." —Mrs. DEMA BETHUNE, Sikeston, Mo.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound.

It is more widely and successfully used than any other remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means had failed. Why don't you try it?

YOUR QUESTIONS ANSWERED.

If you would like to have answered any particular question each or any week from "The Suggestive Questions on the Sunday School Lesson" by Rev. Dr. Linscott, send in your request to this office, giving the date of the lesson and the number of the question you wish answered. You may select any question except the one indicated that it may be answered in writing by members of the club Dr. Linscott will answer the questions either in these columns or by mail through this office. Don't forget to state what benefit these "Suggestive Questions" are to you. Give your full name and address. Send your letters to The Question Editor of the Banner.

THE OBSTACLE AHEAD.

There's always a river to cross
Always an effort to make,
If there's anything good to win,
Any rich prize to take,
Yonder's the fruit we crave,
Yonder the charming scene,
But deep and wide with a troubled tide
Is the river that lies between.

For rougher the way that we take,
The stouter the heart and the nerve
The stones in our path we break,
Nor e'er from our impulse swerve.
For the glory we hope to win,
Our labors we count no loss,
'Tis folly to pause and murmurM
Because of the river to cross.

S. OAMM.

Alton, Aug. 1st, 1911.

Fowl Wanted

Live and Dressed Fowl Taken on

TUESDAYS AND THURSDAYS

All Fowl must be well starved before marketing and in good condition No thin, crooked breasted or diseased birds taken. Dressed Fowl to be dry plucked. Geese and ducks with heads off.

THROUGH NORTHERN ONTARIO.

Mr. H. A. Dorrance, District Representative of Agriculture, Writes About Interesting Trip.

Clay Belt Destined to Become Home of Thousands of Farmers.

For some years past we have heard a very great deal about New Ontario, more especially on account of its vast mineral and timber resources, but comparatively little has been written or spoken about the Great Clay Belt of the Northern Country. With some idea of the importance of this feature of the country and knowing that the representatives are frequently asked about this district the Chairman of the T. & N. O. Railway, Mr. Englehart, made it possible that these men should be taken through the Clay Belt in order that they might secure information regarding the country and have the same at first hand to give to those inquiring about the newer parts of the Province, reached by the Government railway, and the following is a short account of how the District Representatives of the Ontario Department of Agriculture spent some days in going through the district, the guests of the T. & N. O. Railway.

The members of the party and the counties they represent were:—A. D. Campbell, Dundas; F. M. Clement, Elgin; H. C. Duff, Grey; R. S. Duncan, Northumberland and Durham; H. A. Dorrance, Dufferin; W. E. J. Edwards, York; J. H. Hare, Ontario; R. S. Hamer, Lanark; F. C. Hart, Waterloo; E. S. Hopkins, Peterboro; W. D. Jackson, Carleton; J. Laughland, Simcoe; J. C. Steckley, Essex; A. P. MacVannel, Prince Edward; D. A. McKenzie, Victoria; N. D. McKenzie, Glengary; A. D. McIntosh, Hastings; J. E. Smith, Norfolk; S. E. Todd, Lambton, and in addition were W. R. Reek from the office of the Minister of Agriculture, Toronto; G. A. Putnam, Superintendent of Farmers' Institutes, and T. C. Raynor, of the Department of Agriculture, Ottawa.

Leaving Toronto at 8.30 p.m. on Monday, July 31st, it was expected that we would meet the missing members of the party at North Bay at 5.50 a.m. the next morning, but owing to unforeseen circumstances, a wreck on the line, we did not arrive until about 10.00 o'clock. Here the the party was completed and taken in charge by Geo. Lee, General Agent, and A. J. Parr, the Passenger Agent of the Temiscaming and Northern Ontario Railway and started on our tour of the North Country. The officials placed at our disposal an observation coach from the windows of which we were enabled to view the magnificent scenery for which that country is so well known. For a short distance from North Bay settlers' homes are in evidence, but soon these were left behind and all that could be seen was a vast stretch of forest of spruce, birch, pine, poplar, etc., of almost untold wealth. Here and there are to be found many beautiful lakes, many of which are well stocked with fish and form ideal spots for camping, in other places the forest is almost unbroken save where some forest fire has held sway and nothing now remains but blackened stumps. Travelling for many miles, through such a country, we arrived at New Liskeard, a flourishing town of some 5,000 of a population situated at the north end of Lake Temiscaming. This was our first stop and here carriages were in waiting and we began a drive of some twenty miles through the district surrounding the town. In this section are many farms more or less cleared on which are growing excellent crops of clover, potatoes, roots and grain. As we drove along viewing as critically as possible the country and conditions, we could not fail to note that here was an almost ideal farming country. A most fertile clay soil that seems to have no bottom producing the most abundant crops, that are in great demand showed that this is a country of which we will hear more in the very near future. A short distance from the town we stopped to view the ruins of what had been until a few weeks before our visit, a most comfortable farmstead. Here a settler, who some eleven years ago had given up a jewellery business in Toronto and moved to the North, had succeeded in rearing a fine home and good barns and had gathered around him an excellent stock of implements, was on a fair way to success, but this young son obtaining a match and wishing to see the straw stack burn lighted it and in a few minutes all that was left of his worldly possessions was a pile of ashes and a heap of twisted metal. At once our purses were opened and we gave him "the widow's mite," which will aid very materially in increasing the comforts of his family until the bountiful harvest of his clearings can be turned into useful capital. Continuing we reached Milberta, and at the home of Mr. Newton, twenty-six hungry men were fed in comfort and plenty on the choicest of the land—New Ontario products. Leaving Milberta and proceeding by way of Uno Park we arrived at Thornloe, where our cars were in waiting. All along the route, we were continually reminded of the richness of the country by the wonderful crops that were before us in the fields, and in the forest were rich supplies of timber and as we walked at times to rest the horses we were able to gather handfuls of the choicest of wild raspberries that were growing in plenty along the road. From Thornloe we proceeded through another stretch of farming country and we were forced to wonder whether we had really left Old Ontario. Here some 350 miles north of Toronto and still in the Province of Ontario, we were travelling through a clay country dotted with the homes and barns of many prosperous settlers, the buildings very much like what one would see in travelling through any district of the older parts of the province. At Englehart stop was made for the night and we were left to discuss the events of the day and to prepare as best we might for the long trip of the following day.

Englehart is a very pretty and well laid out town 138 miles from North Bay and is situated in the midst of one of the best agricultural sections of the Clay Belt. This is a divisional point of the T. & N. O. Railway, and here the company has erected a very handsome and commodious station, well equipped shops, roundhouse and storehouses. One of the prettiest spots in the town is the greenhouse and park surrounding it, belonging to the Railway Commission, where are grown the plants and shrubs used by the Commission in their gardening work along the line.

The following morning we resumed our trip, this time in a special train, and proceeded through miles of country very much the same as we had seen on the previous day to the Falls of the Iroquois. This country is some what rougher than that farther south and is very rich in minerals, yet along with it there are many thousands of acres of the choicest of farming lands awaiting the settler to clear and cultivate them. A visit was paid to the Construction Camp on the Porcupine Branch of the Government Railway, and here lunch was served. To be told that one must be content with a shanty dinner is one thing, but to visit the shanty and get such a meal as was set before us on that occasion is quite another thing. To one who has never had a meal under such circumstances it seemed almost incredibile that the laborers fare so well, everything of the best, and all as clean as the most critical inspector could ask for. This was the northern limit of our trip, and in spite of the call to the north we had to turn our faces to the south, and a few miles on we arrived at the Government Demonstration Farm at Monteith. About one hour was spent in looking over the farm, which is an excellent and well equipped one, and although the crops this year are somewhat below the average on account of the dry weather yet this farm is of very great value to the people of the district. The last stop in the Clay Belt north of the height of land was made at the farm of a settler, Mr. Doll, a graduate of a German University. This man had at first settled in South America, but owing to the unhealthy climatic conditions had left there and come to Northern Ontario, where to-day he has a fine home, and, if the ruddy complexions of himself and family are any indication, they have no cause for complaint in regard to the health of their present location. Having taken several photographs of his buildings and crops we proceeded to Swastika, the first stop in the mining country and going to the Lucky Cross mine we saw one of the richest claims in the Swastika camp, but none of the golden treasure for ours—forward was the word, and a few hours later our train rolled into Englehart again, this time to be met by the officers of the Englehart Agricultural Society whose guests we were to be for the evening. It was a pleasure and indeed a privilege to meet with the men who formed the company that sat down to the bountiful repast served by Mine Host Kert of the King Edward Hotel. The company included representative men from various parts of the Temiscaming district and they never wearied in praising and telling the possibilities of the country which they are helping to make, and the exhibit of crops which they placed before us did not fail to have the desired effect on the visitors.

On Thursday morning a drive was taken from Englehart to Charlton and again we saw a repitition of what had been shown us earlier on our trip. In this section there are many farms that in looking at one had to wonder if this really was a new country, comfortable homes, large and up-to-date barns, and well kept lawns were in evidence, and no finer crops can be grown anywhere than are to be seen there. Taking the train at Charlton the party was carried south again until Cobalt was reached and about five hours were spent in looking over the leading properties of the silver camp. It would be useless to attempt to describe in any detail the city of Cobalt. So much has been written and said that more would be a repetition. This much however, it is a wealthy camp and while much wealth has been taken out there is evidence that there is plenty more to be taken out. This was our last stop and taking the evening train came back to North Bay, where the party disbanded, the various members going back to their respective parts of the Province carrying with them the most favorable impressions of the North Country.

Such is a rambling account of the trip taken by the party, and to say that our impressions of the country were favorable is saying very little indeed. This truly is a wonderful country, in its area and resources of forest, field and mine. How much farming land there really is, is somewhat difficult to say until the forest has been removed, but this is certain that here is a land that is destined within the next few years to become the home of thousands of farmers, who will make comfortable holdings out of what is now almost a wilderness. To the person in this and any other locality of older Ontario, who is looking for a new section to move to, this is a country that is worthy of very careful consideration before being passed for other parts. The comparative ease with which the land can be cleared and the rich soil to be found, when the timber is off, producing such wonderful crops, the excellent transportation and market facilities offered, and inducements offered by the Government, make this one of the most attractive propositions that could be offered to the prospective settler.

See Gillespie, Rogers & Co.'s specials in parasols.

SPORTS.

BROWN WON TROPHY.

Defeated Pow, of Grand Valley, in an Interesting Game.

A large number of lawn bowlers and interested outsiders gathered at the bowling green on Friday afternoon to witness the final trophy game between Geo. E. Brown, Orangeville, and A. Pow, Grand Valley, the winners of the semi-finals at the Orangeville Tournament the week before last. In the natural order of events, the game would have been played during the Tournament, but rain fell so heavily shortly after its commencement that after playing three ends the two skips and the Tournament Committee arranged for a postponement until Friday. The score then stood 4 to 0 in favor of Brown. Friday afternoon the Orangeville rink not only maintained, but succeeded in increasing its lead to 12 points, the final score standing 19 to 7. The score is not at all indicative of the play, which was very even and of a superior order on both sides. Brown, however, was in splendid form and repeatedly cut the Valleyites out of what looked a sure score. On one end, for instance, the visitors were lying five shots when the Orangeville skip went to play his last bowl, by a superb draw he not only dislodged their best bowl (a toucher alongside the kitty) but lay shot himself. This proved the turning point of the game, Orangeville steadily forging ahead thereafter. The players, who without exception, rose to the importance of the occasion were:—

Orangeville	Grand Valley
Fred Wright	E. J. Bennett
W. L. Wettlaufer	A. Ramsay,
Dr. R. N. Kyles	Geo. Rounding
Geo. E. Brown	Arch. Pow

The score by ends was:—

Orangeville—1-2-1-1-1-2-0-1-1-0-0-1-2-2-2-1-1—19.

Grand Valley—0-0-0-0-0-0-3-0-1-0-0-2-1-0-0-0-0-0—7.

The prizes were four quarter oak rockers upholstered in Spanish leather to the winners and four silver casseroles, pottery lined, to the runners-up.

The Pow rink had just returned home from the big Berlin-Waterloo tournament, where they also had the distinction of being runners-up in the Trophy competition.

After the game three rinks of Grand Valley players took revenge for the defeat by administering defeat to three rinks of County town devotees in a keenly contested game.

The Dominion Bowling Tournament opened in Toronto at 2 o'clock on Monday afternoon with the record entry list of 122 rinks. Two rinks from Orangeville are taking part. R. H. Robinson and Dr. T. A. Carson being the skips. The players are:—Dr. W. H. Bowles, E. C. Clark, Geo. E. Brown and R. H. Robinson; H. E. Reid, J. E. Smith, A. D. McKitrick and Dr. Carson.

LACROSSE.

The Young Toronto Lacrosse Club was formerly exonerated from all charges of professionalism at a meeting of the Executive of the Ontario Lacrosse Association held in Toronto on Friday night. The resolution, which was passed unanimously, read as follows:—"In view of evidence submitted by the Young Toronto Lacrosse Club relative to the game played in New York on June 17th, 1911, supported by declarations by Mr. M. J. Collins and Mr. W. McArthur, of the said Young Toronto Lacrosse Club, be it resolved that this association exonerate the said Young Toronto Lacrosse Club from any implied charges as to their amateur standing as reported in certain of the Toronto papers, and that the senior schedule of this association be completed as drawn up, and that a copy of this resolution be sent to the president and secretary of the A. A. Union of Ontario, also that copies of this resolution be sent to each of the Toronto daily papers."

CHAMPIONSHIP LACROSSE MATCH.

A championship lacrosse match will be played between Hanover and Markdale at Idylwyld Park, Orangeville, on Wednesday, August 23rd, 1911. Special railway rates have been arranged between all stations from the above towns to Orangeville, and a large crowd of rooters will be on hand to encourage their favorites. The above teams are tied for the championship of District No. 3 of the Ontario Lacrosse Association, and as both teams are playing gilt-edged lacrosse and in the pink of condition, a well contested game is expected. Ball will be faced at 3 p.m. sharp. Admission, 25c.; ladies and children, 15c.

By Order,
B. McGUIRE,
President O. L. A.

CHAMPIONSHIP O. L. A.

A lacrosse match to decide the Juvenile Championship of District No. 3 of the Ontario Lacrosse Association, will be played in Shelburne, on Friday, August 18th, 1911., between the Dufferins of Orangeville, and The Thistles, of Dundalk. As the teams are evenly matched the citizens of Orangeville and Shelburne should avail themselves of witnessing one of the best juvenile matches in this district. Ball faced at 2.30 p.m. Admission, 25c. and 15c.

By Order,
B. McGUIRE,
President O. L. A.

150 Pair more of those heavy wool sox at 10c, just in for McMillan Clothing Co's Big Sale.

Change . . . .

In Business

Having severed my connection with the Firm of McMillan & Torrie and bought out the

TAILORING AND FURNISHING BUSINESS

of Andrew Hill at A RATE ON THE $, and also taken over the entire Stock and Good-will of the old Firm in the Ordered Tailoring Department, I feel that I am in a better position than ever to serve the many friends of Mr. Hill and myself in making to Order

STYLISH GARMENTS FOR MEN . . . . . .

On account of taking over all the

WOOLLENS

from both Stores, I find myself too heavily stocked in these Lines. I have decided on a very simple method of reducing my Stock, that is

SIMPLY TO CUT THE PRICES

Here is a chance to get an Ordered Suit at a Price that will appeal to the Closest Buyer, with

FIT AND WORKMANSHIP GUARANTEED.

I also have a large Stock of Furnishings that must be cleaned out to make room for NEW FALL GOODS. They will be sold at prices that will make them go.

As space will not permit me to tell you all about the Bargains I have in store for you, a call will be the best means of convincing you that I mean what I say.

REMEMBER THE STAND!

Suggestive Questions

On the Sunday School Lesson by Rev. Dr. Linscott for the International Press Bible Question Club.

AUGUST 20th, 1911.

Jeremiah Cast Into Prison. Jer. xxxvii.

Golden Text—Blessed are ye, when men shall reveal you, and persecute you, and say all manner of evil against you falsely, for my sake. Matt. v: 11.

(1) Verses 1-2.—When sin is working wreck and ruin, how do you explain that men keep on in their disobedience to God, as Zedekiah did?

(2) How did Zedekiah become king of Judah?

(3) What if any relation was Zedekiah to the king of Babylon. (See 2 Kings xxiv: 17.)

(4) What makes people disregard one whom they believe to be a true prophet, as many of these Jews did Jeremiah?

(5) Verses 3-4.— Jerusalem was now besieged with a powerful army, and Zedekiah in fear sent to ask Jeremiah to pray to God for them; was there merit or demerit, in this request from such a man? Why?

(6) Does God answer the prayers of the wicked for the success of their projects, or the prayers of good people in their behalf?

(7) How should a man be treated who is constantly pointing out national sins, and forecasting their disastrous consequences? Is he a traitor or a patriot?

(8) Verses 5-10—Zedekiah in spite of his oath to the king of Babylon had rebelled against him, and made a league with the king of Egypt; what did God say through Jeremiah should be the result?

(9) What is the demerit of the sin to break an oath or betray a trust?

(10) What reason is there to believe that there comes a time, in the life of an individual, when his fate is sealed and his doom certain?

(11) Verse 11—The Chaldean king of Babylon raised the siege of Jerusalem, so that Pharoh's army of relief returned to Egypt, possibly driven back by the Chaldeans. This gave Jerusalem a short respite. What should the wicked do while God withholds his judgments?

(12) Verses 12-14—What was the probable object of Jeremiah in leaving Jerusalem, now he had the opportunity?

(13) Was there any ground at all for accusing Jeremiah of being a traitor? (See chap. 38.)

(14) Which is generally the worse, "a lie out of whole cloth" or one based upon facts perverted?

(15) Verses 15-16—Why in view of God's almighty power does He permit his servants to suffer for their very faithfulness?

(16) Verse 17— Likely by this time the Chaldean army had re-invested the city, and then Zedekiah, the king, gets Jeremiah out of prison to consult him. Is it a usual thing for bad men when in prosperity to reject good people, and when in adversity consult them, or ask their prayers? Give your reasons.

(17) Jeremiah told the king the blunt truth. Why should we always do that with sinners?

(18) Verses 18-21— Does a good man ever get where he may not suffer hunger, cold, or other bodily discomforts, or when he does not desire bodily comforts as do other men? (This is one of the questions that may be answered in writing by members of the club.)

Lesson for Sunday, Aug. 27, 1911.- Judah Carried Captive to Babylon. Jer. xxxix.

SEED SELECTION

There are very many things that influence to a very marked degree the yield that is returned from our crops and one of the most important things in that connection is the character of the seed we sow. The old adage that "We can never be too careful the seed our hands shall sow", is one that every farmer should bear in mind when selecting his seed grain. "Like produces like," is a motto held in mind by those interested in the improvement of any species or kind and in order to produce good results the best stock must be used. In the improvement of farm crops there is no method of seed selection that has given better results than the selelection of the best plants in the field and then using the seed from these plants as a basis of further selection. Recognizing the value of this method of crop improvement the Dufferin Agricultural Society are seeking to encourage this method of seed selection by the selection of the plants from the growing crops, by offering at the coming Fall Fair the following prizes for Sheaf Grain Exhibits, first, a pair of $4.00 shoes donated by the Robert Simpson Co., Toronto, second prize, $2.50 cash, third prize, $1.50 cash.

The conditions under which these exhibits are to be made are:—

1. Competitors must not be over 18 years of age.
2. Exhibits will consist of three sheaves, one of wheat or rye, one of barley and one of oats composed of a sufficient number of plants to make a sheaf of approximately eight inches in diameter. These plants, where possible to be selected from the standing crop and must show the full length of the crop (roots not included).
3. Name of the exhibitor with age and address must be attached.
4. Competition limited to the sons and daughters of members of the society.
5. Prize winning grain to become the property of the Society.
6. In judging the exhibits special attention will be paid to the selection rather than the arrangement.

DR. A. W. CHASE'S CATARRH POWDER 25c. is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. 25c. blower free. Accept no substitutes. All dealers or Edmanson, Bates & Co., Toronto.

AN INFANT INDUSTRY.

Mr. G. L. Pletzer, an expert workman who was in the employ of the Hurndall Novelty Mfg. Co., up to the time of the fire in June, has secured premises in William St., installed the necessary machinery and an electric motor and is busily engaged in the manufacture of furniture novelties. Mr. Pletzer has engaged some skilled hands and reports prospects bright for the development of a large and profitable business. The industry is as yet in the infant class, but it gives promise of a healthy, vigorous growth. Citizens of all classes will wish Mr. Pletzer and his associates all possible success in their enterprise.

Mr. and Mrs. G. Swain, of Grand Valley, spent Sunday with Mr. and Mrs. J. T. Manley.

Mr. and Mrs. S. Jackson, have returned to Hamilton after spending a month with the former's mother, Mrs. J. T. Manley.

TUBERCULOSIS LECTURE

At a well-attended meeting in the Methodist Church on Tuesday night, Mr. Watson, representing The National Sanitarium Association, delivered an interesting and instructive address on the contraction and prevention of the dreadful white plague, tuberculosis. Mr. Watson illustrated his lecture by means of lantern views. He dealt more on the sanitorial effort in aid of the consumptive. 17 per cent of the deaths, Mr. Watson stated, are from tuberculosis, or 170 out of 1000, or 1 death in every 6 of the whole world, was due to tuberculosis. In Ontario alone 3,000 people die of the disease annually, and in Canada 10,000 per year. A great many infants up to 5 years of age, die of the disease, but the majority of the deaths occur between the ages of 20 to 40.

By numerous pictures Mr. Watson showed the development of the consumptive germ in a person's lung and how by the expectoration of infected persons millions of the germs are scattered into the air. He showed how the germ is spread by means of the collection of dirt and flies. A person in real good health is not subject to tuberculosis as much as an ailing person. Cows affected with tuberculosis is the cause of so many deaths of infants through the use of the milk. Mr. Watson told of the wonderful work being done at the sanitariums in Muskoka for the blotting out of the white plague. In 1897 the Muskoka Sanitarium was built and in 1903, the Free Hospital was built. The pictures showed how the patients are treated. A consumptive should have rest, good air and good food and this is what they get at Muskoka. The Toronto Free Hospital for Consumptives and The King Edward Sanitarium are for the advanced cases who can have nothing more done for them in Muskoka. The Muskoka Free Hospital is for those who are unable to pay for the treatment.

Mr. Watson is lecturing in aid of the Muskoka Free Hospital, and showing that tuberculosis can be cured. It takes $5,000 per month for running expenses for the hospital, and this amount is raised entirely by subscription. The collection on Tuesday night was encouraging.

REV. HANNAH WILL PREACH.

On Sunday next, Rev. Mr. Hannah, of the Lord's Day Alliance, will conduct service in the Methodist church here at 11 a.m., and in the Presbyterian Church at 7 p.m. It is expected that Mr. Hannah will have something of special interest for all on this occasion and large congregations are looked for. Rev. Mr. Harper will conduct service in the Presbyterian Church in the morning.

If you want a new skirt and Black Silk or Nett Waist, go direct to Ritchie's.

IT GROWS HAIR.

Here Are Facts We Want You to Prove at Our Risk.

Marvellous as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course, in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.

Rexall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum nor permanently stain the hair.

We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without question or formality we will hand back to you every penny you paid us for it. Two sizes, 50c. and $1.00. Sold only at our store—The Rexall Store. T. F. & T. J. Brown, Orangeville.

PARIS IN REEL RACE.

Won First and Niagara Falls Won Hook and Ladder Event.

Three Thousand People Witnessed Firemen's Races in Brampton Last Wednesday.

Twenty-six hundred people paid admission at the gates of the Exhibition Park to witness the firemen's races and other events yesterday afternoon at the conclusion of the parade. Probably another thousand including firemen and complimentaries passed into the grounds. The crowd was a big one all right.

The races were handled without any unnecessary delays and the decisions of the judges were accepted without dispute.

The two big events, the Hose Reel Race and the Hook and Ladder Race for which prizes of $100, $60 and $40 in each event were given were keenly contested. The first prizes went to Paris and Niagara Falls, respectively. The time in the first was a fifth of a second better than that made at Welland last year when Brampton won.

Hose Reel Race : Fifteen to seventeen men, 300 yards attach to hydrant, lay 300 feet of hose, attach nozzle :— First, Paris, 49 1-3 sec.; Second, Niagara Falls Alerts, 49 3-5 secs.; Third, Richmond Hill, 50 2-5 sec.; Other contestants — North Toronto, 51; Georgetown, 51 2-5; Oakville, 51 2-5; Milton, 52 seconds.

Hook and Ladder Race :—Run 300 yards with wagon, one runner climbs 20 foot ladder held by companions in three foot space at end of run—First prize, accompanied by holding Silver Cup, Niagara Falls Alerts, 44½ secs.; second, Milton, 47 1-5 secs.; third, divided, Richmond Hill and Oakville, 47 2-5.

Other contestants :—Georgetown, 47 3-5; Paris, 48 1-5; North Toronto, no time.

Hundred Yard Race—Large field, Gordon Saddler, Niagara Falls, 1st, $5; W. A. Freeman, Oakville, 2nd, $3.

Two Hundred Yard Race—Five entrants, Gordon Saddler, 1st value, $5; W. A. Freeman, 2nd value, $3.

Chief Race, 100 yards :—Chief Newman, Niagara Falls, 1st value, $5, beat Chief Collins, of North Toronto.

Fancy Drill —One contestant, Merriton Fire Company, 1st, $100.

Company of not less than 20 men coming longest distance, railway mileage— Welland Co., prize valued at $15.

Best appearing company of not less than 20 men, in parade— North Toronto, cup valued at $15.

Special cup best appearing company in parade in regular uniform— Hamilton Veterans.

Special cup, oldest chief :—Hamilton Veterans Chief.

The officials in charge of the contests were—J. W. Cole, J. D. Orr and Chas. Allan, timekeepers ; Dr. Roberts, starter ; L. Suggitt, hydrant judge; T. Mara, nozzle judge; W. J. Armstrong, West Toronto, Secretary and Announcer.

The prizes for the best decorated store fronts were awarded as follows—Mayor Thauburn 1st; Robinson & Stork, 3rd. For house decoration—Dr. French, 1st; H. McKillop, 2nd; T. Thauburn, 3rd. The judges were Capt. Kennedy and Henry Wade, of Toronto.

Treasurer Thos. Thauburn paid all prize money at the exhibition office immediately after the sports. — Peel Banner.

Nerves Are Exhausted

And nervous prostration or paralysis is creeping steadily upon you.

You hear of people suddenly falling victims of nervous prostration or some form of paralysis. But when you get all the facts of the case you find that they have had months or years of warning.

They haven't slept well. There has been frequent attacks of nervous headache. Digestion has failed. They have been irritable, easily worried and excited and have found memory and concentration failing.

Had they but known that these symptoms tell of exhausted nerves or had they realized their danger they would have restored the feeble, wasted nerves by use of such treatment as Dr. Chase's Nerve Food.

This great restorative treatment cures by forming new, rich blood and by rebuilding the wasted nerve cells. No medicine is more certain to prove of lasting benefit to the system. 50 cents a box, 6 boxes for $2.50; at all dealers or Edmanson, Bates & Co., Toronto.

When Bunker, the noted desperado, shot up the town of Eureka, killed the cashier of Phillips' bank and helped himself to some $20,000 in currency, being his fourth exploit in that neighborhood within a month, it was thought by the citizens to be high time something was done to stop such irregular proceedings.

Within half an hour after Bunker and three assistants rode out of town a meeting was called at the looted bank and measures taken to break up the gang. A posse was organized, consisting of a dozen citizens, and later placed under the orders of a detective who was telegraphed for and in a few hours reached Eureka by special train. Pierce Robbins, the new

BUNKER SANK ON THE FLOOR.

arrival, had captured a swindler band by stratagem, and it was hoped that he would be able to trap Bunker.

Robbins' first step was to locate the desperado and his gang. He therefore sent out members of the posse in every direction to gather information and communicate with him at Eureka as soon as any intelligence whatever was received of the whereabouts or movements of the murderers and plunderers.

Meanwhile Bunker, whose tactics after a raid were to go into hiding at some prearranged place not far from the scene of his operations, occupied a deserted sawmill in a wood. A railroad ran past the mill, though on the other side of a creek. Bunker's purpose was to keep quiet till it might be supposed that he had reached some point many miles away, then stop a passing train and ride out of the district where he was especially wanted.

Two days after the robbery a boy who was fishing in the creek saw men at the mill. The youngster slipped down off a stump on which he sat and, unseen by the men in the mill, dodging sometimes in the water and sometimes under the bank, made his way out of the wood. He had fished there often and had never seen any one in the mill before. Everybody in the region knew of the Eureka robbery, and the boy suspected that the men he had seen were the robbers in hiding.

On the fourth day after the robbery a farmer walking along the railroad track not far from the mill met a red headed man who bade him good morning and seemed disposed to chat, finally turning the subject to the whereabouts of Bunker and his men. The farmer told him it was generally believed that the gang had got so far away with their plunder that it was not likely to be recovered. When the two parted the red headed man, who was one of the gang reconnoitering, went to the mill and reported to Bunker what he had heard.

It was determined by Bunker and his men to stop the afternoon train and leave the region on it. Half an hour before it was due the four men left the mill, crossed the creek, and when the train came along Bunker signaled it to stop. The engineer obeyed the signal, and the robbers got aboard, one man climbing to the engine, another to the baggage car, while Bunker and his other assistant, the red headed man, entered the only passenger car.

The conductor as soon as the men entered the train asked Bunker what he meant by stopping the train.

"Do you suppose we were going to walk five miles to a station?"

The conductor grumbled, but the men paid their fare, and there was nothing more said about the matter.

At the next station two farmers and their wives got aboard. After a consultation Bunker sent the man with him forward with a message to the two others. The train passed the next station without stopping. The conductor pulled the cord connecting the engine, but with no effect. Then Bunker said to him:

"Conductor, I'm in charge of this train. We're not going to do any more stopping just now, and we're going to move at full speed. You sit down there and keep quiet."

The conductor obeyed the order, but one of the farmers protested. He said that he and his wife were ticketed for the station just passed and didn't wish to go any farther. Bunker told him to shut up so fiercely that he obeyed the order at once.

The man who had gone forward came back and said something to Bunker which seemed to be satisfactory. The train was running at full speed, and the two men were evidently much pleased at their chance for escape. Each held a revolver in his hand, though no one disputed their will. One of the farmers' wives gave evidence of hysterics, while the other, appearing to rely upon being a woman, berated the robbers soundly. Her husband begged her to be quiet, while the husband of the other woman tried to keep his wife from a collapse. The few other passengers in the car sat still, not daring to move a finger. As for the conductor, he sat crouched down in a seat trembling like a leaf.

One of the farmers and his wife were on one side of the car, and the other pair were a few seats behind them on the opposite side, both being near the middle. Bunker stood with his back against the forward door, while the red headed man stood in a similar position with regard to the rear door. The woman who had protested got up from her seat and turned it over so that she would ride backward. The robbers made no objection to this, and the husband meekly acquiesced.

The two couples were now riding face to face, one couple looking at Bunker, while the other looked at his assistant. The train was going at a furious rate, and whenever it came to a curve the robbers found it difficult to maintain their positions. After one of these turns, with a consequent disturbance of the men's equilibrium, two shots rang out simultaneously.

In a twinkling the status was changed. Bunker sank on the floor, and his pal, who heard the glass in the top of the door behind him crack, looked vainly for whoever had fired. But a second shot stopped his observations. The farmers' wives, who had done the shooting, unbuttoned their dresses and threw them off, displaying men's clothing, while their attendants, opening the forward door, rushed over Bunker's body to the next car. One of them, stepping before the door of the baggage car, threw it open, while the other stood with a cocked revolver pointing into the car.

The robber who was stationed there, having his back to the farmers, was defenseless and obeyed an order to throw up his hands. The baggage man disarmed him, while one of the farmers went out through the forward door and climbed over the back of the tender. The engineer occupied one side of the cab, while the robber guarding him sat on the other side, both looking forward. The din prevented the newcomer from being heard, and he had an opportunity to demand the surrender of the robber, though the latter held a cocked revolver in his right hand. Crouching behind a pile of coal, the farmer took aim at the robber, then yelled at the top of his voice for surrender. The robber hesitated for a moment, but, seeing that every chance was against him, complied. Then the engineer, at a nod from the farmer, stopped the train.

We must return to the operations of Pierce Robbins. Through the boy who had seen the robbers in the saw mill he had gained a knowledge of their whereabouts. Intuition told him of their plan. Believing that they had the money they had taken on their persons and desiring that they should not have an opportunity to get rid of it, he preferred to take them while on a train to surrounding them in the mill. So he at once laid his plans accordingly.

He placed four good men, disguised, at the station on each side of the point where they would be likely to board the train, not knowing which way they would go. Each train was watched, and the extra man on the locomotive gave away the presence of the robbers. The engineer, the baggageman and the conductor were all in the plot. No one of them was to make any resistance.

Robbins and a picked man played the women's parts. It was Robbins who made bold to protest against the action of the robbers, and it was he who when in the car with Bunker and the red headed man had arranged and by preconcerted signals announced the attack, though it had been determined that those wearing women's dresses should fire the first shots, owing to their being better able to conceal weapons and draw them more quickly.

When the members of the posse collected in the passenger car it was found that Bunker had been killed outright and the red headed man badly wounded. All the robbers were searched, and every package of bills they had taken from the bank was found intact. As soon as all was ready the train was backed down to the station last passed, where telegrams were sent announcing the capture, and a new train was made up to take the passengers and the prisoners to Eureka.

The directors of the bank paid liberally for the recovery of the stolen money, and the boy whose indolent amusement of fishing had led to the capture received a check large enough to give him an education.

It was not long before every one of the robbers who had been captured alive was convicted and sent for a long term to the penitentiary.

Of all the paints you can buy, either prepared or specially-made, none will spread so easy, cover so much surface and give such good satisfaction as

M-L

Pure Paints

To paint the whole house out or in or merely freshen up a bit of woodwork, get M-L Paint. Besides pure lead, pure zinc and pure oil there's a special ingredient that makes M-L Paints protect and beautify any surface they cover for twice as long as ordinary paint.

NO APPETITE.

This Remedy Will Restore It.

If you have no appetite for meals, can't work, can't rest, and are annoyed with too frequent urination and a burning, scalding pain in making passages.

If at night you retire, hoping for sleep that either does not come, or is troubled and fitful, you have kidney trouble and need Booth's Kidney Pills, the guaranteed remedy for all kidney and bladder trouble. A few doses of Booth's Kidney Pills will wake up the sluggish kidneys and regulate the urine. Continued treatment will cure and heal the weakened kidneys, and restore the appetite in the natural way. Sold everywhere 50c. box, or postpaid from The R. T. Booth Co., Ltd., Fort Erie, Ont. Free trial sent on application.

Booth's Kidney Pills

THOMAS CONNOLLY KILLED BY LIGHTNING.

Sad Fatality Near Traverston During Severe Thunder Storm.

One of the most sudden, tragic and untimely death calls ever known in this vicinity to Mr. Thamas Connolly, Jr., Wednesday evening of last week. In the afternoon he went berry-picking, accompanied by the family dog. A sharp thunder storm came up about 5 o'clock and he, apparently, had started for home, but took shelter under a beech tree. Not coming home, some search was made that evening, but it was surmised that he had gone to some of the neighbors. Next day, however, over a score started to search for him, and it being unknown to the searchers what berry field he had gone to, made the search more difficult. Towards evening, however, they found him on his father's farm. It was a stunning blow to his aged parents, the members of the family and to his little son and daughter. He was just in prime of youth, twenty-five years of age. Wedded Miss Mary Haley some six or seven years ago. Last year, while out west she took suddenly ill and was called away. In the fall he brought his little boy and girl home to his parents and has been the chief support of all. He was a strong, hardy youth and as generous and obliging as the best of us. The funeral took place to St. John's cemetery on Saturday morning, the Rev. Father Ferguson conducting a most impressive requiem mass. A large gathering followed the remains to their last resting place and the heartfelt sympathy of the whole neighborhood goes out to the orphaned children and the aged parents.—Markdale Standard.

DRIVER LOST CONTROL.

On Friday last Messrs. J. P. Buell, J. Booth and T. J. Hamilton went to St. Catharines to visit the automobile factory there. While taking a run out with the Demonstrator, in one of the machines, and while going up a steep incline, the machine came to a stop and the driver losing control, it backed down at a terrific rate, landing in a ditch where it almost turned turtle throwing the inmates out. Messrs. Bush and Hamilton sustained some severe bruises but fortunately no bones were broken. Had the auto not stopped just where it did it would have dropped some 60 feet into the canal.—Erin Advocate.

Don't cough. Take Four T's, T. T. T. T. cures the worst cold in one day. Large bottles. Price 25c. All drug stores or direct from the Merrill Medical Co., Merrill Building, 93-95 Church St., Toronto, Ont.

Sold and recommended by Thos. Stevenson, Druggist.

INSTANTLY KILLED BY LIGHTNING.

A sad death occurred in Glenelg on Wednesday afternoon of last week when Thomas Conley, who lived about two miles west of the Irish lake, was instantly killed by a bolt of lightning. Mr. Conley was a man about 30 years of age. Last fall he buried his wife in the West and came east with his two little children. On Wednesday afternoon last he went out to pick berries, leaving the two children with his mother. He did not return home that night, but little was thought of his absence as it was supposed he was at a neighbor's. Next morning, however, when he did not put in an appearance, inquiries were set on foot and a number of neighbors joined in a search for him. The body was found under a tree, where he had apparently taken shelter from a thunder storm. He was evidently leaning against the tree with his legs crossed when the bolt struck which deprived him of life, as his limbs were in that position when the body was found. The pail of berries was still on his arm.—Flesherton Advance.

EXCELLENT FAMILY.

A Kentucky preacher's little girl was allowed to spend the day with the children in a politician's family nearby.

That evening she said to her mother : "Why, mamma, what do you think? They are so good over there they take communion at dinner.

Imperfect Kidney Action Causes Rheumatism

Rheumatism with its kindred ailments—Lumbago, Wry Neck, Neuralgia, etc., usually results from lodgments of uric acid in the joints and muscles.

Now the chief function of the kidneys is to properly filter this poison from the blood.

Only when they fail to do this is Rheumatism probable.

Kidney weakness starts in various ways. A sudden chill, after perspiring freely, sometimes settles in the kidneys—or an unusual strain may cause it.

Poisons which should be filtered out of the system are pumped back into the blood, causing Uric Acid, the real cause of Rheumatism, Lumbago, Wry Neck, Neuralgia, etc.

In the early stages Nyal's Stone Root Compound will stop it.

Will start your kidneys working properly so that the Uric Acid is reabsorbed and eliminated.

Away goes your Rheumatism with it.

Perhaps these early warning twinges have passed unheeded, and your Rheumatism has become deep seated.

Muscles all snarled up in knots as if were.

Then you'll need Nyal's Rheumatism Cure.

Ask your own druggist about these remedies.

His opinion is worth while.

Nyal's FAMILY REMEDIES

Essence of Exchange and Items of Interest.

Seaforth is getting a new post office the contract being let the other day for $27,000.

It is announced from the Grand Trunk Pacific offices that 140 new stations will be built west of Winnipeg this season.

The Milton by-law authorizing expenditure of $20,000 for the extension of the waterworks system was carried by 148 to 2.

Two Preston Magistrates decided that a citizen has a right to stand on the street as long as he chooses, provided he does not molest others, or interfere with them in any way.

At a regular meeting of the Quarterly Board of Alma and Bethel Methodist churches held lately, the salary of the incoming pastor, Rev. Mr. Lounds, was fixed at $950 for the year.

Railroad work is to be very active along all lines in the West. The Canadian Pacific will spend $14,000,000, and the C. N. R. $12,000,000. Forty new towns will be established by the C.P.R. this summer.

A pane of glass stops a draft of air, and a draught of Merrill's Wizard Lightning stops any pain inside or out in five minutes. Price 25c. Sold and recommended by Thos. Stevenson, Druggist.

Mayor Spotton, of Wingham, has presented the town with large, framed pictures of the late King Edward and Queen Alexandra, and also of King George. They will adorn the town clerk's office.

Mr. Geo. Mullan, of the Bank of Commerce, Toronto, son of the Rev. Dr. Mullan, Elora, underwent an operation at the R. A. Hospital, Fergus, last week. He is doing well, and will be able to return home shortly.

Rev. C. E. Stafford, of Elora, has yielded to the earnest request of the officials of the Methodist churches on the Belwood circuit and will take the church work until a regular minister is placed there after next session of Hamilton Conference.

The little Curtis boy, of Belwood, who had his legs cut so badly in the corn field about a year ago, recovered well, but for some weeks past has been in poor health and passed away last week, the funeral being held on Monday of this week.

James Clement, President of the South Bruce Conservative Association, has been appointed superintendent of the provincial demonstration farm at Olds, Alberta. There are seven such farms set apart for experimental purposes by the Alberta Government.

A barn belonging to John McDonald, lot 32, Erin and Eramosa townline, was struck by lightning last week and burned to the ground. The barn was a bank one and contained this year's hay crop and a couple of fields of oats which had been harvested, also a few implements and fowl, which were all burned. The loss will be $1,000 which is understood to be mostly covered by insurance.

A quiet wedding was solemnized in Trinity College chapel on Wednesday afternoon, Aug. 2nd, at 4 o'clock the Rev. John Bushell, of St. Clement's Church, officiating, when Agnes Ethel, daughter of Mrs. Wooding, of Mansewood, Ont., was united in marriage to the Rev. Henry Ashton Bracken, M.A., of St. David's Church, Toronto, son of Mr. and Mrs. Bracken, of Boston Mills, Ont.—Enterprise.

The rainstorm of a week ago Thursday evening did considerable damage in Caledon East. Several bridges in Caledon and Albion townships were carried away. A large portion of the G. T. R. siding was washed out. Mr. Thos. Potter, of Allandale Mill, felt the storm to be quite an expensive one to him as his mill race was pretty well carried away and considerable damage was done to the mill and his residence.

A peculiar accident recently happened on the farm of William Polfuss, near Mildmay, which resulted in the loss of a valuable mare. The team, attached to the mower, was being driven over a rough spot in the field, when the left horse made a jump forward, throwing its mate into the knives of the mower. The tendons of the mare's leg were severed, which rendered the mare totally useless. She was valued at nearly $300, and was one of the best in the township.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

Mrs. R. J. Puckering landed a nice fourteen inch speckled trout up at Mulmur Lake a few days ago that weighed 1¼ pounds.

Mrs. Geo. Ramesbottom, of Erin, who has been suffering from an ulcer in one of her eyes, had to be taken to the Guelph Hospital last week.

Mr. Robt. Jennings, of Mansfield, delivered a load of alsike to H. White & Co., Shelburne, Thursday of last week, for which he received $398.36.

It is claimed that there are as many microbes on a dollar-bill as on a fly. But the dollar-bill does not make such desperate and continuous efforts to alight on you.

Mr. F. C. Danee, furniture dealer, of Shelburne, was in Toronto for a couple of days last week furnishing a house for a Toronto customer. This is reversing the usual order of things whereby country orders go to the city.

On Saturday afternoon, Aug. 12th, at Guelph, Dr. Groves, of Fergus, was tendered the unanimous nomination for South Wellington by the Conservatives. The doctor is an experienced politician and is well-known throughout the riding.

Misfortunes never come single-handed, it is said, and Mr. Malcolm McLeod, of Belfountain, certainly had his share a week ago Monday. A sucking colt died in the forenoon and in the afternoon a two year old colt hung itself in the stable, and in the evening a valuable cow got stuck in the mire near Dufferin Lake and was drowned.

We noted last week the purchase by Dr. Gear of a new Reo automobile. Mr. J. P. Bush, of the Globe hotel, has also purchased one of the same make, and Messrs. T. J. Hamilton and J. Booth have both placed orders for similar cars which will be here this week. Truly our little burg is becoming citified.—Erin Advocate.

It seems that the farmers have come to the conclusion that there is some agreement or think of some description among the various packing houses of this country, which raises or lowers the price on their pork or beef products to suit the packers convenience. It may seem strange, but the various epistles prepared and speeches made by J. W. Flavelle, managing director of the Davies Packing Co., denying this in every form, does not change the farmers views of the matter in the least.—Mt. Forest Sun.

URIC ACID SUFFERING.

Uric acid is an accumulation of poison which finds lodgment in the system when the kidneys fail to remove it from the blood. In the kidneys and bladder it forms stones; in the joints and muscles it causes rheumatism. In any case the pain and suffering is almost beyond human endurance. Uric acid is promptly removed from the system when the kidneys are kept healthy and active by using Dr. Chase's Kidney-Liver Pills.

Everyone can make friends, and staunch ones, too, by the practice of unselfishness, but not by wasting money on the worthless, in the vain hope of being considered a "good fellow," which is merely another name of a complete fool. It is not he who "gives" to everyone who asks, but he who seeks out those who are too proud to ask and relieves their necessities, who awakens genuine gratitude and attaches to himself the sort of friends that are worth having. Such a man however, is seldom termed "a good fellow."

Samuel Lewis, of Violet Hill, brought to this office on Saturday last a new specie of the beetle class which is making short work of the potato bugs that infest his potato field. The new specie possesses a sword like horn with which it pierces the body of the young potato bugs and it is quite a sight to see a number of the new specie walking off each of them with an impaled bug on its horn or trunk. The specimens were forwarded from this office to Principal Creelman at the Ontario Agricultural College, Guelph.—Shelburne Free Press.

Three years ago Mr. Gordon Perry left the shores of England for Canada, and during his stay in the vicinity of Belwood, was working here and there with different people, won the appreciation of many and in the month of March left here with Charlie and Earl Gillespie for the West, just two weeks ago news came that he was killed by the kick of a horse on the side of the head. Two relatives survive, his grandmother in England and a brother in Kingston. Gordon often visited the Gillespie homestead and was frequently with the Howes family, both of which appealed to him as foster homes.

The Winnipeg Telegram says—"Dr. A. E. Murphy, of Phelpston, Ont., is spending a few days with his brother-in-law, Harry Kent, of Mountain avenue, on his way west on a trip to the coast. The doctor is delighted with Manitoba's climate and agrees with the most optimistic when they argue that Winnipeg is destined to be one of America's greatest cities. He leaves on Monday to visit a brother at Killman, Alta., and will spend a month or two there and in Calgary, Vancouver, Seattle, Spokane, Regina and other points." The Dr. Murphy referred to is a son of John Murphy, of Mulmur Corners.—Free Press.

FOUNTAIN MY VALET
30 Adelaide St. W., Toronto.

A bevy of Harriston's most attractive and popular young ladies called at The Review office on Monday, and placed on the desk a donation of choice fruits and vegetables.

Registrar John Anderson, of Arthur, has again been appointed returning officer for North Wellington, and Mr. J. P. Telford, of Durham, for South Grey.

At the annual meeting of the North Simcoe Conservative Association held at Stayner on Saturday last, Major C. A. Currie, M.P., was the only candidate nominated. John Best, M. P. for Dufferin, made an excellent address at the public meeting held after the convention and referred to Mr. Currie as one of the ablest men in the House.

A C. P. R. engineer took a chance at Alliston that he will not take again for some time. He was in charge of a work engine that was going south soon after 8 a.m., and approached the diamond crossing at the same time as the G.T.R. mixed train. The Grand Trunk had the right of way and Switchman O'Donnell gave it a clear track set top signal against the engine. The engineer on the en- it a clear track set stop signal against or thought he could beat out the oncoming Grand Trunk train, for he approached the diamond at a speed of about thirty-five miles an hour. The mechanism that clears the course for one train automatically opens the switch for the other and the C. P. R. engine was derailed before it reached the diamond. An extra safety rail saved it from leaving the roadbed, but the engine was pretty badly damaged and the roadbed was torn up for some distance.

CONTEST IN DUFFERIN.

Liberals Put up Candidate in Oppositisn to John Best.

Mr. D. B. Brown, of Orangeville, Choice of Convention.

Dufferin Reformers met in Convention in the Town Hall in Shelburne on Monday afternoon for the purpose of selecting a candidate to contest the riding at the approaching general elections. To Mr. D. B. Brown, of Orangeville, the Convention allotted the seemingly hopeless task of attempting to place Dufferin in the Liberal column. Only three names were submitted—D. B. Brown, Orangeville; Dr. Gowan, Horning's Mills, and Geo. McAllister, Shelburne. Mr. McAllister withdrew and Mr. Brown received 83 out of a total of 109 votes on the first ballot.

The Convention was probably the largest and most enthusiastic that Reformers have ever held in Dufferin. Besides the 109 delegates, there were a goodly number of interested spectators, the majority of whom were evidently heartily in accordance with the policy and principles that the Liberal party espouses.

Mr. T. F. Brown, of Shelburne, Mr. Brown's nominator, told the Convention that he considered that gentleman the strongest possible candidate that could be chosen. He believed the present time was very opportune for placing a candidate in the field.

Mr. W. P. Tolton, of Waldemar, who seconded the nomination, averred that there were many Conservatives in the County, who were ready to leave their party on the reciprocity question.

Messrs. Wm. Sime and J. F. Breen, mover and seconder of Mr. McAllister's nomination, said they thought he would be a strong candidate, well able to represent the county.

Mr. D. B Brown thought the present a golden opportunity to overturn the party that had been in power in Dufferin so long.

Mr. N. B. Allen had no desire to be a candidate. Mr. Allen thought it was time the patronage of the county, ceased always going southwards. He believed the patronage should be under the control of the Executive and not the candidate or outside influence. He didn't believe in a man running only for the sake of patronage. If there was hope of winning he would say go in and work till the last vote was in. He was in favor of reciprocity and Sir Wilfrid Laurier.

Mr. Brown said if he was the candidate it would not be for the sake of the patronage, and he would see to it that himself and the Executive saw to an equitable division of the patronage.

Dr. T. J. Gowan had been told it was impossible to elect a Reformer in Dufferin, but he didn't believe it. They had a good cause to fight for in the present election, in Reciprocity. Reciprocity would be a great thing for the country.

Mr. Geo. McAllister was glad to see so many Grits together in Dufferin at one time. He had never seen it before. He would say put a candidate in the field and stick by him till the last. Select him, put your shoulders to the wheel, and elect him. It would be easily done.

Mr. Robt. Irvine said north, south, east and west should be forgotten and a good big vote rolled up for the nominee of the convention.

Mr. D. B. Brown, in returning thanks for the honor done him, said Liberal candidates in the county had previously not had proper support. If the Liberals would get in and work hard Mr. Best would have the fight of his life. The speaker had been out West for three months in pursuance of his business as real estate dealer, and had picked up some good things. He should be disposing of them in the next month instead of fighting an election, but having been born a Grit and rocked in the cradle of Gritism, he didn't see why he couldn't sacrifice something for the party.

Mr. W. C. McKay, K.C., of Toronto, a speaker sent out from Liberal headquarters to address the Convention, delivered a lengthy address, setting forth the advantages, which the American market offered to the Canadian farmer. Our farmers, he maintained could not afford to overlook these and the larger market that reciprocity would give them. The agreement, he held, could not affect the British preference, because the free list is in natural products, and the only natural product Britain had to export was a little coal. Then there was the question of loyalty. Canadians bought twice as much from the United States as we sell them. Selling them the other half to even up wasn't going to affect our loyalty. The opposition to the reciprocity pact came from interested parties and not from the producer or consumer. Reciprocity should appeal to Dufferin, because it would benefit the farmers of Dufferin.

Mr. Hugh Falconer, President of the County Association, presided, and Mr. T. J. O'Flynn, of Shelburne, acted as Secretary.

The Convention was brought to a close with cheers for Sir Wilfrid Laurier and the candidate.

Among those present were noticed the following:—

Orangeville—James Dodds, F. Marshall, Oliver Hayward, G. Flesher, Councillor Hepton, R. Mann, John Norris, M. H. Denton, J. R. Lathwell, Thos. Wright, F. W. Ritchie, Robt. Irvine, J. S. Robertson, W. E. Irvine, D. B. Brown, T. J. Brown, D. McLean, Geo. McLean, Hugh Haley, Alex. Cooper, Chas. Anderson.:

East Luther—W. P. Tolton, Geo. McWhirter, Wm. Anderson, W. S. Orvis.

Grand Valley—Wm. Nodwell, James Reith, W. L. Craig.

Shelburne—S. F. M. O'Flynn, H. Bretz, Geo. Watts, N. B. Allen, J. A. Skeldmg, Hugh Falconer, Chas. Mason, J. A. Mills, T. J. O'Flynn, T. H. Harrison, D. M. Reid., Chas. Lindsay, Fred. Silk, Thos. Robinson, F. A. Clement, Dr. J. A. Smith, James Chalmers, A. Londsborough, James Manning, Geo. McAllister, J. W. Hamilton, R. Backus.

Mono—John Jackson, Samuel Lewis, Mr. Thompson, Mr. Buchanan, W. J. Dods, Geo. Dodds.

Amaranth—Wm. Fines, T. Hepton, Ed. Richardson, Robt. Fife, Edward Groskurth, Irving Walker, Jas. Harrison, G. W. Bidwell, Geo. Torrance.

East Garafraxa—Wm. Park.

Melancthon—Thos. Mills, R. Marshall, Steve Sawden, Mr. Gray, H. Lindsay, J. F. Breen, Alex. McKee, Arch. McQuarrie, Duncan Marshall, Robt. McLean.

Melanethon—John Ewmg, H. R. Huxtable, Dr. Keyes, Dr. T. J. Gowan, S. Ostrander, Wm. Sime.

Mulmur—Pearson Fewster, William Fewster, Wm. Rutledge.

In Mr. Brown the Reformers of this County have selected the strongest available candidate. He is well-known throughout the riding, and is popular with Conservatives and Liberals alike. In Orangeville, East Garafraxa, Mono and Amaranth he will undoubtedly poll quite a number of Conservative votes on personal grounds.

A TERRIBLE RECORD OF CHILDREN'S DEATHS.

As every mother knows the death rate of little ones in Canada during the hot summer months far exceeds that of any other season of the year. The reason for this is that the excessive heat brings on those dreaded troubles, cholera infantum, diarrhoea, dysentry, and other stomach and bowel complaints. These come on so quickly and with such little warning that often baby is beyond help before the mother realizes he is ill. During the hot summer months the mother must be continually on her guard to see that baby's bowels are working regularly and his little stomach is kept sweet and pure. Baby's Own Tablets should always be kept in the home as they are the mother's greatest friend. A dose now and then will prevent these troubles, or if they do come on suddenly they will be quickly banished by the Tablets. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

CUT OUT THE RACING

A great deal has been written and said about the folly of racing at barn raisings, and yet the sport goes on without abatement. The accident chronicled elsewhere in our columns is said not to have been directly caused by the practice, as one side had completed its work and the losing side was non hurrying to complete their task. Still, we are told that earlier in the work, when racing was actually going on, two minor but serious accidents occurred, and how far these were responsible for the later and more fatal catastrophe it is impossible for any person to know. There are those who believe they were largely responsible— that they had caused the workmen to become nervous, although the men might not be actually conscious of the fact.

In whatever degree this may be true, it is evidently an opportune time to utter another protest against the foolish practice of racing at so dangerous an occupation. Really there should be a law against it.—Flesherton Advance.

—Pasture to Let. Apply to T. Stevenson.

ORANGEVILLE HIGH SCHOOL

ALEX. STEELE, - Principal

Re-Opens Sept. 5th, 1911

Teaching Staff

Mathematics and English:
Alex. Steele, B.A. (Toronto)
(Specialist in Math., Eng., Hist.)

Modern Languages and English:
Grace M. Strang, B.A. (Toronto)
(Specialist in Moderns and Hist.)

Classics, Drill, Etc.:
J. Hamilton Adams, B.A. (Toronto)
(Certified Cadet Instructor)

Commercial Work, Art, Etc.:
Clara Hulse, First-Class Certificate.
(Special Certificate in Art.)

Agriculture:
H. A. Dorrance, B.S.A. (Toronto)
(Graduate Guelph Agr. Coll.)

Natural and Physical Sciences:

This School has recently been furnished with up-to-date Physical and Chemical Laboratories and with a Gymnasium, and its facilities for doing experimental work in Science and for Physical Exercises are unsurpassed.

For information regarding courses, text-books, fees, etc., apply to the Principal.

BLAIN RENOMINATED.

Was Unanimous Choice of Peel Conservatives on Saturday.

Large Attendance at Convention in Brampton.

Richard Blain, who has represented the constituency continuously since 1900, was the unanimous choice of the Liberal-Conservatives of Peel at a largely attended Convention held in Brampton on Saturday afternoon. The Hall in which the Convention was held, proved altogether too small to accommodate the crowd that gathered and men and women stood in points of vantage in the doorway, at the open windows and in the gallery and aisles. Among the prominent men on the platform were Messrs. Sam Charters, M.P.P., Dr. Forbes Godfrey, M.P.P., Capt. Tom Wallace, Dr. Graham, Robt. Nelson, Thomas Nelson, A. Brock, Thos. Goodson, T. Bull, Dr. Edwards, D. McFlew, R. Lush, W. Rutledge, James R. Fallis, and R. McCullough, president of the Peel County Conservative Association, who acted as chairman of the meeting. Hon. Geo. E. Foster was present and delivered a fighting speech.

Mr. Blain's nomination was moved by M. Hamilton, of Clarkson, and seconded by Wm. Jameson, of Inglewood. Mr. Hamilton, who is a prominent fruit grower, spoke especially to the farmers and fruit growers of the county, when he said the fruit growers stood to receive the hardest blow ever struck against any industry if the reciprocity agreement was carried. Ontario, he said, offered the greatest market for fruit growers that was to be found in the world, and he certainly did not think that the fruit men would stand by and see their industry ruined. Reciprocity would be disastrous to the fruit men and all other agriculturists of the country.

Mr. Blain, after expressing his thanks for the unanimous nomination, referred to the Liberal candidates of former campaigns in Peel, and said it was rather suspicious to see the Liberals putting a farmer in the field this time. The Government was always talking of the farmers' vote, but he was not sure if the Liberal candidate was a farmer.

"This was a crisis in the history of Canada," said Mr. Blain. "The people of Canada are called upon to decide whether Canada will remain part of the Empire or if it is to become a part of the United States, which has fought us politically and commercially for 100 years," Canada, he said, never was in such a prosperous condition as to-day. Men and women in Peel County remembered the times of low prices; but to-day conditions were different, and he said "all dishonor to the party which is endeavoring to change the prosperous conditions of the present time."

Mr. King had advised the people of Peel to vote against him, said Mr. Blain, and had stated that if the reciprocity agreement went through the producers would get more money for their products. Another speaker at the same meeting had announced that the Government was after the votes of the mechanics and workmen in the cities. He did not appeal to any class for support, continued the speaker, but stood before the electors as a humble supporter of the Liberal-Conservative party and its leader, the greatest stateman in the Dominion at the present time. Farmers in all parts of the Dominion were prosperous, and of every dollar which was spent by the Government the farmers paid 60 cents People spoke of the great prosperity of the West; but if it had not been for the National Policy there would have been no West. Speaking of the prices of agricultural implements, Mr. Blain said that 20 years ago the claim was made that the prices of the implements would be advanced, but to-day the prices were lower than they ever had been. He had investigated and had found that in the countries which had the highest protection the prices of agricultural implements were the lowest. This was accounted for by the fact that the farmers and the mechanics were working in co-operation.

The United States wished to import Canadian wheat to grind it into flour in the United States mills and ship it to Liverpool and other grain markets in competition with Canadian wheat.

Of every article mentioned in the agreement, he continued, the United States was a large producer and had a great surplus for export. Where would Canadians find markets in such a country and of what value would the market be? "Did you ever know the Yankee to make a bargain in favor of the Canadian farmer and forget himself?" Already the flag of dull times was afloat in some parts of the United States, and having dissipated their own prosperity and resources, they want to come to Canada in order to share in ours.

"Eighty per cent. of the farm products of Canada are sold in the home market," said Mr. Blain, "and when someone attempts to find you a market for the 20 per cent., look out that you don't lose the market for the 80 per cent."

Hon. Geo. E. Foster advised his hearers not to forget that the question now before the people of the country was of the utmost importance to the farmer and every other man. Farmers were important to the country," he said, "but there were others of importance, all working together in co-operation, and it was a poor Canadian who tried to put class against class.

Capt. Wallace and Dr. Godfrey also spoke.

—Do not fail to see "The Perfection" and "Big Fellow" scribblers at the Banner Book Store. They will be leaders this season.

GOOD POSITIONS.

The Orangeville Business College is a worthy link in a chain of Seven Business Colleges located in the cities of London, Peterboro, Welland and the towns of Orangeville, Walkerton, Wingham and Clinton. Owing to its high-grade work is affiliated with the Commercial Educators' Association, of Canada. It is freely admitted that owing to the connections, its students get the very best positions. Fall Openings are on August 28th., and Sept. 5th; but at this school each student is instructed privately at his or her own desk, students may enter any day. Many students study all at home and others partly at home and finish at the College. As Spotton Colleges are the largest trainers in Canada and have thirty years' experience, it would be well for young people to get their training there. Last year Mr. Spotton trained over 1200 young people and placed them in good positions. That he has done for thousands of others he can do for you.

CONNOR.

In last week's Banner your correspondent writes from Melville Cross, claiming precedence for the Caledon Ella. When I opened my Banner this week I expected to find that Caledon led the way in the District Standing Field Crop Competition, but I find Mono first, Adjala second, Amaranth third, with Caledon not mentioned, and not a word from Melville Cross about it. Our fall wheat was being seeded while Melville Cross was threshing. Caledon farmers are glad to come here for good clean seed.

MONO CENTRE.

The Editor of The Banner.

Dear Sir,—In regard to the article in last week's paper with my signature to it, I must admit that I signed it unthinkingly as I was taken unaares. The story which had spread abroad concerning the taking of the head of chop to Markle's mill is, I am sorry to say, only too true. I would not have written this article only the young man in question makes me out to be telling falsehoods. I have done nothing wrong, therefore I don't intend to shoulder any blame. If any one doubts my statement they can get full information at the mill.

Yours Truly,
WM. DERMOTT.

Mono Centre, Aug. 23rd, 1911.

GRANGER.

Say, had I had a camera,
A day or so ago,
I would have had a picture
The people round to show.

But since I didn't have one,
I'll write a line or two,
And try in a poetic way
To describe the scene to you.

The sun it shone most awful bright,
The day was beastly warm;
A most unpleasant day it was
To work out on the farm.

But the farmer cared not a whit,
The roots had to be done,
And so the poor dumb beast was made
To work out in the sun.

Lest he might get sunburnt
Or not walk in the track,
He placed his dainty wife
Upon the horse's back.

And there she sat out in that sun,
Upon that poor nag's back,
To up and down the drills he went,
To keep him in the track.

—Moral.

We say young men, take some advice
And pray do have some sense;
Just let your wives stay in the house,
When the heat is so intense.

Votre Bon Aime.

CAMILLA.

Harvesting is the order of the day.

Miss Ruth Gordon, of Orangeville, is visiting Miss Myrtle Kyles.

Miss Lucy Rayfield, who has been visiting at her home here, returned to the city.

Mr. W. J. Marshall and Miss Bertha Johnston, of Shelburne, visited Mr. Fred and Miss B. Thompson, Sunday.

Miss Nina Bremner has gone to visit her brother, Mr. Robert Bremner in Passaic, N. Y.

Mr. John Rayfield left on Wednesday for Saskatoon.

Mr. Miller Wallace, of Guelph, spent Sunday with Mr. Robert Marshall.

Mr. John Campbell, of Brampton, spent a few days last week with Miss Evelyn Neil.

Miss Mayme Buchanan left last week for Toronto, to attend the Millinery Openings.

Miss Vida McAuley, of Orillia, who has been the guest of Mr. and Mrs. Rayfield, has returned to her home.

Miss B. Thompson held a picnic at her home for her Sunday School Class last Tuesday. We must congratulate Miss Thompson on the interest she manifests in her class of eighteen boys.

Miss Rayfield, of Galt, is visiting at the home of her brother, Mr. Geo. Rayfield.

The people of St. Andrew's church here were delighted on Sunday by the beautifully rendered duet, "Face to Face," by the Marshall sisters.

Miss Florence Parks is spending a few days with her grandmother, Mrs. Angus McLeod, of Caledon East.

Mr. and Mrs. Oscar Banks dined at the King Edward on Sunday.

Mr. Jas. South, of Toronto, is visiting his brothers, Messrs Robert and Ira South.

The peace and quietness of this neighborhood was greatly disturbed on Sunday evening by the approach of two hatless and coatless monsters from the east, one mounted on a bicycle and the other on foot. They soon disappeared over the veldt, leaving many of the residents in entire amazement, but upon investigation it was discovered that they were in pursuit of several small boys, who had played a joke by changing the wheels on a young gentleman's carriage, while he was visiting at a friends. They were not long in catching a couple of the fugitives and dragging them back to the Nottawa river, where they narrowly escaped having a cold bath. We were not aware that our older gentlemen had such a temper until they lost control of it, but this will probably be a lesson to the boys.

CHARLESTON.

Early last Friday morning, fire broke out in the large stone house belonging to Mr. John Stubbs, on Lot 18, Centre Road. Some passers by gave the alarm but not before the fire had made great headway and nothing could be done to save the building. Much sympathy is expressed for Mr. Stubbs in his heavy loss as the house is a good one and owing to its being vacant, very little insurance could be carried. Lightning is given as the cause.

Miss Graham, of Markham, has returned home after spending a couple of weeks with Mrs. Robinson, at the Manse.

Miss McBride is visiting her cousin, Miss Winnie Vogan this week.

Miss Ellen Quinn intends leaving on the first of next month for a trip to the Emerald Isle. During her stay in the Old Land, Miss Quinn will be entertained by relatives in Quinn Castle. We wish her a pleasant visit.

Quite a number of delegates from here attended the great Convention in Brampton on Saturday and report a good day. Mr. Blain was again the unanimous choice and his friends in this section expect he will be returned to Ottawa with at least 500 of a majority.

MELANCTHON.

Quite a number will finish harvesting this week.

Another big black bear is reported to have been seen prowling through the swamp at the back of George Shoaff's bush and circling up by Richard Smith's.

Tramps are again beginning to wend their way north and south along the Toronto and Sydenham Road avowedly endeavoring to get work on the boats at either Toronto or Owen Sound. It seems strange to see men looking for work in the midst of harvest.

The funeral of the late James Watson, which took place on Sunday, the 13th inst, to the Gravel Road cemetery and which was under the auspices of the Orange Order, calls to mind an instance of importance to L. O. L., No. 909, Melanothon. Deceased's father, the late John Watson, was the Worshipful Master of the first Orange lodge(No. 909) organized in this part of the country, and their first meeting was held in an old log building that stood in James Sawden's field near the road, in the early fifties.

Fifty men, mostly Bulgarians and Italians, are working for the C. P. R. Co. lifting and grading up the track here. They live in a number of box cars standing on the siding at the station, and board themselves, securing their supplies from our general merchant, Mr. W. J. Campbell, who appears to be as busy as a harvestman "dishing up the goods". He orders 100 loaves of bread from the Shelburne bakery daily.

Mr. Wm. Duckworth, of the old Survey, has taken a large contract of logging from Mr. S. Sawden along the Gravel Road, and has started on the job. We notice some big fires up in that region.

CAMILLA.

Mr. A. O. Scott, of Toronto, spent a few days with Camilla friends last week.

Miss Lucy Rayfield, of Toronto, is holidaying at her home here.

Miss Mayme Buchanan is spending a few days in the Queen City.

Miss Bailey and Miss Thompson, of Violet Hill, are visiting friends here.

Misses Winnie and Ida Canning are renewing old acquaintances here.

Miss Johnston and Mr. Wm. Marshall spent Sunday with Miss Thompson.

Dr. Ross, of Philadelphia, is spending his vacation at his uncle's, Mr. John McNaughton.

Mr. Miller Wallace, of Laurel, spent Sunday with Camilla friends.

Roland Buchanan and John Speers have bought the threshing outfit of Messrs. C. J. and J. M. Smith. These two men are well known as capable threshers, and it is expected that they will have a large season's work.

Quite a number intend taking a few days off next week in order to take in the sights at the National Exhibition in Toronto.

Mr. and Mrs. Beatty Moore and family, of Black's Corners, were the guests of Mr. Hamilton McKim on Sunday.

Mr. Chas. Scott, of Mono Centre, and Miss Pearl Buchanan Sundayed at the home of iMiss Berdita Thompson.

Mr. R. Barton, of Toronto, is visiting at the home of Mrs. A. Bremner.

Miss Grace McLaine, who has been holidaying with friends and relatives in Toronto and Hamilton for the past month, has returned home.

(Another Correspondent)

Harvesting is almost over for another season. The grain, though short and not over-plenteous, is of good quality.

Quite a number of visitors are in our vicinity at present spending their holidays in the clear air of Camilla. Among these are Miss Lillie Lang, of Arnprior, Miss Lucy Rayfield, of Toronto; Miss Johnston, of Hamilton; Miss Gordon, of Orangeville; Mr. A. O. Scott, Mr. D. Ross, Mr. J. Borland and Mr. Fred. Furness.

Mr. John Henderson, of Detroit, is spending a few days with relatives and friends here. We are all pleased to have a call from our old friend, who went to the above mentioned city some years ago, and has there met with great success, the Company bearing his name being known all over the United States and Western Canada.

Mr. Fred. Thompson and Mr. Peter Bremner, are seriously contemplating the advisability of erecting a commodious skating rink here. Their plans have not been wholly consummated, but it is understood that matters are well under way for the same. There is no doubt that if the rink is erected it will fill a long felt want in the life of our younger fry, and under the capable management of these two will prove to be a paying investment not only from a pecuniary but also from a pleasure-giving standpoint.

Automobiles as they race along the good roads that the industrious farmer has made in this locality are levying a heavy toll of dog deaths. Of course dogs have no business chasing these horseless wagons, but many of these animals that do not consider it worth while to look up at a passing rig seem to have an undying spite at these machines as they rush by regardless of man or beast on road to in field, the faithful dog evidently believing himself to be hasting away the enemy of his master.

SPORTS.

ORANGEVILLE WON.

Juvenile Lacrosse Team Defeated Dundalk in Exciting Game for District Championship.

Orangeville and Dundalk teams played off their tie game for the championship of District No. 3 in the juvenile series of the Ontario Lacrosse Association in Shelburne last Friday afternoon. Each team having won its home game the deciding contest was played on neutral grounds. The locals put up one of the best games they have played this season and won by the score of 6 to 3. Dundalk team started off with a rush, scoring the first game in less than a minute, the ball not even touching an Orangeville player's stick. It took Orangeville the remainder of the quarter to even up. The Dufferins struck a winning gait in the second period, annexing three goals and holding their opponents scoreless. They got another in the third quarter, but the northerners managed to place two to their credit. Orangeville tallied once in the last period, making the final score 6 to 3. The team play of the Dufferins was excellent and they showed a wonderful improvement over earlier games. The northerners were very confident winning and brought down a big following of enthusiastic supporters. They were also accompanied by Dundalk Citizens' Band. The game was admirably handled by Arthur Skelton, of Shelburne. The teams lined up as follows:—

Orangeville—Goal, McBride; point, McGuire; cover point, Densmore; first defence, Dedrick; second defence, Durkin; centre, Wright; home, Winterton, Holmes, Keith, Vanwyck.

Dundalk—Goal, Bellamy; point, Pat Morgan; cover point, Champ.; first defence, Russell; second defence, McAuley; centre, Silk; home, Wright, McArthur, Egerton, Levi.

Summary of games:—

1st Quarter.

1 Dundalk, ½ minute, McCauley.
2 Orangeville, 15 minutes, Vanwyck.

2nd Quarter.

3 Orangeville, 2 minutes, Holmes.
4 Orangeville, 5 minutes, Holmes.
5 Orangeville, 6 minutes, Keith.

3rd Quarter.

6 Orangeville, 10 minutes, Holmes.
7 Dundalk, 1 minute, Morgan.
8 Dundalk, ½ minute, Levi.

4th Quarter.

9 Orangeville, 1 minute, Vanwyck.

HANOVER OUT OF RUNNING.

Hanover was put out of the running for the O. L. A. intermediate championship by Markdale at Idylwyld Park here yesterday afternoon. As both teams were in fine condition the game was excellent lacrosse from start to finish. Markdale went away at the blow of the whistle and set so fast a pace that they got two goals in quick succession, Burnside and Cavel doing the deeds. Now Hanover pulled their men together and with some fast passing Sam Wendorff got the ball and in went the first one for them. Markdale retaliated by Joe Kelly landing another one. Away the "red birds" went again and with little energy, Heimbecker, who was in the limelight at all stages of the game for Hanover, scored No. 2. After a few minutes of play Joe Kelly again scored another one for Markdale just before the whistle blew for 1st quarter, leaving the score 4 to 3 for Markdale. In the second quarter Markdale could not get inside of Hanover's net at all, while Reis scored in 5 minutes, S. Wendorff in 7½ minutes, and H. Wendorff in 9½ minutes, leaving the second quarter 6 to 4 for Hanover. Markdale "got wise" in the third quarter and discovered that they could not play the game and decorate the fence, and by doing so, they had a fast clip for Hanover's nets, and Mike Kelly getting a nice pass from Burnside, scored the fifth. As soon as the ball was faced off and a few nice passes, Haeurt, amid cheers from the Hanover supporters found the nets, leaving the red shirts two in the lead. After struggling like war horses, Markdale's inside home, Burnside, who was prominent all the time, tallied No. 6. Before any more scoring could be done, 3rd quarter ended with Hanover 7, Markdale 6. At the beginning of the last quarter it looked as if it was Hanover all the way, but Burnside got another one in the nets for Markdale, leaving the game a tie. Now the supporters of both teams went wild with excitement, and before quietness prevailed, Alton put Markdale in the lead after some rough skirmishing. Markdale going in the lead, caused Hanover to lose all confidence in themselves, and let Markdale come in time after time, but they could not score, until Alton came inside of Hanover's goal crease, and scored, but received a severe gash on the face, caused by Hemming, the goal keeper. Now Burnside tallied two in 5 minutes for Markdale, which ended the scoring for both sides. The game clean throughout, with the exception of Cummings, Markdale's 3rd defence man, who deliberately hit Haeurt, 2nd home for Hanover, over the head just as the whistle blew for the finish of the game. The final score was 10 to 7 for Markdale. The line-up was as follows:—

Markdale—Goal, Mercer; point, Wallace; cover point, Hill; 1st defence, Hare; 2nd defence, Dundas; 3rd defence, Cummings; centre, W. D. Mercer; 3rd home, Cavel; 2nd home, Alton; 1st home, Kelly; outside home, Kelly; inside home, Burnside.

Hanover—Goal, Hemming; point, Wingham; cover point, W. Herman; 1st defence, Herman Wendorff; 2nd defence, Giragot; 3rd defence, Lewis; centre, Ruehl; 3rd home, Sam Wendorff; 2nd home, A. D. Hanert; 1st home, Ries; outside home, Heimbecker; inside home, Zimm.

Referee Mara, of Brampton, showed impartiality from start to finish and delighted both enthusiasts and players in the way he handled the game.

LAWN BOWLING.

Orangeville lawn bowlers made a very good showing at the big tournament in Toronto last week. Both rinks won the same number of wins up to the Toronto Cup series when the Dr. Carson rink placed a couple of extra victories to their credit before going down for the last time. The games and scores were as follows:—

WALKER TROPHY.

Preliminary.

Orangeville	Alexandra
R. H. Robinson, sk. 15	Dr. Maclaren, sk. 14
Orangeville	Granites
Dr. Carson, skip 14	Spencer Love, sk. 11

First Round

Orangeville	Queen City
R. H. Robinson, sk. 11	R. B. Rice, skip 21
Orangeville	Alexandra
Dr. Carson, skip 12	H. E. Taylor, sk. 17

ONTARIO CUP

Second Round

Orangeville	Caer Howell
R. H. Robinson, sk. 20	C. T. Mead, skip 8
Orangeville	Westmount
Dr. Carson, skip 17	H. Mason, skip 14

Third Round

Dr. Carson, skip 18	C. Abbott, skip 13

Seventh Round

Orangeville	Granites
Dr. Carson, skip 8	F. G. Anderson, sk. 17

McKitrick and Dr. Carson were the only local pair who tried their skill in the Scotch Doubles. In the preliminary round they defeated Burrett and Wood, of Mitchell, by 17 to 2 and in the first round worsted Hiltz and Wren, a Toronto pair, by 12 to 11. Their opponents in the second round, Bissell and Jefferies, of Toronto, succumbed easily, the score being 24 to 3. In the third round Carnahan Bros., of the Granites, put the locals away by a score of 13 to 12.

MONO MILLS.

Mr. and Mrs. Benjamin Fletcher and son, of Toronto, motored up on Saturday and spent the afternoon renewing former acquaintances in this vicinity. They were the guests of Mr. and Miss Wm. Jackson and family while here.

Miss Ethel Mason spent last week with friends in Caledon.

Mr. W. J. Mills is taking a two weeks' trip to Muskoka, accompanied by his brother, Mr. Stephen Mills, of Erin.

Mrs. A. R. Hilts visited friends in Inglewood last week.

Mr. and Mrs. W. A. Dowling spent Sunday with friends at "The Maples"

Miss Viola Hagerman, of Toronto, is visiting friends here and at Blount.

Miss Maria Rusk, of Toronto, is holidaying in this vicinity.

St. John's Church, Mono, are holding a garden party at the rectory on Tuesday evening, Sept. 5th. Further particulars later.

Messrs. Robert Arlow, Percy Smith and R. J. Donaldson, left for the West on Tuesday last.

Miss Ella Taylor has been engaged as operator for the local telephone company.

Miss Stella McManus entertained a few of her friends on Tuesday afternoon previous to her departure to take her model course at Durham.

—Public School Readers, Text Books and everything used by the Public School student on sale at The Banner Office Book Store.

EYE ERROR

Not a question of age

No part of the body is so delicate, so easily injured and so generally abused as the eye. The need of glasses is not a question of age. Lots of children have to wear them and there are many more who should. Bad marks at school can often be traced to poor eye sight and very often the eyes should have the constant aid of glasses.

We have facilities here for testing your eyes and finding out exactly what they need. We sell only such glasses as we can thoroughly recommend. All work is guaranteed.

AN EARLY CALL.

On Monday of last week a number of our citizens were roused to activity at an earlier hour than usual. The bell-ringer's timepiece became erratic that morning and indicated seven o'clock an hour earlier than it should. Thus it was that the bell rang out its call at six o'clock for all to begin the day's labor. Workmen jumped out of bed, hastily dressed and hurriedly left for work without waiting for breakfast. However, the mistake was soon detected, the morning meal secured and work did not begin till the usual hour.—Beeton World.

FOUND A KEG.

Yesterday in the course of a trip around the various hotels on the guiet qui vive for hidden contraband of the illicit booze traffic, License Inspector M. C. Beckett located a large, cool keg of lager beer in a room in the Albion, the bar of which is said to be leased by William Campbell. The keg was carefully loaded into a transfer and brought down to the cells. A charge of keeping for sale is being preferred against the owner. — Owen Sound Times.

MRS. JAMES WHITE.

At No. 10, Centre Road, Tuesday of last week Mrs. James White passed to her rest after a long illness. Deceased, who was 60 years old, was born in Peel County near Woodhill, and resided within its limits all her life. Her maiden name was Burkholder, she married Mr. James White of No. 10, by whom she is survived together with two sons, Mr. J. Herbert White and Mr. S. A. White. The funeral took place to Brampton cemetery this afternoon.— Conservator.

FOR 25 YEARS HE SUFFERED

Well Known Merchant Of Sarnia Cured by "Fruit-a-tives"

SARNIA, ONT., Feb. 5th, 1910.

"I have been a sufferer for the past 25 years with Constipation, Indigestion and Catarrh of The Stomach. I tried many remedies and many doctors but derived no benefit whatever.

Finally I read an advertisement of "Fruit-a-tives". I decided to give "Fruit-a-tives" a trial and found they did exactly what was claimed for them.

I have now taken "Fruit-a-tives" for some months and find that they are the only remedy that does me good.

I have recommended "Fruit-a-tives" to a great many of my friends and I cannot praise these fruit tablets too highly"

PAUL J. JONES

Thousands now use "Fruit-a-tives. Thousands more will try Fruit-a-tives" after reading the above letter. It proves, beyond the shadow of a doubt, that at last there is a cure for Constipation and Stomach Troubles.

"Fruit-a-tives" is Nature's cure for these diseases, being made of fruit juices and valuable tonics

50c. a box, 6 for $2.50, trial size, 25c. At dealers, or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

SHE GAINED 36 LBS.

Mrs. George Bradshaw, Harlowe, Ont., writes: "I was troubled for many years with weak, watery blood and dropsy. I had nervous headaches, dizziness and sinking spells, and was, in fact, a semi-invalid. Doctors told me my heart and kidneys were diseased and gave me up. By using 10 boxes of Dr. Chase's Nerve Food I have been cured of many of my old complaints and gained 36 pounds in weight."

A Good Defence Against the White Plague

No one can afford to lessen their power to-day, and to have power you must have good machinery.

The human body is the greatest marvel ever produced—the most wonderful mechanism in the world.

It is sheer economic waste not to keep your body in the best condition.

There is no valid excuse for allowing the tissues to become attacked by the white plague. You need your health and Canada needs you.

Insure against it by building up your reserve forces and bodily defences.

The best defence you can get is Nyal's Cod Liver Compound. It builds up the tissues and prevents disease.

A delicious tonic and a splendid vitalizer; puts on good, solid flesh, and makes you feel fit for any task.

For the puny and backward child there is nothing better. Nyal's Cod Liver Compound will soon bring the roses back to the cheek and give vigor and vitality.

Your own Druggist cheerfully guarantees Nyal's Cod Liver Compound.

Sold and guaranteed by Dr. A. J. Hunter & Co., A. T. Howard, Orangeville.

Nyal's FAMILY REMEDIES

DEATH OF JAMES WATSON

James Watson, Sr., an old pioneer of the township of Melanothon, passed to the great beyond on Friday night. The deceased was born in the County of Armagh, Town of Keady, Ireland, in the year 1827. He came to Canada when quite young and worked with farmers in Chinguacousy for some years, after which he moved to Melanethon, on the 3rd line, O. S., near Horning's Mills, where he purchased a farm and where the principal part of his life was passed. He retired from farming some years ago and lived among his friends. Mr. Watson was a plain, straight-forward, honest man. He had strong likes and dislikes, but withal was a loyal and sympathetic friend. Deceased was an adherent of the Methodist Church, and a Conservative of the old school. He was also an ardent member of the Orange Order and was connected with Masonville Lodge No. 1201 for many years. The deceased spent the winter with his daughter, Mrs. H. Brown, in Muskoka, and after coming from there he went to live with his nephew, Thos. John Watson, where he took ill and, although he received medical treatment and the best care and attention that could be given, he passed away. He leaves to mourn his loss one son in the West, John, James and two daughters, Mrs. John Sanderson, Shelburne, and Mrs. Hamilton Brown, Muskoka. A brother, Robt. Watson, of Owen Sound, and a sister, widow of the late Thos. Johnston, Masonville, survive him. The funeral took place last Sunday afternoon and was largely attended, 72 rigs leaving the house. At the deceased's request the funeral was conducted under the auspices of the Orange Order, the interment taking place at the Gravel Road cemetery. The service was conducted by the Rev. Wm. Williamson, Ph.D., who gave an excellent and impressive discourse in the church on Paul's last words to his followers. Six nephews acted as pallbearers :— Thos. John Watson, W. J. Watson, T. A. Watson, Jas. Watson, Robt. Watson, George Johnston. Those from a distance who attended the funeral were Mr. and Mrs. Robt. McMaster, of Perm.—Shelburne Economist.

BURGLARS CAPTURED AT DRAYTON.

With a complete burglar's kit, which included a large amount of dynamite in their possession, two men, armed with revolvers, were arrested beneath Noecker's storehouse in Drayton by High Constable Green on Saturday afternoon. One of them, a middle-aged Englishman, who gave the name of John B. Austin, is supposed to be an expert with the jimmy, and his photo will be taken, and with a description, will be published in the leading papers in an effort to identify him. Bert Williams, his partner, claims Montreal as his home. Constable Green had received a tip from Alma to be on the lookout for a couple of suspicious characters who had left the village in the direction of Drayton. The two men had been drinking and when found by the constable were asleep. The constable pounced on them and after a desperate struggle managed to get the bracelets on them. They were taken to Berlin Monday afternoon, having been remanded until Friday.—Arthur Enterprise.

HOW HE LANDED IT.

A party of five gentlemen from Flesherton are camping at Ewart's Lake, and while out fishing last week landed a two-pound trout in a unique manner. The big fellow slipped off the hook just as the fisherman was in the act of bringing him into the boat. Quick as a flash the latter brought his fishing pole into action and dealt the finny beauty a terrific blow over the head which stunned him for the instant, and he was then easily lifted out of the water by hand. In a few minutes he recovered from the blow and put up a vigorous kick, but by that time he was safely in the fisherman's pouch and escape was impossible. This is one of the stories that the Flesherton party are keeping on tap for the benefit of their fellow citizens, when they return. Its veracity is vouched for, however.—Markdale Standard.

BE CAREFUL WHAT YOU SIGN

People cannot be too careful what papers they sign for travelling agents. Some have been known to be liable for a note of a $1,000 or more in signing what was represented to be an order for a certain article on trial only; others lost a farm on the evergreen tree, seed wheat and lightning rod plans. So when an agent comes around and asks you to sign an order, stating it is merely a form of release the shipping bill, or some other subterfuge, decide you are from Kansas and "want to know." If you don't you may have a piano or some other article landed in your house, on approval of course, and then discover the agent has a written order for the complete purchase of it by you, over your signature.

No More Dandruff.

T. Stevenson Knows What is Making Clean Scalps.

In order to rid your scalp of filthy dandruff you must kill the germ. There is a hair dressing called Parisian Sage which is now sold in every town in Canada. It is guaranteed by T. Stevenson to eradicate dandruff, stop falling hair, splitting hair and scalp itch in two weeks or money back.

If you have dandruff get a large 50 cent bottle to-day and rid yourself of it. Remember that if dandruff germs are not destroyed in time, the hair will surely fall out and baldness will follow.

FORGOTTEN ON THE CARS.

Suit Cases, Travelling Bags, Umbrellas and Parasols the most numerous—Commercial Traveller Left Bride.

Into the office in the Landsdowne barn of the Toronto Railway Company, where the "lost department" is to be found, there go every day all the articles left on the cars by the passengers. There also go daily a varying number of the claimants of those articles left in the cars.

When the care of this "lost department" is transferred to the police, and claimants have to journey to a central point in the city instead of to a northwestern suburbs, there will be considerable less backsliding from the principles inoculated by the primary teachers in the Sunday Schools.

"It beats all the number of suitcases and small travelling bags that are left on cars that go to the Union Station," said a conductor who was waiting in Landsdowne barn to go on his run.

"Before the car stops nearly everyone who is going on a train will stand up and wriggle outwards, intent upon making a dash for the ticket wicket or the baggage room. Their suit cases or travelling bag may be on the car platform, or under their seat, or beside them, but off they rush for the station without their property.

"When they are speeding away in the train they remember having left their bag in the street car. They were their friends in the city to claim their bag and forward it by express.

"The friends wire back to send full description and the key, and then groan with the thought of the ordeal ahead of them in the long trip to Landsdowne barn, making good their calaim to the bag, and getting it shipped to the forgetful owner."

"At any old place umbrellas and parasols are left on the cars," chipped in another conductor. "The harvest is

vest is on Fridays when women are rushing down towns for bargains, or are going home loaded with parcels. They hang on to the parcel all righ, but their umbrellas and parasols fade away before anticipations of getting home and opening the packages."

..."I know a girl," broke in another conductor, and his hearers crowded closer to him, "who has a collection of the most beautiful umbrellas to be had in the swell stores, and they only cost her two car tickets each.

"When an easy mark takes her to the theatre she borrows her mother's plain umbrella and holds it so that the fellow will see that she should have a much prettier one.

"When he is taking her home, and his mind is worrying over the sort of a parting there will be coming to him at her door, she slips the umbrella under the seat. He doesn't get away from her door without a tearful fuss over the lost umbrella.

"Next day something choice in umbrellas, addressed to her, is delivered at her home, and she then hustles her little brother off to Lansdowne barn for the mother's umbrella."

"The funniest bit of absent-mindedness in my experience," said another conductor, "was at the Union Station last July. A commercial traveller whom I knew well had got back from his honeymoon trip and he threw me a quiet laugh as he handed his bride on to my car.

"Then he grabbed his grips, rushed to a Yonge car and was aboard the moment it moved ahead of me. He had always taken a Yonge car when going to his firm's office, and my car line was the one that ran to his home.

"The bride was a stranger in the city and we were moving before she thought of getting off. She didn't know me, nor never heard of me. Before we were on Front street she was getting rattled. Fortunately there weren't many on the car, and I worked quickly up to her.

"'You are Mrs. C.——?' I asked her, smiling as innocently as in the days before P.A.Y.E.

"She was too nervous to speak, and she just nodded.

"'Your husband has gone to his place of business,' I told her, letting on that she had been placed in my charge. 'When we get to King and Yonge a policeman will show you where the G.T.R. waiting room is, and will phone your husband to meet you there.'

"I did a lot of thinking before I had that plan ready for her, and I took chances on the delay in getting the policeman and posting him. It all worked out O. K. and the commercial traveller sent me a genuine calabash pipe, something I longed for and hadn't the price."—Telegram.

WAR BENEATH THE WAVES.

Feature Spectacle of Fireworks Display at C. N. E.

War Beneath the Waves is the feature number of Coronation fireworks bill at the Canadian National Exhibition this year.

The spectacle shows a first-class battleship at one end. At the other, just beneath the waves, can be seen a sub-marine with only its periciope showing above the waves.

The Dreadnought is in a panic and with its great guns is trying to reach the tiny turret that tells of the presence of the enemy that threatens it with destruction.

As the guns crash and boom, calmly and in comparative safety beneath the water, the crew of the submarine are preparing to launch a torpedo.

Finally the torpedo is ready—it is seen gliding gracefully through the water—the ship is struck, and a tremendous explosion follows.

Then comes the scene of destruction. The magazines of the doomed ship blow up, tearing it to pieces, and the terror of the seas sink beneath the waves, while tremendous clouds of sparks and burning fragments settle down over everything in sight.

BLOOD DISEASES CURED

Drs. K. & K. Established 20 Years

NO NAMES USED WITHOUT WRITTEN CONSENT

BEFORE TREATMENT

He was surprised at how the sores healed—"I took your New Method Treatment for a serious blood disease with which I had been infected for twelve years. I had consulted a score of physicians taken all kinds of blood medicine, visited Hot Springs and other mineral water resorts, but only got temporary relief. They would help me for a time, but after discontinuing the medicines the symptoms would break out again—running sores, blotches, rheumatic pains, looseness of the hair, swellings of the glands, palms of the hands scaling, itchiness of the skin, dyspeptic stomach, etc. I had given up in despair when a friend advised me to consult you, as you had cured him of a similar disease 6 years ago. I had no hope, but took his advice. In three weeks' time the sores commenced to heal up and I became encouraged. I continued the New Method Treatment for four months and at the end of that time every symptom had disappeared. I was cured 7 years ago and no signs of any disease since. My boy, three years old, is sound and healthy. I certainly can recommend your treatment with all my heart. You can refer any person to me privately, but you can use this testimonial as you wish. W. H. S.

AFTER TREATMENT

We treat NERVOUS DEBILITY, VARICOSE VEINS, VITAL WEAKNESS, BLOOD, SKIN and SECRET Diseases, URINARY, BLADDER and KIDNEY complaints of Men and Women.

READER Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you any weakness? Our New Method Treatment will cure you. What it has done for others it will do for you. Consultation Free. No matter who has treated you write for an honest opinion Free of Charge. Charges reasonable. Books Free—(Illustrated) on diseases of Men.

NO NAMES USED WITHOUT WRITTEN CONSENT. Everything confidential. Question list and cost of Home Treatment FREE.

BOY SCOUTS GALORE.

They're Going to the C.N.E. Review From all Parts.

Boy Scouts are especially interested in this year's Canadian National Exhibition. The boy soldiers who attended last year's Fair and lived under canvas on the grounds have been telling their comrades of the great time they had. This year it is to be the same, only more of it. Boy Scouts are to attend from all over the province, and in addition to the review, there are to be competitions along the lines of the Scout exercises.

GRAIN MEN LOSING $1,000 DOLLARS A DAY.

Port of Montreal and Elevators So Congested that Boats Cannot Unload Cargoes—Catching Disease by Telephone—Another Search for Lost Tribe of Israel.

(From Our Own Correspondent.)

Montreal, August 14th.—"With the trade that is offering and waiting to be handled at the Great Lake ports, but which we cannot get at because our steamers, lying there loaded, are unable to discharge their cargoes on account of the congested conditions in the grain elevators, it is no exaggeration to say that we, as well as other local grain shipping companies are losing at least a thousand dollars a day," declared a prominent official of a local grain shipping company this morning, speaking on the state of affairs which with but one or two breaks, has existed since the present season of navigation commenced.

"What is worse," continued the official, who is an authority on the shipping of grain through the port, "there seems to be no relief in sight until the Harbor Commissioners' new elevator is completed next May, and even by then you will find that the facilities of the port for the storing or handling of grain will not be nearly sufficient to take care of the crops we expect.

"We know the Harbor Commissioners are doing their best to provide accommodation for the grain coming into the port, but that does not help us. But private firms should be encouraged to build elevators along the water front. With the one building there will be four or five. Still there is plenty of room for more.

"There is this to be borne in mind also. If conditions continue here as they have been ever since navigation opened this season, and if something is not done in a very short time to remedy the congestion, the grain shippers will lose patience, and you will find our Canadian grain being shipped through Buffalo instead of Montreal."

According to Dr. Laberge, civic health officer, diseases of the most virulent and contagious nature lurk in the harmless looking transmitters of the public service telephones and in the interest of public health, the doctor has made a report on the subject to the Board of Control with a view to the provision of some legislation looking towards the sanitation of these instruments.

People suffering from tuberculosis and kindred other dreadful diseases Dr. Laberge said were just as ready and likely to use the telephone as anyone, consequently it was hightime that something was done to remedy conditions.

The thorough washing and cleaning daily of all telephones was one of the principal measures in this respect suggested by Dr. Laberge.

Believing that the lost Mongolese tribes may be found in the farthest north of Canada, Mr. Christian Leden, the celebrated Polar explorer, and Mr. Harald Thaulaw, of Christiania, are in the city en route to the wildest and most uncivilized portion of the Dominion. The trip will not be limited only to investigating the habits and antecedents of really uncivilized redmen of the north, but it is believed to be within the range of possibilities that a new passage through the Arctic Sea may be discovered a discovery which would lead to new ways and means of intercourse with the Asiatic nations.

The object of their trip is to hunt Indians, not with powder and shot, but with cameras, cinemetograph machines and phonographs in much the same way that the wild animals he has known have been shadowed by Ernest Thompson-Seton. The King and Queen of Norway approve of the expedition and have lent their royal patronage. The University of Christiania and the Ethnographic Museum of Berlin, are also in sympathy with this Polar idea and have commissioned Mr. Leden, who is the general of the campaign, to find out things for them.

It is Mr. Leden's theory that there is a racial connection between the Indians who are above and beyond the Great Lakes and the Esquimo. "It is not civilized Indians we want to study," said Mr. Thaulaw, "but the uncivilized ones." Not the Indian who lives on the border of civilization, who has a taste for Philip Morris cigarettes and appreciates silk socks, but ones which nobody knows anything about. And we hope to find out." From Montreal they will travel by C.P.R. straight to Edmonton, from there on and on up the Athabaska river and "sea," as Mr. Thaulaw called the lake, up and across the Great Slave river and lake into the northeast end of the country.

Four T's Your Best Friend.

There's no questioning the fact that death's deadliest weapon is a neglected cough or cold. And since death is an enemy, Four T's, because it cures the worst cold or cough in 48 hours, is your best friend. After the second dose of Four T's the cold loosens, the phlegm is easily coughed up and your cold is gone. Be sure and get the genuine Four T's. Price 25c from your druggist, or sent postpaid by The Merrill Medical Co., Merrill Building, Toronto.

Sold and recommended by Thos. Stevenson, Druggist.

By a resolution passed by Guelph city council all parties who have not paid their taxes on or before the 18th December are disfranchised from the municipal vote.

The apple crop in the Bruce peninsula will prove a light one, particularly with regard to winter varieties. There has been a fair gathering of harvest apples, but the quality was rather inferior compared with the average year. Plums and pears also yield scantily.

—6500 Scribblers for School Opening at The Banner Office Book Store.

NEWS NOTES.

It is surprising how many nice things a woman can say about her husband—after she breaks into the widow class.

There are fewer suicides amongst miners than amongst any other class of workmen. No wonder. They know how it feels to be buried.

A Woodstock despatch says:—A large bird, supposed to be an eagle, measuring seven feet one inch, was shot by James Ferguson on his farm at Plattsville this week as it was carrying off a goose. It is considered strange an eagle should have attacked a goose, the beak of the bird shot being more like that of a falcon, a still rarer bird here.

The scene was Orangeville:—the time, a former election contest. An elector, not regarded any too bright, was canvassed. "How are you going to vote," he was asked. "By ballot," said he. "Oh, that is not what I mean; for which candidate are you going to vote?" "Can you keep a secret?" "Yes," said the unsuspecting canvasser. "Well," returned the voter, "so can I."

The Liberal Convention held in the Arthur Town Hall on Friday afternoon, August 11th, was well attended by over two hundred delegates and a large number of Reformers from all over the riding. The nomination of Mr. Alex. Martin was moved by Forbs Moir, of West Garafraxa, and seconded by Dr. N. C. Wallace, of Alma. Jas. McEwing, M.P.P. at once moved that the nominations be closed, to which every one agreed.

No Canadian daily paper can be picked up that does not contain an account of one or more stabbings or other murders among Italians. These people not only bring their feuds with them from Italy, but regular bands of assassins transplant branches here, and extort money from their unfortunate fellow countrymen under threats of murder unless their orders are complied with, anh the threats are not idle ones.

The design for the new Canadian ten-cent and fifty-cent pieces is announced in The Canada Gazette. On the fifty-cent piece, obverse side, will be the effigy of the King in the Imperial robe and crown, and the inscription, "George V., Rex et Ind. Imp." The reverse side will bear the denomination, date, and a wreath of maple leaves and the crown. The ten-cent piece will be the same save for the difference in denomination.

An Ottawa despatch says:—A new Canadian river, at least 300 miles long, has been discovered and reported to the Canadian Government. It is the Black Crow River, a tributary of the Porcupine, and was thought to be only thirty miles long. Surveyors delineating the interational boundary have succeeded in going three hundred miles up it in a gasoline launch. The "find" is considered important, in that it will shorten the work of the surveyors by a year, and will also materially shorten the Canadian water route to the Arctic Ocean. The Porcupine is a tributary of the Yukon River.

On Wednesday afternoon of last week the residence of Wm. Gollip, a farmer living near Stayner, was entered and $31 stolen. The farmer and his wife were working in a near-by field and left the house open. Mrs. Gollip saw one of the men leaving, and gave the alarm. The chief and J. P. Hauch, of Collingwood, immediately got busy and noting two suspicious characters at the Grand Trunk Railway station, gave chase. One man took to his heels, but was captured by the chief. The other boarded the outgoing train, but was secured by Hauch, and the train stopped at the outskirts to allow him to remove his prisoner. The prisoner gave their names as Herqert Hopps, aged 20, and William Hopps, aged 14, both of Meaford. They had $29.94 and two tickets for Meaford on their persons. They were taken to Stayner by the chief of police of that place Thursday morning for trial.

ZAM-BUK SAVED THIS BABY

Mrs. M. Barrett, 600 Moreau St., Montreal, says:

"A horrid rash came out all over my baby's face and spread until it had totally covered his scalp. It was irritating and painful, and caused the little one hours of suffering. We tried soaps and powders and salves, but he got no better. He refused his food, got quite thin and worn, and was reduced to a very serious condition. I was advised to try Zam-Buk, and did so. It was wonderful how it seemed to cool and ease the child's burning, painful skin. Zam-Buk from the very commencement seemed to go right to the spot, and the pimples and sores and the irritation grew less and less. Within a few weeks my baby's skin was healed completely. He has now not a trace of rash, or eruption, or eczema, or burning sore. Not only so, but cured of the tormenting skin trouble, he has improved in general health."

Zam-Buk is sold at all stores and medicine vendors, 50c. a box, or post free from Zam-Buk Co., Toronto, for price, 6 boxes for $2.50. A certain cure for all skin diseases, cuts, burns, etc., and for piles.

Zam-Buk

Mr. Duncan Corbett, of Riverview, took his second son Alvin, to Fergus hospital on Thursday last to be treated for an abscess on the knee bone. He underwent the operation on Friday morning and at last report was doing well.

STORY OF A LOAN.

A well-known Kansas banker told a story the other day about the statute of limitations. There is similie in it, plus some good philosophy.

One day an old Southerner walked into this banker's office. The Southerner was a typical gentleman of the old school, suave, courteous to the point of punctiliousness and honorable to a degree of martydom.

"What can I do for you?" asked the banker.

"Well," replied the Southerner, "about thirty-five years ago I loaned a man down south some money—not a very big sum. I told him that whenever I should need it I would let him know and he could pay me the money. I need some money now, so I shall let him know, and I would like to have you transact the business for me."

"My good friend," replied the banker, "you have no claim on that money. You can't hold that man to that loan. You say it has been thirty-five years since you loaned it to him? The statute of limitations has run against that loan years and years ago.

"Sir," replied the Southerner, "the man to whom I loaned that money is a gentleman. The statute of limitations never runs against a gentleman."

So the banker sent for the money, and within a reasonable time thereafter the money came. There was a courtly gentleman at the other end of the transaction also.—Kansas City Journal.

YOU NEEDN'T DESPAIR.

Here's an Offer that Should Interest Sufferers of Skin Irritation.

First of all we want to explain that the remedy we are about to tell you of carries our promise of money back for the mere asking to anyone not thoroughly pleased with its use. That should unquestionably establish the sincere faith we have in it.

Parasites or germs cause eczema, and eczema is probably the most prevalent cause of all skin ailments. To overcome them, the remedy must of necessity destroy or remove the parasite or germ before relief can be obtained.

Possessing remarkable antiseptic, germicidal, cleansing, soothing and healing power, the curative value of Rexall Eczema Ointment is very pronounced in the treatment of eczema and allied skin diseases, whether of the dry scaly sort, the weeping type, where there is a flow of ill-smelling excretion, or the intermediary kind, such as pimples, blotches, discolorations, ringworm or acne. It is very useful for treating hives, nettle rash, insect bites and wounds. It is ideal for the skin ailments peculiar to children.

Rexall Eczema Ointment is grayish white in color, has a pleasant odor, and is very cleanly for use. If you are a sufferer of skin irritations or eruptions in any form whatever, we urge you to try a box at our risk. At the mere hint of dissatisfaction, you may have your money back. Two sizes, 50c. and $1.00. Remember, it is only sold at our store—The Rexall Store. T. F. & T. J. Brown, Orangeville.

Neuralgia and Sciatica

Caused great suffering for 25 years. Nothing effective until Dr. Chase's Medicines were Used.

"It affords me pleasure to speak favorably of Dr. Chase's Nerve Food and Kidney-Liver Pills," writes Mr. W. T. Collins, Morpeth, Ont. "I had been a sufferer for 25 years from sciatica, lumbago and neuralgia and tried nearly all the remedies advertised without one particle of benefit until I began the use of Dr. Chase's medicines. Before I had finished two boxes of the Nerve Food and Kidney-Liver Pills I noticed considerable benefit in my condition. I have so much confidence in these medicines that I have recommended them to dozens of my friends."

In severe cases of this nature the combined use of these medicines brings results which are both surprising and satisfactory. The Kidney-Liver Pills regulate the action of kidneys, liver and bowels, while the Nerve Food enriches the blood and builds up the nervous system. Edmanson, Bates & Co., Toronto.

Address—

McGUIRE & McKITRICK, Orangeville, Ont.

AFTER 7 YEARS SUFFERING

I Was Cured by Lydia E. Pinkham's Vegetable Compound

Waurika, Okla.—"I had female troubles for seven years, was all run down, and so nervous I could not do anything. The doctors treated me for different things but did me no good. I got so bad that I could not sleep day or night. While in this condition I read of Lydia E. Pinkham's Vegetable Compound, and began its use and wrote to Mrs. Pinkham for advice. In a short time I had gained my average weight and am now strong and well."—Mrs. Sallie Stevens, R. F. D. No. 3, Box 31, Waurika, Okla.

Another Grateful Woman

London, Ont.—I feel as if I could not tell others enough about the good Lydia E. Pinkham's Vegetable Compound has done for me. I was so weak and tired that I could not rest nights. A friend recommended your Compound and I soon gained health and strength and could not wish to sleep better. I know other women who have taken it for the same purpose and they join me in praising it.—Mrs. Wm. A. Buffy, 905 Dame St., London, Ont.

Lydia E. Pinkham's Vegetable Compound has surely cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, and nervous prostration.

Cod Liver Oil With the Oil Taken Out

A Triumph for Chemical Science and Pharmaceutical Skill

Oil from the liver of the cod-fish has been used as a preventative of disease and a restorative for ages.

For a long time it has been the general opinion that the medicinal value of Cod Liver Oil was the greasy, oily part itself—its only drawback being the unpalatable, fishy taste of the oil.

From the first experts have been trying to find means to make it more palatable. They used to "cut" it with whiskey—take it in wine—flavor it with lemon juice—anything to get away from that abominable fishy taste and smell.

Lots of people still take it in Emulsion form, which is nothing more than "churned" oil—broken up—but still greasy, oily and a strain on the digestion.

Doctors used to think it was the oil itself that built up the system—they were slow to find out that the oil was a distinct drawback to the medicinal principles contained in it.

Crude oil is quite indigestible, and will, in time, put the strongest stomach out of order.

A way has now been discovered to do away with the grease and the smell, and yet retain all the medicinal properties of the liver. This is done by removing the fresh oil from the new livers. The liver pulp is then reduced to the form of an extract like beef extract.

Nyal's Cod Liver Compound is simply this liver extract combined with an extract of malt and healing wild cherry. It also contains the true hypophosphites. This combination makes Nyal's Cod Liver Compound a delicious tonic—builds up the system, and makes you strong.

Take it when you feel yourself losing your grip. It's a pleasure to take—even the children like it.

Get a bottle to-day and ward off disease. $1.00 for a large bottle. Your druggist will cheerfully recommend it because he knows all about it.

Nyal's FAMILY REMEDIES

Sold and guaranteed by Dr. A. H. Hunter & Co., A. T. Howard, Orangeville.

WILLIAM J. LOWE, LIBERAL CANDIDATE FOR PEEL,

The unanimous choice of the Liberal Convention in Brampton on August 12th was a young man under forty.

He is a son of Mr. Wm. Lowe, Snelgrove, one of the pioneers of Chinguacousy, and a George Brown Reformer.

To everybody who knows him, the Liberal Candidate is Billy Lowe. He is a good sized, wholesome looking man with a sunny smile and good honest looking, kindly eyes that look straight forward. Billy is a farmer, the son of a farmer, and a cattle buyer. He has two grazing farms on the first line west and hopes to have more before he dies.

For ten years Billy has been buying stock from the farmers and shipping to Toronto from Snelgrove, principally, and not one farmer has a grouch against him. The hardest thing some of his hide-bound Tory friends will ever find to do will be to mark a ballot against him. At Toronto live stock market the reporter of a Tory paper says he is looked upon as the whitest man doing business there.

The only thing that is wrong with Billy is that he is not a platform speaker, but four or five years at Ottawa will fix that trouble all right.

In W. J. Lowe, the Liberal party puts forward a good, clean candidate; a capable, hardworking business man. One who commands the respect and esteem of all who know him. His election would reflect credit on the intelligence of the people of Peel. He is a farmer and as such alone, is entitled to the united support of the farming community of Peel, the most numerous and important in the county, and is it not time that such an agricultural constituency had as its representative a farmer.

RECIPROCITY.

TO THE ELECTORS OF PEEL:—

Under the reciprocity treaty made in 1854 and abrogated by the United States in 1866, the British Provinces that now comprise Eastern Canada thrived so well that during the first thirty years of Confederation repeated attempts were made to negotiate another trade treaty by sending delegations to Washington, and Sir John A. Macdonald put into and kept in the Canadian Tariff a clause containing a standing offer of reciprocity to the United States, Sir Wilfrid Laurier sent the last deputation to Washington to ask for a trade agreement in 1896 and when Canada's overture was again rejected, the Liberal leader said Canada would sue no more; that the next offer would come from the United States.

After fifteen years it has come. The United States have worked out to a logical conclusion the policy of trade restriction with the result that the public, producers and consumers alike, are at the mercy of enormously rich and powerful special interests. The re-action has set in; a Democratic tariff-reform Congress has been elected and a strong section of the Republican party has turned its back on high protection. President Taft, in response to the national demand for freer trade, offered Canada a general reciprocity agreement.

Canada promptly declined it in regard to manufactured goods in general. The arrangement that has been arrived at is an agreement, terminable at any time, by either party, providing for the free exchange of natural products and the reduction of the duty on a few manufactured articles, principally farm implements. Every article affected is contained in four schedules attached to the agreement.

The question before the electors of Peel is, will the increased market for farm and other natural products of Canada thus provided, coupled with a small reduction in the duty on farm implements, prove beneficial or otherwise?

Before, however, considering whether or not increased opportunities for doing business will put anything into our pockets, we should ask ourselves whether or not this increased business will detract from our loyalty. The opponents of reciprocity say it will. Sir John A. Macdonald thought not. He was an advocate of reciprocity in natural products during all the time he was Prime Minister of Canada. The Mail and Empire on Monday quoted from his first electoral address as follows:

"I, therefore, need scarcely state my firm belief that the prosperity of Canada depends upon its permanent connection with the Mother Country, and that I shall resist to the utmost any attempt (from whatever quarter it may come) which may tend to weaken that connection."

Yet for the thirty years succeeding this address, Sir John A. Macdonald made every effort to secure Reciprocity with the United States. If, when Confederation was struggling to its birth, when there was no such thing as Canadian and Imperial sentiment as we know it, the free exchange of natural products would not endanger British connection, how foolish is it to talk of it now when Canada has become a nation and is as deeply imbued with the sentiment of Imperial Unity as is the Mother Country.

Faithfully Yours,

W. J. LOWE.

DIED FROM ANAEMIA.

Profound sympathy is extended to Mr. and Mrs. John Curtis, of Hereward, in the loss they have sustained through the death a week ago Monday of their eldest son, Alex., at the age of four years. About a year ago the little fellow almost lost his life and limbs by being caught in a mower. For a time his life was despaired of, but he gradually recovered his health and the partial use of his limbs. His death was due to anaemia, and was preceded by an illness of about a month's duration.

Occasionally one will hear the remark, "I wish I was out of this town" and then one feels like saying, "I wish you were" for a man who stands on the street corners, chewing and spitting, telling obscene stories, cursing the town, finding fault with his grandmother because she was a woman, claiming that the merchants are a lot of thieves, that the newspaper man would skin a man to a finish, and a whole lot more, is a nuisance and an abomination.

Why not have the name of your farm or dairy printed on your butter paper? It makes your produce much more attractive to the buyer and brings a demand for your butter. If you make good butter you will find that the name of your dairy soon becomes known to the public and they ask for your butter. Have your butter paper neatly printed at this office at the low price of 1000 sheets for $1.75.

THE COUNTRY PRESS.

The writer spent a two days' outing with the members of the Canadian Press Association recently. To come in touch with these men and to gain an insight into their motives and reasons for engaging in the work of supplying the people of Canada with their daily and weekly supply of what the world is doing, enlarges one's vision and strengthens one's faith in his native land. Party politics may divide the men of the press, but nothing else will, and behind it all is a sincere devotion to duty and to their country's best interest. And in no section is this more forcibly shown than among those who edit and publish the country weeklies. For the most part these men receive little of this world's goods. They work early and late—result, the man in the country gets the news, both local and foreign, dished up to him in form 52 times a year, and all for the sum of one dollar. In no other business on earth is so much value given for the money, a fact that the average reader does not fully appreciate. The country weekly editor continues in business just the same, and by so doing, is making for the country's well being and prosperity. What would the small town be worth without its local paper? It would never be heard of beyond a small radius. People in the towns and cities and in the country as well sometimes forget how much they owe to the press of the day in the upbuilding of this land and in making its resources known abroad.—Canadian Farm.

DEATH OF MR. R. H. DUKE.

Vancouver Loses a Prominent Citizen.

Mr. R. H. Duke, late general manager of the British Columbia Permanent Loan Company, died yesterday afternoon at the General Hospital after a short illness following an operation for appendicitis.

Mr. Duke was born at Mono Mills, Ont., in 1871, and came to Vancouver with his family ten years ago. At that time Mr. Duke took a position with the British Columbia Permanent Loan Company. Mr. Duke's advancement was rapid until he became general manager of the Pacific Coast Fire Insurance Company, which position he held until January of this year when he became general manager of the British Balumbia Permanent Loan Company. Mr. Duke was also connected with various other financial interests to which he was able to give much valuable advice on account of experience gained throughout British Columbia.

Mr. Duke found time, in addition to his business affairs, to take an interest in the local Y. M. C. A. and also in Mount Pleasant Methodist Church of which he was a member. Mr. Duke was a prominent Orangeman, Mason, member of the Board of Trade, a staunch Conservative and a member of the Society of Chosen Friends. He is survived by a widow, four children, one sister, Mrs. Ewart of this city, and two brothers, Thomas and W. J. Duke.

The funeral will be held to-morrow from his late residence, 14 Broadway east, at 2 p.m.—Vancouver Daily Pro-

Mr. Duke, whose regrettable demise was reported in last week's issue of The Banner, was a brother of Mr. Wilson G. Duke, of Mono.

MR. THOMAS PARSONS.

An old resident of the town has passed away in the person of Mr. Thomas Parsons, who died on Monday, August 21st, after a brief illness of less than three weeks' duration. Mr. Parsons was born at Stanley Mills, Peel County, in the year 1839. When a mere child the family removed to the vicinity of Caledon East, and here his boyhood and early manhood were spent. When very young he united with the Methodist Church, of which for more than fifty years he continued a faithful member, having served in the capacity of local preacher, S. S. Supt., etc. He was also a strong advocate of the temperance cause, having taken an active part in more than one campaign. Mr. Parsons was united in marriage to Matilda Jane Montgomery, eldest daughter of the late Henry Montgomery, of Chinguacousy Township, County of Peel, who with one son and daughter, Herbert E. of Alberta, and Mrs. H. B. Burton, of Brampton, survives him. His illness and death came with a shock to his many friends, and the funeral which took place from his late residence, Sara St., on Wednesday afternoon, Aug. 23rd, to Forest Lawn cemetery, was largely attended, many relatives coming from a distance to be present at the obsequies. Rev. Dr. Harper, pastor of the Methodist Church, had charge of the funeral, service being assisted by a former pastor, Rev. J. Locke, of Toronto.

The pallbearers were Mr. H. B. Burton, Brampton, Mr. Ferguson, Horning's Mills, Mr. J. McGhee, Horning's Mills, Mr. McClelland, Melanothon; Alfred Wise, Orangeville; Jas. Wise, Orangeville.

Hoodlums disturbed the quiet of the midnight hour on Monday night last by attacking the Chinese laundry where Mark Toi, the proprietor, was called to the door. The light which he carried was quickly blown out and three persons entered his premises. The yells of the frightened chink awoke the neighborhood. He claims to have lost some silver from his pocket, but it is not supposed the object of the raid was robbery. To give the Chinaman a scare appears to have been the purpose but there's a penalty for that and it is hoped the guilty parties may be caught. Their next thought was to scare the town in general. Four barrels of coal oil lying in the C. P. R. yard near the station were set on fire, and the fire alarm was rung by one of the party who disappeared before the crowd got to the scene. It is expected that if Chief Hemphill fails to get the guilty ones a C.P.R. detective will take a hand in the game. Markdale joy water had a good deal to do with the rowdyism.—Dundalk Herald.

—Place your school opening order at The Banner Book and Stationery Store.

Cobwebs in the Morning.

Cobwebs in the head on rising in the morning is the result of a Lazy Liver, one or two mornings in succession and sick headache follows.

Father Morriscy's Liver Pills will clear the Brain.

These Pills are a purely vegetable compound prepared with great care, and are without doubt the very best pills for general use, on the market. The greatest care has been given to selecting the ingredients, and being entirely vegetable, they act upon the liver and bowels in such a manner as not to disturb the other functions of the body as many pills do.

As a Liver Invigorator, Blood Purifier and General System Renovator, they are unequalled. Sick headache is invariably brought on by a sluggish liver, constipation or irregular bowels; these pills are a cure for sick headache in any form.

Pimples, eruptions and yellow skin are often caused by a lazy liver; one pill three times a week, will soon clear the complexion.—Price 25c. per box.

TERRIBLE ACCIDENT AT A BARN RAISING.

(From the Flesherton Advance.)

One of the worst barn-raising accidents that has ever been chronicled in this part of the country took place on Friday evening last on the farm of the Johnston brothers, Meaford Road, when a baker's dozen of men were more or less injured. In fact, there were three separate accidents during the evening.

The first accident occurred when Thornton Teeter, a young married man, was working on the frame some twelve feet from the ground. He tripped on a piece of board and fell face down on a pile of stones on the earth below. His face was terribly cut and his nose smashed in, while his body was also badly bruised.

The second accident occurred to a young man, named George Thompson, of Harkaway. A beam was being lifted in place. Thompson had a rope around his end with the rope over a post, when the rope broke and Thompson was dragged across the top of the post where he hung until taken down by companions. His back was injured and it was also feared that he was injured internally.

The third and most serious accident occurred when the frame was nearly up, with one main plate in position and the other nearly so. In some manner which is not clear to any one, the plate swung and the pike poles could not hold it, and it came crashing down in the midst of the crowd of men below, sweeping a large number of men off the frame with it. It was a miracle that several were not instantly killed, but the result was bad enough, with over a dozen maimed, bruised and broken. Probably the man most seriously injured was Councillor Donald McLeod, who sustained a broken shoulder, and two or three ribs, while his head was terribly cut by a flying brace and the scalp laid open for several inches.

Among others who were more or less injured were:—R. D. Carruthers, Kimberley, cut in face and nose; Samuel Wiley and David Hethers, back injured, serious (the latter fell 36 feet); D. Weber, cut head and breast; F. Weber, hurt on knee and hip; W. A. Weber, toes and fingers pinched. Six or eight others were slightly injured.

Miss Crabtree, a trained nurse, was present and rendered first aid. All the injured were removed to their homes the same evening.

Sluggish Liver Action

Causes Indigestion, constipation and bilious headache—Dr. Chase's Kidney-Liver Pills the cure.

"Sluggish liver has been my trouble," writes Mrs. I. P. Smith, Paris, Ont., "and I have been greatly benefitted by using Dr. Chase's Kidney-Liver Pills. I have taken medicines from several good doctors, but none ever did me the same amount of good as Dr. Chase's Kidney-Liver Pills. I could not keep up and do my work if I did not use these pills when the bilious spells come on, and I have recommended them to many."

"Dr. Chase's medicines were about the only kind that came into my father's house 40 or 50 years ago, and they were always satisfactory."

Dr. Chase's Kidney-Liver Pills are prompt, definite and direct in their action on the liver, kidneys and bowels, and are therefore the most effective treatment obtainable for biliousness, indigestion and constipation. 25 cents a box, 5 for $1.00, at all dealers, or Edmanson, Bates & Co., Toronto.

LOCAL NEWS.

School Opens Sept. 5th, 1911

For all authorized Text Books for Public and High School, and for all other school requisites, call at T. Stevenson.

—Mr. and Mrs. Wm. M. Kiernan, of Mansfield, celebrated their golden wedding on Monday, Aug. 7th.

—Mr. Hugh Falconer, of Shelburne, has been appointed Returning Officer for Dufferin. Mr. Falconer is President of the County Reform Association.

Lost on Broadway or Zina Street, on Saturday night, a child's gold filled bracelet. Finder kindly return to the Banner Office and receive reward.

—Prior to his removing from town on Monday evening, Mr. Andrew Hill was presented with a club bag by the members of the Orangeville Lawn Bowling Club. Mr. Hill left on Tuesday for the West for a couple of months. Mrs. Hill is visiting friends in Mount Forest.

—In a letter to his father, Mr. J. C. Reid, County Clerk, J. C. Reid, of Suffield, Alta., states: "We are having the very best harvest weather you ever saw. The grain around here is certainly fine and everyone is satisfied. If the weather stays as it is now the harvest will be over in about two weeks."

Mr. E. Penwarden, of St. Thomas, has taken charge of Dr. A. J. Hunter & Co's. Drug Store, in the place of Mr. F. S. Pickering, who has been confined with a serious attack of pneumonia. Mr. C. V. Jeffers, of the same firm, leaves for Toronto next week to attend Ontario College of Pharmacy.

Mr. C. V. Jeffers, up-town C.P.R. agent, ticketed the following persons for the West:—For Edmonton, Peter McGill, Erin; J. A. Marshall, Mono Centre; Ernest Arthur, Mono Centre, Arthur and Edgar Avison, Relessey, Wm. Laverty, Relessey, Geo. Adair, Mono Mills; Ed. Holmes, Orangeville, Percy Colwell, Hockley, Russell Appleby, Orangeville, E. A. Warren, Orangeville; E. Hamilton Laurel; For Winnipeg, J. D. Torrie, Orangeville; For Moose Jaw, John Curry, Orangeville; For Weyburn, Dash., J. Lawrence and Wm. Moore, of Orangeville.

—Writing to The Banner from Munson, Alta., on August 10th, Mr. Robert Ewing, formerly of Laurel, states that prospects are favorable for a very heavy crop in that section this season. The country has had lots of rain and with a few days of warm, bright weather the grain would soon be ready for cutting.

The Banner always appreciates every news item contributed. You know of something which will interest your friends, send it to The Banner. Hundreds of people who have lived in this district like to read about the folks at home. Send in any paragraphs you may know and don't forget to send your friends The Banner. It's "better than a letter from home."

MISS BENNETT

Rev. John Locke, of Toronto, is renewing old acquaintances in town.

Miss Muriel Steele, of Toronto, is spending a vacation at her home here.

Misses M. Mossop and M. Rendall are visiting in Toronto and Hamilton.

Mr. Sam. Speers, of Toronto, late of Orangeville police force, is in town this week.

Mr. Joseph H. Wilder, of Chicago, is visiting Mr. and Mrs. O. Wilder, Zina Street.

Mr. H. A. Dorrance, B.S.A., transacted business in Dundalk last Thursday.

Miss Nellie Park spent the former part of this week with Grand Valley friends.

Miss Beatrice Clarke, of Shelburne, called on friends in town on Saturday evening.

Mrs. J. Semple, of Toronto, spent Sunday and Monday with her mother, Mrs. Sydie, Zina St.

Mr. Gordon Cooper, of The Bell Telephone Co., Norwood, spent a few days last week at his home here.

Mr. and Mrs. G. W. Scott and little daughter, Marion, of Coldwater, are visiting at the former's home at Melville.

Mrs. Lena Youmans and daughter, Mildred, have returned to town after a three weeks' visit with friends in Markdale.

Mrs. James Lynn and daughters, Misses Bessie and Kathleen Reid, of Toronto, are visiting friends in town this week.

Miss Laura Cranston entertained a number of her girl friends on Monday evening, being the event of her tenth birthday.

Mrs. A. McGillivray, accompanied by her daughter, Miss Ruby, and son, Master Douglas, and Miss A. Lambe, spent Monday in Owen Sound.

Dr. and Mrs. J. K. McQuarrie and child, of Chicago, are spending a week with Dr. McQuarrie's mother, Mrs. Jas. McQuarrie, Wellington St.

Mr. and Mrs. J. S. Brunidge and children, of Francis, Sask., who have been visiting friends in Shelburne and Orangeville for the past two months, left for their home on Tuesday evening.

Miss Porter, of Woodbridge, who is spending a couple of weeks with friends in Alton and Erin, was the guest of the Misses Hulse over Sunday.

Mr. and Mrs. John J. Small, of Mio, Mich., are visiting, friends in Erin, Grand Valley and other points in this vicinity. They are travelling by automobile and are having a thoroughly pleasurable vacation. Mr. Small is the Manager of a private bank in Mio.

Miss Bernice Malloy, of Toronto, is the guest of Miss Nellie Park.

Rev. and Mrs. A. E. Pearson, of Hamilton, are visiting friends in town.

Hon. I. B. Lucas, M.P.P., of Markdale, attended the Markdale-Hanover game here yesterday.

Miss B. Everson and Miss M. Simpson, of Reading, are visiting the Misses Nodwell, Bythia St.

Rev. W. M. Morris and daughter, Miss Robina, and Miss Adams, have returned home from Orillia.

Mr. and Mrs. George Howe, of Palmerston, were the guests of Mr. and Mrs. L. K. Johnston, over Sunday.

Mrs. D. A. Hogg and son, Master Douglas, are visiting with friends in Yorkton, Sask., and other Western points.

Miss Annie Park, Miss Elsie Campbell and the Misses Lamont, are attending the Presbyterian Conference at Geneva Park, Orillia, this week.

Miss Birdie Curry, of Laurel, who attended the Coronation in London, Eng., and visited other parts of the Old Land, returned home last Wednesday.

Mr. and Mrs. Robert Conn, of Thornbury, announce the engagement of their daughter, Effie L., to Mr. W. G. Woods, of Hereward. The wedding will take place quietly the latter part of September.

Mr. A. A. Smith, Manager of the local branch of the Bell Telephone Co., attended the Borden meeting at Harriston on Saturday and returned to Mt. Forest, where he spent Sunday at his parental home.

Mr. Bert Lindsay, of Caledon East, took part in the song service in the Methodist Church on Sunday night, rendering a very fine solo. Mr. E. A. Warren also sang and the two artists also gave a greatly appreciated duet.

Rev. Dr. Harper, pastor of Orangeville Methodist Church, occupied the pulpit in St. Andrew's Church on Sunday morning. Rev. Mr. Hanna, representing the Lord's Day Alliance, took the morning service in the Methodist Church, and preached in St Andrew's at night.

His many friends in Orangeville and neighborhood will be sorry to learn that Mr. Robert G. Bremner, near Passaic, N.Y., is very seriously ill in one of the New York hospitals. He is suffering from a tumor that caused him considerable pain and discomfort for the past two years. Mr. Bremner is one of New Jersey's leading journalists and his newspaper, the Passaic Daily Herald, is one of the influential journals of the State. His friends here will unite in the sincere hope that he may be speedily restored to good health.

Miss Reta Murch, of Toronto, whose singing at the Hopkins-Endacott wedding received such favorable comments is under the tutorage of Miss Hope Morgan, of that city.

Mr. and Mrs. Blackwell, Mrs. Brown and Miss Cassie Cooper, of Davenport, Iowa, and Mr. Peters, of Peoria, Ill., are visiting at the home of Mr. and Mrs. Alex. Cooper, Zina St.

Mr. and Mrs. Geo. M. Endacott, of Vancouver left this Thursday morning for the Coast via Chicago. Mrs. Endacott will spend a couple of months in California before returning to her home.

Mr. A. J. Galbraith, B.S.A., Municipal Representative of the Canadian Ingot Iron Metal Culvert Co., Guelph, was in this vicinity for a few days this week attending to the interests of his firm, and while here was the guest of Mr. H. A. Dorrance B.S.A.

Among those from out of town who attended the funeral of the late Thos. Parsons on Wednesday, were Mr. and Mrs. Thos. Ferguson, Mr. and Mrs. John McGhee, of Horning's Mills; Mr. and Mrs. McClelland, Mrs. James Brown and Mrs. T. K. Slacke, of Melanethon; Mrs. John Parsons, Messrs. Wm. and James Parsons, of Caledon East; Miss Mary Brown and Mrs. H. A. Pannley, of Toronto; Mrs. (Rev.) Wm. Seeley, of Maple Creek, Sask., Mrs. McCaul, Inglewood, and Mr. and Miss Johnston, of Laurel.

MAIL ORDER BUSINESS.

The retail stores are feeling the keen competition of the retail mail order houses. It will take but a few years for the small storekeepers to be forced into the ranks of wage slaves.

The retail mail order houses figure upon making a profit of one-third This one-third profit is figured upon the basis of what the little merchant has to pay, not upon what the mail order houses can buy the goods for.

A mail order buyer can buy cheaper. He will go to a manufacturer and make a contract for five hundred sideboards to be made. The price is spot cash. He can get them twenty per cent. off the usual price. As they are sold to the public for one-third over the usual manufacturer's price, the mail order house makes a profit of over sixty-nine per cent. The retail merchant cannot sell on credit at a profit of thirty-three per cent. He must charge higher. Consequently the retail business is drifting more and more into the power of the mail order houses.

Sixty-nine per cent. profit, quick turnovers, cash business, are concentrating large masses of capital in the power of these houses. The concentration of capital means cheaper buying power and wider business. The retail business is being socialized in the interests of a small group of capitalists. Socialism will take the process a step further by allowing all the people to share in the benefits of socialized industry.

HOPKINS—ENDACOTT.

The marriage of Miss Mary Florence Endacott and Mr. Walter Curzon Hopkins was solemnized at St. Mark's Church, Orangeville, on Wednesday afternoon. The church was thronged with many friends and relations and the ceremony was performed by the rector, Rev. G. A. Rix. The bride is the daughter of Mr. and Mrs. Henry Endacott of this town, and the bridegroom is the son of the late John M. Hopkins and Mrs. Hopkins, of Collingwood. The gown of the bride was of cream silk colienne with overdress of chiffon, trimmed with pearl fringe and rose point. The veil of tulle was surmounted by a chaplet of orange blossoms and she carried a most artistic boquet of lillies of the valley and bridal roses. The maid of honor was Miss Ethel Endacott, of Strathroy, and the bridesmaid, Miss Mabel Morrison, of Sandhill, both cousins of the bride. They were becomingly gowned in pale pink with picture hats of white chif trimmed with pink roses and scarfs of chiffon. They carried boquets of roses. Little Miss Helen Irvine acted as flower girl and was daintily dressed in white lingerie, trimmed with pink ribbons. She carried a rustic basket of sweet peas. Mr. Howard Hopkins, of Creemore, a brother of the bridegroom, acted as best man, and the ushers were Messrs. G. Leslie McCrae, of Montreal; Bert Roadhouse, of Toronto and Geo. M. Endacott, of Vancouver. The bride entered the church leaning on the arm of her father to the strains of Lohengrin's Wedding March, played by Miss Stella Campbell, and during the signing of the register, Miss Reta Murch, of Toronto, a cousin of the bride, sang with much feeling the beautiful "Song of Thanksgiving," by Allitsen. The spacious gardens and fine rooms at "Maple Brae," the residence of the bride's parents, lent themselves charmingly to the reception that followed the ceremony. After receiving the congratulations and good wishes of their many friends, Mr. and Mrs. Hopkins departed for Toronto en route for their honeymoon, which will be spent in the East. The bride's going-away costume was of brown velvet. With this she wore a most becoming hat of brown felt. On their return they will take up their residence at Vonda, Sask., where Mr. Hopkins is in charge of the Canadian Bank of Commerce agency. Among those attending the wedding from a distance were:—Mrs. John M. Hopkins, Collingwood; Mr. and Mrs. Geo. M. Endacott, Vancouver; Mrs. Charles McCallum, Brampton; Mrs. James Perrin, Toronto; Mrs. Arthur Morrison and Miss Edith Morrison and Mr. Henry Morrison, Sandhill; Mr. and Mrs. Will Donaldson, Hillsburg; Miss Annie Marshall, Brampton; Mr. and Mrs. Sydney Murch, Chicago; Mrs. Velma Huxley, Hillsburg; Mr. T. Huxley, Hillsburg; Miss Viola Rutherford, Brampton; Miss Ethel Keys, Newark, N.J. The bride was the recipient of many beautiful and costly presents. The Banner joins the many friends of the happy couple in tendering its hearty congratulations.

DEER KILLING PROHIBITED.

The following Order-in-Council was passed and approved by the Lieutenant-Governor on August 17th:

Upon the recommendation of the Honourable, the Minister of Public Works, the Committee of Council advise that pursuant to the provisions of section 9 (g.) of the Ontario Game and Fisheries Act, and in accordance with a resolution of the County of Dufferin, the hunting, taking or killing of deer in the County of Dufferin, be prohibited for a period of three years from the 1st day of November, 1911.

SURE SIGNS.

Results From Kidney Trouble.

Sick kidneys make you feel sick in a number of ways and it is known that a nervous condition often results from kidney trouble. When the kidneys are sick the whole nervous system becomes irritated causing headache, dizzy spells, fits of "blues," neuralgic attacks, rheumatic pains, weak eyesight, dull, tired days, and a constant inclination to worry over trifles.

Booth's Kidney Pills

Booth's Kidney Pills strengthen sick kidneys, cure backache, regulate the urine and restore to normal conditions. They are guaranteed. All dealers sell. 50c. box, or postpaid from The R. T. Booth Co., Ltd., Fort Erie, Ont. If you would like to test them free write for a trial box.

THE GENTLE ART OF SUMMERING.

Mina Stanwood.

The two girls had been late to dinner, and at the last there was nobody left at the table with them but Mrs. French's husband, the wee thin man who ate enormously and never spoke, the "health" lady who chewed every bite one hundred and forty times, and the Lizard, the youth who hunted lizards, and talked lizards when he was not hunting them, and talked them without punctuation marks.

"Yes really Miss Munn," the Lizard was insisting in his hurried way, "I think you would be interested in them if you would only conquer that thoughtless repugnance. It is thoughtless you know when you come to think of it—where you are all alone so much, a box of lizards in your room would be very diverting to you—you don't know the companionable qualities of lizards—you really don't, but I—"

The girl glanced at Miss Munn as they rose. She was growing redder and redder, she was shuddering, but she chewed conscientiously on.

"Poor thing!" sighed Alma. "Perhaps she's only at ninety. If he hurries, he'll have her seeing herself carrying lizards in her handkerchief."

The girls sauntered out to the verandah, and were beckoned to frantically by a group of ladies huddled in a corner.

"How did you like your shortcake?" demanded Mrs. French, severely.

"Delicious!" promptly returned Alma, the hearty. "We don't have raspberry shortcake at home; raspberries cost too much. And such a big piece!"

"Delicious!" Mrs. French's tone was a whole commentary on shortcake. "If you call that 'delicious,' then you should have seen the raspberry shortcake we had at Little Falls last summer."

Mrs. French's daughter turned abruptly, looked at her mother, opened her mouth, shut it again, and went on with her embroidery. ...

"Could you manage to eat a bit of your steak, Miss Blair?" came a commiserating voice from the hammock.

Cora Blair smiled. She looked frail, she wasn't. "Every bit of it," she replied, cheerfully. "It was much better than I expected. I thought country steak was apt to be a trifle tough."

"You did!" The lady in the rocker took off her lavender shoulder shawl and re-arranged it with plump, beringed fingers. "Well, all I have to say is, you ought to have eaten the steak at Lake Pearl last summer. Mr. Thayer is disgusted here. They always fill his saucer three-quarters full of cereal in the mornings, instead of half full, as he specially requested when he wrote. I suppose that's so he won't use so much cream. But they remembered to give him only half a saucer of ice-cream on Sundays!" She tosser her shawl over her shoulders, and looked around triumphantly.

"Of course," nodded Mrs. French. "Why, husband can't get enough to eat here, and he has a very small appetite. At home we never make anything of meals, husband is such a small eater."

"And my Georgie can't eat eggs unless they're cooked precisely two minutes and a quarter," worried thin little Mrs. Smith. "He can always tell if they have been in an eighth of a second more or less than two minutes and a quarter. We've been here nineteen days, and he hasn't had one egg cooked right! Think of that!"

"Yes, it's just as you say," a large woman lying in a steamer chair spoke theough a mouthful of chocolate. "She doesn't seem to cinsider her boarders at all. Now she knows my little Abner is very fond of chicken, but she gives him only a few thin slives. He has such a small appetite that I have to fairly bribe each bite into his mouth, and I shou,d think she would be delighted to give him all the chicken breast he can eat. I spoke to her about it yesterday, but she only laughed and said: 'Why, Mrs. Ogg, don't you know, if I had my way, the chickens would be built all breasts?' For a woman who has to keep boarders and has no husband and an invalid father, I think she's very light-minded. Why, the crackers and things I have to buy extra for my little Abner nearly equal my board bill, and she sighed heavily and groped for the box of chocloates in her lap.

"If I were you, young ladies," Mrs. French advised, sternly, "I would walk down the road and look up the Wayside Inn. If it weren't that we're settled here, I would do it myself. I have heard that everything is perfect at the Wayside Inn."

Mrs. French's daughter looked up determinedly. "I'm wouldn't be after you—"

"The trouble is," Mrs. French started higher, and washed out her daughter's timid purl, "she is trying to make too much money. She ought to hire experienced help and she ought to buy better quality of food. She ought to send that invalid father to a sanitarium, and give all her attention to her boarders. Yes," she concluded, decidedly, "If I were you, young ladies, I would certainly investigate the Wayside Inn. Here comes my poor husband now. Husband, did you manage to get anything to eat?"

A torrent of questions fell upon the little husband as he sidled smilingly forward, and the two girls dropped away.

"Let's walk up the road," suggested Alma, testily.

"And investigate the Wayside Inn?" laughed Cora.

"I said up the road. The perfect inn is down. What's the use? We've engaged for four weeks, and, unless we absolutely cannot saw the board, we must stay."

"And to think how I used to envy the people who could board all those summers when we folks camped in a sighed Cora. "They always looked so little shack and did our own work," happy and comfortable sitting reading or chatting on the piazzas, while we were stewing ourselves over a smoky stove."

"You never suspected that they took their food out on the piazza and tore it to bits, did you? And we were ignorant enough to think it was pretty good food. What must they think of us?

"That we were brought up on pork and cabbage, and underdone at that," retorted Cora, laughing. "Or perhaps they don't like us," she suddenly bethought herself. "Perhaps they look down on a couple of schoolma'ams."

"Perhaps." They sauntered slowly on till Alma stopped abruptly. "Loop up," she exclaimed. "There's the original 'Old Oaken Bucket.' See the moss-covered well, and the sweep! Isn't it the most fascinating sight?"

"And the ivy-covered cottage," crimmed Cora, enthusiastically. "Wouldn't you love to be sitting up on that porch, 'Alma? I never saw anything like it outside of a picture. Let's go and beg for a drink."

"We shan't have to beg," returned Alma. "Don't you see the glass mug on the curb? That looks like a standing invitation to come and drink."

They stepped cautiously over the thick grass to the well. Alma gently tipped the water from the bucket into the cool, dark depths. "Isn't this glorious?" she whispered. "I never saw a really truly old-fashioned well before. I wonder if I'm doing it right?"

There was a screech of a rusty hinge somewhere, and both girls started guiltily. A little, lame old woman came bobbing towards them, waving something in her hand. The girls thought she was shoo-ing them, and they looked anxiously towards the road. "Oh, dear!" exclaimed Alma, as the rope slipped promptly throughly her hands, letting the bucket splash back into the well." Then they saw that it was a clean glass the old lady had.

"I didn't want you should use that mug," she announced, cordially. "A woman got out of a carriage a minute ago and let her dog drink out of it. I'll take it in and wash it. Here, you stand aside and let me pull that bucket up. It's too heavy for those little wrists."

"We didn't mean to bother anybody," cried the girls, in a breath. "But your well looked so inviting."

The old woman cackled a joyous laugh. "You ain't botherin'," she declared. "And if you was, why, I like to be bothered. You see, I like folks, and, if it wasn't for my well. I wouldn't see many. I'm so lame with my rheumatiz I don't git out any to speak of, and with ten in the family to work for—"

"Ten?" echoed Alma. "In that little bird's-nest of a cottage?"

"Oh, it's bigger'n it looks," laughed its owner. "You're Mirandy's new boarders, ain't ye?" She peered into their faces eagerly.

"We're at Mrs. Libby's," replied Cora.

The old lady nodded. She's Mirandy, my husband's sister's girl. How do you like it?"

"Why," stammered Alma, "we think we shall be contented. We have a pleasant room, and the view is simply grand, way off over the mountains. And such sunsets!"

"How do you like Mirandy's table?" insisted the old lady. "Tain't mountains and sunsets folks comes summer-boardin' for—it's eatin'."

The girls' faces flamed. They laughed uneasily. Then Cora spoke up resolutely: "We have no fault to find, so far," she declared. "We're not particular, you see."

That afterthought was her undoing. Before their little eyes the little old lady became the quaking embodiment of scorn and wrath. Her bent shoulders were jerked back, her dull eyes seemed to pop past the drooping lids and snap sparks of fire. "Not particular!" she sizzled. "Not particular! Why, Mirandy Libby's the best cook in Coos County. She's took ev'ry sort of a prize to the county fair. But there," the fury passed, leaving her more drawn and drooped than before, "I don't s'pose you know no better than to talk that way." She spoke sorrowfully. "You come up on my piazza, and I'll tell you."

She hobbled on ahead of them, and the girls followed, casting uneasy glances at each other. She pulled aside the overhanging vines to let them pass, then she ran about one-sidedly dragging forward chairs, "Now set down," she invited. "It's too hot to be stan'in' out there in the sun, and I want to tell you about Mirandy, so's you'll appreciate her. It's funny how folks need to be told everything in this world. There was two ladies stayed to Mirandy's last summer, and they never knew till the last week that Mirandy made her pie-crust with cream 'stid of lard. Did you ever know such ign'rance? Then one of them wisht the summer was beginnin' all over again, but the other one stopped off eatin' pie, kerplunk. She said pie-crust made with cream always give her dyspepsy."

"Had she been having dyspepsia?" Cora inquired, politely, as the old lady reached to snap a wriggler from her vine.

"Not that anybody heard tell of. But Mirandy says when you're a-takin' in boarders you got to keep calm and remember the old sayin', 'What's one man's meat's another man's poison.' I should think so. I suppose you never stepped into Mirandy's kitchen and see the great long piece of paper hangin' on the wall, did you? Well, you'd ought to. One place it says, 'Eggs': 'Mr. Thaver, 2-4 minutes'; 'Miss Patten, 1-3 minutes'; 'Mr. French, 3-5 minutes'; 'Georgie Smith, 2-2 minutes. Very partic'lar. Be p'lite to him.' And so on. Then it's 'Tea': 'Mrs. French, very strong for breakfast, with cream, medium for dinner, with milk, weak for supper'; 'Mr. Schenk, very weak, with lemon'; 'Mrs. Hodges, black, pitcher of cream.' And a lot more. Then there's 'Steak.' Mr. French wants a big piece tried, but most of 'em want in briled, but diff'rent for most ev'ry one of them. It's the same with toast and coffee, and a lot of other things. And if Letty ever makes a mistake, and gives this one the rare and the other one the halfway rare, when they wanted it the other way round, the whole caboodle of: 'em gets together in a corner of the piazza—"

"And does Mrs. Libby take all that pains?" exclaimed Alma. "Why, it must be a lot of trouble."

The old woman laughed. "No, it ain't Mirandy takes the trouble, she ain't got time, it's Letty. The minute a boarder drops a word that she likes a thing this way or that, out goes Letty and claps it down on her paper. Letty's a terrible sight of help. But then she'd ought to be. It looked to us as if Mirandy had enough to do with a bedrid father and the mortgage on her farm without loadin' up with Letty, but she was bound to do it. She says she don't want no part nor lot in folks that's so took up with their own comfort that they can't give young folks a chance. Letty's Mirandy sister's girl, and not overstrong, except in her headpiece. She's strong enough there, though. Why, she's the prize scholar to the 'cademy. Mirandy's aimin' to make a teacher out of her, and I guess she will if they can spring to it with the boarders a few years more. It's wonderful how they manage to suit such a lot of folks without gettin' all wore out."

"But they—" Alma began impetuously, but she stopped abruptly, in confusion. "You think they do suit everybody?" she substituted.

The old woman bent a twinkling eye on her. "You think 'cause they get together and clack about the food, they ain't suited? Well, you ain't to blame. I thought so myself, first time I peeked through the parlor blinds and heard 'em. Oh, but it made me mad to see 'em lazin' round there comfortable with nothing to worry 'em, a runnin' down the good food they was all chock full of, when I'd been readin' in my missionary paper how the slums is full of folks stived up in nasty hot tenements, four or five to a room, withouth enough to eat. I told Mirandy I wouldn't stan' it, if I was her. I'd up and tell 'em to go down to the Inn and be done with it. Mirandy was whippin' up an angel cake, but she had to stop and laugh. 'Why, Aunt Tilly,' says she, 'I ain't got no rope tied to 'em. If any of 'em wants to go down to the Inn and pay three dollars a day, they're welcome to for all o' me. They's plenty more boarders where these come from; and as long as I know most of 'em is gettin' the best eatin' they ever had in their lives, I'm not worryin' none. They're perfectly satisfied, ev'ry last one of 'em,' says she, 'and they know it, and I know it. Why, Aunt Tilly,' says she, 'the ones that fusses the hardest is the ones that writes the nicest letters when they get back home, tellin' all what a nice time they had, and how they mean to come earlier next year and stay later. You take a lot o' strange folks,' says she, 'and pitch 'em all in together, and they don't know what to talk about that will be interestin' to everybody, so they talk about the food and each other's clothes. They don't mean nothin by what they say—they're just passin' the time.' Mirandy says if we was turned out of the house and home and had to set round idle all summer in a strange place, we'd be driven to findin' fault, too. And I dunno but what we would. I've had a good many trials in my life, same as other folks, but so far I've been spared havin' to be a summer-boarder. But talk about talking! Here I set, when I'd ought to be in my kitchen fryin' a mess of doughnuts, this very minute." She reached out and caught the piazza rail with her gnarled hands and pulled herself from her chair. "Set still, girls," she insisted blithely, "just as long as you want. And come any time. It's sightly here, ain't it? You look over there and see Lake Pearl. Up there to the north'ard is Little Falls. See 'em tumblin' in the sun? You'll excuse me flyin' up so mad when you said you liked Mirandy's 'cause you warn't partic'lar what you et." She dropped a hard little hand on Cora's shoulder. "I see right away you'd been lettin' those other folks size things up for you, and it warn't fair, where they was only passin' the time. You want to size things up for yourself. And you want to know that a lot of folks find fault 'cause they can't think of nothing else to do. It's just as Mirandy says, it's lots easier to find fault with other folks than it is to make yourself do right. Where'd I leave that dog mug? Here it is."

She hummed as she hobbled stiffly off, leaving the girls gazing thoughtfully across at Lake Pearl, a violet gem on the breast of summer.—Zion's Herald.

The report sent to The Shelburne Free Press that John B. Elder had found a corpse in George Hand's woods in Mulmur is not correct. Mr. Elder was in Shelburne on Tuesday, and informed us that he only found a man's coat and vest and a gem jar, and that Joe Noble had found a lady's dress and jacket packed in a biscuit box.

The Way to Cure Rheumatism is to get the glands of the body in such a condition that they will eliminate poisonous uric acid from the system. Ordinary cathartics will not do this for they do not tone and strengthen the glands. What you need is Merrill's System Tonic, a strong, bitter tonic and blood-purifier, made pleasant to take because in tablet form. This medicine has never failed to cure rheumatism, neuralgia, dyspepsia and constipation, for it builds up the entire system, weakened by disease or overwork. Insist on getting Merrill's System Tonic from your druggist. Price 50c. per box, 6 boxes $2.50, or sent postpaid by The Merrill Medical Co., Merrill Building, Toronto.

Sold and recommended by Thos. Stevenson, Druggist.

Suggestive Questions

On the Sunday School Lesson by Rev. Dr. Linscott for the International Press Bible Question Club.

AUGUST 27th, 1911.

Judah Carried Captive to Babylon. Jer. xxxix.

Golden Text—Be sure your sin will find you out. Num. xxxii : 23.

(1) Verses 1-2—When a historian gives the day, the month, and the year an event took place, and associates his facts with some other well-known fact, how much weight does that give to the credibility of his story?

(2) How long did the siege of Jerusalem last before the city was captured?

(3) What were the chief means by which the city was taken? (See 2 Kings xxv : 3.)

(4) Verse 3—What was the real reason for the downfall of Judah and the capture of Jerusalem?

(5) When a nation gives itself up to a life of sin how much risk is there in prophesying its downfall unless it repents?

(6) If the "princes" of the soul memory, conscience, will power, and the reverence of God, forsake their position at the gate of the citadel, what other princes are certain to take their places?

(7) Verse 4—Sinners are generally very brave when in health and prosperity, but when trouble, or death, stares them in the face what generally happens?

(8) Was there a time, and when, that Zedekiah could have taken such steps as would have kept him on his throne and made himself and people prosperous and happy? (See 2 Chronicles xxxvi:11-13.

(9) What is the Golden Text for to-day, and what is the proof that sin will finally destroy happiness and true prosperity?

(10) Verse 5—Zedekiah fled from the enemy but was overtaken; when does the time come in the life of a sinner when his habits have become like his shadow, which he cannot outrun?

(11) Verses 6-7—What had been the crime against Nebuchadnezzar of which Zedekiah was guilty? What would be the penalty of a similar crime to-day?

(12) What was Zedekiah's sin against God and that of the other bad kings of Judah who had preceded him?

(13) What was Zedekiah's punishment?

(14) See Jer. xxxiv:3; Ezek. xii:13, where the fate of Zedekiah is foretold, and compare with v.7 and point out a striking fulfilment and explanation of apparently contradictory prophecy.

(15) Verse 8—Why is it in God's moral government that the innocent often have to suffer, as well as the guilty?

(16) Verses 9-10—What class of people did they carry away to Babylon and what class allow to remain in Judah?

(17) What part of a man's nature does sin destroy, and what part does it leave?

(18) Verses 11-14—What did the king of Babylon do for Jeremiah, and what is generally the final lot of a man of God?

(19) Verse 15—What good had Ebed-melech done to be so signally favored of God? (See Jer. xxxviii:7-13.)

(20) What reason is there to think that God never forgets a good deed done to one of his children? (This is one of the questions which may be answered in writing by members of the club).

Lesson for Sunday, Sept. 3rd, 1911. Review.

YOUR QUESTIONS ANSWERED.

If you would like to have answered any particular question each or any week from "The Suggestive Questions on the Sunday School Lesson" by Rev. Dr. Linscott, send in your request to this office, giving the date of the lesson and the number of the question you wish answered. You may select any question except the one indicated that it may be answered in writing by members of the club Dr. Linscott will answer the questions either in these columns or by mail through this office. Don't forget to state what benefit these "Suggestive Questions" are to you. Give your full name and address. Send your letters to The Question Editor of the Banner.

—Over 50 designs in Scribbler Covers to select from at The Banner Book Store.

Constipation is the root of many forms of sickness and of an endless amount of human misery.

Dr. Morse's Indian Root Pills,

thoroughly tested by over fifty years of use, have been proved a safe and certain cure for constipation and all kindred troubles. Try them.

WAITING FOR CLAIMANTS.

Forgotten British Postoffice Savings Bank Accounts.

Apropos of the fact that in September next the Postoffice Savings Bank will celebrate its jubilee—it was on September 16, 1861, that the first savings banks in connection with the postoffice were opened — the striking fact is revealed in the statistics for 1909, the latest year for which figures are available, that no fewer than 3,491,273 accounts with balances of less than £1 have been lying dormant in the bank five years and upwards. It is true that the average amount of each dormant account is only 2s 2d, but the total reaches just over £378,220.

Where are the depositors to whom this money belongs? No doubt in many cases they have died, but the majority have probably forgotten about the trifling sum which has kept the account open. Possibly there are many who have thus forgotten that they have an account of a few shillings open in the Postoffice Savings Bank.

While there are these millions of dormant accounts of a few shillings each, however, it might be mentioned that there are close upon 11,500,000 active accounts, of an average of £20 15s. The growth of the Postoffice Savings Bank has been amazing. By the end of the first year of its work there were nearly 180,000 accounts, the money standing to depositors' credit amounting to a million and three-quarters.

By the end of 1909 the sum, including interest, standing to the credit of all open accounts was £164,596,055. To run the Postoffice Savings Bank costs about £600,000 every year, a sum which is almost entirely provided by the difference between the amount paid to depositors in interest and the amount received from the National Debt Office in interest on the investment of the deposits.

Putting It In New Form.

A teacher who is a lover of poetry and is a follower of the school of romanticists was trying to inculcate some of those principles in the minds of her youthful scholars.

She was describing a storm:

"Peal after peal of thunder shook the earth, the lightning burst from the clouds and the orange orb of the west hid its splendor on the shoulders of the darkening hills." When she had finished she said, "Now, children, take this subject for your writing lesson and put it in your own words." They did.

One saucer-eyed youngster wrote this:

"Peel after peel shot down like lightning from the cloudburst, and the orge of the west sunk an orange in the shoulder of the hills, when the light went out."

Fatal Finger Rings.

Count Zborowski when killed in a fearful motor accident at Nice in 1903 was wearing a fatal ring which had belonged to his family for four generations. In each of these generations the head of the family had worn the ring and each had met with a violent death.

Still more amazing is a story told by the late head of the Paris morgue. Five times within his experience dead bodies brought to the morgue were found to be wearing a certain ring easily distinguishable by its strange design. It bore in eastern characters this legend: "May whosoever wears this ring die a miserable death." M. Macs, late chief of the Parisian police, vouches for the truth of this.

Investing Money.

World's Work Magazine sets forth some of the absurdities that people for the most part intelligent will commit when they have money to invest. If a man is sick he goes to a doctor; if in a row with his neighbors he goes to a lawyer; if in spiritual trouble he consults a minister or priest; if in business straits he calls upon the banker. If, however, he has a problem of investment on his hands he calls upon merchants, lawyers, bankers, ministers and miscellaneous people quite indiscriminately and with about the same practical results that he would get if he followed the same method in sickness, in legal trouble, in business trouble or in spiritual woe.

Injurious to Sight.

Looking into the fire, particularly a coal fire, is very injurious to the eyes. Looking at molten iron will soon destroy the sight. Reading in the twilight is injurious to the eyes, as they are obliged to make great exertion. Reading or sewing with a side light injures both eyes. Both eyes should be exposed to an equal degree of light. The reason is that the sympathy between the eyes is so great that if the pupil of one is dilated by being kept partially in the shade the one that is exposed cannot contract itself sufficiently for protection.

Wanted a New Set.

Sad Looking Man—I see you have a sign out, "Maker of Women's Habits." Do you mean it?

Ladies' Tailor—Certainly I do.

Sad Looking Man—Well, since my wife's been going to the club she's lost all the good ones she had, and I wish you'd make her a complete new set regardless of expense. And please include the habit of staying at home once in awhile and mending my clothes.—London Tit-Bits.

Willing to Oblige.

"You forgot something," called his wife from the window after the morning quarrel.

He came back.

"What did I forget?"

"You forgot to slam the door."

He slammed it.

Hard Luck.

Hewitt—It's sad about old man Gruet losing his leg in that railroad accident.

Jewett—Yes. It must be a great disappointment to him. He was always talking about "getting there with both feet."

Mr. Wm. Hoare, of Union, has sold his farm on the town line to Frederick Hancock for $6000.

Over forty-two tons of flax have already been brought in to the Wingham flax mill this season.

Wm. Alton, a respected citizen of Markdale, passed away on Wednesday, Aug. 16th, aged 80 years.

Mr. R. J. Hoare, of Union, has sold his farm to Mr. W. H. Barth, of Erin. The price paid was $6500.

Mr. A. T. Batstone has been engaged as science master in Prescott highschool at a salary of $1100.

Mrs. Lucy Strong, of Lelle River, was fined $5 for beating to death a pig belonging to a neighbor, which had invaded her garden.

W. A. Tuck, a Canadian farmer, has a family horse with a moustache. The hirsute adornment is fully developed, three inches long and very thick.

Thousands of fish are dying in the Grand River at Bridgeport, Ont., and laborers are being paid $10 a day to bury them, owing to the stench.

Sarnia Town Council has passed the first reading of a by-law to pay $125,000 for the works and property of the Sarnia Gas and Electric Light Co.

A Chatham young man was seized at night by some farmers' sons while returning from a call on a country sweetheart, stripped and painted red.

Wm. Sturgis' barn in Dover Township was burned last week, along with a threshing machine, the blaze being due to a spark from the threshing engine.

Engineers representing English capital, have approved the proposed radial line between St. Mary's and Stratford, and work will likely begin this fall.

Remember that sore throat or lumbago and any sprain, pain or bruise, is quickly cured by Martin's Wizard Lightning. Price 25c.
Sold and recommended by Thos. Stevenson, Druggist.

The Beeton school board has engaged Miss Mabel R. Kent, of Aylmer, at a salary of $500 to take charge of the Entrance room in the public school.

A number of farms on the plains near Lisle have been divided into 20 acre lots, and are being sold by real estate dealers for fruit farms at about $15 an acre.

Geo. Hagart, of Barrie, has an oddity in the shape of a rooster that stands up as straight as a soldier. It has no projection at the breast or tail like the ordinary fowl.

Chas. J. M. Hickling, of Collingwood, has just received letters patent from the United States and Canadian Government for a very valuable noiseless explosive engine.

Wm. Schmidt, of Detroit, was deported from Windsor after having taken a dose of peroxide of hydrogen, of which he was relieved by doctors, and then attempting to hang himself in a police cell.

Rev. John Young, retiring pastor of St. John's Presbyterian Church, Hamilton, was presented with a silver tea service, and his wife with a purse of gold. Mr. Young goes to a Pittsburg church.

It is said that Honeywood is the home of the youngest married couple in the province. The groom is 17 and the bride 15. They are the son and daughter of two well-known residents of Mulmur.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

Mr. John Gardiner, a respected resident of Egremont, died recently, aged 70 years.

Robert Scott, of Eramosa, is now clerk of the Third Division Court of Wellington County.

Rev. J. A. Brown, pastor of St. Andrew's Church, Fergus, has been ill with ptomaine poisoning resulting from eating ice cream.

Arnold Smith was brought before the magistrate at Brampton recently, and fined $10 and costs for abusing a horse hired from Kee's livery.

Apple trees to the number of 6,500 were set out this year on the Ryrie farm near Oakville—a record perhaps in apple tree planting in Ontario.

After serving the G.T.R. faithfully for nearly twenty-five years, Mr. H. Ham has tendered his resignation as station master at Fergus, and entered the employ of Bisley Bros.

Messrs. G. M. Vance, K.C., H. S. Fenton, Dr. E. C. Campbell, E. G. Button and E. A. Ferguson, of Shelburne, motored to Berlin a week ago Monday afternoon to hear Mr. R. L. Borden.

Mr. and Mrs. Jacob Law, of Primrose, announce the engagement of their daughter, Isabella Gertrude Armstrong, to George Alexander McKenzie, of Elba, the marriage to take place Sept. 6th, 1911, at St. James' Church, Primrose.

The Government is asking tenders from Courier to deliver mail over the various rural routes in Wellington County, and the Guelph Mercury predicts that within two years practically the whole rural population of Wellington will be served with a daily mail delivery.

John Pascoe, of the Firs Farm near Woodstock, is receiving the congratulations of his many friends on what is believed to be one of the best wheat yields in that section of the province. He got 700 bushels from 12 acres after threshing, an average of 55 bushels an acre.

Upon the recommendation of a petition, largely signed by the residents of Osprey township, the Game and Fisheries Dept. of Ontario have prohibited the killing of deer in the county of Grey for three years, the restriction to come into effect on November 1st of this year.

A Chinese gambling joint was raided in Owen Sound by the police. Half a dozen Chinamen were seated about a rough table in a room over the Nation Cafe. A stack of bills and coin was on the table before them, and a fan tan game was in full progress. Thirteen arrests were made and the ring leaders were fined $50 and costs.

URIC ACID SUFFERING.

Uric acid is an accumulation of poison which finds lodgment in the system when the kidneys fail to remove it from the blood. In the kidneys and bladder it forms stones, in the joints and muscles it causes rheumatism. In any case the pain and suffering is almost beyond human endurance. Uric acid is promptly removed from the system when the kidneys are kept healthy and active by using Dr. Chase's Kidney-Liver Pills.

A mad dog, in the upper part of Erin township, has done a lot of damage, and the Council has ordered all dogs to be chained in the following part of the municipality from Aug. 28th: Commencing at the Garafraxa townline, to run south in the middle of the 5th concession to the 22nd sideroad; thence south in the middle of the 4th concession to the Esquesing townline.

In one of the large cities a street car collided with a milk cart and sent can after can of milk splashing into the street. Soon a large crowd gathered. A very short man coming up had to stand on tiptoe to see past a stout woman in front of him. "Goodness!" he exclaimed. What an awful waste!" The stout woman turned round and glared at the little man and said, sternly: "Mind your own business!"

—Court Imperial and Wexford Weave note papers are dainty and of superior quality. Ladies who want fine stationery should see them at The Banner Book and Stationery Store.

A little boy was given too much underdone pie for supper and was soon roaring lustily. His mother's visitor was visibly disturbed. "If he was my child," she said, "he'd get a good sound spanking." "He deserves it," the mother admitted, "but I don't believe in spanking him on a full stomach." "Neither do I," said the visitor, "but I'd turn him over."

Blood poisoning, the result of getting a peck on the hand by a chicken, caused the death of Mrs. Susan Banks, aged 31, at the Hotel Dieu, Windsor, Ont., last week. The wound was only a scratch, and nothing serious was thought of it at the time. The arm began to swell and the patient was removed to the hospital about two weeks ago. The whole arm later became infected with the poison and death was a welcome release from intense suffering.

A very serious accident happened to Mr. Andy Mitchell in Williamsford, the other day. He was driving a tank for Mr. Jim Edmund's threshing outfit when the horses became frightened and bolted over, throwing the tank which pinned Mr. Mitchell to the ground. Eager hands raised it up and word was sent for Dr. Oldham, who found a compound fracture of both bones of the right leg and both arms broken just above the wrist. The doctor had him removed to the Owen Sound hospital.

SEVERE ELECTRIC STORM.

An electric storm near the noon hour on Friday created some excitement in Dundalk. The house of James Wellwood on Proton Street, a little north of the Queen's hotel, was struck with lightning. The fire alarm was rung and in the midst of a down-pour of rain the brigade responded only to find that the house, though filled with smoke, was not on fire. The lightning struck at the chimney, knocking out a few bricks, tore some shingles off the roof, played around the telephone inside, scorching the wall paper and the siding, where it appeared to make exit by the wire. Mrs. Wellwood and the children were frightened badly, but are thankful in having escaped so well.

T. G. Marshall, just north of the village, had a young bull killed in the field by lightning in the same storm. H. Irwin, of the back line, also had two young cattle killed in the field. We understand there was insurance in each case.—Dundalk Herald.

The Radiant Electric Company is asking for a loan of $10,000 to enable them to start a manufacturing concern in Grimsby. A poll of the ratepayers will be taken on Sept. 5. The company intends to pay back the money in ten years and to employ 25 hands.

All these farms are in a high state of cultivation with good buildings on each of the parcels, and good water. There is a railway siding on section 10, which holds six cars. This is about the centre of the property and makes the farms very convenient for the delivery of the grain. Churches and Schools are very convenient. I will sell any of the above parcels on very reasonable terms. There is a large portion of this land ploughed and summer-fallowed and ready to sow. For price and terms on any of the above properties, apply to

THE BANNER

HE BANNER. AUGUST 31, 1911.

A JOINT DEBATE.

Electors of Dufferin County may ave several opportunities of hearing he two candidates for the Commons ngage in joint discussion of the isues that are now agitating the pub a mind. Mr. Best, the Conservative andidate, held a public meeting in Grand Valley last night, and courteously invited his Liberal opponent, Mr. Brown, to meet him on the platform. The Reciprocity candidate accepted and will return the compliment by inviting Mr. Best to meet him before an Orangeville audience at a later date. The idea of joint meetings has much to commend it, and The Banner trusts that several meetings of this kind will be arranged in Dufferin during the present campaign.

POLITICIANS AT FALL FAIR

There will be quite a notable gathering of politicians at Orangeville Fall Fair this year. Among those who have already intimated that they intend to be present are John Best, late M. P. and present Conservative candidate for Dufferin, D. B. Brown, Liberal candidate for Dufferin, Richard Blain, late M. P. and Conservative candidate for Peel, S. Charters, M. P. P. for Peel, C. R. McKeown, M. P. P. for Dufferin, and Warden McBride, of Peel, W. J. Lowe, Reform candidate for Peel. Some of the candidates in the Simcoes and Wellingtons are also likely to take in the sights at the Fair, and do some hand-shaking with their constituents from the municipalities that border on Dufferin County.

TOWN GETS INSURANCE.

Mr. Francis Irwin, Treasurer of Orangeville, has received cheques this month from various interested companies for $10,047.80 of the insurance money on the Hurndall Novelty Mfg. Co's. factory. The Company owed the municipality $12,500 under mortgage. The mortgage was further secured by the insurance on the building. The balance will likely be paid over shortly.

BUSINESS COLLEGE REOPENED.

Orangeville Business College reopened this week with a number of students in attendance. Others are expected next week and indications point to a large enrolment for the autumn term. Mr. H. C. Ward, late of Washington, D.C., has been engaged as Principal this year, and Miss McPherson, of the old staff, is back again. Principal Ward is a practical business educator with a successful teaching record and President Spotton has been fortunate in securing his services.

A WELL-EQUIPPED OFFICE.

Mr. H. A. Dorrance, district representative of the Department of Agriculture in Dufferin County, has practically completed the work of fitting up and equipping his office on Broadway. The office is both commodious and inviting and farmers will find it an excellent place to spend a few minutes while in town. Mr. Dorrance is proving an active and capable representative. He has already visited every municipality in the county, and is rapidly getting into touch with the farmers and posting himself on agricultural conditions and needs in Dufferin. Farmers who desire to avail themselves of Mr. Dorrance's advice or services are cordially invited to communicate with him or call upon him at his office.

A SERIOUS ACCIDENT

Angus McLeod, a farmer living a few miles north of Brampton, met with a very serious accident on Monday afternoon. Mr. McLeod had shipped a load of lambs at Snelgrove station and was returning to his own farm. He met some of his neighbor's children on the road, who ran along the side of the wagon and was playfully reaching out at them with the lines when his horses, a young team, bolted. Mr. McLeod had them partially under control when the pole snapped and he was thrown from the wagon, the empty crates falling on him. Both legs were broken below the knee and one arm below the elbow and shoulder. He is about fifty years of age. It is expected that he will recover.

IF YOU VISIT TORONTO.

Visitors to Toronto at Exhibition time ought not to fail to take a trip to Scarboro Beach Park, the great amusement resort at the East End of the city.

Scarboro Beach has had the most prosperous season in its history this summer, and visitors who have seen it before will be struck by the many improvements. The Scarboro Inn is generally considered to be one of the very best restaurants in the city, and during exhibition time will specially cater to out-of-town guests. The vaudeville entertainment is of the same class as that put on at the Exhibition; the permanent houses of amusement surpass anything else in Canada, the Park itself is one of the prettiest on the Continent.

A visit to Toronto would not be complete without a ride down to the Beach which is in about the same relative position to the East of the city as Exhibition Park is to the West end. Going from one park to another, you see practically all there is to see of the south part of the Queen City.

HOW DUFFERIN VOTED.

Figures of Barr-Fish Contest in 1908.

In view of the nearness of the general election, our readers will be interested in the vote polled by the late Dr. John Barr and Mr. J. N. Fish, the candidates in this County at the 1908 election. The official figures are as follows :—

Majority for Barr, 1443.

GOOD POSITIONS.

The Orangeville Business College is a worthy link in a chain of Seven Business Colleges located in the cities of London, Peterboro, Welland and the towns of Orangeville, Walkerton, Wingham and Clinton. Owing to its high-grade work it affiliated with the Commercial Educators' Association, of Canada. It is freely admitted that owing to the connections, its students get the very best positions. Fall Openings are on August 28th., and Sept. 5th; but at this school each student is instructed privately at his or her own desk, students may enter any day. Many students study all at home and others partly at home and finish at the College. As Spotton Colleges are the largest trainers in Canada and have thirty years' experience, it would be well for young people to get their training there. Last year Mr. Spotton trained over 1200 young people and placed them in good positions. That he has done for thousands of others he can do for you.

COMMITTED FOR TRIAL.

Charles Wheble, a Toronto Man, Figures in an Unusual Case.

Charles Wheble, a Toronto man, appeared before Police Magistrate Pattulo, on Friday afternoon, on a charge of theft preferred at the instance of Mr. Joseph Foster, a well-known Mono farmer. The facts brought out by the evidence were of a decidedly unusual character. Miss Mary Foster, a daughter of Mr. Foster, lived with Wheble in Toronto in the capacity of housekeeper. Last spring the accused and Miss Foster came up from the city to spend a few days at the Foster home. While here, Miss Foster was taken ill, and after a short illness died from pleurisy. On Wheble's departure after the funeral he is alleged to have taken a suit-case, watch, ring and some other articles belonging to the deceased. The watch was subsequently returned on demand, but the other articles, the Foster family claim, were not and accordingly a warrant was taken out for Wheble's apprehension. After hearing the evidence, the Magistrate decided to commit Wheble for trial at the General Sessions in December. He was given his liberty on furnishing cash bail to the amount of $500 to appear for trial when wanted. Wheble is a man apparently about 45 years of age.

DOMINION ELECTION!

MEETINGS IN THE INTEREST OF

MR. JOHN BEST

Conservative Canidate for Dufferin,

will be held at the following places at 7.30 o'clock p.m. on the dates named :

R. JONES,
3t. Superintendent

MAIL CONTRACT

SEALED TENDERS addressed to the Postmaster General, will be received at Ottawa until Noon, on Friday the 29th September, 1911, for the conveyance of His Majesty's Mails, on a proposed Contract for four years, six times per week, between Grand Valley and Grand Valley (Round Route) (Rural Mail Delivery) from the Postmaster General's pleasure.

Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of Tender may be obtained at the Post Offices of Grand Valley, Wesley, Campania, and at the Office of the Post Office Inspector at Toronto.

G. C. ANDERSON,
Superintendent

Post Office Department,
Mail Service Branch,
Ottawa, 15th August, 1911.

SEALED TENDERS addressed to the undersigned, and endorsed, "Tenders for Supplying Coal for the Dominion Buildings," will be received at this office until 4.00 P. M., on Tuesday, September 26th, 1911, for the supply of Coal for the Public Buildings throughout the Dominion.

Combined specification and form of tender can be obtained on application at this office.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

By order.
R. C. DESROCHERS,
Secretary.

Department of Public Works,
Ottawa, August 11, 1911.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

CALEDON.

Caledon has been stirred up for the past three weeks by having another camping party of about twelve from Toronto at Green Lake. All hands in the party are having a real good time between boating, swimming and fishing and as Mrs. John A. Rayburn is supplying butter, eggs and milk the campers are certainly looking fine. Mr. John Rayburn has promised to fix up his part of the Lake next spring and also to make a bowling green. The party intend to come again and also to bring others, as they have located a good camping and pleasure ground.

WHITTINGTON.

The Whittington Branch of the Dufferin Women's Institute will hold its regular monthly meeting at the home of Mrs. James White on Tuesday afternoon, September 12th.

An excellent programme was provided at the lawn social held on the grounds of Mr. L. C. Groskurth, lot 15, con. 3, Amaranth, last Friday night under the auspices of the Whittington Women's Institute. C. R. McKeown, M.P.P., presided in his usual witty and entertaining manner. Bright addresses were delivered by John Best, M.P., Rev. Mr. Hone, of Laurel, and Mr. R. G. Halbert. Solos by Messrs. S. R. Frost and Percy Harding, of Orangeville, were greatly appreciated. The same may be said of the fine music provided by the Woods family, of Grand Valley, and the Whittington Quartette. The ladies provided an excellent supper, fairly surpassing all former efforts in this department. Altogether the evening's entertainment left nothing to be desired, and the members of the Institute are to be unreservedly congratulated upon the general excellence of the programme. The proceeds amounted to $60 or upwards. The net receipts will be donated to the Orangeville Hospital Fund.

MONO MILLS.

Misses Hattie and Josephine Alexander, of Toronto, are holidaying at the home of Mr. R. J. Mills.

Miss Ina Taylor is visiting friends in Bolton.

Mrs. Frank Fayers and children, of Nassageweya, are guests at the home of Mr. and Mrs. Ira Stork.

Mr. and Mrs. Geo. Kidd and little son, of Inglewood, spent Sunday with friends here.

Mrs. R. J. Jeffers, of Toronto, spent a few days at the home of Mrs. Armstrong this week.

A garden party will be held on the rectory grounds on Tuesday evening, September 5th, under the auspices of St. John's Church, 7th line, east, Mono. An excellent programme of addresses, music, baseball, football and other amusements is being arranged for.

—Place your school opening order at The Banner Book and Stationery Store.

Fall Goods Arriving.

Full Announcement Next Week.

Corner Broadway and Prince of Wales street, Orangeville.

By W. J. Kennedy.

The problem of filling the silo for the first time is going to confront more farmers this year than ever before. Thousands of men are asking these questions: When should the corn be cut? What length should the corn be cut? Should the silo be filled rapidly or slowly? How should the corn be distributed and packed? Should water be added during the filling? How should the cracks or other air spaces be filled? What is the best way to prevent waste on the top of silo? What does it cost per ton to fill the silo? How soon after filling is the silage fit to use?

In attempting to answer some of these questions, the author, in addition to drawing upon his own personal experience of many years with silos, has consulted all of the leading experiment station workers who have had silo experience, and in addition, many of the leading beef producers and dairymen. The answers brought out many points of interest. Chief among them was a marked tendency on the part of the beef producers to advocate a more mature corn at filling time than in the case of the dairymen.

While there is some slight difference of opinion on this matter, practically every answer indicated that the corn should be dented, in the dough stage, or when about one-fourth the husks and the lower leaves were turning brown in color. This would indicate that the best results are obtained when the corn is mature enough to cut for shocking purposes. The nearer the corn is to maturity, the more valuable from a silage standpoint, providing there is enough moisture to insure proper fermentation. Immature corn makes a dark-colored, sour silage, which may cause the animals to scour badly.

In the discussion of the lengths in which the corn should be cut when put into the silo, much difference of opinion was manifested. Some advocate 1¼ inches, others 1 inch, others ¾ inch, many ½ inch, while some advocated less than ½ inch. The longer the cut used, the more economical from the standpoint of power, and the more rapid the filling of the silo. The shorter cut, such as the ½ inch length, insures less waste in feeding the silage, and makes it possible to put a greater quantity of corn in the silo. Taking everything into consideration, either the ¼-inch cut or the ½-inch cut should be used. This will make a very palatable form of silage for the animal, and also make it easier to pack the silage so as to eliminate the air, thus preventing waste.

Rapid or Slow Filling. This is a point on which there is much difference of opinion. Where slow filling is practised it is always possible to pack the silage thoroughly by tramping and allowing it to settle. In this way the full capacity of the silo may be utilized. The objections to this system are that, where a large quantity of silage is to be put up on a farm, or on several farms, with the one filling outfit, it takes so much time that some of the corn must be put in too green at the beginning, and some more of it too dry at the finish. It is also more expensive than where rapid filling is practiced.

Where rapid filling is practised, say from 80 to 100 tons per day, the cost of filling is reduced to the minimum. A large quantity of corn can be put in the silo in a short time, thus insuring a more uniform quality of silage. The chief objection to this method is, unless provision is made for refilling in about a week or ten days' time, that, after the corn is thoroughly settled in the silo, it will only be about two-thirds full. This may be partially overcome on a farm where two or more silos are built side by side, by filling one for a day then the other for a day, allowing some time for the corn to settle, until the two or more silos are filled. In some instances, where about three days are required for the filling, the work is commenced on Friday and Saturday, allowing the corn to settle over Sunday, and the work is finished on Monday. Where fast-filling is practiced, the only way to utilize the full capacity of the silo is to fill to the top, let it settle for a week or ten days, remove the waste on the top of the silo, then refill. This requires a resetting of the machinery when used by more than one farmer, but it will pay.

Distributing and Packing Corn.—There are several different ways for distributing and packing the corn in the silo. The principal points to be observed are that the light and heavy portions of the corn should be uniformly distributed. That is, the stalks and ears should not be in the center or at one side, and the lighter portions, such as the leaves, at the other side. The corn should be uniformly packed or tramped in all parts of the silo. This is necessary to insure a good quality of silage. The majority of the silo-owners prefer having the surface of the silage saucer-shaped, about two feet higher at the sides than in the centre, for the reason that the centre, where the corn drops and the men usually stand, gets solid and hard, and does not settle afterwards as much as the sides. This is especially true of those silos filled without some form of distributing device. If the sides are constantly kept about two feet higher than the center, and well trod or tramped when the silo is full, the silage is wedged tightly against the sides and the heat of fermentation retained, thus killing the germs of mold. One reason why silage molds more at the sides than in the center is that it is not packed closely enough against the sides to prevent the air from reaching the heated silage, thus furnishing mold-making conditions.

There are several patented distributing devices on the market. The majority of these are very helpful in filling the silo. A very simple and cheap device may be made by sewing together a number of sacks (with the ends cut out), making a tube. This is attached to the end of the blow pipe, and manipulated by a man inside of the silo. In this way the corn can be evenly distributed over the entire surface of the silo. The packing of the corn is an important point. True, in time, it will settle down of its own accord, but more corn can be put in a silo, and much better silage made, when the packing is given careful attention. Tramping on the part of the men is helpful. The best way, however, is to use two good reliable men with cement tampers. The best silage the writer has ever seen was in a silo which had been packed by cement tampers. There was not a particle of waste after a few inches on the top had been removed.

WITNESS HAS DISAPPEARED.

A couple of weeks ago License Inspector McDowell lodged several charges of illicit liquor selling against two Orangeville hotelkeepers. The hearing of the cases has already been twice adjourned, owing to the inability of the prosecution to produce its chief witness, a man named Walter Gastlin. Gastlin, who has been employed in the Cement Works all summer, has left town. It is reported that he went West on one of the harvesters' excursions. The cases are now set for hearing next Saturday afternoon.

ALTON.

On Sunday, August 20th, a very highly esteemed resident of this village passed away in the person of Mrs. Emeline McClellan, widow of the late Andrew McClellan. Death came rather unexpectedly after a short illness. The deceased lady had suffered from heart trouble for some time, but on Sunday morning arose at the usual time and partook of her breakfast. In the afternoon she was taken seriously ill. Medical aid was summoned, but in spite of the efforts of the physician she steadily weakened, and during the night passed away. Her end was calm and peaceful. The late Mrs. McClellan was a daughter of the late Joseph Dods and a sister of J. M. Dods, of the Alton Knitting Mills. She was born in Caledon 59 years ago and lived all her life in the vicinity and her friends were numerous. Her husband predeceased her by 15 years. Mrs. McClellan possessed many virtues and her many kindly acts endeared her to a large circle of friends. She leaves to mourn her death three sons and two daughters, Joseph, of the C. P. R., Orangeville, George on the old homestead, Thos. of Sault Ste. Marie, Mary at home and Mrs. B. A. Madill, of Caledon. Among the many floral tributes were a wreath from the family; gates-ajar, from the brothers; sprays, from the Robertson family, of Toronto, Messrs. Allingsworth, Misses Hodgson and Peacock, Miss Hillis, Misses Gibbs, Miss Shuttle, of Alton, and Mrs. J. Ableson, of Galt. Much sympathy is expressed for the surviving members of the family. The funeral took place to the Alton cemetery on Tuesday, and was largely attended. Rev. Chas. Langford conducted the religious services at the house and grave. The pallbearers were six nephews, Messrs. J. and A. Dodds and R. McClellan, of Alton, G. Dodds, J. and D. Robertson, of Toronto.

ROSEMONT.

Harvest is over for another year, and fall wheat seeding is the order of the day.

Miss Gertie Moore, of Everett, is holidaying at the home of Mr. Geo. Moore.

Quite a number of our young people left for the West this week.

Mr. Wes. Allan is holidaying at his home here.

The Misses Aggie McDowell and Winnie McNabb entertained their Sunday School classes this week.

Rev. J. N. Blodgett and wife are visiting friends in Toronto this week.

Fred. says the time will not be long until wedding bells are ringing about the corners.

W. E. Murphy says reciprocity is the thing for Rosemont, but some of our lady friends say, let us have a shower.

—Do not fail to see "The Perfection" and "Big Fellow" scribblers at the Banner Book Store. They will be leaders this season.

CHARLESTON.

Rev. S. R. Robinson returned home on Friday evening last from an extended trip to the Coast. During his stay in California Mr. Robinson experienced the recent earthquake shock, but looks none the worse for the shake.

Misses Myrtle Rayburn and Mabel Sanderson are visiting friends in the Royal city this week.

Deaconess McCartney is visiting at the home of her brother, William. Miss McCartney met with a rather painful accident a short time ago, but is now fairly well recovered, a fact which her many Caledon friends are glad to learn.

ROSEMONT.

Our farmers are busy getting ground ready for wheat and attending threshings. The turn out this year is slim.

Mr. Wesley Allen, of Toronto, is visiting his mother here.

Mr. and Mrs. James Shaw and Mr. Holland, of Toronto, are visiting Mr. and Mrs. Robert Martin.

Mr. Wilfred Peacock is spending a few days with Airlie friends.

Mrs. A. MacIntyre, of Owen Sound, has returned home after having spent the past five weeks with her sister, Mrs. Joseph Murphy.

Miss Gertie Moore, of Everett, is visiting Miss Annie Moore.

Wedding bells are sounding in our ears. Particulars later.

Mr. Russell and Miss Aggie McDowell spent Sunday with Essa friends.

Anniversary services will be held in Thompson's Church, on Sept. 10th, and St. Luke's Church, on Sept. 24th.

Miss Gertie Peacock is visiting Essa friends.

Among those who went West are Mrs. Jim. Hunter, Mr. Harry Solomon, Mr. Sam Gallaugher, Miss Ella Robinson, Mr. Sim McCracken and Milford Hunter.

$70,000 FOR A HALF MILE RUN.

Three years ago, a Calgary millionaire played a joke on a Chicago girl, which has resulted very fortunately for her. Miss Caroline Cantlon is one of those husky athletic girls from Vassar College. The year she got her degree from College, she summered in Calgary, visiting some other fair Vassarites. The annual fair came off in cow town. On the programme with broncho busting was a half-mile race for girls. Enthusiastic Miss Cantlon entered. So did five other girls.

Then came forward the gallant Calgary millionaire offering to the winner 1,000 shares in the Gipsy Queen mine. Miss Cantlon crossed the tape first. She got the mining paper, which her friends informed her was worthless. They laughed at her. But she kept it, "just because it was pretty," she said.

The other day Gypsy Queen stock advanced to $70 a share, and is soaring. Plucky Miss Cantlon, who had faith, is $70,000 to the good. She says she didn't mind the half mile one bit.—Canadian Courier.

MAD DOG SCARE.

Farmers in Erin Township in State of Alarm.

The west side of Erin Township is in the throes of a mad dog scare, and the dogs in the affected area have been ordered tied up until further notice under a penalty not exceeding $200. The district under quarantine is that portion of the township, west of the centre of concession 5 from the Garafraxa townline to 22 sideroad; and from the centre of concession 4 on 22 sideroad to the lower townline.

The dog which was afflicted with rabies is believed to have come from Luther township, and made its first appearance on the 11th, 12th and 13th concessions of East Garafraxa. A sheep and a pig belonging to Joe Turner were bitten by the dog and later they showed signs of rabies, and had to be destroyed. A sheep owned by William McGowan also had to be shot. A calf belonging to Alex. Carroll, of the 13th concession was also bitten and went mad, bellowing and running its head into the fence at a great rate and had to be destroyed. After leaving Garafraxa the dog came down into Erin and passed more or less through the section mentioned and into Eramosa along the townline. The dog was killed at Knatchbull, township of Nassagaweya, and its head was sent to Ottawa by Dr. Garbert, of Campbellville, for examination. Evidence of rabies was found and Mr. Stark, of the Deparement of Agriculture, Ottawa, has just visited the townships interested. He found that the dog had run about 30 miles in two days, had bitten twelve pigs, sheep in different flocks, six dogs, and some cattle. Mr. Stark destroyed the bitten dogs and by his advice the authorities of the townships are having all dogs tied up. One man was bitten, Mr. Edward Pearen, lot 6, con. 7, Eramosa, who has gone to Toronto for treatment. The dog also nipped Mr. Pearen's father-in-law, Mr. John Leslie, but as his skin was not broken nor blood drawn, treatment is not necessary in his case. A pig belonging to Chas. McNabb, lot 5, con. 6, Eramosa, was bitten and had to be killed. It is not certain that any animals were bitten in Nassagaweya, but the situation is being taken in hand by the local authorities.—Hillsburg Beaver

CAMILLA.

The monthly meeting of the Camilla branch of the Women's Institute will be held at the home of Mrs. McKim on Sept. 13th (Second Wednesday) at 2.30 p.m. "Grandmother's Day." Leaders, Mrs. Kyles and Mrs. Curtis. Interesting papers on "Pickling and Preserving" will be discussed.

THE CURSE OF THE NATION IS CONSTIPATION

"Fruit-a-tives" Alone Cures This Disease

A famous scientist states that Constipation, or non-action of the bowels, causes more deaths than all other diseases combined. Constipation inflames the Kidneys, ruins digestion, is the foundation of Rheumatism, poisons the blood, causes Headaches, Neuralgia, Nervousness and Insomnia.

Constipation is caused by a weak or sluggish liver. Bile, the only purgative of the body, is secreted by the liver, which in turn should pour out into the intestines sufficient bile to move the bowels. Unless the liver is active, there cannot be enough bile to move the bowels regularly, and Constipation is the result.

"Fruit-a-tives", the famous fruit medicine, will always cure Constipation because it acts directly on the liver—relieves the congestion—increases the quantity of bile—and strengthens the bowel muscles.

50c. a box, 6 for $2.50, or trial box, 25c. At all dealers, or from Fruit-a-tives Limited, Ottawa.

MONO COUNCIL.

A special meeting was held to-day for the purpose of authorizing and empowering the Reeve and Treasurer to borrow money by way of overdraft. Members all present, Reeve in chair.

McCague, 100 rods, lot 18, 4th line, $30.00; John Brett, 40 rods, lot 30, Centre Road, $12.00; N. Kinsley, 120 rods, lot 22, P. W. Road, $36.00; Geo. Kinsleu, 120 rods, lot 22, back line, $36.00; A. Curtis, for 30 rods, lot 19, P. W. road, $9; Jas. Curtis for 64 rods, lot 18, P. W. road, $19.20; B. Summerfield, for 132 rods, lot 25, side road, con. 1, $39.60; Joe. Mathews, for 70 rods, lot 1, west townline, $21.00; J. Maguire, for 250 rods, lot 20, 5th line, $75.00; T. Penelton, for 84, 6th line, $25.20.—Carried.

Moffitt-Henry—That following accounts be paid :—Wm. Jackson, part payment on bridge and road, $5; Wm. Jackson, balance on bridge and road, $128.85; J. W. Dermott, 7 stringers for bridge, $10.00; G. S. Jackson, covering for bridge, lot 1, 7th line, $38.15; H. Christian, covering for bridge, 10 sideline, con. 2, $38.30; Frank Island, auditor, $6; Geo. Crozier, auditor, $6; H. McKim, statute labor, Bell Telephone Co. and G. N. W. Telegraph Co., returned undone, $7; R. F. West, survey, plans and etc. lot 32, con. 4, $5.75; E. Avison, statute labor, returned undone, $8.—Carried.

Moffitt-Henry—That in regard to the township's account in the Bank of Hamilton, the Clerk notify the Manager, unless said Bank advance money by way of overdraft as per By-law No. 350 of the Township of Mono, the account will be placed in another Bank.—Carried.

Moffitt-Little—That a By-law be introduced for levying and raising the taxes to meet the liabilities of the township for the current year, and that said by-law be read the usual number of times and passed, signed and sealed by the Reeve and Clerk and engrossed by the Clerk in the By-law Book.—Carried.

By-law read a third time and passed.

Henry-Moffitt—That the Clerk notify Robert Gray to remove his fence from the road allowance, lot 18, 3rd line, before the 1st day of September, 1911, and that if said fence is not removed at 1st of September, the Council will have it removed at his expence.—Carried.

Moffitt-Parks—That Council adjourn to Friday, September 22nd, 1911, at 10 o'clock, a.m.

G. H. Harshaw, Clerk. H. T. Anderson, Reeve

RELEASED THE AUTO.

During the spring an automobile belonging to Mr. I. A. Kirkland, of Detroit, was seized in Owen Sound by the customs department. It was said that Kirkland had brought the car here and attempted to sell it, after paying no duty on it. The regulations provide that a car can be brought across if it returns in six months. The auto was seized when Mr. Kirkland had been here but a few weeks. Since then he has been busy trying to have it released and last week the car was returned to him, and he has returned to Detroit.—O. S. Times.

CALEDON COUNCIL.

Council Chamber, August 15th, 1911

Council met, Reeve presiding, members all present, excepting Mr. Cameron. Minutes of previous meeting were read and adopted.

A communication from J. L. Island, Solicitor for Wm. Duke, stating that his client claimed $30.00 for work done opposite lot 18, on the 3rd line, east, was received and read.

The Clerk was instructed to say in reply that the Council considered the matter settled.

The following wire fence petitions were received, viz.,—W. A. Dowling, 44 rods; R. J. Speers, 30 rods; Alex. Speers, 66 rods; R. A. Stubbs, 135 rods; Wm. Dunn, 50 rods; John Weeks, 50 rods; Thomas Rodrick, 60 rods; James Presley, 62 rods.

Pursuant to notice Mr. Quinn moved, seconded by Mr. Armstrong, for leave to introduce a bill levying township, county and school rates for the year 1911, also for paying bonus on wire fences. Leave granted.

The bills were read a first and second time, and on motion referred to a Committee of the Whole. Mr. Quinn in the chair.

Committee rose and reported the bills with blanks filled, when they were read a third time and passed. Township rate, one and three-tenth mills; County rate, three and four-tenth mills; general school rate, three and three-tenth mills; wire fence rate, one mill.

The following accounts were examined and passed, and the Reeve's order issued for their payment, viz.,—

Henry Davis, labor at lots 2 to 5, con. 4, east	$35 00
W. Montgomery, for gravel supplied	3 00
Jas. Hillyard, for gravel supplied	3 85
Wm. Hawkins, for gravel supplied	8 10
Wm. Emack, filling washout, lot 11, con. 1, west	3 00
E. J. McBride, for gravel supplied	7 70
W. A. Dowling, for work and nails	1 00
McGuire & McKitrick, on printing account	69 15
John McCormick, gravel and timber	5 60
Alex. Graham, repairs on 5 sideroad	20 00
D. Campbell, repairing washout on 5th line	2 00
Wm. Baxter, repairs on 5 sideroad, con. 5, east	10 00
John Wellwood, half cost of gravel and road	4 14
R. McMahon, work at Cataract	2 00
John Wellwood, rent of winter road	4 00
E. Black, repairing washout on 10 sideroad	3 25
John Hopton, repairing bridge on Guelph Road	1 00
James Dale, for culvert on town line	10 00
James Dale, for 30 yards of gravel	3 00
D. Black, half cost of gravel on west town line	2 30
John H. Watson, half cost of ingot iron culvert, south town line	20 40
W. Toase, for gravel supplied	18 00
J. Pearson, for gravel and filling	5 80
W. J. Line, for gravel supplied	8 55
S. L. Island, covering bridge, lot 25, con. 1, east	1 50
P. T. McDevitt, repairing bridge on 2nd line, east	17 00
P. McEnaney, repairing washout, 5 sideroad, con. 3, east	2 00
J. A. McBride, to pay for taking indigent to House of Refuge	4 00
J. Limebeer, repairing bridge, 20 sideroad	2 00
John Weeks, bonus on 50 rods of wire fence	12 50
Alex. Speers, bonus on 66 rods of wire fence	16 50
R. J. Speers, bonus on 30 rods of wire fence	7 50
W. A. Dowling, bonus on 44 rods of wire fence	11 00
R. A. Stubbs, bonus on 135 rods of wire fence	33 95
Jas. Presley, bonus on 62 rods of wire fence	15 50
Thos. Rodrick, bonus on 60 rods of wire fence	15 00
James Lindsay, bonus on 60 rods of wire fence	15 00

Moved by Mr. Giles, seconded by Mr. Armstrong, that when this Council adjourns to-day, it stands adjourned until Tuesday, Sept. 19th, next.—Carried.

On motion Council adjourned.

J. L. MEEK, Clerk. J. A. McBRIDE, Reeve.

CANADA'S PULPWOOD.

Figures as to the Production for 1909

There were 622,129 cords of pulpwood used in Canada during 1909. Of this the total value at the mill was $3,464,080. In spite of a decline in the price of pulpwood the value of the wood consumed increased more than $530,000 over that used in 1908, the quantity used in 1909 being nearly thirty per cent. in advance of that used the previous year.

There are some sixty pulp mills in the Dominion, and of these reports were received from fifty. Half of these mills are in Quebec, one fifth in Ontario, and the rest are located in New Brunswick, Nova Scotia and British Columbia.

The province of Quebec furnished over half the pulpwood, Ontario gave about one-third, while the remainder was distributed over New Brunswick, Nova Scotia and British Columbia.

Two species of timber, namely, spruce and balsam, furnished ninety nine per cent. of the wood used in the making of pulp, and balsam twelve per cent. Poplar, hemlock and jack pine were also used.

Three-fifths of the pulpwood cut in Canada during 1909 was exported to the United States for manufacture. Nearly all this wood went from Quebec. The average price received for it was only forty-five cents per cord more than was paid at the Quebec mills.

The pulpwood shipped from Canada in 1909 furnished 46 4-10 per cent. of the raw material used by the ninety pulp mills of the state of New York, and an appreciable portion of that used by the paper mills of New England and Pennsylvania. The manufacture of the pulpwood exported in 1909 kept sixty-nine out of the two hundred and fifty-one pulp mills of the United States running at full capacity for the year. Had it been manufactured in Quebec, it would have kept running seventy-one mills of the same capacity as those now running in Quebec.

WHY HESITATE ?

An Offer that Involves No Risk For Those Who Accept It.

We are so positive our remedy will completely relieve constipation, no matter how chronic it may be, that we offer to furnish it free of all cost if it fails.

Constipation is caused by weakness of the nerves and muscles of the large intestines or descending colon. To expect a cure you must therefore tone up and strengthen those organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our guarantee. They are eaten like candy, and are particularly ideal for children. They act directly on the nerves and muscles of the bowels. They have a neutral action on the other organs or glands. They do not purge or cause any inconvenience whatever. They will positively overcome chronic or habitual constipation and the myriads of associate or dependent chronic ailments. Try Rexall Orderlies at our risk. Two sizes, 10c. and 25c. Sold only at our store—The Rexall Store. T. F. & T. J. Brown, Orangeville.

Miss Mary E. Carlton, a well-known teacher in the Creemore public school, died a few days ago.

J. W. Bethune, of Stayner, has been appointed Returning Officer for North Simcoe.

FIVE IN AUTO WRECK.

An automobile party of five Brampton men had a terrible experience on Sunday night about eight o'clock on the hill, two concessions west of Palermo, Halton County.

It is remarkable that not one of the five was killed, so dangerous was their experience.

On Sunday evening about five, Messrs. E. W. Downs, J. Bell, Fred Peaker, E. T. Choate and the latter's son, Roy, left Brampton in Mr. Down's car with the intention of motoring to Hamilton where they purposed spending the Civic holiday in that district.

All went well with the party until they struck this hill near Palermo. It was quite dark. Mr. Downs, who was at the wheel, had never been over it before. The hill is of seemingly interminable length as the road snakes down it. The car had been going at a safe speed and had reached the turn for the last descent to the straight road when the accident occurred.

The accident happened this way, we are told. When Mr. Downs reached the second last descent he thought he had a straight road ahead of him, and released the brake. The car shot forward and then he discovered another turn, he made it but the speed of the car caused it to skid on the corner and the outer cover of a rear tire came off, there was heard the bursting of the inner tire and then came a crash as the car hurled itself over an embankment and down the grade, throwing its passengers in all directions.

One by one the injured men got together in the lights of the car which still burned. Mr. Bell was the last found and he was over sixty feet from where the car went over the hill.

Each of the men was relieved to find none of the others had been killed.

A boy happened along, and he was despatched for the doctor at Parermo, who came along in an auto and took away Fred Peaker, apparently the most seriously hurt.

Not very far from the scene of the accident Mr. Downs has an uncle living, and he was communicated with, and the party passed the night at his place.

The party reached Brampton on Monday night and with the exception of Roy Choate, all are confined to their homes. His knee was slightly hurt. Mr. Downs has fractured ribs and a badly torn and bruised leg. Mr. Choate has several ribs broken. Jack Bell has broken ribs. Fred. Peaker has broken ribs, broken bone in arm, broken nose and dangerous cut in cheek close to an eye and yet he may be around before some of the others. It is expected all will be well in time, although they are suffering much pain during the past day or two.

The car is a bad wreck as far as the top is concerned, but the chassis and engine were intact as well as three wheels. It is now at the farm of Mr. Down's uncle.

"We think a lot of that man. He has done much for our town."

"Did he give you a library or a hospital?"

"Nothing like that. He endowed our baseball team with a first-class pitcher."—Washington Herald.

Rev. Father Morriscy

Rub It In

And The Pain Comes Out

Pains and aches will come to every household, and the prudent mother keeps a bottle of Father Morriscy's Liniment on hand to meet them.

Whether it's cuts or bruises, burns or frost-bites, chapped hands or chilblains, sprains or sore muscles, back ache, toothache, ear ache, rheumatism, sore throat or pain in the chest,

Father Morriscy's Liniment

gives prompt relief.

It "rubs in" quickly and thoroughly, going right to the seat of the pain. Scarcely a trace of it stays on the skin. That is one reason why it is so effective.

With a bottle of Father Morriscy's Liniment in the house you can save yourself and your family hours and hours of needless pain.

"There's ease in every drop."

MEN-YOU NEED NERVE

Wonderful Nervous System

EARLY INDISCRETIONS AND EXCESSES HAVE UNDERMINED YOUR SYSTEM

The nerves control all actions of the body so that anything that debilitates them will weaken all organs of the system. Early Indiscretions and Excesses have ruined thousands of promising young men. Unnatural Drains sap their vigor and vitality and they never develop to a proper condition of manhood. They remain weaklings, mentally, physically and sexually. How you feel? Are you nervous and weak, despondent and gloomy, specks before the eyes with dark circles under them, weak back, kidneys irritable, palpitation of the heart, bashful, debilitating dreams, sediment in urine, pimples on the face, eyes sunken, hollow cheeks, careworn expression, poor memory, lifeless, distrustful, lack energy and strength, tired mornings, restless nights, changeable moods, premature decay, bone pains, hair loose, etc.

This is the condition our New Method Treatment is GUARANTEED TO CURE

We have treated Diseases of Men for almost a lifetime and do not have to experiment. Consult us FREE OF CHARGE and we will tell you whether you are curable or not.

We guarantee curable cases of NERVOUS DEBILITY, VARICOSE VEINS, BLOOD AND SKIN DISEASES, GLEET, BLADDER URINARY AND KIDNEY COMPLAINTS

Free Booklet on Diseases of Men. If unable to call write for QUESTION LIST FOR HOME TREATMENT

COMPLICATED POLITICS IN QUEBEC PROVINCE.

The Simple Days of Rouge and Bleu No Longer Exist—Crossed Planks in Many Platforms—Montreal Plans Warm Welcome for Togo—Fire Insurance Rates to be Lowered—New Record for Ocean Travel.

(From Our Own Correspondent.)

Montreal, August 21st, 1911. —The days when a voter in the Province of Quebec could signify his party politics by the use of one of two words have slipped far far back on the calendar, and the present campaign has opened here with the customary "rouge" or "bleu" explanation of the habitant's political inclinations meaning naught.

Instead, when a man in the back parishes wants to tell you his sentiments it takes him a long time. Never have the farm dwellers been so well posted on the questions of the hour as they are at the opening of this campaign. Last election and the election before a man said he was rouge or bleu and let it go at that. Ask him why and he invariably replied with a shrug: "Sais pas" or "jes' because," or else "my father—he rouge too."

Ask a back country Frenchman today what his politics are and he'll sit down and argue with you for half a day. He's educated and educated up to the minute. Onel is for Laurier but against the navy, another for Laurier but against reciprocity. He'll tell you why and all about it. Some deversified forecasts have been made as to how the results will tally up in solid Quebec. How near sight any of them may be is, of course, the question. One thing is certain. Never, taking it all in all, will a less ignorant vote have been cast.

Admiral Togo, the distinguished Japanese, will be the guest of the city of Montreal Monday, August 21. His Excellency will arrive from Buffalo on Monday morning, and will be escorted to the Sailors' Institute, where the Canadian Club will tender him a luncheon, which promises to be unusually magnificent. Monday evening, the distinguished foreigner will entrain for Vancouver with his suite. He will be accompanied to Montreal by Commander Tanibuchi, and their secretaries and aides.

The Imperial Consul-General of Japan, will come down from Ottawa to meet the Admiral and the Consul Hon Nakamura, will speak at the luncheon. Court Togo, however, will not make a speech as his knowledge of English, though fair, makes him hesitate to speak in public.

Five years ago, the Fire Underwriters suddenly and very materially increased their rates on Montreal risks. It was contended that the heavy losses from fire which were occurring at that time were largely chargeable to the inadequacy of the city's fire-fighting equipment and the inefficiency of those who were in charge of it. There was, naturally, much complaining, but, on the whole, the city accepted the situatian at the Underwriters' estimate and the City Council began to discuss ways and means for remedying it.

Until the advent of the Board of Control, but little practical improvement was made in conditions, although the tide of general discussion continued to occasionally disturb the quiet of the City Hall. In the last nineteen months, however, two and a half million dollars has been spent on new water conduits, more fire apparatus and generally increasing the efficiency of the fire-fighting forces.

But, so far, the insurance rate has remained the same. The city is preparing a long report on the matter and the Fire Underwriters will be called upon to lower their rates.

A new record for ocean travel, or for that matter for travel of any kind, so far as human beings are concerned, has just been made here by the purser of one of the translantic liners plying regularly between this port and Europe, who has just completed his thousandth trip across the Atlantic. These thousand trips represents about 3,500,000 miles of travel far surpassing anyotherachievement of the sort of which any record can be found. The thousand trips are equal to 140 trips around the earth or fifteen to the moon. Of course not all these trips were made on the same vessel, nor was their accomplishment a quick one, since the purser in question has been travelling the Atlantic since 1864 or for nearly half a century. His first trip was of a nature to discourage any but the most enthusiastic lover of the sea, since it was made on a steamship which took fire on its way to this country and was only saved after all hope had been abandoned. Altogether it is likely that it will be long before this 3,500,000 mile record will be beaten, even with the greatly increased speed of the present-day liners.

Wilfred Hamilton, who has been in the employ of A. V. Galbraith, jeweller, Shelburne, for some time, has gone to his home in Grand Valley, where he will open a jewellery store in the near future.

INSPECTING WHEAT CROP.

Black Rust Will Reduce Yield in Southern Manitoba.

Mr. S. T. Newton Writes The Banner an Interesting Letter.

Mr. S. T. Newton, formerly of Violet Hill, who has been engaged for some weeks inspecting wheat fields in Southern Manitoba and preparing crop condition reports for the Winnipeg Free Press, has forwarded The Banner the following interesting letter:—

La Riviere, Man., Aug. 16, 1911.
Editor of The Banner.

Having spent over a week driving through the wheat fields of Southern Manitoba, I thought that possibly your readers would be interested in conditions here. Naturally from Winnipeg to the western boundary of the prairies the all absorbing topic is grain and the effect of black rust. On August 15th, less than two per cent. of wheat in the entire west was cut, and it will be Sept. 1st before half will be cut. Even around here, the earliest section in the country, it will be August 20th before cutting is general. Black rust is being discussed by everyone, and very few know whether it is black rust or just the ordinary red rust. However it differs very materially from the variety which used to be produced at Violet Hill and Mono Centre, or even at Camilla or Rosemout, where one would expect to find perfection in everything, even in rust. Here the rust attacks wheat only. In the early stages the wheat plant presents a light and dark green mottled appearance, later changing first to bright red spots and later to black. It does not rub off freely as red rust does, but is firmly imbedded between the tissues of the plant. Wheat very severely attacked seems to remain without ripening. Contrary to expectations it is most prevalent on the thin short crops, which were affected by dry weather earlier in the season, while the long heavy crops are comparatively free, although it is found in every field, but came too late to seriously impair the yield in Southern Manitoba. It will reduce the yield possibly two bushels per acre and on ten per cent. of the fields will reduce No. 1 northern to No. 2 or even 3 northern. The average yield for the entire section for twenty miles north, all along the Dakota boundary, will be for wheat twenty bushels, oats 45 bushels and barley 35 bushels per acre. There are many fields of wheat that will go 30, but poorer fields and rusted crops lower the average considerably. About three fifths of the entire crop is wheat, one-fourth oats, and the balance barley. This district is strongly Conservative but many Conservatives are in favor of reciprocity, and if they are not rubbed too hard on other issues will probably vote for reciprocity, but the sitting member, W. H. Sharp (Con.) seems to have a pretty fair grip on the situation.

While at Pilot Mound I examined wheat in the fields of several old Dufferin farmers, and you will, I am sure, be pleased to know that no cleaner farms are to be found anywhere, and that their crops will average well over 20 bushels per acre for wheat. These farms included half sections owned by Wesley Grice, J. Laird, D. Ferguson, Wm. Roney and Geo. Brewster. We were fortunate in securing Wm. Reid, of the Pilot Mound Livery, a former Alton boy, as our director in this district.

The Free Press has 24 crop inspectors, who at a cost of over $300 a day to the paper for a period of two weeks, examine over 500 fields per day on every railway line in the three prairie provinces and telegraph each evening the results of their inspect ons.

SHE GAINED 36 LBS.

Mrs. George Bradshaw, Harlowe, Ont., writes: "I was troubled for many years with weak, watery blood and dropsy. I had nervous headaches, dizziness and sinking spells, and was, in fact, a semi-invalid. Doctors told me my heart and kidneys were diseased and gave me up. By using 10 boxes of Dr. Chase's Nerve Food I have been cured of many of my old complaints and gained 36 pounds in weight."

MAD DOG IN GARAFRAXA.

About two weeks ago a black dog scoured around a part of Garafraxa in a most suspicious manner, snapping and bitting at stock and other things, and though several people noticed it, none took sufficient interest to have the dog destroyed. It was shot near Erin, and the head sent to Toronto for examination, when the authorities pronounced it the worst case of rabies that has ever come before them. What danger may result from the dog's actions is not yet known, but a calf of Alex. Carroll's was destroyed on Tuesday because it was clean crazy, and also some pigs or sheep of Joseph Turner's. The utmost caution should be exercised by farmers to prevent any affected animals doing more damage.—Star & Vidette.

HAIR BEAUTIFIER.

Refined Women the World Over Use It

Every woman knows that there is nothing so good for hair and scalp trouble as Parisian Sage. If Parisian Sage is used two or three times a week it will keep the scalp nice and clean and remove dandruff. It makes the hair lustrous and fluffy, and keeps it from falling out.

We urge every woman who loves radiant and fascinating hair to go to T. Stevenson to-day and get a large 50 cent bottle of Parisian Sage. He guarantees it to cure dandruff, falling hair and itching scalp or money back.

Mr. W. J. Byrne, of Hillsburg, is visiting friends in Vancouver and other points.

Drowned Fish.

They have a curious way of catching fish in some parts of Japan. Herbert E. Ponting in his book on "Lotus Land Japan" describes some traps which he found in one of the rivers of Fuji. "They were set in artificially dammed up narrows and consisted of long, conical bamboo baskets tied to poles. The fish bound downstream rush headlong into these traps and, being unable to return or even turn around, are speedily drowned. Curious as this may seem, it is yet but a matter of a few minutes to drown a fish held head downward to a swift current."

A Carnival of Dwarfs.

Czar Peter of Russia celebrated a marriage of dwarfs with great parade in 1710. Dwarfs of both sexes within 200 miles were commanded to repair to the capital. He supplied carriages for them and so arranged the affair that one horse should be seen galloping into St. Petersburg with twelve or more of these small folk. The entire company of dwarfs who took part in the festivities numbered seventy, and all the furniture and other things prepared for them were on a miniature scale.

A Long-Lived Pike.

In 1497 an enormous pike was caught in a lake near Haillerum, in Suabia, with a brass ring attached to it, engraved on which was a statement that the fish was put in the lake in the year 1230, thus indicating that it must have lived at least 267 years.

Good Reason.

Mrs. Youngwedd (boastingly) — I may not be much of a cook, but my husband has never yet twitted me about the better cake and pies his mother used to make.

Mrs. Keene—No, dear; his father used to run a bakery.

Common Plumes.

Milliner—I am sailing for Paris next week for French plumes and trimmings. Could I purchase anything for you?

Mrs. Recent Rich—Why, yes; you may bring me half a dozen of those nom de plumes I often hear spoken of.

A Bad Beginning.

"I have known better days, lady," began Faded James.

"Yes, it's a wretcher morning," replied the farmer's wife, "but I've got no time to discuss the weather with you, bad as it is." And she shut the door and left him.

Difficult to Please Him.

Husband—You never kiss me except when you want money.

Wife—Well, isn't that often enough?

Are Your Kidneys Working Properly?

It Will Pay You Well to Make Sure

There's been a lot of "guessing" about rheumatism and rheumatic pains generally, but you can be dead sure that little pain across your back came from decreased kidney action.

The kidney's duty is to filter the blood—take out the impurities collected by the returning blood stream—do it just like absorbent cotton in a funnel filters the impurities from polluted water.

When the kidneys are not working you are bound for one of two courses—Diabetes and Bright's Disease or Rheumatism, Lumbago and Sciatica. The former course is usually fatal, and the latter always painful, but you need not have either, as they both can be easily prevented.

The very best prescription for all kidney troubles is Nyal's Stone Root Compound. It is no "patent" medicine, but a scientific prescription composed of Stoneroot, Buchu, Juniper and other remedies of proved value. More than that, it has been proved by thousands who have had glad relief from its use.

There's nothing quite so miserable as the dragging results of sick kidneys. You are trifling with your own future when you neglect so simple a precaution, as a pleasant home treatment with Nyal's Stone Root Compound when results are so certain.

It soothes bladder irritation, gives you rest and comfort at night, and makes life once more enjoyable.

The kidneys, liver and bladder are all dependent upon one another, and Nyal's Stone Root Compound is particularly designed to help them all.

Nyal's FAMILY REMEDIES

Sold and guaranteed by Dr. A. J. Hunter & Co., A. T. Howard, Orangeville.

EYE ERROR

Not a question of age

No part of the body is so delicate, so easily injured and so generally abused as the eye. The need of glasses is not a question of age. Lots of children have to wear them and there are many more who should. Bad marks at school can often be traced to poor eye sight and very often the eyes should have the constant aid of glasses.

We have facilities here for testing your eyes and finding out exactly what they need. We sell only such glasses as we can thoroughly recommend. All work is guaranteed.

OPERATION HER ONLY CHANCE

Was Cured by Lydia E. Pinkham's Vegetable Compound

Lindsay, Ont.—"I think it is no more than right for me to thank Mrs. Pinkham for what her kind advice and Lydia E. Pinkham's Vegetable Compound has done for me. When I wrote to her some time ago I was a very sick woman, suffering from female troubles. I had inflammation of the female organs, and could not stand or walk any distance. At last I was confined to my bed, and the doctor said I would have to go through an operation, but this I refused to do. A friend advised Lydia E. Pinkham's Vegetable Compound, and now, after using three bottles of it, I feel like a new woman. I most heartily recommend this medicine to all women who suffer with female troubles. I have also taken Lydia E. Pinkham's Liver Pills and think they are fine."—Mrs. Frank Emsley, Lindsay, Ontario.

We cannot understand why women will take chances with an operation or drag out a sickly half-hearted existence, missing three-fourths of the joy of living, without first trying Lydia E. Pinkham's Vegetable Compound.

For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration.

ARCHIVES OF ONTARIO
TORONTO

Orangeville, August 24th, 1911.

To the Electors of the County of Dufferin.

GENTLEMEN,—

I take the liberty of informing you that I am a candidate to contest the coming election in this County against Mr. John Best. The election will be held on the twenty-first day of September next and I respectfully solicit your votes and influence in behalf of myself and Reciprocity.

I have been a resident of this County for over thirty-five years and during that time and the earlier years of my life have always been closely connected with the agricultural interests of the country in general and the County of Dufferin in particular. Any success that I have attained in my business career is to a great extent due to the prosperity of the farmers and their future prosperity is of course in my best interest. You are aware that in the past manufacturers have been bolstered up and made rich at your expense and now that there is in sight legislation for the benefit of the farmer let us be united on this question and obtain all we can for your advantage.

It will be impossible for me to personnally interview each elector in the county before the election day, but if there is any information you want in regard to RECIPROCITY, or any other question pertaining to your welfare, write me freely. Or if you can make it convenient come and see me and I will be pleased to clearly and honesuly explain questions of interest to you. Thanking you in anticipation of your support in this fight for the farmers' benefit I have the honor to be

Your obedient servant,

D. B. BROWN.

Markets The Real Issue.

After all, the issue in this election is larger markets for Canadian natural products. Enemies of reciprocity who have an axe to grind are trying by every means to befog the real subject. Racial appeals are made to the British-born, whereas Great Britain's greatness is the result of her stupendous trade with the entire world. Canadians are urged to regard the United States as their natural enemy, at least in commerce, when as a matter of fact our present trade with that country is over a million and a quarter dollars for every working day in the year.

While this is going on, largely for the benefit of manufacturers and city people, and millionaires prosper from its profits, the farmers are warned that they will be disloyal if they secure entrance to the great United States market for their products.

The farmers will insist on larger markets when they fully understand what it means. Here are some figures showing comparisons of prices of farm products in leading contiguous cities on both sides of the line during the past five and a half years, as shown by a report recently published by the Department of Labor, Ottawa :—

Commodity.	Market	1911 6 mos.	1906-11 average	U.S. duty Present	U.S. Duty under Reciprocity

Straw, rye, oat and wheat	Toronto	6.63	7.25	1.50	Free
Straw, rye	Buffalo	8.00	9.43	1.50	Free

Farmers who have done well in existing markets know that no business can progress which uses the motto: "Let well enough alone." That is not good enough for a Canadian manufacturer, and it is not enough for the Canadian farmer.

CROPS SUFFERED FROM DRY WEATHER.

Yield of Grain in Ontario Below the Average.

Light Potato Crop, but Fruit Promises Fair Yield.

The following statement regarding the condition of crops in the Province, based upon returns of correspondents under date of August 5, has been issued by the Ontario Department of Agriculture :—

Fall Wheat—According to the May bulletin, this crop suffered more or less from winter-killing in many counties, and a considerable area of fall wheat land had to be plowed up or was resown with spring grains. Returns just to hand show a wide variation both in yield and quality reported, ranging from poor to good; but the average yield per acre will be decidedly less than usual. The excessive heat and drought that prevailed at times in May and June caused the crop to be shorter in stand than usual, and some of the grain is described as having been shrunken by premature ripening. On the other hand, some correspondents speak of the kernel as being plump and a good sample, and claim that fall wheat is the best grain crop of the year. The straw, while short, is generally clean and bright. Smut was reported by only a few correspondents, but occasional mention was made of the presence of the Hessian fly in every county west of York and Simcoe, inclusive, except Grey, Bruce, Huron and Essex. Harvesting was earlier than usual, ranging from July 3 to July 22, and the weather conditions then were, on the whole, very favorable.

Spring Wheat—This crop, like all the grains, suffered from the drought and unusual heat of the season. Although short in straw, the heads have filled in well, and the grain is said to be of good quality generally. While some spring wheat was harvested in the last week of July, much of the crop remained to be cut when correspondents reported. There is less spring wheat grown in Ontario than formerly.

Barley—This crop will also be below the average in yield. The straw is described as being short but clean. While the grain will be rather lighter in weight than usual owing to the great heat and drought. No complaints of discoloration have been received. Cutting ranged from July 10 to July 28.

Oats—Oats have fared the worst of the grain crops, although some good yields are reported. Owing to the drought and excessive heat during growth the straw is very short, although standing up nicely, but the heads are not well filled, nor is the bulk of the grain as plump as usual. In several sections of the Province a heavy windstorm thrashed out some of the ripening oats. Complaints of rust have come from different districts. While some are through harvesting oats, others have not yet begun cutting.

Rye.—Where grown for grain this crop has been of fair yield and quality, although short in straw.

Peas.—The unusualy high temperature prevailing at different periods of the growing season told severely upon peas, reports of the blossoms drying up, owing to the heat and drought. Some correspondents say a portion of the crop had to be cut for green feed, owing to poor podding, although some good yields have also been reported. Only odd mention was made of the presence of the weevil. While some of the crop is yet green and growing, a considerable portion has been harvested.

Hay and Clover—Clover did not winter well, and in many quarters the excessive heat and drought of May and June added to that drawback. However, while in the western half of the Province the hay crop will average low, good yields are reported in many of the counties in the eastern portion. The crop was well saved, generally speaking, and where not delayed too long in cutting is of first-class quality. Red clover did not do so well as timothy. The crop has been remarkably free from insect pests this season. Cutting extended from the 20th of June to the end of July.

Corn.—Late planting, owing to drought of May, was the greatest drawback to the corn crop. Once the young plants got a start the heat that was so trying to the cereal crops by unduly hastening ripening, rather suited the growth, except in a few instances, where the drought was almost too much even for corn. Recent rains will bring the crop forward with a leap and a good yield is anticipated. Corn is steadily growing in favor as a fodder crop.

Potatoes—A light yield of small potatoes will be the general rule, as the season has been too dry and hot for best results. Early planted suffered most, and some correspondents claim that timely rains may yet redeem those later grown. The Colorado beetle has been more complained of than for years. Blight was reported in two or three places in some of the eastern counties, but no mention has been made of rot.

Roots—All classes of roots experienced a poor start, on account of the drought delaying or preventing the seed from germinating. Early-sown turnips look better than those put in later, but the crop generally is reported to be doing poorly. Mangolds are more promising, and with favorable growing weather may yet make a good show. Sugar beets are described as looking thrifty.

Fruit.—Some correspondents claim that the unusually hot weather at the time of blossoming affected the setting of fruit. Apples will be light in total yield, as in addition to poor setting a considerable portion of this and other fruits was blown off the trees by high winds late in July. Winter apples will be scarce in nearly every locality, but in most quarters there is a fair supply of Duchess and other varieties. Other classes of apples are much freer from spot or scab than usual. Pears, while greatly thinned by the wind storms, are yielding better relatively than apples. Plums range all the way from poor to heavy in yield, and have done best where sprayed. There will be medium yield of peaches; the later varieties give the best promise. Cherries, as a rule, did well, although some complain of poor returns. Grapes, so far have every prospect of success. Small fruits promised well early in the season, but failed to fulfil expectations owing to the intense heat prevailing just before ripening period.

DAWN IN THE FOREST.

Edith Willis Linn.

Like a grey nun across the eastern hills
The dawn creeps slowly, in her hand a star.
The forest stirs to greet her, faint and far
Pulses the music that the vastness fills.
In cloistered columns stands the pine that shrills
Beneath her breath, while like some gate ajar,
That shadows and the silences unbar
The night swings backward as the new day wills.
Above the murmur of dim forest ways
Rises a paean—music's very own—
Clear as the pealing of a convent bell;
So sad, so sweet—like love lost or outgrown;—
The forest-loving songsters' matin praise,
In silvery tones repeating, 'All is well.'

Eczema is Caused By Impure Blood

Cured by Dr. Williams' Pink Pills Because They Make Pure Blood.

Ask any doctor and he will tell you that eczema is caused by impurities in the blood; that nothing can cure it that does not reach the blood—that salves and outward applications are worthless and a waste of money. The reason why Dr. Williams' Pink Pills have always been so successful in curing this most annoying trouble is because they act directly on the blood, reaching the root of the trouble and driving out all impurities. They banish eczema, salt rheum, and unsightly pimples and eruptions, relieve the irritation and itching and give perfect health. Mrs. A. Puling, of Milestone, Sask., says: "I was afflicted with a blood and skin disease which the doctor called eczema, but which did not yield in the least to his treatment. I was covered with sores and in very bad shape. A friend advised me to take Dr. Williams' Pink Pills and after using eight or nine boxes I was completely cured. I can strongly recommend the Pills to anyone suffering from that trouble."

A medicine that can make new, red blood will cure not only skin troubles, but also anaemia, rheumatism, neuralgia, indigestion and a host of other troubles simply because these troubles are the result of bad blood. Dr. Williams' Pink Pills make new blood and under their use blood and nerve troubles disappear. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

GOING TO BLIND RIVER.

A special meeting of the Presbytery of Paris was held in Knox Church, Woodstock, recently to deal with the call to Rev. J. A. McCornell, Norwich and Brookton, to Blind River, in the Presbytery of Algoma. Representatives of the congregations at Norwich and Brookton were present and spoke in complimentary terms of the work done by Mr. McConnell and expressed the desire to have his services retained. Mr. McConnell stated the difficulties of severing the pastoral tie and going to a new field of labor, and while he regretted parting with his people at Norwich and Brookton, yet the heaviness of the work there in preaching three times each Sunday, and his condition of health impelled him to obey the call to Blind River, where he would have no long drives and the congregation was confined entirely to the town. The translation will take place the beginning of September.

Rev. Mr. McConnell was formerly pastor of Waldemar and The Maples Presbyterian Churches.

A CRUSHING RETORT.

Sir John A. Macdonald possessed an almost unequalled facility for adapting his anecdotes to the peculiar nature or environment of his audience On one occasion he was addressing a Conservative meeting in Lucan, where most of his hearers were of the Roman Catholic faith. There had been an accident in the crowded pavilion, and one unfortunate adherent of the party had been slightly injured. When the excitement attendant on the accident had subsided, Sir John, after expressing sympathy for the victim, said smilingly:

"It is only at good Tory meetings that we are able to have such accidents. No one hears of such crowds at the meetings of my worthy opponents. I never see an accident of this kind but I think of an interview which once took place between two friends of mine. John was a strong Protestant, and one morning he met Michael, a Catholic friend.

"'Mike,' said he gravely. 'Did you hear that the bottom of Purgatory has fallen out, and all your friends have tumbled clear down to hell?'

"'An' it's a terrible crushing the Protestants will be getting,' was Michael's reply."

SPORTS.

LAWN BOWLING.

Orangeville lawn bowlers were very much to the fore at the Grand Valley Tournament last week. No less than five rinks went up from here, and of these three played their way through to the finals. Dr. Carson's rink had the distinction of being runners-up in the trophy event, Dr. Bowles' rink carried off the Association prize, and W. D. Henry's quartette won out in the Consolation event. The members of the winning rinks were :—T. J. Brown, A. A. Smith, R. H. Robinson, Dr. Carson; A. Henderson, Dr. Campbell, A. D. McKitrick, Dr. Bowles; A. A. Hughson, Thos. Wright, A. L. C. Kirkwood, W. D. Henry. 37 rinks took part in the Tournament, which was well-managed and a big success in every respect.

LACROSSE.

Hanover lacrosse club has protested the game won by Markdale in Orangeville on Wednesday of last week. The protest will be considered by the O. L. A. Executive at a meeting in Toronto on Friday night.

Brampton defeated Young Torontos on Brampton grounds on Saturday. This makes a three-cornered tie for the senior O. L. A. championship. Woodbridge drew the bye and Young Torontos and Brampton will, as a consequence play off on Saturday. The game will take place at Woodbridge.

New Westminster have challenged the Young Torontos to play a game for the Mann Cup.

DUNHAM—STUBBS.

At the home of the bride's parents, Mr. and Mrs. James Stubbs, "Hillcrest Farm," Charleston, on Wednesday, August 23rd, the marriage of Mr. S. R. Dunham, of Toronto and Miss Margaret Mae, only daughter of Mr. and Mrs. Stubbs was solemnized by Rev. Chas. Langford, pastor of the Methodist Church. Becomingly gowned in white merveilleux silk and carrying a shower bouquet of white roses, the bride, escorted by her father, entered the drawing room as the strains of Mendelssohn's wedding march were being rendered by her cousin, Miss Myrtle Stubbs. Miss Estella Limebeer, prettily gowned in voile with guipure lace bodice, and carrying white 'mums,' gracefully performed the duties of maid of honor. At the conclusion of the ceremony an epicurean repast was served in the tastefully decorated dining room. The health of the bride was proposed by Rev. Mr. Langford, and responded to by the groom. Congratulatory speeches followed from Mr. Wm. Stubbs, Mr. John Stubbs, Mr. Clayton Limebeer and Mr. R. McCullough, of Snelgrove. The presents were valuable and beautiful, the most elegant being a silver tea server, presented by the congregation of Charleston Methodist Church, in which the bride had been organist for eight years. She was also the recipient of a miscellaneous shower from the members of the choir of Knox Presbyterian Church, in which choir she has rendered valuable services, both in vocal and instrumental music. The most beautiful gift included in the shower was a silver pitcher and tray presented by the choir leader and the tenor soloist. The groom's gift to the bride was the deed of "Mandolin Island," Lake Huron. Mr. and Mrs. Dunham left on the evening train for a trip up the lakes, returning to spend the remainder of the honeymoon on "Sunflower Island," the Dunham summer home in Lake Huron. The bride travelled in a tailor made suit of sage green French serge, large black hat and gloves to correspond. We join their many friends in best wishes for their future happiness.

DR. A. W. CHASE'S CATARRH POWDER 25c. is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. 25c. blower free. Accept no substitutes. All dealers or Edmanson, Bates & Co., Toronto.

Change . . . . In Business

Having severed my connection with the Firm of McMillan & Torrie and bought out the

TAILORING AND FURNISHING BUSINESS

of Andrew Hill at A RATE ON THE $, and also taken over the entire Stock and Good-will of the old Firm in the Ordered Tailoring Department, I feel that I am in a better position than ever to serve the many friends of Mr. Hill and myself in making to Order

STYLISH GARMENTS FOR MEN . . . . . :

On account of taking over all the

WOOLLENS

from both Stores, I find myself too heavily stocked in these Lines. I have decided on a very simple method of reducing my Stock, that is

SIMPLY TO CUT THE PRICES

Here is a chance to get an Ordered Suit at a Price that will appeal to the Closest Buyer, with

FIT AND WORKMANSHIP GUARANTEED.

I also have a large Stock of Furnishings that must be cleaned out to make room for NEW FALL GOODS. They will be sold at prices that will make them go.

As space will not permit me to tell you all about the Bargains I have in store for you, a call will be the best means of convincing you that I mean what I say.

REMEMBER THE STAND!

A. Hill's Old Store. Next Door to Banner Office.

J. D. TORRIE

Merchant Tailor and Gents' Furnisher.

THE RATE OF INTEREST.

Uncle Sam in his new postal bank system pays depositors two per cent. and turns the funds over to the banks at two and a half per cent. Thus the banks and the government work together to tempt the people not to put money in old teapots.

In Canada, the government pays three per cent. and uses the funds for its own purposes. Thus the Canadian banks and the Canadian postoffice do not work together. They compete.

It would be interesting to have some financier compare the two systems and tell us which is the better.

DRUG STORE NEWS

We carry a full and up-to-date line of Drugs, Patent Medicines, Drug Sundries, Stationery, Toilet Articles, Perfumes, Chocolates, etc.

SCHOOL SUPPLIES

A complete list of all the Public and High School Text Books in stock. Scribblers, note books, paints, mathematical sets, rulers, inks, pens, pencils, etc. Bring your list here and let us fill it completely.

—It will be a game worth seeing when the Alton and Sheldon baseball teams meet on Tuesday, September 5th. The match will be one of the features at St. John's church garden party on the rectory grounds, 7th line, Mono.

—James Allen, formerly a resident of Mono, died at the home of his daughter, Mrs. Thompson Allen, on lot 2, con. 3, Euphrasia township, on August 23rd. The funeral was held from the C. P. R. station in Orangeville to St. John's cemetery, 7th line, east, Mono, on Saturday. Rev. Mr. Perry conducted the services. Deceased was 84 years of age.

LUNCH ON FAIR GROUNDS.

The local branch of the W. C. T. U. will have a tent on the Fair Grounds and will service lunch and other refreshments on the second day of Orangeville Fall Fair.

MERRYMAKING AT LAKE.

Misses Nellie Park and Edna Campbell entertained a number of their friends at Mr. Park's summer cottage at Caledon Lake on Tuesday night. The gathering was held in honor of Misses Rita Murch, of Toronto, Bernice Malloy, of Toronto, and Ethel Endacott, of Strathroy. A very enjoyable evening was spent, the amusements including boating, a "corn roast" and games. The party also had the pleasure of participating in the "Lake Bonfire" and masquerade given by the campers. A bonfire was built in an open space and around this the masqueraders danced in their many-hued and picturesque costumes. Songs and recitations added charm and variety to the programme.

MILLINERS HERE.

The milliners, who have been engaged by Orangeville houses for the autumn season, and their assistants arrived in town this week, and are busy preparing for the Fall Openings which will be held in a couple of weeks. The various staffs are as follows:—Hill & Co., Miss Smith, of Port Dover, head milliner, Miss McCracken, Durham, and Miss Ruth Irwin, Orangeville, assistants; Marshall Green & Co., Miss Major, of Havelock, head milliner, Miss Anderson, Acton, and Miss McGill, Erin, assistants; Gillespie, Rogers & Co., Miss Brush, of Strathroy, head milliner, Miss Mabel Robinson, Orangeville, assistant; Ritchie Bros., Miss De La Ree, Owen Sound, head milliner; Miss Wilson, Erin, and Miss Stock, Toronto, assistants.

PERSONAL MENTION.

Mr. Jack Harmon left for Melita, Man., last Friday.

Mr. Alex. Hughson, Toronto, spent a few days in town this week.

Mr. Bealoy, of Toronto, spent Sunday with Dr. and Mrs. R. N. Kyles.

Miss Greta Irwin, of West Toronto, is the guest of Mr. and Mrs. J. J. White.

Miss Henrietta Wallace returned from Chicago last Friday after a month's visit.

Miss McArten, of Paisley, was the guest of her sister, Mrs. (Dr.) R. N. Kyles last week.

Miss Bertha Lathwell is spending a month's vacation with her sister, Mrs. Biggs, of Heron Bay.

Mr. and Mrs. Dave Spence, of Whittington, spent last week with friends in Creemore and vicinity.

Dr. E. Grey, who is temporary pastor in a Montreal Presbyterian church, visited friends in town over Sunday.

Mr. and Mrs. A. McPherson returned home last Saturday, after a vacation with Grand Valley and Arthur friends.

Mr. Alex. Bennett, of Black's Corners, left last week for the West, where he will spend a couple of months with his son, William, of Lumsden, Sask.

Mrs. John Green, Orangeville, announces the engagement of her daughter, Edith, to Mr. James D. McMillan, also of this town, the marriage to take place early in September.

Mr. and Mrs. W. P. King, Westmount, Que., formerly of Toronto, announce the engagement of their daughter, Mabel Gertrude, to Mr. Jefferd S. Chadburn, Westmount. The marriage will take place September 12th.

Mr. Fred. Wright, who has been in the employ of T. Wright & Son, butchers, for the past three years, left for Kenilworth on Monday. Fred. will be very much missed by the lacrosse and hockey enthusiasts of this town.

Mr. Wm. Algie, proprietor of the Beaver Woollen Mills, Alton, and Mrs. Algie intend leaving next week on a trip to the Pacific Coast. Mr. Algie, who is one of the manufacturers who do not fear reciprocity, has been invited to address Liberal rallies in Winnipeg and Vancouver, and at a couple of points in Alberta and Saskatchewan.

Mr. and Mrs. M. L. Cornell spent a few hours in town on Tuesday on their way to Fort William, where Mr. Cornell is mathematical master in the Collegiate Institute. Mrs. Cornell was formerly a member of the Public School teaching staff here.

Miss Rita Murch, of Toronto, a niece of Mr. H. Endacott, sang in St. Andrew's Church during the morning service last Sunday. Her solo, "O' Lord Correct Me," was beautifully rendered. The gifted young lady sang in St. Mark's Church in the evening.

Mr. and Mrs. Thos. McArthur, of North Bay, are visiting friends in town.

Miss Edith Moore and Mrs. Whittmore, of Arthur, are visiting Mrs. T. J. Brown.

Mr. Harry Endacott, of Vancouver, B.C., is visiting his uncle, Mr. H. Endacott.

Rev. Mr. and Mrs. Felstead, of Victoria Mines, are visiting friends in town and vicinity.

Mr. and Mrs. W. L. Wettlaufer motored to Toronto on Monday, where they are attending the Exhibition.

Mrs. John Clark, Miss Edna and Master Rotbie Clark, of Toronto, are visiting Mr. and Mrs. Wm. McConnell.

Miss Birdie Smith and Miss McCartney, of Toronto, are visiting Mrs. Wm. McConnell and other friends in town.

Mrs. McGarvin, York St., returned home on Tuesday after six weeks' vacation at "Victoria Cottage," Sprucedale.

Miss Bessie Harding has returned home after nearly four weeks holidays, which were spent at Wroxeter, Hamilton and Toronto.

Mr. and Mrs. J. J. McKinney and family motored up from Toronto on Friday and spent the week end with friends in town and vicinity.

Miss Muriel Steele, who has been summering with her parents, Mr. and Mrs. A. Steele at Aux Sauble Beach on Lake Huron, has returned to her duties in the office of the Presbyterian Publications in Toronto.

LIBRARY ANNOUNCEMENT.

Two important works have recently been added to the Reference Department of the Orangeville Public Library, viz.,—The new (11th) Edition of the "Encyclopaedia Britannica," and the 1910 Edition of the "Canadian Annual Review," which is published yearly by J. Castell Hopkins.

WON GORDON SCHOLARSHIP.

Miss Carrie McFayden, daughter of Dr. McFayden, of Charleston, is the fortunate first winner of the Gordon Scholarship in Queen's University. The scholarship, which was founded some months ago by Mr. N. Gordon, Superior Inspector for Dufferin, entitles the winner to four years' free tuition at Queen's and $50 in cash annually.

A NARROW ESCAPE.

Joseph Hackett, a young man in the employ of the Superior Cement Company, narrowly escaped instant death on Tuesday. While walking on the bridge at the south end of the plant, he came in contact with a live electric wire. The shock threw him clear of the wire, but caused him to fall off the bridge to the ground, 25 feet below. He was severely bruised about the head and shoulders, but his injuries while painful, are not serious, and he is progressing satisfactorily under the care of Dr. Carson.

MANY HAPPY RETURNS.

Mr. Thos. Temple, one of our oldest citizens, celebrated his 91st birthday on Saturday. Mr. Temple is remarkably smart for his years and is enjoying excellent health.

INSPECTOR OF AGENCIES.

Mr. A. L. C. Kirkwood, whose promotion to the position of Manager of the Sterling Bank in Toronto, was noted in The Banner some weeks ago, has severed his connection with that institution to accept the position of Inspector of Agencies in Central Ontario for the Crown Life Insurance Company. The position is a responsible one and Mr. Kirkwood's selection is a tribute to his business ability. We are pleased to learn that as a result of the change Mr. Kirkwood and family will continue to reside in Orangeville.

BUSINESS DISSOLUTION.

The firm of Bennett & Safer has been dissolved. Mr. T. J. Bennett has disposed of his interest in the concern to Mr. Alex. Safer, and is retiring. Mr. Safer will continue the billiard parlor and cigar and tobacco store in the old stand. Mr. Safer understands the business thoroughly, and his patrons may rely upon receiving satisfactory service.

NEW LIVERY STABLE.

Some few weeks ago Mr. Peter McFarlane, a local liveryman, purchased the old Globe hotel property on East Broadway from Mr. F. H. Doherty, giving his Mill St. stables in exchange. Mr. McFarlane has given his new premises a thorough overhauling, and has also built commodious stables at the rear with an entrance from Broadway. When completed the new livery will be quite an improvement on the old building, and will be very convenient for Mr. McFarlane and his customers.

ST. JOHN'S GARDEN PARTY

The congregation of St. John's Church, 7th line, east, Mono, will hold a garden party on the Rectory Grounds on Tuesday evening, September 5th. A varied programme will be provided, consisting of literary selections by Rev. Oscar Nurse, of Beeton, choruses, quartettes, solos and duets by the choir of St. Mark's Church, Orangeville, and other talent and addresses by the local clergy and Messrs. Haughton Lennox, C. R. McKeown, M.P.P., John Best, D. B. Brown and other speakers. There will also be a baseball match at 3.30 o'clock between Sheldon and a neighboring team for a prize of $5, and a football match at 5.30 o'clock between teams of bachelors and benedicts. Ice cream, fruit and other refreshments will be provided. Tea served by the ladies from 5 o'clock. Admission 25c.; children 15c.

SEPTEMBER WEATHER.

Rev. Irl R. Hicks' Forecast for Coming Month.

Word and Works contains the following weather forecast for September 1911:—

A Regular Storm Period is central on the 3rd, covering the 1st to the 6th. The Earth's autumnal equinox and the Mercury period are both in force at this time. It will be natural to expect decided barometer, with all other attendant changes to active storm conditions during this period. Very warm and humid conditions, with south winds and low barometer, will admonish of equatorial storms. The 3rd, 4th and 5th will be the crisis of the period. Watch storm developments on and touching these dates, especially in southern extremes. The Mercury period will prolong and intensify tendency to threatening weather following this period.

A Reactionary Storm Period is central on the 8th, 9th and 10th. Moon is full on the 8th, the central day of the Mercury period, and on the celestial equator on the 9th. The annual magnetic and electric crisis also falls within this period, extending forward to about the 15th. On and about the 11th of September maximum "earth currents," disturbing telegraph lines, exciting auroral lights and causing seismic shakes, very naturally reach a crisis, over the globe generally. Look for fierce equatorial storms on and near the 9th and 10th, followed by change to much cooler weather and frosts to the northward. Seismic period, 6th, to 11th, central on the 8th and 9th.

A Regular Storm Period unites with Mercury period and the autumnal equinox, from the 12th to the 16th. This period will bring return of falling barometer, change to warmer, cloudiness, rain and thunder, but we do not figure that general and abundant rains will fall at this time. In all probability equatorial, or West India storms, will affect the gulf coast regions, bringing dangerous winds and heavy rains to those sections, and up the Atlantic Coasts; but counter storms from the northwest and through the interior states will result in cooler weather, but far less precipitation. Dangerous gales, with possible tornadoes, are among the possibilities during this and other September periods.

A Reactionary Storm Period falls at the center of Earth's autumnal equinox—from the 19th to the 22nd. Threatening storms, with more or less violence, will be perfectly natural at this time, or at any time in this part of the month. New Moon on the 22nd will prolong low barometer, high temperature and stormy conditions generally, a day or two longer, than normal at this time. Chances for good, general rains grow better as we approach the close of September. Change to much cooler about the 22nd to 25th, first in the west, progressing east and south. A marked seismic period covers the 19th to 25th, being central on the 22nd.

A Regular Storm Period covers the last week in September, the crisis of the period falling on the 26th, 27th and 28th. Autumnal storms will be general at this time, and c. l nights with frost in many states may be expected as we pass into October. For thirty years we have persistently striven to correct the error that equinoctial storms are to be expected only on March and September 21st and 22nd. For three or more weeks before and after these dates, equinoctial storms are liable to come, beginning in August, and often occurring in October. The gradual approach of the Sun to, and recession from the equator, conspiring with other astronomic causes at given times, bring on great equinoctial storms weeks before and after the central days.

WON HASSARD SCHOLARSHIP.

Miss Marguerite Mungovan, an Orangeville student at the High School, is this year winner of the Hassard Scholarship. The scholarship, which was founded by Mr. Frank Hassard, a former High School student, is awarded to the student in Form III taking the highest standing for general proficiency. To win the scholarship the student must obtain honor standing, that is at least 75 per cent. of the total marks obtainable.

BORN.

COLE—In Adjala, on Friday, August 11th, to Mr. and Mrs. Emerson Cole, a daughter.

CURTIS—At Camilla, on Thursday, August 24th, to Mr. and Mrs. Ernest Curtis, twin daughters.

Be Warned by Headache

It tells of Serious Derangements of the Liver and Kidneys—Try Dr. Chase's Kidney-Liver Pills.

You can stop a headache with powerful drugs. But it is not generally wise to do so.

A headache almost always warns you of derangements of the digestive system, the liver, kidneys or bowels.

Awaken the liver to healthful action by the use of Dr. Chase's Kidney-Liver Pills and you not only free yourself of headache, but remove the cause which will soon lead to more dangerous results than headache.

Pains are the result of poison in the system and whether you have headache, backache or aching limbs, you can be almost sure of relief and cure by the use of Dr. Chase's Kidney-Liver Pills.

They are wonderfully prompt, as well as definite and thorough in action. You can depend upon them, no matter how long-standing or complicated your case. One pill a dose; 25 cents a box; all dealers or Edmanson, Bates & Co., Toronto.

RESULTS OF EXPERIMENTS WITH AUTUMN SOWN CROPS THROUGHOUT ONTARO.

Four hundred and forty farmers throughout Ontario conducted experiments with autumn sown crops during the past year. Reports have been received from thirty-three of the counties of the Province. The average results of the carefully conducted co-operative experiments with autumn sown crops are here presented in a very concise form.

Winter Wheat. Five varieties of winter wheat were distributed last autumn to those farmers who wished to test some of the leading varieties on their own farms. The average yields per acre of straw and of grain are as follows :—Imperial Amber, 1.5 tons, 26.1 bus.; Crimean Red, 1.4 tons, 24.7 bus.; No. 5 Red, 1.3 tons, 23.9 bus.; American Banner, 1.2 tons, 22.8 bus.; Tasmania Red, 1.2 tons, 21.8 bus.

It will be seen that the Imperial Amber has given good results throughout Ontario Agricultural College. The Crimean Red, which stands second in the co-operative experiments, has been grown at the College for nine years and isone of the highest yielders. It possesses wheat of excellent quality, but the straw is somewhat weak. The American Banner is a wheat which resembles very closely the Dawson's Golden Chaff variety in method of growth and quality of grain.

Winter Rye. Two varieties of Winter Rye were distributed in the winter of 1910. The results show that the Mammoth White variety came at the head of the list in yield of grain with an average of 24.8 bushels per acre In experiments throughout Ontraion in the last five years, the Mammoth White has surpassed the Common Rye by an annual average of about four bushels per acre.

Fertilizers with Winter Wheat. In the co-operative experiments with the different fertilizers applied in the autumn to winter wheat, the average yields per acre for seven years are as follows:—Mixed Fertilizer, 73.7 bushels ; Nitrate of Soda, 23.3 bushels ; Muriate of Potash, 21.9 bus ; and Superphosphate, 21.4 bushels. On si ilar land, cow manure at the rate of twenty tons per acre, gave an average yield of 25.9 bushels per aacre, and the land which received neither fertilizers or manure gave an average of 18.6 bushels per acre. The Superphosphate was applied at the rate of 320 ppounds and the Muriateof Potash and the Nitrate ai Soda each 160 pounds per acre. The mixed Fertilizer consisted of one-third of the quantity of each of the ather three fertilizers here mentioned. The usual cost fo the fertilizers as used in this experiment, is between four and five dollars per acre.

Winter Emmer and Winter Barley: A comparative test of Winter Emmer and Winter Barley was made throughout Ontario during the past year. The Winter Emmer gave a yield of 3,440 pounds and the Winter Barley of 3,040 pounds per acre. Neither of these grains have as yet become extensively grown as a farm crop in Ontario.

Distribution of Material For Experiments in 1911.

As long as the supply lasts, material will be distributed free of charge in the order in which the applications are received from Ontario farmers wishing to experiment and report the results of any one of the following tests:—1. Three varieties of Winter Wheat. 2. Two varieties of Winter Rye. 3. Five Fertilizers with Winter Wheat. 4. Autumn and Spring applications of Nitrate of Soda and Common Salt with Winter Wheat. 5. Winter Emmer and Barley. 6. Fairy Vetches and Winter Rye as Fodder Crops. The size of each plot is to be one rod wide by two rods long. Material for number three and four will be sent by express and that for the others by mail.

G. A. ZAVITZ.

O. A. C., Guelph, Ont., Aug. 12, 1911

—Do not fail to see "The Perfection" and "Big Fellow" scribblers at the Banner Book Store. They will be leaders this season.

Eight tenders for $90,000 of good roads debentures were opened at Tuesday's meeting of Halton county council. The bid of Messrs. Aemilius Jarvis & Co., Toronto, $86,052, was accepted. It was high, considering the present state of the money market. The other bids were : Metropolitan Bank, $85,623; Dominion Securities Corporation, $85,257; C. H. Burgess & Co., $85,104 ; Brent, Noxon & Co., $84,336; H. O'Hara & Co., $84,330; Geo. A. Stanson & Co., $83,751; Ontario Securities Co., $83,107.

Psoriasis All Over Body

Most dreaded of skin diseases was cured by Dr. Chase's Ointment.

Psoriasis is a sort of chronic eczema. The itching it causes is almost beyond human endurance, and it is usually considered incurable. But this case proves that Dr. Chase's Ointment is a cure, in spite of the doctor's prediction.

Mrs. Nettie Massey, Consecon, Ont., writes,—"For five years I suffered with what three doctors called psoriasis. They could not help me and one of them told me if any one offered to guarantee a cure for $50.00 to keep my money as I could not be cured. The disease spread all over me, even on my face and head, and the itching and burning was hard to bear. I used eight boxes of Dr. Chase's Ointment, and I am glad to say I am entirely cured, not a sign of a sore to be seen. I can hardly praise this ointment enough."

Dr. Chase's Ointment, 60 cts. a box, all dealers or Edmanson, Bates & Co., Toronto.

WILLIAM J. LOWE, LIBERAL CANDIDATE FOR PEEL,

The unanimous choice of the Liberal Convention in Brampton on August 12th was a young man under forty.

He is a son of Mr. Wm. Lowe, Snelgrove, one of the pioneers of Chinguacousy, and a George Brown Reformer.

To everybody who knows him, the Liberal Candidate is Billy Lowe. He is a good sized, wholesome looking man with a sunny smile and good honest looking, kindly eyes that look straight forward. Billy is a farmer, the son of a farmer, and a cattle buyer. He has two grazing farms on the first line west and hopes to have more before he dies.

For ten years Billy has been buying stock from the farmers and shipping to Toronto from Snelgrove, principally, and not one farmer has a grouch against him. The hardest thing some of his hide-bound Tory friends will ever find to do will be to mark a ballot against him. At Toronto live stock market the reporter of a Tory paper says he is looked upon as the whitest man doing business there.

The only thing that is wrong with Billy is that he is not a platform speaker, but four or five years at Ottawa will fix that trouble all right.

In W. J. Lowe, the Liberal party puts forward a good, clean candidate ; a capable, hardworking business man. One who commands the respect and esteem of all who know him. His election would reflect credit on the intelligence of the people of Peel. He is a farmer and as such alone, is entitled to the united support of the farming community of Peel, the most numerous and important in the county, and is it not time that such an agricultural constituency had as its representative a farmer.

Two Markets Better Than One.

TO THE ELECTORS OF PEEL :—

If you have anything to sell, two buyers are better than one. That is the basic fact underlying the question of markets.

Within ten hours ride of Niagara Falls there are twenty-six million buyers whose trade is opened to Canadian farmers by Reciprocity. If, then, the present prices in this new market are higher than those which the Canadian farmer can obtain in the home market, the advantages of Reciprocity to the Canadian farmer will be enormous.

If you are interested in the FACTS of this situation, please consider the following comparative price statistics of the Canadian and United States markets, woich are the average prices for the first six months of 1911, taken from a Government report of the Department of Labour :—

WHEAT—Winter, Ontario—Toronto 84.1c.; Detroit 91.2c.
No. 1 Northern—Winnipeg 91.7c.; Minneapolis 99.5c.
OATS—No. 2 White—Toronto 33.9c.; Buffalo 36.1c.
BARLEY—No. 2—Toronto 62.7c.; Buffalo 99.9c.
RYE—No. 2WToronto 67.6c.; Buffalo 87.2c.
BUCKWHEAT—(1910 Average)—Toronto 50.5c.; North Atlantic States 71.6c.
HAY—No. 1 Timothy—Toronto $12.16; Buffalo $17.28; New York, $22.88.
CATTLE—Choice Steers—Toronto $5.69; Buffalo $6.50; Chicago $6.61. Veal Calves—Toronto 5.56; Buffalo 8.96; Chicago 7.63.
SHEEP—Ewes—Toronto 4.54; Buffalo 4.04; Chicago 4.28.
HOGS—Choice selects—Toronto 6.80; Buffalo 7.38; Chicago 6.93.

These are only a few of the quotations which we have at hand, but they will suffice to show the trend of the markets along the border. These statistics were collected under the direction of the Professor of Political Economy in Queen's University, Kingston, and are strictly nonpartisan and reliable. (I will be very glad to answer by letter any questions in reference to these statistics or any other price quotations.)

A glance at the above table shows at once the advantage to the Canadian farmer of access to the United States markets. Reciprocity will remove the only barrier that prevents the farmer of Halton County from securing the additional profit possible. This is not a question of Liberal or Conservative politics ; it is a question of securing or refusing a business advantage.

Just one example : A clerical error in the printing of the United States tariff of 1908 admitted cream at five cents per gallon, instead of at five cents per pound as intended. Last year Canadian farmers shipped across the line cream to the value of $1,660,000 and received for it $400,000 more than they would have received from the cheese factories and creameries at home, besides having the skim milk to feed.

Yours Faithfully,

W. J. LOWE.

WHAT IS THE COST ?

The answer to this question is that the cost of a Government Annuity depends upon four things :—1st, the age of the applicant; 2nd, the amount of Annuity required; 3rd, the age at which the Annuity is to commence and 4th, the plan on which the purchase is made. Tables which answer these questions have been published by the Department and may be had on application. Annuities are payable for life, but for a small additional payment may be guaranteed for a number of years certain, not exceeding twenty, so that should death occur before the guaranteed period expires the Annuity would be continued for the remainder of the twenty years to the Annuitant's legal representatives. By the latter plan the return of a specific sum is assured. Any other details of this important Annuity plan may be had on application to the Superintendent of Canadian Government Annuities, Ottawa. Postage free.

WASTE OF OPPORTUNITY.

It is sad, indeed, to see how man wastes his opportunities. How many could be made happy, with the blessings which are recklessly wasted or thrown away! Happiness is a condition of the mind, not a result of circumstances; and, in the words of Dugald Stewart, the great secret of happiness is to accommodate ourselves to things external, rather than to struggle to accommodate external things to ourselves.

Hume wisely said that a happy disposition was better than an estate of ten thousand pounds a year. Try to realize all the blessings you have and you will find perhaps that they are more than you suppose. Many a blessing has been recognized too late. —Lord Avebury.

Booth's Kidney Pills

Booth's Kidney Pills bring new strength to old backs and quick relief to weakened kidneys. They banish backache and rheumatic pain, regulate the bladder and urine.

Booth's Kidney Pills are for sick kidneys in old or young and are guaranteed by the proprietors, The R. T. Booth Co., Ltd., Fort Erie, Ont. Sold everywhere 50c. box. Free trial sent on request.

Suggestive Questions

On the Sunday School Lesson by Rev. Dr. Linscott for the International Press Bible Question Club.

SEPT. 3rd, 1911.
REVIEW.

Golden Text—Depart from evil and do good; seek peace and pursue it. Ps. xxxiv : 14.

The following review may be used as a complete lesson, or as a review of the nine preceding lessons. The date, and title of each lesson, where found, Golden Text, and one question from each lesson follow.

July 2. Isaiah's Prophecy Concerning Sennacherib. Isa. xxxvii : 14-38. Golden Text—God is our refuge and strength, a very present help in trouble. Ps. xlvi : 1.

(1) Verse 14.—Is it the privilege of every man to spread all his letters, including those that give him trouble, before the Almighty God, and if so what is the advantage of so doing?

July 9. The Suffering Servant of Jehovah. Isa. lii:13—liii:12. Golden Text—The Lord hath laid on him the iniquity of us all. Isa liii : 6.

(2) Verse 15—What proportion of the kings or the presidents of the nations look to, and honor Jesus as the Saviour of the world?

July 16. Manasseh's Wickedness and Penitence. 2 Chron. xxxiii:1-20. Golden Text—Cease to do evil; learn to do well. Isa. i:16-17.

(3) Verses 1-2—When the son of a good father becomes a bad man, how do you account for it?

July 23. Josiah's Devotion to God. 2 Chron. xxxiv:1-13. Golden Text—Remember now thy Creator in the days of thy youth. Eccl. xii:1.

(4) Verse 3—If a boy is not converted by the time he is sixteen years of age, what are his chances of ever becoming a true Christian?

July 30.—The Finding of the Book of the Law. 2 Chron. xxxiv : 14-33. Golden Text—Thy word have I hid in mine heart, that I might not sin against thee. Ps. cxix:11.

(5) Verse 19—Did Jesus abolish any of the laws of Moses, and if so which? (See Matt. v:38-44.)

Aug. 6. Jeremiah Tried and Acquitted. Jer. xxvi. Golden Text — The Lord is my light and my salvation; whom shall I fear? Ps. xxvii:1.

(6) Verse 1-2—May all persons today with the goodness and ability of Jeremiah, hear the voice of the Lord as plainly as he did?

Aug. 13. Jehoiakim Burns the Prophet's Book. Jer. xxxvi. Golden Text—The word of our God shall stand forever. Isa. xl : 8.

(7) Verses 1-2—What advantage is it to us, that men like Jeremiah wrote the history of God's dealings with his people, and that we have these records in the Bible?

Aug. 20. Jeremiah Cast into Prison. Jer. xxxvii. Golden Text—Blessed are ye, when men shall revile you, and persecute you, and say all manner of evil against you falsely, for my sake. Matt, v:11.

(8) Verses 1-2—When sin is working wreck and ruin, how do you explain that men keep on in their disobedience to God, as Zedekiah did ? (This is one of the questions that may be answered in writing by members of the club.)

Aug. 27. Judah Carried Captive to Babylon. Jer. xxxix. Golden Text. Be sure your sin will find you out. Num. xxxii : 23.

(9) Verses 1-2.—When a historian gives the day, the month, and the year an event took place, and associates his facts with some other well-known fact, how much weight does that give to the credibility of his story?

Lesson for Sunday, Sept. 10th,1911 Daniel and His Companions; A Temperance Lesson. Dan. i:8-20.

YOUR QUESTIONS ANSWERED.

If you would like to have answered any particular question each or any week from "The Suggestive Questions on the Sunday School Lesson" by Rev. Dr. Linscott, send in your request to this office, giving the date of the lesson and the number of the question you wish answered. You may select any question except the one indicated that it may be answered in writing by members of the club Dr. Linscott will answer the questions either in these columns or by mail through this office. Don't forget to state what benefit these "Suggestive Questions" are to you. Give your full name and address. Send your letters to The Question Editor of the Banner.

THE SETTING SUN.

More joyful eyes look at the evening sun than at the rising sun. Burdens are laid down by the poor, whom the sun consoles more than the rich. No star and no moon announce the rising sun, and does not the setting sun, like a lover, leave behind his image in the moon? I yearn towards him when he sets, not when he rises. He is more nearly of kin to us in his setting, and he is more gentle to the evening star, which in rising, he, warior-like, annihilistes. The moon and star of love glimmer after he is done. He dies, and goes under the earth in order to make us blessed, and when I die, may be set half an hour later than I. I should like to take my leave of earth with the sun; but he should stay and look upon it a little time longer than I.—Richter.

Lost on Broadway or Zina Street, on Saturday night, a child's gold filled bracelet. Finder kindly return to the Banner Office and receive reward.

Mr. and Mrs. Wm. Godfrey, Elora, announce the engagement of their daughter, Elizabeth, to Mr. N. J. Cole, of Guelph, the marriage to take place the latter part of September.

THE LAUGH ON ELORA.

Elora Lawn Bowling Club have been laughing up their sleeve for some time over the easy manner in which they captured the Traders Bank Trophy from the Grand Valley club, and were no doubt making big preparations for the second tournament to be held there next month. But last Wednesday their "houses in the air" were all blown to pieces by the Arthur club, led by "Joe" Small. The accepting of Harriston's challenge on the same day makes it look all the more as if Elora felt they could gobble up the whole "pot," but as stated above the venerable "Joe" was parading the silverware when Harriston arrived on the scene of action, while Elora were looking around to see who they could find to even give the second club a friendly game.—Mail-Forest Confederate.

A Genuine Tribute

to the medical fame is that made by Dr. Chase's Nerve Food, and called Dr. Chase's Nerve Food, it embodies a discovery long desired but only recently made by this eminent chemist. When Nerve Food is taken the blood is purified, new rich blood is made, while all the principal organs of the body are toned and strengthened and new tissue constructed. The result is a permanent cure of Dyspepsia, Rheumatism, Catarrh, Blood and Skin Diseases and Kidney Affections with all their accompanying nervous symptoms. Get Merrill's System Tonic, ask your Druggist, 50c per box, 6 boxes $2.50, or postpaid from The Merrill Medical Co., Merrill Building, Toronto.

Sold and recommended by Thos. Stevenson, Druggist.

CLOVER SEEDING.

The following is taken from "Wallace's Farmer," Des Moines, Iowa, and may be of interest to some of our readers, who may be in the same position this season :

"An Illinois correspondent writes us that he has lost his stand of clover this spring and that he will have to depend on blue grass next year and wonders why he cannot disk the stubble on which he has lost his seeding and reseed it. We do not see why this method should not prove effective. As we have repeatedly pointed out, the question of getting a stand of clover by sowing at the same time we sow alfalfa in the humid section during the last half of August, is experimental. There is no reason why he should sow timothy and make an experiment, with clover. There is no difficulty on most soils in the humid section in getting a stand of timothy sown even as late as September, provided of course there is a well prepared seed bed and sufficient moisture in the soil to insure germination. If we had a field of this kind we would not hesitate to make the experiment; but we would not wait until ready to sow before disking. We would disk at the earliest moment practicable then disk repeatedly, and sow clover and timothy the last week in August. Given enough moisture in the soil, it cannot help but grow, and you would be making an experiment with clover under the most favorable conditions. If the clover fails to make enough growth to live through the winter, then he can again sow clover in February or March on the frozen ground.

In the drouth stricken district, which covers a large portion of the West, we are up against a rather serious condition of things. Clover sown last year would naturally die where cut for hay or seed, and we shall have a famine of clover. Therefore we would not hesitate to risk the experiment, which theoretically should work out all right. As a matter of fact sowing timothy in the fall with or without a nurse crop is not experiment. It has been tried over and over again. The essential thing is to give enough covering to insure germination. We can afford to take chances under circumstances when we know that unless we do something we shall be out of clover in 1912."

David Fraser has purchased John Flack's farm at Banda for which he paid $6,500.

Imperfect Kidney Action Causes Rheumatism

Rheumatism with its kindred ailments —Lumbago, Wry Neck, Neuralgia, etc., usually results from lodgments of uric acid in the joints and muscles.

Now the chief function of the kidneys is to properly filter this poison from the blood.

Only when they fail to do this is Rheumatism probable.

Kidney weakness starts in various ways. A sudden chill, after perspiring freely, sometimes settles in the kidneys —or an unusual strain may cause it.

Poisons which should be filtered out of the system are pumped back into the blood, causing Uric Acid, the real cause of Rheumatism, Lumbago, Wry Neck, Neuralgia, etc.

In the early stages Nyal's Stone Root Compound will stop it.

Will start your kidneys working properly so that the Uric Acid is reabsorbed and eliminated.

Away goes your Rheumatism with it.

Perhaps these early warning twinges have passed unheeded, and your Rheumatism has become deep seated.

Muscles all snarled up in knots as it were.

Then you'll need Nyal's Rheumatic Cure.

Ask your own druggist about these remedies.

His opinion is worth while.

Sold and guaranteed by Dr. A. J. Hunter & Co., A. T. Howard, Orangeville.

A new manufacturing concern by the name of Defriez & Woodman, manufacturers of high class jewellery and silverware, will locate in Alliston. They will employ 75 hands and will build a large brick factory this fall on the corner of Victoria and Church Sts.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

Mr. R. L. Stephens, of Markdale, has just sold his 320 acre farm in Saskatchewan to Mr. G. S. Mathers for $7000. He bought it for $1760 seven years ago.

Owing to an affection of the throat, Rev. L. F. Kipp has been compelled to resign his charge at Stayner, and, for a time, has accepted a position as writer on the staff of the Montreal Witness.

A team of horses belonging to Mr. W. Faulkner, of Inglewood, while drawing a load of lumber, ran away, through the load slipping and frightening them, one of the horses breaking its leg.

Paddy McKinley, formerly owned by Mr. W. Trimble, of Flesherton, won the 2.18 pace at Dufferin Park races in Toronto recently. Paddy recently changed hands, his present owner paying $1200 for him.

James A. Jelly, of Shelburne, sprained the ankle of his left foot one evening when coming out of the residence of Dr. F. C. Frank. He stepped on a loose plank when it flew up and Mr. Jelly fell heavily on his ankle.

A bad smash-up occurred a week ago Friday on the G.T.R. about three miles above Fergus, caused by six freight cars jumping the track. Two of the cars contained bags of cement, and these were badly smashed up, a lot of the cement being a total loss.

Joseph R. Forbes, a farmer near Hepworth, is dead, and his mother and brother are lying at the point of death, as a result of milk poisoning. The poisoning was directly traced to a cow than had eaten a poisonous weed and the milk and butter was thus affected.

ECZEMA AND SORE EYES

"My daughter suffered from inflamed eyelids and eczema on her head," writes Mr. H. W. Lear, Port Planford, Nfld. "The child was in a bad state and suffered greatly. The doctor failed to help her, and on recommendation of a friend, I used Dr. Chase's Ointment, which made a complete cure. With a grateful heart I write you this letter."

Mr. John Broughton, of the Gravel Road, Melancthon, met with a very painful accident one day recently. He was unloading sheaf grain when the ropes got fastened and in putting his weight on the trip rope it broke and he fell off the load to the barn floor, alighting on the point of his shoulder.

Some time a week ago Friday evening, Katey Mooney, an old lady who lives alone close to the station in Erin, had the misfortune to fall, breaking her hip bone. She remained without assistance until Saturday morning, before her mishap was discovered and was taken to Guelph hospital the same afternoon.

A very distressing accident occurred at Alma recently, when Mr. Wm. Wheeler was very seriously injured while attending a threshing at Mr. Robt. Gale's farm. Mr. Wheeler was in the mow forking sheaves when some of his front sheaves slipped, throwing him to the floor, a distance of twenty feet. It is doubtful if he will recover from his severe injuries.

Mr. James Crow, Minto, saw a large deer on his place in Minto, near Drew, a week ago Saturday. He could hardly believe his eyes, but it was there, sure enough. It may have strayed up from Luther, where they are protected, or it may be a refugee from the forest fires of Northern Ontario.

Edward Doran went to work for James Brown, of Colbeck district, last spring, under certain conditions, and because he felt these had been violated, left. Mr. Brown thought otherwise and Doran sued for $28 wages. S. Tate, J.P., of Grand Valley, heard the case, giving judgment for $22, and splitting a disputed account of $5.00 in half. Each party pays his own costs.

W. D. Henry, acting for Alfred and Elizabeth Sanson, father and mother of Milton Sanson, who it will be remembered, was fatally injured in the mill of the Superior Portland Cement Co. about a year ago by having his arm caught in the belting, has issued a writ in the High Court of Justice, claiming $10,000 damages. The unfortunate young man lingered for a day or so, but the case was considered hopeless from the first. There was a coroner's inquest into the sad affair. It is claimed by the plaintiffs that the Company was negligent.

Goaded to desperation by repeated taunts that he was shirking his work, a young farm hand named Douglas, while employed at a threshing near Molesworth, some seven miles from Listowel, swung around on his persecutor, Harry Smith, and sent the prong of his pitchfork through the latter's side. The steel prong penetrated Smith's left side near the base of the lung, and inflicted a dangerous wound, which may have a fatal result. Smith is a son of Reeve Sam Smith, of Elma, and a married man, while Douglas is little more than a boy.

On Wednesday night Alex. Burnett, of Hereward, in a joking way, undertook to have a little fun at Samuel Duckworth's expense. In shaking hands Alex underestimated his strength and gave Sammy a bad twist, so as to cause considerable pain. A few words followed, and Alex. felt impelled to chastise Sammy. The sequel followed by Sammy laying a charge of assault against Alex. to which he pleaded guilty out of court and paid a fine of $2 and costs. Constable Buchanan laid a charge of disorderly conduct against Burnett, which is to come up later, and Sammy may have another case for damage.—Star & Vidette.

POLITICIANS AT FALL FAIR

There will be quite a notable gathering of politicians at Orangeville Fall Fair this year. Among those who have already intimated that they intend to be present are John Bean, late M. P. and present Conservative candidate for Dufferin, D. B. Brown, Liberal candidate for Dufferin, Richard Blain, late M. P. and Conservative candidate for Peel, S. Charters, M. P. P. for Peel, C. R. McKeown, M. P. P. for Dufferin, and Warden McBride, of Peel, W. J. Lowe, Reform candidate for Peel. Some of the candidates in the Simcoes and Wellingtons are also likely to take in the sights at the Fair, and do some hand-shaking with their constituents from the municipalities that border on Dufferin County.

Wm. Duke, of Wiarton, has secured a patent for producing syrup from sugar beets. A Government analysis shows the product to contain 48 per cent. pure sugar cane, 30 per cent. water, and the other 12 per cent. ingredients containing nothing objectionable. The syrup compares favorably with other table syrups.

Mrs. Chas. Valentine, wife of one of the early settlers of the New Survey, Melancthon, died at the residence of her son-in-law, James G. Ferrier, lot 10, con. 5, S.W., a week ago last Sunday, at the age of 75 years.

COWAN'S PERFECTION COCOA

Is good for Growing Girls and Boys—and they like it. It nourishes their little bodies and makes them healthy and strong.

Cowan's Cocoa, as you get it from your grocer, is absolutely pure. Its delicious flavor is obtained by the use of the highest grade of Cocoa beans, skilfully blended. Nothing is added to impair the health-building properties of the Cocoa. 170

All Section 10, Township 3, Range 28, West 1, 640 acres.
West half Section 15, Township 3, Range 28, West 1, 320 acres.
South half Section 17, Township 3, Range 28, West 1, 320 acres.
West half Section 19, Township 3, Range 28, West 1, 320 acres.
All Section 3, Township 3, Range 28, West 1, 640 acres.
All Section 5, Township 3, Range 28, West 1, 640 acres.
South West Quarter Section 8, Township 3, Range 28, West 1, 160 acres.
All Section 33, Township 2, Range 28, West 1, 640 acres.
West half Section 23, Township 2, Range 29, West 1, 320 acres.

All these farms are in a high state of cultivation with good buildings on each of the parcels, and good water. There is a railway siding on section 10, which holds six cars. This is about the centre of the property and makes the farms very convenient for the delivery of the grain. Churches and Schools are very convenient. I will sell any of the above parcels on very reasonable terms. There is a large portion of this land ploughed and summer-fallowed and ready to sow. For price and terms on any of the above properties, apply to

THE BANNER

THE BANNER, SEPT. 7, 1911.

POLITICAL NOTES.

Mr. Best will hold public meetings in the Town Hall, Melancthon Station, Friday evening, Sept. 15th, and the School House, Black's Corners, Monday evening, Sept. 18th.

Mr. D. B. Brown, the reciprocity candidate, held a meeting at Cooke's School, East Garafraxa, last night, will speak at Marsville to-night, and has billed a meeting in Grand Valley for Saturday night.

Mr. John Best addressed about forty of the electors of Mono in the Orange Hall at Glencross on Monday night. The meeting was entirely harmonious and the late member received an attentive hearing. Mr. Jos. Jeffers occupied the chair.

Electors of Orangeville and vicinity will have an excellent opportunity on the eve of the election to judge of the merits and policies of the rival candidates in Dufferin. Mr. John Best, the Conservative candidate, will hold a public meeting in the Town Hall here on Tuesday evening, Sept. 19th, and Mr. D. B. Brown, his opponent, is advertising an Orangeville meeting for Wednesday evening, Sept. 20th.

The following from the Toronto World, the personal organ of Mr. W. F. MacLean, is significant: "It will be a splendid day for Canada when party tradition has less power over the voter and when governments recognize in the independence of the electorate the necessity for observing the highest codes of political morality, the highest standards of social honor, the most disinterested principles of national service."

Mr. Arch. Greer, Warden of Dufferin, was in town Thursday and part of Friday. Mr. Greer was here for the purpose of inspecting the new county bridge over the Grand River near Waldemar. He was very reticent when spoken to about the political situation in Dufferin, but intimated that Mulmur Tories are not going into raptures over Best's candidature. Greer was Best's unsuccessful opponent at the recent Conservative Convention.

Thursday next, Sept. 14th, will be nomination day. For a reason which can be easily guessed at, the Returning Officer, who happens to live in Shelburne, consulted his own convenience by selecting Shelburne as the place for holding the Dufferin nomination meeting. Heretofore the nominations have always been held in the county town, the same as in other counties. As the 14th is the first day of Orangeville Fall Fair, the change will not suit members of the Society, the majority of whom are residents of Dufferin. We hope the Returning Officer is not taking this means of trying to knock the Orangeville Fair.

The standing of the parties in the Canadian House of Commons at dissolution was as follows:

Ontario—Libs. 35; Cons. 51.
Quebec—Libs. 53; Cons. 12.
New Brunswick—Libs. 11; Cons. 2.
Nova Scotia—Libs. 12; Cons. 6.
P. E. Island—Libs. 3; Cons. 1.
Manitoba—Libs. 2; Cons. 8.
British Columbia—Libs. 2; Cons. 5.
Saskatchewan—Libs. 9; Cons. 1.
Alberta—Libs. 4; Cons. 3.
Yukon—Libs. 1.

The above list includes Messrs. D. Sifton and Verville (Labor), with the Liberals and gives Messrs. Gilbert (Nationalist) W. F. McLean and Russel (Toronto) who were elected as independents, to the Conservatives. The Liberal majority, including the Speaker, was 43.

Over two hundred of the electors of Dufferin and Simcoe attended a political meeting held in the Orange Hall in Hockley on Monday night in the interests of Mr. Thos. Hammell, the Conservative reciprocity candidate in South Simcoe. Mr. Hammell was ably supported by Mr. E. C. Drury, of Crown Hill, and Mr. W. E. Murphy, of Tossorontio. Alex. Ferguson, M.P.P., and a Beeton speaker were present in behalf of Mr. Haughton Lennox. Mr. John Best drove over from Glencross after his meeting there and was given an opportunity to speak, so that there were three debaters on each side. Electors who were at the meeting say that Drury made the speech of the evening, and had altogether the better of the Lennox speakers. Councillor Jas. Sheehan, of Adjala, occupied the chair.

SCHOOLS RE-OPEN.

Orangeville High and Public Schools re-opened on Tuesday. There is quite a large attendance at the former institution and a number are expected to enrol next week. The members of the staff this year are:—Alex. Steele, B.A., Principal, Specialist in Mathematics, English and History; Miss Grace M. Strang, B.A., Specialist in English, French and German; J. H. Adams, B.A., Classical Master; John Tanton, B.A., Science Master, and Miss Clara Hulse, Commercial Teacher. The Public School staff is the same as last term with a single exception. Miss R. Wilcox takes the place of Miss Ethel McCoy, who resigned before the vacation. The teachers are:—Mr. A. Firth, Principal, Misses F. and C. Shain, M. Hunter, M. M. Mann, Isabel Brown, L. W. Wiltse, S. McIntyre, R. Lalor and R. Wilcox.

THE WIDER OUTLOOK.

The following editorial, clipped from a recent issue of The Presbyterian, is worthy of the careful consideration of every elector:—

There are many hopeful features in the political life of Canada to-day. The leaders of both parties are men of integrity and patriotism. The candidates for Parliament, as one can judge from personal knowledge and report, are generally men who deservedly command the respect and confidence which have led to their nomination. The heart of the electorate is sound. Our people love their country and desire to see it prosperous and honored among the nations.

That there are shadows in the picture must be admitted. It cannot be said of all the members of the present Government that they have avoided the very appearance of evil, and not all of those who stand in the front rank of the Opposition are above suspicion. Some candidates are willing to pursue the object of their ambition by devious ways and to purchase success, if need be, by the use of dishonorable means. And there are voters in every constituency—a large number in some constituencies—who hold their franchise not as a sacred trust, a civic responsibility, to be exercised seriously as in God's sight, but as a vendible possession to be disposed of to the highest bidder.

Such conditions, undeniably existent, indicate that in Canada we have not yet reached the state of political perfection. There is another flaw in the fabric of our political life, not so conspicuous, perhaps, as those we have mentioned, but which, unless it is mended, is sure to be a source of weakness. We mean the tendency to give undue weight, in the formation of political opinion, to local or sectional considerations. The most notorious present example of this kind is the Nationalist movement in Quebec. The French minority in Canada are not to be blamed for their desire to perpetuate the language, the customs, and the religion of their ancestors, and if they think it well to form some sort of organization for the preservation of these things no valid objection can be taken to their doing so. But when that organization is effected in such a form as to set them apart from and in opposition to the rest of their fellow citizens, when French-Canadians are taught to regard their interests as separate from those of other Canadians, when they are no longer reminded that they share a common heritage with their English-speaking brothers with whom they should unite in the work of nation-building, when they are led in effect to regard Quebec and not Canada as their country—then we must deplore a leadership which is responsible for such results, and must hope that not these blind guides, but leaders of wider, truer vision may command the allegiance of the people.

The lack of the wider outlook is found in other forms and in other quarters than among the Nationalists of Quebec. There are parts of the Dominion in which public works are extensively constructed and regularly maintained by the Government. In these sections the tendency is to estimate the merits of the political parties, not by the statesmanship of their policies or by the effect which the respective policies are likely to have upon the prosperity of the Dominion as a whole, but by the lavishness with which public money is expended in the particular locality. And there are Cabinet ministers—the present contest will furnish examples—who are all too ready to gratify the spirit of local covetousness and to bid for support by the promise of large public expenditure. It would be a statesman's part rather to teach the people to take a wider outlook, by discussing with them the great questions of national policy and showing how by the working out of this or that policy the public well-being is much more affected in the long run than by a temporary local expenditure.

Something might be said also about the danger of a narrow and selfish outlook by this or that class in the community. It is a misfortune when either manufacturers or grain growers attempt to influence legislation with a view to the prosperity only of the class to which they belong. With the wider outlook one perceives that the nation is like the body, that its interests are bound together, that if one member suffers all suffer, and that the health of each part is necessary for the health of the whole.

From the point of view which we have tried to unfold, it is a matter for congratulation that a great economic question is at issue in the present campaign. With such a question before the country there will be less danger of undue weight being given to local and sectional interests than there has been for a long time past. Let us try to face the momentous issue which is now submitted for our judgment seriously, leaving aside, as far as possible, warping selfishness and blinding prejudice, and seeking to reach a decision worthy of enlightened Christian men, the citizens of a great free nation.

POLITICIANS AT FALL FAIR

There will be quite a notable gathering of politicians at Orangeville Fall Fair this year. Among those who have already intimated that they intend to be present are John Best, late M. P. and present Conservative candidate for Dufferin, D. B. Brown, Liberal candidate for Dufferin, Richard Blain, late M. P. and Conservative candidate for Peel, S. Charters, M. P. P. for Peel, C. R. McKeown, M. P. P. for Dufferin, and Warden McBride, of Peel, W. J. Lowe, Reform candidate for Peel. Some of the candidates in the Simcoes and Wellingtons are also likely to take in the sights at the Fair, and do some hand-shaking with their constituents from the municipalities that border on Dufferin County.

Mr. Geo. A. Leighton
President of the Dufferin Agricultural Society.

It is in a large measure due to the energy of President Leighton that the Society's membership is this year fifty per cent. larger than at any previous time in its history.

SPECIAL TRAINS.

The Officers of the Dufferin Agricultural Society have made arrangements for two special trains on Friday, September 15th, the second day of Orangeville Fall Fair. One of the specials will run from Grand Valley, stopping at Waldemar and other intermediate stations and the other from Erin, stopping at Cataract, Alton and Melville Cross. These trains will prove a great convenience, and should swell the Fair attendance considerably.

COUNCIL SETTLED.

A special meeting of Tecumseth Council was held at Tottenham on Saturday evening, Aug. 26th, to consider Mr. William Varey's claim of $100 for damages sustained through sickness of cows alleged to have been caused by drinking impure stagnant water to which they had access owing to the culvert opposite lot 11, con. 5, becoming choked and not carrying the water way. His claim also included veterinary bill and cost of writ. The case was settled by the council agreeing to pay $60—$35 to Mr. Varey and $25 to Mr. Fraser, his solicitor, for his expenses in connection with the case.

OF INTEREST TO BOYS.

The Broadview Boys' Institute, Toronto, has held for the past nine successive years a Boys' Fall Fair, in which the exhibitors are boys eighteen years of age and under, and the Board of Directors is composed entirely of Boys. Last year there was 2,100 entries, made by nearly 600 boys, and the value of the prizes totalled over $600, mostly cash. The exhibits include vegetables, flowers, ponies, dogs, rabits, poultry, pigeons, canaries, and other pets, photography, art, industrial crafts, collections, penmanship, literature, Boy Scout work, etc. The Fair receives recognition and a grant from the Provincial Department of Agriculture. The competition is open to all boys, everywhere. Prize lists will be mailed on application, and any boy willing to act as representative for his locality is requested to write the Secretary Boys' Fall Fair, Broadview Y.M.C.A., Toronto.

CARD OF THANKS.

Mrs. W. J. McPherson, of Caledon, desires to gratefully thank her neighbors and friends for their kindness, assistance and heartfelt sympathy during the illness and subsequent to the death of her husband.

CARD OF THANKS

Mrs. Thomas Parsons wishes to publicly thank her neighbors and friends for their invaluable assistance during the illness of her husband, and also for their many kindnesses, and acts of practical sympathy after his death.

Three steers were roasted and 500 lbs. of bread used for sandwiches at the butchers' barbecue at St. Catharines last week.

RED ROSE TEA

NEVER SOLD IN BULK

"I thought that too, Marie, till I used Red Rose. Just you try it, dear."

FREE INTERCHANGE.

Bell and Consolidated Telephone Companies Make a Five Year Agreement.

After many delays and much fruitless negotiation, the Bell and the Consolidated Telephone Companies have finally reached an agreement whereby the subscribers of the two Companies in certain districts will now enjoy the advantages of a mutual free exchange. So far as Orangeville is concerned, the free exchange district covers the whole of Caledon township south to and including lot 14, and any sections of Mono township now served or that may be hereafter served by the Consolidated Telephone Co's. system. This means that Bell Telephone Co. subscribers on the Orangeville exchange are now entitled to free connection with the Consolidated Telephone Co's. subscribers anywhere in the district just mentioned. This covers the villages of Alton, Cataract and Charleston and practically all of Caledon township within trading distance of Orangeville. Telephone users in this district will also enjoy the boon of free connection with Orangeville and long distance connection over the Bell on the same terms as Bell subscribers. The advantages of the arrangement are self-evident. Outside of the area already defined subscribers of the two companies get a 10c. exchange in the territory between lot 14 and the south end of Caledon, and west into Erin township almost as far as Ospringe. This means a 10c. service between Orangeville on the one hand and Erin, Hillsburg, Inglewood, Belfountain, Credit Forks, Caledon East, and contiguous territory on the other. Outside of this second district the exchange rate has been fixed at 20 cents. The agreement, which is already in effect, is for a term of five years. Subscribers of the two companies are freely availing themselves of its advantages and the operators at the Bell Central here report a heavy volume of calls over the line from Caledon.

The question of a working agreement between the two companies has been a disturbing factor ever since the Consolidated Company, then the Caledon Telephone Company, made application to the Orangeville Council for a franchise enabling them to build into Orangeville and establish a local exchange here. The first application was made over three years ago. The present amicable settlement is a matter of no ordinary satisfaction and the two companies are to be congratulated upon arriving at such a happy and satisfactory solution of their difficulties.

The Mono Mills Telephone Co., another of the independent companies operating near Orangeville, has been working for the last three years under a similar arrangement with the Bell. This Company is said to have 112 subscribers, to be entirely free from debt, and besides have a snug balance on deposit in the bank.

OFF TO THE WEST.

Among those from Orangeville and vicinity, who left for the West on Tuesday's excursion were:—Mr. and Mrs. W. E. Island, Centre Road, Mono, Mrs. Hill, Orangeville, H. F. Laidlaw, Mono Centre, J. J. Anderson, Whittington, and Allen Maxwell, Caledon, for Edmonton; Chas. Dyer and Arch. McPhee, Erin, for Saskatoon; I. E. Hunter and Mrs. Walter Smith, The Maples, for Lethbridge.

PUPS FOR SALE.

Five Collie Pups for sale. Apply to J. W. McMaster, Prince of Wales Road, Orangeville P. O.

FOR SALE CHEAP!

A good brick house on John St., convenient to station. Also one on West Broadway. This would make a beautiful home for a small family. There is hard and soft water in the house, also the electric lights, good garden, good fruit, and is well situated. For particulars apply to
T. G. LEGATE,
Box 132,
Orangeville, Ont.

VOTERS' LIST, 1911.

Municipality of the Township of Amaranth, in the County of Dufferin.

Notice is hereby given that I have transmitted, or delivered, to the persons mentioned in sections 8 and 9 of the Ontario Voters' Lists Act, the copies, required by said sections to be transmitted, or delivered, of the List, made by me pursuant to said Act, of all persons appearing by the last revised Assessment Roll of the said Municipality to be entitled to vote in the said Municipality at Elections for Members of the Legislative Assembly, and at Municipal Elections, and that the said List was first posted up at my office at Laurel, on the 15th day of August, 1911, and remains there for inspection.

Electors are called upon to examine the said List, and, if any omissions of other errors are found therein, to take immediate proceedings to have the said errors corrected according to law.

E. HAMILTON,
Township Clerk.
Laurel, August 15th, 1911.

MAIL CONTRACT

SEALED TENDERS addressed to the Postmaster General, will be received at Ottawa until Noon, on Friday the 29th September, 1911, for the conveyance of His Majesty's Mails, on a proposed Contract for four years, six times per week, between Grand Valley and Grand Valley (Round Route) (Rural Mail Delivery) from the Postmaster General's pleasure.

Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of Tender may be obtained at the Post Offices of Grand Valley, Wesley, Campania, and at the Office of the Post Office Inspector at Toronto.

G. C. ANDERSON,
Superintendent
Post Office Department,
Mail Service Branch,
Ottawa, 15th August, 1911.

H. FOSTER CHAFFEE,
A. G. P. A., Toronto.

MONO MILLS.

Miss Ethel Allen, who has completed her first year course in Bellevue hospital, New York, is home on a two weeks' furlough.

On Saturday afternoon last Miss Beatrice Duke was submitted to the extreme inclemency of a linen shower of such gigantic proportions that a large clothes basket was required to carry away the droppings. The donations were from the members of the Woman's Auxiliary, who gathered together at the home of their president, Mrs. W. J. Mills, to take this opportunity of expressing their esteem for Miss Duke, who was a valued member of that organization, previous to her marriage to Mr. Norman Jackson, of Medicine Hat, Alta., which took place on Wednesday, 6th, inst.

Mrs. Geo. Campbell, of Toronto, and her two daughters, and Miss Hattie Forster, of Streetsville, are guests at the home of Mr. and Mrs. Wilson Duke.

Mr. Clarence Snell, of Toronto, who has been spending a week with friends here, returned home on Monday.

School re-opened on Tuesday with Miss Londry, of Balaclava again in charge.

Mrs. Bert Auliffe, of Nassagaweya, is the guest of her sister, Mrs. Ira Stork.

Mrs. Bert Stubbs and her little son left for their home in Seven Persons, Alta., on Thursday.

Nearly everyone around here is taking in Toronto Fair.

LAUREL.

A most terrific thunderstorm passed over our little town on Saturday of last week. The lightning, the pealing of the thunder and the downfall of rain were something terrifying for a time. Fortunately very little damage was done in this neighborhood, although some of our residents had very narrow escapes. A horse, belonging to Mr. Jos. Rayfield and attached to a milk wagon loaded with milk, when nearing the cheese factory, was stunned so badly that it fell to the ground. The driver was also stunned, but strange to say both recovered in a short time, and are apparently none the worse after their thrilling experience. One of the apple trees in front of Mr. Geo. Hepton's house was struck by lightning, but no serious damage was done. Mr. Robert Wallace's barn on the 2nd line was also struck by a bolt, and the roof damaged to a considerable extent. We understand that the loss is fully covered by insurance. Electric storms are so frequent and so severe that we would advise everyone to protect themselves as speedily as possible against loss by putting on ample insurance in some good company. It would not be amiss either as a safeguard to place lightning rods on all buildings.

At present there is a great rush to Toronto to visit the Exhibition. It is well worth seeing this year.

The Laurel Cheese Mfg. Co., have sold its entire August make for

It would not be amiss either as a safeguard to place lightning rods on all buildings.

At present there is a great rush to Toronto to visit the Exhibition. It is well worth seeing this year.

The Laurel Cheese Mfg. Co., has sold its entire August make for 13 5-16c. per lb. This is the highest price realized in the last seven years. The prospects are for even better prices in the future.

Harvest is over and the hum of the threshing machine is again heard.

Many of our farmers have commenced their fall plowing. This is a good season to kill weeds and cleaner farms will be the rule if the farmers take advantage of the favorable opportunity.

Mr. and Mrs. Stevenson have just returned home after an absence of two weeks visiting friends. They report having a good time.

Mr. E. Hamilton, our township clerk, is away on a six weeks' visit to his son, Mr. Russell Hamilton, of Pasqua, Sask. We hope our esteemed clerk will have a pleasant trip. This is his first visit to the West.

Mrs. E. J. Adams, of Cobalt, is visiting her sister, Mrs. Herb Hughes, for a couple of weeks.

Misses Lizzie and Cora Bidwell gave a delightful afternoon tea to about twenty of their young lady friends last Thursday afternoon. A splendid time is reported.

Laurel Women's Institute will give a concert in the Town Hall on election night, Thursday, Sept. 21st. A first class programme is being prepared. Proceeds in aid of the Orangeville Hospital. Admission, 15c.

(Another Correspondent)

The Women's Institute of Laurel, are holding a musical concert on Sept. 21st. Particulars later.

Rev. Mr. Stevenson, wife and family have returned after spending two weeks visiting Mr. Stevenson's mother at Renfrew.

There was a debate in the Methodist League Tuesday evening, "Resolved that Reciprocity would be a benefit to Canada." It was taken by the young men of the League, and was very interesting. The negative won by many points.

Rev. Mr. and Mrs. Bell are expected back soon. They have been on an extended trip to the West.

A great many around here are taking in the exhibition at Toronto.

FALL SKIN SORES

When troubled with fall rashes, eczema, or any skin disease apply Zam-Buk!

Surprising how quickly it eases the smarting and stinging! Also cures cuts, burns, sores and piles. Zam-Buk is made from pure herbal essences. No animal fats—no mineral poisons. Finest healer! Druggists and Stores everywhere.

Zam-Buk

MULMUR.

Hello, Mr. Editor, back again after an absence of a few weeks to attend to my correspondence. I had a fine time visiting western friends.

The hum of the separator is the only indication of a harvest this year. Crops never were so poor.

Fall wheat is already sown, and farmers are doing extra work on their fields and hope for a better crop next year.

Miss McDowell, our popular teacher, is back to take charge of the Union School.

Misses Gertrude and Hazel Peacock have taken charge of two schools in Mulmur township.

Several of the boys intend taking in the exhibition in Toronto this year.

Miss Maggie Armstrong is confined to her room with pneumonia. Dr. Blair is in attendance. Miss Ethel Little ably filled the duties of organist on Sunday.

The people in this community were terribly shocked when they learned that D. B. Brown, of Orangeville, had offered himself as reciprocity candidate in the coming election in Dufferin. Old Liberals will have great pleasure in casting their first Conservative vote for John A. Best. They say that they will never stand for the "stars and stripes."

On Tuesday evening, Aug. 29, W. E. Murphy, of Tossorontio, who is a graduate of Kingston University, held a meeting to speak in behalf of reciprocity in Rosemont. Mr. Dunn Gallaugher, of Saskatchewan, was appointed chairman. The hall was filled with eager listeners. Mr. Murphy spoke for one and a half hours. He referred to history back to the reign of George I. No one present could make head or tail out of his speech. The next speaker was Mr. T. G. Smith. All he had to talk about was tobacco, cotton and guinea pigs. The Chairman also spoke. He said that they did not need reciprocity in the West. He was cheered to the echo. It was the best fun Rosemont has had for a long time.

CAMILLA.

Mr. and Mrs. Thos. Kitteringham, of Amaranth, spent Sunday with Mr. and Mrs. Philip Alchin.

Mrs. Joseph Howard is visiting friends in Owen Sound.

Mrs. Hilliard Anderson left for Toronto on Wednesday. She will take in the Fair while in the city.

Quite a number of Monoites contemplate taking in the big Fair in Toronto this week.

Mr. Arthur McCarston had 15 sheep killed and thirty injured by a dog or dogs on Sunday night.

The Municipal Council will meet on Friday, the 22nd inst.

The Camilla Cheese Factory's August make of cheese up to the 20th ult., has been sold for 13⅞c. per lb. This should be quite satisfactory to the patrons as it is the highest price reported up to the time of the sale. It will be to the interest of all the patrons to send in all the milk they can from now on, as the price for cheese will be even higher for September and October makes.

Mr. David Lundy paid friends in Caledon a flying visit, leaving on Saturday and returning on Sunday.

Miss Maggie Frame, who has been staying with friends in Primrose, returned home on Saturday.

EXHIBITION RACING.

Dr. Harry Riddell appears to have been given a raw deal in the stallion trot at the Toronto Exhibition on Wednesday of last week. Dr. Riddell started his fine horse, The Bison, in this race, and succeeded in capturing three out of the five heats, but was placed second for running. The action of the judges caused a storm of protest from the spectators, many of whom were not slow to charge favoritism and even crookedness. The Mail & Empire gives the following report of the race:—

"The stallion trot, which is always a feature race, was marred by scratches and only two faced the starter—Fritz Bingen and The Bison. The former won the first heat in 2.15¼, but in the next two The Bison turned the tables. The Bison also won the fourth heat, but was placed second for running. In the fifth heat The Bison also won, but was again placed second, amid the groans of the spectators, and there was some cause for their outburst, for The Bison, who is inclined to skip along, did not act any worse in the fourth and fifth heats than he did in the second and third, where the judges placed him as he finished. The summary was as follows:—

Stallion trot, purse $500—

Fritz Bingen, Jos. Swartz, St. Catharines (Robertson)	1	2	2	1	1
The Bison, W. H. Riddell, Orangeville (Riddell)	2	1	1	2	2

Time—2.15¼, 2.16¾, 2.16¼, 2.17, 2.18.

FIFTY PER CENT. INCREASE.

The Dufferin Agricultural Society' membership is fifty per cent. large this year than in any other year in its history. This bespeaks a good exhibition on Thursday and Friday, September 14 and 15 next.

The engagement is announced of Miss Edna M. Graydon, elder daughter of Mr. Robt. Graydon, of Streetsville, to William H. Clipperton, of Toronto.

John L. Regan, formerly of Orillia, manager of the Midland Lumber Co., is the Liberal candidate in East Algoma, the riding formerly represented by A. E. Dymment.

DR. A. W. CHASE'S CATARRH POWDER 25c. is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. 25c. blower free. Accept no substitutes. All dealers or Edmanson, Bates & Co., Toronto.

FIRE FROM LIGHTNING.

Mr. G. L. Pletzer Sustained Serious Loss on Saturday Morning.

A very heavy electrical storm passed over Orangeville and vicinity early on Saturday forenoon. The lightning was very dangerous, the thunder almost incessant, and the rain fell in torrents. During the downpour lightning struck a frame workshop belonging to Mr. G. L. Pletzer and situated at the rear of his residence on William St. The building caught fire and although Mr. Pletzer and a number of the neighbors worked hard to extinguish the fire, using buckets and a lawn hose to play on the flames, they were unable to save the structure, which was burned to the ground. The contents, which consisted chiefly of lumber and partly finished furniture novelties, were also destroyed. The stock was quite valuable, some of the lumber being mahogany and oak, and therefore quite expensive. An adjoining stable, belonging to W. H. White, caught fire two or three times, and it was only by the strenuous efforts of a volunteer bucket brigade that the building was saved. An alarm was sent in shortly after the fire started, but the brigade was very slow about turning out and there was no chance of saving the workshop when the fire fighters arrived.

Unfortunately Mr. Pletzer stands to lose a considerable amount by the fire. He was formerly in the employ of the Hurndall Novelty Mfg. Co., but since the burning of the Company's factory last June he has been manufacturing furniture novelties and knicknacks on his own account. His business has grown so rapidly that he was obliged a few weeks ago to secure larger premises. Recently he moved his machinery to the new workshop on the other side of William St., but still had the bulk of his stock in the old workshop. To make matters worse he transferred his insurance a short time before the fire, so that the building and contents will be a total loss. He estimates his loss at $500. Mr. Pletzer is an honest, hard-working citizen and he and his equally industrious wife have the sympathy of everybody in their discouraging misfortune.

W. J. McPHERSON.

Mr. W. J. McPherson, a well-known Caledon farmer, died at his home, lot 25, 4th line, east, in that township, on Thursday last after an illness of four weeks or upwards. Deceased, who was 48 years of age, had been in indifferent health for the last four years, suffering from anaemia and heart trouble. He was an energetic, hard-working man and leaves a fine home and property. Mr. McPherson was born in Orangeville and spent his whole life here and in Caledon. He is survived by his mother, Mrs. John McPherson, Wellington St., a widow, who was a daughter of the late Duncan Ferguson, of Caledon, and five brothers and three sisters. The brothers are Thos. McPherson, Hanley, Sask., Adam, of the firm of McPherson & Johnston, Orangeville, Hugh., of Plattsburg, N. Y., Robt., of Guelph, and George, of Dallas, Texas. Mrs. L. T. Manhardt, Misses John and Mary McPherson, all of Brandon, Man., are the sisters. There was a large attendance at the funeral, which was held to the Forest Lawn cemetery on Sunday afternoon. The pallbearers, all neighbors of the departed man, were Messrs. T. J. Henry, I. Hammond, Thos. Speers, Thos. J. Robinson, Geo. H. Duke and John Meek. Rev. B. Davies, pastor of Orangeville Baptist Church, had charge of the services. The sympathy of many friends is extended to the bereaved widow and relatives.

MRS. BACHTEL.

Mrs. Bachtel, a sister of Mayor Riddell, died at her home in Chicago quite unexpectedly on Thursday last. Deceased was 43 years of age, and was well-known in Orangeville, having resided here for a number of years subsequent to the death of her first husband. The remains were brought to her old home for burial, the funeral, which was largely attended, taking place from Mayor Riddell's residence on Mill St., to the Forest Lawn cemetery at four o'clock on Sunday afternoon. Rev. Dr. Harper conducted the services at the house and grave. The pallbearers were Messrs. W. M. Green, E. C. Clark, J. Foley, H. L. Atkinson, Dr. Carson and W. G. Kearns. The surviving brothers and sisters, who have the sympathy of many friends in their bereavement, are Mayor Riddell, Orangeville; Walter Riddell, in the West, Joseph and Robert Riddell, Toronto, Thos. Riddell, Sudbury, Mrs. Geo. E. Newbury, Chicago, and Mrs. F. A. Miller, Toronto.

Golden Seal, the root of the above plant, is a very useful medicine. Many people gather it in our rich woodlands during the summer. Few people know how valuable it is in dyspepsia, catarrh, and as a general tonic.

Many thousand pounds of this root are used each year in the famous catarrh remedy, Peruna. This fact explains why everybody uses Peruna for catarrh.

Ritchie Bros.

Grand Millinery Opening on Wednesday, September 13th and following days. Miss De La Ree again in charge.

Ritchie Bros.

Suggestive Questions

On the Sunday School Lesson by Rev. Dr. Linscott for the International Press Bible Question Club.

SEPT. 10, 1911.

Daniel and His Companions ; a Temperance Lesson. Dan. i:8-20.

Golden Text—It is good neither to eat flesh, nor to drink wine, nor anything whereby thy brother stumbleth. Rom. xiv : 21.

(1) Verse 8—Who was Daniel, and how did he get to Babylon?

(2) What did Daniel propose for his food?

(3) What are the advantages and disadvantages (1) of a meat diet, (2) of a vegetable diet?

(4) Is there any reason to believe that God originally meant man to be a meat eater?

(5) If meat is necessary for strength, how do you account for the strength of the horse and the elephant, as both are vegetarians?

(6) Is there any reason to think that the craving, or desire for meat is an artificial appetite?

(7) What evidence is there that a purely vegetable diet would increase the health and the longevity of the people?

(8) Verse 9—Did God in some supernatural way cause the prince of the eunuchs to love Daniel, or in any other way than through Daniel's lovable manner?

(9) Does God turn the hearts of people to love or favor good Christians wholly apart from their actual attractions?

(10) Verse 10.—Which people are the healthier, those who have abundance of rich food and who eat all they can or those who have plain food and eat only enough to give them sufficient strength for their work ?

(11) Verses 11-13—What should be our rule as to the kind and quantity of food we eat?

(12) Which class in the community is generally the healthier, the rich or those respectable people who have to struggle "to make ends meet?"

(13) Take one hundred persons who drink nothing but water and another hundred persons who drink intoxicating liquor and compare their probable condition as to (a) health, (b) wealth, (c) happiness.

(14) Who were Hananiah, Mishael and Azariah?

(15) Verses 14-15. What was the result of the test made upon these three Hebrew young men, in eating a strictly vegetable diet, and drinking nothing stronger than water?

(16) Should this test from experience bind our conscience, and cause us to eat and drink as they did? Why or why not?

(17) Verse 16—What in our day are the chief evils of gluttony, and what are the chief evils of drunkenness?

(18) To what extent would the world be better if the use of intoxicating liquor as a beverage could be stopped? (This is one of the questions that may be answered in writing by members of the club.)

(19) Verses 17-21—To what extent may all men develop their ability by increasing their knowledge?

(20) Why is it not possible for all persons with sufficient study to become first rank artists, orators, poets, and scientists, or to attain to supernatural powers like Daniel and his companions?

(21) Were the learning and wisdom of these four young men acquired, or the gifts of God?

(22) Where do you draw the line as to the possibilities of present spiritual or supernatural powers?

Lesson for Sunday, Sept. 17th, 1911.—Daniel's Companion in the Fiery Furnace. Dan. iii.

YOUR QUESTIONS ANSWERED:

If you would like to have answered any particular question each or any week from "The Suggestive Questions on the Sunday School Lesson" by Rev. Dr. Linscott, send in your request to this office, giving the date of the lesson and the number of the question you wish answered. You may select any question except the one indicated that it may be answered in writing by members of the club Dr. Linscott will answer the questions either in these columns or by mail through this office. Don't forget to state what benefit these "Suggestive Questions" are to you. Give your full name and address. Send your letters to The Question Editor of the Banner.

New electrical fixtures have been installed in Mt. Forest Methodist Church at a cost of $450.

In Dread of Something

You can scarcely tell what—It may be Hysteria, Insanity, Nervous Collapse.

You can only throw off this depression when the nerve cells are restored to health by such treatment as Dr. Chase's Nerve Food. Your digestive system has failed to supply proper nourishment to the nerves and you are compelled to seek aid from other sources.

It will take some patience and persistent treatment, but there is no way by which you can so certainly restore health and vigor as by the use of Dr. Chase's Nerve Food.

The best time to restore the nervous system is long before such a critical condition is reached. Such symptoms as sleeplessness, headaches, nervous indigestion, muscular weakness, loss of energy, failure of memory and power of concentration, irritability and discouragement tell of a failure of the nervous system and warn you of the approach of serious trouble.

Dr. Chase's Nerve Food 50 cents a box, 6 boxes for $2.50; all dealers, or Edmanson, Bates & Co., Toronto.

AT LAST, A CURE FOR RHEUMATISM

"Fruit-a-tives Cured Me" Says Mrs. Baxter.

"I was a helpless cripple from Rheumatism for nearly a year. All down the right side, the pain was dreadful and I could not move for the agony. I was treated by two physicians without help.

I saw "Fruit-a-tives" advertised in "The Telegram" and decided to try them. After I had taken one box, I was much better.

When I had taken three boxes, I could use my arm and the pain was almost gone.

After taking five boxes, I was entirely well again. The cure of my case by "Fruit-a-tives" was indeed splendid because all the doctors failed to even relieve me. "Fruit-a-tives" cured me.

MRS. LIZZIE BAXTER.

4 HOME PLACE, TORONTO, Dec. 15, '09.

In hundreds of other cases, "Fruit-a-tives" has given exactly the same satisfactory results because "Fruit-a-tives" is the greatest blood purifying medicine in the world. "Fruit-a-tives" the famous fruit medicine regulates kidneys, liver, bowels and skin, and prevents the accumulation of uric acid, which is the prime cause of Rheumatism.

"Fruit-a-tives" will positively cure every case of Rheumatism, when taken according to directions. 50c. a box, 6 for $2.50, or trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

FILLING THE SILO.

(Continued from last week.)

Ordinarily, corn cut at the proper time does not need any water added to make good silage. There are times, however, when it is necessary to add water to the corn in filling the silo. The corn in the silo at the time of filling should feel moist; if not moist, water should be added. Under any of the following conditions water should be added to the corn when filling the silo; First, when the corn is too ripe, and the leaves and part of the stalks are dried out to such an extent that they will not pack well. Second, when the corn is severely frozen before it has reached the proper degree of maturity, liberating the moisture, and leaving the leaves and stems dry. Third, when refilling the silo late in the fall with shocked corn, it is always necessary to add water. There are two ways to add water. First, put a hose in the silo and thoroughly saturate the dry portions, especially around the walls. Second, where the blower cutter is used, run an inch stream of water into the blower when it is at work. This will add a sufficient amount of water to insure good results.

Filling Cracks and Air-Spaces in Silo.—The silo should be air-tight. Any crack or space which lets in the air will cause more or less moldy silage. These troubles in wooden silos may be avoided at filling time by having a pail of soft clay at hand ; as the silo is filled up, anything that looks as though it was not air-tight should be filled with a handful of clay. Any cracks or openings in masonry silos should be properly fixed with cement before filling. Great care should be taken to have the door fit well and air-tight. In a good silo, properly filled, there should be no waste, except at the top.

There is always some waste on the top of the silo, unless feeding operations are commenced as soon as the silo is filled. The amount of waste material varies under different conditions of management, from two inches, where great care is exercised, to ten or twelve inches, where practically no precautions are taken to protect the same. Various methods of lessening the amount of waste have been tried out. One of the first precautions is to thoroughly pack and level the top of the silo. Some use oat chaff or cut straw. Others thoroughly soak the top with water, then seed with oats. The oats germinate and form a thick covering which serves to keep out the air, thus lessening the waste. One of the easiest and most satisfactory methods to pursue is to pick the ears of the last three or four loads of corn, then run the stalks through the cutter into the silo. Thoroughly tramp the same. Then put on from twenty to thirty barrels of water. This has the effect of hermetically sealing the silo, and only a very thin layer of waste will be on top.

The cost of filling the silo (cutting the corn in the field, hauling it, putting it through the silage cutter, tramping, levelling and covering the silo, varies from 40 cents to $1.00 per ton. It depends on many factors. First, the distance corn must be hauled from field to silo. Second, the kind of weather, as it will cost about fifty per cent. more to fill a silo during wet and broken weather than during dry, clear weather. Third, the kind of machinery used. The cutter must be a strong, well-built machine, with a wide feed-mouth, because at times it is put to very severe tests. The motor power must be ample; a 15-horse-power engine is much more satisfactory than a 10, where rapid filling is practiced. Fourth, a well-organized crew of men will fill a silo much cheaper than where organization is lacking. The machinery should be kept going at full blast all of the time.

The following statement, furnished by a very successful dairy farmer, gives an idea of the cost of filling a silo : "We hire an extra man or two, and making long days with the regular help during the filling season. We have our own outfit—silo, cutter and engine (16-horse gasoline), also corn-binder. We use our regular low-wheel flat-rack wagons, and have two pitchers in the field, and let one of them take the herdsman's wagon for first few loads in the morning and the last few at night.

Four teams and drivers	$16.00
Corn-binder, man and team...	10.00
Cutter and engine, with 1 man	15.00
Two extra men to pitch	5.00
Two men in the silo	5.00
Thirty gallons of gasoline ...	3.60
Total cost per day	$54.60

"This crew will put in from 85 to 90 tons per day ; thus, it costs around 60 to 65 cents per ton to fill the silo."

The above statement is a fair one. It has cost from 60 to 75 cents per ton to fill the silos at the Iowa Experiment Station during the past eight years. The higher cost was due to hauling a long distance, or to rainy weather, when the loading was more difficult, and the sand and dirt on the corn made it very difficult to keep the knives on the silage-cutter in good working condition.

The corn may be used for feeding purposes as soon as the silo is filled. For the first few days it will be simply cut corn, as it is not silage until it has gone through the heating process. In a week or ten days' time the real silage will be reached. When managed in this way, there is no waste on the top of the silo. If allowed to stand for several weeks there will be some waste, in the form of decayed corn. This should be removed, and hauled to the field in a manure spreader, as it is not always a safe feed for any class of live stock.—The Farmers' Advocate.

DRAGGED NEARLY A MILE.

Tragic Death of a Respected Citizen of Markdale.

Mr. Thomas Brown, who retired from farming some five years ago, and has since been a respected citizen of this village, has recently been assisting Mr. Fred. Birch, an old neighbor on the 7th of Euphrasia. He came to town early Friday morning on an errand, with horse and road cart. On returning he put a box on the cart which greatly hampered him for room, and indeed he left town with one leg hanging over the side, and a basket on one arm. A little later the horse was met by Messrs. Alex. Donnelly, Frazer Gilray and James McGee a mile out of town, the horse jogging along homewards and Mr. Brown hanging over the wheel head down and one foot fast in a shaft brace. He was released, but in an unconscious and almost lifeless condition. They brought him back to town and to Dr. Sproule's surgery, where three doctors examined him and had him removed to his home on Toronto street, where he, on arrival, passed away, not having regained consciousness. His hat and the basket were found opposite Os. Walker's, so that he must have gone three quarters of a mile in the condition in which he was found. It was a rude shock to the whole community, and especially to his wife and daughter.

The funeral took place on Sunday afternoon and was a very large one. The Canadian Order of Foresters, of which deceased had been a member, took a prominent part in the obsequies, 105 members being in the procession. Rev. Jos. Young, his pastor, conducted a short service at the house, and preached an able and appropriate sermon in the Methodist church on the way, and also officiated at the grave.

Mr. Brown was born in Preston, England, fifty-six years ago. When about a year old he came to Canada with his parents, and resided near Tullamore. 28 years ago he was married to Margaret Shaw, daughter of Samuel Shaw, of Gore township. They came to Euphrasia the same year, settling on a farm on the seventh line. Some five years ago he retired from farming and came to Markdale, where he has since resided. He is survived by a widow and an only daughter, Ursula.

The following friends from a distance attended the burial : Mr. Henry Brown, a brother, of Toronto ; Mrs. Samuel White, a sister, of Caledon East; Mr. and Mrs. Isaac Brown, of Meaford; Mr. Robert Shaw, of Toronto Gore; Mr. George Shaw, of Toronto Gore; Mr. G. Baxendale, and sister, Mrs. W. McKinley, of Grand Valley; Mr. Willie Robinson, of Toronto Gore; Mr. and Mrs. J. Julian and family, of Heathcote.

The pall bearers were Messrs. A. Jackson, J. C. Shute, B. H. Walden, R. H. McNally, John Hannah and Os. Walker.—Markdale Standard.

Why Rheumatism Is Like Catarrh

Both are inflammations. The former of the muscle tissues, the latter of the mucous membranes. Both are caused by uric acid in the blood, and both are permanently and economically cured by Merill's System Tonic. This wonderful medicine, discovered by Merill, the great Canadian chemist, has never yet failed to cure any case of these diseases where it has been tried. It is a most powerful blood purifier and tonic for the stomach, liver and kidneys, and has brought health and happiness to hundreds of homes during the last ten years. Merrill's System Tonic is an honest, harmless remedy and is worthy of your highest confidence and esteem. Get it to-day from your druggist. Three weeks' treatment in tablet form. Price 50c., 6 boxes $2.50 Or sent postpaid by The Merrill Medical Co., Merrill Building, Toronto, Ont.

Sold and recommended by Thos. Stevenson, Druggist.

Shelburne held its civic holiday on Monday.

Rev. Father Morriscy

Father Morriscy's "No. 11" Cures Stomach Troubles.

When your stomach is working right you never know it is there. But when it feels as heavy as lead—when you have Heartburn, Belching of Wind, Sourness, a gnawing hunger, with distress after eating—when you feel irritable and depressed — then you may know that the digestive fluids in the stomach are not sufficient to digest what you eat.

Father Morriscy's "No. 11" Tablets supply these fluids in concentrated form. Each tablet, dissolved in the stomach, will digest 1¾ pounds of food, which is more than an average meal.

Read what Father Morriscy's treatment did for Mr. Gosline, of Salmon Lake. He writes Nov. 30, 1908 :

"I was troubled with indigestion, so severe that I really thought I had cancer of the stomach. I took much doctors' remedies, till I was forced to seek another resource, and this was the Rev. Father Morriscy. His treatments worked miracles, until I have been entirely cured, so that now I do not look to the quality of the diet but to the quantity."

Cured by the New Method Treatment

NO NAMES OR PHOTOS USED WITHOUT WRITTEN CONSENT

NERVOUS DEBILITY

Thousands of young and middle-aged men are annually swept to a premature grave through Early Indiscretions, Excesses and Blood Diseases. If you have any of the following symptoms consult us before it is too late. Are you nervous and weak, despondent and gloomy, specks before the eyes, with dark circles under them, weak back, kidneys irritable, palpitation of the heart, bashful, dreams and losses, sediment in urine, pimples on the face, eyes sunken, hollow cheeks, careworn expression, poor memory, lifeless, distrustful, lack energy and strength, tired mornings, restless nights, changeable moods, weak manhood, premature decay, bone pains, hair loose, sore throat, etc.

YOU WILL BE A WRECK

Our New Method Treatment can cure you and make a man of you. Under its influence the brain becomes active, the blood purified, so that all pimples, blotches and ulcers disappear, the nerves become strong as steel, so that nervousness, bashfulness and despondency vanish, the eye becomes bright, the face full and clear, energy returns to the body and the moral, physical and sexual systems are invigorated; all drains cease—no more vital waste from the system. Don't let quacks and fakirs rob you of your hard earned dollars. We will cure you or no pay.

WHEN FAILURE WAS BETTER.

Frances Margaret Fox.

Little Virginia was the country cousin. She and her father and mother lived with grandpa and grandma on a big farm. Bessie, Kate and Dora were the city cousins whose mothers went away one summer and left them in the country to attend school with little Virginia.

Every morning, the four kissed grandpa, grandma and Virginia's mother before starting down the country road to the schoolhouse, with dinner pails flashing in the sun. Such good times those children had on their way to school, in school and home again! Virginia's mother played with them as if she were a little girl herself. Many and many a Saturday, the five went to the woods and stayed all day, coming home at night laden with wild flowers like the ones grandma picked when she was a child. It seemed as if Virginia's mother could plan a new game every time she closed her eyes and remarked, "Let me think a minute."

One morning, when the little girls were ready for school, Virginia said, "You can't guess, mamma, what we're going to play on the way home to-night."

"Follow the leader?"

"No, guess again."

"Oh, I'll give it up."

"We are going to play we're old time monks, and we've taken vows of silence. From the four corners to our house we're not going to say a word; not one of us. We're going to play it's a pilgrimage."

How grandpa laughed. "As if it would be possible for such chatterboxes to walk half a mile in silence," said he. "Oh, girls, try something easy. I know Virginia can't do it. She's never still; talks in her sleep."

"You just wait, grandpa, I'll show you! To-night, on the way home, I wouldn't speak to the King if he said, 'What is your name, little girl?'"

"Dear me," remonstrated Virginia's mother, who was Aunt Allen to the cousins, "I hope you'll never be rude or unkind."

"Well, auntie," Bessie explained, "vows of silence mean that you won't speak any more than if you were dumb."

"Dumb," mocked grandpa. "Here's a dollar, girls, I'll give it to the one that gets home without speaking. It's a safe offer."

"We'll each have a quarter, then, because it'll have to be divided in four parts," Dora insisted. "Why, grandpa, nothing can influence us four brave monks after we take our vows of silence."

"Nothing," added Kate. "We wouldn't speak to our dear mothers, if we met them, until our pilgrimage is done."

"You just wait," begged little Virginia. "I know I'll get here without saying a word to anybody. You see, we'll motion things to each other."

"There should be a booby prize in such a case," mother suggested, "so I'll kiss the little girl who can't keep still."

"It won't be your little girl that'll get that kiss," promised Miss Virginia.

That afternoon, when the cousins parted with their schoolmates at the four corners, they started on their pilgrimage with smiling faces. It seemed to Virginia that she never in her life thought of so many things she wished to say. Bessie dropped her handkerchief. Kate, seeing it fall, coughed violently and pointed to the ground. Bessie, on recovering her handkerchief, bowed her thanks. Kate saw a squirrel on the fence, touched her cousins and motioned in his direction. And so they journeyed homeward, giggling, pointing, clearing their throats, coughing and longing to talk.

"Lost your tongue?" questioned Deacon Fish. He was driving by, and overtook the girls on the road. When he asked them to ride, they motioned a refusal; nor would they reply to his kindly remarks.

Ed. Parsons met them a few minutes later. He was driving his cow home from pasture.

"How-dy-do?" said he. No answer. "Fine day," continued Ed. "By the way, Birginy, has your pa got any hay to sell?"

Virginia opened her mouth to say she didn't know, when stopped by a gleam of triumph in Bessie's eyes. Tight went that mouth together, and Ed. Parsons jogged along, convinced that there was no hay in the market.

"Don't shake your head, no more, Sis," he observed with a grin, "and I don't see occasion for all them motions. If it's fits you're having, I hope you'll get better 'fore sundown."

At last toiling along the country road, appeared an old woman bending under the weight of a heavy basket. The four looked questions at each other. Who could she be, and where was she going? So slowly she walked, the girls wondered if the poor thing could reach the nearest farmhouse while daylight lasted. Before they met the old woman, she sat down by the roadside, took a handkerchief from her pocket and began to cry.

At that, the little girls did everything but talk. They motioned that they ought not to motion, for fear the old woman might think they were making fun of her. They made sympathetic mumblings in their throats and looked in their dinner pails to see if they had anything to offer. When the cousins were opposite the stranger, they saw that she was in rags. Nor did the old woman raise her head, although she must have known that the four little girls were near. She was evidently trying to stifle sobs.

"I can't help it," Virginia broke out. "I've got to speak." Bending over the dejected figure by the roadside, the little girl said gently, "What is the matter Mrs.?"

Straightway the ragged old woman looked up and laughed. Straightway she hugged Virginia, until the child gasped for breath. "Oh, my precious little girl!" she exclaimed. "How glad I am you've won the booby prize! Here's your kiss!"

"Why, it's Aunt Ellen!" shouted Bessie.

"There, you've lost your share of grandpa's dollar," declared Kate. "And, oh, dear, so have I. It's Dora's now."

"But—but Aunt Ellen," interrupted Dora. "The lump in my throat was dreadful when I wondered why the old woman was crying."

"There, now," observed Bessie, "grandpa won't have to give away his dollar. Dora said something."

"I couldn't keep it all another minute for all the dollars on earth," sobbed Dora. "I'd rather have the booby prize!"

"Give them all the by prizes," suggested little Virginia, distressed by Dora's tears.

"Chattering like magpies!" declared grandpa, when the four escorted Virginia's mother through the gate.

"She made us talk," was Virginia's defence. "Pretending to be an old woman in trouble. It wasn't fair!"

"Well," acknowledged grandpa, "I'm bound to say I'm glad you didn't stand the test. We'll divide the dollar share and share alike among the brave monks who failed to keep their vows. So glad my girls didn't believe in success at any price."—Christian Observer.

A WEAK CHESTED BOY.

"My boy Frank seemed weak-chested and took a very severe cold," writes Mrs. D. Stevens, Ninga, Man. "The many medicines used did not seem to benefit him, until we tried Dr. Chase's Syrup of Linseed and Turpentine and found it to be exactly what was wanted to cure him." No treatment is so thorough and effective as a cure for croup and bronchitis.

J. A. Halsted, the well-known banker of Mt. Forest, formerly of Shelburne, has moved to Toronto to reside, being advised by his physician to seek a lower altitude for the benefit of his health, which has not been very good for some time.

NAPOLEON DRANK POISON.

Repented Act.

But Rebuked an Officer for Attempting His Life—Held Suicide in Detestation.

It is known that at one period of his career Napoleon, when all seemed lost in 1814, contemplated suicide, and actually took a draught of poison, which had fortunately lost its efficacy. He never attempted his life again in spite of the misery that he endured at St. Helena, and, according to the Debats, held suicide in great detestation. The little known incident was recently recalled by a Puritan writer, and will be new information for many who know something of the great emperor. When during his first Consulship one of his grenadiers killed himself Napoleon issued orders to the guards.

"The Grenadier Gobain has killed himself owing to a love affair. He was otherwise an excellent soldier. The First Consul commands that the guards should be informed that a soldier ought to conquer the grief and bitterness of his passions; that there is the same courage in enduring with patience the pangs of the soul as in facing bravely the fire of battery. To give oneself up to grief without resistance or kill oneself to escape, is to abandon the field before being beaten."

Again in a conversation with Goethe, Napoleon blamed the poet for allowing Werther to commit suicide, and in 1816 in a conversation with O'Meora, he said:—

"Suicide is the act of a gambler who has lost everything or of a ruined profligate. I have always thought that a man shows more courage in supporting the evils that afflict him than in getting rid of his life." He deplored the attempt that he had made on his own life, and in a conversation with Mr. Marchand:—

"When is life itself an evil," he asked. "When it offers only pain and suffering. But since the suffering and the pain change at every moment there is no instant of life in which a man ought to commit suicide. There is hardly a man who has not several times during his life conceived the desire of killing himself. But the same person would have been sorry for the act a few days later."

In the same way he remarked that a man who succumbed beneath the weight of present evils and committed suicide did an injustice to himself, obeying through weakness and despair, sacrificing to it all his future existence. And, finally, he had no patience with Cato and other great men for killing themselves. Cato's death, said Napoleon, was the one weakness of a great soul, the error of a stoic, the one blot on his life. All this is sufficient to show that Napoleon, in common with Socrates, held suicide in detestation.

PLAY FAIR.

Willis Warren Kent

Whatever the game, whatever the game,
One little rule is always the same—
Play fair!
Racquet or bat, or mitten or ball,
This is the edict that's guide over all—
Play fair!
Life is a game of prowess and skill,
Then play it with honor and play it
with a will—
Ponder the rule before you begin,
Break it, you never, no, never can win.
Play fair! —Ex.

DON'T BE BALD.

Nearly Anyone May Secure a Splendid Growth of Hair.

We have a remedy that has a record of growing hair and curing baldness in 93 out of every 100 cases where used according to directions for a reasonable length of time. That may seem like a strong statement—it is, and we mean it to be, and no one should doubt it until they have put our claims to an actual test.

We are so certain Rexall "93" Hair Tonic will cure dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair, that we personally give our positive guarantee to refund every penny paid us for it in every instance where it does not give entire satisfaction to the user.

Rexall "93" Hair Tonic is as pleasant to use as clear spring water. It is delightfully perfumed, and does not grease or gum the hair. Two sizes, 50c. and $1.00. With our guarantee back of it, you certainly take no risk. Sold only at our store — The Rexall Store. T. F. & T. J. Brown, Orangeville.

The paper boasts of Orillia's increased population of over 700 under local option, while Barrie's population under license law decreased 500 during the same period.

EYE ERROR

Not a question of age

No part of the body is so delicate, so easily injured and so generally abused as the eye. The need of glasses is not a question of age. Lots of children have to wear them and there are many more who should. Bad marks at school can often be traced to poor eye sight and very often the eyes should have the constant aid of glasses.

We have facilities here for testing your eyes and finding out exactly what they need. We sell only such glasses as we can thoroughly recommend. All work is guaranteed.

T. STEVENSON

Issuer of Marriage Licenses

AFTER 7 YEARS SUFFERING

I Was Cured by Lydia E. Pinkham's Vegetable Compound

Waurika, Okla.—"I had female troubles for seven years, was all run down, and so nervous I could not do anything. The doctors treated me for different things but did me no good. I got so bad that I could not sleep day or night. While in this condition I read of Lydia E. Pinkham's Vegetable Compound, and began its use and wrote to Mrs. Pinkham for advice. In a short time I had gained my average weight and am now strong and well."—Mrs. SALLIE STEVENS, R. F. D. No. 3, Box 31, Waurika, Okla.

Another Grateful Woman

London, Ont.—I feel as if I could not tell others enough about the good Lydia E. Pinkham's Vegetable Compound has done for me. I was so weak and tired that I could not rest nights. A friend recommended your Compound and I soon gained health and strength and could not wish to sleep better. I know other women who have taken it for the same purpose and they join me in praising it.—MRS. WM. A. BUFFY, 905 Dame St., London, Ont.

Lydia E. Pinkham's Vegetable Compound has surely cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, and nervous prostration.

ARCHIVES OF ONTARIO
TORONTO

Orangeville, August 24th, 1911.

To the Electors of the County of Dufferin.

GENTLEMEN,—

I take the liberty of informing you that I am a candidate to contest the coming election in this County against Mr. John Best. The election will be held on the twenty first day of September next and I respectfully solicit your votes and influence in behalf of myself and Reciprocity.

I have been a resident of this County for over thirty-five years and during that time and the earlier years of my life have always been closely connected with the agricultural interests of the country in general and the County of Dufferin in particular. Any success that I have attained in my business career is to a great extent due to the prosperity of the farmers and their future prosperity is of course in my best interest. You are aware that in the past manufacturers have been bolstered up and made rich at your expense and now that there is in sight legislation for the benefit of the farmer let us be united on this question and obtain all we can for your advantage.

It will be impossible for me to personnally interview each elector in the county before the election day, but if there is any information you want in regard to RECIPROCITY, or any other question pertaining to your welfare, write me freely. Or if you can make it convenient come and see me and I will be pleased to clearly and honestly explain questions of interest to you. Thanking you in anticipation of your support in this fight for the farmers' benefit I have the honor to be

Your obedient servant,

D. B. BROWN.

FARMERS OF DUFFERIN

READ THIS!

The following letter was written by Mr. A. Yeager, of the Derby Stock Farm, Simcoe, Ont., in answer to a letter written by Mr. Burns of Burns & Sheppard, Sales Stables, Toronto. Mr. Yeager is one of the prominent horse breeders of the Province and should therefore know what he is talking about. His letter reads :

I have flicked Mr. Burns on the raw. That passing reference to Board and Commission appears to have struck home, and he wants to bet. Well, I'll accept his proposition and even go one better. He wants me to put up $100 to his $1,000. I'll put up $2,000, and let him produce his short-end money. We'll deposit the wager with J. Ross Robertson, the loser to forfeit to the Hospital for Sick Children. Mr. Robertson is to be the referee, and decide whether I can or cannot substantiate to his satisfaction every statement I have made.

It isn't necessary to take Yeager's word for the "Board and Commission" story. Go out into the rural parts of the Province and get the testimony of the men who know by actual experience how things are done.

The sale stable and commission man has no more right to speak for the actual horse producer of Ontario than the smell of a gasoline engine would have to masquerade as a motor car.

Mr. Burns has taken up considerable space in an ineffective attempt to meet my contention that a great and profitable market in the eastern States is closed to-day to Ontario horse-breeders by present conditions. He answers my statement that teams worth here from $400 to $550 would bring across the line from $700 to $800 by asking "If this is near the truth, why don't dealers buy teams at $475 here, pay $104 duty and about $10 freight and expenses, which would make them cost $619, and sell them for $750 ?"

This question would fool no experienced horseman, but, of course, many people other than horse-breeders will read his letter, and so I ask you, Mr. Editor, for a little space to make my contention plain.

Again I do not ask anyone to take my unsupported word. Let the uninitiated consult the first reliable horseman he meets. Ask Dr. Grineside, Hon. Adam Beck, Messrs. Crow & Murray, Hugh Wilson, George Pepper, or even Mr. Burns, in his candid moments, if I am not speaking by the book when I say that Ontario horsemen are closed out at the line, not by the duty of twenty-five per cent., but by the regulations.

Let us take a sample instance. Suppose an Ontario farmer has a pair of blocks he has got together for $550. He goes to Buffalo with them. I said they would sell on the Buffalo market for $800. I stick by that statement. I defy Mr. Burns to prove it to be an exaggeration. My Ontario farmer enters his pair at $550, and pays $137.50 duty; he also has, say $35 freight and other expenses. About the time the duty is paid along comes the appraiser, and he puts a value of $600 on them. In vain does the farmer explain that he paid but $550 for them. "I don't care what they cost," says the official, "for importation into the United States my valuation is $600, and if you don't like that appraisal take them to the bonded barn."

The penal duty is forty-two and one-half per cent., or $233.75. If the shipper is experienced, he counts out the cash, and his pair of $550 blocks will then stand him $550 plus $137.50 plus $35 plus $233.75, or a total of $956.25.

If he has never been through the mill before he may fight. He will put his horses in bond, employ an American lawyer, wait for a hearing thirty days, paying board meanwhile, and, in the off chance of winning out, still lose from a monetary standpoint. Is it any wonder that every Canadian who has been trying to invade the United States market has been frozen out ? Again I say, ask the men who really know if I am not telling the truth.

The American horseman is scared of his life of Canadian competition. Every point has been stretched in making the regulations as obstructive as possible.

Give us reciprocity. Reciprocity cuts out of existence not only the twenty-five per cent. duty, but the valuator, the red-tape, the penal surtax. It will release the Ontario breeder from the thraldom of the sale stable—hence the tears.

Can any Ontario farmer be fooled by Mr. Burns' concern for him ? What is his interest? Why, a tariff wall at the border as high as he can get it; as restricted a market for the breeder as can be devised. Then, with no other outlet but the sale stable, the Ontario horse-breeder is surely Mr. Burns' meat.

At the opportune moment his buyers, so skillfully financed by him, scurry over the country gathering where they have not sown.

He says he could sell all the horses I ever raised in an hour. Perhaps he could if I were not there to protect them. If they came into his stable, having been first bought by some of his buyers, it would take him the rest of his life.

No, it is the old chestnut—the commission man against the producer. There is an election on, and we must fool the farmer just once more. But Mr. Burns has played the game too often before. It is a horse-chestnut this time, and it is bitter.

They talk of Canada being at the parting of the ways. Fudge! Canada is safe enough, no matter what happens. If the manufacturers and the moneyed interests insist, however, there may be a parting. The parting will be between them and the farmers who have long suffered in patience and fairly good nature. My advice to the interests is : let sleeping dogs lie. I read the other day that the farmers of Canada constitute 69 per cent. of the entire population. Isn't it about time for men who must have tariff protection to begin to think what the farmers may do if driven to act together? Let them once grasp fully all that is entailed in this reciprocity agreement, in the case of their horses alone, and they will sweep Mr. Burns and every anti-reciprocity candidate from Windsor to Montreal into oblivion.

A. YEAGER.
Derby Stock Farm, Simcoe, Ont.

VOTE FOR D. B. BROWN,

The Reciprocity Candidate.

Polling Day, Thursday, Sept. 21st

THE FIRST GUN.

Mr. Best Opens Campaign in Dufferin With Largely Attended Meeting in Grand Valley.

Mr. D. B. Brown, the Reciprocity Candidate, Takes Part in Interesting Political Debate.

The first gun in the political fight in Dufferin County was fired at the thriving village of Grand Valley on Wednesday evening of last week. Mr. John Best, our late member, arranged the battle ground, and to show that he was not afraid, invited the opposing forces into his camp, with the assurance of safe conduct back to their own lines, if required. Replying on this promise, so courteously conveyed, Mr. D. B. Brown was nothing loth, and the opening of the hostilities witnessed some really skilful sharp shooting, in which the several combatants, although evidently fully provided with ammunition, preserved the amenities of political warfare. There were few, if any, casualities, and the belligerents exhibited a desire to forgive each other, when at times the situation became interesting, and the air was surcharged with a politeness which was embarrassing. We hope there will be many more such conflicts, as they are of no little educational value. The meeting was called in the interests of Mr. John Best, the Conservative candidate, who is at his best (no pun is intended) when he has a little opposition. Mr. D. B. Brown, as stated, was invited to attend, and a splendid audience of the most representative citizens, assembled. There was no orchestra—the Tory nominee does not believe in frills—but the proceedings were never tedious. Dr. G. I. Campbell was chairman, and with that tact which all who accept such a position should exhibit, admitted that his duty was to look pleasant, and see that the people got their money's worth. Dr. Campbell, in addition to being a most distinguished surgeon and the prince of good fellows, proved a most capable referee.

Mr. Best was the first speaker and Dufferin County has good reason to be proud of its late representative. We have seldom heard our late member speak so effectively. He impressed on his auditors that the subject he wished to discuss was a large one, and he did not shirk the duty imposed on him by his constituents. Mr. Best gave an account of his stewardship, and his remarks were cheered by his many friends.

Mr. Brown, on arising, received a most flattering reception, which seemed to take him somewhat by surprise. He quickly recovered himself, and at once acknowledged his opponent's courtesy in inviting him to this, his first meeting, and intimated that there would be other gatherings held throughout the County before the 21st, in his interests, and to all these, Mr. Best was entirely welcome. Mr. Brown's opening observations were marked with an obvious diffidence, and an apparent lack of knowledge of the tricks of the experienced platform speaker. The candidate frankly admitted that the occasion was his first endeavor to make a political speech. We believe this is so, but it was nevertheless no unworthy effort. Mr. Brown told of his long residence in the County he hoped to represent, and talked to his hearers in a plain, straightforward way, which made some of the farmers present clap their hands, and say, "That's so." Many figures were read as to the relative value of food stuffs on each side of the line, and while the statistics given were of necessity dry, they were of absorbing interest.

Mr. C. R. McKeown, M.L.A., made a telling speech. "Charlie," as every body in Grand Valley calls him, increased his popularity, and some old Tories said he didn't come around often enough. Mr. McKeown made a splendid address, as he always does, and minced no words in dealing with the situation.

Mr. W. A. McMaster, who came up on the evening train from Toronto, spoke in the interests of Mr. Brown. The remarks of this speaker, a former school teacher in Dufferin and a personal friend of the reciprocity candidate, were in excellent taste, and, many who were inclined to interrupt, were induced to listen. Mr. McMaster believes in epigrams, and illustrated his points with remarkable quickness. At no time at a loss for a word, his apt presentation of the situation, as he saw it, and his well modulated, trained voice made the audience hang on his words in a manner which must have been gratifying. Mr. McMaster, who was really eloquent, presented the case for reciprocity in its most inviting form, and if he did not entirely convert a considerable portion of the audience to his opinions, he did a lot to stimulate serious thinking, free from party bias.

The meeting was closed with cheers and the singing of the National Anthem.

PIONEER FALLS.

Many years ago I was skidding logs and had some trouble in trying to get a chain over one particular log. Digging a hole with my handspike under one end I again tried to get the chain under but the obstruction was still there. Thinking it to be a root I caught hold of it with my hand and pulled it out, when horror of horrors it proved to be a poisonous black snake. Instantly I threw it from me as far as I could and it alighted at the foot of my assistant who jumped like an antelope and yelled louder than a Pawnee chieftain at a war dance. Before, however, the snake got properly awake and ready for business, a smart clip from an axe decapitated him.

Under an old pile of logs on our farm there was a nest of these black vermin. On sunny days they would come out and lie around basking themselves in the sun to our fear and discomfiture. Watching my chance I took advantage of a dry spell and with one big fire destroyed the whole bunch.—Rod and Gun.

DOMINION ELECTION !

MEETINGS IN THE INTEREST OF

MR. JOHN BEST

Conservative Candidate for Dufferin,

will be held at the following places at 7.30 o'clock p.m., on the dates named:

The meetings will be addressed by Mr. Brown, Mr. W. A. McMaster and other speakers. Meetings, except Nomination in Shelburne, will commence at 7.30 p.m. Discuss on invited. All electors are respectfully urged to attend. Reserved seats for ladies.

GOD SAVE THE KING !

Mr. H. A. Dorrance, District Representative of the Department of Agriculture in Dufferin, was in Toronto this week. Along with other District Representatives Mr. Dorrance met in conference with Hon. Adam Beck on the subject of electric power for the farmers.

SCHOOL SUPPLIES.

For all authorized Text Books for Public and High School, and for all other school requisites, call at T. Stevenson.

BORN.

PORTERFIELD—In Amaranth, on Friday, Sept. 1st, 1911, to Mr. and Mrs. John Porterfield, a daughter.

BURRIDGE—In Mono, on Monday, Sept. 4th, 1911, to Mr. and Mrs. Harry Burridge, a daughter.

A BAD BACK

Is a Warning that the Kidneys are Sick.

A bad back turns every twenty-four hours into one dull round of pain and misery—you are lame in the morning, nagged all day by a dull throbbing backache, can't rest in the evening or sleep well at night. It hurts to bend over, straighten up, get up from a chair, or lift even a light weight. Any sudden twist, turn or awkward movement sends a tearing twinge of pain through the weak spot.

Booth's Kidney Pills

Booth's Kidney Pills reach the weak spot, the kidneys, and quickly restore kidney health and comfort. They are guaranteed. All dealers and druggists, 50c., or postpaid from The R. T. Booth Co., Ltd., Fort Erie, Ont. Send for Free Box which will be gladly sent on application.

SPORTS.

LACROSSE.

Hanover lost its protest against Markdale, and as a result Markdale and Bracebridge, O. L. A. winners of their respective district championships, met in a sudden death game at Scarborough Beach yesterday afternoon.

What is described as "the biggest and most enthusiastic" crowd that ever saw a lacrosse match in Toronto gathered at Hanlan's Point on Monday afternoon to witness the struggle between the Tecumsehs and Torontos. The Indians won by a score of 5 to 2. The victors were by no means the stronger players taking the two teams man for man, but they excelled in team work and also demonstrated their ability to stay on the field. Weakness in this last mentioned particular has cost Torontos heavily this year. In Monday's game their players spent no less than 75 minutes on the sidelines, while the penalties handed out to the Indians only aggregated 35 minutes. Tecumsehs notched two goals in the opening quarter and took another brace of tallies in the second period. Their fifth came in the last quarter. Torontos got a tally in the second and another in the final period. Ernie Menary and Norman Harshaw, former Orangeville players, figured at point and cover point for the losing team.

An O. L. A. booster writes : "A number of Junction Shamrock players and supporters went out to Woodbridge on Saturday to witness the Young Toronto-Brampton battle, and were firm in their assertion that they would make application for membership to the O.L.A. next season, they having had sufficient of the C.L.A. It is also rumored around lacrosse circles that this is only the first move, and that both Eatons and St. Kitts will quickly fall in line, which means that there will be no trouble in getting the Maitlands to throw in their lot with the new organization, which is now going ahead in leaps and bounds. The officials of the O.L.A. deserve every encouragement for the fight that they have put up, and the lacrosse that is being played by their teams augers well for the future success of the new league."

ABOUT MUMMIES.

What Scientists Learn From "Uncovering the Past."

Folk who scratch their all-important initials with or without hearts, or other adornment—on famous buildings, or such-like, can now regard themselves justified. For sight-seeing Egyptians did the same thing almost countless years ago, sometimes, adding little personal comments; and to-day these scratchings are proving vastly interesting in throwing light on ancient ways.

Indeed, some weird and wonderful stories are being dug out of the extremely dim and misty past of some six thousand years ago—of interest to the man in the street, apart altogether from their historical importance.

For instance, everybody knows all about the terrible plagues inflicted upon the Egyptians in the world's early history, just before the children of Israel were delivered from bondage. The mummy of the Pharaoh who ruled over Egypt in those days has been unearthed, and an examination of it shows that all his teeth were bad, with great cavities and exposed nerves. He must have had toothache horribly most of the time, while he certainly suffered also from gout. Hence, it is said, his savage temper caused him to "harden his heart," and so brought the terrible plagues upon his country. Incidentally, the mighty ruler was a homely, thick-set man with scanty grey hair.

Mummies of pet dogs with ivory leg bracelets have often been found, showing that the cult of the pet dog is no new thing. As a matter of fact, a painting, seven thousand years old, was discovered not long since, showing a great warrior with his little, over-fed dog, wearing a daintily-tied ribbon round its neck! And over the dog's head its name was carved—"Zefut"—which means Fatty!

It is in little, unsuspected touches that these burrowings into the past prove of interest to unlearned people. Who, for example, knows or cares anything about the Hittites, a group of ancient races in Asia Minor, who were opposed to the Pharaohs? Yet a Hittite sculpture found only a year or so back contains a representation—the earliest known—of a man playing the bagpipes, and accompanied by another man playing an obvious banjo!

Shorthand is as old as the hills—almost. It is, at any rate, definitely known that the old Romans had some system, because Cicero dictated to his secretary, T. Tullius Tiro, who took down "whole phrases in a few signs." That was in 50 B.C. It was seriously suggested not long ago that, in all probability, St. Luke wrote Tiro's system of shorthand, or a modification of it, and that this explains the undoubtedly circumstantial character of St. Luke's Gospel, as well as of the Acts of the Apostles, usually ascribed to St. Luke.

Another familiar story is that of Samson pulling down the pillars of the Temple of Gaza, whereby the roof fell upon the Philistines. How Samson was able to do this is now known. Excavations on the site of Gaza show that the pillars of the temple were of wood, and rested upon foundations of stone without being fastened thereto. The strong man had, therefore, merely to push these pillars off their supporting-stones, when down would come the front of the whole building.

ORANGEVILLE FALL FAIR

Thursday and Friday

September 14 & 15

GEO. LEIGHTON, President. H. ENDACOTT, Secretary-Treasurer.

Change . . . . In Business

Having severed my connection with the Firm of McMillan & Torrie and bought out the

TAILORING AND FURNISHING BUSINESS

of Andrew Hill at A RATE ON THE $, and also taken over the entire Stock and Good-will of the old Firm in the Ordered Tailoring Department, I feel that I am in a better position than ever to serve the many friends of Mr. Hill and myself in making to Order

STYLISH GARMENTS FOR MEN . . . . . .

On account of taking over all the

WOOLLENS

from both Stores, I find myself too heavily stocked in these Lines. I have decided on a very simple method of reducing my Stock, that is

SIMPLY TO CUT THE PRICES

Here is a chance to get an Ordered Suit at a Price that will appeal to the Closest Buyer, with

FIT AND WORKMANSHIP GUARANTEED.

I also have a large Stock of Furnishings that must be cleaned out to make room for NEW FALL GOODS. They will be sold at prices that will make them go.

As space will not permit me to tell you all about the Bargains I have in store for you, a call will be the best means of convincing you that I mean what I say.

REMEMBER THE STAND!

A. Hill's Old Store. Next Door to Banner Office.

LOCAL NEWS.

—A large number of our citizens spent Labor Day in Toronto, many of them returning by special train late at night.

—Call upon H. Eadacott, the Secretary, and get a prize list of the Orangeville Fall Fair. He will be pleased to give you one.

—Entries for Orangeville Fall Fair on Sept. 14 and 15 are already coming in rapidly and are keeping Secretary Eadacott busy.

—Ella, the 12-year-old daughter of Mr. Thos. Buchanan, of Mono, fell one day recently, and broke one of her arms. Dr. F. H. Henry set the broken limb.

—Over 50 designs in Scribbler Covers to select from at The Banner Book Store.

—High-class talent has been secured for the Fair Night Concert. The Stares Concert Company, of Hamilton, are known from ocean to ocean. Will Spencer, of Toronto, will give the audience frequent opportunities for a good laugh.

—Speeding in the Ring will be a particularly interesting feature on the second day of the Orangeville Fall Fair. The Society is offering good purses and this will bring together good horses.

—Court Imperial and Wexford Weave note papers are dainty and of superior quality. Ladies who want fine stationery should see them at The Banner Book and Stationery Store.

A young fellow from Underwood in town last week, when asked what he thought of Reciprocity, replied his mother never used any other than Red Rose—Port Elgin, Ont. Times.

—Mr. W. R. Patterson, of Caledon, has purchased the famous stallion, Roxwell Saxon Harold, the property of Mr. J. A. Burrell, of Brampton. Mr. Patterson will continue to travel Roxwell Saxon Harold in Peel County.

—Orangeville monthly fair next Thursday.

—Farmers are busy sowing fall wheat and rye.

—The local liquor cases have been again postponed.

—Last Wednesday afternoon was the last half holiday this season.

—The concert of the season Friday night, Sept. 15th, under the auspices of the Dufferin Agricultural Society.

—Oliver Reid, 2nd line, west, Mono, had three sheep killed by lightning during the electrical storm on Saturday.

—September monthly fair next Thursday. As this will also be the first day of Orangeville Fall Fair, there should be a big crowd in town.

—Several cases of sheep worrying are reported from the neighborhood of Mono Centre. John Aiken is said to have had 12 sheep killed one night recently.

—Mr. Hugh Maguire, of Relessey, one of the oldest residents of Mono, had a paralytic stroke last week and is in a critical condition at time of writing.

—Mr. Jos. Ferguson, West Toronto, is offering to sell or rent his 150 acre property in Caledon, commonly known as the "Horseshoe Farm." See advt. elsewhere in this issue.

—Mr. D. A. Hogg's handsome grey roadster mare captured premier honors at the National Exhibition last week. Mr. Hogg has shown his mare 29 times and she has never been beaten.

—Mr. E. C. Bingham, of Shelburne, has purchased Mrs. Jas. Lynn's fine brick dwelling house on Zina St., paying about $2200 for the property. Mr. Bingham will move to Orangeville in October.

—Mr. Jas. D. McMillan and Miss Edith Green, two well known Orangeville young people, were married by the Rev. Dr. Harper at the bride's home at 7.45 a. m. today. The happy couple left on the morning train for Toronto, whence they will journey by boat to Montreal and other Eastern points.

A GENTLE LAXATIVE FOR THE BABY

Stomach and bowel trouble is the cause of nine-tenths of the ailments from which little ones suffer. Let the little stomach and bowels be kept right and baby will be happy, healthy and strong. The only sure and safe means of keeping baby's stomach and bowels sweet and regular is to give him an occasional dose of Baby's Own Tablets. These Tablets are a a gentle laxative; they sweeten the stomach, regulate the bowels, expel worms, break up colds and prevent or cure the dozens of ailments that afflict the baby. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

PERSONAL MENTION.

Mr. J. A. Irvine, of Toronto, was in town over Sunday.

Mrs. T. J. Brown visited at her home in Arthur this week.

Mr. Norman Kilpatrick, of Orillia, is holidaying at his home here.

Miss Niebel, of Norwood, is visiting her aunt, Mrs. E. McGarvin, John St.

Miss Eleanor Irwin, of Toronto, visited Miss Florence Arnott last and this week.

Miss Elsie Campbell left on Monday to resume her duties as teacher at St. George.

Mrs. John Gray, Bythia St., has returned home after a two months' visit with friends in the West.

Mr. Jos. Ferguson, of West Toronto, formerly of the "Horseshoe Farm" Caledon, was in town on Saturday.

Mrs. R. and Master Clifford McArthur, of Toronto, are visiting Mr. and Mrs. John McConnell, First St.

Miss Nina Bremner arrived home on Friday from Passaic, N.J., where she has been visiting her brother, Mr. R. G. Bremner.

Mr. and Mrs. E. H. Besley have been spending a week's holidays with the former's parents, Mr. and Mrs. Wm. Besley, of Shelburne.

Mr. Wm. Babe and Miss Babe returned to their home in the city this week after a sojourn of two months at their former home in Mono.

Miss Ruby Hewitt, B.A., daughter of Rev. G. W. Hewitt, of Hamilton, formerly of Orangeville, has gone to Wetaskawin, Alta., to teach school.

Miss Stella Campbell left on Monday for Deseronto, where she will teach during the present school year.

Dr. and Mrs. E. W. Falconer spent a few days at the latter's home at Mono Centre last and this week, while on their way home from Muskoka, where they have been summering for some weeks.

Miss Minnie Young, of Erin, spent Labor Day with her sister, Mrs. J. D. Torrie. Miss Young goes to Flesherton this season as milliner for F. G. Karstedt.

Mr. and Mrs. A. M. Harkness, their daughter, Lillian, and Mrs. J. H. Wilcox arrived home on Monday evening after a six weeks' sojourn at Mrs. Wilcox's summer home, "Victoria Cottage," Sprucedale.

Mr. J. D. Torrie arrived home on Friday night after a ten days' business trip to Winnipeg. Mr. Torrie says that the Western farmers have an excellent crop this year, but owing to the unfavorable weather a good deal of the grain is still quite green and is likely to be badly damaged by frost before it is harvested. Winnipeg is prospering, although business activity for the next twelve months will depend materially on the final outcome of the present harvest.

Mrs. S. Wallace is visiting Mrs. Harry Gillespie in Toronto this week.

Miss Lena Ritchie spent the early part of this week with friends in Toronto.

Mrs. J. H. and Miss Clara Hulse spent last week with friends in Toronto and at Bethany.

Mrs. A. McBride and daughter, Grace, 3rd Avenue, are spending a week sightseeing in Toronto.

Mrs. R. Meek and daughter, Lola, arrived home Monday night after a month's visit at Mrs. Meek's former home in Stouffville.

Mr. Gerald Preston, son of Col. Preston, has gone to Kingston, to commence a three year course in the Royal Military College.

Mrs. A. Bernhardt, who has been the guest of Mrs. McIntyre, First St., for a couple of weeks, has returned to her home in Preston.

Mrs. (Rev.) H. Harper and Miss Harper arrived home on Saturday after a month's holidays at their summer home near Parry Sound.

Mrs. A. McBride and Mrs. (Dr.) R. L. Island spent a few days with Dr. John Blair, of Rosemont, last week. Mrs. McBride is an aunt of Dr. Blair.

Mrs. John Patterson, York St., and daughter, Mrs. H. G. Bell, attended the funeral of the late Mrs. Samuel Graham in Grand Valley on Saturday, Aug. 26th.

Mr. W. H. Lugsdin, Manager of the Bank of Commerce, and family reached home on Saturday after an absence of one month summering at Rondeau Point on Lake Erie.

Mr. J. D. McMillan is singles champion of the lawn bowling club this season. He defeated Re H. Robinson in the final game yesterday afternoon by a score of 21 to 13.

Messrs. R. W. Henry and W. Jackson, late of the Sterling Bank staff at Alton, left for the West this week. They intend going through to Edmonton.

Mr. James Braiden, of Shelburne, announces the engagement of his daughter, Lillie A. M., to Mr. Wilbert K. Patterson, of Shelburne. The marriage will take place the last of the month.

At last report Mr. R. G. Bremner, of Passaic, N.J., whose serious illness was referred to in these columns a couple of weeks ago, was somewhat better and his physicians are now more hopeful of his ultimate recovery.

Mr. F. A. Mellick, Orangeville agent for the Dominion Express Co., left yesterday on a two weeks' vacation. Mr. Mellick will take the Mackinac trip on the Upper Lakes, and will spend the remainder of his time visiting at Jordan Harbor.

Mr. H. G. Bell returned from Orono, Maine, on Thursday, after having completed arrangements for the removal of his household effects to his new home in Chicago. Mrs. Bell and family, who have been visiting the former's parents, Mr. and Mrs. John Patterson, York St., for the past six weeks, accompanied Mr. Bell to Chicago on Friday.

POSTPONED GARDEN PARTY.

On account of the rain on Tuesday evening, St. John's Church, 7th line, Mono, garden party was postponed until Thursday night, Sept. 7th. The garden party will be given on the rectory grounds just as originally advertised.

LUNCH ON FAIR GROUNDS.

The local branch of the W. C. T. U. will have a tent on the Fair Grounds and will service lunch and other refreshments on the second day of Orangeville Fall Fair.

A FREE SCHOLARSHIP.

The Directors of the County Dufferin Fall Fair are certainly making it interesting for the school children this year. For the best specimen of writing they offer a three months' scholarship in the leading Business College in Canada. This means $30 to the lucky one, and there is going to be a competition worth while before the prize is awarded. It is seldom that such a handsome prize is offered and the School Children's Exhibit is going to be a great centre of interest.

INSTITUTE CONCERT.

The members of the Laurel Women's Institute have taken a praiseworthy step in arranging to give a concert in the Town Hall at Laurel on election night, Thursday, Sept. 21st, and to donate the proceeds to the Orangeville Hospital Fund. A first-class programme is being arranged for. The admission has been fixed at 15 cents. We hope the Laurel ladies will be rewarded and encouraged by having a bumper house.

HORTICULTURAL SHOW.

The Hillsburg Horticultural Society will hold its annual Fall Show in the sheds of St. Andrew's Church in that village on Wednesday, Sept. 13th. Arrangements have been made with the Ontario Agricultural College and the MacDonald Institute to furnish expert judges. Music will be furnished by Alton Band throughout the evening. Refreshment booths on the grounds. The Show will be open to the public from 4 p.m. until 11 p.m.

JACKSON—DUKE.

Mr. Norman Jackson, of Suffield, Alta., a son of Mr. Alexander Jackson, Adjala, and Miss Beatrice Duke, daughter of the late William Duke, of Mono, were married at the home of the bride's brother, Mr. Wilson Duke, 6th line, east, Mono, at 1.30 o'clock yesterday afternoon. The marriage was solemnized by Rev. R. J. W. Perry, rector of Mono Mills Parish. Mr. and Mrs. Jackson left for their home in the West this morning.

FALL FAIR DONATIONS.

The Directors of the Dufferin Agricultural Society desire to acknowledge the following additional donations in aid of the Orangeville Fall Fair:—

J. M. Stimson	$1.00

MISLEADING STATEMENTS.

Exception has been taken to some of the statements in our report in last week's issue of the preliminary trial of Charles Wheble on the charge of theft. Our attention has been called to the fact that Miss Foster was taken ill in Toronto and not after she came home as stated in the report. The statement that the deceased was housekeeper for Wheble was also entirely erroneous and did a grave injustice to Miss Foster and her family. Up to the time of her fatal illness, the young woman had a permanent position in the employ of a reputable Toronto business firm.

BORN.

WATSON—In Caledon, on Tuesday, Sept. 5th, 1911, to Mr. and Mrs. W. C. Watson, a son.

RUTLEDGE—In Orangeville, on Saturday, September 2nd, to Mr. and Mrs. Thos. Rutledge, a son.

BRAWLEY—At Fraxa Junction, on Sunday, Sept. 3rd, to Mr. and Mrs. W. E. Brawley, a son.

KINSLEY—In Mono township, on August 26th, to Mr. and Mrs. David Kinsley, a son.

MARRIED.

McKENZIE—ARMSTRONG—In St. James' Church, Primrose, on Wednesday, Sept. 6th, by Rev. R. J. S. Adamson, Mr. George McKenzie to Miss Isabella Gertrude Armstrong, both of Granger.

DIED.

McKITTRICK—In Toronto, on Saturday, Sept. 2nd, Jack McKittrick, beloved son of Mr. Harry E. McKittrick, formerly of Orangeville.

EXTENCE—At Bolton, on Sept. 1st, 1911, Mary Ann Norton, beloved wife of William Extence, in her 64th year.

Funeral Sunday, Sept. 3, to Laurel Hill cemetery.

KERSEY—At lot 11, con. 10, Toronto Gore, on Saturday, Sept. 2, 1911, William Kersey, in his 72nd year.

The funeral was held from his late residence to St. John's cemetery, Castlemore, on Monday, Sept. 4th, at 1 o'clock.

CARSON—At her residence, John St., Orangeville, on Friday, Sept. 1st, Mrs. William Carson, aged 73 years.

Funeral was held to Greenwood cemetery on Monday.

PURIFIED HIS BLOOD

Dr. Morse's Indian Root Pills Healed Mr. Wilson's Sores

When the sewers of the body—bowels, kidneys and skin ducts—get clogged up, the blood quickly becomes impure and frequently sores break out over the body. The way to heal them, as Mr. Richard Wilson, who lives near London, Ont., found, is to purify the blood. He writes:

"For some time I had been in a low, depressed condition. My appetite left me and I soon began to suffer from indigestion. Quite a number of small sores and blotches formed all over my skin. I tried medicine for the blood and used many kinds of ointments, but without satisfactory results. What was wanted was a thorough cleansing of the blood, and I looked about in vain for some medicine that would accomplish this.

At last Dr. Morse's Indian Root Pills were brought to my notice, and they are one of the most wonderful medicines I have ever known. My blood was purified in a very short time, sores healed up, my indigestion vanished. They always have a place in my home and are looked upon as the family remedy."

Dr. Morse's Indian Root Pills cleanse the system thoroughly. Sold by all dealers at 25c a box. 6

BRITAIN'S COAL ALL GONE.

175 Years Will End It.

Sir William Ramsay Urges Conservation of Resources—Has Hope of New Forms of Energy.

London, Aug. 31—Sir William Ramsay gave a surprise to the members of the British Association, which began its eighteenth annual meeting at Portsmouth yesterday.

The eminent chemist had been expected to deal in his presidential address with the wonders of science. Instead he delivered a grave warning to England that at the present rate of consumption of her coal supply she will be a bankrupt nation 175 years hence.

"It may be said that 175 years is a long time," said Sir William. "In the life of a nation it is a mere span."

Sir William urged Governmental afforestation and general economy in the use of coal, in order that "our life as a nation may be prolonged." Both in industrial life and in the home there was, he said, room for economy. He advocated the appointment of a permanent commission, whose object should be to keep abreast with the diminution of the stores of natural energy, and to take steps to lessen its rate.

As England's coal supply is admittedly the concrete basis of the national wealth and power, Sir William Ramsay's address draws attention to the fact that the country is living on its capital, and that bankruptcy is in sight within a few generations.

Sir William did not leave radium out of consideration in his forecast. On the contrary, he suggested wonderful possibilities that would eventuate, were it possible to discover a method of harnessing that element with its enormous stored-up energy. If, he said, the energy in a ton of radium could be utilized in thirty years instead of being evolved at its slow rate of 1,760 years for half disintegration, it would suffice to propel for that time a ship of 15,000 tons, with engines of 15,000 horse-power, at a speed of fifteen knots an hour. To do this now required a million and a half tons of coal.

Sir William did not see much hope in this direction, however, for he concluded:

"If radium were to evolve its stored-up energy at the same rate that gun-cotton does, we should have an undreamed-of explosive. Could we control the rate, we should have a useful and potent source of energy, provided always that a sufficient supply of radium were forthcoming. But the supply is certainly a very limited one, and it can safely be affirmed that the production will never surpass half an ounce a year."

—Court Imperial and Wexford Weave note papers are dainty and of superior quality. Ladies who want fine stationery should see them at The Banner Book and Stationery Store.

ITCHING SCALP

Got Rid of in a Few Hours.

There is nothing made that will so quickly rid the scalp of distressing itchiness as PARISIAN SAGE the hair dresser and beautifier.

T. Stevenson guarantees Parisian Sage to cure dandruff, stop itching scalp and falling hair or money back, and sells it for only 50 cents a large bottle. It puts vitality into the hair and gives it a radiant luster.

It is the favorite hair dressing of refined women because it so quickly refreshes the scalp and not being sticky or greasy is delightful to use.

WILLIAM J. LOWE, LIBERAL CANDIDATE FOR PEEL,

The unanimous choice of the Liberal Convention in Brampton on August 12th was a young man under forty.

He is a son of Mr. Wm. Lowe, Snelgrove, one of the pioneers of Chinguacousy, and a George Brown Reformer.

To everybody who knows him, the Liberal Candidate is Billy Lowe. He is a good sized, wholesome looking man with a sunny smile and good honest looking, kindly eyes that look straight forward. Billy is a farmer, the son of a farmer, and a cattle buyer. He has two grazing farms on the first line west and hopes to have more before he dies

For ten years Billy has been buying stock from the farmers and shipping to Toronto from Snelgrove, principally, and not one farmer has a grouch against him. The hardest thing some of his hide-bound Tory friends will ever find to do will be to mark a ballot against him. At Toronto live stock market the reporter of a Tory paper says he is looked upon as the whitest man doing business there.

The only thing that is wrong with Billy is that he is not a platform speaker, but four or five years at Ottawa will fix that trouble all right.

In W. J. Lowe, the Liberal party puts forward a good, clean candidate; a capable, hardworking business man. One who commands the respect and esteem of all who know him. His election would reflect credit on the intelligence of the people of Peel. He is a farmer and as such alone, is entitled to the united support of the farming community of Peel, the most numerous and important in the county, and is it not time that such an agricultural constituency had as its representative a farmer.

MARKETS THE REAL ISSUE.

After all, the issue in this election is larger markets for Canadian natural products. Enemies of reciprocity who have an axe to grind are trying by every means to befog the real issue. Racial appeals are made to the British-born, whereas Great Britain's greatness is the result of her stupendous trade with the entire world. Canadians are urged to regard the United States as their natural enemy, at least in commerce, when as a matter of fact our present trade with that country is over a million and a quarter dollars for every working day in the year.

The farmers will insist on larger markets when they fully understand what it means. Here are some figures showing comparisons of prices of farm products in leading contiguous cities on both sides of the line during the past five and a half years, as shown by a report recently published by the Department of Labor, Ottawa:—

Commodity.	Market	1911 6 mos.	1906-11 average	U.S. Duty Present U.S. duty	U.S. Duty under Reciprocity
Steers, export	Toronto	$5.88	$5.51	27½ p.c.	Free

W. J. LOWE.

A VERY PERTINENT QUESTION.

An Irishman on his way home at night was in the habit of cutting through a cemetery in order to shorten the distance. A group of his friends evolved a scheme to have some fun at his expense. Accordingly they found a sunken grave across which his path lay, dug it out and covered it with boards in such a manner that he must fall into the yawning cavity.

The Irishman came along and everything happened as per schedule. While he was still squirming about in the bottom of the hole, striving to extricate himself, three or four of his friends attired in white sheets and other ghostly accoutrements, suddenly made their appearance. Pat almost fainted when one of them said:

"What are you doing in my grave?"

The tone was sepulchral. It made the Irishman's hair stand almost on end, but he could not forego a witty retort.

"Faith, and what are you doing out of it?" he asked.

LOOK AFTER THE COLTS.

The time for weaning the colts will soon be here. Weaning time is the critical period in the development of more colts than most of us realize. The majority of them lose their "baby flesh" at that time and that ought not to happen. There is no need of a colt losing flesh at this period; it is just like many other wastes on the farm—entirely unnecessary and quite avoidable provided a little forethought is exercised. The colt should be taught to eat oats just as early as possible so that when the dam's milk supply is withheld it can get all the nourishment needed from oats and good hay or grass as the case may be.

If you have not already taught the colts to eat oats, take steps to do so at once. To postpone the matter any longer is to invite trouble and loss. If the mares are running at pasture provide a creep for the colts, so they can eat their grain without being disturbed. There is no danger of their eating too much; give them all they will eat as long as they are sucking. Later on watch them carefully, as they should not be kept too fat. However, there is much less danger of underfeeding than of overfeeding. Feed oats all winter long. Also provide good clean clover or alfalfa hay for winter use. The legume hays are rich in proteinH muscle forming material—as well as ash, which is needed for the building up of strong bone. If you desire to raise large horses, the kind the markets wants more than any other, then give them plenty of feed. Don't expect your draft colt to do his best without grain. It is idle nonsense to think that colts will do as well at a straw stack and in a stalk field as they will when fed grain and nutritious roughage. Nature never produced heavy horses in a poor pastures. Put a band of heavy mares out on western ranges with a ton stallion and you know as well as anybody that in a few generations you will have nothing but small horses, and that they will grow smaller and smaller the longer they continue to live under those conditions.

There's a reason for such things. All life, both plant and animal, adapts itself to its surroundings. That is Nature's way of maintaining the many species, and Nature's laws operate on the farm the same as on the range. Just as soon as you fail to feed your colt liberally it at once adapts itself to its surrounding conditions. It begins to lose flesh and draw in on its rate of growth. In other words it gets a setback from which it never fully recovers. Heavy horses and heavy feeding are inseparable just as light feeding and light horses are.

Five steel bridges are being built in the County of Simcoe this year.

Mrs. Young, a resident of Alliston for 43 years, died August 16. She was the mother of Police Magistrate Young, of Stayner.

The biggest bulk of flesh and blood under one hide seen in Creemore for some time was Alex. Doner's Holstein bull which he sold to Currie & Allen last week. The animal weighed 2350 lbs. and was not over fat either. He was a beautiful specimen of the breed and it was a pity to see him sold for slaughter.—Creemore Star.

Tells Others His Secret

Wants them to know how he was cured of itching, protruding piles by DR. CHASE'S OINTMENT.

Doctors usually recommend the knife as the only cure for piles. They overlook the risk, the expense and the suffering of mind and body entailed in a surgical operation.

Dr. Chase's Ointment will bring relief quickly and will cure thoroughly if you will but persist.

Mr. A. Honingnon, 52 Bronson Place, Montreal, Que., writes:—"I cannot help praising Dr. Chase's Ointment as I suffered many years with itching and protruding piles and was cured by this ointment. I became tired of the efforts of the specialists to cure me, and hearing of Dr. Chase's Ointment just as I had of hundreds of other medicines I began its use. But oh, great joy, from the very start the sharp pains left me and I was gradually cured. I hope that every sufferer will follow my example with the same success."

Every form of piles or hemorrhoids is cured by Dr. Chase's Ointment. 60 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

Twenty-eight mails arrive and depart daily at Harriston postoffice by train.

Grand Valley Council proposes to pass a by-law regulating the sale of cigarettes.

E. G. Bingham, of Shelburne, has sold his residence west of the railway track to James Cassie, C. P. R. agent here.

Mr. W. C. Young has resigned the leadership of the choir of Christ Church, Brampton, after long and faithful service.

Nelson Haney, of Shelburne, fell from a plum tree in his orchard a week ago Monday last and received a severe shaking up.

Mr. C. Roy Vandusen, of the Tara Leader, was married to Miss Margaret Mae Brock, of Owen Sound, on the 5th inst.

The trustees of Bowling Green school have engaged the services of Miss Maud Banks as teacher at a salary of $600 per year.

George Cann has sold his store and business at Monticello to Joseph Smeltzer, of Luther, the deal to take effect on December 10th.

W. H. Leggett has sold his 260 acre farm on the 12th con. of Brant, to W. H. Procknow, for $12,000. This includes a mill and water privilege.

Shake the bottle and take as directed and in 48 hours Four T's will shake your cold. Look for the four red T's. Price 25c.
Sold and recommended by Thos. Stevenson, Druggist.

Mr. Wm. Harriston, of Brampton, pulled a citron vine in his garden on Tuesday night of last week, which measured 22 feet, 5 inches in length.

John Fachnie, of Creemore, is constructing a dam across the river at his saw mill with the intention of using water power instead of steam.

Dr. Babe, of Shelburne, has gone on a business trip to the West. Dr. Morrow, of Dunedin, is here looking after Dr. Babe's practice during his absence.

While going to school on opening day, the six year old daughter of Lewis Mournahan, of East Luther, fell at play and broke her left arm near the elbow.

A Walkerton child chewed a piece of Gillett's lye which its mother had accidentally dropped on the floor, with the result that its mouth was terribly burned.

A. D. MacIntyre, barrister, formerly of Creemore, has been in the hospital at Vernon, B.C., suffering with a dislocated shoulder, received in a railway accident.

Chas. Kugler, of Southampton, was sentenced to three months in jail by a magistrate of Southampton. The charge on which he was sent down was that of wife-beating.

—The largest stock of public school supplies this season that we have yet shown. The Banner Book Store.

Miss Irene Duncan, who resides a little north of Dundalk, in coming in to High School the other morning, found some ripe wild strawberries growing along the roadside.

The 16 months' old daughter of Dr. and Mrs. H. D. Thompson, Shelburne, died on Thursday morning last. The remains were taken to St. Catharines on Friday for interment.

George Sims, of Barrhead Mills, had a barn burned by lightning a week ago Monday evening during a heavy electric storm. The building was built of logs and was filled with hay.

While removing hay from a barn at Meaford George Tomlinson had the misfortune to fall through a hole in the mow to the floor beneath, breaking several of his ribs and shaking him up very badly.

Mr. Joseph Duffy, of East Luther, has an exceptionally fine crop of buckwheat this year. A seven-acre field required 25 lbs. of twine, and the stooks formed a solid line from end to end of the field.

Misses Mary McFadden, of Melanothon, Annie Thompson, of Violet Hill, Florence Durkin, of Bowling Green, and Anna McFarland, of Hockley, Dufferin County, are in attendance at the Model School, Durham.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

In the severe electric storm one morning last week the barn of Mr. Geo. Dodge near Gordonville, and that of Mr. Peter Howes, of the 8th con. of West Luther, were struck by lightning and completely destroyed.

An old resident near Glenden, Normanby twp., in the person of Mrs. Joseph McKeown, passed away a week ago Friday. Deceased, who had been ailing for some time, was in her 57th year, and leaves a husband and family to mourn his loss.

Mrs. Geo. Scott, of Mount Forest, has a small orange tree in her house, and on it are about a dozen oranges, one of which has ripened and gone the way of all good oranges. Mrs. Scott has also a lemon tree that has borne fruit.

Wm. Stone, of Melanethon, has sold the old homestead, recently purchased from his father, Jos. Stone, of Shelburne, to Thos. Fawcett, and has purchased Mrs. H. Atkinson's farm on the Back Line. The price paid Mrs. Atkinson was $6500.

—Over 50 designs in Scribbler Covers to select from at The Banner Book Store.

The department of public works has let the contract for the stone and brick work of the new government house at Chorley Park to Fred. Holmes and Son. Credit Valley grey stone will be used in the construction. The price of the contract is placed at $125,000.

Mr. Alex. Kerr, an employee at the Mundell Factory, Elora, was roughly handled while in Fergus one night recently. In consequence he is laid up at the home of his father there suffering from a jaw bone broken in two places, as well as other more or less serious injuries.

Police Magistrate MacGregor, of Mount Forest, fined an Indian Lister from the country $10 and costs for being drunk while on the list, and reserved judgment as to the guilt of the hotel keeper who was charged with selling him liquor, afterwards imposing a fine of $10 also on the hotelkeeper.

ECZEMA AND SORE EYES

"My daughter suffered from inflamed eyelids and eczema on her head," writes Mr. H. W. Lear, Port Blanford, Nfld. "The child was in a bad state and suffered greatly. The doctor failed to help her, and on recommendation of a friend, I used Dr. Chase's Ointment, which made a complete cure. With a grateful heart I write you this letter."

On Monday, October 2nd, the ratepayers of Listowel will vote on a by-law to grant a proposed company a loan of $25000 for the erection of a factory worth not less than $50,000 including equipment. The company will employ a staff of not less than fifty men, and will manufacture telephones and other electric appliances.

—6500 Scribblers for School Opening at The Banner Office Book Store.

Mr. W. A. McKinnon, for the past seven years trade commissioner for Canada, first at Bristol, and later at Birmingham, has resigned from the service. He has been succeeded by J. E. Ray, until now trade commissioner at St. John's, Newfoundland. Mr. McKinnon is an old Brampton boy, the son of Mr. D. J. McKinnon, of the Peace Furnace Co., Toronto.

A two year old child of Mr. Wm. Hill, near Flesherton, had an extremely narrow escape from drowning a week ago Saturday by falling into a rainwater tank near the door. The accident was unobserved and it was only by the merest chance that another child saw the little fellow lying in the water at the bottom of the tank. The mother was called and the infant taken out. At first it was supposed life was extinct, but vigorous rubbing and heat brought the little fellow around all right.

Ready-to-Wear Overcoats. Before buying call and see D. Torrie's stock.

Mr. P. Loucks, of Flesherton, had a nasty experience with a vicious sow recently. Mr. Loucks picked up one of the young pigs to examine it when the old sow made for him. He was unable to get to the fence before the infuriated animal attacked him. He was knocked down and bitten on the face and leg, but succeeded in reaching the fence and crawling over. A doctor had to sew up the wound in his face, and so far no after evil effects have manifested themselves.

Last Wednesday evening about 8 o'clock the motor car of Mr. Fred. H. Storey was totally destroyed by fire. Mr. Storey was in Guelph that evening, and Ernest Macklin, engineer of the glove works, took out the car. After driving about town for a little while he went to the factory to take on a supply of gasoline. It was nearly dark and in handling the gasoline a small quantity was spilled. Macklin then got into the car and before starting lighted his pipe and carelessly threw down the match. In a flash the automobile was enveloped in flames, which leaped upwards of twenty or thirty feet. The Fire Brigade was called out and subdued the fire, but not before the car was in ruins. The machine was a 30 h.p. Herresboff, was a show car built on the model of 1911 for Exhibition at Toronto Fair last fall. The purchase price was $2,250, and certain improvements added by Mr. Storey brought its cost up to about $2500. It was insured for $1000.—Acton Free Press.

Cleaning & Dyeing

Evening gowns and waists, silks, satins and laces, ostrich plumes and gloves, draperies, curtains and gentlemen's clothes can be cleaned to look like new by our fadless French Process.

Our Dry Cleaning is done without ripping any part of the garment.

We pay express one way on goods from out of town.

Write for free copy of our book, which tells all about our work and our prices. 11

FOUNTAIN MY VALET
30 Adelaide St. W., Toronto.

ANOTHER GUN TRAGEDY.

Mrs. Thos. Denton, of Lake Shore line, Sydenham, about four miles north of Annan, was accidentally shot last Monday evening and expired about midnight from shock. Her son Percy was examining his gun, which he believed was unloaded, when it suddenly went off in his hands, lodging the whole charge of shot in the foot of his mother, who was passing the muzzle at the moment. Dr. McDonald was immediately called and Mrs. Denton was taken in his auto to the hospital in Owen Sound. She seemed for a while as if she might rally from the shock, but sank rapidly at the last, and died within three or four hours of the shooting. Mr. Denton, who was in the west is hurrying home and is expected in the end of the week. A daughter, Euphie, was at Ann Arbor, Mich., training for a nurse, but returned on Wednesday. The funeral is set for next Monday at 2 p.m., when it is hoped the whole family may be home. Much sympathy is felt for the remorse stricken son, and the bereaved family.—Owen Sound Times.

—Mr. F. H. Burt, Mus. Bac., Teacher at the Toronto Conservatory of Music, has resumed his classes in singing, piano and theory. Persons interested are invited to communicate with Miss Maude Elliott or Mr. Burt.

THE BANNER

THE BANNER, SEPT. 21st, 1911.

A LARGE MAJORITY.

Best Wins in Dufferin by 1442.

Had Lead In Every Municipality In County.

John Best, the Conservative candidate, carried Dufferin yesterday by the enormous majority of 1442, just one vote less than the majority of the late Dr. John Barr in 1898. Best had a lead in every municipality in the County and in 35 out of the 40 polling sub-divisions. The surprise of the contest was his heavy vote in Orangeville, his oppolent's home town. Brown's supporters counted on 65 here, but the vote went 40 the other way. Best got sweeping majorities in Amaranth, Mono and Mulmur. The result indicates that the farmers are not enamoured of reciprocity. The following shows the vote by divisions:—

Amaranth	Best	Brown
Farmington	49	15
Laurel	86	22
Waldemar	40	21
Coleridge	40	31
Maple Grove	76	30
Bowling Green	59	8
	350	127

Majority for Best, 223.

East Garafraxa	Best	Brown
Hereward	17	30
Duffy's School	36	11
Cook's School	27	13
Marsville	68	22
The Maples	53	26
	201	102

Majority for Best, 99.

East Luther	Best	Brown
Peepabaun	46	25
Tarbert	63	32
Colbeck	70	30
	179	87

Majority for Best, 92.

Melancthon	Best	Brown
Horning's Mills	104	27
Shrigley	16	17
Mayburne	30	20
Riverview	68	27
Melancthon St.	71	40
Redickville	31	34
Corbetton	42	46
	362	211

Majority for Best, 151.

Mono	Best	Brown
Perry's School	77	11
Relessey	68	19
Rosemont	86	6
Harshaw's School	52	21
Camilla	77	33
Elba	63	29
	423	119

Majority for Best, 304.

Mulmur	Best	Brown
Mansfield	114	19
Earnscliffe	49	3
Whitfield	124	13
Randwick	63	13
Ruskview	87	15
Honeywood	70	29
	507	92

Majority for Best, 415.

Orangeville	Best	Brown
North Ward	40	53
South Ward	78	45
East Ward	60	45
West Ward	46	41
	224	184

Majority for Best, 40.

Shelburne	Best	Brown
South Ward	70	18
North Ward	79	40
	149	58

Majority for Best, 91.

Grand Valley	85	58

Majority for Best, 27.

SUMMARY:

	Best	Brown

Grand Valley	85	58
	2480	1038

Majority for Best, 1442.

ELECTION NIGHT.

Scenes that have had no parallel since the memorable election of 1896 marked the receipt of the election returns in Orangeville last night. There was an immense crowd in town and as the night wore on the exuberance of the Conservative element, which was overwhelmingly in the majority, found vent in cheering, street parades and other demonstrative expressions of joy. Eventually a big bonfire was kindled on Broadway opposite the Queen's hotel. The Liberals received the returns by C. P. R. wire at Mr. D. B. Brown's committee rooms. The Conservatives gathered in the Town Hall which was crowded to the doors. Here Mr. C. R. McKeown, M. P.P., announced the returns as they were received over the G. N. W. Telegraph Co's. wires. The two companies gave an excellent service. The gathering at the Town Hall was an enthusiastic one and there were some remarkable demonstrations when the returns began to indicate the probable defeat of the Government. Although demonstrative the crowd was good-natured and there were no clashes between partisans of the rival parties.

BOY WANTED.

Bright boy wanted to learn woodworking. Apply to G. L. Pletzer, William St., Orangeville.

BLAIN HAS 356.

Late Member Carries Peel By Increased Majority.

Successful Candidate Got Bumper Vote in Toronto Township.

Richard Blain, the late member and again the candidate of the Conservative party, was re-elected in Peel yesterday, increasing his majority from 289 at last election to 356. His farmer opponent made small gains in Caledon, Albion and Chinguacousy, but these were more than offset by the abnormally large vote for Blain in Toronto township, where the market gardeners evidently voted almost solidly against reciprocity. The majorities by divisions are as follows:—

Caledon	Blain Majs	Lowe Majs
Belfountain		38
Inglewood		31
Caledon East	8	
Mono Mills	35	
Charleston	6	
Alton		9
Cataract		19

	538	182

Majority for Blain, 356.

COUNCIL AT WORK.

Town Parliament Resumed Business on Monday Night.

The Town Council got down to business again on Monday night after a month's vacation. The meeting was the first held since the early part of August. The holiday must have had an invigorating effect on the councillors, for they tackled the various items on the order paper with vigor and earnestness and transacted the business of the session without any very unnecessary waste of time.

The following accounts were put through:—The Sun Prmting Co., $75; John Johnston, 85c.; Jas. A. Matthews, $31.75; S. A. McCartney, $58.96; Gillespie Bros., $20.40; Adamson Hardware Co., $42.04; Thos. Campbell, $17.43; George King, $19.80; John Gough, $21.03.

Two accounts from The Dufferin Light & Power Co. for $130 each for street lighting during July and August were passed at $127.60 each. Another account of $8.75 from the same Company was referred to the Streets Committee for report.

Principal Firth wrote the Council requesting the free use of the Town Hall for the approaching meeting of the Dufferin Teachers' Institute. The request was granted.

The Mayor read a couple of communications from the Hamilton & Lewitt Knitting Co., of Glencoe, respecting the submitting of a by-law granting a loan for a term of years in the event of the Company starting a knitting mill in Orangeville. The Clerk was instructed to write, stating that the Council was willing to submit a by-law at the coming municipal elections and to pay any expenses connected therewith provided the measure was sanctioned by the property holders, but would require the Company to deposit $100 to defray the expenses of taking the vote in the event of its defeat.

SCHOOL GAMES.

Orangeville High and Public Schools will hold their annual Field Day on the High School grounds on Friday. The jumping events will be run off in the forenoon, beginning at 9 o'clock. The afternoon programme, consisting of no less than twenty-seven events, will begin at 2 o'clock.

BEST AND McKEOWN.

Conservative Speakers Discuss Political Issues Before an Orangeville Audience.

Well Attended Meeting in Town Hall Tuesday Night.

The political meeting held in the Town Hall on Tuesday night in the interests of Mr. John Best, the Conservative candidate in Dufferin, was quite largely attended, the hall, which has a seating capacity of over 400, being about two-thirds filled. Several ladies occupied places of vantage in the front seats and followed the speakers with evident interest. There was quite a sprinkling of Liberals in the gathering, but the meeting was noticeably free from interruptions or other outward evidences of dissent.

Mr. J. C. Reid, County Clerk of Dufferin, occupied the chair. The speakers of the evening were Mr. Best and Mr. C. R. McKeown, M.P.P.

Mr. McKeown, who was the first speaker, followed the line of his nomination speech in Shelburne, reported at some length in last week's Banner. Touching the question of the horse market, he pointed out that while Canadian dealers sold $500,000 worth of horses in the United States last year the Americans sold over $3,000,000 worth of horses in Canada, and urged that reciprocity will have a detrimental effect upon the present profitable horse trade between Ontario and the Canadian West. The local member quoted from Sir Wilfrid Laurier's recent speech at Cobourg to show that the United States had urged reciprocity in manufactured goods as well as natural products. Reciprocity, he held, was an experiment that the Government should have tried on the protected interests, the men who had grown rich through protection and not on the farmers. The high prices paid for Canadian farm products from 1854 to 1866 was not attributable to reciprocity, but to the Crimean and the American Civil wars. Mr. McKeown expressed the belief that the great mass of Liberals were loyal to their country and were supporting reciprocity with the best of motives. For his part he was convinced that in opposing the trade agreement he was acting in the best interests of the country. To disprove the contention that the talk of annexation or political union following on the heels of reciprocity is "bosh and humbug," Mr. McKeown quoted from the public utterances of such prominent men as Champ Clark, Speaker of the House of Representatives, and President Taft. If the people of the United States wanted our markets they should move over here, become Canadians and help build up Canadian nationality and develope the great natural resources that they now covet.

Mr. Best explained and corrected a statement to the effect that he had said he was not particular whether he got a vote in Orangeville or not. He also referred to resolutions passed by the Orangeville Board of Trade, asking him in the first instance to oppose reciprocity and a little later to support the agreement. The latter request, he stated, he had "torn to pieces and thrown it into the waste basket." He did not believe that, with politics out of the question, there were twenty-five people in Orangeville who would support reciprocity. Mr. Best criticised the Laurier Government for waste and extravagance, contending that the Grand Trunk Pacific was the only great public work that had been undertaken since 1896. Notwithstanding this the public debt had been greatly increased, despite the fact that the revenue of the country had grown from an average of $36,000,000 to an average of $66,000,000 a year. The speaker also dealt briefly with the Farmers' Bank case, the Oliver charges and the Printing Bureau scandals. Coming to the question of reciprocity he contended that Messrs. Fielding and Patterson had negotiated the agreement at Washington without having any evidence whatever to show that a reciprocal trade arrangement would be any benefit to Canada. After quoting statistics to show that at the present time the farm produce of Canada is going to Great Britain, and not the United States, the speaker criticised the Liberal press of the country for what he described as its change of front. When the campaign started the Star and other Liberal organs labored assiduously to show that the farmers would benefit by receiving higher prices for the foodstuffs they sold. Latterly they had been busy trying to convince the consumers in the cities that reciprocity would enable them to buy more cheaply. Mr. Best quoted John Mowat, a Shelburne liveryman, as having made the statement that if reciprocity carried he would lose $1000 through the decrease in the market value of the 20 livery horses in his stables. The candidate closed with a strong appeal for the vote and hearty support of every elector who believed that reciprocity would be an injury to Canada.

The meeting closed shortly before 11 o'clock.

The popularity of the Algonquin National Park, Ontario, has been pronounced this year, and it has been necessary to use at least 25 large tents as an auxiliary to the accommodation of the Highland Inn, at Algonquin National Park Station.

Most people return to their homes in the early part of September, but as this is one of the most delightful months in this territory, those who can make it convenient are advised to spend a week or two there. The hotel is also open all the winter and with the bracing air of this locality (1700 ft. above the sea) a most delightful sojourn can be spent even in the winter months.

A handsome illustrated booklet may be had on this territory upon application to Mr. A. E. Duff, Union Station, Toronto, Ont.

Mr. Jack Aitchison spent Sunday at his parental home, Elora.

THE GOVERNMENT DEFEATED.

Borden May Have 40 Majority in New Parliament.

Ontario Went Very Heavily Conservative in Thursday's Voting.

The election returns received up to the time The Banner went to press indicate that the Laurier Government met with a crushing defeat at the polls to-day. The G. N. W. Telegraph Company furnished the following summary at 11 p.m.:—

Province.	Lib.	Con.	Ind.
Ontario	14	68	0
Quebec	34	19	2
Nova Scotia	9	8	0
New Brunswick	4	5	0
Prince Edward Island	2	2	0
British Columbia	0	3	0
Manitoba	1	3	0
Alberta	1	3	0
Saskatchewan	1	1	0
Total	66	112	2

Later returns will doubtless make a number of changes, but the Conservatives appear sure of a majority of 30 or 40. The greatest change took place in Ontario, where the Conservatives seem to have carried about four out of every five ridings. Among the defeated Cabinet Ministers are Hon. Geo. P. Graham in Brockville, Hon. Mackenzie King in North Waterloo, Hon. Sydney Fisher in Brome, Hon. W. S. Fielding in Shelburne and Queens, and Hon. W. Templeman in Victoria. Hon. R. L. Borden, the Conservative leader, had a close call in Halifax. Early returns indicated his defeat, but later figures showed him elected by a narrow majority. The Conservatives carried all the Toronto seats, the two Hamiltons, London, Kingston, two Ottawa seats, Winnipeg and Victoria. Martin, the late member, was beaten in North Wellington, and Miller, late Liberal member, also went under in South Grey. Robinette, Dewart and Mowat, the three Toronto lawyers who contested North York, West York and North Ontario, are also among the defeated.

"Mother, I thought you were going to try Red Rose Tea?" "Well, I was, but I just forgot — I'll go and 'phone for some right now!"

RED ROSE TEA "is good tea"

NEVER SOLD IN BULK

LUXURIOUS NEW CARS FOR C. P. R. MONTREAL SERVICE

Another triumph in car building has been achieved by the C. P.R. and it marks a further advance in railroading.

The new compartment observation cars which have just been sent out from the Angus shops are intended for service between Toronto and Montreal, and as evidence of the growing popularity of the service between the North Toronto station and Montreal, they are attached to the train leaving that station at 10.00 p.m. daily.

These new cars have seven compartments, a drawing room, an observation parlor and observation platform. The entrance to the rooms is from aisles running along the sides of the cars, ensuring absolute privacy. There are two berths, the lower being made up from two double seats, and there are all toilet requirements in each compartment.

The cars are lighted with electricity, and in the warm weather are kept cool with electric fans.

These cars are models of luxury and comfort, in which the C. P. R. standard of equipment excels.

POCKETBOOK LOST.

Lost at Melville Cross on September 4th, a red Pocket Book issued by Merchants' Fire Insurance Co. and containing a small sum of money. Finder will be suitably rewarded on leaving same at Banner Office.

GLENCROSS.

Mr. and Mrs. Robert May, of Elora, spent a few days with friends in this community last week.

Miss Eva Smith, of Toronto, is visiting at the home of Mr. and Mrs. J. M. Still, of this place.

Mr. J. B. McKibbon, of Bond Head, has been spending a few days renewing acquaintances in the neighborhood.

Mr. Fred Jeffers met with a very painful accident on Friday, while engaged in helping to raise a driving shed at Mr. Wm. Mankey's, near Hockley. A beam fell, striking him to the ground and rendering him unconscious. Dr. Blair, of Rosemont, was hastily summoned and Mr. Jeffers was taken home. It was at first feared he had sustained very serious injuries, and it was with great relief we learned that a dislocated joint was the chief result of the unfortunate occurrence. Dr. Groves, of Fergus, was called and soon righted the dislocation. Fred's many friends are pleased indeed to know that he will, in all probability, be himself again in a few days, and that his injuries were not of a more dangerous nature.

Our school has re-opened once more with Miss Greta Crozier, of Blount, as teacher.

Nearly everyone attended the Orangeville Fair on Friday, which was one of the best we have ever had in Dufferin.

Mr. and Mrs. West and family, of Cleveland, are visiting Mrs. West's brother, Mr. D. Markle, of this place.

BALD MEN,

Should call and inspect the famous Sanitary Patent Toupees, as shown by Prof. Dorenwend, of Toronto, at the Queen's Hotel, Orangeville, on Tuesday, October 3rd.

These Toupees are not only perfect in construction, but are the only Sanitary and Patented substitutes of one's own hair.

—Over 50 designs in Scribbler Covers to select from at The Banner Book Store.

83 CALLS

Were received last month for office help—37 were left unfilled. Demands for trained help are so great that we can afford to "guarantee a position to every graduate, or refund tuition money." If you are anxious to succeed write for our beautiful catalogue today. Central Business College, Toronto. W. H. Shaw, Principal.

BLOUNT.

The Women's Institute met at the home of Mrs. Geo. Woods' on Thursday afternoon, Sept. 14th. Quite a number of the members were present to hear the debate, "Resolved that women should have the franchise." Mrs. McKim and Mrs. J. Crozier spoke ably in the affirmative, while Miss K. Garvey defended the negative. Lunch was afterwards served. The meeting adjourned to meet at the home of Mrs. McEwen, on October 5th.

ALTON.

Mrs. S. B. McGill (colored) a medical missionary from Liberia, Africa, will conduct services in Alton Methodist church next Sabbath evening.

Rev. Dr. and Mrs. Armstrong are again at the Manse and are looking well after their brief vacation.

Mr. John Jenkins has gone on a trip to the Northwest. He will only be away a short time.

Mrs. Nathan Clarke, of Toronto, is visiting her sister, Mrs. Neeley.

Mr. C. Collins is renovating his house.

Alton Methodist Church will hold its annual anniversary services on Sunday, October 8th.

RELESSEY.

Most of the farmers around here have finished their fall seeding and have commenced to do some fall ploughing.

Any who have threshed in this vicinity are quite satisfied with the yield of grain, although it is not nearly so good as we generally have, yet there is no chance to grumble.

Mr. Hugh Maguire, who has been confined to his bed for some time, is, we are sorry to say, not improving any, and there is but slight hope of his recovery.

Next Sunday, September 24th, is Rally Day in Ebenezer Methodist church. Special music will be given and also addresses. Everybody come and help to honor Robert Raikes, founder of the modern organized Sunday school.

Miss Matilda Halbert is visiting her sister, Mrs. Keele, of Toronto.

Mrs. Legate, of Connor, spent Sunday with Mrs. Wm. Wilson.

Miss Bailey, of Whitfield, is visiting her niece, Mrs. T. E. Halbert.

Miss Annie Kendrew, who was visiting her uncle, Mr. Jno. Waller, has returned to her home at Primrose.

Mr. Elmore Waller, who spent a couple of months' holidays at home, has returned to Toronto to take up his position again.

Miss Etta McCague has gone back to Earnscliffe school again to resume her duties.

Quite a number from here took in the Harvest Home services at St. Matthew's Sunday night. Professor T. H. Cotton, of Wycliffe College, preached an excellent sermon. The congregation was very large.

The Relessey Telephone Co. have now got connection with the main line and find it gives good satisfaction.

Messrs. Wm. Laverty, Wm. McKelvey and J. A. Avison have returned home after spending a month in the West. They report a splendid trip and we expect they will have purchased quite a parcel of western lands and in all probability will be moving West in the spring. E. Arthur, who also went West with this company, has not yet returned, and we would suppose that he, not having quite as much care behind as the others, will not be so rash in making purchases, but we expect him later.

Mr. Alex. Ross still talks of going to Business College. Success Alex.

Jimmy says he intended to get back for church Sunday night, but he couldn't get away very well.

Chester thinks the telephone just worked as well before it was connected with the main line.

CARDWELL.

The harvest home services held in Herald Angel Church on Sunday attracted large congregations, the evening congregation taxing the capacity of the edifice to the limit. The interior of the church was prettily decorated with maple leaves, flowers, fruit and products of the fields. Rev. Prof. Cotton, of Wycliffe College, Toronto, delivered a very able sermon at the morning service and Rev. R. J. W. Perry, rector of Mono Mills parish, spoke very impressively at night. Both discourses were admirable in thought and delivery, and were heard with the keenest pleasure. The choir furnished an appreciated service of song, being assisted at the evening service by Miss Nettie Darraugh, of Orangeville, whose rendition of the beautiful solo, "Guard While I Sleep," can only be described as exquisite. Miss Mary Bracken performed the duties of organist with her customary grace and facility.

Mr. Henry Bracken, of Boston Mills, was the guest of his brother, Mr. Hugh Bracken, over Sunday.

Miss Fidella Leighton, of Orangeville, and Mrs. N. Williamson, of Toronto, were the guests of their sister, Mrs. Jos. Jackson, on Sunday.

Miss Sadie Galbraith has returned after a two weeks' visit at her parental home at Scarboro.

Threshing is the order of the day in this section. McKibben Bros. are doing most of the work and are giving good satisfaction. The grain is not yielding very well, and as a rule, our farmers are finding their threshing a light job this year.

Quite a number of the young people from Camilla and neighborhood attended the Harvest Home services in Herald Angel Church on Sunday.

Ready-to-Wear Overcoats. Before buying call and see J. D. Torrie's stock.

CAMILLA.

The farmers are busy doing their fall ploughing and attending the threshings.

Although the weather was not very promising last fair day, yet quite a number of our citizens turned out to both Show and concert, and spent a pleasant afternoon and evening.

Mr. Peter Bremner visited Toronto friends last week.

Miss E. Sawyers is spending a few days at the home of Mrs. H. McKim.

The Mission Band, which has been organized at Camilla, intends holding a concert in the near future. By coming to their concert we can help them along in their good work.

Jack says the climate around Orangeville just suits him. It is especially invigorating towards the north.

I wish Dad would build a house on the lower place—Alex.

George thinks that two horses are better than one for long drives and hilly roads.

Fred. says that two is company, but three is a crowd on Sunday evening.

It has been awfully quiet this summer, but my lonely days are over—Gert.

Edwin looks somewhat gloomy these days; never mind poor boy, the holidays will come again.

Oscar says that a steel tired buggy is good enough for him.

Miss Anderson, our new school mistress, is giving entire satisfaction and is taking well with both the scholars and the parents.

Thursday is the election day and now, gentlemen, as the die is about to be cast, come out and vote for principle—not for party.

Mr. William Parks intends taking a month off this fall to hunt deer.

MARSVILLE.

Last Sunday was observed as Children's Day in the Presbyterian church. The regular prepared programme was carried out and the service throughout proved very interesting to all present.

Rev. Mr. Douglas, of Rockwood, occupied the pulpit in the Grove church on Sunday morning and gave a missionary address. The Rev. Mr. Cole took the missionary work on the Rockwood circuit. This exchange was according to arrangements made by the Guelph district. Three Sundays were set apart for missionary sermons, and there was to be an exchange of pulpits at least one Sunday.

A Hatvest Home service was held in the Englishchurch on Sunday evening, when an appropriate discourse was given by the pastor, Rev. Mr. Thompson. Owing to the lack of shed accommodation and the church building not being very comfortable for cold weather, the English church have made arrangements with the Disciple brethren for the use of their buildings during the coming months.

Election matters haven't yet caused much excitement in this vicinity. Both candidates have held meetings here and we predict a vote similar to that of previous contests.

Miss Ethel Byers, of Sault Ste. Marie, Mich., spent a couple of weeks with her aunt, Mrs. Jno. Byers, and other relatives in the community.

Government Inspector Stubbs, of Ottawa, was in the vicinity last week as a result of the outbreak of rabies. A few were ordered to keep their canines in closer quarters. The scare has almost subsided and no further trouble is expected.

SPORTS.

LACROSSE.

At a meeting in the Iroquois hotel on Monday night the C.L.A. District Committee ordered Owen Sound and the Maitlands, of Toronto, contenders for the junior championship of the Association, to play the final game in Orangeville on Saturday afternoon. The match will take place on Idylwyld Park at 3.15 o'clock. Both teams are running excursions, so that there will be a big crowd and plenty of excitement. The game should be well worth seeing.

It may be that two final C. L. A. games will be played in Orangeville. Arrangements have already been made to have the junior final between Owen Sound and the Maitlands played here on Saturday afternoon. Should Maitlands defeat St. Catharines in the intermediate series there is a strong probability that Owen Sound and the Maitlands will play for the intermediate championship on Idylwyld Park on October 7th.

A full meeting of the executive of the Ontario Lacrosse Association was held in the parlors of the Empress Hotel Friday night, there being about forty lacrosse enthusiasts present from the various teams playing in the new organization. The Brampton-Young Toronto protest was thoroughly investigated, and after delving into the case the executive announced that Brampton had failed in their protest against Geo. E. Heal, whom they alleged was a professional. In the case of Art. Long, on account of non-residence in Toronto on May 1st, Brampton apparently were willing to allow this to go by the board without argument in view of the evidence submitted by the defence in documentary form.

The second protest on the sheet for the day was that lodged by Bracebridge against Markdale, in which it was claimed that one Mike Kelly had played for Markdale, although he was alleged to have been a bona fide resident of Chesley. After hearing both sides of the case, which were presented by Dr. McKibbon for Bracebridge, and Mr. Wallace for Markdale, the executive claimed that no grounds had been proven for the lodging of the protest, and therefore dismissed it.

The President of the O.L.A. has ordered Young Torontos and Woodbridge to play off for the championship of the senior series at Brampton next Saturday afternoon, Sept. 23rd. As this game means not only the winning of the League, but also takes with it the coveted Mann Trophy, a red-hot contest should result, and will be worth going a long way to see.

DR. A. W. CHASE'S CATARRH POWDER 25c. is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. 25c. blower free. Accept no substitutes. All dealers or Edmanson, Bates & Co., Toronto.

IMPORTANT TO LADIES.

Prof. Dorenwend, of Toronto, begs to announce that he will be at Orangeville at the Queen's Hotel, on Tuesday, October 3rd, with a complete display of the newest London, Paris and New York creations. You are invited to call and inspect his goods.

Take What Pill? Why, a Dr. Miles' Anti-Pain Pill, of course. Good for all kinds of pain. Used to relieve Neuralgia, Headache, Nervousness, Rheumatism, Sciatica, Kidney Pains, Lumbago, Locomotor Ataxia, Backache, Stomachache, Periodical Pains of women, and for pain in any part of the body.

"I have used Dr. Miles' medicines for over 20 years and find them excellent. I keep Dr. Miles' Anti-Pain Pills in the house all the time and would not think of taking a journey without them, no matter how short a distance I am going. I cannot praise them enough."

Miss Lou M. Cavanaugh, 65 High St., Pawtucket, R. I.

At all druggists. 25 doses 25c.

Suggestive Questions

On the Sunday School Lesson by Rev. Dr. Linscott for the International Press Bible Question Club.

SEPT. 24th, 1911.

Daniel in the Lion's Den. Dan. vi. Golden Text—The angel of the Lord encampeth round about them that fear him, and delivereth them. Ps. xxxiv:7.

(1) Verse 1.—Who was King Darius, whom did he succeed, what kind of a man was he ?

(2) Verses 2-3—What had been Daniel's history up to this time ?

(3) What is the relative importance to success in life, of intellectual ability and an excellent spirit, that is a kind heart with polite and winning manner ?

(4) What are the really essential qualities to success in life ?

(5) Verses 4-5 — Why did the "presidents and princes" dislike, and seek the injury of Daniel ?

(6) What proportion of men are jealous of the success of others ?

(7) Why are so many men jealous, instead of rejoicing at the success of others ?

(8) Is it possible for all Christians to so live, as to perfectly please God ?

(9) Verses 6-9—Are rich or highly educated men, as liable to be jealous, and seek the injury of another, as are the poor and ignorant ?

(10) There are two classes of men, one which seeks to injure, and the other which seeks to help their fellows, where do we mostly find them, in or out of the church ?

(11) What was the scheme of these men for injuring Daniel ?

(12) Verses 10-11—Why is it wise or otherwise in these days, to open our windows, so our neighbors may hear our prayers ?

(13) Does the narrative indicate, or is it anywhere in the Bible stated as to how many times a day we should engage in formal prayer ?

(14) Verses 12-15.—What is the moral difference in the turpitude of killing a man in anger, and killing him by a cold blooded and systematic follow up plan ?

(15) What reasons are there for or against the breaking of a promise that never should have been made ?

(16) Verses 16-17—Was Darius sincere in saying it, and what reason had he to think that God would deliver Daniel ?

(17) Verses 18-23—What did fasting avail the king, and of what use is it to us ?

(18) What is the spiritual value of this miraculous deliverence of Daniel to us ?

(19) If this story should prove to be of the nature of a parable, and not actual history, would its religious value be any the less or more to us ? (This is one of the questions that may be answered in writing by members of the club.)

(20) Verses 24-28—Was the king just as bad in causing the cruel death of all these enemies of Daniel, as they had been ?

(21) What is the character of the act to try by threat to make people serve our God ?

Lesson for Sunday, Oct. 1st., 1911. The Prophet Ezekiel a Watchman.—Ezek. iii.

YOUR QUESTIONS ANSWERED.

If you would like to have answered any particular question each or any week from "The Suggestive Questions on the Sunday School Lesson" by Rev. Dr. Linscott, send in your request to this office, giving the date of the lesson and the number of the question you wish answered. You may select any question except the one indicated that it may be answered in writing by members of the club Dr. Linscott will answer the questions either in these columns or by mail through this office. Don't forget to state what benefit these "Suggestive Questions" are to you. Give your full name and address. Send your letters to The Question Editor of the Banner.

FOR CONSTIPATION.

A Medicine that Does Not Cost Anything Unless It Cures.

The active medicinal ingredients of Rexall Orderlies, which is odorless, tasteless and colorless, is an entirely new discovery. Combined with other extremely valuable ingredients, it forms a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are eaten like candy and are notable for their agreeableness to the palate and gentleness of action. They do not cause griping or any disagreeable effect or inconvenience.

Unlike other preparations for a like purpose, they do not create a habit, but instead they overcome the cause of habit acquired through the use of ordinary laxatives, cathartics and harsh physic, and permanently remove the cause of constipation or irregular bowel action.

We will refund your money without argument if they do not do as we say they will. Two sizes, 25c. and 10c. Sold only at our store.—The Rexall Store. T. F. & T. J. Brown, Orangeville.

Five years in Kingston penitentiary was the penalty meted out to John B. Austin by His Honor, Judge Chadwick, in Guelph. Austin is the fellow who was arrested in company with Bert Willard at Drayton a few weeks ago, when High Constable Green found a complete set of burglars' tools, with explosives, revolvers, skeleton keys, and all the paraphernalia that goes with them. Willard was acquitted, but Austin pleaded guilty, and by so doing two years was shaved off his sentence. He was taken to Kingston at once.

MAINE.

The electors of the State of Maine have again decided upon the Prohibition question and have decided to retain control of this question in their own hands and not to entrust their Prohibitory Law to the tender mercies of the State Legislature.

Probably the electors were somewhat influenced in reaching this decision by a knowledge of the fact that the present Legislature is opposed to Prohibition and would likely enact a high license law with Local Option provisions.

The question at issue at the polls in Maine was whether or not the Prohibitory enactment should remain in the Constitution.

Prohibition was first carried in the State of Maine in 1851, and was in force until 1856 when it was repealed, the State going back to license for two years. In 1858 the Prohibitory Law was re-enacted, and by vote of the electors in 1884 Prohibition was made a part of the constitution of the State. The law has therefore been in force continuously since 1858, or fifty-three years.

In this time there has grown up in the State of Maine a generation of electors who know practically nothing of the evils of the licensed liquor traffic as we have it in the Province of Ontario or as it exists in other states. It was difficult therefore to impress the electors with the evil of license as compared with Prohibition or to arouse public interest in the question. Very many electors could not understand what all the fuss was about, or what need there was for such excitement.

On the other hand the enemies of Prohibition diligently and deliberately sought to break down the law violation and its evil results. The people were told that under a well-enforced license law these evils would disappear, whereas thinking men who have studied the facts of the case under both conditions know that license intensifies rather than mitigates these evils.

All the liquor misrepresentations and sophistries failed against the sturdy commonsense of the people of Maine. The vote polled was a small one. Had there been a full vote, the Prohibition vote would have increased enormously, for practically every vote against Prohibition was polled by the almost perfect liquor organization.

In the face of the great progress being made in the temperance reform throughout the civilized world, Maine has honorably decided that as she led the advance, she will not lead the retreat. All honor to the Pine Tree State, the pioneer of Prohibition !—The Pioneer.

An unusual occurrence took place at the home of Mr. and Mrs. Alex. Arnold, con. 9, Arthur, on Saturday, Sept. 9th, when triplets, daughters, were born to them. Mother and babies were doing well when last heard from. Mr. and Mrs. Arnold had a family of three children previous to Saturday, and to have a family that size doubled in one day is certainly worthy of notice.

Salt Rheum On the Hand

Yielded only to the soothing, healing influence of DR. CHASE'S OINTMENT.

In addition to the suffering and annoyance caused by eczema and salt rheum there is always danger of the trouble spreading and becoming chronic. For this reason the use of Dr. Chase's Ointment should be regular and persistent until the cure is thorough and complete.

Mrs. John J. Delory, Linwood, Antigonish county, N.S., writes:—"I want to say that Dr. Chase's Ointment has proven a great blessing to me. I had salt rheum on one hand, and could not get it healed up. The itching was most distressing at times. Two boxes of Dr. Chase's Ointment has cured me completely, and I gladly recommend it to every sufferer."

In every home there is a demand for Dr. Chase's Ointment. It is particularly useful where there are children. Chafing and skin irritation are relieved at once and eczema is cured by this soothing, healing ointment. 60 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

DEATH OF MRS. PERRY.

Adeline Crozier, widow of the late James Perry, died at her residence, Second avenue, Shelburne, on Monday, Sept. 11th, in her 60th year. As deceased had been in poor health for some time death was not unexpected. Deceased was born near London, her family moving later to the neighborhood of Orillia, where she was married to James Perry. After their marriage Mr. and Mrs. Perry settled on lot 6, con. 5, Mono, afterwards moving to lot 27, con. 3, west, Mono. Mr. Perry died about five years ago. About four years ago the family moved to Shelburne. Three sons and two daughters survive—John, George, Gordon, Maude and Jennie. Two brothers and two sisters also survive—John Crozier, of Midhurst; William Crozier, of Manitoba, Mrs. F. Skelding, of Winnipeg, and Mrs. John McCabe, of Miami, Man. The funeral took place to Shelburne cemetery on Wednesday afternoon. The bereaved ones have the sympathy of the community in their time of sorrow.—Free Press.

Hotter Than Blazes

is that marvelous family liniment and pain-killer, Merrill's Wizard Lightning. Cures sore lungs and throat, colic, cramps, gas on the stomach, earache, toothache, rheumatic and neuralgic pain and female monthly pain, almost instantly. Price 25c. Sold and recommended by Thos. Stevenson, Druggist.

MERRITT PRICE SERIOUSLY INJURED.

Mr. Merritt Price, of North Bay, son of the late Chas. Price, of Shelburne, was seriously injured in Toronto last week. The Toronto Globe gave this account of the accident :—"Merritt Price, of North Bay, an amateur motor-cycle rider, was seriously and probably fatally injured last night on the Exhibition track. He suffered a fracture of the base of the skull and his back was badly bruised. He was taken in the police ambulance to Grace Hospital, and at an early hour this morning his condition was critical. Price was riding a new motor-cycle around the track when the engine of his machine became stalled and hurled him to the track head foremost. He was rendered unconscious and his injuries were further aggravated by another machine running over him. The rider of the second machine was also injured, but not seriously. He was assisted to his home by some friends. Price, who is twenty-one years old, boards at 113 Sorauren avenue."

Father Morriscy s Remedies

Now on Sale in Ontario

When Father Morriscy, the famous priest-physician of Bartibogue, N. B., died a year ago last spring, he left his prescriptions to the Sisters of the Hotel Dieu, at Chatham, to be used for the benefit of humanity and of the church.

Not being in position to make up and distribute the prescriptions themselves, the Sisters arranged with a number of gentlemen, who had been Father Morriscy's friends, to do it for them. These gentlemen working under the name of the "Father Morriscy Medicine Co., Limited," had by the first of the year placed the remedies in nearly every store in the Maritime Provinces.

So gladly were they received, and so satisfactory has been their record of cures, that the Sisters and the Company have decided to place them on sale throughout Canada.

Father Morriscy's "No. 7", for Rheumatism and the Kidneys—"No. 9", Cough Cure and Lung Tonic—"No. 11", Stomach Remedy—"No. 26", for Catarrh, and "Father Morriscy's Liniment"—can now be obtained from most dealers in this Province. If yours does not keep them write the Father Morriscy Medicine Co., Limited, Montreal, Que.

Goods for Sale and Guaranteed by Thos. Stevenson, T. F. & T. J. Brown, Orangeville, Ont.

TIME TO READ.

An argument that is often put up against any increase in the amount of reading matter the farmer has at his disposal is that he has not time to read. Many farmers refuse to take a farm paper because they claim not to have the time to read it. The question is not whether the farmer can afford time to read, but whether he can afford not to read the farm paper or anything else that would help him in his business. The fact of the matter is the farmer must read and keep in touch with the latest developments in his own business or he is doomed to failure. Whether he takes a farm paper or not he will have to get the necessary information from some source. And we are not tooting our own horn particularly either, when we say that the farm paper gives the information the farmer requires in the cheapest and best form available today. Its greatest value lies in that the information is given him every week, and is so arranged as to be seasonable and in such shape that the farmer can grasp its meaning without any difficulty. There are many things the farmer can afford to do without better than the farm paper or books that will help him in his business. To neglect to buy these because he has not time to read is an admission that the farmer is not desirous of making the most out of his calling. The most successful farmer to-day is the man who reads and puts into practice what he reads. He is not satisfied with one paper, but takes half a dozen if they are to be had, and amid his many duties takes time to read them all. The farmer to-day must find time to read all that is going that will help him in his business. He cannot afford not to read.—Canadian Farm.

W. A. Radford has rented Dixon Wilson's farm, Banda.

McCORMICK'S "ARISTOCRAT" BISCUITS

As full of fine quality and as dainty in design as the finest imported Biscuits—and at one-third less cost. Almost as rich as shortbread.

NERVOUS DEBILITY

OUR NEW METHOD TREATMENT will cure you and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers heal up; the nerves become strong as steel, so that nervousness, bashfulness and despondency disappear; the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and mental systems are invigorated; all drains cease—no more vital waste from the system. You feel yourself a man and know marriage cannot be a failure. Don't let quacks and fakirs rob you of your hard earned dollars.

NO NAMES USED WITHOUT WRITTEN CONSENT

THREATENED WITH PARALYSIS

BEFORE TREATMENT

Peter E. Summers relates his experience: "I was troubled with Nervous Debility for many years. I lay it to indiscretion and excesses in youth. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me guessed my secret. Imaginative dreams at night weakened me—my back ached, had pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loose, memory poor, etc. Numbness in the fingers set in and the doctor told me he feared paralysis. I took all kinds of medicines and tried many first-class physicians, wore an electric belt for three months, but received little benefit. I was induced to consult Drs. Kennedy & Kennedy, though I had lost all faith in doctors. Like a drowning man I commenced the NEW METHOD TREATMENT and it saved my life. The improvement was like magic—I could feel the vigor going through the nerves. I was cured mentally and physically. I have sent them many patients and continue to do so.

AFTER TREATMENT

PARSON—SILK.

A quiet home wedding took place at the residence of Mr. and Mrs. Richard C. Silk, Main street, east, Shelburne, on Wednesday afternoon, Sept. 13th, when their second daughter, Violet Silk, became the wife of James Alonzo Parson, a prosperous young farmer of Mulmur township. The ceremony was performed by the Rev. W. A. Potter, B.A., pastor of the Shelburne Methodist church, in the presence of a number of invited guests. The bride was attended by Miss Addie Galbraith, of Shelburne and Clarence Bowers, of Toronto, assisted the groom. The bride received a large number of handsome presents. On their return from their wedding trip the happy couple will reside on their farm at Violet Hill.

MACKENZIE—ARMSTRONG.

The marriage of Miss I. Gertrude Armstrong and George A. McKenzie was solemnized at St. James' church, Primrose, on Wednesday evening, Sept. 12th, at five o'clock. The church was thronged with many friends and relations, and the ceremony was performed by the rector, Rev. R. J. S. Adamson. The gown of the bride was of white silk batiste, trimmed with fine valenciennes lace and insertion. She wore a veil of tulle which was surmounted with a chaplet of orange blossoms and carried a most artistic bouquet of bridal roses and carnations, and maiden hair fern. The bride was attended by her sister, Myrtle. Robt. Mackenzie, brother of the groom, acted as best man. The bride entered the church leaning on the arm of her uncle, Martin Thompson, to the strains of Lohengrin's wedding march, played by Miss Mary Wilson, of Primrose. After receiving congratulations and good wishes of their many friends, Mr. and Mrs. Mackenzie took their departure for an extended trip to Toronto and North Bay. The bride's travelling suit was of garnet and with this she wore a most becoming garnet silk hat. On their return they will take up their residence at Elba. The bride was the recipient of many beautiful and costly presents. The groom's gift to the bride was a beautiful fur-lined coat, to the bridesmaid a locket and chain, to the groomsman a watch fob, and to the organist a sterling silver brooch set with amethysts.

S. H. Rutledge has purchased the implement and monument business of Henderson Bros. & Co., in Shelburne.

While driving to Church in Flesherton on Sunday Mr. and Mrs. W. R. Simmons and daughter, Miss Flossie, met with a bad accident by their horse taking fright and upsetting the buggy with cover up. Mr. Simmons was dragged some distance and injured in the shoulders. Mrs. Simmons was much shaken up and severely in one side. Miss Flossie was, however, the most unfortunate, being cut in the head, dangerously injured in the back and hip fractured.

DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Canifton, Ont.—"I had been a great sufferer for five years. One doctor told me it was ulcers of the uterus, and another told me it was a fibroid tumor. No one knows what I suffered. I would always be worse at certain periods, and never was regular, and the bearing-down pains were terrible. I was very ill in bed, and the doctor told me I would have to have an operation, and that I might die during the operation. I wrote to my sister about it and she advised me to take Lydia E. Pinkham's Vegetable Compound. Through personal experience I have found it the best medicine in the world for female troubles, for it has cured me, and I did not have to have the operation after all. The Compound also helped me while passing through Change of Life."—Mrs. LETITIA BLAIR, Canifton, Ontario.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to suffering women.

BOGUS ANTIQUES.

Tricks of the Crafty Italian Forgers of Old Curios.

There are dealers in curios, a crafty set of tradesmen, all over Europe, but it is in Italy that they have carried the art of deceit and forgery, the substitution of modern products for ancient, to the acme of perfection. Verona, Venice, Siena and Rome swarm with shops in which lurk these dealers in the antique, and they are keen to spot any American that may pass their way. Next to the American in guiltibility is the Englishman, but he does not so freely give up his money.

Sir James Yoxall, the English connoisseur, thus describes one of these dealers: "He knew how to crackle new ivories by boiling them like eggs, how to cook new pictures in the oven, how to smoke new prints and how to green new bronzes with nitrate of potassium. It was so amusing to see the things age in a minute! He would bring a new earthenware dish out of the over, burning hot, and plunge it into iced oil; result, contraction, chilblains, so to speak—and the enamel all cracked into the wrinkles of age. And then he would rub the surface upon a dirty paving stone till signs of wear and tear appeared that might outwit anybody.

"As for pictures, it was easy to find an old canvas or an old panel for a Lorenzo. It was when the artist's work was over that the real science and art began—first of all, a wash of varnish that had been colored with sepia; next, on the more raised portions, rubbings with licorice juice to attract the flies. He could even imitate fly marks with india ink. A few drops of salty water left on the canvas would produce moldiness and mildew. A needle deftly used would cover the picture with a network of cracks."

THE BANK OF ENGLAND.

Classed as a Tavern and Has the Right to Retail Beer.

In the census records of the city of London the Bank of England is classed as a tavern.

This is because it has the right in common with some other old established city businesses to sell beer by retail. The power to do this was granted it by charter under the great seal in 1694, and it has never been taken away from it.

The bank could therefore, if it chose, start in business as a public house tomorrow, or it could send round a special "Bank of England brand" of, say, bottled stout, delivered in its own drays at your door, with a facsimile of the chief cashier's signature on the label of each bottle as a guarantee of purity.

The dean and chapter of St. Paul's cathedral can also lay claim to a similar privilege, with the right, in addition, to brew their own beer. Paul's brew house formerly stood at the corner of the entrance to Doctor's commons from the churchyard, and an average of between 60,000 and 70,000 gallons of "strong ale" were brewed there every year.

The sale of this, however, was confined to the cathedral precincts. The must have been thirsty souls, those old time ecclesiastics. But, then, it must be remembered that in those days tea and coffee were unknown and beer was drunk at every meal. Even very little children had their allowance, two quarts a day, sent up to the nursery regularly each morning from the buttery below.—Pearson's Weekly.

Trade in Skeletons.

The principal center for the distribution of articulated skeletons for purposes of study by the medical profession is in Paris, from which point they are shipped to every part of the globe. The price of a well mounted articulated skeleton varies from $50 to $300. This difference has little to do with the condition of the subject while alive. In the cheap skeletons only the barest framework is offered, but in the expensive specimens every detail is worked out with sedulous care, and often both the nervous and the circulatory systems are shown.—Cincinnati Commercial Tribune.

A Preference.

"After all," said Mrs. Oldcastle as they were returning from the picture gallery to the drawing room, "I think my preference is for Botticelli."

"Well," replied her hostess, "I can't say that mine is. For me it doesn't seem that there's anything to beat good old-fashioned raspberry jam."—Chicago Record-Herald.

Quick Work.

"That editor is terribly slow at reading manuscript."

"Think so? Why, I know the time he went through twelve stories in less than a minute."

"Gracious! When was that?"

"When the elevator broke."—Philadelphia Press.

Appropriate to the Occasion.

"My tailor always has a touch of the appropriate in his work."

"Yes; I've known him to press mourning suits with sadiron."—Baltimore American.

Fitting Procedure.

If you want money, go to strangers. If you want advice, go to friends. If you want nothing, go to relations.—Lippincott's.

Where He Went.

"Did the prisoner go beyond well defined ethical bounds in his defense?"

"Nope. He just went to jail."—Exchange.

HE WILL ATTEMPT TO CLIMB EVEREST.

There is one great mountain peak that has never been climbed by man. This is Mount Everest, the highest peak in the world. Nevertheless, an adventurous Englishman is already in training with the object of scaling the height, and naturally enough Alpinists all over the wotld are taking the keenest interest in his exploit. Samuel Turner, fellow of the Royal Geographical Society, is the climber who will attempt Everest, and experts agree that if the feat is possible no man is better qualified to undertake it than Mr. Turner, whose reputation as a climber is known wherever there is a snow-clad peak, and whose "Climbing Adventures on Four Continents" is literature prized by Alpinists. Mount Everest is 29,002 feet high, which is 9,000 feet higher than Mr. Turner has ever climbed, but he has carefully calculated his chances and is at present in training for the feat. Should he succeed, it is likely that the fame of the triumph will almost equal that of Peary in his discovery of the North Pole.

Mr. Turner's achievements already include the climbing of most of the well-known Swiss peaks. He has also traversed (that is to say, climbed up one side and descended the other) Mount Cook, New Zealand, being one of a very few mountaineers who have achieved it. Another noted climb was the ascent of Belukha, in the Altais, to the height of 17,800 feet in winter. Perhaps his greatest climb of all was one in which he failed to attain the peak of Aconcagua, in South America. Leaving himself only four days for the dash, Mr. Turner went up more than 20,000 feet. The only time this peak was climbed was in 1896, by the Fitzgerald expedition, which planned and approached for six months before two of the party, Mr. Stuart Vines and a Swiss guide, succeeded in reaching the summit, a climb of 23,080 feet. Had he provisioned himself for a longer climb, it seems reasonable to suppose that Mr. Turner would have added this peak to his list.

His own opinion is that the traverse of Mount Cook was the most difficult and dangerous exploit of his Alpine career, because it was necessary to cut steps in 4,000 feet of very steep snow slopes, both going up and coming down. He is of the opinion that outside of the Himalayas there is no mountain so difficult as this one, although it is only a trifle more than 12,000 feet high, but of this altitude 10,000 is sheer climbing from the valley. He acknowledges only one high peak to be "unclimable," and that is not Mount Everest, but K2 in the Himalayas. The Duke of Abruzzi has also confessed that this curiously named mountain is never likely to be climbed, because it would be necessary to cut steps at a height of 25,000 feet, and at this altitude the vitality of the climber would not be sufficient for the exertion. Mr. Turner says, however, it has no steep ice slopes near the summit and the approach to the pinnacle is gradual.

In his book, previously referred to, Mr. Turner makes some interesting remarks upon the subject of climbing generally. He is of opinion that the real climber is born. Training and practice are necessary to give the born climber the physique necessary for supreme exertions, but unless he was born with the faculty of balancing, all the training in the world will not make him a leader of Alpinists. This faculty Mr. Turner illustrates in the case of a cat that can run along the top of a two-inch railing. A dog of the same weight could not run as fast on a four-inch plank, because the cat's faculty of balancing is better developed. One who possesses this faculty seems to have no fear, for he will leap from one ledge to another, where a miscalculation of an inch would precipitate him thousands of feet. It is not that he is really braver or more reckless than another, any more than a cat is braver than a dog. The possession of the faculty of balancing renders one insensible of danger on the mountains.

It is this instinct, plus a magnificent physique, which makes great climbers. Mr. Turner appears to have both, and has developed the latter by training. He amuses himself by balancing objects on his chin, and by juggling tricks. His muscles have been toughened and educated by skipping. In this exercise he has a world's record for on one occasion he skipped 6,696 times in forty minutes and did it on the rolling deck of a ship at sea. The doctor who examined Mr. Turner at the conclusion of this feat declared that his heart was in perfect condition and that he was capable of continuing for a much longer period. He seems to be admirably equipped in every respect for the great work he has determined on.

NO APPETITE?

This Remedy Will Restore It.

If you have no appetite for meals, can't work, can't rest, and are annoyed with too frequent urination and a burning, scalding pain in making passages.

If at night you retire, hoping for sleep that either does not come, or is troubled and fitful, you have kidney trouble and need Booth's Kidney Pills, the guaranteed remedy for all kidney and bladder trouble. A few doses of Booth's Kidney Pills will wake up the sluggish kidneys and regulate the urine. Continued treatment will cure and heal the weakened kidneys and restore the appetite in the natural way. Sold everywhere 50c. box, or postpaid from The R. T. Booth Co., Ltd., Fort Erie, Ont. Free trial sent on application.

Dr Morse's Indian Root Pills positively cure Constipation and all kindred & resulting troubles. 25¢ a box 16

JOHN F. QUIN, V.S.

After many months of suffering from an incurable heart trouble Major John Quin died at his home, Queen street, west, on Wednesday morning. Mr. Quin had lingered between life and death for some weeks past, and his death was not unexpected. Many friends hoped for recovery for a long time but of late he had gradually grown weaker, his suffering ceasing at an early hour yesterday morning. Born at Snelgrove he passed his life within the confines of Peel County and was widely known, both as a veterinary surgeon and in military circles. Although quiet and somewhat retiring in manner he was a man who possessed many warm friends here and elsewhere by whom he will be sincerely mourned. Major Quin was a member of the Masonic Order and was also a Forester. He is survived by a widow and two daughters, Mary and baby Florence, to whom goes out the sympathy of many people in their keen sorrow. The funeral will take place on Friday at 3 o'clock to Brampton cemetery.—Conservator.

Rev. S. H. Eastman, pastor of Erskine Presbyterian church, Meaford, has resigned his charge.

TRUTHFUL ADVERTISING THE BASIS OF SUCCESS.

Since the Ingredients Entering Peruna Are Known, Its Power as a Catarrh Remedy and Tonic Is Understood.

COLUMBUS, OHIO.—The active ingredients entering the most popular household remedy in the world have been made known to the public. This means a new era in the advertising of popular family medicines—Peruna leads.

Peruna contains among other things, golden seal, powerful in its effect upon the mucous membranes. Cedron seed, a rare medicine and unsurpassed tonic. Cubebs, valuable in nasal catarrh and affections of the kidneys and bladder. Stone root, valuable for the nerves, mucous membranes as well as in dropsy and indigestion.

WANTED.

A live representative for Orangeville and surrounding district to sell high class stock for

The Fonthill Nurseries

More fruit trees will be planted in Fall of 1911 and Spring of 1912 than ever before in the history of Ontario.

The orchard of the future will be the best paying part of the farm.

We teach our men Salesmanship, Tree Culture and how big profits in fruit-growing can be made.

Pay weekly, permanent employment, exclusive territory.

Write for particulars.

STONE & WELLINGTON, Toronto.

During the electric storm a week ago Monday evening Mr. Dave Symes' barn, four miles south of Markdale, was struck and burned together with a binder, mower and forty tons of hay. His house across the road was struck a week ago last Saturday, but not seriously damaged. Mr. Symes had $500 insurance.

EYE ERROR

Not a question of age

No part of the body is so delicate, so easily injured and so generally abused as the eye. The need of glasses is not a question of age. Lots of children have to wear them and there are many more who should. Bad marks at school can often be traced to poor eye sight and very often the eyes should have the constant aid of glasses.

We have facilities here for testing your eyes and finding out exactly what they need. We sell only such glasses as we can thoroughly recommend. All work is guaranteed.

T. STEVENSON

Issuer of Marriage Licenses

SPLENDID FAIR.

ngeville Fall Exhibition rew a Large Crowd in Spite of the Unfavorable Weather.

ibits Excellent in Nearly Every Department.

eding Events Created Great Enthusiasm.

tizens and country people who the interests of the Dufferin Agtural Society at heart have alike best of reasons for gratification the successful character of Or- Friday. The Fair was easily one he best ever held in Orangeville, attendance and exhibits eclipsing year's Fair, which in these reits was itself far in advance of Society's Exhibition in 1909. The ther outlook was not any too mising on Thursday afternoon, an wind and a leaden sky giving ry indication of a general rain. re was a heavy rain during rsday night and on Friday morn the signs still pointed to a wet, greeable day. Before noon, howr, the clouds began to disperse, by noon the sun was shining rtly and a practically unclouded held out the pleasing promise of a afternoon. While it came too to help people at a distance who planned to visit the Fair, the nge in the atmospheric conditions urred sufficiently early in the day enable country people for several es in every direction to reach Orville early in the afternoon. The of the concourse that thronged grounds, viewing the exhibits, tching the speeding in the ring, l patronizing the numerous amusent and refreshment stands indied how generally the countryside l taken advantage of the favorable ditions.

The only disappointment in the ibit in the main hall was the owing of field grain. This was ch smaller than usual, the paucity of entries being no doubt due the dry and generally unfavorable ason experienced in this section of province. There was also a slight ling off in the quantity of field ots and vegetables shown. The ality of the exhibits was remarkly good considering the dry year d the early date of the Fair. This been an off year in fruit, but a display of apples, plums, pears, ., was nevertheless fully up to the erage. The display of flowers was ceptionally good. There was record entry of dairy and domestic oducts. Competition was very en in this department and the dges had no easy task picking the nning exhibits. Their work was rticularly difficult in the case of e butter. The showing of fancy ork was even larger than usual. he space in front of this exhibit as thronged throughout the day, e ladies in particular finding much interest them in an inspection of e many beautiful articles shown. he Fine Arts Department had a rge entry list. The students were the fore in the Natural History d Penmanship Departments. A mber of interesting collections of eed, seed and plant life were shown the former and some excellent ecimens of writing, both plain and namental, in the latter. Orangeville usiness men showed their interest nd customary enterprise by making number of excellent special displays their wares. The McMillan Clothg Co. and Ritchie Bros. had large paces reserved upstairs. The former ade an attractive display of Furned and Cloth Overcoats, Fur oats, Rain Coats and Ready-to-Wear Clothing. Ritchie Bros. had a astefully arranged exhibit of Carpets, urs, Fur Coats, Mantels, etc. The xhibit was in charge of Mr. W. A. amesbottom, of the Erin firm of itchie & Ramesbottom. Downstairs illespie Bros. made a display of rniture, Mr. J. E. Smith, Massey-Harris Agent, exhibited a line of uggies and cutters, Singer sewing achines, etc. and E. A. Robinson, presentative of the National Manfg. o., made a creditable display of that irm's wares. Mr. G. L. Pletzer had n attractive display of lawn seats, ockers and novelty furniture: Mr. Wm. Fiddes was the exhibitor of a ine Player Piano, which appeared to attract even more than its share of the popular attention.

The speeding events furnished some of the best sport ever witnessed at a Fall Fair in Orangeville. There was a good entry list in each of the events and close, exciting finishes were the order of the day. Minnie May won the Farmers' Trot in straight heats, but Little Sandy and Rose Boy had a stiff fight for second place. Nettie Watson was a little too good for The Bison and Jennie Price in the Free-for-All. The Bison won the last heat in a hair raising finish, but was set back for running. It took no less than seven heats to decide the 2.40 Trot or Pace. Wiry Queen won out, Flirt getting second and J. J. Carroll's Direct Mac third. A nasty accident occurred in the fourth heat. When rounding the first turn Hugh Mac, who was well in front, threw a boot and fell, hurling his driver, Mr. Neil McQuarrie, on his shoulder on the hard track. My Hal and Pleasant Jim got into the mix-up and one of the drivers was also thrown. Both sulkies were badly wrecked, but horses and men had the good fortune to escape without any serious injury. One of the horses broke away from its sulky and made the greater part of the circuit at a gallop before it was stopped. The incident caused great excitement and there was a wild rush to the spot where the spill occurred. The following is a summary of the races :—

FARMERS' TROT.

Minnie May, McClure Bros., Brampton	1	1	1
Little Sandy, E. Varey Churchill	2	5	2
Rose Boy, O. Irwin, Rosemont	3	2	4
Preacher Boy, Thos. Williamson, Streetsville	5	4	5
Dolly D., M. H. Reid, Mono	4	3	3
Tony Joe., Robert McKibbon, Mono	6

The Bison, Dr. Riddell, Orangeville	4	3	2	3
Jessie Dellan, C. Bailey, Ariss	3	4	3	4

2.40 TROT OR PACE.

Wiry Queen, S. J. McClure, Brampton	4	6	6	4	1	1
Flirt, W. E. Storey, Alliston	1	1	5	3	4	4
Direct Mac, J. J. Carroll, Erin	2	3	2	1	2	2
May Bell, W. J. Mernott, Salem	5	4	4	2	3	3
Pleasant Jim, McClure Bros., Huttonville	3	2	1			
Hugh Mac, Neil McQuarrie, Orangeville	8	5	3			
My Hal, W. J. Mernott, Salem	9	7	7			
Bessie Queen, J. J. McNaughton, Mono	6					
Hilda B., T. Williamson, Streetsville	7					

W. Hull, Erin, Starter.
J. D. Orr, Meadowvale, Judge.
J. E. Booth, Time Keeper.

There was a splendid showing of horses, the heavy classes in particular being much better filled than heretofore. Smith Bros., of North Erin, and Hugh Semple, of Grand Valley, were exhibitors of some splendid heavy horses. Entries were well filled in the lighter classes, the showing of roadsters being particularly creditable. Miss Lettie Hulse captured Mr. A. J. H. Eckhardt's fine special for the best lady driver. The competition, which took place in front of the grand stand, attracted an immense crowd. The regular Society prize went to Miss Jennie Atkinson, Mrs. Hastings and W. K. Westlake capturing second and third. Smith Bros., of North Erin, won Ritchie Bros. special for the best tandem turnout.

The showing of cattle was considerably better than last year. Interest of course centred in Mrs. W. H. Hunter & Son's fine herd of Herefords just home after their victories at the Canadian National. Some good Durhams were shown, a fine bull belonging to Haffey Bros., of Mono Mills, winning much favorable comment. The entries of pigs and sheep also showed an improvement over last year. The wet morning, however, kept some of the exhibitors from coming. An instance in point is that of J. L. Barbaree, of East Luther, who had his sheep loaded ready to leave home, but unloaded again because of the threatening weather. The principal exhibitors were Haffey Bros., Mono Mills, and Fred. Cooney, Laurel, Cotswolds; Alfred Tolton, Waldemar, Leicesters; J. Besley, Shelburne, and L. G. Clarke, Shropshires, and A. Dowling, Oxfords. T. J. Henry, Caledon, was the exhibitor of a splendid Improved Yorkshire Boar and Sow, each being awarded a first prize. The boar won first prize at the Canadian National last year, so that it will be seen he is one of the best. John Clark, T. J. Parks, F. Leader and S. J. Bradford were the other exhibitors of pigs. The poultry exhibit was one of the centres of interest. The entries were away ahead of former years and the poultry building was altogether too small to accommodate them all. W. G. Bailey was the principal outside exhibitor and carried off a considerable number of the prizes. Local fanciers, however, beat him out in quite a number of cases.

Orangeville Citizens' Band, improvised specially for the occasion, turned out twenty strong and, considering the lack of practice, furnished splendid music. Mr. E. H. Smith, who undertook the arduous and trying role of bandmaster, deserves a great deal of credit for getting together such an efficient corps of musicians.

The concert in the Town Hall on Friday night drew a crowded house. The Stares Concert Co., of Hamilton, provided an excellent programme and were given an enthusiastic reception. Mr. C. R. McKeown, M.P.P., presided.

The prize list is as follows :—

HORSES.

Class 1—Roadsters.

Brood Mare, E. Daniels, Thomas Jackson, G. A. Cameron; Spring Colt, E. C. Daniels, Wm. I. Holmes, M. H. Reid; Yearling Gelding or Filly, J. W. Potter; 2 year old Gelding or Filly, J. S. Ledlow, Haffey Bros., G. A. Cameron.

Class 2—Hackney.

Spring Colt, W. J. Trathen, Jas. A. Cameron, Wm. Conley; 2 year old Gelding or Fully, Dan McMillan; Brood Mare, W. K. Westlake, Jas. Pinkney, Jas. A. Cameron; Spring Colt, D. E. McGill, Jas. Pinkney, Wm. Conley; Yearling Gelding or Filly, Benj. Graham; 2 year old Gelding or Filly, Robert Coulter, Jas. Pinkney, L. S. Waller.

Class 4.—Road and Carriage Horses. 15-2 hands and under.

2 year old Gelding or Filly, Louis Johnston, Jas. Torrie, Fred. White; Single Horse in harness, trot or pace, W. E. Reid, S. Hastings, J. J. Carroll; best pair Road Horses, to go 1 mile, Wm. Buchanan, F. McAllister, J. J. Ellis; best Saddle Horse, D. J. Hunter.

15-3 hands and over.

3 year old Gelding or Filly in harness, Bert Trimble, G. A. Cameron, M. Laidlaw; Single Horse in harness, Gelding or Filly, John Kannawin, Clayton Laidlaw, Smith Bros.

Special Features.

Lady driver, Jennie Atkinson, Mrs. S. Hastings, W. K. Westlake; gentleman driver, S. Hastings, J. Kannawin, G. A. Cameron.

Class 4—Carriage.

15-3 hands and over.

3 year old gelding or filly in harness, Bert Trimble, G. A. Cameron, M. Laidlaw; best team of horses, H. Hastings, B. Dynes, G. McManus; single turnout by gent, outfit to be driven by owner, D. A. Hogg, J. Kannawin, S. Hastings; high stepping horse in harness, W. K. Westlake, Thos. McCartney.

Class 5—Agricultural.

Brood mare, T. J. Park, M. Laidlaw, H. Platt; Spring Colt, C. Baldwin, Robert Rowan, J. W. Potter; Gelding or Filly, 1 year old, J. W. Potter, Wesley Kee, Harry Platt; Gelding or Filly, 2 years old, W. Rowan, M. Laidlaw, M. Laidlaw; Agricultural Team, Mares or Geldings, J. Dougal Large, M. Laidlaw, Thos. Brett.

Class 6.—Heavy Drafts.

Brood mare, D. N. Potter; spring colt, Robert Rowan, D. N. Potter; yearling gelding or filly, W. W. Young, Haffey Bros. D. N. Potter; gelding or filly, 2 years old, H. Platt, Robert Rowan, John Laidlaw; heavy draft team, Hugh Semple, Smith Bros.

Class 7.—Imported or Heavy Horses.

Brood mare, Hugh Semple, 1 and 2, John B. Armstrong; spring colt, Hugh Semple, 1 and 2, John B. Armstrong; 1 year old filly, Hugh Semple, W. J. Trathen; 2 year old filly, John Meek, George Fletcher, R. J. Galbraith; 3 year old filly, Hugh Semple.

Massey Harris Special —Heavy draft team, wagon and harness, horses to count 50 per cent., John Smith.

Ritchie Bros. Special—Best tandem turnout—Smith Bros.

A. J. H. Eckhardt Special—Single lady driver, Miss Hulse.

CATTLE.

Class 8.—Durhams.

Bull calf, J. Hammond; bull, any age, Haffey Bros.; Cow, 3 years and over, I. Hammond.

Class 10.—Herefords.

Bull, any age, Mrs. W. H. Hunter & Son, Mrs. W. H. Hunter & Son; bull calf, Mrs. W. H. Hunter & Son, Mrs. W. H. Hunter & Son; cow, 3 years and over, Mrs. W. H. Hunter & Son, 1 and 2; heifer, 2 years old, Mrs. W. H. Hunter & Son, 1 and 2; heifer, 1 year old, Mrs. W. H. Hunter & Son, 1 and 2; heifer calf, Mrs. W. H. Hunter & Son, 1 and 2.

Class 12.—Jersey Cattle.

Cow, any age, giving milk, Matthew Varcoe, 1 and 2.

Class 13—Dairy Grades.

Best grade cow giving milk, Mrs. W. H. Hunter & Son, 1 and 2; heifer, years old, Mrs. W. H. Hunter & Son, Thos. Brett; heifer, 1 year old, Mrs. W. H. Hunter & Son, 1 and 2; fat ox, steer or heifer, any age or breed, Mrs. W. H. Hunter & Son, 1 and 2; best cow on grounds, Mrs. W. H. Hunter & Son, diploma.

SHEEP.

Class 14.—Cotswold.

Ram, two shears and over, Haffey Bros. 1 and 2; shearling ram, Fred. Cooney; ram lamb, Haffey Bros., 1 and 2; one ewe, 2 shears and over, Fred. Cooney, Haffey Bros.; shearling ewe, Fred. Cooney, Haffey Bros.; 2 ewe lambs, Fred. Cooney; best pen, 1 male and 3 females, Fred. Cooney, diploma.

Class 15.—Leicester.

Ram, 2 shears and over, Alf. Tolton; shearling ram, Alfred Tolton; ram lamb, A. Tolton; 1 ewe, 2 shears and over, A. Tolton; 1 shearling ewe, A. Tolton; 2 ewe lambs, A. Tolton; best pen, 1 male and 3 females, A. Tolton, diploma.

Class 16.—Shropshire.

Ram, 2 shears and over, J. Besley, L. G. Clarke; shearling ram, John Besley, L. G. Clarke; ram lamb, J. Besley, 1 and 2; 1 ewe, 1 shear and over, John Besley, 1 and 2; 2 ewe lambs, John Besley, L. G. Clarke; best pen, 1 male and 3 females, John Besley, diploma; 1 ewe, 1 shear and over, John Besley, 1 and 2.

Class 18—Oxfords.

Shearling ram, 1 shear and over, A. Dowling; ram lamb, A. Dowling, 1 and 2; 1 ewe, 2 shears and over, A. Dowling, 1 and 2; 1 ewe, 1 shear and over, A. Dowling, 1 and 2; 2 ewe lambs, A. Dowling; best pen, 1 male and 3 females, A. Dowling, diploma.

PIGS.

Class 20.—Tamworth.

Class 19.—Improved Yorkshires.

Boar, 1 year and over, T. J. Henry, John Clarke; boar under 1 year, John Clarke; breeding sow, 1 year and over, T. J. Henry, Jno. Clarke; sow under 1 year, John Clarke.

Class 22.—Improved Chester White.

Sow, under 1 year, T. J. Park.

Class 24.—Poultry, Etc.

Brahmas, light, W. G. Bailey, 1 and 2; Wyandottes, white, W. G. Bailey; Wyandottes, laced, W. G. Bailey; Wyandottes, buff, A.C.B. Armstrong, 1 and 2, E. Limebeer; Black Breasted Red Game, W. G. Bailey, L. Patterson; Indian Game, W. G. Bailey 1 and 2; Houdans, W. G. Bailey, 1 and 2; Golden Breasted Red Bantams, W. G. Bailey, L. Patterson; Plymouth Rocks, white, W. G. Bailey, 1 & 2; Plymouth Rocks, barred, white, O. C. B. Armstrong, 1 and 2; Lang Shang, W. G. Bailey; Minorcas, white, A. Wilcox; Buff Orpington, Percy Leighton; Walter Smith; Minorcas, black, W. G. Bailey; Rhode Island Reds, M. Robinson, Alex. Rix; Buff Cochin Bantams, W. G. Bailey; O. C. B. Armstrong; Buff Leghorns, E. Limebeer; Pekin Ducks, Cecil Field, Mrs. W. Irwin; Toulouse Geese, D. N. Potter; Bronze Turkeys, D. N. Potter, Mrs. W. Irwin; Pigeons, Tumbler, Ben Price, 1 and 2; Pigeons, Fantail, W. G. Bailey, L. Arnott; Pigeons, any other kind, L. Patterson, Walter Dahl.

Rabbits, Lester Arnott, Lloyd Patterson; Colored Dorkings, W. G. Bailey; Buff Cochin China, W. G. Bailey, 1 and 2; Leghorns, white, O. C. B. Armstrong, E. Limebeer; Leghorns, brown, W. J. Bailey, Elgin Limebeer.

Class 25.—Chickens.

Colored Dorkings, W. G. Bailey, 1 and 2; Cochin Chinas, W. G. Bailey, 1 and 2; Brahma Pootras, light, W. G. Bailey, 1 & 2; White Leghorns, O.C. B. Armstrong, Elgin Limebeer; Brown Leghorns, W. G. Bailey; Leghorns, rose comb, white O. C. B. Armstrong; Game Fowl, any other kind, W. G. Bailey, 1 & 2; White Wyandottes, W. G. Bailey, O C. B. Armstrong; Laced Wyandottes, W.G. Bailey; Buff Wyandottes, O.C.B. Armstrong 1 and 2; Golden Sebright Bantams, W. G. Bailey; Black Breasted Red Bantams, W. G. Bailey, 1 and 2; Plymouth Rocks, barred, O. C. B. 10 lbs. butter in 1 lb. rolls, in basket, G. Crozier, R. J. Galbraith; Mrs. John Clark; 50 lbs. tub of butter, W. N. Baker, Ben Bradley; 20 lbs.

(Continued on page 8.)

A DISCOVERY THAT IS BENEFITING THE WHOLE WORLD

CANADIAN PHYSICIAN MADE IT

Wonderful New Substance Formed By Combining Fruit Juices

It takes Canada to do the really big things that are being done. For thousands of years, people have known that fruit was good for them without knowing exactly why. A Canadian physician experimented until he found out.

Fruit juice is about nine-tenths water and one-tenth solid matter. And this solid matter is eight-ninths sweet and one-ninth bitter. It is the bitter principle that is the curative part of fruit. To get the full benefit of fruit, one must eat *great* quantities of fresh fruit. By the discovery of this Canadian physician, the bitter or curing part of fruit juice is so combined that it is made to grow or increase many times. In other words, a stronger fruit juice is created. This is made into tablets which are known all over Canada under the name of "Fruit-a-tives". "Fruit-a-tives" is the only medicine in the world that cures Constipation. JAMES PROUDFOOT Esq. of Vankleek Hill, Ont. says "If it were not for 'Fruit-a-tives' I am satisfied I could not live".

MR. PROUDFOOT

Chronic Constipation means Paralysis of the Bowels. There are two layers of muscles in the bowels which during constipation become thin and weak and cannot act. In severe cases, people go three and even ten days without the bowels moving. N. JOUBERT Esq. of Grande Ligne, Que. says "I heartily recommend 'Fruit-a-tives' to all who suffer with Constipation".

MR. JOUBERT

Bile, a liquid secreted by the liver, is the purgative of the body. Two pints of bile should be poured into the bowels every day. In severe constipation only about half a pint is secreted. With the muscles of the bowels weak and little bile, it is impossible for the bowels to move regularly. A. G. WILLISTON Esq. of Hardwicks, N. B. says "I tried 'Fruit-a-tives' and now I am well from Chronic Constipation from which I suffered for many years".

MR. WILLISTON

To cure Constipation, the liver must be stimulated to pour out more bile and the weak muscles strengthened. Mr. and Mrs. J. W. Fox of Newburgh, Ont., say "Our daughter was cured of Appendicitis by 'Fruit-a-tives' after doctors said only an operation could save her life."

MISS FOX

"Fruit-a-tives" is not merely a relieving agent but actually cures Constipation. It tones up the nerves and bowel muscles and increases the flow of bile.

MR. PARSONS

WM. PARSONS Esq. of Otterville, Ont. says "I am eighty years of age and find 'Fruit-a-tives' do me more good than any other remedy". Remember — chronic Constipation cannot be cured in a day, but "Fruit-a-tives" will quickly relieve the trouble and certainly cure you if taken a reasonable time.

Senator JOHN COSTIGAN of Ottawa, says "I have been a dreadful sufferer from Constipation for over thirty years. After taking 'Fruit-a-tives' for a few months, I feel I am well from this horrible complaint".

SENATOR COSTIGAN

"Fruit-a-tives" will cure you. 50c. a box, 6 for $2.50, or trial size 25c. At all dealers, or from Fruit-a-tives Limited, Ottawa.

WHERE DID THIS HAPPEN?

They are telling a rather amusing little yarn in ministerial circles about the Rev. T. E. Bartley, one of the most prominent Methodist preachers in Toronto, and now in charge of the Methodist Social Union work in that city.

It so happened that Mr. Bartley was walking along the street of a little town in Dufferin county one night, when he noticed a staggering figure lurch into the ditch. Compassion and pity welled up in the ministerial soul, and by dint of patience and energy he got the intoxicated man on his unsteady feet, and steered him on what the bibulous one said was his homeward road. Mr. Bartley stayed with him to the end of the journey, and as he was about to leave him at his door, the man gave a look of genuine gratitude. Though his tongue was a trifle thick, he insisted on making a little speech expressing his thanks. It was the peroration that appealed to the preacher.

"You see," said the tippler, "I'm the magistrate here, and I assure you that if you ever come before me I'll let you off darned easy."—Canadian Courier.

A SERIOUS MIX-UP.

Friday morning a runaway occurred on Main st., which might have had very serious results. As Harry Hall was driving his team down the grade from the Presbyterian church a bolt jumped out of the clevis holding the whiffletree, letting it fall on the horse's feet. The animal immediately sprang forward taking its mate. The tongue of the wagon dropped turning it into the ditch. Mr. Hall in attempting to hold the horses was yanked onto the road and the team began a wild dash for home. When opposite Thomas Boyle's residence they overtook and plunged into the back of Rev. W. G. Charlton's buggy driven by himself. The impact threw Mr. Charlton out on the gravel, severely bruising him and almost ruining his clothes. The back of the buggy was thrown up so the top of the buggy came down on Mr. Charlton's horse, and the three horses, buggy and harness were in a general mix-up. The buggy was badly damaged but the horses escaped injury.—Hillsburg Beaver.

FALL 1911

Millinery Opening

Tuesday, Sept. 19,

and following days. Inspection by the Ladies cordially invited.

Inglewood Opening

Monday, Sept. 25th,

in Mrs. Hammond's, next door to the Bank.

LOCAL NEWS.

—Bolton Fall Fair on Monday and Tuesday, Oct. 2 and 3.

—Collector Jos. J. Kelly has been busy delivering tax slips this week.

—Mr. John Cannawin captured first prize for best single carriage horse at Brampton Fair on Wednesday.

—W. H. Blair, of Arthur, has appointed R. B. Henry as sole agent for Bell & Co. pianos and organs for Orangeville and vicinity.

—Mr. R. J. Taylor, Elizabeth St., who has been very ill with typhoid pneumonia for the past four or five weeks, is still in a very critical condition.

—David Craig, of Melancthon, and Mary Meeks, of Mulmur, were placed in custody in the Orangeville gaol during the past week. They were both committed as lunatics.

—Mr. G. A. Campbell, York St., met with a painful accident one day last week. While working with a knife, the instrument slipped in some manner and came in contact with his foot, inflicting a painful wound.

Mr. Garnet Curry, of Odessa, son of Mr. W. J. Curry, this town, has resigned from the Northern Crown Bank and has accepted a position as cashier with Nerlich & Co., of Toronto, wholesale dealers in fancy goods.

—Mr. Hugh Maguire, a well-known resident of Mono, died at his home near Relessey about 2 o'clock this morning. The funeral will take place from his late residence to Relessey cemetery at 2 o'clock on Saturday afternoon.

Newest styles in Hats at J. D. Torrie's.

—Rilla Marshall, youngest daughter of Mr. and Mrs. J. J. Marshall, First St., fractured an arm through a fall from a bicycle while riding on Prince of Wales St. on Tuesday. The accident occurred through losing control of the bicycle.

—The Epworth Leaguers held a delightful social evening in the school room of the Methodist Church, on Monday night. An excellent musical programme was furnished by Mr. E. A. Warren, Mr. S. R. Frost, the Methodist Ladies' Quartette, Misses Helen Denton, H. Wallace, Lena Ritchie and C. C. Wright. Mr. Will Kearns, President of the League, occupied the chair.

CHILD POISONED.

A distressing accident occurred at the home of Mr. and Mrs. Albert Neil, who live on the Caledon townline about two miles east of Orangeville, on Tuesday afternoon. While playing about the house about five o'clock, their little son, two years of age, got hold of a bottle containing some liquid mixture that had been in the house for a considerable time and swallowed a portion of the contents. As soon as the parents discovered what had happened they summoned Dr. Kyles, who reached the house about six o'clock and spent the entire night in an unavailing effort to save the life of the stricken child. Emetics and other means employed in cases of poisoning proved of no avail. The mixture, which contained belladona, made the little sufferer delirious. Death ensued about five o'clock yesterday morning. Mr. and Mrs. Neil, who are grief-stricken over the loss of their precious little one, have the heartfelt sympathy of the community in the distressing bereavement that has so unexpectedly shadowed their home. The funeral was held to the Forest Lawn cemetery this afternoon.

A distressing accident occurred at the home of Mr. and Mrs. Albert Neil, who live on the Caledon townline about two miles east of Orangeville, on Tuesday afternoon. While playing about the house about five o'clock, their little son, two years of age, got hold of a bottle containing some liquid mixture that had been in the house for a considerable time and swallowed a portion of the contents. As soon as the parents discovered what had happened they summoned Dr. Kyles, who reached the house about six o'clock and spent the entire night in an unavailing effort to save the life of the stricken child. Emetics and other means employed in cases of poisoning proved of no avail. The mixture, which contained belladona made the little sufferer delirious. Death ensued about five o'clock yesterday morning. Mr. and Mrs. Neil, who are grief-stricken over the loss of their precious little one, have the heartfelt sympathy of the community in the distressing bereavement that has so unexpectedly shadowed their home. The funeral was held to the Forest Lawn cemetery this afternoon.

CASKET FACTORY BURNED.

Orangeville Has Another Serious Midnight Conflagration.

Fire, which it is suspected was of incendiary origin, gutted the old Dufferin Casket & Coffin Company factory about midnight on Wednesday. Mr. W. H. Lugsdin, Manager of the Bank of Commerce, discovered that the factory was on fire about 11.30 p.m. while on his way home from the political meeting in the Town Hall. An alarm was quickly sent in, but when the fire brigade arrived the interior of the building was a mass of flames and the firemen could do little except prevent the fire from spreading to surrounding buildings. The engine house, which was separated from the main factory, was saved. There was considerable inflammable material in the building and the fire made very rapid headway. It burned itself pretty well out by 12.30.

The factory was a two storey brick building with a mansard roof and had been unoccupied since The Dufferin Casket Co. went out of business over three years ago. The Company was forced to the wall and practically absorbed by the National Casket Co., of Toronto, whose President, Mr. A. J. H. Eckhardt, is the present owner of the building. Mr. Eckhardt, who motored up from Toronto Wednesday afternoon and spoke at Mr. Brown's meeting in the Town Hall, was an eye-witness of the fire. He estimates the loss at about $10,000. We understand there was about $6000 insurance on the building and plant. There was considerable machinery in the factory. This, we are informed, Mr. Eckhardt had sold to Mr. H. W. Petrie, Toronto, only a few hours before the fire.

PERSONAL MENTION.

Mrs. Thos. Leggatt is visiting friends in Weston.

Mr. Alex. Hughson, of Toronto, is in town this week.

Mr. and Mrs. T. T. Paul are visiting relatives in Meaford.

Messrs. J. J. White and J. S. Robertson left for the West on Tuesday.

Mr. John Cameron, Centre Road, Caledon, left for a trip to the West on Tuesday.

Mr. M. Rooney, of Daysland, Alta., was the guest of his brother, Dr. R. W. Rooney last week.

Mr. F. A. Mellick, Dominion Express Agent, is on duty again after a two weeks' vacation.

Mr. and Mrs. Arthur Webb, of Toronto, are visiting the latter's sister, Mrs. Bert Groskurth, Zina St.

Misses Leila Lambe and Lizzie Lackey spent Sunday as the guests of Mrs. W. H. Trimble, of Laurel.

Mr. W. C. McMillan left on a two weeks' trip to Winnipeg, Edmonton and other Western points on Tuesday evening.

Mrs. Frances Wiggins and Mrs. R. J. Price, of Malone, N.Y., are paying their sister, Mrs. John Bailey, an extended visit.

Mr. Thos. Huston and sisters, Ethel and Margaret, Centre Road, spent the former part of this week with Arthur and Kemlworth friends.

Mr. and Mrs. Jas. D. McMillan arrived home from their two weeks' honeymoon trip last night. They will take up their residence on First St.

Mr. and Mrs. Ross O. Stevenson, of Vancouver, B.C., who have been paying the former's parents, Mr. and Mrs. T. Stevenson, a short visit, left for their Western home on Tuesday.

Mr. and Mrs. Thos. Arnott announce the engagement of their only daughter, Florence White, to Mr. Arthur Irwin, of Toronto. The marriage will take place about the middle of October.

Mrs. G. A. Campbell, who has been visiting her daughter, Mrs. Poapst, in Ottawa, during the summer, returned home last night, accompanied by her daughter, Mrs. W. E. Judge, of Los Angeles, Cal., who has also been visiting in Ottawa. Mrs. Judge will visit here for some time.

Mr. and Mrs. Rigby Swinton, of Manitou, Man., and Mrs. Ed. Leeson, of California, have been visiting County Treasurer C. R. Wheelock, Dr. and Mrs. F. Frank and other friends in town. Mr. Swinton returned to the West on Monday, but the ladies will remain here for a couple of weeks longer.

Rev. Oscar Nurse, B.A., of Beeton, preached excellent sermons in St. Mark's Church on Sunday. Mr. Nurse is an old High School student and his discourses were heard with pleasure by a number of the friends of his student days. Rev. Mr. Rix, rector of St. Mark's, conducted harvest home services in Beeton.

Mr. W. R. Bonter, special representative of the Mutual Life Insurance Co., of New York, and Mrs. Bonter are in town this week. Although representing one of the largest financial concerns in the United States, Mr. Bonter is nevertheless strongly opposed to reciprocity. Mr. and Mrs. Bonter will be here until Saturday.

Mr. Frank Wiggins, of Longmount, Colorado, who has been in town for the last three weeks visiting his uncle, Mr. John Bailey, left on Tuesday for home. Mr. Wiggins, who is a wealthy contractor, completed a $50,000 contract for a High School building in Longmount shortly before he came away.

Among the local Masonic brethren who attended the funeral of the late Wm. McIntyre in Grand Valley on Monday were Rt. W. Bros. Robert Irvine and Col. J. A. V. Preston, W. Bros. J. Kilpatrick, D. Campbell, R. H. Robinson, A. A. Hughson, A. D. McKitrick, Dr. W. H. Bowles, J. H. Hulse and Bros. W. M. Green, Jas. Armstrong, John Park, Geo. H. McLean, E. H. Sproule and H. F. Stuckey.

FAIR NOTES.

The poultry sheds will have to be enlarged.

Orangeville Fair is surely experiencing a growing time.

"The best fair ever held in Orangeville" was the comment of more than one enthusiastic visitor.

President Leighton, Secretary Endacott and the other officers wore the smile that wouldn't come off.

The W. C. T. U. ladies had a large tent on the grounds and did a brisk business serving coffee and light refreshments.

Horses were shown and judged in an enclosed ring this year. This is a marked improvement, as it prevents the spectators from crowding about the horses and judges.

Mr. H. A. Dorrance, District Representative of the Department of Agriculture, had a tent on the grounds, containing an interesting exhibit. Mr. Dorrance had numerous callers and spent a very busy day. Farmers are freely availing themselves of the advice and services of the Department's courteous and obliging representative.

BOLTON FAIR OCT. 2 & 3

This fair promises this year to sustain its reputation as one of the best shows of the district. It is particularly strong in the different horse classes, and good purses are being offered in speeding. Reduced rates on the C.P.R. Address Secretary, Fair, Bolton, for a prize list.

CALEDON FALL FAIR.

Will be held at the village of Charleston on Oct. 5th and 6th, 1911. Notice the following new features:—Specials in horses are under classes designated, Hackney Class, increased prizes in trials of speed, better track. Note well the specials in sheep. Prizes offered second to none in dairy and domestic Products, ladies' work and the fine arts receiving better treatment, to say nothing of the well arranged list of cattle, pigs, poultry, garden, orchard and field products. Be sure and make it a point to show and if you don't show, Come. Special half fare railway rates on the C.P.R. The regular morning Teeswater train connects with special for Caledon at Melville Junction. Special train leaves Caledon at 5.50 p.m. to connect with regular evening Teeswater train. Send to Secretary for Prize List. Wm. J. Wilson, Pres., Wm. Rutledge, Secretary, Caledon, Ont.

WILL HOLD SALE.

The Ladies' Aid Society of St. Andrew's Church is arranging to hold a sale of wearing apparel and other useful articles on November Fair Day. Particulars later.

RALLY DAY.

Next Sunday will be Rally Day in the Methodist Church. There will be special sermons by the pastor and a special service of song in which the Choir, the ladies' quartette and Mr. E. A. Warren will take part.

ANNIVERSARY SERVICES.

Anniversary services will be held in Raney's Methodist Church on the Mono Mills Circuit on Sunday, October 1st, at 11 a.m. and 7 p.m. Rev. Mr. Rodwell, of Toronto, will occupy the pulpit at both services. On Monday evening following the congregation will hold a tea meeting. An excellent programme will be provided.

FARMERS AT LAW.

Mr. A. A. Hughson was in Erin on Tuesday acting in the interests of Wesley Leader, of Caledon, in a couple of Division Court suits against Arch. McKinnon, an Erin township farmer. Leader was formerly tenant on lot 27, con. 7, Erin. McKinnon bought the farm during the tenancy and last autumn took possession for the purpose of doing the fall plowing. Leader claimed that defendant plowed up some fields that he intended to allow his stock to run on during the fall, and instituted an action claiming $60 damages. He also brought a suit for damages for assault. It appears that when Leader was leaving the farm last spring McKinnon got anxious about some rent that had not been paid. Leader had removed nearly all his chattels and on February 27th, a day or so before his lease terminated, drove to the place with a horse and cutter to remove a couple of bags of coal. He had the coal loaded and was about to drive away, when he was confronted by McKinnon, who seized the horse and refused to allow it or the vehicle to be removed until Leader paid the rent. After a prolonged wrangle, the two men repaired to a neighbor's, where Leader paid over $123 of the $125, which McKinnon claimed. In was claimed for the defendant that he had merely made a seizure for rent, but the plaintiff maintained that the horse and vehicle were exempt from distress on account of being in use at the time. Judge Chadwick dismissed the first action and reserved judgment on the second case. Mr. R. L. McKinnon, of Guelph, appeared for the defendant.

A WEAK CHESTED BOY.

"My boy Frank seemed weak-chested and took a very severe cold," writes Mrs. D. Stevens, Ninga, Man. "The many medicines used did not seem to benefit him, until we tried Dr. Chase's Syrup of Linseed and Turpentine and found it to be exactly what was wanted to cure him." No treatment is so thorough and effective as a cure for croup and bronchitis.

AN UNTIMELY DEMISE.

William McIntyre, Prominent Citizen of Grand Valley, Found Dead at Guelph.

Large Attendance at the Funeral on Monday.

Tragically sad are the circumstances surrounding the untimely death of William McIntyre at Guelph last week. On Monday he went down to the Homewood Retreat for treatment for a breakdown of the nervous system, brought about by over work and too close attention to business. On Tuesday evening he disappeared, and Wednesday morning this fact was communicated to friends here, who after making careful enquiries from outside points, decided to make a more thorough search at Guelph. On Sunday morning his body was found in the river a short distance from Mr. Goldie's residence. A foot bridge crosses the river near here, and a Guelph paper suggests he may have fallen off the bridge. This much is known, however, that a very deep personal attachment existed between the two men, and in a possible attempt to pay Mr. Goldie a visit he may have mistook his way, or been overcome by a weakness to which he had been subject more or less for some time. The remains were brought to Grand Valley that evening, the funeral of necessity taking place on Monday to St. Alban's cemetery. It was under Masonic auspices, and was attended by one hundred and thirty members of the craft from Fergus, Elora, Arthur, Mount Forest, Erin, Orangeville, Toronto and Shelburne. The Independent Order of Oddfellows and the Royal Black Knights, of which he was a member also attended in a body each with over thirty members in attendance. Besides these, the whole countryside paid a last tribute of honor and respect to one who had filled so large a part in public, social and private life. Sympathy was also evidenced in floral tributes from the Municipal Councils of East Luther and Grand Valley, the School Board and Teaching Staff, East Luther Agricultural Society, St. Alban's Church, Scott Lodge, A. F. & A.M., Royal Black Preceptory, Independent Order of Oddfellows, Bowling Club, and from many personal friends.

The late William McIntyre was born in Fergus and when about 8 years old came to this place, then known as Luther village. Clever at school he soon passed the entrance examination, and being particularly efficient in mathematics, he entered Hamilton & Co's. bank at an early age. Here his aptitude received careful direction in methodical business training, and after a few years he left to take over the office work of his father's business, which in a short time was changed to the name of John McIntyre & Sons. In addition, Mr. McIntyre has been clerk of the village since incorporation, was clerk of East Luther, Secretary-Treasurer of the School Board, and of the East Luther Agricultural Society, Secretary of the Masonic Lodge, of the Sons of Scotland, and intimately connected with the management and direction of every sporting organization in the village. Such varied, exacting and important concerns as these demanded a tremendous strain, for promptness always characterized his actions. Possessed of a particularly obliging disposition he sacrificed much of his time and energy in the interests of these institutions, and at a terrible cost in the end. Of manly and noble impulses, honorable in business associations, and of a disposition that tended to make every action a pleasure to the other party, he commanded the respect and esteem of all. He had a fine conception of the duties of a public official and carried them out with the utmost satisfaction. Possessed of a fund of accurate information pertaining to his various offices, his opinion carried weight, exerting a quiet but strong influence in civic matters. His loss will be greatly felt in the public life of the village, as well as in his home where the associations were of the tenderest nature. To the sorrow-stricken widow and four little children and the family connection a wider measure of sympathy goes out from the entire community. Mr. McIntyre was a member of St. Alban's church.—Star & Vidette.

The services at the house and grave were conducted by Rev. Grassett Smith, the rector of St. Alban's Church, and Rev. C. E. Poole. The impressive burial ritual of the Masonic Order was read by W. Bros. T. J. Reith, Grand Valley, W. R. Scott, Toronto, V. W. Bro. G. H. Cooper, of Midland, and R. W. Bro. Dr. R. B. Hopkins, of West Toronto. The pallbearers, all members of Scott Lodge, were Bros. W. L. Craig, Alex. Cotton, Frank Sargeant, Wm. Buchanan, W. G. Jenkins and Wm. McClelland.

THANKSGIVING MANOEUVRES.

The Orangeville Company of the 36th Regiment has been instructed to furnish a dozen men for the Thanksgiving Day manoeuvres at Dundas. The 36th will be the only rural regiment which will take part in the manoeuvres. City regiments from Toronto, Hamilton, Brantford and St. Catharines and cavalry and artillery will participate.

BASKET BALL CLUB.

A meeting of the girl students was held in the High School on Tuesday for the purpose of re-organizing the Orangeville H. S. Basket Ball Club. The following officers were elected:—Hon.-Presidents, Miss Strang and Miss Hulse; President, Miss Nina Bremner; Vice-President, Miss Isabel Lawson; Secretary, Miss Ina Porter; Treasurer, Miss Mary Gabriel; Councillors, Misses Muriel Laverty, Enid Frank, Rilla Temple. The Club intends arranging a match with Brampton in the near future. Watch for particulars.

THE BEST OVERCOATS IN THE WORLD FOR $10, 12.50, $15.00

No matter if you are in the habit of wearing higher priced Overcoats

That's no reason why you should neglect to investigate the remarkable values we offer at these prices. We know you will get just as much service and satisfaction out of these Overcoats as any you have paid considerably more for.

You can just as well save a few dollars on every overcoat you buy and get equally as good values as you have been getting.

If these Overcoats were not just as good as we claim they are, we wouldn't be doing so much business.

Our big values hold all our old customers and make many new ones.

BROWN'S MEETING.

Large Audience Listens to Liberal Candidate and Supporting Speakers.

The Town Hall was comfortably filled at the meeting held last night in the interests of Mr. D. B. Brown, the Liberal candidate for Dufferin. In the audience were a large number of ladies, nearly all of whom remained until the close of the meeting shortly after eleven o'clock. Mr. Thos. Stevenson occupied the chair and excellent addresses were delivered by the candidate, Messrs Robt. Reid, a Mono farmer, W. A. McMaster, Alex. McGregor and E. Fielding. Mr. A. J. H. Eckhardt, a wealthy Toronto manufacturer and President of the National Casket Co., who has taken an active part in the campaign for reciprocity, also spoke at considerable length. Mr. Brown was given a hearty reception. The Liberal candidate made an admirable address, dealing with the history of the reciprocity movement in Canada and quoting from public declarations of Sir John Macdonald, Sir John Thompson and other party leaders to show that the historic Conservative party had been in favor of freer trade relations with the United States. The candidate also discussed the probable effect reciprocity would have on the prices of horses, wheat, hay and other important farm products. Mr. McMaster devoted considerable time to the "favored nations" question and quoted statistics to show that none of these nations exported largely to Canada, and that the goods they do send here do not enter into competition with the natural products of this country. He also pointed that as a result of the present protective tariff the balance of trade as between Canada and the United States is heavily against Canada. The Nationalist movement, led by Henri Bourassa, was characterized by the speaker as the gravest menace that had ever threatened Canadian institutions and the connection with the Motherland. Robert Reid, who spoke briefly from the standpoint of a practical farmer, told the audience that the farmers had the brain and the brawn, but sometimes they lacked the courage to stand up and fight for their own rights. However, he thought more of them were going to vote right this time.

The meeting closed with the National Anthem and cheers for the candidate.

MITCHELL'S APPOINTMENT.

Anniversary services will be held at Mitchell's Appointment on the Mono Mills Circuit on Sunday, Oct. 8th, at 3.30 and 7 p.m. Rev. Dr. Harper, of Orangeville, will conduct the afternoon service.

JACKSON—DUKE.

A quiet but pretty marriage was solemnized at the home of Mr. Wilson Duke, sixth line, Mono, on Wednesday Sept. 6th, when his sister, Miss Beatrice Victoria, was united in holy wedlock to Mr. Norman Jackson, of Bowell, Alta. The beautiful marriage service of the Anglican church was performed by Rev. R. J. W. Perry, of Mono Mills, at 1.30 o'clock. While the wedding march was being played by Miss Ethel Allen, of New York, the bride entered the parlor escorted by her brother. The bride, who was unattended, looked winsome in an embroidered white mull gown with insertion of Irish point lace. She wore the customary wedding veil and orange blossoms and carried a shower bouquet of white asters. After the ceremony the guests repaired to the prettily decorated dining room, where they enjoyed a dainty wedding repast prepared under the supervision of Mrs. Duke. Only immediate relatives of the bride and groom were present. The gifts were numerous and costly, showing the esteem in which the bride is held by her friends. Among the friends present from a distance were Mr. and Mrs. Snell, Toronto; Dr. and Mrs. Jackson, Bolton; Mrs. and Miss Campbell, Toronto; Miss Foster, Oakville, and Mr. Ernest Holdsworth, of Port Hope. The young couple left on Thursday morning, Sept. 7th, for their home at Bowell, Alta. The Banner joins their many friends in extending its best wishes.

BORN.

LANDELL—At Penetang, Ont., on August 27th, to Mr. and Mrs. Dudley A. Landell, a son.

MARRIED.

TAYLOR—McNAUGHTON—At Mulock, Sask., on August 9th, by Rev. Mr. Leitch, Mr. Addison Taylor, son of Mr. Joseph Taylor, of Hereward, to Miss Elizabeth McNaughton.

ENGLAND—EVERDELL — At the parsonage, Hillsburg, on Wednesday, Sept. 13th, Mr. Henry England, of Sudbury, to Miss Annie Everdell, daughter of Mr. and Mrs. Robt. Everdell, 6th line, Erin, Rev. W. G. Charlton officiating.

DIED.

CROZIER—At Brandon, Man., on Monday, August 28th, 1911, James Crozier, aged 72 years.

NEIL—In Caledon, on Sept. 20th, Harold E. Neil, son of Mr. and Mrs. Albert Neil, aged 2 years.

MAGUIRE—In Mono, on Thursday, Sept. 21st, Hugh Maguire, aged 71 years.

The funeral will take place from his late residence to Relessey cemetery on Saturday afternoon, September 23rd, at 2 o'clock.

THE TOTAL VOTE POLLED

By the Winning and Losing Candidates in Dufferin for the Past Seventeen Years.

For purposes of comparison we have prepared the following table of the total votes polled by the winning and losing candidates in Dufferin Dominion and Provincial elections from 1894 to the present :—

Year	Election	Winning Candidate	Total Vote	Losing Candidate	Total Vote	Grand Total
1894	Provincial	Wm. Dynes	2465	Dr. Barr	1856	4321
1898	Provincial	Dr. Barr	2660	Wm. Dynes	2091	4751
1902	Provincial	Dr. Barr	2242	W. T. Bailey	898	3140
1904	Dominion	Dr. Barr	2100	John Park	814	2914
1905	Provincial	Dr. Lewis	2027	W. Wansbrough	1735	3762
1907	Provincial	C. R. McKeown	1943	R. J. Woods	1850	3793
1908	Provincial	C. R. McKeown	2229	R. J. Woods	2187	4416
1908	Dominion	Dr. Barr	2240	J. N. Fish	797	3037

It will be noticed by the above that the largest vote polled by a straight Conservative candidate since 1898 was that of Dr. Barr in 1902, when he secured 2242 votes. In 1904 the Doctor's vote dropped to 2100, and in 1908 it went up to 2240. In the Provincial election of 1908 Mr. McKeown got 2229 votes, or within 11 of the same number polled for Dr. Barr the same year. The year before (1907), Mr. McKeown's vote was only 1943, or 84 less than that of Dr. Lewis in 1905. The largest total vote polled in any election since that of 1898, was in the McKeown-Woods election of 1908, when 4416 votes were cast.—Economist.

The body of H. Ingram, a young man from Sydney, B.C., was found hanging to a tree in the bush just outside the limits of Guelph. It was a clear case of suicide.

MAGISTRATE CURED OF PILES & ECZEMA

One of the latest prominent gentlemen to speak highly in Zam Buk's favour is Mr. C. E. Sanford of Weston, King's Co., N.S. Mr. Sanford is a Justice of the Peace for the County, and a member of the Board of School Commissioners. He is also Deacon of the Baptist Church in Berwick. Indeed it would be difficult to find a man more widely known and more highly respected. Here is his opinion of Zam-Buk. He says :—

"I never used anything that gave me such satisfaction as Zam-Buk. I had a patch of Eczema on my ankle which had been there for over 20 years. Sometimes also the disease would break out on my shoulders. I had applied various ointments and tried all sorts of things to obtain a cure, but in vain. Zam-Buk, unlike everything else I had tried, proved highly satisfactory and cured the ailment.

"I have also used Zam-Buk for itching piles, and it has cured them completely also. I take comfort in helping my brother men, and if the publication of my opinion of the healing value of Zam-Buk will lead other sufferers to try it, I should be glad. For the relief of suffering caused by Piles or Skin Diseases I know of nothing to equal Zam-Buk."

Zam-Buk cures ulcers, abscesses, blood-poison, ring-worm, festering or running sores, bad leg, varicose ulcers, salt rheum, prairie itch, cuts, burns, bruises, baby's sores, etc. Purely herbal. 50c box, druggists and stores. Refuse imitations.

Zam-Buk

'STONE OF DESTINY' WAS ROCK OF MOSES.

British Divine Adds New Legend to Famous Coronation Adjunct.

Is Also Jacob's Pillow.

London, Sept. 17.—It has been left to the twentieth century to add one of the most amazing traditions to the many surrounding the famous "Stone of Destiny," which for six centuries has reposed beneath the British Coronation chair.

The most familiar of the mediaeval legends is that the stone was the one used by Joseph for his pillow at Bethel. Preaching to-day at Westminster Abbey, Archdeacon Wilberforce astonished the congregation by quoting a well-known antiquarian who has specially studied stones, as saying that the "Stone of Destiny" is also the rock from which Moses struck water for the thirsting children of Israel.

The name of the antiquarian was not named by Archdeacon Wilberforce, but he was quoted as saying that he was convinced that the stone was really Jacob's pillow. After its use as such it was considered as sacred, and was carried from place to place by the Israelites in their wanderings in the wilderness. The antiquarian showed to Archdeacon Wilberforce a cleft in the back of the rock, from which he said he believed that the water had gushed after Moses had struck the stone with his staff. The stone, it is believed, was taken to the temple of Solomon, and, after its destruction, to Uerusalem. From Jerusalem it was taken by Titus to Spain. Thence it reached Ireland, later was taken to Scotland, and was brought to London by Edward I.

Thin Hair on Top

If Parisian Sage, the hair grower that T. Stevenson guarantees, will not cause hair to grow where the hair is thinning out, nothing on this earth will.

And we say to everybody, you can have your money back if Parisian Sage isn't the best hair grower, hair saver, hair beautifier, and dandruff cure on the market to-day.

It stops itching scalp and falling hair and makes hair grow thick and abundantly, or money back, 50 cents for a large bottle. Parisian Sage makes the hair soft and brilliant and promotes growth.

SALAMANDER SUPERSTITION.

How the Reptile May Have Got Its Fireproof Reputation.

There is a very ancient belief that the reptile known as the salamander is proof against fire. It is not known how this superstition had its rise, but it will probably always continue to be held by some people, although it has been conclusively shown that the fireproof qualities of the creature exist only in imagination.

Dr. Stejneger, reptilian expert at the Smithsonian Institution, tells a story which may furnish a reason for the continuance of the belief in question.

"Once I was camping out," he says, "with a party of friends, hunting and fishing. We had lighted a big fire, using for fuel several old logs. While we were seated around watching the progress of some cookery in which we were engaged a young lady at my side gave a little scream and pointed into the flames. I looked, and there was a small salamander crawling right out from among the glowing embers. It walked away unhurt and made its escape.

"Now, that salamander had occupied a hole in one of the logs used for fuel. Several species of its kind live in old tree trunks. Doubtless this one found that it was getting uncomfortably hot and crawled out. Being moist and slimy, its body was protected from injury by fire long enough to enable it to escape through the embers. But the sight of the lizard deliberately making its appearance from the midst of the fire was certainly very surprising. Any ignorant person might easily have been led to imagine that the creature was fireproof. It seemed to me quite probable that the superstition took its origin from just such occurrences."—New York World.

MEN WHO MAKE SAFES.

Closely Watched After They Resign or Are Discharged.

A number of years ago two prospective safe breakers succeeded in obtaining employment in two different safe factories, worked over a period of years in the various departments, gained all the information that they desired and, subsequently working together, managed to baffle the safemakers by their skill in opening complicated safes in different parts of the country.

The police were at loss to understand how the safes had been opened, and only upon the apprehension of the two men several years later was it learned that the jobs had not been "inside" ones, as was originally suspected, but had really been the work of two men who had been initiated into the mysteries of safecraft and had put their knowledge to criminal use.

This put the safemakers on their guard, and an exceedingly complicated system was immediately put into force, whereby not only was the pedigree of every workman looked into closely, but the work among the employees was so separated that no one man or two men could gather enough information about a safe to put it to dangerous use afterward. Furthermore, when an employee is discharged or when he voluntarily leaves his position his actions are watched, and, although safe companies refuse to discuss this particular point, it is a matter of record that any former employee of a safe company who is possessed of intimate information regarding the secrets of that company's safes is kept under constant surveillance.—Harper's Weekly.

Try This Specialist.

As a specialist is to an ordinary doctor so Merrill's System Tonic is to other medicines. It does only two things, but in restoring the blood to its natural power and assisting nature to throw off accumulated poisons it reaches and cures nearly 85 per cent. of the diseases that are troublesome. Merrill's System Tonic has cured thousands of cases of dyspepsia, constipation, skin diseases, rheumatism, neuralgia, liver complaints, weak kidneys, and has never failed to cure habitual constipation when used according to directions. You are not doing yourself justice until you try it. Price 50c. per box of 50 tablets. 6 boxes $2.50. All druggists, or postpaid from The Merrill Medical Co., Merrill Building, Toronto.

Sold and recommended by Thos. Stevenson, Druggist.

Our Modern Factory Spoon.

For our modern factory made spoons the stock is first rolled and cross rolled to get the graded thickness that is needed. The spoon outline is then obtained by means of cutting out dies. The blanks thus formed are struck up by another set of dies, which ornament the front and back and even bend the spoon into its proper shape, at the same time stamping the required "sterling" and the maker's mark. If a spoon is made by this latest of processes the sterling mark can be found raised on the surface instead of incised, as was the case when the marking was done separately.—Handicraft.

Casualties of the Cradle.

The burden of Prussia's military state, not spared even to the babes in their cradles, has proved too much for some of the younger members of the royal families. In "The House of Hohenzollern" Mr. Brayley Hodgetts mentions that the two sons whom the first crown princess of Prussia bore her husband (at the beginning of the eighteenth century) both died in their cradles, one from a nervous shock caused by the salute from heavy guns with which his arrival was heralded and the other from the burden of a golden crown which was placed on his head after baptism.

The Stomach Needs Help

The liver, kidneys and bowels must be kept active with DR. CHASE'S KIDNEY-LIVER PILLS.

The liver and kidneys are overworked in their efforts to remove the poisonous waste matter from the system. They fail and become torpid and clogged. The bowels become constipated and stomach derangements follow.

There is one medicine which will overcome this condition more certainly and more quickly than any other, and this is Dr. Chase's Kidney-Liver Pills.

This medicine gets the bowels into action at once and by awakening the liver and kidneys ensures the thorough cleansing of the filtering and excretory systems.

With the poisonous obstructions removed, the digestive system resumes its healthful condition, appetite improves, pains and aches disappear as well as irritability and depression.

You cannot imagine a more satisfactory treatment. One pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

Milton's tax rate is 25 mills.

Coldwater's rate of taxation is 25 mills on the $.

Town Treasurer Reid, of Mt. Forest, has resigned.

Strathroy is to have a new $40,000 Collegiate Institute.

The County of Simcoe is building five fine steel bridges.

Rev. Mr. Kelly, Baptist minister in Flesherton, has resigned.

Sheep killing has been prevalent in Artemesia township lately.

The Dundalk Herald is installing a new press and paper folder.

Warwick Township's tax rate for 1911 is seven mills on the dollar.

The 1911 crop of plums for Galt and vicinity is the heaviest for many years.

Mrs. Philip Schell, con. 16, Proton, died on Saturday, Sept. 16th, aged 74 years.

Three hundred harvesters took the train at Alliston for the West on the 12th inst.

The Bank of Ottawa has opened a branch in Sudbury, making five banks in that town.

Over 42 tons of flax have already been brought into the Wingham flax mill this season.

Thirty-eight horses, valued at about $9,000, were recently shipped to Port Arthur from Sarnia.

New electrical fixtures have been installed in Mount Forest Methodist Church at a cost of $450.

Charles Mitchell, Sr., a respected resident of Lavender, died a week ago Sunday in his 74th year.

Windsor has the remarkable record of 656 marriages during a period of three months ending with June 30.

Mrs. Thos. Murphy, of the 14th of Maryborough, had a valuable mare and colt killed by lightning recently.

The town of Paris, Ont., will shortly be lighted by the Tungsten lamps instead of the arc lights at present in use.

Miss Hopper, of Cookstown, has been engaged as teacher of the primary department of Dundalk Public School.

A farmer of the "ridge" west of Leamington, raised this year $2,700 worth of tomatoes from three acres of land.

Two young ladies of Coldwater went fishing on Labor Day and landed two lunge, one weighing 18 lbs. and the other 15 lbs.

A record-breaking load of flax was hauled recently to the Sebringville flax mill, the weight of the flax and wagon being 8,600 pounds.

Machinery is being installed in the new automobile factory at Palmerston. It is expected to be in running order in four or five weeks.

Rev. C. Sparling, M.A., of Guelph, formerly of Grand Valley and Palmerston, was recently granted his examinations for Bachelor of Divinity.

—6500 Scribblers for School Opening at The Banner Office Book Store.

Elmira has sold her debentures issued under the recent market by-law to Mr. John Small of that place for $2500 and accrued interest.

The population of Guelph has increased 240 during the past year, not counting the floating population. The assessment of the city has also increased by $50,000.

Mr. Henry Love, of Ceylon, has a freak apple tree growing in his garden, one half of which contains ripe fruit while the other side is in bloom—or was until the late frost struck it.

There are now about 75 public library buildings in Ontario and over 400 libraries. There were 12 public library institutes held in Ontario last year and 280 libraries were represented.

Any business is more respectable than what is termed loafing. A young man had better sell clams by the pailful than hang around public resorts, murdering time and his own reputation.

Let us work and stimulate every legitimate enterprise by giving it all the friendly encouragement we can, and unite our industry, intelligence and capital in a common cause for the good of our town.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

Arthur fall fair is to be held on October 11th and 12th.

Thanksgiving day this year will fall on the 30th day of October.

Richard Brockelbank, an old pioneer of Brant, dropped dead in his barnyard, death being due to heart failure.

Owing to the shortage of the ice supply this year, a Windsor man will erect a $30,000 artificial ice plant there.

Off one and a half acres of tomatoes one grower not far from Kingsville has already sold $1,200 worth of fruit.

Perth Board of Education will instal drinking fountains, so that the common drinking cup for the children may be discarded. The cost will be $125.

A good goose is owned by Mr. Alex. Stevens, of Egremont. The bird in question is laying for the third time this season and while the eggs are not golden ones they are beauties.

While driving to Bradford, Mrs. Cane, of Holland Landing, was thrown from her buggy and had her arm broken. Her horse was frightened by some cows on the roadside and became unmanageable.

During a recent thunderstorm, Dr. Campbell's residence in Bradford was struck by lightning, a large hole being torn in the roof and one of the rafters bent. No further damage was done.

Brouse Mitchell & Company, Toronto, have been awarded in open competition $589,000 City of Ottawa four per cent. forty and twenty year bonds, their price of $97.57 being the highest formal tender received.

A week ago Wednesday afternoon the 15 month old daughter of Joseph Johnston, of Belwood, toddled out of the house, and a few minutes later was found smothered in a dish of water at the corner of the house.

Thos. McKnight, of Essa, was painfully injured a few days ago. He was climbing over a fence hastily to escape from an infuriated pig when he fell down a steep embankment, breaking his collar bone and several ribs.

Samuel Crombie, of Crombie's Crossing, met with a bad loss a week ago Sunday morning. A good team of horses got out of the field to the railway track. One of the animals was killed and the other badly injured.

Invitations are out for the marriage on October 3rd, of Miss Marjory Stevenson, eldest daughter of Dr. and Mrs. F. C. Stevenson, of Bradford, to Mr. Fred. Reynolds, manager of the Bank of Toronto at Pembroke.

The Rev. T. Powell, a Kincardine old boy, who is now President of King's College, Nova Scotia, was Prolocutor of the Lower House of the General Synod of the Church of England, which concluded its sessions in London recently.

Mr. H. M. Douglas, of Markdale, who took his French Coach Stallion, Gauthier, to the Provincial Exhibition at Quebec, was successful in securing 1st prize. While at the exhibition Mr. Douglas disposed of the horse for $1000.

The vegetable growers of the Sarnia district are this season enjoying the most prosperous year in their history. One grower sold the potato yield of five acres of land for over $1,000. Many growers have averaged $200 from an acre.

A Lanark county paper paragraph says that good apples in the eastern part of the Province will be a scarce article this fall and winter. As the result of the heavy winds between fifty and seventy-five per cent. of the early fruit has been blown down.

ECZEMA AND SORE EYES

"My daughter suffered from inflamed eyelids and eczema on her head," writes Mr. H. W. Lear, Port Blanford, Nfld. "The child was in a bad state and suffered greatly. The doctor failed to help her, and on recommendation of a friend, I used Dr. Chase's Ointment, which made a complete cure. With a grateful heart I write you this letter."

St. James' Church, Orillia, is unfortunate in losing both its ministers at the same time. Rev. Canon Greene resigned the rectorship, having been transferred to Toronto, and Rev. H. D. Raymond has accepted a professorship in Emmanuel College, Saskatoon.

A Mersea Township man, who lives on a small farm near Leamington, made the statement that he feeds and clothes his family from the proceeds of the butter and milk which he gets from one Jersey cow. The record of this one cow last year was 600 pounds of butter and 1,000 gallons of milk, which netted her owner $250.

The Ontario Government have amended the Statutes with reference to Societies, providing that when receipts decline because of intemperate weather at any Agricultural Fair they will recoup to the extent of $300 if application be properly sworn to by the President and Secretary; the whole amount for the province not to exceed $10,000.

A special meeting of Harriston Council was held on Sept. 11th, to consider the sale of the engine and boiler at the shoe factory. Only two tenders were received. One from Geo. Walkey for $106, for boiler and engine and one from A. J. Harford for $50 for boiler without engine. On motion of Messrs. Pritchard and Lavery the offer of Geo. Walkey for $106 was accepted.

THE SALVATION ARMY.

The 29th Annual Congress of The Salvation Army in Canada will be held in Toronto from October 11th to the 16th, inclusive. This Congress will be of special significance to the Officers and members of The Army, as General Booth has arranged for his daughter-in-law, Mrs. Bramwell Booth, wife of the Chief of the Staff, to conduct the entire series of meetings. Mrs. Booth will be accompanied by Colonel Mildred Duff, also from London, England.

mrs. Booth is head of the Women's Social Work in all lands, and is a recognized authority on the treatment of those unfortunate women who are cared for in connection with this beneficial work.

The Welcome Meeting to Mr. Booth will take place in the Massey Hall on Wednesday, October 11th. This will without doubt be the most impressive spectacular and interesting demonstration of The Army work ever held in Canada. It will be in the nature of a pageant, over three hundred persons taking part in the same.

On Sunday afternoon Mrs. Booth will give a Special Social Address in the Massey Hall. The chair will be occupied by His Hon. Lieut.-Governor Gibson. This will be followed by a special evangelistic service in the Massey Hall in the evening.

The programme of Meetings (public and private), prepared by Commissioner David M. Rees, Leader of The Salvation Army in the Dominion of Canada, is indeed an extensive one, and will be of interest to those who are fortunate enough to attend. It is anticipated that many members and friends of The Army will come to Toronto to participate in this Congress, special railway rates having been arranged with the different Transportation Companies.

BALD MEN.

Should call and inspect the famous Sanitary Patent Toupees, as shown by Prof. Dorenwend, of Toronto, at the Queen's Hotel, Orangeville, on Tuesday, October 3rd.

These Toupees are not only perfect in construction, but are the only Sanitary and Patented substitutes of one's own hair.

83 CALLS

Were received last month for office help—37 were left unfilled. Demands for trained help are so great that we can afford to "guarantee a position to every graduate, or refund tuition money." If you are anxious to succeed write for our beautiful catalogue today. Central Business College, Toronto. W. H. Shaw, Principal.

Improved Farms For Sale!

Between the Towns of Elva and Pierson, MANITOBA.

South half Section 7, Township 3, Range 28, West 1, 320 acres.
All Section 9, Township 3, Range 28, West 1, 640 acres.
All Section 10, Township 3, Range 28, West 1, 640 acres.
West half Section 15, Township 3, Range 28, West 1, 320 acres.
South half Section 17, Township 3, Range 28, West 1, 320 acres.
West half Section 19, Township 3, Range 28, West 1, 320 acres.
All Section 3, Township 3, Range 28, West 1, 640 acres.
All Section 5, Township 3, Range 28, West 1, 640 acres.
South West Quarter Section 8, Township 3, Range 28, West 1, 160 acres.
All Section 33, Township 2, Range 28, West 1, 640 acres.
West half Section 23, Township 2, Range 29, West 1, 320 acres.

All these farms are in a high state of cultivation with good buildings on each of the parcels, and good water. There is a railway siding on section 10, which holds six cars. This is about the centre of the property and makes the farms very convenient for the delivery of the grain. Churches and Schools are very convenient. I will sell any of the above parcels on very reasonable terms. There is a large portion of this land ploughed and summer-fallowed and ready to sow. For price and terms on any of the above properties, apply to

THE BANNER

THE BANNER, SEPT. 28, 1911.

THE ELECTION RESULT.

The result of last Thursday's general election would appear to indicate very plainly that the people of Canada do not want reciprocity with the United States. It was expected that the cities and towns, where the manufacturing and monied interests are strong, would declare against the proposed trade arrangement, but very few were looking for an adverse verdict so pronounced and unmistakeable in character from the electorate of the rural constituencies. The reciprocity scheme was designed supposedly for the benefit of the farmers, but Thursday's returns indicate that the stalwart yeomanry of this country, and of Ontario in particular, are quite satisfied to have existing trade relations continued indefinitely. Loyalty to Canadian institutions and to the Motherland, coupled with a certain antipathy to anything that savours of Yankeeism, had also a great deal to do with the general result. There are those who think that in rejecting reciprocity the Canadian people have allowed a great opportunity to pass by ungrasped. The great majority of the electorate evidently believe otherwise. They have seen Canada grow and prosper under a policy, which tended to foster and develop trade between the Provinces and within the Empire. They believed that the acceptance of reciprocity involved great national risks. To them it meant a possible sacrifice of the country's fiscal autonomy, the giving up of Canada's natural resources for the benefit of the people of the United States and even the endangering of the Dominion's political independence. Confronted with these possibilities, they have declared with unmistakeable emphasis against the adoption of the policy on which the Laurier Administration staked its existence. One lesson the election has taught the politicians of both parties is that the loyalty and patriotism of the Canadian electorate is real and deep-seated and can readily be made an irresistible force in the determination of national issues, when subjected to special appeals, such as we have witnessed in the recent campaign.

One of the pleasing features of the recent election campaign, so far as Dufferin is concerned, was the good feeling that existed between the candidates and their respective supporters. The campaign on both sides was devoid of personalities and those unpleasant incidents that are calculated to create ill-feeling. Mr. Best took his victory modestly and Mr. Brown his defeat with a degree of grace and good-nature that is not always shown by defeated candidates. Many people expected that Mr. Brown would have materially reduced the normal Conservative majority of the riding, but with the tide of popular feeling running so strongly in the other direction he did well to hold it at the oldtime figure. It is very doubtful if the Liberals of the County could have found another candidate, who, under the circumstances, would have polled anything like the vote Mr. Brown did.

MAJORITY 1469.

Corrected returns give Mr. John Best, the member-elect for Dufferin, a majority of 1469. The principal change from the figures given in last week's Banner is at the Mansfield division in Mulmur. It appears that the vote was 150 to 19, instead of 114 to 19. We expect to publish the official figures in our issue of October 12th.

OVER ONE-THIRD LAWYERS.

76 of the 221 members of the newly elected House of Commons are lawyers. Farmers come next with 36 and there are 32 merchants. Next in order come 21 doctors, 17 manufacturers, 10 lumbermen, 8 newspapermen, 7 notaries, 2 canners, 1 law student, 1 druggist, 1 labor man, 1 real estate agent, 1 live stock exporter, and 1 licensed victualler. There are 3 stock brokers in the House, one of whom, Rodolphe Forget, is elected for two seats.

GUTHRIE'S MAJORITY 640.

The majorities received by the two candidates in South Wellington last Thursday were as follows :—

	Guthrie	Evans
Guelph City		291
Erin Village	17	
Elora Village	5	
Fergus		7
Eramosa Twp.	105	
Erin Twp.	176	
Guelph Twp.	90	
Nichol Twp.	51	
Pilkington	168	
Puslinch	326	
	938	298

Majority for Guthrie, 640.

Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

CONSERVATIVE LANDSLIDE.

Opposition Carried the Country With a Sweeping Majority.

Liberal Party Sustains a Crushing Defeat in Province of Ontario.

The Dominion elections last Thursday resulted in the overwhelming defeat of the Laurier Administration. Instead of the majority of 43 that they held in last Parliament, the Liberals will be in a minority of 50 or over when the House is convened. The Government lost ground everywhere except in Alberta, Saskatchewan and Manitoba. In the two latter provinces they just managed to hold their own and in Alberta they made a gain of two seats. On the other hand they lost the only seat they held in British Columbia, which will have a solid Conservative representation in the new Parliament. It was in Ontario, however, that the Administration fared worst. This province sent 35 Liberals and 51 Conservatives to Ottawa prior to the dissolution. On Thursday the Liberal candidates suffered defeat in all except 13 Ontario constituencies. The Conservatives on the other hand increased their representation from 51 to 72, giving Mr. Borden and his party the tremendous majority of 59 from this Province alone. The Laurier party lost considerably in the Maritime provinces, despite the confident predictions of the party organs that the Government would more than hold its own down by the seaboard. The standing of the two parties in the last House by provinces was as follows :—

	Libs.	Cons.
Ontario	35	51
Quebec	53	12
New Brunswick	11	2
Nova Scotia	12	6
P. E. Island	3	1
Manitoba	2	4
British Columbia	2	5
Saskatchewan	9	1
Alberta	4	3
Yukon	1	0
	132	89

Liberal majority, 43.

The present standing is :—

	Cons.	Libs.
Ontario	72	13
Quebec	29	36
Nova Scotia	9	9
New Brunswick	5	8
P. E. Island	2	2
Manitoba	8	2
Saskatchewan	1	9
Alberta	1	6
British Columbia	7	0
	134	85

Conservative majority, 49.

The elections yet to be held will in all probability increase the Conservative majority to 51.

There is still considerable doubt as to the exact standing of the two parties in Quebec. Both sides claim Shefford and it is also stated that the vote in Three Rivers is a tie. Recounts will be held in these and several other constituencies. There is also considerable doubt as to the exact numerical strength of the Nationalists and the attitude members of this group will probably take when the House meets. The Montreal Herald classifies the Quebec members as follows :—Liberals, 36; Conservatives, 15;; Nationalists, 12. The majority of the newspapers, however, place the number of the Nationalists at 8 and it will probably be found that this latter figure pretty nearly represents the strength of the French anti-navy group.

In the northwestern section of Ontario the Conservatives carried everything before them. The three Simcoes, three Greys, two Bruces, three Hurons, North Wellington, Dufferin, Peel, Halton and the three Yorks went solidly Conservative. Hugh Guthrie, who retained his seat in South Wellington, was the only Liberal elected in the northwestern part of old Ontario. The Liberals held East Simcoe, South Grey, North Wellington, North Bruce, South Huron and North York in the last House, so that in this group of 18 constituencies the Borden party made no less than five gains. One of the significant features of the contest is the immense majorities the Conservatives obtained in the large cities and towns. The following are some of the figures :—

Conservative Majorities.

Toronto	18051
Hamilton	3900
Halifax	4
Collingwood	195
Walkerton	50
Newmarket	55
Brantford	700
Whitby	52

COLT KILLED BY TRAIN.

Mr. John Lawrence, who runs a dairy farm and milk business on the southern outskirts of the town, had a fine yearling roadster colt killed by the northbound passenger train just south of the Orangeville station yard on Tuesday morning. The animal got on the track through a break in the fence, said to have been made by trespassers.

BLAIN'S MAJORITY 316.

Lowe Led in Caledon, Chinguacousy and Toronto Gore.

Blain Made Sweep in Toronto Township.

Figures furnished The Banner by Returning Officer Robert Smith, of Bolton, give Richard Blain, the Conservative member-elect in Peel, a majority of 316 instead of 356 as stated in last week's issue. Lowe, the defeated candidate, did well in Caledon, where he converted an adverse majority of 22 into a favorable one of 24, in Chinguacousy where he increased the Liberal majority from 111 to 132 and in Albion, where he cut his opponent's majority from 157 to 138. Toronto Gore also did somewhat better for Lowe. Blain got his old majority of 50 in Streetsville, slightly increased majorities in Bolton and Brampton and made a decisive gain in Toronto township, where he increased his majority from 173 to 272. The following is a detailed statement of the vote :—

	Blain	Lowe
Caledon		
Belfountain	37	75
Inglewood	50	81
Caledon East	68	59
Mono Mills	56	21
Charleston	75	69
Alton	59	68
Cataract	35	54
Melville Cross	49	26
	429	453

Majority for Lowe, 24.

Albion		
Macville	52	48
Lockton	24	43
Bolton St.	47	28
Palgrave	101	26
Castlederg	38	29
Caledon East	61	38
Mono Mills	36	10
	360	222

Majority for Blain, 138.

Chinguacousy		
Nortonville	49	57
Mayfield	57	64
Sandhill	60	82
Huttonville	85	31
Alloa	29	71
Cheltenham	47	81
No. Ten	39	73
Campbell's Cross	50	89
	416	548

Majority for Lowe, 132.

Toronto Township		
Port Credit	127	55
Erindale	89	48
Cooksville	109	73
Dixie	112	81
Harris' Cor.	97	35
Meadowvale	64	66
Palestine	63	48
Malton	61	76
Clarkson	84	52
	806	534

Majority for Blain, 272.

Toronto Gore		
Grahamsville	28	76
Castlemore	56	65
	84	141

Majority for Lowe, 57.

Brampton		
South ward	112	92
East Ward	96	84
North Ward	89	81
West Ward	97	98
	394	355

Majority for Blain, 39.

Streetsville	82	32

Majority for Blain, 50.

Bolton	85	55

Majority for Blain, 30.

Total Majority for Blain, 316.

The following summaries will be found interesting for purposes of comparison :—

1911.	Blain	Lowe
Caledon	491	469
Albion	360	222
Chinguacousy	416	548
Toronto Twp.	806	534
Toronto Gore	84	141
Brampton	394	355
Streetsville	82	32
Bolton	85	55
	2656	2340

1908.	Blain	Graham
Caledon	441	469
Albion	391	233
Chinguacousy	448	559
Toronto Twp.	764	591
Toronto Gore	90	139
Brampton	407	383
Streetsville	88	38
Bolton	79	57
	2758	2469

WEDDING ANNIVERSARY.

Mr. and Mrs. Jas. A. Arnott celebrated the tenth anniversary of their wedding at their home on Mill St., Friday night. About seventy-five guests spent a very happy evening in progressive euchre, lost heir, music and other amusements. The winners of the progressive euchre prizes were Mr. J. C. Darraugh and Mrs. R. G. Harshaw, whose skill won a brass smoking set and a hand painted nut bowl respectively. The prizes for those winning the fewest games went to Norman Nelson and Mrs. Jos. Hilts. The lost heir prizes, an ebony clothes brush and a hand painted plaque, were won by Mrs. A. M. Harkness and Mr. Elmer Besley. Lunch was served about midnight under the supervision of Mrs. King, Misses Schlemmen, Gladys and Vera Hogg, Irwin and Flesher, making a bevy of dainty waitresses. Mr. E. A. Warren sang several greatly appreciated numbers during the evening. With the congratulations and good wishes of their friends Mr. and Mrs. Arnott received a large number of handsome and expensive gifts. The Banner joins the many friends of this popular young couple in offering its best wishes and congratulations.

CHURCH UNION.

Presbyterians are Preparing to take Vote of People.

Every Congregation Will Make Decision by March 15.

Ballots are now in the printers' hands, to be sent to the Presbyterian membership throughout the Dominion in order to obtain their decision on the question of union with the Methodist and Congregational Churches.

There will be sent to every Presbyterian family in Canada, the number being about 160,000, a sixteen-page pamphlet giving a history of the union negotiations and the basis as approved by the General Assembly. The ballots will accompany the pamphlets, and they will be issued as soon as possible in October.

Separate colors are being used for the ballots to be used by the elders, the members other than elders, and the adherents, the respective colors being blue, white and red. Ten thousand is the number to be sent out to elders, three hundred thousand to the membership, and about twenty per cent. of this number, or sixty thousand, will be sent to adherents, to ask whether they concur, although their vote would not affect the result apart from that of the membership of the Church either way.

Every congregation will be expected to ballot on the Church union question before the 15th of March. Each congregation will report then to the Clerk of its Presbytery, and the Presbytery Clerks, about seventy in number, will collate these returns and send them, before the 25th of March, to the Clerk of the General Assembly and the Secretary of the Union Committee, who will, in turn, report to the General Assembly at its meeting in June.

The Union Committee appointed by the General Assembly consists of Rev. Dr. Patrick, of Winnipeg, Chairman; Rev. Dr. E. D. McLaren, Secretary; Rev. Dr. R. P. MacKay, the Moderator, and the Clerks; Rev. Dr. Campbell, of Montreal, and Rev. Dr. John Somerville, of Toronto. Dr. Patrick is at present in the old country very ill. Dr. McLaren recently removed to Vancouver, on relinquishing his work as Home Mission Secretary.

The ballots will contain two plain questions : "Are you in favor of union with the Methodist and Congregational Churches?" and, "Do you favor the proposed basis of union?" Any congregation or session or member is at liberty to make any suggestion as to improvement in the basis of union; these suggestions will be reported to the Clerk of the Presbytery, to be submitted to the committee to consider revision of the basis before final adoption.

The Congregationalists have already voted on the basis in their congregations, about eighty per cent. having declared in favor of the basis out of the whole number voting, which was about half the entire membership of the denomination.

The Methodist General Conference left the matter of submission to the people in the hands of the General Conference Special Committee, which acts as an Executive in the interval between the quadrennial sessions of the Conference. The General Conference, the Annual Conferences and the District Meetings have declared their position, so that it now rests with the Quarterly Official Boards and the members of the congregations to signify their will in the matter. The Special Committee will meet on October 18, immediately following the close of the Ecumenical Conference, and this will be one of the chief items of business to come before it, though other important questions will also have to be decided.

Owing to the difficulty of getting copies of the basis into the hands of the membership before the November meetings of the official boards of the churches, the boards will probably not deal with the question till the February meeting. The General Conference Special Committee will therefore probably decide to ask the official boards to make their decision not later than their February meeting. Then the vote of the membership will be taken between February and May. The report of both the official board vote and the members' vote will be sent on by the Circuit Secretaries to the lay District Meetings, which will collate the votes and send them to the Annual Conferences, meeting in June. The Conference Secretaries will in turn forward the result to Rev. Dr. T. A. Moore, Secretary of the General Conference, and another meeting of the committee will likely be held about this time next year to take final action.

A GREAT HARPIST.

Her late Majesty, Queen Victoria, in recognition of the delight afforded by Mr. Aptommas' Harp Recitals at Windsor and Balmoral Castle, signified her Royal approval by a number of signal marks of favor. Mr. Aptommas' jubilee harp recitals at the Queen's Hall, London, were under the immediate patronage of the late Queen. Of all the instruments that have touched the ear of mankind the harp stands foremost. Under the influence of the sound of no other can we so completely isolate ourselves from the scenes of the present, and as it were wrap around us the very atmosphere of the far past and distant future. The secret of this advantage, however, is not alone in its historical interest, but is found quite as much in the peculiar fascination with which its tones reach the heart of the listener.

Mr. Aptommas will be heard in the Town Hall, Orangeville, on Monday evening, October 9th, under the auspices of the Men's Bible Class of St. Andrew's Church. Admission, 50c. Plan of Hall will open at The Banner Office on Friday, October 6th, at 9 a.m.

STORES AT ORANGEVILLE, MARKDALE, TARA, LEAMINGTON.

HILL & CO. ORANGEVILLE.

Orangeville, Sept. 21st. 1911.

MILLINERY

This is a word of great importance to the majority of ladies at the present time. It means the principal article of attire at this season of the year and we are gratified with the comments of our many patrons on the stylish productions we are showing. HOUSE FOR SALE.

The undersigned have for sale on favorable terms a comfortable dwelling house on Zina St., formerly owned by the late J. K. Fisher. Immediate possession given if required. For price and full particulars, apply to

M. WILKINS & SON, Orangeville,

FARMS FOR SALE.

The undersigned offers for sale the 100 acre farms, consisting of the lot 19, con. 4, and the e ½ lot 19, con. 5, Township of Amaranth. These farms are in an excellent state of cultivation, with only 5 acres uncleared. There is a good bank barn on each farm, with cement floors in stables, root houses, etc. There is also a frame dwelling houses on the farm, lot 19, con. 4. Farms are about one mile from Post Office, Church and School. Convenient to grain elevator. For further particulars apply to

J. S. WALLACE, Black's Corners.

FOR SALE CHEAP

A good brick house on John St., convenient to station. Also one on West Broadway. This would make a beautiful home for a small family. There is hard and soft water in the house, also the electric lights. Large garden, good fruit, and is well situated. For particulars apply to

T. G. LEGATT, Box 1[illegible], Orangeville.

FOR SALE OR RENT.

The undersigned will sell or lease for a term of years that desirable 150 acre farm known as the "Moccasin Farm," and consisting of the lot 10, con. 3, east, and pt. of lot ½ lot 10, con. 4, east, Caledon township. Good stone dwelling, bank barn 50 by 70, with cement flooring in stabling, pig pens, house and other outbuildings. The farm is nearly all cleared and in a good state of cultivation. Water never-failing spring piped into house and barn. Convenient to school, church and railway station. 5 acres fall wheat, 12 acres rye and grass seeded down. Possession by the fall plowing. For full particulars apply to or address

A. SANDERSON, Caledon

ALTON.

Mrs. McGill, a colored lady, who has been a medical missionary in Liberia, Africa, for 18 years, conducted the service in the Methodist Church on Sunday evening. The church was occupied to its full seating capacity, and the service was greatly enjoyed by everybody. Mrs. McGill addressed a crowded house in the Church on Tuesday night, her subject being, "The Natives of Africa." The lady, it is of interest to note, was head nurse during the recent war in Liberia. Her lecture was both interesting and instructive, conveying a fund of information about a portion of Africa of which the average Canadian hears and knows comparatively little.

Anniversary services will be held in the Methodist Church here on Sunday next, October 8th. Rev. Dr. C. E. Braithwaite, of the Northern Congregational Church, will occupy the pulpit both morning and evening.

Mr. Oliver Giles and family, of Caledon, have moved into the dwelling house next door to Mr. E. D. Barber's. Mr. Giles has secured a good position in the Beaver Knitting Mills.

Mr. and Mrs. Wm. Algie and daughter, Miss Phoebe, are expected home from the West this week. They have been on a month's trip and have been right through to the Coast.

Mr. Amos Mason, one of our general merchants, has sold his stock of general drygoods, groceries, etc., to Mr. G. H. Johnston, of Sutton, Ont. Mr. Johnston, who has taken possession of the stand, is having the store repainted, and is also making other important alterations and improvements. The new proprietor appears to be both genial and energetic and judging from first impressions is the kind of man who should make good with the people of Alton and surrounding community. We wish him every success in his new undertaking. Mr. Mason, the late proprietor, has taken a situation in the office of the Beaver Knitting Mills. Our villagers, generally, will be right glad to learn that he is not leaving Alton.

The Women's Institute held its monthly meeting at the home of Mrs. Lovell on Thursday last. The meeting was devoted mainly to business matters. Mrs. Lovell served a dainty tea, which was heartily relished by the ladies. Delegates were appointed to attend the annual Women's Institute Convention in Convocation Hall, Toronto, in November. Mrs. Motheral and Mrs. Lovell were appointed to represent the Alton Institute. The next meeting will be held at the home of Mrs. P. V. Lemon on October 19th.

Mr. Alex. Dick has returned home from Vermillion, Alta., whither he went some time ago to look after the interests of his son, the late James Dick. We understand Mr. Dick sold this year's crop on the ground and leased the farm for a term of years.

Mr. Cleve Collins, of Pilot Mound, formerly of Alton, who has been visiting at his old home here for the last month, left for the West again on

ALTON.

Mrs. Mcfill, a colored lady, who has been a medical missionary in Liberia, Africa, for 18 years, conducted the service in the Methodist Church on Sunday evening. The church was occupied to its full seating capacity, and the service was greatly enjoyed by everybody. Mrs. McGill addressed a crowded house in the Church on Tuesday night, her subject being, "The Natives of Africa." The lady, it is of interest to note, was head nurse during the recent war in Liberia. Her lecture was both interesting and instructive, conveying a fund of information about a portion of Africa of which the average Canadian hears and knows comparatively little.

Anniversary services will be held in the Methodist Church here on Sunday next, October 8th. Rev. Dr. C. E. Braithwaite, of the Northern Congregational Church, will occupy the pulpit both morning and evening.

Mr Oliver Giles and family, of Caledon, have moved into the dwelling house next door to Mr. E. D. Barber's. Mr. Giles has secured a good position in the Beaver Knitting Mills.

Mr. and Mrs. Wm. Algie and daughter, Miss Phoebe, are expected home from the West this week. They have been on a month's trip and have been right through to the Coast.

Mr. Amos Mason, one of our general merchants, has sold his stock of general drygoods, groceries, etc., to Mr. G. H. Johnston, of Sutton, Ont. Mr. Johnston, who has taken possession of the stand, is having the store repainted, and is also making other important alterations and improvements. The new proprietor appears to be both genial and energetic and judging from first impressions is the kind of man who should make good with the people of Alton and surrounding community. We wish him every success in his new undertaking. Mr. Mason, the late proprietor, has taken a situation in the office of the Beaver Knitting Mills. Our villagers, generally, will be right glad to learn that he is not leaving Alton.

The Women's Institute held its monthly meeting at the home of Mrs. Lovell on Thursday last. The meeting was devoted mainly to business matters. Mrs. Lovell served a dainty tea, which was heartily relished by the ladies. Delegates were appointed to attend the annual Women's Institute Convention in Convocation Hall, Toronto, in November. Mrs. Mathetal and Mrs. Lovell were appointed to represent the Alton Institute. The next meeting will be held at the home of Mrs. P. V. Lemon on October 19th.

Mr. Alex. Dick has returned home from Vermillion, Alta., whither he went some time ago to look after the interests of his son, the late James Dick. We understand Mr. Dick sold this year's crop on the ground and leased the farm for a term of years.

Mr. Cleve Collins, of Pilot Mound, formerly of Alton, who has been visiting at his old home here for the last month left for the West again on Wednesday.

Miss Ethel Curry, of Barrie Hill, Ont., is visiting Miss Mary Teeter.

A very pretty wedding was solemnized Wednesday afternoon, Sept. 20th, at the home of the bride's parents, Mr. and Mrs. E. A. Ryckman, 130 Caroline street, south, Hamilton, when their daughter, Edna Alvina, was united in marriage to Mr. Frederick Hill, of Hamilton, formerly of Alton. The bride looked charming in a beautiful gown of minto lace over white satin, carrying a bouquet of cream roses and lillies-of-the-valley, as she entered the drawing room leaning on the arm of her father, while Miss Viola, a sister of the bride, acted as bridesmaid, dressed in pale pink satin, with pink roses. The groom was supported by his brother, Mr. R. Hill, of Alton, and Rev. Dr. Lyle officiated. Miss Margaret Hill, of Alton, sister of the groom, played the wedding march. The bride's going away gown was black velvet trimmed with black satin braid and hat to match. The groom's gift to the bride was a pendant set with chipped diamonds; the bridesmaid received a beautiful band bracelet; the groomsman as a memento of the event a fountain pen. The happy couple received many handsome presents, among them being a piano from the bride's father, and a dinner set from the groom's parents. The wedding couple left town for the north on a honeymoon trip, after which they will reside in Hamilton. Their many friends wish them all success and happiness in their future life.

The Beaver Woollen Mills and Dods Woollen Mills are both running up to capacity at present. There are over 50 hands at work in each of the mills and the manner in which the orders are coming in points to a very busy autumn.

Everything has quieted down again since the election. Conservatives in and around our village are naturally jubilant over the result and look forward to an era of economical and progressive government under the leadership of Mr. R. L. Borden. Liberals on the other hand derive a certain amount of comfort out of the good showing their candidate, Mr. W. J. Lowe, made in this division. Considering the way the country went, it must be admitted that Lowe made a great run in Peel and particularly the northern municipalities of the riding.

GLENCROSS.

Most of us have scarcely yet recovered from the pleasing effect of the recent election, as reciprocity was anything but popular in this neighborhood.

We are pleased to note that Mr. Fred. Jeffers has nearly recovered from the painful accident which befell him on the 15th.

Owing to the fact that anniversary services are being held in Camilla church on Sunday, Oct. 1, there will be no service at Glencross. A number of this congregation expect to be present at Camilla for the morning service, which will commence at eleven or for the evening service at seven o'clock.

We are delighted to know that Mr. Donald McDonald has greatly improved during the last few weeks.

Some of our youth seem to find the erection of a new bridge quite an inconvenience, when returning from town late Saturday night.

CALEDON EAST.

Anniversary services will be held in connection with Caledon East Methodist Sunday School on Sunday next, Oct. 1st, at 11 a.m. and 7 p.m. Rev. Mr. Fox, of Beeton, will preach at both services. On Friday and Monday nights, Sept. 29th and Oct. 2nd respectively, a grand concert will be given by the members of the school under the skilled direction of Miss Amy L. Doty. Owing to the large crowd which attended a similar concert last year, it was thought advisable to have the programme repeated the second night, so that all might have a chance to come and hear the children. Miss Doty was in charge of last year's concert and won great praise for her skill and ability as directress. The programme is altogether new and even better than last year's. The admission has been fixed at 25c. and 15c. Do not miss the opening chorus. Concert will commence at 8 o'clock sharp. Doors open at 7.15.

LAUREL.

Thursday, Sept. 21st, —election day—dawned just like unto the day that Noah entered into the ark, bright and sunny, but toward noon the clouds veiled the sun, the rain began to fall and a deep gloom seemed to overcast the whole land, but toward evening the darkness vanished and at five o'clock the sun shone forth, with healing in his wings. A little later we learned that the Government of our fair Dominion had been defeated and then those who a few hours before were happy and merry began to wail and lament, while those who mourned were made to rejoice with joy unspeakable. "Well that is just what I knew was coming," one would laugh, and another would cry. We trust, however, that now after the battle is over we will all be friends again as before. Remember, all may run, but only one can win the prize. We trust that John and D. B. will be just as good friends as they were before the election.

Now that the election is over and the stalwart yeomanry of Amaranth have returned to the routine of their farm duties, we are pleased to note the many evidences of the harmony and good-will existing throughout the length and breadth of our community. This is what we like to see.

Rev. J. R. Bell and wife have returned home after a six weeks' tour in the West. They report a very pleasant time and appear to have been greatly invigorated by their trip.

The ladies of the Laurel Women's Institute gave a very interesting programme and an excellent concert in the Town Hall on election night. An appreciated addition to the regular programme was the rendition of several select songs by Mrs. Grimshaw, of Buffalo, who was at the time visiting with friends at Bowling Green.

We have just learned that Louis Johnston had a sheep and lamb killed by dogs the other night. We think the Township Council should impose a good, stiff dog tax and thereby rid the country of a lot of useless animals.

Mr. John W. Gordon, who has been confined to his room with pneumonia for the past few weeks, is again able to be about and is gaining strength rapidly. Mr. Gordon has just had his new barn boarded in and roofed.

The Management of the Laurel Cheese Factory sold their output of cheese for the first half of September for 13⅞c. per lb. The patrons realized from $1.13 to $1.23 per cwt. for their milk after paying all expenses.

MONO MILLS.

Rev. R. J. W. Perry will conduct harvest home services in Caledon East, on Sunday next. Rev. Mr. Gandier will occupy his pulpit here.

Mrs. R. J. W. Perry spent a few days with friends in Riverston last week.

Misses Jean and Hannah Kearns, of Port Huron, Ont., spent a few days as the guests of Miss Janet Speers. Miss Jean is taking a course in the Orangeville Business College.

Mr. and Mrs. Bert Olive and child, who have been visiting friends here, have returned home.

One of the oldest and most highly respected residents of Mono passed away after a long illness on Wednesday last in the person of Mrs. John Armstrong, of Lucille. The body was interred in St. John's cemetery on Friday afternoon, a large number of friends and neighbors being present to pay a last tribute of respect to the deceased. Rev. R. J. W. Perry conducted the services.

Canada has spoken and with no uncertain sound. The Latin phrase, "Vox Populi, Vox Dei," comes to our mind and we accept it thus. Standing as we do in the light of the knowledge which the result has revealed to us, we would say all honor to the Liberals, and thousands of them there must be, who have placed loyalty to party second to their loyalty to their country, and helped to hold the privileges and freedom of our fair Dominion sacred for the Canadian people. Forbid that we should ever be misled by inducements of material gain or deceived by apparently friendly overtures. Canada has not come to "the parting of the ways" yet.

Mr. and Mrs. Ira Stork left here on Wednesday morning for a short visit with friends in Mount Forest, where they will be guests at the wedding of Miss Maud Ellesley.

Miss Alma Dowling and Miss Lon- [illegible] holidaying with her parents here.

Mr. Alex. Murray has purchased the house and lot in the village from Mrs. McGovern, and is making extensive improvements on it.

Mr. R. J. Donaldson returned from the West on Tuesday evening.

LAUREL.

A good-sized audience attended the Concert in the Town Hall on election night under the auspices of the Laurel Women's Institute. An excellent programme was furnished, consisting of solos by Mrs. Grimshaw, soprano, violin selections by Miss E. Trimble, vocal duets, Miss Ethel Hamilton and Mrs. Hepton, Miss Lucilla Marshall and Mrs. Marshall Curry, and solos by Miss Ethel Hamilton and Rev. A. W. Howe. An enjoyable pantomime was also given by members of the Institute. Mrs. Robt. Curry, President of the Institute, occupied the chair. The proceeds amounted to $23.50. The concert was given in aid of the Orangeville Hospital and the net proceeds will be turned over to the Treasurer of the Building Fund. The ladies are to be congratulated upon the philanthropic spirit which prompted them to undertake the Concert.

Miss Lucilla Marshall, Camilla, and Mr. and Mrs. Ernest Turnbull, of Rainy River, are the guests of Miss Birdie Curry.

Rev. Mr. and Mrs. J. R. Bell have returned from a delightful trip to the West.

Last Tuesday Miss Birdie Curry entertained a number of her friends to an afternoon tea served in the English style.

CAMILLA.

Miss Lucilla Marshall is visiting Laurel friends this week.

Miss Alice Little, of Orangeville, visited friends here this week.

Messrs. Murray Bremner and Chas. Scott have gone to Toronto, where they will resume their studies at Toronto University.

Messrs. Campbell and Buchanan, and Miss Lily South were the guests of Miss Berdita Thompson on Sunday evening.

Messrs. A. O. and Walter Scott spent Sunday with friends here. The three brothers, Charles, A. O. and Walter, then motored to Toronto on Monday.

Mr. James Little attended special services at Primrose, Sunday night.

Miss Maggie Parks, of Toronto, is visiting her niece, Miss Birdie Curry, of this place.

While driving to Orangeville last Saturday, Miss Myrtle Kyles and her mother met with what might have proved to be a nasty accident. A motor cycle frightened the horse which they were driving, causing him to upset the buggy thus throwing the occupants into the ditch. The motor cyclist managed to prevent the horse from running away. We are glad to report that no serious harm was the outcome and that the above mentioned escaped with several scratches and bruises and a slight shaking up.

Anniversary services will be held in St. Andrew's Church Sunday. Services will be held morning and evening at 11 a.m. and 7 p.m. Dr. McKenzie, of Shelburne, will conduct the services.

MONO CENTRE.

Hello, Mr. Editor, just a few items.

The threshing season will soon be completed for another year.

Mr. George Todd has sold his driver to Mr. Art. Cockerill, of Mulmur, for a fancy price.

Mr. and Mrs. Robert McCutcheon attended the Patterson—Braiden wedding at Shelburne on Tuesday.

Quite a number of our young people took in the Shelburne Fair and report a good time.

The stork has been very busy of late. He hovered over Mr. Tom Kidnie's last week and left a little boy.

We are much pleased to see Ernest Arthur among us once more. He went away as a homeseeker and we were quite sure he would not return.

Mr. Frank Halbert, we understand, is giving up the clerking business to farm with James Kendrew, of Primrose.

George Aikens wonders what kind of a show he would have now.

Jas. Holmes' many friends will be pleased to see him at his old stand as V. S. at Hockley after a pleasant trip abroad.

Mr. Alvin Simpson, of Toronto, is busy painting his brother Harry's new house.

We wonder if Willie Kidnie says "Grace" before "Meet."

We wonder how Wilmer Lundy enjoys his drives on the third line.

RALLY DAY.

Sunday last was observed as Rally Day in the Methodist Church. The pastor, Rev. Dr. Harper, preached appropriate sermons morning and evening and the choir provided special music. At the morning service Mrs. (Dr.) Bowles and Mrs. R. H. Robinson, gave a well-rendered duet. In the evening Mrs. Bowles and Mr. Percy Harding sang "O Morning Land" as a duet, Mr. E. A. Warren gave a solo, "Come Holy Spirit" and Mesdames Bowles, Robinson and Green and Miss Lottie Bell sang a quartette, "Bright is the Way." In the afternoon Principal Firth addressed a mass meeting of the Sunday School teachers and pupils, speaking on Robert Raikes, the founder of the first Sunday School.

MARVELLOUS OFFER! $6 GLASSES FOR $2.75

Finest Gold Shell Stock.

TO WHOM IT MAY CONCERN!

I wish to state that C. W. Morris has done business in the Optical line in my drug store on several occasions, and has had a very large patronage. I have yet to hear of any complaints from any of his patrons. I consider him thoroughly competent in his business and recommend him to the public in general.

W. T. FERGUSON.

Picton, N. S., Aug. 24th, 1911.

Only by extensive manufacture and large patronage we are enabled to put such high-class Spectacleware on the market. Consider this breakaway from the optical trusts and high prices. At our extensive Optical Parlors in Toronto we have on record thousands of satisfied customers, which speaks for itself of high-class goods, competent, skilful service and most modern methods of Eye-Testing and Fitting of Spectacles and Eye-Glasses.

Don't miss this offer and be sorry for it. Comparatively low prices on all special made Glasses, Toric Lenses, etc.

We are in a position to produce at short notice any kind of Lens made in the world to-day.

SATISFACTION IN EVERY WAY GUARANTEED.

Remember, a City Service at Your Door.

AN AUTOMOBILE ACCIDENT.

Messrs. Ira Babe, Dr. Morrow, H. F. McNichol and Gordon Marshall, of Shelburne, had a narrow escape from being killed on Saturday evening at Keldon by the automobile upsetting with them when making the turn on the town line. They were coming north and as the night was foggy they did not see the road ahead until it was too late and in endeavoring to make the turn the automobile skidded on the loose gravel and upset. The four young men were all under the heavy machine and received a bad squeezing. Dr. Morrow had a piece broken off his collar bone. Messrs. Babe and McNichol were insensible for some time but the next day were able to go around, but are both feeling pretty sore. One of the farmers near where the accident happened, telephoned to Dr. S. T. White, who was taken out by F. H. Silk in his automobile. The automobile was badly damaged.—Shelburne Free Press.

FROM THE TROPICS TO HEAL US

Cedron Seed Plant.

In Central America many natives are gathering the seeds of this plant, Cedron Seed, a rare medicine that has valuable curative powers. But few drug stores carry this seed, owing to the high cost of the article.

This country is a large consumer of this costly seed because it enters into the famous catarrh remedy, **Peruna**, sold the world over.

The new industry which has been established in Goderich for the manufacture of patent doors is getting into running shape. Four or five carloads of lumber have arrived from Huntsville and four carloads of iron have been secured from Pittsburg, and it is expected the first shipment of finished doors will be made shortly.

"The Liver Pills act So Naturally and Easily."

Such a statement, coming from the cashier of a bank, shows what confidence responsible people have in these pills. Mr. A. L. Wilson after trying them wrote:

"I have used Dr. Miles' Nerve and Liver Pills and also your Anti-Pain Pills, on myself, with good results. The Liver Pills act so naturally and so easily that I scarcely know that I have taken a pill. Frequently being troubled with headache I take an Anti-Pain Pill and get immediate relief in every case."
A. L. Wilson, Sparta, Ill.
Mr. Wilson was for a number of years cashier of the First National Bank of Sparta.

Dr. Miles' Nerve and Liver Pills

are different from others. Many kinds of liver pills are "impossible" after one trial on account of their harshness. Dr. Miles' Nerve and Liver Pills do not act by sheer force but in an easy, natural way, without griping or undue irritation. They are not habit forming.

If the first bottle fails to benefit, your druggist will return the price. Ask him.
MILES MEDICAL CO., Toronto, Can.

A BLIGHT

A Story of a Negro Whom a Hant Always Attended

By F. A. MITCHEL

Copyright by American Press Association, 1911.

The year 1860 marked the acme of plantation life in the south, a life which only persons now quite old have lived. There were two sides to slavery—the one as represented by the kind master, the other by the man who considered his slave as a mere piece of property. Naturally the families of the more refined class of planters formed a society of their own, and it was among these especially that instances of fidelity and attachment occurred. Born to be ruled and taken care of by their masters as a child is brought up by its parents, many of these negroes, after the war had set them free, clung to their former owners and the old plantation homes. It was there that the negro worked by day in the cotton field and in the evening sang those melodies, a product of the period, expressing a condition that died with the advent of emancipation. The relations between master and slave have passed away with the system, and the following incident, told me a few years after the close of the war which abolished that system, could not possibly occur today:

After the surrender at Appomattox I had occasion to travel through a portion of the south. In Tennessee I found a plantation to which a large number of the negroes who had lived on it as slaves adhered as freed men. Their master, quite an old man now, paid them wages, which they had not as yet learned to handle for themselves. Interested to know how they liked the change, I approached a darky about thirty years old, who was sawing wood, and I questioned him.

"Do you darkies like the way you live better than when you were slaves?"

"Some ob 'em 'pears to like it, if they like to wo'k. Them that don't like to wo'k don't like it so well as befo', 'cause if dey don't wo'k dey don't git nottin' to eat."

"How do you feel about it?"

"Ma case air quar. I hain't got no feelin's about it. Derk's a hant what goes around with me—not a real hant rolled up in a sheet, but a hant ob de feelin's. I don't take no interest in anything. I'm a kind ob a dead nigger."

He had stopped in his wood sawing and looked out over the landscape with a sorrowful gaze. I waited, feeling that he had a story to tell and he would tell it without urging. I was not disappointed.

"I was bo'n," he continued, "on de same day as Missy Delia, an' her mammy was my mothe'. Consekence was dat when we two chillen was little we was togedder all de time. I hear'n people say when we was three or fou' yea's old, goin' roun' with ou' a'me roun' each udder, how quar my black face looked alongside her white one, fo' her skin war white an' pink, an' her ha'r war like yaller silk.

"When Missy Delia growed older she couldn't do 'nuff fo' me, an' I war jist ready to give up de ghos' fo' her any time. Ef she wanted anything done all she had to do war to say, 'Julius, you do dat fo' me, won't yo', please?' Lawd, what de use ob speakin' dat way to a nigger? I done it mighty quick, an' I wanted to keep on doin' things lak dat fo' her all de time. I couldn't git 'nuff of 'em to do.

"Den Cunnel St. Clair's son, Harry, come along, an' I saw might' quick dat he an' Missy Delia war lubbers. He war a fine lookin' young man—Mars' Harry war—tall an' straight, with black curly ha'r, an' might' diffe'nt from Missy Delia, who looked lak a peach. When his fathe' gwine die he hab a big plantation an' a thousand niggers. It was all settled dat Missy Delia gwine to marry him when de wah broke out.

"Co'se Mars Harry he gwine to de wah tak de udder young gen'lemen. He go with de cavalry as cap'n. Do yo' see dat gallery up dah front ob de plantation house? Well, it war right dar dat Missy Delia says to me, 'Julius, will yo' do somep'n fo' me?' An' I says, 'Missy Delia, fo' yo' I go right down to de ribber an' drown maself.' An' she says: 'I don't want yo' to drown yo'self. I want yo' to lib.' 'Wha' fo', Missy Delia?' 'Fo' to tak car' my Harry. I want yo' to go to de wah with him as his servant, fo' to tak car' o' his ho'se an' all dat, an' I want yo' to keep him from ha'm as much as yo' kin. An' if he gets sick or wounded I want yo' to tak car' o' him an' send or bring me wo'd as soon as possible. Will yo' do dat fo' me, Julius?'

"Her eyes war wet when she said dis, an' I tak to cried maself, seein' her cry. An' I said, 'Missy Delia, I go with Mars Harry, an' I bring him back safe an' soun' to you, ma honey.'

"We was standin' right on de top step up dar between de two pillars in de middle. She tak ma hand in bofe ob hern an' look at me out ob her eyes as if beaben war on de udder side ob 'em. Den she turned an' went into de house.

"Nex' day we leabe de plantation, Mars Harry an' I, to jine de regiment. Mars Harry be de fines' oaffer in de whole lot. We jine in with Gineral Wheeler's cavalry an' go gallopin' over de state ob Tennessee. Once in awhile Mars Harry he tak me an' ride to de ole plantation to see his ladyiub. An' when we come away Missy Delia say, 'Tak car' ob him, Julius, fo' my sake.' An' I say: 'Nebber fear fo' dat, Missy Delia. Reckon I know what I'm about.' Den Mars Harry an' I go back to camp.

"One time when Gineral Wheeler war leadin' his men back in de r'ar ob de Yankees, br'akin' up de railroads an' burnin' de wagon trains, he stop one day to rest in a wood an' stayed dar a whole day. Mars Harry he nebber tak to rest. When de odder men war restin' he war always tryin' to git some message to his ladyiub. He would go to a house an' write a long letter to her full ob lub talk an' pay some nigger to tak it to her.

"Well, when eberybody was restin' Mars Harry he tak me with him to a house about a mile away an' sot down in de libin' room befo' a table, an' he wrote an' wrote all de mawnin'. But befo' he sot down to write he tole me to go down on de Nashville pike, about a mile from whar he war writin', an' stan' on a rise in de groun' whar I could see down de road, an' if I see any bluejackets comin' I wor to ride back an' warn him.

"I rode down to whar I could see two or three miles an' sot on my ho'se, lookin' down de road. Fust thing I knew I sot a nigger gal lookin' frou de rails ob de fence. She war smilin' at me, showin' her teeth lak an alligator's jaw. An' she says, 'Wha' yo' doin' dar?' An' I says, 'Watchin' fo' de Yanks.' An' she says, 'Wha' yo' watchin' fo' de Yanks fo'?' An' I says, 'To wa'n ma mars if dey come.'

"She talks to me awhile, an' bimeby she says, 'Come down dar an' I gib yo' some applejack.' I war all tired out ridin' so ha'd an' powerful thirsty, but I say, 'I don't want no applejack.' 'Yes, yo' do,' she says. 'I kin see yo' mouf waterin' fo' it.' 'Go way an let me alone,' I says.

"Do yo' know wha' dat gal did? She p'inted to de house whar de applejack war, an' she says, 'I keep watch fo' yo' while yo' go down an' get a drink.' I fell under de temptation an', lak a fool, left dat gal to watch an' went down to de house an' filled ma canteen with de applejack. Same time I tuk a long drink. I war gittin' ready to go back when I hearn a clatter ob critters' hoofs on de road above an' saw a lot ob bluecoats gallopin' past toward de house whar Mars Harry war writin' the lub letter to Missy Delia.

"I want to kill somebody sartin. I got on ma ho'se an', ridin' back to de road, saw de gal dot brought de trouble on me skulkin' away. I fired ma revolver at her. Den I rode on, follerin' de Yanks. I hearn shootin' ahead, but when I got to de house whar Mars Harry was writin' he lub letter de sojers war all gone. But dar beside de road I saw what hants me eber since."

He put his hand to his eyes as if to shut out some painful sight. Presently he moaned:

"Mars Harry layin' dar shot dead."

For that few minutes he had been tempted to relax his watchfulness he was paying a lifelong penalty. Possibly he had dwelt upon his fault so long that it had affected his mind. I wondered at the love this black man had for one whom he considered so far his superior—the daughter of the man who had owned him and could have sold him as a horse or a dog.

"I knelt down beside him," he continued, "an' called to him: 'Mars Harry, come to life ag'in an' lemme be daid in yo' place. I cain't live to face Missy Delia nohow. How I gwine to go through life with this curse on me? Come back, Mars Harry; come back fo' Missy Delia. She cain't go through de worl' without yo.'

"But he didn't wake up no mo', an' when I see it wa'n't no use talkin' to him I tuk him up an' carried him into de house. An' then I got a wagon an' driv him to de plantation."

He made an effort to tell me of his reception there, but failed.

"How did your mistress treat you after the misfortune?" I asked.

"Misfe'tune! Dat wa'n't no misfe'tune; dat war yieldin' to temptation. I'a one ob de goats dat is tooken from de sheep. Ef I hadn't listened to dat gal Mars Harry wouldn't 'a' got killed. I didn't hab de courage to go back to de plantation fo' a long time; den I sneaked in among de udder niggers an' hid in de ba'n. Some nigger sor me an' tole Missy Delia I was come home. She hearn all about how Mars Harry got killed, an' thar wa'n't anything fo' me to 'fess. She sent fo' me to come up to de house. My legs ha'dly carried me dar. Missy Delia war standin' by herself in de hall. I stood at de do'. When she sor me she put up her han'chekuff to her eyes an' held out her hand to me. She didn't say a wo'd, but I knowed she fo'gib me.

"Dat didn't do me no good," he continued after a pause, "'cause I didn't fo'gib maself."

"Is your mistress living at the plantation house now?" I asked.

"I reckon she is dar or I wouldn't be hyar. Much as I respec' mars, I wouldn't stay hyar if missy war away. I doin' penance. De plantation runnin' down since de prockelmation. De niggers dat laks to wo'k laks to wo'k fo' thairselves. De udders won't wo'k nohow. Bi'mby all go to de debbil; den I gib my 'armin's to missy."

At that moment a woman dressed in deep mourning came out of the front door of the manor house and stood looking pensively on the landscape.

"Dat Missy Delia," said Julius, looking at the lady, the usual melancholy of his eye intensified. "She neber git ober it. I neber git ober it. She war strucken in de heart; I war strucken in de feelin'. In de day I see missy mow'nin'; in the night I wake up an' see Mars Harry lyin' dead in de road."

THE SOLID LEATHER SHOE HOUSE.

Before you do your buying, we would like to have you inspect our New Stock of FALL AND WINTER BOOTS & SHOES, For Men, Women and Children.

WE HANDLE ALL KINDS OF FELT BOOTS AND SHOES FOR MEN AND WOMEN. CAREFULLY ASSORTED LINE OF THE POPULAR EMPRESS SHOES FOR LADIES AND ALSO THE FAMOUS INVICTUS SHOE FOR MEN.

DRS. KENNEDY & KENNEDY
CURE DISEASES OF MEN
PATIENTS TREATED THROUGHOUT CANADA FOR 20 YEARS

DR. KENNEDY, MEDICAL DIRECTOR OF DRS. K. & K.

Drs. K. & K. are favorably known throughout Canada where they have done business for over 20 years. Thousands of patients have been treated and cured by their great skill and through the virtue of their New Method Treatment. When you treat with them you know you are dealing with responsible physicians as they own and occupy their own office building in Detroit, valued at $100,000. When they decide your case is curable, all your worry is removed for you know they will not deceive you. They guarantee to cure all curable cases. No matter how many doctors have failed to benefit you; no matter how much money you have spent in vain; no matter how discouraged you may be, don't give up in despair until you get a free opinion from these master specialists. If you are at present within the clutches of any secret habit which is sapping your life by degrees; if you are suffering from the results of past indiscretions; if your blood has been tainted from any private disease and you dare not marry; if you are married and live in dread of symptoms breaking out and exposing your past; if you are suffering as the result of a misspent life—Drs. K. & K. are your Refuge. Lay your case before them confidentially and they will tell you honestly if you are curable.

MADE WELL AND STRONG

By Lydia E. Pinkham's Vegetable Compound

Toronto.—I gladly give you my testimonial in favor of your wonderful medicines. Last October I wrote to you for advice as I was completely run down, had bearing down sensation in the lower part of bowels, backache, and pain in the side. I also suffered terribly from gas.

After receiving your directions, I followed them closely and am now entirely free from pain in back and bowels, and am stronger in every way.

I also took Lydia E. Pinkham's Vegetable Compound before my baby was born, and I recommend it highly to all pregnant women.—MRS. E. WANDBY, 92 Logan Ave., Toronto, Ont.

Another Woman Cured

Maple Creek, Sask.—I have used Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and I am now in perfect health. I was troubled with pains every month. I know other women who suffer as I did and I will gladly recommend your medicine to them. You may publish this if you think it will help others.—MRS. F. R. COOK, Maple Creek, Sask.

If you belong to that countless army of women who suffer from some form of female ills, don't hesitate to try Lydia E. Pinkham Vegetable Compound, made from roots and herbs.

Suggestive Questions

On the Sunday School Lesson by Rev. Dr. Linscott for the International Press Bible Question Club.

OCT. 1st, 1911.

The Prophet Ezekiel a Watchman.—Ezek. iii.

Golden Text—Hear the word at my mouth, and give them warning from me. Ezek. iii: 17.

(1) Verses 1-3—What is it that is to the soul like food is to the body?

(2) Do men get, in these days, special messages from God as Ezekiel did? If so specify.

(3) What is the immediate effect upon us of new knowledge?

(4) Verses 4-7—Which are most susceptible to the claims of the gospel, a people who have rarely heard it preached, or those who are constantly hearing it? Give your reasons.

(5) What is the effect of preaching the gospel upon those who reject it?

(6) Verses 8-11—Is it always true, that we have sufficient strength to do the work to which God appoints us? Give your reasons.

(7) Does God know in advance, "whether they will hear or whether they will forbear," when he sends a message to a people? Why or why not?

(8) If our hearts fail us in the difficulties of our God-appointed work, how much are we to be blamed?

(9) Verses 12-14—When we are "bitter," or angry, or even sorry to carry out the work to which we are appointed, what attitude does God likely take to us?

(10) May we make every work, no matter how hard or disagreeable, a joy, or does God know and expect that we shall sometimes be sad?

(11) When we do God's work against our will, or inclination, are we praised or blamed by Him?

(12) Verses 15-17—Is it either essential or an advantage in order to get best results, for missionaries to dwell among the people to whom sent and become a part and parcel of them?

(13) When we are appointed by God to do a thing, should we sit around and wait for special inspiration, or start right at the work, and expect all essential help?

(14) Verses 18-19—How can we justify God in making the salvation of a sinner depend upon the warning of a man?

(15) What is the guilt, and what will be the punishment of a man whose failure to warn, is the means of a sinner dying in his sins?

(16) If a Christian refuses, or neglects, to give to his utmost ability, to the missionary cause, will he be adjudged guilty before God for those who could have been converted through the influence of the money he might have given?

(17) Verses 20-21—To what extent are we guilty for the backslidden state of so many members of the church? (This is one of the questions that may be answered in writing by members of the club.)

(18) How is it that some who were really earnest Christians, lapse into a sinful life?

(19) Verses 22-27 — Which person gets more revelations from God, the one that gives himself up to contemplation chiefly, or the one who is in the thick of the fight for God?

Lesson for Sunday, Oct. 8th, 1911. The Life Giving Stream. Ezek. xlvii: 1-12.

ROME IN CANADA.

C. E. Amaron, D. D., in The Presbyterian.

Canada has been for many years the paradise of the Church of Rome. There is no country in the world in which she enjoys greater liberty today. In the Province of Quebec, under the protection of Britain's flag, this Church exercises many of the powers that belong to the State; she sits as a queen in our benighted province, panoplied in her assumptions by law; she receives from the State pretty much what she asks, and dominates this portion of the country as the first interest to be considered and served.

We have accustomed ourselves to think that England tied her hands by the articles of the Treaty of Paris, signed in 1763, after the conquest of New France by the British. Every time we raise the voice against Romish aggressions, every time we take a step in advance with the view to bringing the Province of Quebec in line with the progressive policy of our enlightened statesmen, of our social and religious leaders, we are met with the objection that Quebec was granted privileges and immunities which are irrevocable.

It is time that this myth should be abandoned. The Treaty of Paris granted nothing more to the newly acquired colony than the free exercise of the Roman Catholic religion, no special privileges were granted. It was later on that the Church wrenched from the British Parliament, and from our own legislatures, as a reward for assumed loyalty, privileges which no other country in the world now consents to give her.

Is it not too much to expect that the Dominion of Canada shall be compelled to work out its own destinies, hampered by the obstacles and barriers which are thrown in the way by the Roman hierarchy, and the politicians that do its bidding?

The country has been stirred during the year because of Rome's attitude on the marriage question. Great indignation has been expressed, and in very emphatic terms, because canon law has been given precedence, because the laws of the Roman Church have been made to override the laws of the State. But this is in keeping with the so-called infallible teachings of Romanism. Ours is to realize what these principles are, to what results they lead, and resolve as loyal British subjects, that our country will no longer submit to Rome rule.

In the political struggle that has been going on in our country for several months, the Church of Rome has made an alliance with what is known as the Nationalist party, which is anti-British, and does not hesitate to proclaim through its accredited leaders, that "the constitution of an autonomous French State is the logical destiny of the Province of Quebec." In view of statements of this character, endorsed by the hierarchy of Quebec, we can form an idea of the loyalty of the Roman Catholic clergy

The religious work of the Church of Rome in Canada fills with amazement and admiration thousands of Protestants. It would be unfair and unjust not to recognize the good accomplished by this Church through her religious and philanthropic enterprises.

On the other hand we must not close our eyes to the inadequacy of this system of religion, to its lamentable failures. These are evident in our country, but not so much so as in those countries where Rome has had full sway. In Canada, as in the United States, Protestantism acts as a safeguard and helps in giving to Romanism a character and tone which it does not possess in purely Roman Catholic lands.

Romanism, in its teachings, is the counterpart of Jewish legalism. It creates the same formalism as John the Baptist and Jesus Christ encountered and denounced. There is a superfluity of forms and ceremonies which are taken by misguided Protestants for real religion. But the truth is that beneath all this outward show, there is not much personal conviction, not much of that religion which works for righteousness. The salvation of one's soul is entrusted to the priest. Religion fails to be an individual concern. If the priest leads astray, so much the worse for him.

On the other hand, the grinding absolutism of Romanism, its insistence on submission of intellect, conscience and soul to fixed dogmas, for which infallibility is claimed, create inward revolt among the more thoughtful and better educated. The influence of Rome in the domain of politics and commerce and in the social life of the people is such, that it makes it very difficult for the dissatisfied ones to openly declare their convictions. The result is that they do violence to their convictions, attend the church as often as is necessary to avoid reprimand and possible suspension, or excommunication. Very soon the religious feeling is destroyed and infidelity with its attendant evils follows. France, Italy, Spain, Portugal and other countries illustrate most clearly the sad results of Roman Catholic teachings. Canada has not yet reaped the full harvest of evils which are dragging other countries to ruin, but no one who is in touch with French Catholicism in Canada, can doubt that we are fast going the same way.

We who are struggling in Quebec, are anxious that the whole Church should see eye to eye with us. We want Protestant Canada to become persuaded that the destinies of our country are indissolubly linked with those of our province. We are anxious that our church leaders in Home and Foreign Mission work, and in the work of education, should be seized with the truth that every branch of work in which our Church is engaged, must necessarily be retarded as long as Quebec has not been evangelized in the true sense of the word. The religious development, no more than the material prosperity and unification of Canada are possible, independently of a Protestant, Christian Quebec.

We believe that to the Presbyteries of Quebec and Montreal is committed a charge equal, if not surpassing in importance, any in our great Presbyterian Church. The Presbytery of Quebec, in an especial way, occupies a strategic point, its members are confronted by the citadel of religious error, strengthened by superstition, British hate, separatist ambitions which makes it necessary to storm the position. It seems quite clear that if Canada is ever to be a great, united people, Rome must be made to let go its hold on the Province of Quebec, on its legislature on its educational interests, on the marriage and other questions. With the great Chalmers we would say Give the Roman Catholics liberty, seats in the Parliament of the country, a free and equal participation in the realm, and give us the circulation of the Bible, throughout the length and breadth of the land, and with this mighty engine we will overthrow the tyranny of this anti-Scriptural system, and establish the fair and original form of Christianity on its ruins.

HER SKIN SEEMED ON FIRE

Every Other Treatment Failed But "Fruit-a-tives" Cures

GRANDE LIGNE, QUE., Jan. 2nd, 1910.

"My wife was greatly distressed for three years with chronic Eczema on the hands, and the disease was so severe that it almost prevented her from using her hands. The doctor gave her several ointments to use, but none of them did any good. He also advised her to wear rubber gloves and she wore out three pairs without getting any benefit. As a last resort, I persuaded her to try "Fruit-a-tives", and the effect was marvellous. Not only did "Fruit-a-tives" entirely cure the Eczema, but the Asthma, which she suffered from, was also completely cured.

We both attribute our present good health to "Fruit-a-tives". N. JOUBERT.

"Fruit-a-tives" will always cure Eczema or Salt Rheum because "Fruit-a-tives" purifies the blood, corrects the Indigestion and Constipation, and tones up the Nervous System.

"Fruit-a-tives" is the only medicine in the world made of fruit juices and valuable tonics, and is the greatest of all blood-purifying remedies.

50c. a box—6 for $2.50—or trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

Quick as a lightning flash pain disappears when you take Merrill's Wizard Lightning. Clean to use externally, hot but pleasant internally. Price 25c.

Sold and recommended by Thos. Stevenson, Druggist.

THE POWER OF COMPOUND INTEREST.

A man may secure an absolutely sure income of $600 a year for his little 5 year old daughter, or granddaughter, from the time she is 55 to the end of her days, if he will pay to the Canadian Government the sum of $964.75. If she should die at any time before reaching the Annuity age the money paid, together with 3 per cent. compound interest, will be refunded to the purchaser, or as he may direct. There are but few parents who, when they understand the matter, will not be anxious to make the investment, if they can spare the money, in order to have the assurance that their daughter, no matter what reverses overtake her after she is 55, would have a comfortable income in her old age—an income that she cannot be deprived of by any person or by any process of law.

Full particulars of this excellent scheme may be had on application to the Superintendent of Canadian Government Annuities, Ottawa, to whom letters go free of postage.

Plans are being prepared at Goderich for the extension of the present north breakwater by 1,000 feet.

The Fonthill Nurseries

More fruit trees will be planted in Fall of 1911 and Spring of 1912 than ever before in the history of Ontario.

The orchard of the future will be the best paying part of the farm.

We teach our men Salesmanship, Tree Culture and how big profits in fruit-growing can be made.

Pay weekly, permanent employment, exclusive territory.

Write for particulars.

STONE & WELLINGTON, Toronto.

CALEDON COUNCIL.

Council Chamber, Sept. 19, 1911.

Council met, Reeve presiding; members all present except Mr. Cameron. Minutes of previous meeting were read and adopted.

Mr. Quinn presented the petition of David Harkness and 42 others, praying the Council to repair or build a new bridge at lot 24, on the 4th line, west. A number of ratepayers addressed the Council in support of the petition.

Moved by Mr. Quinn, seconded by Mr. Armstrong, that in reference to the petition of David Harkness and 42 others re. the dangerous condition of the bridge over the dam, known as McClellan's dam on the 4th line, west, the Reeve have the engineer examine the said bridge and have his opinion as to the repairing or building of a new bridge, and also who should build and maintain the said bridge according to our agreement with Mr. McClellan.—Carried.

Moved by Mr. Giles, seconded by Mr. Armstrong, that this Council be commissioners to examine the bridge and road complained of on 5 sideroad between 3rd and 5th lines.—Carried.

The following wire fence petitions were received, viz., —Wm. Lindsay, 40 rods; Charles R[illegible], 40 rods; S. A. Nunn, 100 rods; R. L. Jenkins, 120 rods; M. Jenkins, 66½ rods; C. Colbeck, 16 rods; R. Fines, 66 rods; Geo. A. Cameron, 101½ rods; Wm. McDevitt, 12 [illegible] Joseph Pearson, 51 rds.

The following accounts were examined and passed and the Reeve's order issued for their payment, viz.,—

Wm. Toase, repairing washout on sideroad	$ 1 00

Alex. C. Speers, bonus on 73 rods of wire fence	18 25
Wm. Dunn, bonus on 50 rods of wire fence	12 50

Moved by Mr. Armstrong, seconded by Mr. Giles, that when this Council adjourns to-day, it stands adjourned until Tuesday, Oct. 24th, next.—Carried.

On motion Council adjourned.

J. L. MEEK, Clerk. J. A. McBRIDE, Reeve.

Eczema Not a Blood Disease

For this reason internal treatments fail to cure—Success of Dr. Chase's Ointment.

Experience with the use of Dr. Chase's Ointment will soon convince anyone that Eczema is a disease of the skin and not of the blood.

Mr. A. D. Macauley, Stornoway, Que., writes,—"I had itching eczema on my leg for over five years and tried many remedies and several doctors without benefit. Dr. Chase's Ointment cured me completely."

Mrs. Chas. Gilbert, Haystack, Placentia Bay, Nfld., writes,—"I was a sufferer from Salt Rheum for ten years and was cured by eight boxes of Dr. Chase's Ointment. I am heartily thankful for this cure and want to recommend Dr. Chase's Ointment to other sufferers."

Why not get the cure started to-day. If you are a sufferer from eczema or any form of itching skin disease you will thank the day you heard of Dr. Chase's Ointment. 60 cts. a box, all dealers, or Edmanson, Bates & Co., Toronto.

EYE ERROR

Not a question of age

No part of the body is so delicate, so easily injured and so generally abused as the eye. The need of glasses is not a question of age. Lots of children have to wear them and there are many more who should. Bad marks at school can often be traced to poor eye sight and very often the eyes should have the constant aid of glasses.

We have facilities here for testing your eyes and finding out exactly what they need. We sell only such glasses as we can thoroughly recommend. All work is guaranteed.

Announcement

WE have the sole agency for Semi-ready Tailoring---the highest type of modern tailoring; and we ask our customers to come and view the garments made in the conservative and cultured styles men admire.

THE Semi-ready system has won for itself a world-wide reputation. Its progress has been wonderful. Their physique type system produces Men's Clothes to fit men of every physique type—Normal, Tall, Short in Height, Short-Stout, Tall-Stout or Slim—it matters not whether or not you cannot be fitted in ready-mades, you can surely be correctly fitted by the Semi-ready Tailoring System.

LEADERS in the tailoring of Men's Clothes—the Semi-ready Company have attained their position by adhering to high quality of fabrics, to good workmanship, and to fair prices for work that is worthy.

PRICES of Semi-ready Clothes are fixed and plainly marked on each garment. They are sold at the same prices everywhere in Canada. A $15 or $20 Suit or Overcoat here costs the same in Montreal or in Vancouver, in the East or in the West.

Every garment sold is guaranteed worth the price, and warranted to give satisfactory service.

Special Suits can be made to order at the shops in 4 days' time. We send your measure.

The inside Tailoring work on a Semi-ready coat gives it a distinction in style, and the wearer will find that in the day-to-day service this style and shape holds true. The values are good and the Clothes are cheap in the true sense of the word.

SPORTS.

CHAMPIONSHIP LACROSSE.

Owen Sound Defeats Maitlands in An Exciting Game.

The lacrosse match on Idylwyld Park on Saturday afternoon was of the real championship variety. Owen Sound and Toronto Maitlands were the contestants and the Junior Championship of the C.L.A. the prize. Both teams were in splendid form, and very evenly matched and the result was the best lacrosse game that has been seen in Orangeville for a number of years. The victory went to Owen Sound, but it was by the close score of 9 to 8 and at that the deciding goal was only scored a few minutes before time was called. Both teams showed that they knew how to play the game. The Maitlands put up a more finished brand of lacrosse, their team play being superb. They also seemed to have the advantage in speed particularly in the first two quarters. The Owen Sound home was, however, more effective when they had possession of the ball. Both teams were nervous at the outset and fumbled the ball considerably the first few minutes. After they had settled down, play became fast and very even. Each team scored twice in initial period. The Maitland home showed terrific speed in the second quarter and the team as a whole covered their checks much better than did their opponents. The Toronto twelve had altogether the better of the play, notching no less than four goals and at the same time holding the northerners scoreless. With a score of 6 to 2 in their favor, it looked at half time like an easy victory for the Maitlands. However Owen Sound demonstrated in the third period that they were anything but a beaten team. Play had only nicely started when Hilts, one of the mainstays of their attacking division, dodged a couple of Maitlands and got a chance to shoot, lodging the ball safely in the nets. Three more tallies followed before the quarter ended, making the score 6 all at three quarter time. Both teams went out to win in the final twenty minutes and the spectators were treated to some of the most brilliant lacrosse of the whole game. Maitlands notched first, but a little later Owen Sound evened up. Then the Toronto team took another, and again the northerners evened. The deciding goal went to Owen Sound two or three minutes before the timekeepers' whistle blew. The Maitlands made desperate efforts to even again, but goal keeper Turcotte got in the way of any shots that were headed for his citidel. It was a clean, hard game between two evenly matched teams and while the victors had reason to feel elated over their win the vanquished had equally good reason to fell gratified over the splendid game they played. They were a gentlemanly lot and like the winners a credit to the club and city they represented. The final quarter was played amid intense excitement and scenes of vociferous enthusiasm. Each of the Clubs ran excursions for the game, and their supporters were of course on tiptoe throughout the entire match. The game attracted a large gathering of Orangeville people, who, while mainly neutral in their sympathies, were nevertheless enthusiastic in acclaiming the numerous brilliant plays made by both teams.

Referee Tom Doyle made a capable and impartial official.

The teams were :—

Owen Sound—Goal, Turcotte; point, Wilkins; coverpoint, Fletcher; defence, Dickson, Field, Orford; centre, Lee; home field, Nevmg, Hilts, Young; outside, Hintermater; inside, Wilson.

Maitlands— Goal, Wright; point, Slack; coverpoint, Rogers; defence field, Sanderson, Beillen, Rowland; centre, Irwin; home field, Britnell, Spellen, Barber; outside, Carmichael; inside, Gates.

The Owen Sound rooters livened the town up while waiting for their train after the game. Tin horns whistles and lung power were used to good effect to create a babel of sounds indicative of the jubilant spirit engendered through the favorable outcome of the game.

Woodbridge and Young Toronto O. L. A. teams met in Brampton on Saturday afternoon to play the final game for the senior championship of the Association, and the possession of the coveted Mann trophy. A fairly large crowd was in attendance and was treated to a fine exhibition of Canada's national game. Young Torontos won by a score of 8 to 3, mainly through their superior combination and general team work. At the close of the first quarter the victors were leading by 3 to 0. Woodbridge played great lacrosse in the second period and succeeded in scoring two goals, while their opponents were adding one to their tally. Young Torontos had the better of the play in the third period, adding two more goals and holding Woodbridge scoreless. They also tallied twice to Woodbridge's once in the last twenty minutes. The game was clean and devoid of any exhibitions of ill-feeling on the part of either team. Dr. G. H. Campbell, of Orangeville, made an efficient referee.

Nervous Condition.

Results From Kidney Trouble.

Sick kidneys make you feel sick in a number of ways and it is now known that a nervous condition often results from kidney trouble. When the kidneys are sick the whole nervous system becomes irritated, headache, dizzy spells, fits of "blues," neuralgic attacks, rheumatic pains, weak eyesight, dull tired days, and a constant inclination to worry over trifles.

Booth's Kidney Pills

Booth's Kidney Pills strengthen sick kidneys, cure backache, regulate the urine and restore to normal conditions. They are guaranteed. All dealers sell, 50c. box, or postpaid from The R. T. Booth Co., Ltd., Fort Erie, Ont. If you would like to test them free write for a trial box.

DANGEROUS PRACTICAL JOKING.

Last Sunday morning several farmers on the Centre Road, Mono, were subjected to a species of petty annoyance that was probably intended for practical joking, but may in the end turn out to be anything but a joking affair for the perpetrators. During the early dawn the jokers went into Jos. Jackson's stable and turned loose two head of cattle that Mr. Jackson had tied up under instructions from a veterinary surgeon. They then removed one of the wheels from his buggy and hid it in a neighboring rape field. Later in the morning they paid a visit to Mr. Oliver Sproul's barns, emptied five or six gallons of gasoline out of the two gasoline engines that Mr. Sproule keeps for power purposes, ran his buggy out on the highway, turned it upside down, removed one of the wheels and started it down a hill in an adjoining field. They also cut the hair off the tail of one of Mr. Sproul's horses. The mischief workers next visited the residences of Messrs. John Grahame and John Hewitt, but the barking of dogs aroused the inmates and they were frightened away without doing any harm. The perpetrators are said to be residents of the immediate neighborhood. Suspicion as a matter of fact is said to point rather strongly in the direction of a couple of farm hands, who were in Orangeville very late on Saturday night and went home in a somewhat convivial mood. The strong arm of the law may be invoked to teach them the much-needed lesson that acts of this lawless character will not be tolerated in Ontario.

FAIR NIGHT AT CHARLESTON.

A grand concert will be given in the Town Hall, Charleston, under the auspices of the Caledon Public Library, on Caledon Fair night, Friday, October 6th. The Jungle Darktown Swells, led by Zeb Filkins, will repeat their popular programme, consisting of Musical Comedy, Coon Shouters, Cake Walkers, Farcical Hits, and Melodious Ragtimes. Doors open at 7.30 Concert at 8.15. Admission, 25c.; reserved seats, 35c. Seats may be reserved at Mrs. Vogan's hotel.

BORN.

MORTON—In Mono, on Monday, Sept. 25th, to Mr. and Mrs. Fred. Morton, a son.

HOSICK—In Toronto, on Thursday, Sept. 21st, 1911, to Mr. and Mrs. John H. Hosick, of Laurel, a son.

YOUNG—In Erin township, on Sunday, Sept. 17th, to Mr. and Mrs. James Young, a son.

THERAULT—In Toronto, on Thursday, Sept. 21st., to Mr. and Mrs. Frank J. Therault, a son.

MARRIED.

MAY—McFADGEN—At The Manse, Camilla, on Wednesday, Sept. 20th, by Rev. A. J. Fowlie, John Samuel May, to Elizabeth Ann McFadgen, both of Orangeville.

DOWLING—HILL.

A quiet but very pretty wedding was solemnized on Saturday afternoon at five o'clock at Christ church, when Edyth Jane Hill became the bride of Christopher McKittrick Dowling, agent of the Dominion Express Co. at Winnipeg, the ceremony being performed by the rector. The bridal party entered the church while Mrs. J. R. Donnelly played Lohengrin's wedding march. Mrs. J. D. McArthur was matron of honor and Miss Shallina Fraser and Miss Alice McNeillie, of Lindsay, Ont., made pretty bridesmaids, while James Feir supported the groom.

The bride looked sweetly pretty in her going away suit of navy blue broadcloth and hat to match. She carried a beautiful shower bouquet of bridal roses, which she threw at the guests as she left the church. During the signing of the register Mrs. Wentz sang "Because." The groom's gift to the bride was a diamond sunburst, to the matron of honor a pearl necklace, to the bridesmaids handsome brooches. The happy couple left on the Soo line for Chicago, Brantford and eastern cities, and upon their return will take up their residence in Crescentwood.—Winnipeg Free Press, Sept. 19th.

"Kit," as the groom was familiarly called by his intimate friends, is a brother of Messrs. Jack and Fred. (now Rev. F. S.) Dowling, formerly well-known members of the Dufferin lacrosse team.

KEE—MARTIN.

A very happy event took place at "Elm Brae," Albion, the home of Mr. and Mrs. James Martin, on Wednesday, September 20th, when their youngest daughter, Margaret E., was united in marriage to Mr. John D. Kee, also of Albion. The ceremony was performed by the bride's pastor, Rev. H. Matheson, of Caledon East, in the presence of forty guests. Precisely at 2.30 o'clock, to the strains of the wedding march, played by Miss Susie Patterson, of Laurel, the bride, escorted by her father, entered the room, gowned in white Swiss muslin, daintily embroidered with white satin sash, and carrying a shower boquet of white asters, interspersed with maiden hair fern and tied with white silk ribbon. After congratulations had been received by the bride and groom, they led the way to the dining room, where a sumptuous repast was served, the tables being beautifully decorated for the occasion. The toast to the bride was proposed by Rev. H. Matheson, and was ably responded to by the groom, after which the assembled guests viewed the numerous and costly presents, showing the esteem in which the bride and groom are held. The groom's gift to the bride was a crescent brooch set with pearls. The rest of the evening was then pleasantly spent in music and amusements, after which the happy couple drove to their new home, the bride going away in a suit of green with white net blouse, and hat to match. Among those who were present, were Mr. and Mrs. Nelson Kee, Brampton; Mr. Norman and Miss Margaret Wardlaw, Brampton; Miss J. Manes, Churchville; Mr. and Mrs. Samuel Kee, Orangeville; Mr. Will and Miss Susie Patterson, Laurel, and Mr. and Mrs. Wesley Kee, of Mono Mills. Gifts were received from Toronto, Brampton, Hornby, Camilla and Inglewood friends.

PATTERSON—BRAIDEN.

The marriage of Miss Lillie Braiden, daughter of Mr. Jas. Braiden, of Shelburne, to Mr. Wilbert K. Patterson, of the firm of Norton Fisher & Co., Shelburne, was solemnized on Tuesday afternoon at the home of the bride's father. The drawing room in which the ceremony was performed was effectively decorated with asters. Rev. W. A. Potter, B. A., B. D., pastor of Shelburne Methodist church, was the officiating clergyman. The bride, who was given away by her father, looked very charming in a gown of ivory duchesse satin with silver trimmings and court train, with a veil of tulle and wreath of lily-of-the-valley. She carried a shower bouquet of cream roses, and was attended by her sister, Mrs. Edgar Patterson, as matron of honor, who wore a duchesse satin gown with pearl trimmings and carried pink and white carnations. Little Miss Muriel Checkley, a friend of the bride, made a pretty flower girl and carried a basket of sweet peas, while Master Charles Braiden, nephew of the bride, acted as page and wore a velvet suit. Mrs. W. A. Potter presided at the piano and played Mendelsohn's Wedding March as the bridal party entered the drawing room, and also played softly during the ceremony. During the signing of the register, Mrs. Albert Checkley rendered a solo, "O Promise Me." Following the ceremony the guests repaired to partake of a daintily prepared wedding breakfast in the dining room. Mr. and Mrs. Patterson left on the evening train on their wedding trip amid a shower of confetti. The bride travelled in navy blue broadcloth with hat to match. Among the friends from a distance were Mr. and Mrs. W. P. Matthews, Guelph; Mr. and Mrs. W. J. Patterson, Newmarket; Mrs. Checkley, Quebec, and Mr. and Mrs. T. G. Patterson, Mrs. E. McHolmes, Mr. and Mrs. J. S. Hunter, Miss Winnetta Hunter and Mr. Robert Braiden, Toronto.

DEATH OF HUGH MAGUIRE.

Mr. Hugh Maguire, an old and widely known resident of the township of Mono, passed away at his home near Relessey about two o'clock last Thursday morning. Mr. Maguire was a strong, vigorous man and in spite of advancing years enjoyed excellent health until about two years ago. Since then he had been failing rapidly. Death was due to sclerosis of the arteries. The late Mr. Maguire who was in his 71st year, was born in Vaughan township. His parents, Mr. and Mrs. Charles Maguire, came to Mono when he was only three years of age and settled on lot 20, con. 5, east, where the subject of this sketch has since resided. The family was one of the very first to settle in the Relessey neighborhood and Mr. Maguire's father built the first house in that part of Mono. About forty-five years ago the late Mr. Maguire married Miss Ann McCoy, a daughter of the late James McCoy, of Adjala. Mrs. Maguire and a family of three sons and three daughters survive. The sons and daughters are Mrs. Wm. Wilson, Relessey; Mr. Chas. W., of London, Western Manager of the Queen City Oil Company; Jas. H., of London; Mrs. Alf. Glover, Regina, Sask.; Mrs. T. J. Robinson, Orangeville, and John W., on the homestead. Mr. Maguire also leaves three sisters —Mrs. Wm. Pratt, NorthDakota; Mrs. (Dr.) Abbott, Penconning, Mich., and Mrs. John McMahon, Lucan. The deceased was a kindly, genial man, had excellent conversational powers combined with a retentive memory, and possessed a rare fund of information and interesting anecdotes connected with the early history of Mono. He was a good neighbor and a man who had many friends and few if any enemies. He was a Methodist and a Liberal and belonged to Camilla Lodge, A. O. U. W. There was a large attendance of friends and neighbors at the funeral, which was held to Relessey cemetery on Saturday afternoon. The remains were borne to their last resting place by Messrs. John Waller, Robert Holmes, Thos. McFadden, Wm. Bower, A. C. McCague and G. F. Stewart, all neighbors of the deceased. The officiating clergymen were Rev. H. L. Partridge, of Rosemont and Rev. A. J. Fowlie, Camilla.

MRS. JOHN ARMSTRONG.

After a lingering illness Mrs. John Armstrong, of Lucille, 7th line, Mono, passed peacefully to her rest on Wednesday evening, Sept. 20th, at the age of 71 years. Deceased lady had been ill for the past nine months or longer with heart trouble. Mrs. Armstrong was a faithful member and supporter of the Anglican church. The clergy of the church always found in her a warm friend and a willing helper. Her quiet, unassuming performance of duty in the home and church endeared her in the hearts of all who knew her well and her death will leave a void that it will be hard to fill. She leaves to mourn her loss a husband, nine sons and daughters, nine grandchildren and one brother and two sisters. To these the sympathy of the community goes out in their time of sorrow. The sons and daughters are Mrs. J. J. Laverty, Orangeville; Herbert and Albert Armstrong and Mrs. R. McEwen, Vancouver, B. C.; Henry Armstrong, Bondhead; Miss Edith, Midland; Miss Violet, New York, and Misses Clara and Lizzie at home. The funeral, which took place to St. John's cemetery, Mono Mills, on Friday afternoon, was largely attended. Rev. R. J. W. Perry, rector of Mono Mills parish, conducted the funeral service. The pallbearers were Messrs Geo. Lee, Geo. Patterson, Wm. Cobean, Geo. Howitt, John Moffatt and Wm. T. Atkinson. Among the friends present from a distance were Mrs. Geo. Patterson and Mrs. Henry Allen, Toronto, and Mrs. Miller and Mrs. Kennedy, Creemore.

CALEDON FALL FAIR.

Will be held at the village of Charleston on Oct. 5th and 6th, 1911. Notice the following new features :—Specials in horses are under classes designated, Hackney Class, increased prizes in trials of speed, better track. Note well the specials in sheep. Prizes offered second to none in dairy and domestic products, ladies' work and the fine arts receiving better treatment, to say nothing of the well arranged list of cattle, pigs, poultry, garden, orchard and field products. Be sure and make it a point to show and if you don't show, Come. Special half fare railway rates on the C.P.R. The regular morning Teeswater train connects with special for Caledon at Melville Junction. Special train leaves Caledon at 5.50 p.m. to connect with regular evening Teeswater train. Send to Secretary for Prize List. Wm. J. Wilson, Pres., Wm. Rutledge, Secretary, Caledon, Ont.

A WEAK CHESTED BOY.

"My boy Frank seemed weak-chested and took a very severe cold," writes Mrs. D. Stevens, Ninga, Man. "The many medicines used did not seem to benefit him, until we tried Dr. Chase's Syrup of Linseed and Turpentine and found it to be exactly what was wanted to cure him." No treatment is so thorough and effective as a cure for croup and bronchitis.

IMPORTANT TO LADIES.

Prof. Dorenwend, of Toronto, begs to announce that he will be at Orangeville at the Queen's Hotel, on Saturday, Oct. 7th, with a complete display of the newest London, Paris and New York creations. You are invited to call and inspect his goods.

EVOLUTION AND PARTRIDGES.

A remarkable example of the effects of environment and changed conditions of life upon the forms of animals is furnished by a species of partridge living in the Canary Islands. Over four hundred years ago the Spaniards introduced the red-legged partridge from Europe into these islands, and the bird has continued to flourish there, but, as recent examination proves, it has undergone modifications clearly brought about by the conditions under which it lives.

Its back has turned from russet color to gray. This looks like protective coloration, since the bird passes its life among gray volcanic rocks.

Its beak has become one-fourth longer and thicker than that of its ancestors and of its European relatives, and its legs also have increased in length and grown stouter.

These changes are exactly such as were needed to suit it to the life that it is now compelled to lead amid the rocks and on the mountain sides of the islands, where a more rigorous physical development is required than was needed in its former home.

—Capable general servant wanted. Small family and good wages. Apply to Mrs. F. W. Lewis, Third Ave., Orangeville.

—Anniversary services will be held at Mitchell's Appointment on the Mono Mills Circuit on Sunday next, October 1st.

—Mr. Wilson McCarten, of Erin, is offering to sell a farm of 170 acres in Erin township. See advt. elsewhere in this issue.

—John Cannawin, Orangeville, and Geo. Cameron, Cataract, carried off prizes with their roadsters at Shelburne Fair yesterday.

—A new crossing was put down across Broadway at the Bank of Hamilton corner this week. The improvement was badly needed.

—Mr. Levi Thomson, a brother of Mrs. Malcolm McKinnon, 6th line, Erin, was the successful Liberal candidate in Qu'Appelle, Sask.

Ready-to-Wear Overcoats. Before buying call and see J. D. Torrie's stock.

—The Hamilton Lewitt Knitting Co. has offered to bear the expenses of submitting a by-law to Orangeville property holders to grant the Company a bonus to aid in starting a factory in Orangeville.

—Dr. Carson went to the city yesterday morning in response to a message summoning him to the bedside of Mr. W. A. Boyd, who is ill with typhoid in one of the city hospitals. Mr. Boyd's friends regret to learn, has had a rather serious relapse.

—Miss Emily Watson, formerly a trained nurse in Chicago, died at the home of her brother, Mr. Wm. Watson, 7th line, Erin, on Wednesday of last week, aged 36 years. Miss Watson's illness, it is stated, was brought on by too close application to duty.

—Dufferin Agricultural Society prize money will be paid, commencing Thursday, October 5th. All entitled to same will please call on H. Endacott, Sec.-Treas., at his office, Broadway, opposite Mill St., Orangeville. Office days—Tuesdays, Thursdays and Saturdays.

—A number of the girls friends of Miss Florence Arnott met at the home of Miss Lena Ritchie on Wednesday night of last week and gave the bride-to-be a miscellaneous shower. Miss Arnott was also given a recipe shower at the home of Mr. and Mrs. Jas. A. Arnott on Tuesday night.

—A large party of Toronto people who are interested in the Contractors' Supply Co., which controls the lime burning and stone crushing plant near Melville Cross, motored up from the city on Tuesday, had dinner at the Queen's hotel here and spent the early part of the afternoon inspecting the plant at Melville. The party, which consisted of over forty men and four or five ladies, made the trip in nine automobiles.

PERSONAL MENTION.

Mayor Riddell is in Sudbury this week.

Mr. N. Collins is visiting friends in Erie, Pa.

Dr. Durkin, of Dundalk, spent Sunday at his home here.

Mr. J. M. Kearns, of Arthur, was in town over Tuesday night.

Mr. Norman Harshaw left for a trip to the West on Tuesday.

Mrs. M. H. Denton visited in Toronto the first of this week.

Mr. Moffitt, of Syracuse, N.Y., is visiting friends in this vicinity.

Mrs. W. G. Mimms, of Toronto, and children are visiting Mrs. B. McGuire.

Mrs. R. W. Ritchie, First St., spent last week with friends in Dundalk.

Mr. C. Peaten, of Toronto, is visiting Mr. and Mrs. M. J. Leighton, Mono.

Mrs. A. Simpson, of Buffalo, visited friends in Orangeville and vicinity last week.

Mrs. W. T. Aitken, of Allieston, (nee Nellie McLean) has gone on a trip to the West.

Mr. Robb. W. Steele, of Toronto, spent Sunday with his parents, Mr. and Mrs. A. Steele.

Miss Taylor, of Lorne Park, and Miss Thurston, of Palermo, are visiting Mrs. O. Wilder, Zina St.

Miss Edith Toole, of Palisades Park, N.J., is visiting her aunt, Miss Wilson, at Mr. R. J. McConnell's.

Mr. John Ferguson, of Toronto, has been visiting his cousins, Mr. and Mrs. Geo. H. Duke, of Mono Mills.

The Misses Cresswell and Mrs. Crawford, of Brampton, are visiting Mr. and Mrs. R. Cresswell, York St.

Miss Katie Brett, daughter of Mr. and Mrs. T. J. Brett, Mono, is attending Normal College at North Bay.

Mr. and Mrs. David Young were in Arthur yesterday attending the marriage of the former's brother, Samuel Young.

Mrs. J. A. Armour, Owen Sound, and sons, Masters Elkin and Wallace, were guests of Mr. and Mrs. S. Wallace this week.

Mr. and Mrs. Inglis Leslie, of Patterson, N.J., are expected by Mr. and Mrs. R. Cresswell for a short visit next week.

Rev. G. I. Taylor, rector of St. Bartholomew Church, Toronto, was the guest of his sister, Mrs. Francis Irwin, on Tuesday.

Mr. M. H. Denton left for a trip to the West on Saturday. His destination was Saskatoon, where he may embark in business.

Dr. G. H. Campbell, Mr. B. McGuire, President of the O. L. A., and Mr. Norman Harshaw drove to Brampton for the Woodbridge-Young Torontos lacrosse game on Saturday.

Mr. F. S. Pickering, formerly drug clerk with Dr. A. J. Hunter & Co., spent Saturday in town. Mr. Pickering is recuperating at his home in Mount Forest after a severe illness from pleurisy.

Rev. Dr. Bates, Educational Secretary of McMaster University, occupied the pulpit in the Baptist Church on Sunday night and delivered an inspiring sermon on the subject of Christian Education.

Mr. Chas. B. Matthews, who has been on the Bank of Hamilton staff in Chesley for the last six months, spent a few days visiting in town last and this week. Mr. Matthews left yesterday for Winnipeg, where he has been given a more responsible position in the service of the Bank.

Mr. John MacGregor and little son, late of Edinburgh, Scotland, now of Toronto, were the guests of the former's cousins, Mr. and Mrs. A. McBride, 3rd Avenue, last week. Mr. MacGregor, who is a thoroughgoing Scot, attracted considerable attention through appearing on the streets attired in kiltie costume.

Mr. and Mrs. A. Turner, of Saskatoon, were the guests of Mr. and Mrs. C. R. McKeown for a couple of days last week. Mr. Turner, who was formerly a druggist in Orangeville, went to Saskatoon about nine years ago and is now municipal treasurer, and one of the wealthy men of that rapidly growing city. He and his estimable wife are both looking well and during their brief stay here were warmly greeted by many of their old-time friends in Dufferin.

Mr. Jos. Lougheed, of Los Angeles, Cal., and his niece, Mrs. Reazin, of Toronto, are visiting relatives in Caledon and Mono. Mr. Lougheed, who is 82 years of age, left his old home near Brampton and went to California over fifty years ago and is now making his first visit to the home of his childhood. The old gentleman, who is hale and vigorous despite his four-score years, made the long journey from Los Angeles to Toronto entirely alone. Mr. Lougheed is an uncle of Messrs. Allen and Wesley Maxwell, Caledon, and Mrs. Jas. McMaster, Prince of Wales Road, Mono.

While on his way to visit his daughter, Mrs. A. Johnston, Earnscliffe, a short time ago, Mr. N. Sproule, one of our oldest citizens, contracted a severe cold and was ill for a week. As soon as he had recovered sufficiently he set out for home, but on the night of his arrival took chills and was dangerously ill for a time. To make matters worse Mrs. Sproule was also laid up with a severe cold. Dr. Kyles was called and under his skilful treatment the aged couple are now fairly on the way toward recovery. Mrs. Sproul is being cared for by her sister, Mrs. Sullivan, of Duluth, who happened to be here on a visit. The two sisters had not seen each other for twenty seven years. Mrs. Johnston also came down on receipt of the news of the serious illness of her father.

HIGH-CLASS CONCERT.

The Men's Bible Class of St. Andrew's Church, under whose auspices the famous Welsh Choir appeared in Orangeville last year, have made arrangements which will give our citizens the opportunity of hearing another high-class concert in the very near future. The artists who will entertain us on this occasion are Aptommas, the King Harpist of Europe and by royal command Harpist to the late Queen Victoria and King Edward; Miss Grace Merry, Entertainer, who will appear in dramatic, tragic, pathetic and humorous readings, dialect studies and Scotch, English and Irish numbers, and Miss E. Alexandra Bradley, one of the foremost of our Canadian sopranos. Aptommas, whose jubilee Harp Recitals at the Queen's Hall, London, were under the immediate patronage of the late Queen Victoria, is as widely famed all over Europe as a harpist, as is Paderewski as a pianist or Caruso and Melba as singers. His playing can only be described as a revelation. Miss Merry appeared before an Orangeville audience some years ago, and on that occasion proved herself a talented and popular entertainer, her selections being received with the heartiest appreciation. Miss E. Alexandra-Bradley sings the songs of Kirkwood, the soprano with Watkin-Mills and Bateman. She is a finished artist and sings in a manner that will delight any audience. In January Miss Bradley will accept a position as lyric soprano in St. James' Methodist Church, Montreal, with the distinction of being the highest salaried church soloist in Canada.

These three great artists will appear in the Town Hall, Orangeville, on Monday evening, October 9th. The admission has been fixed at 50c. to all parts of the Hall. Plan of Hall opens at Banner Office on Friday, Oct. 6th, at 9 a.m.

SPECIAL SERVICE.

A special service will be held in the Baptist Church next Sunday evening, when Rev. Mr. Davies will speak on the subject, "Peace not War." A male quartette will sing and a special solo will be rendered.

CAMILLA INSTITUTE.

The monthly meeting of the Camilla Branch of the Women's Institute will be held at the home of Mrs. J. Lundy, on Wednesday, Oct. 4th, at 2.30 p.m. Interesting papers on "Autumn," and "Household Science" will be read.

BALD MEN.

Should call and inspect the famous Sanitary Patent Toupees, as shown by Prof. Dorenwend, of Toronto, at the Queen's Hotel, Orangeville, on Saturday, October 7th.

These Toupees are not only perfect in construction, but are the only Sanitary and Patented substitutes of one's own hair.

DOMESTIC SCIENCE.

The Orangeville Women's Institute purpose holding a course of twelve lectures on Domestic Science. The lectures will be given by Miss Frank, graduate of MacDonald Hall. Those wishing to attend are asked to kindly send their names to Mrs. T. G. Legate, the Secretary, before Saturday evening, Sept. 30th. A fee of 50c. each will be charged for the entire course of lectures.

BOLTON FAIR OCT. 2 & 3

This fair promises this year to sustain its reputation as one of the best shows of the district. It is particularly strong in the different horse classes, and good purses are being offered in speeding. Reduced rates on the C.P.R. Address Secretary, Fair, Bolton, for a prize list.

ATHLETIC MEET.

Mine Host John McCarthy was the moving spirit in a successful athletic meet at Balinafad on Saturday afternoon. The programme included foot races, jumping, putting the shot, football and baseball matches. George Overland won the mile, 100 yds., and obstacle races and landed second money in the broad jump. Rance Overland won the standing jump, fat man's race and putting the shot. Hillsburg baseball team defeated Acton by 8 to 5.

WONDERFUL SKILL.

The wonderful skill Aptommas exhibits, the effect he produces, the bravura as well as the delicacy with which he adorns his themes, the ingenuity with which he makes his beautiful instrument describe the boldness of a sonata, or the tenderness of a ballad, are parts of the performance that must be heard to be appreciated.—New York Herald.

Mrs. T. J. Chapman, of Ballycroy, was the guest of her uncle, Mr. Jos. Anderson, for a few days last week.

Mrs. John Bailey came home Friday evening after an absence of six weeks undergoing treatment in the Royal Alexandra Hospital in Fergus. We are glad to learn that the fracture has set nicely and Mrs. Bailey has returned home feeling as well as could be expected.

—Bolton Fall Fair on Monday and Tuesday, Oct. 2 and 3.

—Mr. John Forsythe has bought the Hugh Dodds house on Wellington St., paying $1575 for the property.

—The Mission Band of St. Andrew's Church, Camilla, is arranging to give a concert on the evening of October 6th. Proceeds in aid of the church.

—Rev. Dr. McKenzie, of Shelburne, will conduct anniversary services in St. Andrew's Church, Camilla, on Sunday next, Oct. 1st, at 11 a.m. and 7 p.m.

STUDENTS' FIELD DAY.

Orangeville High and Public Schools Have Successful Day's Sports.

Jack Aiken is Champion Senior Athlete. Intermediate and Junior Honors Go to Clifford Henderson and Fred Golden.

Friday last was the Annual Field Day of the Orangeville High and Public Schools. Owing to the length of the programme the entire day was given over to sports. The morning events, which were nearly all either broad or high jumps, were run off on the High School grounds. The afternoon programme, which attracted quite a large gathering of enthusiastic spectators, was run off on the Exhibition grounds. Of the 39 events on the card, 24 figured in determining the three championships—senior, intermediate and junior. The senior championship was open to students over 16 years of age, the intermediate to those over 14 and under 16, and the junior to all under 14. Jack Aiken, son of our townsman, Mr. J. W. Aiken, carried off the senior honors, Don McPherson and Fred Patterson winning second and third respectively. Clifford Henderson made the largest number of points in the intermediate, with Reg. King second and Harold Wilcox third. Junior honors went to Fred. Golden, Harold Johnston winning second and Ewart McPherson third place. Each of the races had a large field of contestants. The spectators derived a good deal of amusement from the three-legged, fatigue and obstacle races. There were over thirty competitors in the last mentioned event and it was no end of fun watching the lads scramble through a wire fence, under a tennis net, over a fence and between the rungs of a ladder. The 100 yards dash open to ex-students and subscribers to the Field Day fund brought out a field of seven starters. As there was some doubt whether some of the sprinters had wind enough in their sails to carry them the whole distance, the officials considerately cut the distance to 50 yards and announced that there would be no time limit. The seven got off to an even start and after a spectacular run those who managed not to fall crossed the tape almost in a bunch. The palm went to Mr. J. D. Torrie, who says he won the same race in the same place twenty years ago. Dr. Carson finished second, with J. W. Aiken, B. McGuire, Dr. Hunter, A. Firth and W. H. Lugsdin following in the order named.

The following is a list of the events and winners:—

Morning Events.

1. (c) Standing Broad Jump, Sr.—H. Rowan, J. Aiken, D. McPherson. Distance, 8 ft., 3½ in.

2. (c) Standing Broad Jump, Intermediate—R. King, C. Henderson, C. McBride. Distance, 7 ft., 6¼ in.

3 (c) Standing Broad Jump, Junior.—Fred. Golden, G. Vanwyck, E. McPherson. Distance, 6 ft., 7 in.

4 (c) Running High Jump, Sr.—Jack Aiken, D. McPherson, A. Jackson. Height, 4 ft., 6 in.

5. (c) Running High Jump, Int.—C. Henderson, R. Armstrong, G. Reid. Height, 4 ft., 6 in.

6 (c) Running High Jump. Jr.—F. Golden, J. Pickering, S. Porter.

7 (c) Running Broad Jump, Sr.:—J. Dawson, J. Aiken, D. McPherson. Distance, 17 ft., 6 in.

8 (c) Running Broad Jump, Int.—R. King, P. Leighton, F. McGillvray. Distance, 15 ft., 3 in.

9 (c) Running Broad Jump, Jr.—J. Pickering, J. Davidson, E. McPherson. Distance, 12 ft., 1 in.

10 (c) Running Hop Step & Jump, Sr.—D. McPherson, F. Patterson, H. Rowan. Distance, 35 ft., 3 in.

11. (c) Running Hop, Step & Jump, Int.—R. Armstrong, C. Henderson, R. King. Distance, 29 ft., 11 in.

12. (c) Puteing Shot, 10 lbs., Sr.—F. Patterson, W. Harkies, J. Aiken. Distance, 30 ft., 7 in.

Afternoon Events.

13 (c) 100 Yds., Boys, Sr.—Jas. Dawson, Jack Aiken, F. Patterson; D. McPherson. Time, 11 2-5 sec.

14 (c) 100 Yds., Boys, Int.—Cliff. Henderson, R. King, R. Armstrong, C. Reid. Time, 13 sec.

15. (c) 100 Yds., Boys, Jr.—Harold Johnston, Bert McKay, Fred. Aiken, C. Davidson.

16 Fatigue Race, Boys—R. Armstrong and P. Leighton; H. Wilcox and C. Reid, Robinson and Robinson.

17 (c) 220 Yds., Boys, Sr.—Jack Aiken, J. Dawson, F. Patterson, D. McPherson. Time, 25 4-5 sec.

18 (c) 220 Yds., Boys, Int.—C. Henderson, R. King, Wilmer Rowan. Time, 27 1-5 sec.

19. (c) 220 Yds., Boys, Jr.—H. Johnston, E. McPherson, F. Golden, B. McKay. Time, 30 2-5 sec.

20. 50 Yds., Boys, 7 Yrs. and Under—Gordon Adamson, Oscar Johnston, Charlie Rowan, —, White.

21. 50 Yds., Boys, 9 Yrs. and Under—Stewart Frampton, Alex. Rix, Graham Kearns.

22. 100 Yds., Boys, 10 Yrs. and Under—Percy Davidson, Lovell Robinson, Oscar Hayes.

23. (c) Half Mile, Boys, Sr.—Jack Aiken, J. Dawson, Herb Rowan, D. McPherson. Time, 2.24 4-5 min.

24. (c) Half Mile, Boys, Int.—H. Wilcox, M. Vanwyck, R. King, P. Lewis. Time, 2.30 min.

25. (c) ¼ Mile, Boys, Jr.—F. Golden, H. Johnston, P. Davidson, E. McPherson. Time, 2.42 min.

26. Three-Legged Race, 100 Yards, Open—H. Johnston and C. Sansom, A. Preston and H. Lugsdin, Graham Kearns and Terry McKeown.

27. 50 Yds., Girls, 7 Yrs. and under—Muriel Torrie, Aileen Preston, Kathleen Hughes, Grace Island.

28. 50 Yds., Girls, 9 Yrs. and Under—Leila Hamilton, Ruby White, Bertha Hunter, Bessie Robinson.

29. 100 Yds., Girls, 12 Yrs. and Under—Reta Cotton, Alma Wilkins, Evelyn McRoberts, Hilda Lewis.

30. 100 Yds., Girls Over 12 years—Florence Wild, Berdie Leighton, Frarie Dods, Gertie Hayes.

31. (c) Quarter Mile, Boys, Sr.—F. Patterson, D. McPherson, A. Jackson, R. B. McGuire. Time 1.7 min.

32 (c) ½ Mile, Boys, Int.—H. Wilcox, W. Rowan, C. Henderson. Time, 1.7½ min.

33. (c) ½ Mile, Boys, Jr.—H. Johnston, E. McPherson, F. Golden, P. Davidson. Time, 1.12 min.

34. Obstacle Race—C. Reid, A. Cameron, R. Endacott, Cecil Sansom.

35. Bicycle Race, ½ Mile. Girls, Open—Lillian Harkness, Edith Anderson, O. Mungovan. Time, 2.5 3-5 min.

36. Bicycle Race, Mile, Boys, over 15—Jack McIntyre, P. Pattullo, M. Edgington. Time, 3.12 min.

37. Bicycle Race, ½ Mile, Boys under 15—Lester Arnott, Harry White, Bert Annis. Time 1.36 2-5 min.

38. Relay Race, H. S. vs. P. S., Int.—H. S. 1st—C. Reid, P. Leighton, H. Wilcox, R. Armstrong; P. S., 2nd—H. Johnston, M. Vanwyck, J. McIntyre, E. McPherson.

The Officials, who were in large measure responsible for the success of the Sports, were:—

Hon.-President, Mr. A. Steele; President, Mr. F. Patterson; Patrons, Mr. Geo. Robb, Dr. T. H. Henry; Track Judges, Dr. T. A. Carson, B. McGuire, Rev. W. M. Morris, Rev. G. A. Rix, Mr. J. W. Aiken; Field Judges, Lt.-Col. J. A. V. Preston, Rev. Dr. Harper, Rev. Mr. Davies; Clerk of Course, Mr. John Tanton; Referee, Mr. W. H. Lugsdin; Starter, Mr. J. H. Adams; Timer, Mr. Alex. Firth; Announcer, Mr. N. S. Robertson; Scorers, Miss G. H. Strang, Miss C. Hulse, Miss Brown, Miss S. McIntyre.

RAIN SPOILED ATTENDANCE.

Rain interfered seriously with the attendance at Shelburne Fall Fair yesterday. Owing to the rain in the forenoon the crowd was much smaller than usual. There was an excellent showing of horses, grain, roots, vegetables and other farm products. The dairy exhibit was also very creditable.

A SOCIAL EVENING.

The Philothea Class of St. Andrew's Church entertained the young ladies of the congregation in the Class Rooms of the Church on Tuesday night. There was quite a large attendance and a very enjoyable night was spent in games, music, etc. The Rooms were prettily decorated with maple leaves, bunting and flowers. Most of the evening was spent in games, classified under the general term of Progressive What Not, the What Not proving to be a surprising variety of amusing games. The members of the Class served a dainty lunch. While this was in progress, a short musical programme was furnished, consisting of a solo by Miss Lucy Wray and piano solos by Misses Robina McKay, Edna Keith and Hazel Patterson. A chorus by the Class and the singing of the National Anthem brought a really delightful evening to a close.

THE BEST OVERCOATS IN THE WORLD FOR $10, 12.50, $15.00

No matter if you are in the habit of wearing higher priced Overcoats

That's no reason why you should neglect to investigate the remarkable values we offer at these prices. We know you will get just as much service and satisfaction out of these Overcoats as any you have paid considerably more for.

You can just as well save a few dollars on every overcoat you buy and get equally as good values as you have been getting.

If these Overcoats were not just as good as we claim they are, we wouldn't be doing so much business.

Our big values hold all our old customers and make many new ones.

A DOG SCARE IN LUTHER.

Last week a yellow collie bitch appeared about the 20th sideroad, Amaranth and Luther townline, and round there. It then appeared at Thos. Townsend's, Legatt, on Saturday, when it started to play with his flock of turkeys. Mr. Townsend and his son went out to get the fox that they were told was there, the young fellow taking his gun along. The dog made a bee line for the men, and when it was within a few feet of the young man he shot it. Those who saw the beast are quite convinced it was mad, and they accordingly notified the Board of Health. This body thought the incident unworthy of any further concern, and the beast was buried. Mr. Townsend lost one turkey, and has another one that had been bitten, locked up and will await developments. On account of uneasiness over the late scare in East Garafraxa it might have been prudent for the authorities to send the animal's head to the Department at Ottawa for examination and perhaps set at rest any unnecessary cause of alarm. —Star & Vidette.

Arthur village has a tax rate of 23 mills.

AMARANTH COUNCIL.

Twp. Hall, Laurel, Sept. 16, 1911. The Council met pursuant to adjournment, the members all present, and the Reeve presiding. On resolution the minutes of last meeting were read and confirmed.

Williams-Menary—That this Council agree to settle with Mr. George Coults, contractor, for the cement abutment abutments already constructed at Miller's Creek bridge, for the sum of $100.00.—Carried.

West-Leader — That Council adopt the Engineer's report on drain No. 18.—Carried.

Menary-Leader—That the motion of June 3rd. to send the Engineer on under section 77 on drain No. 33, and Melanethon outlet be reconsidered. — Carried.

Menary-Williams—That the motion of June the 3rd, ordering the Engineer on drain No. 33 and Melanethon outlet,under section 77 of the Municipal Drainage Act, be rescinded. — Carried.

Leader-West—That the Engineer be instructed to go on Melanethon outlet and drain No. 33 as petitioned by J. Reid and others.—Carried.

Williams-Menary—That the following accounts be paid :—

McGuire & McKitrick on account, $87; Alex. Patterson, operating road grader at $2 per day, and for machine oil, $24.25; Joseph McConachie, fixing road grader, $1; D. Hicks, on tile account, $195.00; John Bates, grant on 10th line, $20.00; William Small, for lumber and nails, $1.30 ; Shelburne Free Press, advertising tenders, $2.25; McLean Publishing Co., advertising tenders, $2.50; John Maltby, work on drain No. 47, $40 ; G. A. Groskurth, repairing bridge on the 7th line, opposite lot 3, $30; J. Maltby, balance on second estimate on drain No. 47, $284.75; R. Wells, repairing culvert on north townline, opposite lot 13, $1.00;; F. West, putting in 3 culverts on W. T. L.,$12; E. Hamilton, registration of bridge by-law, $2; T. F. Reid, work on drain No. 32, $100; T. F. Reid, operating road grader 4 days, $8; W. Taylor, balance on digging Miller's portion of the Petch drain, $20; J. Bryan, supplement to county grant, $50;- F. Barber, on Hamilton drain, $13.45 ; F. Barber, on account, $100.00; W. T. Leader, overdrawn commission, $20 ; R. West, making road at McConachie's bridge, $3.—Carried.

Menary-Williams—That the Bank of Hamilton's offer of $3500.00 for debentures re. bridges be accepted.—Carried.

Menary-West—That Council now adjourn to meet again on Saturday, the 14th day of October, 1911, at the usual hour.—Carried.
